The Company's exposure to foreign currency (a currency which is other than the functional currency of the Company) risk, based on carrying amounts as at the end of the reporting period are as follows:

	Denominated in			
	USD	**EUR**	**INR**	**AUD**
2022	**RM**	**RM**	**RM**	**RM**
Balances recognised in the statement of financial position				
Cash and cash equivalents	8,850,073	-	-	-
Trade receivables	15,330,248	318,526	-	4,065,926
Other receivables	11,043,228	-	-	-
Trade payables	(305,403)		-	
Other payables	(4,226,147)		(306,039)	-
	30,691,999	**(4,900,048)**	**(29,592)**	**(3,399,462)**
2021				
Balances recognised in the statement of financial position				
Cash and cash equivalents	141,820	-	-	-
Trade receivables	16,454,412	398,232	-	-
Other receivables	37,177,933	-	-	-
Trade payables	(398,031)	(5,249,628)	-	(3,399,462)
Other payables	(3,387,711)	(48,652)	(29,592)	-
	49,988,423	**(4,900,048)**	**(29,592)**	**(3,399,462)**

Currency risk sensitivity analysis

A 5% (2021: 5%) strengthening of USD, EUR, INR and AUD against the following currencies at the end of the reporting period would have increased/(decreased) equity and post-tax profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remained constant.

	Profit or loss	
	2022	**2021**
	RM	**RM**
USD	1,461,524	2,380,401
EUR	19,477	(233,336)
INR	(42,830)	(1,409)
SGD	193,616	(161,879)
HKD	4,309	(22,035)
	1,631,787	**1,961,742**

A 5% (2020: 5%) weakening of USD, EUR, INR and AUD against the above currencies at the end of the reporting period would have had equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remained constant.

17.6.2 Interest rate risk

The Company's fixed rate borrowings are exposed to a risk of change in their fair values due to changes in interest rates. Short term receivables and payables are not significantly exposed to interest rate risk.

Risk management objectives, policies and processes for managing the risk

The Company has entered into interest rate swaps in order to achieve an appropriate mix of fixed and floating rate exposure within the Company's policy.

Exposure to interest rate risk

The interest rate profile of the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period, was:

	2022	**2021**
	RM	**RM**
Fixed rate instruments		
Financial assets	34,308,973	30,911,067

Interest rate risk sensitivity analysis

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the reporting year would not affect profit or loss.

17.7 Fair value information

The carrying amounts of cash and cash equivalents and short term receivables and payables reasonably approximate their fair values due to the relatively short term nature of these financial instruments.

18. Capital management

The Company's objectives when managing capital is to maintain a strong capital base and safeguard the Company's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor and are determined to maintain an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

19. Related parties

Identity of related parties

For the purposes of these financial statements, parties are considered to be related to the Company, if the Company has the ability, directly or indirectly, to control or jointly control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control. Related parties may be individuals or other entities.

Related parties also include key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Company either directly or indirectly. Key management personnel include all the Directors of the Company.

The Company has related party relationship with its ultimate holding company and related companies.

List of related parties:

Name of related party	**Nature of relationship**
Tech Mahindra Limited	Ultimate holding company
Tech Mahindra Products Services Singapore Pte. Limited (Formerly known as Sofgen Services Pte. Ltd. Name changed effective 15-Sep-2020.)	Related company
Tech Mahindra Vietnam Company Limited	Related company

The Board of Directors of Tech Mahindra Vietnam Limited (the "Company") presents this report together with the financial statements of the Company for the year ended 31 March 2022.

RESPONSIBILITIES OF THE BOARD OF DIRECTORS FOR THE FINANCIAL STATEMENTS

The Board of Directors of the Company is responsible for preparing the financial statements, which give a true and fair view of the Company's financial position as at 31 March 2022 as well as its operations results and its cash flows for the fiscal year then end. The Board of Directors believes there are no contingent events that may affect the going concern of the Company. In preparing the Financial Statements, the Board of Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State applicable accounting principles that have been followed, any material deviations (if any) discovered and explained in the Financial Statements;
- Prepare the Financial Statements on going concern basis unless it is inappropriate to presume that the Company will continue in business;

The financial statements are free from material misstatement, whether due to fraud or error.

The Board of Directors is responsible for ensuring that accounting books are kept adequately to give a true and fair view of the financial position of the Company and to ensure that the accompanying financial statements of the Company were prepared in accordance with Vietnamese Accounting Standards, current Corporate Accounting System of Vietnam and relevant legal regulations. The Board of Directors is also responsible for safeguarding the Company's assets and hence for taking reasonable for the prevention and detection of fraud and other irregularities.

The Board of Directors is also responsible for safeguarding the assets of the Company and has therefore taken reasonable steps to prevent and detect fraud and other irregularities.

The Board of Directors confirms that it has complied with the above requirements in preparing financial statements.

APPROVAL OF FINANCIAL STATEMENTS

The Board of Directors approves the financial statements for the year ended 31 March 2022, attached from page 5 to page 22. In the opinion of the Board of Directors, the audited financial statements (attached) gives a true and fair view of the financial position of the Company as at 31 March 2022 as well as its results of operations and cash flows for the year then ended.

For and on behalf of the Board of Directors

Srinivasa Raghavan Venugopal
Director

INDEPENDENT AUDITORS' REPORT

Financial Statements of Tech Mahindra Vietnam Co., Ltd for the financial year ended 31 March 2022

To: MEMBER OF COUNCIL AND THE BOARD OF DIRECTORS TECH MAHINDRA VIETNAM CO., LTD

We have audited the accompanying financial statements of Tech Mahindra Vietnam Co., Ltd dated 29 June 2022 including: Balance Sheet as at 31 March 2022, Income Statement, Statement of Cash flow and Notes to the Financial Statements for the financial year then ended, which are set out on page 05 to page 22.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the preparation and fair presentation of the Company's financial statements in accordance with Vietnamese accounting standards, Vietnamese Corporate accounting system and other prevailing legal regulations, and for such internal control as the Board of Director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or errors.

Responsibilities of auditors

Our responsibility is to express an opinion on these financial statements based on our audit. We have conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgments, including the assessment of the risks of material misstatements on the financial statements, whether due to fraud or errors. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion of auditors

In our opinion, in all material respects, the accompanying financial statements give a true and fair view of the financial position of Tech Mahindra Vietnam Co., Ltd as at 31 March 2022, and of its financial performance and its cash flows for the year then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and other prevailing legal regulations on preparation and presentation of the Financial Statements.

1. Exchange rates applied in accounting system (continued)

- Actual exchange rates upon revaluation at the date of the financial statements:

+ For monetary items derived from foreign currencies classified as assets: applied exchange rate is exchange rate of buying of Citibank as at 31 March 2022. For foreign currency deposited in bank, the actual exchange rate upon revaluation is exchange rate of the bank where the Company opens foreign currency accounts.
+ For monetary items derived from foreign currencies classified as liabilities: applied exchange rate in revaluation is selling exchange rate announced by Citibank as at 31 March 2022.

Exchange rate difference in the year and difference from revaluation of monetary items denominated in foreign currencies are recognized as financial income or expenses in the year.

2. Recognition of cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposit and time deposit, cash in transit and short-term investments with maturity of less than three months that can be easily transferred to cash without any risks in transferring at the date of the report. The identification of cash and cash equivalents is in accordance with Vietnam Accounting Standard No. 24 "Cash Flow Statement".

3. Recognition of receivables

Receivables are amounts that can be collected from customers or other entities. Receivables are stated at carrying amount less provisions for bad debts.

The amounts of receivables shall be classified into trade receivables, other receivables following principles below:

- Trade receivables: include commercial receivables generating from purchase - sale related transactions;
- Other receivables: include non - commercial or non - trading receivables such as receivables from loans, deposits, dividends and profit distributed, payments entitled by third party, amounts that the entrusted party must collect for the entrusting party, receivables from lending the property, receivables for fines, compensations, assets awaiting resolution, and etc.

Monitoring receivables

Receivables shall be recorded specifically to original terms and remaining recovery terms as at the reporting date, original currencies and each object. At the financial statements' preparation date, receivables which have remaining recovery terms of less than 12 months or a business cycle are classified as current receivables, receivables which have remaining recovery terms of over 12 months or a business cycle are classified as non - current receivables.

Allowance for doubtful debts

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date, which are doubtful of being recovered. Increases and decreases to the provision balance are recorded as general and administrative expense in the Income statement.

IV. APPLICABLE ACCOUNTING POLICIES (continued)

4. Recognition of Inventory

Inventories are determined based on the lower of cost and net realizable value. The price of inventories comprises all costs of purchases, costs of conversion and other costs directly related to bringing the inventories to the location and current status. The net realizable value is determined as the estimated selling price minus (-) the estimated costs to complete the product and the estimated costs necessary for consumption.

5. Recognition of prepaid expenses

Prepaid expenses are expenses which have actually incurred yet are related to operational outputs of many accounting periods and the transfer of these expenses to operating expenses of subsequent accounting periods.

Prepaid expenses include internet costs, warranty provision expenses, tools, etc. and other expenses in the course of business operations of the Company. These expenses are considered capable future economic benefits of the Company. These costs are amortized to the income statement on a straight-line basis based on the Company's estimated useful lives or time to recovery.

Each prepaid expense incurred shall be recorded in details of maturity. As at the reporting date, prepaid expenses that have maturity of less than 12 months or a business cycle since the date of prepayment are classified as current prepaid expenses, expenses that have maturity of over 12 months or a business cycle since the date of prepayment are classified as non-current prepaid expenses.

6. Recognition of fixed assets and depreciation

Fixed assets are stated at historical cost and accumulated depreciation.

The historical cost of tangible fixed asset comprises of its purchase price and any directly attributable costs to bring the tangible fixed assets into work condition for its intended use. The identification of the historical cost of each category of tangible fixed assets is in accordance with Vietnames Accounting Standard No. 03 on tangible fixed assets.

Costs incurred after initial recognition such as maintenance and repairs are charged to the income statement as incurred. In situations where can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of tangible fixed assets beyond its originally assessed standard of performance, the expenditure is capitalized as an additional cost of tangible assets.

When fixed assets are sold or proposed, their cost and accumulated depreciation are eliminated from the Balance sheet and any gain or loss arising from the disposal of fixed assets are accounted for in the income statement.

Depreciation of tangible assets and intangible assets is calculated using the straight-line method, in accordance with the Circular 45/2013/TT-BTC dated 25 April 2013 of the Finance Ministry and Circular 147/2016/TT-BTC dated 13 October 2016 of the Finance Ministry promulgating on management and use of fixed assets depreciation. Estimated useful lives of fixed assets are as follows:

Assets	Useful life
Machinery and equipment	07 years
Office Equipment	03 years

7. Recognition of payables

Payables are stated at cost. The amount of payable shall be classified into trade payable and other payables following principles below:0

- **Trade payables:** include commercial payables arisen from purchases of goods, services or assets.
- **Other payables:** include non-commercial payable amounts, or payable amounts that are not related to trading in goods or services (such as payables by a third party, payables arising from borrowing assets, fines and compensation payable, assets awaiting resolution, payables on social insurance, health insurance, unemployment insurance, union funds and etc..).

  Accounts payable are tracked in detail by original term, remaining term at the reporting time, original currency and each object. At the balance sheet date, a liability with a remaining maturity of not more than 12 months or a business cycle is classified as a short-term liability, a liability with a maturity of more than 12 months, or a business cycle. business period is recorded as a long-term payable.

  Accounts payable that satisfy the definition of currencies denominated in foreign currencies: Revaluated as at 31 March 2022 at actual exchange rates at the end of the period (See Note IV.1)

Monitoring payables

Payables shall be specially recorded to original terms and remaining terms as at the reporting date, original currencies and each object. At Financial Statement's preparation date, payables that have remaining repayment terms of less than 12 months or a business cycle are classified as current payables, payables that have remaining repayment terms of over 12 months or a business cycle are classified as non-current payables.

Recognized payables shall be not lower than payable obligations.

8. Recognition of borrowings and finance lease liabilities

Borrowings and finance lease liabilities shall be specially recorded to each object, terms, original currencies. As at the consolidated financial statement's preparation date, borrowings and finance lease liabilities that have remaining repayment terms of less than 12 months or a business cycle are classified as current borrowings and finance lease, ones that have remaining repayment terms of over 12 months or a business cycle are classified as non-current borrowings and finance lease liabilities.

Borrowings and finance lease liabilities that satisfy the definition of monetary items denominated in foreign currencies: Revalued as at 31/03/2022 at actual exchange rates at the end of the period (see Notes IV.1)

Recognition of borrowing expenses

Borrowing expenses include interest expenses and expenses directly relating to the borrowings (such as appraisal costs, audit costs, loan application cost and etc.).

Borrowing expenses are recognized as financial expenses during the period as incurred (except capitalization cases according to regulations in Vietnam Accounting Standards No. 16 "Borrowing expenses").

9. Recognition of accrued expenses

Accrued expenses include expenses that have been recored into the operating cost, but not actually paid at the end of the fiscal year to ensure the consistency between revenues and expenses. Accrued expenses are recorded based on the reasonable estimation of amount payable for received goods and services including expenses for audit fee, tax and accounting service fee, and etc.

10. Recoginition of provision for liabilities

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. Recognized provision satisfies conditions in Vietnamese Accounting Standard 18 "Provision, contingent assets and liabilities".

11. Recognition of owner's equity

Recognition of owner's equity

Owner's equity is recognized under actual contribution of investors. The actual amount of contribution capital as at 31/03/2022 is USD 50,000, which equivalent to VND 1,135,000,000.

Recognition of retained earnings

Retained earnings reflect the business results (profit, loss) after corporate income tax and profit sharing situation or dealing with loss of the Company. Retained earnings shall be specifically recorded to the operational results of each financial year (previous year, current year) and to each profit sharing content (appropriated funds, additional investment capital of the owner, dividends, profits for shareholders and investors).

12. Recognition of revenue

Revenue from sales of goods

Revenue from sales of goods is recognized when the outcomes of such transactions can be reliably measured and the Company is able to obtain economic benefits from these transactions. Revenue is recognized when the majority of risks and benefits of ownership of the goods have been transferred to the buyer. No revenue is recognized if there are significant uncertainties regarding the recovery of the funds or the possible return of funds.

Revenue from rendering of services

Revenue from the rendering of services is recognized when the outcome of such transactions is reliably determined. When the contract result can be reliably determined, revenue will be recognized based on the level of completion of the work. The level of completion of work is determined by the percentage of number of working hours incurred up to the end of the accounting period in relation to the total estimated hours worked for each contract.

If the contract can not be reliably determined, revenue will only be recognized at the recoverable amount of the costs recognized.

Service revenue is recognized when the outcome of the transaction can be reliably measured. Revenue from services is determined by adding a percentage of the actual costs incurred, minus interest expenses, exchange rate differences and current corporate income tax expenses. service during the period. The plus rate agreed on the contract is 8%.

Financial income

Financial income includes interest on deposits, loan interests, dividends and profits distributed, rental income and income from securities trading activities.

Interest on deposits and loan interest is recognized on the basis of the actual time and interest rate in each period, unless the possibility of recovering interest is uncertain.

13. Recognition of cost of goods sold

Cost of goods sold represent cost of goods/service provision in the year. Cost of goods sold is recognized on matching principle between revenue and expenses.

14. Recognition of financial expenses

Financial expenses include: expenses or losses related to borrowing expenses, exchange rate losses, bank fees.

Interest expenses (including accrued interests), losses on the exchange rate differences of the reporting period are fully recognized in the period.

15. Recognintion of Administrative expenses

General and administrative expenses are general management expenses, including salaries and social insurance, health insurance, trade union funds, unemployment insurance for administrative employees (salaries, wages, allowances and etc.); expenses for office supplies, labor tools; rental fee; outsourced services (electricity, water, telephone, fax, audit fee, tax and accounting service fees and etc).

16. Tax accounting principles

Current Corporate Income Tax

Current income tax expenses are determined on the basis of taxable income. Corporate income tax (CIT) applicable to the company is as follows:

Regarding taxable income from software manufacturing activities:

The CIT rate applicable for the Company is 10% of taxable income for 15 years from the operations commencement date and the standard CIT rate applies in subsequent years.

The Company is entitled to an exemption from CIT for 4 years commencing from the first year in which a taxable income is earned and a 50% reduction of the applicable CIT tax rate for the following 9 years. The Company’s first year of taxable income is 2018, therefore for the financial year ended 31 March 2022 the Company is exempt from tax for software manufacturing operation.

Regarding taxable income from other activities:

The CIT rate applicable to the Company for income from other activities is 20% of taxable income.

Deferred tax

Deferred corporate income tax is the amount of income tax payable or refunded due to the temporary difference between the carrying amount of assets and liabilities for the purpose of preparing and presenting financial statements and the values used for tax calculation.

Other taxes: Other taxes are applied according to current tax regulations in Vietnam.

Tax reports of the Company will be subject to inspection of tax authorities. Since the application of laws and regulations on taxation for different transactions can be interpreted in many different ways, the amounts presented in the financial statements could be changed according to the final decision of the tax authorities.

17. Related party

Related parties are considered to be related if one party has the ability to control or exercise significant influence over the other party in making financial and operating policy decisions. Parties are also considered related if they are subject to common control or common significant influence. Stakeholders can be companies or individuals, including close family members of individuals who are considered related parties.

In considering the relationship of related parties, the nature of the relationship is more important than the legal form.

Transactions and balances with related parties during the year are presented in Notes VII.1

V. ADDITIONAL INFORMATION FOR ITEMS ON THE STATEMENT OF FINANCIAL POSITION

Total	**336,562,122,243**	**296,757,426,654**

7. Current corporate income tax expense

The current tax payable is based on taxable profit for the year. The taxable profit of the Company for the year differs from the profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted by the balance sheet date.

Corporate Income tax in the year of the Company:

	Sales and other activities	Software production activities	Current year	Previous year
Net (loss)/profit before tax	**855,144,484**	**25,736,589,930**	**26,591,734,414**	**14,497,565,007**

INDEPENDENT AUDITORS' REPORT

TO TECH MAHINDRA (NANJING) CO., LTD.

1. Opinion

We have audited the financial statements of Tech Mahindra (Nanjing) CO., LTD. (the Company), which comprise the statement of financial position as at December 31, 2021, and the statement of comprehensive income, statement of changes in equity and statement of Cash Flows for the year then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2021, and its financial performance and its cash flows for the year then ended in accordance with China Accounting Standards for Business Enterprises and the China "Accounting System for Business Enterprises".

2. Basis for Opinion

We conducted our audit in accordance with China Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with China Accounting Standards for Business Enterprises and the China "Accounting System for Business Enterprises", and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

4. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with China Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

During the process of our audit in accordance with China Auditing Standards, we exercise professional judgment and maintain professional skepticism. We also:

(1) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

(3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

(4) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, we shall not express unqualified opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(5) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the those Charged with Governance about planned scope and timing of the audit, as well as significant findings from the audit, including notable internal control weaknesses identified from the audit.

NOTES TO FINANCIAL STATEMENTS OF 2021

(All amounts in RMB Yuan unless otherwise stated)

I. GENERAL INFORMATION OF THE COMPANY

Tech Mahindra (Nanjing) Co., Ltd .(Formerly Satyam Computer Services (Nanjing) Co., Ltd.) ("the Company") is a wholly owned foreign enterprise invested by Tech Mahindra Limited. Registered at Nanjing Market Supervision Administration, the Company was established on June 29,2007 and obtained the business license with Uniform Social Credit Code No.913201006606980458. The registered capital is USD 7.65 million. Residential address of the Company is Suite 413-246, Business Building, High-tech Industry Developing Zone, Nanjing. The Company has an approved operating period of 50 years.

The approved business scope is: software designing, developing, writing, testing, maintenance (including embedded system software, computer aid design, manufacturing and engineering service software, enterprise resource planning software, enterprise integrating software, customer relationship management software etc.); sales of the self-produced products and related technical consulting. (Activities related to administrative permission should be operated with approval).

II. BASIS OF PREPARATION

The financial statements have been prepared in accordance with the Accounting Standards for Business Enterprises and "Accounting System for Business enterprises" as promulgated by the State of the People's Republic of China.

III. COMPLIANCE STATEMENT

The financial statements have been prepared in accordance with "Accounting System for Business Enterprises", and present fairly, in all material respects, the financial position, financial performance, cash flows and the related financial information.

IV. PRINCIPAL ACCOUNTING POLICIES

(a) Accounting period

The Company's accounting year starts on 1 January and ends on 31 December.

(b) Recording currency

The recording currency of the Company is the Renminbi (RMB).

(c) Basis of accounting and measurement bases

The Company follows the accrual basis of accounting. Assets are initially recorded at actual costs on acquisition and subsequently adjusted for impairment, if any.

(d) Foreign currency translation

Except for the accounting treatment of paid-in capital, foreign currency transactions are translated into RMB at the exchange rates stipulated by the People's Bank of China ("the stipulated exchange rates") on first day of the month in which the transactions took place. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated into RMB at the stipulated exchange rates at the balance sheet date. Exchange differences arising from these translations are expensed, except for those attributable to foreign currency borrowings that have been made specifically for the construction of fixed assets, which are capitalized as part of the fixed asset costs and those arising in the pre-operating period, which are recorded as long-term deferred expenses.

Contributions to paid-in capital made in foreign currencies are translated into the RMB denominated paid-in capital account at the stipulated exchange rates at the contribution dates. Exchange differences arising from foreign currency capital contribution should be recognized as capital surplus.

(e) Cash and cash equivalents

For the purposes of the cash flow statement, cash refers to all cash in hand and all deposits. Cash equivalents refer to short-term and highly-liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(f) Receivables and provision for bad debts

Receivables comprise accounts receivable and other receivables. The provision method is used to account for potential bad debts identified by management. Receivables are presented at actual amounts net of provision for bad debts.

Accounts receivable

Accounts receivable comprises related party receivables and receivables from non-related parties.

Other receivables

Specific provisions are made for other receivables on an individual basis.

Recognition criteria of bad debts loss

Where evidence exists that balances cannot be recovered due to the debtor's de-registration, bankruptcy, insolvent and death, etc., bad debts are recognized and corresponding provision for bad debts is written off after the approval of the Company's general manager or the board pursuant to the authorization policies established in the Company.

(g) Fixed assets and depreciation

Fixed assets are tangible assets that are used in production, including sales of goods, rendering of services and leases, or held for management purposes, which have useful lives of more than one year and have relatively high unit price.

Fixed assets purchased or constructed by the Company are recorded at cost.

Fixed assets are depreciated using the straight-line method to allocate the cost of the assets to their estimated residual values over their estimated useful lives. For the fixed assets being provided for impairment loss, the related depreciation charge is prospectively determined based upon the adjusted carrying amounts over their remaining useful lives.

The estimated useful lives, estimated residual values expressed as a percentage of cost and annual depreciation rates are as follows:

	Estimated Useful Lives	Estimated Residual Value	Annual Depreciation Rate
Electronic equipment	2-7 yrs	0%	14.28-50%
Office equipment	3-5 yrs	0%	20-33.33%
Furniture	5 yrs	0%	20.00%

When fixed assets are sold, transferred, disposed of or damaged, gains and losses on disposal are determined by comparing the proceeds with the carrying amount of the assets, adjusted by related taxes and expenses, and are included in non-operating income or expenses.

(h) Long-term deferred expenses

Long-term deferred expenses are expenses paid by an enterprise, for which the amortization period is more than one year (excluding one year), including land royalty and maintenance, etc. long-term deferred expenses should be amortized evenly over the respective beneficial periods and presented at an amount net of accumulated amortization.

Leasehold improvements

Leasehold improvements should be amortized evenly over the shorter of the lease term and the useful lives of the leased asset, and presented at an amount net of accumulated amortization.

(i) Impairment of assets

In addition to the recognition of provisions for impairment loss on receivables and inventories which have been described in their respective accounting policies, individual assets for which there are indications that the carrying values are higher than their recoverable amounts, arising from the occurrence of events or changes in circumstances, are reviewed for impairment. If the carrying value of such assets is higher than the recoverable amount, the excess is recognized as an impairment loss.

The recoverable amount of an individual asset is the higher of its net selling price and its value in use. The net selling price is the amount obtainable from the sale of the asset in an arm's length transaction between knowledgeable and will parties, after deducting any incremental direct disposal costs. Value in use is the present value of estimated future cash flows expected being derived from continuing use of the asset and from its disposal at the end of its useful life.

When there is an indication that the need for an impairment provision recorded in a prior period no longer exists or has decreased, the provision for impairment loss is reversed. The increased carrying amount of the assets should not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years.

(j) Revenue recognition

Revenue from the sale of goods is recognized when significant risks and rewards of ownership of the goods are transferred to the buyer, the Company retains neither continuing managerial involvement nor effective control over the goods sold, and it is probable that the economic benefit associated with the transaction will flow to the Company and the relevant revenue and costs can be measured reliably.

Revenue from the rendering of services shall be recognized at the time of service provided and consideration received or receivable.

Interest income should be measured based on the period between the acquisition date and the maturity date and the applicable interest rate.

Subsidy income shall be recognized at the time of receipt.

(k) Employee benefits

The full-time employees of the Company are entitled to staff welfare benefits under existing PRC legislation, including pension benefits, medical care, unemployment insurance, housing fund and other benefits.

The Company is required to accrue for these benefits based on certain percentages of the employees' salaries, subject to certain ceilings, in accordance with the relevant PRC regulations, these benefits are levied by the human resource and social security bodies. The contributions are expensed as incurred.

(l) Accounting for income taxes

The Company accounts for enterprise income taxes using the tax payable method. Under the tax payable method, tax expense is recognized based on current period taxable income and tax rates.

V. TAXATION

Major applicable taxes and tax rate for the Company:

Tax	Tax rate (%)	Tax base
General VAT taxpayer	6	Taxable sales
Enterprise income taxes	25	Payable turnover tax
City maintenance tax	7	Payable turnover tax
Education surtax	3	Payable turnover tax
Local education surtax	2	Payable turnover tax

The Company implements Cai Shui [2019] No. 13 standards for micro and small companies this year, the portion of annual taxable income not exceeding 1 million yuan shall be included in the taxable income at a reduced rate of 25%, and the enterprise income tax shall be paid at a 20% tax rate. The portion of annual taxable income exceeding 1 million yuan but not exceeding 3 million yuan shall be included in the taxable income at a reduced rate of 50% and the enterprise income tax shall be paid at a 20% tax rate. In consistant with the Ministry of Finance and the State Administration of Taxation Announcement No. 12 of 2021, the portion of annual taxable income not exceeding 1 million yuan for micro and small companies shall be halved from January 1, 2021 to December 31, 2022 on the basis of the preferential policy Cai Shui [2019] No. 13.

ACCOUNTING POLICIES

1 Presentation of Financial Statements

The financial statements have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities ("IFRS for SMEs"), and the Companies Act No 71 of 2008. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 Property, plant and equipment

"Property, plant and equipment are stated at cost, less accumulated depreciation and any accumulated impairment losses. Depreciation is recognized so as to write-off the cost of assets less residual values using the straight-line method, over the estimated useful life of 4 years. The estimated useful lives, residual values and depreciation method are reviewed at each year end, with effect of any changes in estimates accounted for on a prospective basis."

1.2 Tax

Current tax assets and liabilities

Current tax for current and prior periods is, to the extent unpaid, recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset.

Current tax liabilities (assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the tax authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

The tax liability reflects the effect of the possible outcomes of a review by the tax authorities.

The tax asset reflects the excess of tax paid by the company over the tax liability.

Deferred tax assets and liabilities

A deferred tax liability is recognised for all taxable temporary differences.

A deferred tax asset is recognised for all deductible temporary differences and for the carry forward of unused tax losses and unused tax credits.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

Tax expenses

Tax expense is recognised in the same component of total comprehensive income (i.e. continuing operations, discontinued operations, or other comprehensive income) or equity as the transaction or other event that resulted in the tax expense.

1.3 Trade receivables

Trade receivables are stated at original invoice amount net of allowance for doubtful debts. An allowance against doubtful debts is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

1.4 Cash and cash equivalents

Cash and cash equivalents include cash and bank balances and short term deposits with original maturities of three months or less.

1.5 Financial instruments

A Financial instrument is a contract that give rise to a financial asset of one entity and financial liability or equity instrument of another entity.

Financial assets or financial liabilities are initially recognized at the transaction price (including transaction cost except in the initial measurement of financial assets and liabilities that are subsequently measured at fair value through profit or loss) unless the arrangement constitutes a financing transaction for either the Company or counter party. If the arrangement constitutes a financing transaction, the Company shall measure the financial asset or liability at the present value of the future payments discounted at the market rate of interest for a similar debt instrument. Subsequently at each financial position date, the Company measure financial instruments at amortized cost using the effective interest rate method.

Effective interest method

The effective interest rate method is a method of calculating the amortized cost of a financial asset or a financial liability (or a group of financial assets or financial liabilities) and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the carrying amount of the financial asset or financial liability.

Impairment of financial assets

The Company assess at the end of each reporting date whether there is any indication that an asset may be impaired. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

1.6 Trade and other payables

Liabilities are recognized for amounts to be paid in the future for goods/services when risks and rewards attributable to goods are transferred to the Company or services are received, whether or not billed to the Company.

1.7 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)."

1.8 Revenue

Revenue from information technology include revenue earned from services earned on time bound fixed price engagements and fixed price development contracts.

Revenue from fixed price maintenance contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. When services are performed through an indefinite number of repetitive acts over a specified period, revenue is recognised on a straight-line basis over the specified period unless some other method better represents the manner in which services are performed.

When the outcome of a transaction under fixed price development contracts can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the end of the reporting period. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the company;
- the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue shall be recognised only to the extent of the expenses recognised that are recoverable.

Stage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The input method has been used to measure progress towards completion as there is a direct relationship between input and productivity.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Company has applied the guidance of section 23 of IFRS for SMEs by applying the revenue recognition criteria for each distinct performance obligation. In such arrangements hardware installation and software revenue is recognised on delivery and implementation and integration service is recognised as per stage of completion.

Unearned revenue arises when there are billing in excess of revenue.

Unbilled revenue is recognised when there is excess of revenue earned over billings and there is an unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Interest is recognised, in profit or loss, using the effective interest rate method.

1.9 Operating expenses

Operating expenses include indirect costs not specifically part of costs of revenue. Allocations between cost of revenue and operating expenses when required, are made on a consistent basis.

1.10 Employee costs

Employee cost directly attributable to service rendered is included in cost of revenue and indirect employee cost is included in operating expenses. Social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

The liability for leave provision represents the amount which the company have the present obligation to pay as a result of employees' services provided upto the reporting date. The liability has been calculated at undiscounted amounts based on last drawn salary.

1.11 Translation of foreign currencies

Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in the functional currency of the company, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

At the end of each reporting period:

- foreign currency monetary items are translated using the closing rate;

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognised in profit or loss in the period in which they arise.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1 Nature of Operations

The principal activity of the company is to provide global solution on information technology to various sector of the economy. It is engaged in directing, operating, managing, investing in or provide telecommunication, networking, communication, internet information and other information technology related services.

2 General Information, statement of compliance with IFRS and going concern assumption

The company was incorporated in Nigeria under the Companies and Allied Matters Act 2020 as a Private Limited Liability Company on 18 August 2009. It commenced full operation in January 2011. Its initial authorized share capital was 153,790,000 ordinary shares of N1.00. The company is wholly owned by Tech Mahindra India .

The financial statements of the company have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). The company's audited balances for the year under review are comparable with the prior year balances in all aspects.

2.1 Going Concern

We draw attention to the fact that the financial statements of Tech Mahindra Nigeria Limited for the year ended 31 March 2022 have the below concern indicators which might pose as a threat to the company's ability to continue as a going concern. We noted that;

- Presents a retained loss of ₦4,587,626,451
- Had a net current liability of ₦4,591,186,076
- Had a net liability position of ₦4,434,586,425

Management is however of the opinion that the going concern status of the company is not threatened and it is appropriate to prepare the financial statements on a going concern basis and hereby confirm specific assessment of the company's ability to continue as a going concern based on the following;

- The company will have sufficient funds, through funding from its immediate parent company (Tech Mahindra Limited India) to meet its liabilities and there is no indication that they will withdraw their support to the company.
- It is the intention of the parent company (Tech Mahindra Limited India) to provide any business supports, including financial support for the ordinary course of business whenever necessary.

To the extent the events and conditions are assessed, there were no significant doubts on the company's ability to continue and as such no material uncertainties exist. Consequently, they financial statements have been prepared under the assumption that the company operates on a going concern basis.

The financial statements for the year ended 31 March 2022 (including comparatives) were approved and authorised for issue by the board of directors of Tech Mahindra Nigeria Limited on ---- June 2022

3 New or revised standards or interpretations

3.1 New standards adopted as at 1st April 2021

IFRS 16 - Lease

COVID 19 related rent concessions (Amendment to IFRS 16 - Effective 1 April 2021)

Some accounting pronouncements which have become effective from 1 January 2021 and have therefore been adopted do not have a significant impact on the financial results or position. These amendments do not have a significant impact on these Financial Statements and therefore the disclosures have not been made

3.2 Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the company.

IFRS 3 - Business Combination

Reference to the conceptual framework (Amendment to IFRS 3) - Effective 1 January 2022

Adds a new exception to the recognition principle in order to make sure that the accounting remains unchanged. It outlines the accounting when an acquirer obtains control of a business (e.g. an acquisition or merger). Such business combinations are accounted for using the 'acquisition method', which generally requires assets acquired and liabilities assumed to be measured at their fair values at the acquisition date.

IAS 16 - Property, Plant & Equipment

- Proceeds before Intended Use (Amendments to IAS 16) - Effective 1 January 2022

Prohibits an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss.

IAS 37 - Provisions, Contingent Liabilities & Contingent Assets

- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) - Effective 1 January 2022

Specifies which costs an entity includes when assessing whether a contract will be loss-making. It outlines the accounting for provisions (liabilities of uncertain timing or amount), together with contingent assets (possible assets) and contingent liabilities (possible obligations and present obligations that are not probable or not reliably measurable).

IAS 1 - Preparation of Financial Statements

- Classification of Liabilities as Current or Non-current (Amendments to IAS 1) - Effective 1 January 2023

IAS 1 requires an entity that has an unconditional right to delay settlement of a liability for at least 12 months from the end of the reporting period, then it can be classified as non-current, if not it is classified as current. Some preparers have found this statement confusing and consequently similar liabilities have been classified differently, making comparisons by investors difficult.

The amendments clarify the guidance in IAS 1 by:

- clarifying that the classification of a liability as either current or non-current is based on the entity's rights at the end of the reporting period
- stating that management's expectations around whether they will defer settlement or not does not impact the classification of the liability
- adding guidance about lending conditions and how these can impact classification
- including requirements for liabilities that can be settled using an entity's own instruments.

IAS 12 - Income Taxes

- Deferred Tax related to Assets and Liabilities from a Single Transaction - Effective 1 January 2023

In specific circumstances, entities are exempt from recognising deferred tax when they recognise assets or liabilities for the first time. There had been some diversity in practice as to whether the exemption applied to transactions such as leases and decommissioning obligations. These are transactions where entities recognise both an asset and a liability.

The amendments require an entity to recognise deferred tax on certain transactions (eg leases and decommissioning liabilities) that give rise to equal amounts of taxable and deductible temporary differences on initial recognition.

The amendments clarify that the initial recognition exemption set out in IAS 12 'Income Taxes' does not apply and entities are required to recognise deferred tax on these transactions. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023, with early application permitted.

These amendments are not expected to have a significant impact on the financial statements In the period of initial application and therefore no disclosures have been made.

At the date of authorisation of these financial statements, several new, but not yet effective, Standards and amendments to existing Standards, and Interpretations have been published by the IASB. None of these Standards or amendments to existing Standards have not been adopted early by the company.

Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement.

4 Significant Accounting Policies

4.1 Basis of preparation

The company's financial statements have been prepared on an accrual basis and under the historical cost convention. Monetary amounts are expressed in Nigerian currency (₦).

4.2 Foreign currency translation

Functional and presentation currency

The financial statements are presented in Nigerian naira (₦), which is also the functional currency of all the companies within the company.

Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency of the respective entities, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in profit or loss.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

Foreign operations

In the company's financial statements, all assets, liabilities and transactions with functional currencies other than the Naira are translated into Naira upon consolidation. The functional currencies of entities within the company have remained unchanged during the reporting period.

4.3 Revenue

Revenue arises mainly from on-site/offshore services and hardware/software system services.

To determine whether to recognise revenue, the company follows a 5-step process:

1. - Identifying the contract with a customer
2. - Identifying the performance obligations
3. - Determining the transaction price
4. - Allocating the transaction price to the performance obligations
5. - Recognising revenue when/as performance obligation(s) are satisfied.

The company often enters into transactions involving a range of the company's services. In all cases, the total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices. The transaction price for a contract excludes any amounts collected on behalf of third parties.

Revenue is recognised either at a point in time or over time, when (or as) the company satisfies performance obligations by transferring the promised goods or services to its customers. The company recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the statement of financial position. Similarly, if the company satisfies a performance obligation before it receives the consideration, the company recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

4.3.1 Onsite and offshore revenue

The entity's revenue is derived from the provision of onsite and offshore services to customers, majorly corporate bodies. Irrespective of the type of services, onsite or offshore services rendered are all categorised as revenue. Revenue is recognized upon completion of project. In some cases, if work is monthly for a fixed period, revenue is recognised monthly as it is due. Once the percentage of completion is received, the project revenue is updated monthly for a fixed period.

4.4 Operating expenses

Operating expenses are recognised in profit or loss upon utilization of the service or as incurred. Expenditure for warranties is recognised when the company incurs an obligation, which is typically when the related services are rendered.

4.5 Earnings Per Share, Interests and dividends

Basic earnings per share have been calculated using the profit attributable to shareholders of the parent company as the numerator, i.e. no adjustments to profit were necessary in 2021 or 2019. Interest income and expenses are reported on an accrual basis using the effective interest method. Dividends, other than those from investments in associates, are recognised at the time the right to receive payment is established.

4.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

4.7 Property, plant and equipment

Land

Land held for use in production or administration is stated at revalued amount. As no finite useful life for land can be determined, related carrying amounts are not depreciated.

Buildings, IT equipment and other equipment

Buildings, IT equipment and other equipment (comprising fittings & furniture, plants & machinery, vehicle & laboratory equipment and fire fighting equipment) are initially recognised at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for them to be capable of operating in the manner intended by the company's management. Buildings, IT equipment and other equipment are subsequently measured at revalued amount and cost less accumulated depreciation and impairment losses.

Depreciation

Depreciation is recognised on a straight-line basis to write down the revalued amount and cost less accumulated depreciation of buildings, computer and other equipment. The following useful lives are applied:

-	Motor Vehicles	3 - 5 years
-	Computer Equipment	3 years
-	Furniture and Fittings	5 - 10 years
-	Plant and Machinery	5 - 10 years

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within other income or other expenses.

Impairment testing of property, plant and equipment

For impairment assessment purposes, assets are companyed at the lowest levels for which there are largely independent cash inflows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

An impairment loss is recognised for the amount by which the asset's (or cash-generating unit's) carrying amount exceeds its recoverable amount, which is the higher of fair value less costs of disposal and value-in-use.

All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

4.8 Financial instruments

4.8.1 Recognition, and derecognition

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

4.8.2 Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

In the periods presented, the corporation does not have any financial assets categorised as FVOCI.

The classification is determined by both:

* the entity's business model for managing the financial asset
* the contractual cash flow characteristics of the financial asset.

All revenue and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

4.8.3 Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

The category also contains an equity investment. The company accounts for the investment at FVTPL and did not make the irrevocable election to account for the investment in unquoted securities and listed equity securities at fair value through other comprehensive income (FVOCI). The equity investment in unquoted securities was measured at cost less any impairment charges in the comparative period under IAS 39, as it was determined that its fair value could not be estimated reliably. In the current financial year, the fair value was determined in line with the requirements of IFRS 9, which does not allow for measurement at cost.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Financial assets at fair value through other comprehensive income (FVOCI)

The company accounts for financial assets at FVOCI, if the assets meet the following conditions:

- they are held under a business model whose objective it is "hold to collect" the associated cash flows and sell and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (OCI) will be recycled upon derecognition of the asset.

4.8.4 Impairment of financial assets

IFRS 9's impairment requirements use forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. Instruments within the scope of the requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under IFRS 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk (‘Stage 1’) and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low (‘Stage 2’).

‘Stage 3’ would cover financial assets that have objective evidence of impairment at the reporting date.

‘12-month expected credit losses’ are recognised for the first category while ‘lifetime expected credit losses’ are recognised for the second category. Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables and contract assets

The company makes use of a simplified approach in accounting for trade and other receivables as well as contract assets and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating, the company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The company assess impairment of trade receivables on a collective basis as they possess shared credit risk characteristics they have been companyed based on the days past due.

4.8.5 Classification and measurement of financial liabilities

The company’s financial liabilities include borrowings, trade and other payables and derivative financial instruments.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the company designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument’s fair value that are reported in profit or loss are included within finance costs or finance income.

4.9 Income taxes

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the balance sheet liability method.

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilized against future taxable income. This is assessed based on the company’s forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognised in full, although IAS 12 ‘Income Taxes’ specifies limited exemptions. As a result of these exemptions the company does not recognize deferred tax on temporary differences relating to goodwill, or to its investments in subsidiaries.

4.10 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

4.11 Non-current assets and liabilities classified as held for sale and discontinued operations

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets or deferred tax assets, continue to be measured in accordance with the company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

Any profit or loss arising from the sale of a discontinued operation or its remeasurement to fair value less costs to sell is presented as part of a single line item, profit or loss from discontinued operations

4.12 Equity and reserves

Share capital represents the nominal (par) value of shares that have been issued.

Retained earnings include all current and prior period retained profits and share-based employee remuneration.

All transactions with owners of the parent are recorded separately within equity.

4.13 Post-employment benefits and short-term employee benefits

Post-employment benefit plans

The company provides post-employment benefits through various defined contribution and defined benefit plans.

Defined contribution plans

The company pays fixed contributions into independent entities in relation to several state plans and insurances for individual employees. The company has no legal or constructive obligations to pay contributions in addition to its fixed contributions, which are recognised as an expense in the period that related employee services are received.

Defined benefit plans

Under the company's defined benefit plans, the amount of pension benefit that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The legal obligation for any benefits remains with the company, even if plan assets for funding the defined benefit plan have been set aside. Plan assets may include assets specifically designated to a long-term benefit fund as well as qualifying insurance policies.

The liability recognised in the statement of financial position for defined benefit plans is the present value of the defined benefit obligation (DBO) at the reporting date less the fair value of plan assets.

Management estimates the DBO annually with the assistance of independent actuaries. This is based on standard rates of inflation, salary growth rate and mortality. Discount factors are determined close to each year-end by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating the terms of the related pension liability.

Service cost on the company's defined benefit plan is included in employee benefits expense. Employee contributions, all of which are independent of the number of years of service, are treated as a reduction of service cost. Net interest expense on the net defined benefit liability is included in finance costs. Gains and losses resulting from remeasurements of the net defined benefit liability are included in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

Short-term employee benefits

Short-term employee benefits, including holiday entitlement, are current liabilities included in pension and other employee obligations, measured at the undiscounted amount that the company expects to pay as a result of the unused entitlement.

4.14 Provisions, contingent assets and contingent liabilities

Provisions for product warranties, legal disputes, onerous contracts or other claims are recognised when the company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of economic resources will be required from the company and amounts can be estimated reliably. The timing or amount of the outflow may still be uncertain.

Restructuring provisions are recognised only if a detailed formal plan for the restructuring exists and management has either communicated the plan's main features to those affected or started implementation. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the company is virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

No liability is recognised if an outflow of economic resources as a result of present obligations is not probable. Such situations are disclosed as contingent liabilities unless the outflow of resources is remote.

5 Significant management judgement in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

5.1 Significant management judgements

The following are the judgements made by management in applying the accounting policies of the company that have the most significant effect on the financial statements.

5.1.1 Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forwards can be utilised.

5.1.2 Estimation uncertainty

Information about estimates and assumptions that may have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate. In 2019, the company would recognise an impairment loss on goodwill if there are indications.

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain software and computer equipment.

Inventories

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by market-driven changes that may reduce future selling prices.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case, management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

6 Financial Risk Management

6.1 Introduction

The company uses its financial skills to provide competitive product pricing and delivery to a broad range of customers.

Risk Management is essential to help ensure business sustainability thereby providing customers and the shareholders with a long-term value proposition.

Key elements of risk management are:

- Strong corporate governance including relevant and reliable management information and internal control processes;
- Ensuring significant and relevant skills and services are available consistently to the company;
- Influencing the business and environment by being active participants in the relevant regulatory and business forums; and
- Keeping abreast of technology and consumer trends and investing capital and resources where required.

The overall company focus within an appropriate risk framework is to give value to the customers through effective and efficient execution of transactions.

The board of directors acknowledges its responsibility for establishing, monitoring and communicating appropriate risk and control policies.

The company has exposure to significant risks which are categorised as follows:

(i) Regulatory (capital adequacy, legal, accounting and taxation);

(ii) Business environment (reputation and strategic);

(iii) Operational (people, information technology and internal control processes);

(iv) Market (equity prices, interest rate and currency); and

(v) Liquidity

6.2 Detailed discussion of significant risks

6.2.1 Regulatory risk

Regulatory risk is the risk arising from a change in regulations in any legal, taxation and accounting pronouncements or specific industry that pertain to the business of the company. In order to manage this risk, the company is an active participant in the petroleum industry and engages in discussions with policy makers and regulators.

6.2.2 Legal risk

Legal risk is the risk that the company will be exposed to contractual obligations which have not been provided for.

The company has a policy of ensuring all contractual obligations are documented and appropriately evidenced to agreements with the relevant parties to the contract.

All significant contracted claims are reviewed by independent legal resources and amounts are provided for if there is consensus as to any possible exposure. At 31 March 2022, the directors are not aware of any significant obligation not provided for.

6.2.3 Taxation risk

Taxation risk is the risk of suffering a loss, financial or otherwise, as a result of an incorrect interpretation and application of taxation legislation or due to the impact of new taxation legislation on existing products.

Taxation risk occurs in the following key areas:

- Transactional risk;
- Operational risk;
- Compliance risk; and
- Financial accounting risk.

- **Transactional risk**

  The risk which concerns specific transactions entered into by the company, including restructuring projects and reorganisations.

- **Operational risk**

  The underlying risks of applying tax laws, regulations and decisions to the day-to-day business operations of the company.

- **Compliance risk**

  The risk associated with meeting the company's statutory obligations.

- **Financial accounting risk**

  The risk relates to the inadequacy of proper internal controls over financial reporting, including tax provisioning.

In managing the company's taxation risk, the company tax policy is as follows:

The company will fulfil its responsibilities under tax law in each of the jurisdictions in which it operates, whether in relation to compliance, planning or client service matters. Tax law includes all responsibilities which the company may have in relation to company taxes, personal taxes, capital gains taxes, indirect taxes and tax administration.

Compliance with this policy is aimed at ensuring that:

- All taxes due by the company are correctly identified, calculated, paid and accounted for in accordance with the relevant tax legislation;
- The company continually reviews its existing operations and planned operations in this context; and
- The company ensures that, where clients participate in company products, these clients are either aware of the probably tax consequences, or are advised to consult with independent professionals to assess these consequences, or both.

The identification and management of tax risk is the primary objective of the company tax function, and this objective is achieved through the application of a formulated tax risk approach, which measures the fulfilment of tax responsibilities against the specific requirements of each category of tax to which the company is exposed, in the context of the various types of activities the company conducts.

6.2.4 Accounting risk

Accounting risk is the risk that the company fails to explain the current events of the business in the financial statements.

Accounting risk can arise from the failure of management to:

- Maintain proper books and records, accounting system and to have proper accounting policies;
- Establish proper internal accounting controls;
- Prepare periodic financial statements that reflect an accurate financial position; and
- Be transparent and fully disclose all important and relevant matters.

Measures to control accounting risk are the use of proper accounting systems, books and records based on proper accounting policies as well as the establishment of proper internal accounting controls. Proposed accounting changes are researched by accounting resources, and if required external resources, to identify and advise on any material impact on the company.

Financial statements are prepared in a transparent manner that fully discloses all important and relevant matters as well as accurately reflecting the financial position, results and cash flows of the company.

6.3 Business environment

6.3.1 Reputational risk

Reputational risk is the risk of loss caused by a decline in the reputation of the company or any of its specific business units from the perspective of its stakeholders, shareholders, customers, staff, business partners or the general public.

Reputational risk can both cause and result from losses in all risk categories such as market or credit risk.

6.3.2 Strategic risk

Strategic risk is the risk of an unexpected negative change in the company value, arising from the adverse effect of executive decisions on both business strategies and their implementation.

This risk is a function of the compatibility between strategic goals, the business strategies developed to achieve those goals and the resources deployed to achieve those goals. Strategic risk also includes the ability of management to effectively analyse and react to external factors, which could impact the future direction of the relevant business units.

6.3.3 Company risk

Company risk identifies and assesses both those risks qualitatively as part of a quarterly evaluation. On the basis of this evaluation, company risk creates an overview of local and global risks which also includes reputational risks, analyses the risk profile of the company and regularly informs directors and management.

6.3.4 Operational risk

Operational risk is the risk of direct or indirect loss resulting from inadequate or failed internal processes, people and systems or from external events.

The initiation of all transactions and their administration is conducted on the foundation of segregation of duties that has been designed to ensure materially the completeness, accuracy and validity of all transactions. These controls are augmented by management and executive review of control accounts and systems, electronic and manual checks and controls, back-up facilities and contingency planning. The internal control systems and procedures are also subjected to regular internal audit reviews.

6.3.5 Market risk

Market risk includes asset liability matching risk, currency risk, interest rate risk and equity price risk.

The company is exposed to market risk through its financial assets and financial liabilities. The most important components of this risk are interest rate risk and market price risk. These risks arise from open positions in interest rate, currency and equity products, all of which are exposed to general and specific market movements.

6.3.6 Interest rate and market price risk

These risks have very different impacts on the various categories of business used in the company's Assets and Liabilities Management framework. Interest rate and market price risk have been discussed together since they interact on certain types of liabilities.

6.3.7 Interest rate risk

Interest rate risk is the risk that the value and cash flow of a financial instrument will fluctuate due to changes in market interest rates.

6.3.8 Equity price risk

Equity price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices.

6.3.9 Foreign currency risk

In respect of other monetary assets and liabilities held in currencies other than the Naira, the company ensures that the net exposure is kept to an acceptable level, by buying or selling foreign currencies at spot rates, where necessary, to address short-term imbalances.

6.3.10 Credit risk

Credit risk is the risk that one party to a financial instrument will cause a loss to the other party by failing to discharge an obligation.

Key areas where the company is exposed to credit risk are:

* Certain classes of financial assets such as term deposits and cash and cash equivalent; and
* Certain accounts within trade and other receivables.

Financial assets

Various debt instruments are entered into by the company in order to invest surplus shareholder funds. The company is exposed to the issuer's credit standing on these instruments.

The following policy and procedure is in place to mitigate the company's exposure to this credit risk:

* Exposure to outside financial institutions concerning financial instrument is monitored in accordance with parameters which have been approved by the company's Audit Committee and the company's board.

Age analysis of receivables (Net)	2022	2021
	₦,000	**₦,000**
1 - 90 days		662,883,305
91 - 180 days		69,679,620
181 - 270 days		51,274,798
271 - 356 days		
365 and above		399,816,172
	-	**1,183,653,896**

6.3.11 Liquidity risk

Liquidity risk is that the Group might be unable to meet its obligations. The Group manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business. The data used for analysing these cash flows is consistent with that used in the contractual maturity analysis below. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on 360-day lookout period are identified monthly. Net cash requirements are compared to available the basis of a rolling 30-day projection. Long-term liquidity needs for a 180-day and a borrowing facilities in order to determine headroom or any shortfalls. This analysis shows that available borrowing facilities are expected to be sufficient over the lookout period.

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, Group Treasury maintains flexibility in funding by keeping committed credit lines available.

Sensitivity Analysis

Management applies a number of sensitivity tests to the earnings of the Group to better understand the exposure to and importance of each of the main drivers of profitability.

IFRS 7 requires management to report on the changes in the net income after tax following "reasonable possible" changes in each of the factors to which the Group is exposed. Management has set the upside and downside movements for each factor at a level which represents the amount by which management believes that factor could reasonably change over the year following the valuation date. These opinions have been informed by an analysis of historical one year changes in those factors. The upper and lower limits have been set at the 75th and 25th percentiles of observed changes as these bound and interval which may be expected to contain 50% of the changes in the coming year. Management believes this represents in some sense what is "reasonably possible", though it is important to note that this opinion is based on past experience and the tested range is not sensitive to all the relevant information in the market at the reporting date.

Management has considered the impact of upside and downside movements in foreign exchange rates. In relation to these sensitivities:

* The earnings are sensitive to changes in both the shape and level of the yield curve. Management has not considered changes in the shape of the yield curve due to several constraints although this may be reviewed in the following year.

* The foreign exchange movements have been considered together in the same sensitivity. Observed historic negative correlations between factors would tend to dampen the effects presented. These correlations are not very large and they have not been adjusted for. This treatment has resulted in the presentation of a slightly more extreme view of what could reasonably occur over the following year.

Future rates of expense inflation, catastrophes and tax assumptions were considered but no sensitivities are presented as it is unlikely, in management's opinion that, these assumptions will change over the following year.

It should be noted that each impact on profit after tax is shown individually for each sensitivity being changed, keeping all other assumptions constant. In practice this is unlikely to occur, as changes in some of the variables may be correlated.

Litvinov Sergey
General Director

EXPLANATIONS TO THE FINANCIAL STATEMENTS FOR 2021.

1. General section.

TECH MAHINDRA TECHNOLOGY SERVICES LLC (hereinafter referred to as the Company) was established in 2020. The company was registered by IFTS No. 4 (Inspectorate of Federal Tax Service) for Moscow on December 30, 2020. PSRN (OGRN) 1207700503614 (Primary State Registration Number).

Legal and actual address: 125009, Moscow, st. Vozdvizhenka, building 10, premise IX, room 182, office 350, RM 4.

The only executive body is the General Director of the Company. As of December 31, 2021, Sergey Petrovich Litvinov was the General Director of the Company.

As of December 31, 2020, Sergey Petrovich Litvinov was the General Director of the Company.

The main activity of the Company is activity in the field of communications and information technologies as listed below:

* Development of computer software;

* Activities in the field of communications based on wired and wireless technologies

* Consultation activities and work in the field of computer technology;

The activity of the Company is regulated by the legislation of the Russian Federation.

The average number of employees of the Company amounted to 1 and 1 person as of December 31, 2021 and 2020. respectively.

All amounts in the tables of the Explanations are presented in thousands of Russian rubles, unless otherwise indicated.

2. Accounting procedure.

2.1. General information.

The financial statements of the Company are formed in accordance with the rules of accounting and reporting in force in the Russian Federation.

Accounting in the Company is organized in accordance with the requirements of the legislation of the Russian Federation on accounting, regulatory legal acts of the Ministry of Finance of the Russian Federation and bodies that are granted the right to regulate accounting by federal laws.

Accounting in 2021 was carried out in accordance with the methods specified in the Accounting Policy of the Company, approved by order of the General Director dated December 31, 2020.

bookkeeping and tax accounting is carried out using the corporate information system 1C: Accounting 8.3., 1C: Enterprise 8.3 ZUP (Payroll and HR Management).

2.2. Applicability of the Company’s business continuity assumption.

The financial statements have been prepared by the management of the Company on the assumption that the Company will continue its activities for the foreseeable future, and it does not intend and need to liquidate or significantly reduce the activities of the Company, and, therefore, the obligations will be repaid in the prescribed manner.

2.3. Chart of Accounts.

The Company has developed and applies a working chart of accounts based on the standard chart of accounts for accounting of financial and economic activities of organizations, approved by Order No 94 н of the Ministry of Finance of the Russian Federation dated October 31, 2000 with the use of separate sub-accounts, which make it possible to obtain reports that comply with the requirements of accounting and tax legislation in accordance with Russian standards, as well as the requirements for separate cost accounting.

2.4. Taking inventory.

The inventory taking is carried out in accordance with the Guidelines for the inventory taking of property and financial liabilities, approved by Order No. 49 of the Ministry of Finance of the Russian Federation dated June 13, 1995.

Inventory check/taking of fixed assets is carried out at least once every 3 years. The last inventory of fixed assets was carried out as of December 31, 2021.

Inventory check of all other assets and liabilities was carried out as at 31 December 2021.

3. Main principles of accounting policy .

3.1. Assets and liabilities denominated in foreign currencies.

When accounting for business transactions made in foreign currencies, the official ruble exchange rate established by the Central Bank of the Russian Federation (“CBR”), effective on the day of the transaction, is applied. Assets and liabilities expressed in a foreign currency are reflected in the report in amounts calculated based on the official ruble exchange rate set by the Central Bank of the Russian Federation in effect on December 31, 2020, 2019 and 2018.

The procedure for accounting for assets and liabilities whose value is expressed in foreign currency is regulated by PBU 3/2006 “Accounting for assets and liabilities whose value is expressed in foreign currency”. In accordance with PBU 3/2006 (PBU - Russian accounting regulations/standards), liabilities denominated in foreign currency are subject to recalculation into rubles as of:

* on the date of their acceptance for accounting;

* on the last date of the month on the reporting date and on the date of the transaction;

* as on the maturity date of the obligation.

Exchange differences are reflected in the Statement of Financial Performance/results as other income or other expenses.

3.2. Current and non-current assets and liabilities .

Assets reflected in the financial statements as current assets are expected to be used in production and other activities within 12 months after the reporting date. Liabilities reflected in the financial statements as short-term, are expected to be repaid within 12 months after the reporting date. All other assets and liabilities are presented as non-current/long term assets.

3.3. Accounting for fixed assets.

The initial cost of fixed assets purchased for a fee is the amount of the Company’s actual costs for the acquisition, construction and manufacture, except for value added tax and other refundable taxes (except for cases provided for by the legislation of the Russian Federation).

Fixed assets received free of charge are accepted for accounting at market value, documented, with reflection in the composition of deferred income and with subsequent monthly allocation to other income in the amount of accrued depreciation.

The initial cost of fixed assets received under agreements providing for the fulfilment of obligations (payment) in non-monetary means is the cost of valuables transferred or to be transferred to the Company. The value of valuables transferred or to be transferred is determined on the basis of the price at which, in comparable circumstances, the Company usually determines the value of similar valuables.

The initial cost of property, plant and equipment includes the actual costs of delivering the items and bringing them to a usable condition. Accrued prior to the commissioning of fixed assets, interest on loans attracted to finance the acquisition (construction) of investment assets, for accounting purposes, are included in their initial cost.

Assets in respect of which the conditions are met that meet the criteria for fixed assets provided for in clause 4 of PBU 6/01 (Accounting for assets and liabilities) , and with a value of not more than 40,000 rubles per unit, are reflected in accounting and financial statements as part of material and supply inventories (“MPZ”), including items (equipment and maintenance accessories) and special clothing, which, when they are transferred to production, are not consumed immediately, but serve for a period exceeding 12 months. Prior to January 1, 2011, items worth up to 20,000 rubles were included in inventories (“MPZ”) for a unit, in order to ensure the safety of these objects worth up to 20 thousand rubles and 40 thousand rubles, accounted for as part of inventories, when transferred to production (operation), control over their movement is organized. Fixed assets worth from 20 to 40 thousand rubles, accepted for accounting before January 1, 2011, are accounted for as fixed assets and depreciated in accordance with the generally established procedure.

Changes in the initial cost are allowed in cases of completion, additional equipment, reconstruction, modernization, partial liquidation and revaluation of fixed assets. Accounting for costs associated with the modernization and reconstruction of fixed assets is carried out in the manner established for accounting for capital investments. During the modernization and reconstruction of fixed assets, the current replacement cost of fixed assets item is increased by the amount of actual costs incurred. In cases of improvement (increase) of the initially adopted normative indicators of the functioning of the fixed assets as a result of modernization and reconstruction, the useful life of this object is reviewed. The useful life can be revised both upwards and downwards as previously established.

Depreciation on fixed asset items is calculated on a straight-line basis based on the original cost or current (replacement) cost (in case of revaluation) of fixed asset items and the depreciation rate calculated based on the useful life of this item. The straight-line method of depreciation is applied over the entire useful life of the asset.

Objects/items of fixed assets are not subject to depreciation, the consumer properties of which do not change over time (land plots and nature management objects; objects classified as museum objects and museum collections, etc.).

The useful lives of fixed assets (in years) used for depreciation are given below:

	Useful lives (years)	
	From (Minimum)	**To (Maximum)**
Asset groups		
Machines and equipment	3	5
Other fixed assets	2	3

The Company does not revalue fixed assets (clause 15 of PBU 6/01, Clause 43 of the Methodological Guidelines for Accounting of Fixed Assets").

The actual costs of current and major repairs of fixed assets are included in the costs associated with the production and sale of the period in which they are made, except for the costs of regular repairs carried out according to technological requirements.

The cost of an item of fixed assets that is retired or is not capable of generating economic benefits (income) in the future is subject to write-off from accounting.

An item of fixed assets or other non-current assets (excluding financial investments) whose use has been discontinued due to a decision to sell it and there is evidence that the resumption of use of this item is not expected for the purposes of the financial statements is recognized as a Long-term asset for sale and is accounted for on the basis of from the rules established by PBU 16/02 "Information on discontinued operations".

Income and expenses from the disposal and sale of fixed assets are reflected in the income statement as part of other income and expenses on a net basis.

Equipment to be installed is reflected in other non-current assets in the financial statement.

3.4. Accounting for intangible assets.

Intangible assets are accepted for accounting at the actual (initial) cost determined on the date of their acceptance for accounting as below:

* purchased for a fee - according to the amount of actual acquisition costs and additional costs for bringing them to a state suitable for use for the planned purposes, with the exception of value added tax and other refundable taxes (except for cases provided for by the legislation of the Russian Federation);

* created by the Company itself - according to the amount of actual expenses for creation;

* received under a donation agreement (free of charge) - at market value as of the date of acceptance for accounting;

* received under agreements providing for the fulfilment of obligations (payment) by non-monetary means - at the cost of goods (values) transferred or to be transferred by the Company.

The useful life is determined when an object/item is accepted for accounting based on:

* the period of validity of the Company's rights to the result of intellectual activity or means of individualization (including the period of validity of a patent, certificate, license (author's) agreement on the transferred exclusive rights);

* the expected period of use of the asset, during which the Company expects to receive economic benefits, determined by the competent organization department.

An inventory item is the Intangible Assets Accounting Unit..

Depreciation of intangible assets is carried out on a straight-line basis, based on the initial cost of intangible assets and the depreciation rate calculated on the basis of their useful life.

Depreciation deductions are made until the full repayment of the value of the object/item or the write-off of this object/item from accounting.

Revaluation of intangible assets is not performed.

3.5. Accounting for material and supply inventories (MPZ) .

Stocks are an asset that is consumed or sold in an entity's normal operating cycle, or used for a period of no more than 12 months.

Stocks are, in particular:

* raw materials, materials, fuel, spare parts, components, purchased semi-finished products;

* tools, inventory, special clothing and special equipment, containers and other similar items;

* finished products, goods, incl. transferred to other persons in connection with the sale before the recognition of the proceeds from their sale;

* unfinished production/under progress production;

* real estate objects acquired or created (in the process of being created) for sale in the course of the ordinary activities of the organization;

* intellectual property acquired or created (in the process of being created) for sale in the ordinary course of an organization's activities.

The item number is the Inventory Accounting Unit.

Stocks are recognized in accounting at their actual cost, determined in accordance with FSBU 5/2019 "Inventories" (FSBU – Federal accounting standard).

The amounts paid and (or) payable by the organization when acquiring (creating) stock inventories are included in the actual cost of stock inventories, taking into account all discounts, concessions, deductions, bonuses, benefits provided to the organization, regardless of the form of their provision.

Management expenses, storage expenses are not included in the cost of acquired (created) stocks, including in the actual cost of work in progress and finished products.

Accounting for the release of stocks into production (sales, other disposals) is carried out according to the average cost method.

Stocks are valued at the balance sheet date at the lower of the following values:

• the actual cost of stocks, or;

• net realizable value of stocks.

The net realizable value of stocks is determined by an organization as the estimated price at which an organization can sell stocks as it would normally sell it in the ordinary course of business, less the estimated costs necessary to produce, prepare for sale and make the sale.

3.6. Accounting for cash, cash equivalents and presentation of cash flows in the cash flow statement.

Cash equivalents are highly liquid financial investments with maturities of less than three months that are readily convertible to a known amount of cash and that are subject to an insignificant risk of changes in value and are included in the cash and cash equivalents line item of the balance sheet.

Data on the availability and movement of funds in foreign currency when compiling a statement of cash flows are recalculated at the official exchange rate of foreign currency to the ruble, established by the Central Bank of the Russian Federation on the date of making or receiving the payment.

The difference arising in connection with the recalculation of cash flows and balances of cash and cash equivalents denominated/expressed in foreign currency at the exchange rates as of the dates of transactions in foreign currency and on the reporting dates are included in the line of the report "The amount of the impact of changes in the exchange rate of foreign currency in relation to ruble.

In the statement of cash flows, the following are presented in summary form:

• receipts and payments arising in connection with foreign exchange transactions;

• amounts of indirect taxes as part of receipts from buyers and customers and payments to suppliers and contractors;

• other calculations that characterize not so much the activities of organizations as the activities of its counterparties.

3.7. Revenue Accounting

The Company's income, depending on their nature, conditions of receipt and areas of activity, is divided into:

(a) income from ordinary activities;

(b) other income.

Revenue is recognized in accounting when the following conditions are met:

• The Company has the right to receive this proceeds arising from a specific agreement or otherwise confirmed in an appropriate manner;

• the amount of proceeds can be determined;

• there is confidence that a particular transaction will increase economic benefits. Confidence that as a result of a specific transaction there will be an increase in the economic benefits of the organization, there is a case when the Company in the future will receive an asset in payment or there is no uncertainty regarding the receipt of an asset;

• the right of ownership (possession, use and disposal) of the products (goods) has passed from the Company to the buyer or the work has been accepted by the customer (the service has been rendered);

• the costs incurred or to be incurred in connection with this transaction can be determined.

3.8. Cost accounting

Expenses for ordinary activities form:

• expenses associated with the acquisition of materials, works, services consumed in the process of creating the final product, transferred to consumers;

• Expenses for the payment of remuneration to employees and related amounts of insurance social contributions.

General and commercial expenses are recognized in the cost of goods sold and services rendered in full in the reporting year of their recognition as expenses for ordinary activities.

Disposal of assets in the order of advance payment for inventories and other valuables, works, services, property rights are not recognized as expenses of the Company.

Other expenses include:

• state duty;

• property tax;

• Fines, penalties, forfeits for violation of the terms of contracts;

• Compensation for losses caused by the organization;

• losses of previous years recognized in the reporting year;

• the amount of receivables for which the limitation period has expired, other debts that are unrealistic to collect;

• exchange rate differences;

• the amount of depreciation of assets;

• other similar expenses.

3.9. Accounting for credit and borrowing costs

• interest on the amount of the loan (credit) payable to the lender (creditor) in the amount and on the terms stipulated by the loan (credit) agreements;

• Additional borrowing costs.

Additional borrowing costs are:

• amounts paid for information and consulting services;

• amounts paid for examination of the loan agreement (credit agreement);

• other expenses directly related to obtaining loans (credits).

Additional costs directly related to obtaining loans (credits) are included in other expenses evenly over the term of the loan (credit).

Interest due to the lender (creditor) directly related to the acquisition, construction and (or) manufacture of an investment asset is included in the cost of this investment asset evenly, regardless of the terms of their payment in accordance with loan (credit) agreements.

3.10. Accounting for valuation reserves and valuation liabilities

Valuation reserves. The following types of valuation reserves are accrued in accounting:

(i) allowance for doubtful debts

(ii) allowance for impairment/devaluation of stock inventories;

In this case, there are the following procedure for creating reserves:

Reserves for doubtful debts is formed for the following types of debt:

• doubtful debts of buyers and customers for products, goods, works and services;

• other doubtful debtors.

At the same time, the Company's receivables, which are not repaid within the terms established by the agreement, and are not secured by appropriate guarantees, are recognized as doubtful debt.

The reserve is created on a quarterly basis based on the results of an inventory of settlements with buyers and customers for products, goods, works and services for each doubtful debt as follows:

• Doubtful debts with a maturity of more than 90 days are included in the reserve in an amount equal to 100% of the amount of debts;

• Doubtful debts with maturities of 60 to 90 days (inclusive) are included in the reserve in an amount equal to 50% of the amount of debts;

• for doubtful debts with a maturity of less than 60 days (inclusive) no provision is created.

The above reserve ratio are determined based on historical collections of receivables for the last 3 calendar years and are subject to revision at the end of each reporting period.

An allowance/reserve for impairment of stock inventories is created in the amount of the excess of the actual cost of inventories over their net realizable value.

The impairment reserve of stock inventories is recognized as an expense of the period in which the reserve for their impairment was created (increased). The amount of the recovery of the provision for impairment of stock inventories is attributed to the reduction of the amount of expenses recognized in the same period in which the proceeds from the sale of these inventories are recognized;

Estimated liabilities/provisions. The following types of estimated liabilities are reflected in accounting and reporting:

• to pay for unused vacations

3.11. Accounting for deferred expenses

Accounting for deferred expenses is carried out on account 97 "Deferred expenses" according to the actual costs incurred. Deferred expenses are written off on a monthly basis to the debit of expense accounts within the period specified in the relevant documents (licenses, contracts, etc.). If it is impossible to draw a conclusion about the term from the relevant documents, then it is determined by the commission, the composition of which is approved by the General Director of the Company or directly by order of the General Director.

Deferred expenses include:

• payments for the granted right to use the results of intellectual activity or means of individualization/brand identity, made in the form of a fixed one-time payment;

• Expenses incurred in connection with the completion of an intangible asset accepted on the balance sheet in the previous period.

Deferred expenses are repaid:

evenly, based on the period of use of the relevant assets

Deferred expenses are included in the balance sheet as other current assets and other non-current assets, depending on the expected useful life at the time of acquisition of the relevant asset.

3.12. Accounting for other non-current assets

Other non-current assets are taken into account based on the actual costs incurred for their acquisition. Other non-current assets are written off on a monthly basis to the debit of expense accounts within the period specified in the relevant documents (licenses, contracts, etc.). If it is impossible to draw a conclusion about the term from the relevant documents, then it is determined by the commission, the composition of which is approved by the General Director of the Company.

Other non-current assets are reflected in the balance sheet depending on the expected useful life at the time of acquisition of the respective asset.

3.13. Accounting for income tax calculations

The Company's income tax debt to the budget is included in the "Accounts payable" indicator of the balance sheet. The budget debt to the Company for income tax is included in the indicator "Accounts receivable" of the balance sheet.

In accordance with PBU 18/02 "Accounting for Income Tax Calculations" (PBU – Russian accounting regulations), accounting and reporting reflect deferred income tax (deferred tax assets and deferred tax liabilities), i.e. amounts that can affect the amount of current income tax in subsequent reporting periods.

The amount of the current income tax is determined on the basis of accounting data. At the same time, the amount of the current income tax corresponds to the amount of the calculated income tax reflected in the income tax return of the reporting period. The amounts of deferred tax asset and deferred tax liability are reflected in the balance sheet on a gross basis as part of non-current assets (line 1180 "Deferred tax assets") and long-term liabilities (line 1420 "Deferred tax liabilities") of the balance sheet, respectively.

4. Changes in classification, changes in accounting policies and correction of errors

4.1. Correction of errors in accounting and reporting .

The materiality of the error is determined on the basis of both the size and the nature of the relevant item(s) of the financial statements. An error is recognized as significant if, as a result of correcting the relevant item in the financial statements, the group of items in the financial statements changes by more than 5%, and also if it, individually or in combination with other errors in the same reporting period, can affect the economic decisions of users, accepted by them on the basis of financial statements compiled for this reporting period.

4.2. Comparative adjustments

No adjustments were made to comparative figures in the reporting year.

4.3. Change in accounting policy due to changes in legislation

The Company applies FSBU 5/2019 "Stock Inventories" prospectively in relation to the facts of economic life occurring after January 1, 2021.

* FSBU – Federal accounting standard

The Company does not apply ahead of time:

- FSBU 25/2019 "Accounting for rent";

- FSBU 6/2021 "Fixed assets";

- FSBU 26/2021 "Capital investments".

No changes were made to the accounting policy.

4.4. Correction of the mistake of the past years

No corrections were made (not identified).

5. Intangible assets

There are no intangible assets in the property.

6. Fixed assets

There are no fixed assets in property, as well as in off-balance sheet accounting.

The Company leases office premises under a lease agreement, however, due to the fact that the cost of this premises is not specified in the lease agreement, the Company does not reflect this premises in off-balance sheet accounting.

7. Stocks

22. Exchange rates and exchange rate differences

Rates of the Central Bank of the Russian Federation, effective on the date of preparation of financial statements:

Currency	December 31, 2021	December 31, 2020	December 31, 2019
USD	74.2926	73.8757	61.9057
Euro	84.0695	90.6824	69.3406
GBP	100.0573	100,0425	81.1460

23. Guarantees and warranties/ sureties issued

As of December 31, 2021, the Company did not issue guarantees and sureties, and no reserves were created for possible payments.

24. Insurance

The Company did not purchase insurance services and did not enter into agreements with insurance companies.

25. Litigation

As part of its normal activities, the Company may be involved in a number of legal proceedings. According to the Company's Management, there are currently no legal proceedings, claims against the Company or court decisions made that could have a material negative impact on the financial position of the Company.

26 Operating environment and financial risks .

26.1. Operating environment

The economy of the Russian Federation exhibits some of the characteristics of an emerging market. It is particularly sensitive to fluctuations in oil and gas prices. The tax, currency and customs legislation of the Russian Federation continues to evolve and is subject to varying interpretations. Low oil prices, continued political tensions in the region, and ongoing international sanctions against certain Russian companies and individuals have had a negative impact on the Russian economy in 2020. The action of these factors contributed to the economic recession in the country, characterized by a fall in the gross domestic product. Financial markets continue to be characterized by instability, frequent and significant price changes, and widening trading spreads. The rating of the Russian Federation was downgraded to "below investment" level. This economic environment has a significant impact on the activities and financial position of the Company. The management takes the necessary measures to ensure the sustainable operation of the Company. However, the future impact of the current economic environment is difficult to predict and management's current expectations and estimates may differ from actual results.

The activities of the Company are to some extent exposed to various types of risks (financial, market, legal, country and regional, reputational, etc.). The explanations disclose information on the Company's exposure to risks and the reasons for their occurrence, risk management mechanisms, as well as changes compared to the previous period

Disclosure of Covid-19

On March 11, 2020, the World Health Organization (WHO) declared the outbreak of the new coronovirus pandemic. The difficult epidemiological situation around the world has affected the global economy. The response by governments around the world to contain the pandemic has caused significant disruptions to the operating cycles of many companies and has had a significant impact on their business in various sectors of the economy, including such consequences as disruption to operations due to the suspension, supply disruption, transfer of personnel to quarantine or remote work, reduced demand and difficulties in attracting funding. The activities of the Company turned out to be dependent on the duration and spread of the pandemic impact on the global and Russian economies.

In response to the spread of the coronavirus infection in Russia, the Company's management promptly monitors the development of the situation. The Company is taking active measures to prevent the spread and reduce the risk of coronavirus infection and is promptly monitoring the development of the situation. Employees of the Company daily receive up-to-date information on the current epidemiological situation at the enterprise, country and in the world through the channels of internal corporate communications. The Company is taking active measures to prevent the spread and reduce the risk of coronavirus infection.

At the end of 2021, the spread of coronavirus infection did not have a significant impact on the Company's activities. The company was able to optimize its work in order to comply with Government Decrees, comply with recommendations for employers and ensure the safety of customers and employees..

The Company's management continues to closely monitor the development of the pandemic, taking active measures to minimize risks for personnel and business as a whole. The nature of the Company's activities does not relate to the areas most affected by the spread of coronavirus infection, and this circumstance did not lead to serious consequences related to the violation of the business continuity assumption (going concern assumption). In 2022 and subsequent periods, the management of the Company does not expect a significant impact of the pandemic on the activities of the Company.

26.2 Financial risks .

Financial risks include market risks, credit and liquidity risks

Market risk is the risk that the Company may experience adverse consequences if certain market parameters change. Market parameters include the following types of risk: interest rate risk, foreign exchange rate risk, commodity price risk and price index risk, and other price risks such as equity price risk.

Interest rate risk The assets and liabilities of the Company do not depend on the interest rate. Therefore, management believes that the Company is not exposed to interest rate risk on its assets and liabilities.

Currency risk

Currency risk is the risk that the Company may experience adverse effects in the event of changes in foreign exchange rates. Exposure to the risk of changes in foreign exchange rates is primarily due to operating activities (when revenue or expenses are denominated in foreign currency).

The Company purchases services in Russian rubles, and therefore the currency risks are assessed as insignificant.

Credit risk

Credit risk is the risk that the Company will incur financial losses because counterparties will not fulfil their obligations under the borrowed funds provided to them (including in the form of deferrals and instalment payments for goods sold, work performed or services rendered).

The Company is not exposed to credit risk associated with its operating activities. First of all, in relation to trade receivables.

Customer credit risk management is carried out in accordance with the policy, procedures and control system established by the Company in relation to customer credit risk management. Regular monitoring of outstanding receivables from clients is carried out. Analysis of receivables showed that the degree of this type of risk for the Company is not high.

Liquidity risk

Liquidity risk is associated with the Company's ability to timely and fully repay the financial liabilities available at the reporting date: accounts payable to suppliers and contractors, debt to lenders on loans and borrowings received, etc. The Company manages liquidity risk by choosing the optimal ratio of equity and borrowed capital in accordance with with management plans. Given the fact that part of the Company's accounts payable is accounts payable for services received from related parties, the Company has the opportunity to discuss options for debt restructuring, if necessary. In addition, the Company believes that it has sufficient access to sources of financing (primarily within the group of companies), and also has both engaged and unused credit resources that will allow it to meet expected borrowing needs.

27. Legal risks .

Legal risks represent the risk of losses due to non-compliance by companies with the requirements of regulatory legal acts and concluded agreements, legal errors made in the course of their activities and imperfections in the legal system.

Legal risk management is carried out in order to reduce (exclude) possible losses.

In order to maintain legal risk at an acceptable level, the Company takes the following measures:

• monitoring of changes in the legislative and regulatory framework of the Russian Federation and analysis of the need to change the internal regulatory framework of the Company;

• monitoring of the Company's internal documents for their availability, completeness and compliance with the legislative and regulatory framework of the Russian Federation;

• informing the employees of the Company about changes in the legislation of the Russian Federation, about changes in the internal documents of the Company;

• standardization of operation and transactions (methods, procedures, implementation of operations and transactions, conclusion of contracts) by developing and approving internal regulations and standard forms;

• control over compliance with the established internal procedure for approval by the Company's employees of concluded contracts and transactions;

• systematic analysis of indicators characterizing legal risks;

• monitoring the effectiveness of legal risk management;

• the legal service department monitors the legislation on an ongoing basis, informing the Company's employees about changes in the provisions and rules of law relating to legal risk.

27.1 Risks associated with new transfer pricing controls

Transfer pricing legislation allows the tax authorities to apply adjustments to transfer prices and impose additional income tax liabilities on all "controlled" transactions if the transaction price deviates from the market price level. The list of "controlled" transactions includes transactions with related parties and certain types of foreign transactions.

For intra-group transactions, transfer pricing rules apply only if the sum of all transactions with each related party individually exceeds:

• for operations in the domestic market - 1,000,000 thousand rubles in 2020 and 2021, if the parties apply different income tax rates and different tax regimes, apply exemption from VAT and/or income tax, application of investment tax deduction;

for operations on the international market - 60,000 thousand rubles in 2020 and 2021

In cases where internal transactions have led to the accrual of additional tax liabilities of one of the parties, the other party may accordingly adjust its income tax liabilities on the basis of a special notice issued by the authorized body in the prescribed manner.

These rules apply not only to transactions that took place in 2021, but also to transactions with related parties in previous years, if the related income and expenses were recognized in 2020.

The company is not subject to the new transfer pricing rules in 2021.

27.2 Risks associated with changes in currency regulation .

Domestic market: the risks associated with the possibility of changes in currency regulation are currently considered by the Company as immaterial. In connection with the policy of liberalization of foreign exchange regulation, the risks associated with changes in foreign exchange legislation are reduced.

Foreign market: legal risks associated with changes in foreign exchange regulations in the foreign market may affect the Company's activities in connection with operations in the foreign market. The Company constantly monitors changes in the regulatory framework in the field of currency regulation and control, strictly follows the provisions of the currency legislation.

Thus, the Company considers the risk of changes in currency regulation as insignificant and believes that the problem of a possible change in currency control rules should not significantly affect the Company's activities.

27.3.Risks associated with changes in currency regulation.

Recent developments in the Russian Federation indicate that the tax authorities may be taking a more assertive stance in interpreting tax legislation and tax calculations. As a result, the tax authorities may file claims for those transactions and accounting methods for which they have not previously filed claims. As a result, significant additional taxes, interest and penalties may be assessed. Tax audits may cover the three calendar years of activity immediately preceding the audit year. Under certain conditions, even earlier periods may be subject to verification.

The Company's management believes that the Company fully complies with the tax legislation relating to its activities, which, however, does not eliminate the potential possibility for disagreement with the relevant regulatory authorities on issues that allow for ambiguous interpretation.

Realization of this risk, that is, a change in the rules of taxation in the Russian Federation, may lead to an increase in the tax burden on the Company and a decrease in the Company's net profit.

In order to limit the possible negative impact of this risk on its activities, the Company provides for measures such as ongoing monitoring of changes in tax legislation.

In the event that changes are made to the existing procedure and conditions of taxation, the Company intends to plan its financial and economic activities taking into account these changes.

The probability of occurrence of this risk is assessed as medium, the damage to the Company from the realization of this risk is assessed as low.

Thus, the Company considers the risk of changes in tax legislation as insignificant and believes that the problem of a possible change in taxation rules should not significantly affect the Company's activities.

27.4 Risks of changes in judicial practice on issues related to the activities of the Company .

The realization of this risk, that is, a change in judicial practice, may lead to negative consequences in the form of penalties applied to the Company.

In order to limit the possible negative impact of this risk on its activities, the Company provides for such measures as conducting a permanent monitoring of changes in judicial practice on issues related to the activities of the Company.

If changes are made to the judicial practice on issues related to the activities of the Company, the Company intends to plan its financial and economic activities taking into account these changes.

The probability of occurrence of this risk is assessed as low, the damage to the Company from the realization of this risk is assessed as low.

Thus, the Company considers the risk of changes in judicial practice as insignificant and believes that the problem of possible issuance of court decisions that are negative for the Company should not significantly affect the Company's activities.

28 Country and regional risks

Country and regional risks and which are associated with the political and economic situation, geographical features in the country (countries) and region (regions) in which the organization carries out normal activities and (or) is registered as a taxpayer.

The stability of the Russian economy largely depends on the progress of economic reforms, the development of the legal, tax and administrative infrastructure, as well as on the effectiveness of the measures taken by the Government of the Russian Federation in the field of finance and monetary policy.

Despite the stabilization measures taken by the Government of the Russian Federation to ensure liquidity and refinance foreign loans of Russian banks and companies, uncertainty remains regarding the possibility of access to sources of capital, as well as the cost of capital for the Company and its counterparties, which may affect the financial position, results of operations and economic prospects of the Company. Instability in the capital markets could lead to a significant deterioration in liquidity in the banking sector and tightening credit conditions in Russia.

In general, the Company cannot have a significant impact on the economic situation in the country. However, in the event of a negative impact of a change in the situation in the country or region of the Russian Federation in which the Company operates, the Company will take all measures to reduce the negative consequences on the financial position and financial performance of the Company.

29 Reputational risks

Reputational risk is associated with a decrease in the number of customers (clients) of an organization due to a negative perception of the quality of its products, works, services, compliance with the terms of product delivery, performance of work, provision of services, participation in price collusion (price fixing) etc.

The Company's management believes that at present there are no facts that could have a significant negative impact on the reduction in the number of its buyers (customers) due to a negative perception of the quality of products (works, services) produced and sold by the Company, compliance with the deadlines for the performance of works (services), as well as participation of the Company in any price collusion/fixing. Accordingly, reputational risks are assessed by the Company as insignificant.

30 Events after the balance sheet date

Acquisition of shares in a subsidiary

The Company did not acquire shares of subsidiaries.

Legislative change

There were no changes in legislation that had an impact on the financial and economic performance of the Company.

Change in authorized capital

There were no changes in the authorized capital.

Change of leadership

There was no change in leadership.

NOTES TO THE FINANCIAL STATEMENTS

ENTITY INFORMATION

Registered address and registration number trade register

The registered and actual address of Tech Mahindra IT Services NL B.V. is Maanplein 20 Gebouw 8, 2516 CK in ‘s-Gravenhage. Tech Mahindra IT Services NL B.V. is registered at the Chamber of Commerce under number 17145728.

GENERAL NOTES

The most important activities of the entity

The activities of Tech Mahindra IT Services NL B.V. consist mainly of trading software licenses.

As of May 3, 2021 the company has changed it’s name from LCC Network Services B.V. to Tech Mahindra IT Services NL B.V.

Disclosure of group structure

Tech Mahindra IT Services NL B.V. is part of a group. The head of this group is Tech Mahindra Limited, established in Mumbai (India).

Disclosure of estimates

In applying the principles and policies for drawing up the financial statements, the directors of Tech Mahindra IT Services NL B.V. make different estimates and judgments that may be essential to the amounts disclosed in the financial statements. If it is necessary in order to provide the transparency required under Book 2, article 362, paragraph 1, the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

Disclosure of mergers and acquisitions

As per 1 July 2021, Tech Mahindra Netherlands B.V. and Tech Mahindra Limited Branch are merged into Tech Mahindra IT Services NL B.V.

The method used for the mergers is carry over accounting. With this method the book values of Tech Mahindra Netherlands B.V. will be transferred to Tech Mahindra IT Services NL B.V. as per the date of the merger. The equity of Tech Mahindra Netherlands B.V. will be recorded as share premium in the financial statements of Tech Mahindra IT Services NL B.V. The comparative figures don’t need to be adjusted in the financial statements.

For Tech Mahindra Limited Branch, the employees will be economically and legally transferred to Tech Mahindra IT Services NL B.V. as per 1 July 2021. All receivables and liabilities are transferred to the current account with Tech Mahindra Ltd.

GENERAL ACCOUNTING PRINCIPLES

The accounting standards used to prepare the financial statements

The financial statement is drawn up in accordance with the provisions of Title 9, Book 2 of the Dutch Civil Code and the Dutch Accounting Standards, as published by the Dutch Accounting Standards Board (‘Raad voor de Jaarverslaggeving’).

Assets and liabilities are generally valued at historical cost, production cost or at fair value at the time of acquisition. If no specific valuation principle has been stated, valuation is at historical cost. In the balance sheet, profit and loss account and the cash flow statement, references are made to the notes.

ACCOUNTING PRINCIPLES

Property, plant and equipment

Tangible fixed assets are valued at historical cost or production cost including directly attributable costs, less straight-line depreciation based on the expected future life and impairments.

Financial assets

Receivables recognised under financial fixed assets are initially valued at the fair value less transaction costs. These receivables are subsequently valued at amortised cost price, which is, in general, equal to the nominal value. For determining the value, any depreciation is taken into account.

Receivables

Receivables are initially valued at the fair value of the consideration to be received, including transaction costs if material. Receivables are subsequently valued at the amortised cost price. If there is no premium or discount and there are no transaction costs, the amortised cost price equals the nominal value of the accounts receivable. Provisions for bad debts are deducted from the carrying amount of the receivable.

Cash and cash equivalents

Cash at banks and in hand represent cash in hand, bank balances and deposits with terms of less than twelve months. Overdrafts at banks are recognised as part of debts to lending institutions under current liabilities. Cash at banks and in hand is valued at nominal value.

Current liabilities

On initial recognition current liabilities are recognised at fair value. After initial recognition current liabilities are recognised at the amortised cost price, being the amount received taking into account premiums or discounts and minus transaction costs. This is usually the nominal value.

Accounting principles for determining the result

The result is the difference between the realisable value of the goods/services provided and the costs and other charges during the year. The results on transactions are recognised in the year in which they are realised.

Revenue recognition

Net turnover comprises the income from the supply of goods and services and realised income from construction contracts after deduction of discounts and such like and of taxes levied on the turnover.

Income tax expense

Tax on the result is calculated based on the result before tax in the profit and loss account, taking account of the losses available for set-off from previous financial years and exempt profit components and after the addition of non-deductible costs. Due account is also taken of changes which occur in the deferred tax assets and deferred tax liabilities in respect of changes in the applicable tax rate.ates.

NOTES TO THE BALANCE SHEET

1. Property, plant and equipment

Movement may be presented as follows:

	Other fixed assets
	EUR
Book value as at 1 April 2021	-
Movements	
Additions / Merger Transfer	472,791

Securities Premium:

Securities premium reserve is used to record the premium on issue of shares. The fair value of employee stock options is recognised in securities premium once the shares have been allotted on exercise of the options.

General Reserve:

The general reserve is a free reserve which is used from time to time to transfer profits from retained earnings for appropriation purposes.

Other Reserve:

Other reserve represent reserve created out of profits for compliance of local laws of a subsidiaries.

Retained Earnings:

Retained earnings represents the undistributed profits of the group accumulated as on balance sheet date.

Foreign Currency Translation Reserve:

The exchange differences arising from the translation of financial statements of foreign operations with functional currency other than USD is recognised in other comprehensive income and is presented within equity in the foreign currency translation reserve.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Corporate Information:

The Company Sofgen Holdings Limited (the ''Company'') was incorporated in Cyprus on 27 May 2008 as a private limited liability company under the provisions of the Cyprus Companies Law, Cap. 113. Its registered office is at 229, Arch. Makarios III Ave. Meliza Court, 4th floor, 3105, Limassol, Cyprus.

The condensed consolidated financial statements for the year ended March 31, 2022 were approved by the Board of Directors and authorized for issue on June 29th 2022.

2. Significant accounting policies:

2.1 Statement of Compliance:

These condensed consolidated financial statements (referred to as 'financial statements') have been prepared in accordance with the Indian Accounting Standards (referred to as 'Ind AS') prescribed under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis for preparation of financial statements:

The functional currency of the Company is EURO and of its subsidiaries is the currency of the primary economic environment in which the entity operates. The presentation currency of the reporting entity is USD to facilitate consolidation by the Ultimate Holding Company.

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle.

The net-worth of the Group is eroded, primarily on account of losses earned in recent years. Management has performed an assessment of the ability of the Group to continue as a going concern at the reporting date for the foreseeable future, including a sensitivity assessment of its projections. In addition, the Group has obtained a Letter of Support from its ultimate holding company to provide financial assistance to the Group and it will continue in the near future which will at least be for 12 months from the date of signing of the 2021 financial statements.

Considering all the above factors, the Group believes that it has the ability to pay its operating expenses as they fall due in the ordinary course from its operating income and cash reserves; to satisfy the interest repayments in the ordinary course for 12 months from the date of the financial statements, from free cash available. Further, the Group continues to generate and receive revenue through new and existing customers even during the Pandemic situation and current economic uncertainty. Accordingly, these financial statements have been prepared as per the going concern assumption.

The Financial statements have been prepared as per section 129 (1) of the Act to assist the Tech Mahindra Limited (Parent Company) for preparation of consolidated financial statements and for the purpose of compliance with the provision of section 129 and Section 136 read with Schedule III of the Companies Act, 2013.

2.3 Basis of Consolidation:

These condensed consolidated financial statements comprise the financial statements of Sofgen Holdings Limited and its subsidiaries (the Company and its subsidiaries constitute "the Group"). The Company consolidates all entities which are controlled by it.

The Company establishes control when; it has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity. The results of subsidiaries acquired, or sold, during the year are consolidated from the effective date of acquisition and up to the effective date of disposal, as appropriate.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra- group balances, transactions including unrealized gain / loss from such transactions and cash flows are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company, are excluded.

Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the company's interests and the non-controlling interests are adjusted to reflect changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Condensed Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.

2.4 Business Combinations:

Acquisitions of businesses are accounted for using the purchase (acquisition) method.

The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed, and equity instruments issued at the date of exchange by the Group. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expenses as incurred.

The interest of non-controlling shareholders is initially measured either at fair value or at the non- controlling interests' proportionate share of the fair value of the acquiree' s identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting dates in accordance with IND AS 109 Financial Instruments or IND AS 37 Provisions, Contingent Liabilities and Contingent Assets, with the corresponding gain or loss being recognized in profit or loss.

Business combinations arising from transfers of interests in entities that are under the common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

Goodwill and intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment at least annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Intangible assets acquired separately are measured at cost of acquisition. Intangible assets acquired in a business combination, are measured at fair value as of the date of acquisition. Following initial recognition intangible assets are carried at cost , less accumulated amortization and accumulated impairment losses, if any.

2.5 Use of Estimates:

The preparation of financial statements requires the management of the Group to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Critical accounting estimates

i) Revenue Recognition

The Company applies the percentage of completion method in accounting for its fixed price development contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Judgement is also required to determine the transaction price for the contract and to allocate the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgments while determining the transaction price allocated to performance obligations using the expected cost-plus margin approach.

ii) Income taxes

The major tax jurisdictions for the Company are Cyprus, Singapore, Philippines and Africa. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carryforward period are reduced. The policy for the same has been explained under Note 2.15.

iii) Property, plant and equipment

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.6.

iv) Provisions

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.17.

v) Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets and their estimated useful life. These valuations are conducted by independent valuation experts.

vi) Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit is less than its carrying amount based on a number of factors including operating results, business plans, future cash flows and economic conditions. The recoverable amount of cash generating units is determined based on higher of value-in-use and fair value less cost to sell. The goodwill impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections consider past experience and represent management's best estimate about future developments.

vii) Compensated Absences

The cost of the compensated absences is based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, other long-term employee benefits are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.13.

viii) Expected credit losses on financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.8.

ix) Estimation uncertainties relating to the COVID-19 pandemic

The Group has considered the possible effects that may result from COVID-19, a global pandemic, on the carrying amount of receivables, unbilled revenue, intangible assets and goodwill. In developing the assumptions relating to the possible future uncertainties in global economic conditions because of this pandemic, the Group, as at the date of approval of these financial statements has used an internal and external source of information including economic forecasts. The Group based on current estimates expects the carrying amount of the above assets will be recovered, net of provisions.

2.6 Property, Plant & Equipment and Intangible assets:

Property, Plant & Equipment and intangible assets are stated at actual cost less accumulated depreciation and net of impairment.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to it working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life has been assessed based on internal technical estimate, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful lives of assets are as follows:

Computers	3 years
Furniture and Fixtures	5 years
Plant and equipments	3 to 5 years
Leasehold Improvements	5 yeas
Office Equipment	5 years

The estimated useful lives and residual values of the Property, Plant & Equipment and Intangible Assets are reviewed at the end of each reporting period

Leasehold improvements are amortized over the shorter of estimated useful life of the asset and lease term.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Project specific intangible assets are amortized over their estimated useful lives on a straight-line basis or over the period of the license/lease period, whichever is lower.

An item of Property, Plant & Equipment and intangibles asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets are determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

2.7 Leases:

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in substance fixed lease payments. The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Group as a lessor

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. The Group recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Group is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Group applies Ind AS 115 Revenue to allocate the consideration in the contract.

2.8 Impairment of Assets:

i) Financial assets

The Group applies the expected credit loss model for recognizing impairment loss on financial assets. Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using effective interest rate. Loss allowances for trade receivables are measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes into the account historical credit loss experience adjusted for forward looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime expected credit loss.

ii) Non-financial assets

a) Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit

(CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than it's carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the profit or loss.

b) Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that goodwill may be impaired, relying on a number of factors including operating results, business plans and future cash flows. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the Group's cash generating units (CGU) or groups of CGUs' expected to benefit from the synergies arising from the business combination.

A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU.

The Group estimates the value-in-use of the cash generating unit (CGU) based on the future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The discount rate used for the CGU's represent the weighted average cost of capital based on the historical market returns of comparable companies.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

2.9 Revenue recognition:

Revenue from information technology services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and fixed price development contracts. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items.

Revenue from time and material contracts is recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue from fixed price maintenance contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. If invoicing is not consistent with value delivered, revenue is recognized as the services are performed. When services are performed through an indefinite number of repetitive acts over a specified period, revenue is recognised on a straight-line basis over the specified period unless some other method better represents the manner in which services are performed.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the consolidated statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Group may include supply of third-party equipment or software. In such cases, revenue for supply of such third- party products are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognizes gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability ("Unearned revenue") arises when there are billing in excess of revenue.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Group has applied the guidance in Ind AS 115, by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost-plus margin approach in estimating the standalone selling price. Fixed Price Development contracts and related services, the performance obligation is satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a ‘right to use’ the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a ‘right to access’ is recognised over the access period. The Group has applied the principles of Ind AS 115 to account for revenues for these performance obligations.

The Group accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Group recognises the liability based on its estimate of the customer’s future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Group recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Deferred contract costs are upfront costs incurred for the contract and are amortized on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling prices. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

Liquidated damages and penalties are accounted as per the contract terms wherever there is a delayed delivery attributable to the Group and when there is a reasonable certainty with which the same can be estimated.

The Group disaggregates revenue from contracts with customers by geography.

Dividend income is recognised when the Group’s right to receive dividend is established. Interest income is recognised using effective interest rate method.

2.10 Foreign currency transactions:

The functional currency of the group is United States Dollar (‘USD’) whereas the functional currency of foreign subsidiaries is the currency of their primary economic environment.

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss.

2.11 Foreign Operations:

For the purpose of these consolidated financial statements, the assets and liabilities of the Group’s foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognized in other comprehensive income and accumulated in equity.

When a subsidiary is disposed of, in full, the relevant amount is transferred to net profit in the statement of profit and loss. However, when a change in the parent’s ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

2.12 Financial Instruments:

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in profit or loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost using the effective interest rate method less impairment losses, if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortized cost is carried at fair value through profit or loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Group, on initial application of IND AS 109 has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortized cost, the carrying amounts approximate fair values due to the short-term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized in a business combination or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit and loss.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

ii) Financial Guarantee contracts

Financial guarantee contracts issued by the Company are initially measured at fair value and subsequently measured at the higher of the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115.

iii) Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group retains substantially all the risk and rewards of transferred financial assets, the Group continues to recognize the financial asset and also recognizes the borrowing for the proceeds received.

The Group derecognizes financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

2.13 Employee Benefits:

a) Gratuity:

The Group accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation, or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method. Certain overseas subsidiaries of the Company also provide for retirement benefit plans in accordance with the local laws.

Actuarial gains and losses are recognised in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

b) Defined Contribution Plans

Provident fund/Social Security Contributions:

The eligible employees of the Group are entitled to receive the benefits of Social Security Contributions Scheme applicable to the employees as per the labour laws of the country in which the subsidiary is domiciled. These Schemes are in nature of a defined contribution plan, in which both employees and the company make monthly contributions at a specified percentage of the covered employees' salary which are charged to the Statement of Profit and Loss on accrual basis.

c) Compensated absences:

The Group provides for the compensated absences subject to certain Group's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date. It is measured as at balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method, whereas provision for encashment of unavailed leave on retirement is made on actual basis for foreign subsidiaries.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

The Group also offers a short term benefit in the form of encashment of unavailed accumulated compensated absence above certain limit for all of its employees and same is recognised as undiscounted liability at the balance sheet date.

d) Other short term employee benefits:

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognised in the statement of profit and loss during the period when the employee renders the service.

2.14 Borrowing costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

2.15 Taxation:

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred income tax liabilities are recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax liability (DTL) is not recognized on the accumulated undistributed profits of the subsidiary companies in the consolidated financial statements of the company if it is determined that such accumulated undistributed profits will not be distributed in the foreseeable future. When it is probable that the accumulated undistributed profits will be distributed in the foreseeable future, then DTL on accumulated undistributed profits of the subsidiary companies is recognized in the consolidated statement of profit and loss of the Group.

In cases, where the dividend distribution tax (DDT) paid by a subsidiary on distribution of its accumulated profits/ tax on dividend from a foreign subsidiary, is allowed as a set off against the Group's own DDT liability, then the amount of DDT paid by domestic subsidiary/ tax paid on foreign dividend is recognised in the consolidated statement of changes in equity.

The Group recognizes interest levied and penalties related to income tax assessments in interest expenses.

2.16 Earnings per Share:

Basic earnings/ (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For the purpose of calculating diluted earnings / (loss) per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

2.17 Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Group has a present obligation as a result of past event, and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

2.18 Recent Indian Accounting Standards (Ind AS):

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013 revising Division I, II and III of Schedule III and are applicable from 1 April 2021. The amendments primarily relate to:

a) Change in existing presentation requirements for certain items in the Balance sheet, for e.g. lease liabilities, security deposits, current maturities of long-term borrowings, effect of prior period errors on Equity Share capital

b) Additional disclosure requirements in specified formats, for e.g. ageing of trade receivables, trade payables, capital work in progress, intangible assets, shareholding of promoters

c) Disclosure if funds have been used other than for the specific purpose for which it was borrowed from banks and financial institutions

d) Additional Regulatory Information, for e.g. compliance with layers of companies, title deeds of immovable properties, financial ratios, loans and advances to key managerial personnel

e) Disclosures relating to undisclosed income and crypto or virtual currency etc.

The Company is currently evaluating the impact of these amendments.

Number of shares held by each shareholder holding more than 5 percent of the equity shares of the Company is as follows:

Name of Shareholder	As at March 31, 2022		As at March 31, 2021	
	No. of shares held	% of Holding #	No. of shares held	% of Holding #
Tech Mahindra Limited	13,739,910	100	5,362,910	100

This percentage of holding is presented with reference to issued, subscribed and paid up share capital.

i) Each ordinary equity share and option share entitles the holder to one vote and carries an equal right to dividend. Class A type equity shares are not entitled to right to vote or dividend.

ii) Capital Management:

The Group manages its capital to ensure that it will be able to continue as a going concern while maximizing the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Group consists of net debt and total equity of the Group. The Group is not subject to any externally imposed capital requirements. The Group's risk management committee reviews the capital structure of the Group on an ongoing basis. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital.

Shares held by promoters at the beginning and at the end of the year:

24. Particulars of Consolidation

The financial statements present the consolidated accounts of the Group, which consists of financial statements of Sofgen Holdings Limited and its subsidiaries:

Name of Company	Country of Incorporation	Extent of Holding	
		As at March 31, 2022	As at March 31, 2021
Sofgen Holdings Limited and its following subsidiaries:	Cyprus		
• Sofgen Africa Limited	Kenya	100%	100%
• Tech Mahindra Products Services Singapore Pte. Ltd. (Formerly known as Sofgen Services Pte. Ltd.)	Singapore	-	100%

25. Contingent Liabilities

Bank Guarantees/corporate guarantees outstanding as at March 31, 2022: Nil. (March 31, 2021: Nil).

26. Goodwill

Following is the summary of changes in carrying amount of goodwill:

	USD in Thousands	
Particulars	**Year ended**	
	March 31, 2022	**March 31, 2021**
Balance at the beginning of the year	-	2,406
Acquisition/(Sell-off) during the year	-	(2,406)
Effect of foreign currency exchange differences (net)	-	-
Impairment	-	-
Balance at the end of the year	**-**	**-**

The Group tests goodwill for impairment at least annually, or more frequently if events or changes in circumstances indicate that it might be impaired. Goodwill has been allocated for impairment testing purposes to the underlying cash-generating unit ('CGU') identified based on business units/geographies. The goodwill impairment test is performed at the level of the CGU or groups of CGUs which are benefiting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. The recoverable value was determined by value in use in cases where there is no basis for making a reliable estimate of the price at which an orderly transaction to sell the asset would take place between market participants at the measurement date under current market conditions.

In determining the value in use, cash flow projections from financial budgets approved by senior management have been considered. Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins.

Cash flow projections are considered for next 3-5 years and consider past experience and represent management's best estimate about future developments. Cash flows beyond the five-year period are extrapolated using a 2% rate.

27. Details of employee benefits as required by IND AS-19 - Employee Benefits are as under:

Defined Contribution Plan

Amount recognized as an expense in the Statement of Profit and Loss for the year ended March 31, 2022 in respect of defined contribution plan is USD 271 Thousand (March 31, 2021: USD 817 Thousand).

28. Financial Instruments and Risk Review

Financial Risk Management Framework

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

Financial Instruments by Category

The carrying value and fair value of financial instruments by categories as of March 31, 2022 is as follows:

USD in Thousand

Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortized cost	Total carrying value	Total Fair Value*
Assets:						
Cash and cash equivalents	-	-	-	2,035	2,035	2,035

Other financial liabilities	-	-	-	211	211	211
Total	**-**	**-**	**-**	**8,249**	**8,249**	**8,249**

The carrying value and fair value of financial instruments by categories as of March 31, 2021 is as follows:

USD in Thousand

Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortized cost	Total carrying value	Total Fair Value*
Assets:						
Cash and cash equivalents	-	-	-	8,072	8,072	8,072
Trade receivables	-	-	-	5,395	5,395	5,395
Investments (other than subsidiaries)	-	-	-	83	83	83
Loans	-	-	-	500	500	500
Other financial assets	-	-	-	156	156	156
Total	**-**	**-**	**-**	**14,206**	**14,206**	**14,206**
Liabilities:						
Trade and other payables	-	-	-	7,111	7,111	7,111
Borrowings	-	-	-	15,859	15,859	15,859
Lease Liability				218	218	218
Other financial liabilities	-	-	-	484	484	484
Total	**-**	**-**	**-**	**23,672**	**23,672**	**23,672**

*The fair value of cash and cash equivalents, trade receivables, unbilled receivables, trade payables, borrowing and certain other financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments.

Fair Value Hierarchy

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required), The different levels have been defined as follows:

Level -1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities at net market value.

Level -2 – Inputs other than quoted prices included within level-1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level - 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Since there are no financial instruments valued at fair value, no further disclosure is required.

Credit Risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, and other financial assets. None of the financial instruments of the Group results in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in funds deposited at a bank/financial institution for a specified time period.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was USD 3,899 Thousand and USD 14,206 Thousand as of March 31, 2022 and March 31, 2021 respectively, being the total of the carrying amount of trade receivables, investments, loans, cash and cash equivalents, and other financial assets.

In addition, the Group is exposed to credit risk in relation to financial guarantees given to banks provided by the Group. The Group's maximum exposure in this respect is the maximum amount the Group would have to pay if the guarantee is called on. Refer Note 25 above.

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Group assesses at each date of statements of financial position whether a financial asset or a group of financial assets is impaired

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusts for forward-looking information. Group's exposure to customers is diversified and no single customer contributes to more than 10% of outstanding accounts receivable and unbilled revenue as of March 31, 2022 and March 31, 2021. The concentration of credit risk is limited because the customer base is large and unrelated.

The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix.

Movement in the expected credit loss allowance:

		USD in Thousand
Particulars	**As at March 31, 2022**	**As at March 31, 2021**
Balance at the beginning of the year	1,726	1,578
Movement in the expected credit loss allowance on trade receivables calculated at lifetime expected credit losses	2,604	148
Balance at the end of the year	**4,330**	**1,726**

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity, and other market changes. The Group's exposure to market risk is primarily because of foreign currency exchange rate risk.

Foreign Currency Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Group operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar, Euro, Singapore Dollar, Great Britain Pound, Swiss Franc and Kenyan Shillings against the respective functional currencies of Sofgen Holdings Limited. The Group evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

Interest Rate Sensitivity Analysis

If interest rates had been 0.25 basis points higher/lower and all other variables were held constant, the Group's profit for the year ended March 31, 2022 would decrease/increase by USD 10 Thousand (March 31, 2021: decrease/ increase by USD 40 Thousand). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

Liquidity Risk

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2022:

USD in Thousand

Particulars	**Less than 1 year**	**1-3 years**	**3-5 years**	**Total**
Non-Derivative Financial Liabilities				
Lease Liabilities	-	-	-	-
Other borrowings	4,143	-	-	4,143
Trade Payables	3,895	-	-	3,895
Other Financial Liabilities	211	-	-	211
Total	**8,249**	-	-	**8,249**

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2021:

USD in Thousand

Particulars	**Less than 1 year**	**1-3 years**	**3-5 years**	**Total**
Non-Derivative Financial Liabilities				
Lease Liabilities	218	-	-	218
Other borrowings	15,859	-	-	15,859
Trade Payables	7,111	-	-	7,111
Other financial liabilities	484	-	-	484
Total	**23,672**	-	-	**23,672**

Other Risks:

Financial assets carried at amortized cost as at March 31, 2022 is USD 3,899 Thousand (March 31, 2021: USD 14,206 Thousand).

In addition to assessing counterparty risk and the historical pattern of credit loss, the Company has considered the likelihood of increased credit risk considering emerging situations due to the COVID-19 pandemic. This assessment is based on the likelihood of the recoveries from the customers in the present situation. The Company closely monitors its customers who are going through financial stress and assesses actions such as change in payment terms, recognition of revenue on collection basis etc., depending on severity of each case. The same assessment is done in respect of unbilled receivables and contract assets while arriving at the level of provision that is required. Basis this assessment, the allowance for doubtful trade receivables is considered adequate.

29. Current Tax and Deferred Tax

The income tax expense for the year ended can be reconciled to the accounting profit as follows:

USD in Thousand

Particulars	**Year ended**	
	March 31, 2022	**March 31, 2021**
Profit/(Loss) before income taxes	(5,768)	1,155
Enacted tax rates	22.51%	22.51%
Income tax expense calculated at tax rate	-	(260)
Effect of expenses that are not deductible in determining taxable profit	-	501
Effect of unused tax losses and tax offsets not recognised as deferred tax assets	-	38
Others	636	(2,879)
Income tax expense recognized in profit or loss	**636**	**(2,601)**

Deferred Tax:

The breakup of Deferred Tax Assets presented in the Balance Sheet is as follows:

	Tech Mahindra Singapore Pte Ltd.	-	985

* Loan given to Tech Mahindra (Switzerland) SA amounting to USD 2,622 Thousand has been fully impaired.

31. Operating Segments

Ind AS 108 establishes standards for the way that companies report information about their operating segments and related disclosures, as applicable about products and services, geographic areas, and major customers.

Based on the "management approach" as defined in Ind AS 108, the management evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

The Group is engaged in the business of providing IT services. As the Group is engaged in only one business segment, the balance sheet as at 31 March 2022 and statement of profit and loss for the year ended then pertain to only one business segment. Accordingly, information has been presented only for geographic segments.

Geographical information on revenue and business segment revenue information is collated based on individual customers invoiced or in relation to which the revenue is otherwise recognized. Information on reportable segments for the year ended March 31, 2022 given below:

Revenues as per geographies

USD in Thousand

Geography	For the year ended	
	March 31, 2022	March 31, 2021
Americas	34	196
Europe	562	11,704
Asia Pacific Region	9,432	10,377
Rest of the world	457	1,636
Total	**10,485**	**23,912**

32. Disclosure for Ind AS 115 – Revenue from contracts with customers

Disaggregation of Revenue:

Revenue disaggregation by geography is disclosed in Note 31 above.

The Group has evaluated the impact of the COVID-19 pandemic, amongst other matters, resulting from (i) the possibility of constraints to render services which may require revision of estimations of costs to complete the contract because of additional efforts, (ii) termination or deferment of contracts by customers and (iii) customer disputes. The Group has concluded that the impact of the COVID-19 pandemic is not material based on these estimates.

33. Leases:

Group as a lessee:

Operating leases:

The Group has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Group has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right of use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

The total cash outflow for leases is USD 218 Thousand for the year ended March 31, 2022, including cash outflow for short term and low value leases.

The table below provides details regarding the contractual maturities of lease liabilities as of March 31, 2022 on discounted and undiscounted basis:

			USD in Thousands
Particulars	**Not later than 1 year**	**1 - 5 years**	**Later than 5 years**
Minimum Lease Rental Payables	-	-	-
Present Value of Minimum Lease Payments	-	-	-

The table below provides details regarding the contractual maturities of lease liabilities as of March 31, 2021 on discounted and undiscounted basis:

			USD in Thousands
Particulars	**Not later than 1 year**	**1 - 5 years**	**Later than 5 years**
Minimum Lease Rental Payables	223	-	-
Present Value of Minimum Lease Payments	218	-	-

34. Earnings Per Share is calculated as follows:

	USD. in Thousands except earnings per share	
Particulars	**For the year ended**	
	March 31, 2022	**March 31, 2021**
Net Loss attributable to shareholders after taxation	(5,132)	(1,446)
Equity Shares outstanding as at the end of the period (in nos.)	13,739,910	5,362,910
Weighted average number of equity shares outstanding	11,720,249	1,104,609
Nominal Value per Equity Share		
- Earnings Per Share (Basic)	(0.44)	(1.31)
- Earnings Per Share (Diluted)	(0.44)	(1.31)

35. Additional regulatory information

A. Trade Receivable ageing schedule as on March 31, 2022:

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ALLYIS INDIA (P) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ALLYIS INDIA (P) LIMITED, ("the Company"), which comprise the balance sheet as at 31st March 2022, statement of profit and loss, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(d) The Balance Sheet, the Statement of Profit and Loss, (the Statement of Changes in Equity) and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

(e) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(f) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

(g) Since the Company's turnover as per last audited financial statements is less than ₹50 Crores and its borrowings from banks and financial institutions at any time during the year is less than ₹25 Crores, the Company is exempted from getting an audit opinion with respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls vide notification dated June 13, 2017;

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ALLYIS INDIA (P) LIMITED

(i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The company is maintaining proper records showing full particulars of intangible assets;

(b) As explained to us, these Property, Plant and Equipment have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such verification.

(c) The company does not own any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee). Hence, clause i(c) of paragraph 3 is not applicable to the Company.

(d) The company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) There are no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) The nature of the business of the company does not require it to have any inventory. Hence, the requirement of clause (ii) of paragraph 3 of the said order is not applicable.

(b) During any point of time of the year, the company doesn't have any working capital limits from banks or financial institutions on the basis of security of current assets. Hence, there is no requirement to file the quarterly returns or statements by the company with such banks or financial institutions.

(iii) During the year the company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence clause (iii) of paragraph 3 of the said order is not applicable.

(iv) The Company has not given any loans, made investments, guarantees, and security, in respect of provisions of sections 185 and 186 of the Companies Act. Hence clause (iv) of paragraph 3 of the said order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence clause (v) of paragraph 3 of the said order is not applicable.

(vi) As informed to us, the Central Government has not prescribed maintenance of cost records under sub-section (l) of section 148 of the Act in respect of business of the company.

(vii) (a) The company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities.

(b) There is no disputed amount of statutory dues referred to sub-clause (a).

(viii) There are no such transactions need to recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) As the Company does not have any loans or borrowings from any financial institution or bank or Government, the provisions of Clause 3(ix) of the Order are not applicable to the Company.

(x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions of Clause 3(x) of the Order are not applicable to the Company

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Hence, the provisions of Clause 3(x) of the Order are not applicable to the Company.

(xi) (a) There is no fraud by the company or any fraud on the company has been noticed or reported during the year. Hence, the provisions of Clause 3(xi)(a) of the Order are not applicable to the Company.

(b) There is no report requited to file under sub-section (12) of section 143 of the Companies Act by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;

(c) There are no whistle-blower complaints received during the year by the company. Hence, the provisions of Clause 3(xi)(c) of the Order are not applicable to the Company.

(xii) (a) As the Company is not a Nidhi Company, Nidhi Rules, 2014 are not applicable to it. The provisions of clause 3(xii) of the Order are not applicable to the Company.

(xiii) All the transactions with related parties in compliance with the provisions of sections 177 and 188 of the Act and the details have been disclosed in the financial statements, etc., as required by the applicable accounting standards.

(xiv) The company is not covered u/s 138 of Companies Act 2013. Hence, clause 3(xiv) of the Order are not applicable to the Company.

(xv) The Company has not entered any non-cash transactions with directors or persons connected with him.

(xvi) (a) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Accordingly, the provisions of clause 3(xvi) of the Order are not applicable to the Company.

(b) The company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934;

(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

(d) As the company is not CIC, clause 3(xvi) (d) not applicable to the Company.

(xvii) The company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, The auditor is of the opinion that no material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;

(xx) As provisions of Section 135 of the Act is not applicable on the company, the provisions of Clause 3(xx) of the Order are not applicable to the Company.

(xxi) As the consolidated financial statements is not applicable on the company, the provisions of Clause 3(xxi) of the Order are not applicable to the Company.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

(All amounts in Indian Rupees, except for share data, and if otherwise stated)

1 Corporate information

Alliys India Private Limited ('the Company') is a private limited company domiciled in India. The Company is engaged in rendering Software Development Service for its holding company i.e. Allyis INC and domestic customers in the field of employee's recruitment.

2 Significant accounting policies

a. Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 as amended. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

b. Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c. Current-non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets

An asset is classified as current when it satisfies any of the following criteria:

a. it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;

b. it is held primarily for the purpose of being traded;

c. it is expected to be realised within 12 months after the reporting date; or

d. it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

a. it is expected to be settled in the Company's normal operating cycle;

b. it is held primarily for the purpose of being traded;

c. it is due to be settled within 12 months after the reporting date; or

d. the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current financial assets/ liabilities respectively. All other assets/ liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.The Company has determined its operating cycle as twelve months having regard to the nature of its business.

d. Fixed assets

Property, plant and equipment and depreciation

Property, plant and equipment are carried at the cost of acquisition or construction, less accumulated depreciation and/ or accumulated impairment loss, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable costs of bringing the asset to its working condition for its intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent expenditures related to an item of property, plant and equipment are added to its book value only if they increase the future benefits from the existing assets beyond its previously assessed standard of performance.

Borrowing cost are interest costs (including exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred by the Company in connection with the borrowing of the funds. Borrowing costs directly attributable to acquisition or construction of those property, plant and equipment which necessarily takes a sustainable period of time to get ready for their intended use are capitalised. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Property, plant and equipment under construction are disclosed as capital work-in-progress

If significant components of an item of property, plant and equipment have different useful lives, then they are accounted for as a separate items (major components) of property, plant and equipment.

Advances paid towards acquisition of property, plant and equipment outstanding at each Balance Sheet date, are shown under long-term loans and advances and cost of assets not ready for intended use before the year end, are shown as capital work-in-progress.

Property, plant and equipment are depreciated on a pro-rata basis using the rates arrived based on useful lives as prescribed in Schedule-II of the Companies Act, 2013, or useful lives of assets estimated by the management based on technical advice in cases where a useful life is different than the useful lives indicated in Schedule-II of the Companies Act, 2013, which represents the period over which management expects to use these assets, as follows:

Asset description	**Useful Life (Years)**	**Rate WDV**
Office Equipment (NSED)	5	45.07%
Electrical Installations & Equipment (NSED)	10	25.89%
Computer & Data processing (NESD)		
a) Server & Networks	6	39.30%
b) End user devises such as desktop, laptops etc.	3	63.16%
Furniture & Fittings (NESD)	10	25.89%
Motor Vehicles	10	39.30%

Leasehold land and leasehold improvement are depreciated on straight line basis over the period of the lease or their estimated useful life, whichever is lower.

Leasehold land is being depreciated over the period of primary lease period of 99 years.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by management at each reporting date and adjusted prospectively, as appropriate.

Depreciation on additions is provided on a pro-rata basis from the date of acquisition/ installation. Depreciation on sale/ deduction from property, plant and equipment is provided for up to the date of sale/ adjustment, as the case may be.

A property, plant and equipment is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Assets retired from active use and held for disposal are stated at the lower of their net book value and net realisable value and are shown under ‘Other current assets’. Losses arising from retirement or gains or losses arising from disposal of property, plant and equipment which are carried at cost are recognized in the Statement of Profit and Loss.

Intangible assets and amortisation

Intangible assets comprise computer software are stated at acquisition cost less accumulated amortisation and impairment loss, if any. The cost of an item of intangible fixed asset comprises its purchase price, including import duties and other non-refundable taxes or levies and any attributable costs of bringing the asset to its working condition for its intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Advances paid towards acquisition of intangible assets outstanding at each Balance Sheet date, are shown under long-term loans and advances.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

Intangible assets are amortised in the Statement of Profit and Loss over their estimated useful life being 3 years.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

e. Impairment

The carrying value of assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the assets recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

f. Revenue recognition

Income from services

Revenue from export of services is recognized in accordance with the terms of the contract on a time proportion basis to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Other income is recognized on accrual basis.

g. Cash and cash equivalents

Cash and cash equivalents comprise cash balances on hand, cash balance with bank, and highly liquid investments with original maturities, at the date of purchase/ investment, of three months or less.

h. Foreign currency translation

Foreign currency transactions and balances

(i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange differences

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

1 Exchange differences arising on long-term foreign currency monetary items related to acquisition of a property, plant and equipment and intangible assets are capitalized and depreciated over the remaining useful life of the asset.

2 All other exchange differences are recognized as income or as expenses in the period in which they arise.

i. Retirement and other employee benefit

Provident fund: Contribution towards provident fund for employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

The company's contribution to defined contribution plan is charged to Statement of Profit and Loss as incurred.

Employees' state insurance: The Company's contribution to state plan, namely employees' state insurance fund(ESI) a defined contribution benefits is charged to the Statement of Profit & Loss as incurred.

Gratuity: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year and the benefit plan is a non-funded scheme. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

Compensated absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognized in the statement of profit and loss in the year in which they arise.

Termination benefits: Termination benefits in the nature of voluntary retirement benefits are recognized in the Statement of Profit and Loss as and when incurred.

j. Income Taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

k. Provisions and contingencies

Provisions

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. Provisions are measured on an undiscounted basis.

Contingencies

Provisions in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

l. Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not a probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

m. Leases

Leased assets under which the Company assumes substantially all risks and benefits of ownership are classified as finance lease. Other leases are classified as operating leases.

Operating leases: Lease rentals in respect of assets taken on operating lease are charged to the Statement of Profit and Loss on a straight line basis over the lease period.

n. Borrowing costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

o. Segment reporting

Business segment:

The Company engaged in the business of manufacturing and sale electrical distribution equipment for industrial use which is considered as single business segment. Accordingly, the disclosures on primary business segment have not been provided since the Company has only one business segment.

Geographical segment:

The Company exports to customers and accordingly, the secondary segment for the Company is based on the location of the customers.

p. Earning per share

Basic earnings/ (loss) per share are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split. For the purpose of calculating diluted earnings/ (loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date.

11(a) Right preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regards to dividends and share the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time subject to payment of dividend to preference shareholders. An equity shareholder present in person shall have right to one vote in case of voting by show of hand. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company in accordance with Articles of Association of the Company (as may be in force).

As per records of the Company, including its register of shareholders/ members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents both legal and beneficial ownerships of shares.

11(d) The Board of Directors at its meeting held on May 12, 2021, approved a proposal to buy-back upto 1,99,999 equity shares of the Company for an aggregate amount not exceeding ₹ 83,99,958, being 20% of the total paid up equity share capital at ₹42 per equity share. The shareholders approved the same on June 14, 2021, by way of a special resolution. A Letter of Offer was made to all eligible shareholders. The Company bought back 1,99,999 equity shares out of the shares that were tendered by eligible shareholders and extinguished the equity shares on July 09, 2021. Capital redemption reserve was created to the extent of share capital extinguished (₹1,99,999). The excess cost of buy-back of ₹ 83,99,958 (including NIL towards transaction cost of buy-back) over par value of shares and corresponding tax on buy-back of ₹ 14,90,937 were offset from retained earnings.

BRIEF DESCRIPTION OF THE COMPANY'S WORKING DURING THE YEAR/STATE OF COMPANY'S AFFAIRS

Begig was founded in April 2021 as a subsidiary of Tech Mahindra Limited. It's a freelance marketplace that connects top tech talent with top companies, revolutionising the gig economy.

Our Vision is to build the world's largest global ecosystem for tech freelancers and businesses, bridging the technological skills gap in all industries. We aspire to develop a tech community for the future by delivering experienced and vetted tech people as well as high-budget gigs with top companies through our ecosystem.

Our Mission is to transform the way tech freelancers get work, earn more money, and grow by providing exclusive rewards. With our hand-picked, premium talent pool of qualified technologists, we help businesses save time and money.

Begig is using AI matching technology to match the qualified candidates according to their skill sets as per the Gig posted instantly to achieve their goals with ease and maximise the quality. Apart from quality we are providing perks & rewards to both Freelancers and enterprises. At present, we have launched our website and App (both android and iOS) and are doing business in India only.

Our future plan is to expand worldwide in the next 2-3 years. Our Target market for freelancers is South Asia & eastern Europe & USA, Europe & Australia for Enterprises. Also, we are focusing towards creating facilities for code repositories, GDPR compliance, cyber security & smart contracts for transactions.

Begig has a diversified team of very talented people with innovative & self-driven mindset from top colleges with managerial and entrepreneurial backgrounds. Everyone in the team is multi-talented, working cross functionally and growing together.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BEGIG PRIVATE LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of BEGIG PRIVATE LIMITED (the "Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its loss, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director's Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. We have nothing to report in this regard

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except information which is contained in the electronic records is complete but possible to be altered.

    c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

    d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

    e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

g) With respect to the matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V to the Companies Act, 2013.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   (a) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under and (b) above, contain any material misstatement.

   v. During the year, Company did not declare or paid any Dividend.

2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of BeGig Private Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub- section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of BEGIG PRIVATE LIMITED (the "Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being

made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of BeGig Private Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

i. In respect of Property, Plant and Equipment:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) Property, Plant and Equipment were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company does not have any immovable properties.

(d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii. (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.

(b) The Company has not been sanctioned any working capital limits, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

iii. The Company has not made any Investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, during the year hence reporting under clause 3(iii) of the Order is not applicable.

iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

vi. The maintenance of cost records has not been specified by the Central Government under sub- section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. In respect of statutory dues:

(a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

(b) According to records of the Company, there are no statutory dues as referred to in sub-clause (a) above, which have not been deposited on account of any dispute.

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

ix. (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix) of the Order is not applicable.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures

(f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has made allotment of equity shares through Right Issue and the requirements of section 42 and section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised.

xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As informed to us, no whistle blower complaints have been received by the Company during the year (and up to the date of this report). Hence reporting under clause 3(xi)(c) of the Order is not applicable

xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. The company is not required to have internal audit system under section 138 of the Companies Act, 2013 hence reporting under clause 3(xiv) of the Order is not applicable

xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

xvii. The Company has incurred cash losses during the financial year covered by our audit amounting to ₹ 2,27,67,506.

xviii. There has been no resignation of the statutory auditors of the Company during the year.

xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. The company is not required to spend in pursuance of its Corporate Social Responsibility under section 135 of the Companies Act, 2013. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

1. Company Overview

BeGig Private Limited ('the Company') was incorporated on 22 April, 2021 as a private limited company under the Companies Act, 2013. The registered office is located in 7th Floor, Capital Cyberscape, Sector 59 Golf Course Extension Road, Gurugram, Haryana- 122102. BeGig was established with a vision to create the biggest global ecosystem for tech freelancers and enterprises, bridging the tech skill gap across all industries. Also, to transform the way tech freelancers find work, earn more, and encourage growth with exclusive rewards and help enterprises save time and money with hand-picked, premium talent pool of skilled techies.

The financial statements ('financial statement') for the year ended March 31, 2022 were approved by the Board of Directors and authorized for issue on 10th May, 2022.

2. Significant Accounting Policies

2.1 Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

2.2 Basis for preparation of financial statements

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, unless otherwise stated. This is being the first financial statement of the Company after incorporation, statement of profit and loss is prepared from the date of incorporation (April 22, 2021) to period ended 31 March, 2022. Also, no comparative numbers are applicable for the Company for the current period's financial statements.

These financial statements have been prepared on the historical cost basis and on accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Critical accounting estimates

i) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.10.

ii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

iii) Provisions

Provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.13.

iv) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

2.4 Property, Plant & Equipment and Intangible assets

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortization and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows

Particulars	**Life (In years)**
Computers	3
Trademarks	10
Software	3

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

An item of Property, Plant & Equipment and intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the standalone statement of profit and loss.

2.5 Impairment of Assets:

i. Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii. Non-financial assets - Property, Plant & Equipment

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e., higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than it carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the profit or loss.

2.6 Revenue recognition:

Revenue recognition is based on the terms and conditions as per the contracts entered into / understanding with the customers. All revenues from services, as rendered, are recognized when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

Contracts assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability arises when there is Company’s obligation to transfer goods or services to a customer for which the entity has received consideration (“Advances from Customer”) or the amount is due from the customer (“Unearned Revenue”)

2.7 Foreign currency transactions:

The functional currency of the company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss.

2.8 Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized in Statement of profit and loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortized cost is carried at fair value through profit and loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL is measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

Financial liabilities

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

ii) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

2.9 Employee benefits

i) Gratuity:

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

ii) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis.

iii) Compensated absences:

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in the Statement of Profit and Loss in the period in which they occur. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

iv) Other short term employee benefits:

Other short-term employee benefits such as performance incentives expected to be paid in exchange for the services rendered by employees, are recognized during the period when the employee renders the service.

2.10 Taxation:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the income tax laws.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

2.11 Employee Stock Option:

Stock-based compensation represents the cost related to stock-based awards granted to employees. The Company measures stock-based compensation cost at grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) on a straight-line basis over the requisite service period for each separately vesting portion of the award, as if award was in substance, multiple awards. The Company estimates the fair value of stock options. The cost is recorded under the head employee benefit expense in the statement of profit and loss with corresponding increase in "Employee stock option Reserve"

2.12 Earnings per share

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equities shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/(loss) per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The Company does not have any potentially dilutive shares.

2.13 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

2.14 Short term leases and leases of low value Assets

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease

2.15 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time

On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material

Note 23: Financial Instruments

The Company's Board of Directors have an overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

(i) Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2022 were as follows:

(Amount in ₹)

Particulars	Amortised cost*	Financial assets/ liabilities at fair value through profit or loss	Financial assets at fair value through OCI	Carrying Value/ Total fair value*
Financial assets :				
Trade receivables	3,490,784	-	-	3,490,784
Cash and cash equivalents	617,769	-	-	617,769
Other Financial Asset	430,000	-	-	430,000
Total	4,538,552	-	-	4,538,552
Financial Liabilities :				
Trade payables	5,373,378	-	-	5,373,378
Other financial liabilities	-			-
Total	5,373,378			5,373,378

*Note: Fair value of amortised assets is same as carrying value

(ii) Financial risk management :

Financial Risk Factors

The Company's principal financial liabilities comprise trade payables and Employee related payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalent and dues from holding company that derive directly from its operations

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(a) Market risk :

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. Since presently, the Company is not having any borrowings there is no impact of fluctuations in interest on the Company

(b) Credit Risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, cash and cash equivalents and other financial assets. None of the financial instruments of the Company resultin material concentration of creditrisk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies

Credit Risk Exposure

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 4538552.15 as at March 31,2022, being the total of the carrying amountof trade receivables, unbilled revenue (excluding contract assets) and other various financial assets.

(c) Liquidity Risk

Liquidity Risk is the risk that the company will not be able to meet its financial obligation as they fall due. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or encounters difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The company approach to managing liquidity is to ensure, as far as possible, that it always have sufficient liquidity to meet its liabilities when due. The Company generates cash flows from operations to meet its financial obligations and manages liquidity risk by maintaining sufficient cash and bank balance and availability of funding through adequate amount of committed credit facilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2022

(Amount in ₹)

	Less than 1 year	1-3 years	More than 3 years	Total
As at March 31, 2022				
Trade payables	5,373,378	-	-	5,373,378
Other financial liabilities	-	-	-	-
	5,373,378	-	-	5,373,378

(iii) Capital management

The capital structure of the Company consists of equity, cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the Company.

Note 25: MSME Payments

Based on information available with the company, there are few suppliers/service providers who are registered as micro, small or medium enterprise under The Micro, Small and Medium Enterprises Development Act,2006 (MSMED Act, 2006). Information in respect of micro and small enterprises as required by Companies Act 2013 and MSMED Act, 2006 is given as under:

Sr. No	Particulars	Trade Payables		Others	
		As at 31.03.2022	As at 31.03.2021	As at 31.03.2022	As at 31.03.2021
1	Principal amount and interest due thereon remaining unpaid to any supplier as at end of each accounting year:				
	Principal	2,822,866	NIL	NIL	NIL
	Interest	NIL	NIL	NIL	NIL
2	The amount of Interest paid by the buyer in terms of section 16 of the MSMED Act, 2006 along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	NIL	NIL	NIL	NIL
3	The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006	NIL	NIL	NIL	NIL
4	The amount of interest accrued and remaining unpaid at the end of each accounting year	NIL	NIL	NIL	NIL
5	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	NIL	NIL	NIL	NIL

The management has identified enterprises which have provided goods and services to the Company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED). Accordingly, the disclosure in respect of the amounts payable to such enterprises as at March 31, 2022 has been made in the financial statements based on information received and available with the Company.

	Opening balance	**Recognized in Profit and loss**	**Recognized in OCI**	**Closing balance**
Deferred tax assets	-	5,921,996	-	5,921,996
Deferred tax liabilities	-	38,752	-	38,752
Deferred tax assets (net)	**-**	**5,883,244**	**-**	**5,883,244**

31 On September 20, 2019, vide The Taxation Laws (Amendment) Ordinance, 2019, Section 115BAA was inserted in the Income Tax Act, 1961, which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective Financial Year 2019-20 subject to certain conditions. The Company has presently decided to exercise the said option. Accordingly, the Company has provided for Income Tax for the year ended March 31, 2022 as per the provisions of Income Tax Act, 1961.

32 Balance of Sundry Debtors, creditors, Loans & Advances and other liabilities are subject to confirmation and reconciliation. Consequential adjustment thereof, if any will be given effect into the books of account in the year of such adjustment. However, in view of the management, it will not have any material impact on the financial statements.

33 In the opinion of the Board, any of the assets other than property, plant & equipment and non-current investments do have a value on realization in the ordinary course of business at least equal to the amount at which they are stated.

34 As required by the Ind AS-36 “Impairment of Assets”, the Company has carried out the assessment of impairment of assets. There has been no impairment loss during the year.

35 Company operates as single segment in accordance with Indian Accounting Standard Ind AS 108, Operating Segments as notified under the Companies (Indian Accounting Standard) Rules, 2015.

36 The Company continues to observe the Covid-19 impact on its business. This covers the monitoring of its impact on its supply-chain, and customers. Conclusions on significant accounting judgements and estimates have been drawn after exercising requisite due care. Such judgements and estimates include, inter-alia, recoverability of receivables, assessment of impairment of goodwill and intangibles, investments and inventory, based on the information available as of the date of preparing the Company’s financial statements for the year ended March 31, 2022.

Based on aforesaid assessment, management believes that as per estimates made conservatively, the Company will continue as a going concern and will be able to discharge its liabilities and realize the carrying amount of its assets as on March 31, 2022.

37 BeGig has developed an e-commerce platform to facilitate enterprises and tech-freelancers to connect together for provision of services. The freelancers (service providers) would provide the IT services to the customers directly via using the e-commerce platform facilitated by BeGig. The customers would be required to make payment of IT services to BeGig and BeGig will pay the remaining amount to freelancers. The role of BeGig is confined to provision of platform facilitation and the IT services would be directly supplied by the freelancer to the customer. BeGig has no role or responsibility to ensure or provide the IT services. However, initially the invoices were raised in the manner that, Freelancer raises an invoice to BeGig for the IT services provided by freelancer to customer and BeGig raises an invoice to end customer for the same amount and then BeGig raises an invoice for commission to service provider or service recipient, as the case may be. Such commission have been included under Note 17 to Financial statement under other operating revenue. Further, the GST charged by freelancer to BeGig is being availed as ITC by BeGig and is utilized towards payment of output GST liability of BeGig. The same is also being reported in GST returns. Accordingly for better disclosure, both sale & purchase of such Invoices are shown separately under the financial statement under Note 17 & Note 18 amounting to ₹ 23,438,150 each.

Parallelly from January' 22 Freelancer raises the invoice Directly to customer for the IT services provided by freelancer to customer and then BeGig raises an invoice for commission to service recipient on upfront basis. Such upfront commission have been included under Note 17 to Financial statement under other operating revenue. "

38 As discussed in Note 37 above, from January' 22 Freelancer raises the invoice Directly to customer. The customers make payment of IT services to BeGig and BeGig pay the amount to freelancers. The amount collected by BeGig on behalf of the freelancer is recognized as amount payable to freelancer (liability) in the books of accounts. However the Invoices which are raised by Freelancers directly to the customers till 31.03.2022 but payment of which are not received by BeGig till 31.03.2022 amounting to ₹ 1043760 has not been accounted in the Financial statements neither as receivable and/or payable. Those Invoices shall be recognized in the books of accounts when the payment of same will be received by BeGig from the Customers.

39 Corporate social responsibility: The Company does not meet the criteria specified in subsection (1) of section135 of the Companies Act,2013, read with Companies [Corporate Social Responsibility (CSR)] Rules, 2014. Therefore it is not required to incur any expenditure on account of CSR activities during the year.

40 Code of Social Security, 2020: The Code on Social Security, 2020 ('Code') relating to employee benefits received the Presidential assent in September 2020. The Ministry of Labour and Employment had released draft rules for the Code on November 13,2020 and had invited suggestions from stakeholders which are under active consideration by the Ministry. However, the effective date from which the changes are applicable is yet to be notified. The Company will evaluate and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules are published.

41 This is being the first financial statement of the Company after incorporation, statement of profit and loss is prepared from the date of incorporation (April 22, 2021) to period ended 31 March, 2022. Also, no comparative numbers are applicable for the Company for the current period's financial statements.

INDEPENDENT AUDITORS REPORT

To The Members of

DIGITALOPS TECHNOLOGY PRIVATE LIMITED
Oberoi Garden Estate, Near Chandivali Studio,
Wing-I, Andheri (E), Mumbai – 400072

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Digitalops Technology Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2022, and the statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Other Matters

The continuous spreading of COVID -19 across India has resulted in restriction on physical visit to the client locations and the need for carrying out alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI). As a result of the above, the entire audit was carried out based on remote access of the data as provided by the management of the Company. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management of the Company that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Company without any further manual modifications.

We bring to the attention of the users that the audit of the financial statements has been performed in the aforesaid conditions.

Our audit opinion is not modified in respect of the above.

Emphasis of Matter

We draw attention to the following notes of the financial statements:

a) Note 7.2 & Note 17 which describes the current capital structure and management of the company which occurred with its acquisition w.e.f. 07/05/2021.

Our opinion is not modified in respect of these matters.

Managements Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including Other Comprehensive Income, cash flows and changes in the equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" the statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books,

   (c) The Balance Sheet, the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account,

   (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act,

   (e) On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of Section 164 (2) of the Act,

   (f) As per the information and explanation given to us and on the basis of examination of books and records of the company, we are of the opinion that the Auditor's report on the adequacy of the internal financial controls over financial reporting and the reporting on the operating effectiveness of such controls is not required as the company neither had a turnover of rupees fifty crores or more as per the latest audited financial statements, nor did the company have any borrowings of rupees twenty five crores or more from banks or financial institutions or any other body corporate at any point of time during the period under audit.

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      a. The Company does not have any pending litigations which would impact its financial position.

      b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

"ANNEXURE A" TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2022:

1) a) (A) The Company has maintained proper records showing full particulars, including quantitative details and location of Property, Plant & Equipment.

(B) This clause is not applicable to the Company as the Company does not own any intangible assets.

b) Property, Plant & Equipment have been physically verified by the management at reasonable intervals. No material discrepancies were noticed on such verification.

c) This clause is not applicable to company because company does not own any immovable properties as at 31st March, 2022.

d) The Company records its property, plant and equipment at amortized cost and has not revalued any property, plant and equipment during the year.

e) As confirmed by the management, there have not been any proceedings initiated against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

2) a) This clause is not applicable to company because company has no inventory at the year end.

b) As informed to us, the company has not sanctioned any working capital of ₹ Five crores, in aggregate from banks or financial institutions on the basis of security of current assets during the year.

3) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (f) of the Order are not applicable to the Company and hence not commented upon.

4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.

5) As informed to us the Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2014 (as amended) with regard to the deposits accepted from the public are not applicable.

6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company.

7) (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Goods and Service Tax with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2022 for a period of more than six months from the date on when they become payable.

(b) According to the information and explanation given to us, there are no dues of income tax, duty of customs, goods & service tax outstanding on account of any dispute.

8) According to the information and explanation given to us, there are no transactions which were surrendered or disclosed as income during the tax assessments under the Income Tax Act, 1961 (43 of 1961) which were initially not recorded in the books of account.

9) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks. Company has not taken any loan either from financial institutions or from the government and has not issued any debentures. Hence sub-clause (b) to (f) of clause 3 (ix) are not applicable.

10) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Also, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the provisions of clause 3 (ix) (a) & (b) of the Order are not applicable to the Company and hence not commented upon.

11) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year. Hence there is no requirement to file the Form ADT – 4 as prescribed under rule 13 of the Companies (Audit & Auditors) Rules, 2014. The auditor has not received any whistle – blower complaints.

12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) (a) to (c) of the Order are not applicable to the Company.

13) In our opinion, all transactions with the related parties are incompliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.

14) The management has confirmed that the Company does not have any specific internal audit system considering the size and nature of its business. Hence the Clause 3 (xiv) (b) of the order is not applicable to the Company.

15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.

16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) (a) to (d) of the Order are not applicable to the Company and hence not commented upon.

17) In our opinion and according to the information and explanations given to us, the Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

18) As per the records verified by us and informed by the management, there was no resignation by the statutory auditors during the year ended March 31, 2022.

19) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, in our knowledge of the Board of Directors and management plans, in our opinion there is no material uncertainty as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

20) In our opinion, the Company is not required to comply with the provisions of sub-section (5) of section 135 of the Companies Act, 2013. Hence the clause 3 (xx) (a) & (b) of the order are not applicable.

21) The provisions of Consolidated financial statements are not applicable to the Company. Therefore, the clause (xxi) of the order does not apply to the Company.

NOTES FORMING INTEGRAL PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1 Corporate Information:

Digitalops Technology Private Limited ('the Company') was incorporated on 16th June, 2017 as a private limited company under the Companies Act, 2013. The registered office is located in Oberoi Garden Estate, Near Chandivali Studio, Wing-I, Andheri (E), Mumbai - 400072. The Company is engaged in the business of software consultancy Software designing, development,customisation, implementation, maintenance, testing and benchmarking, designing, developing and dealing in computer software and solutions, and to import, export, sell, purchase, distribute, host (in data centres or over the web) or otherwise deal in own and third party computer software packages, programs and solutions, and to provide internet / web based applications, services and solutions.

2 Significant accounting policies:

2.1 Statement of Compliance:

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015. These are the Company's first financial statements prepared in accordance with Ind AS and Ind AS 101 First time adoption of Indian Accounting Standards has been applied.

2.2 Basis of preparation of financial statements:

The financial statements have been prepared on an accrual basis and under the historical cost convention.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Critical accounting estimates:

i) Revenue Recognition

The Company applies the percentage of completion method in accounting for its fixed price contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended.

Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

ii) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.10.

iii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

iv) Provisions

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

2.4 Property, Plant & Equipment:

Property, Plant & Equipment are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, where the life of the assets has been assessed as under based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc

The company has used the following rates to provide depreciation on its non-current assets.

Category	Useful Life (years)	Basis
Leasehold improvements	3	As per schedule II of the Indian Companies act, 2013 - WDV
Plant and Machinery	15	
Office equipment	5	
Furniture & Fittings	10	
Computer Hardware	3	
Electrical Installation	15	
Patterns	15	
Factory Equipments	15	
Software	5 year amortization	As per Indian Accounting Standard - 36

The estimated useful lives and residual values of the Property, Plant & Equipment are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets costing upto ₹ 5,000/- are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

An item of Property, Plant & Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets are determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.”

2.5 Impairment of Assets:

i) Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non-financial assets - Property, Plant & Equipment

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognised in the profit or loss.

2.6 Revenue recognition:

Revenue from software services, consulting services and business process outsourcing services include revenue earned from services rendered on ‘time and material’ basis, time bound fixed price engagements and system integration projects. Revenue recognition is based on the terms and conditions as per the contracts entered into / understanding with the customers. All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

The Company also performs time bound fixed price engagements, under which revenue is recognised using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated. Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current estimates and can be reasonably estimated. The cumulative impact of any revision in estimates of the percentage of work completed is reflected in the period in which the change becomes known. Revenue from maintenance contracts is recognised over the period of the contract in accordance with its terms. Revenue is net of volume discounts/price incentives which are estimated and accounted for based on the terms of the contracts and excludes applicable indirect taxes. Amounts received or billed in advance of services performed are recorded as advances from customers / unearned revenue.

2.7 Foreign currency transactions:

The functional currency of the company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss.

2.8 Financial Instruments:

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

i) Non-derivative financial instruments

a) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

b) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.”

2.9 Borrowing costs:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

2.10 Taxation:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the Income Tax Act, 1962.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax asset are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax after the tax holiday period.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis. The Company recognises interest levied and penalties related to income tax assessments in interest expenses."

2.11 Earnings per Share:

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

2.12 Provision, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs. Contingent liabilities and Contingent assets are not recognized in the financial statements.

3 Others:

3.1 Transfer Pricing:

The Company has established a comprehensive system of maintenance of information and documents are required by the transfer pricing legislation under section 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company continuously updates its documentation for the international transactions entered into with the associated enterprises during the financial year and expects such records to be in existence latest by such date as required under the law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

Note 16 : Impact of COVID on Business and Financial statements

The Company continues to observe the Covid-19 impact on its business. This covers the monitoring of its impact on its supply-chain, and customers. Conclusions on significant accounting judgements and estimates have been drawn after exercising requisite due care. Such judgements and estimates include, inter-alia, recoverability of receivables, assessment of impairment of goodwill and intangibles, investments and inventory, based on the information available as of the date of preparing the Company's financial statements for the year ended March 31, 2022.

Note 17 : Mergers & Acquisitions

The Company was acquired by Tech Mahindra Limited on May 07, 2021. Therefore, the Company is Wholly Owned Subsidiary w.e.f. the said date.

Note 18: Fair Value Measurement

(i) Financial assets and liabilities

The carrying value and fair value of financial instruments by category is as follows :

(Amount in ₹)

	As at March 31, 2022		As at March 31, 2021	
	Fair Value	**Carrying Value**	Fair Value	Carrying Value
Financial assets :				
Amortised cost :				
Trade receivables	**510,818**	**510,818**	908,875	908,875
Cash and cash equivalents	**-**	**-**	-	-
Other bank balances	**283,807**	**283,807**	794,667	794,667
Other Financial Asset	**573,634**	**573,634**	285,389	285,389
Total	**1,368,259**	**1,368,259**	1,988,931	1,988,931
Financial Liabilities :				
Amortised cost :				
Trade payables	**-**	**-**	222,760	222,760
Other financial liabilities	**80,000**	**80,000**	684,831	684,831
Total	**80,000**	**80,000**	907,591	907,591

(ii) Fair value hierarchy :

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(iii) Financial risk management :

The Company's activities are exposed to variety of financial risks. These risks include market risk, credit risk and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

(a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. The Company is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion. Market risk comprises of three type of risks namely interest rate risk, currency risk and other price risk such as equity price risk. The Company is not exposed to currency risk and other price risk whereas the exposure to interest risk is given below :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rate.

(b) Credit Risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Credit Risk Management

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations, and arises principally from the companies receivables from customers.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. To manage this risk, the Company periodically assesses the financial reliability of customers, taking into account their financial position, past experience and other factors. The Company manages credit risk through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

(c) Liquidity Risk

Liquidity Risk is the risk that the company will not be able to meet its financial obligation as they fall due. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or encounters difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The company approach to managing liquidity is to ensure, as far as possible, that it always have sufficient liquidity to meet its liabilities when due. The Company generates cash flows from operations to meet its financial obligations and manages liquidity risk by maintaining sufficient cash and bank balance and availability of funding through adequate amount of committed credit facilities.

Contractual maturities of significant financial liabilities are mentioned below. The amounts disclosed in the table are the contractual undiscounted cash flows :

(Amount in ₹)

As at March 31, 2022	Less than 1 year	1-3 years	More than 3 years
Trade payables	-	-	-
Other financial liabilities	**80,000**	-	-
	80,000	-	-

(Amount in ₹)

As at March 31, 2021	Less than 1 year	1-3 years	More than 3 years
Trade payables	222,760	-	-
Other financial liabilities	684,831	-	-
	907,591	-	-

(Amount in ₹)

As at April 01, 2020	Less than 1 year	1-3 years	More than 3 years
Trade payables	870,000	285,577	-
Other financial liabilities	689,211	-	-
	1,559,211	285,577	-

(iv) Capital management

The capital structure of the Company consists of equity, debt, cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the Company.

Note 19: Related Party Disclosures

A) List of Related Parties and description of their relationship are as follows:

Nature of Relationship

1. Holding Company

Digital Onus Inc*

Tech Mahindra Limited

2. Director

Surinder Singh Chawla

Aniruddha Vinayak Gadre

Gautum Shirali

B) Total Transactions with related parties are as follows:

Particulars	**Amount**	
(A) Nature of transactions	**2021-22**	2020-21
Digital Onus Inc:		
Sale of Services	**5,139,313**	7,992,765

Particulars	**As at March 31, 2022**	As at March 31, 2021
(B)Balances at the end of the year		
Digital Onus Inc:		
Trade Receivables	**510,818**	908,875

*Note: From May 07, 2021, the shares were acquired by Tech Mahindra Limited. Hence the holding company from the said date is Tech Mahindra Limited.

Digital Onus Inc was also acquired by Tech Mahindra Limited. Therefore, Digital Onus Inc and Digitalops Technology Private Limited are related party due to common holding company.

Note 20: Ratio Analysis

As required by the Schedule III amendment notification dated March 24, 2021, the Company is required to disclose the following ratios:

Sr. No.	**Particulars**	**Formula**	**FY 2021-2022**				FY 2020-2021				**Change YoY**
			Numerator	**Denominator**	**Ratio**	**Term**	Numerator	Denominator	Ratio	Term	
i)	Current Ratio	Current Assets / Current Liabilities	**1,368,259**	**165,690**	**8.3**	**Times**	1,909,635	907,591	2.1	Times	292%
ii)	Debt-Equity Ratio	Debt / Equity	**-**	**1,281,008**	**-**	**Times**	-	1,169,844	-	Times	0%
iii)	Debt Service Coverage Ratio	EBITDA / (Interest + Principal)	**286,214**	**-**	**N / A**	**N / A**	890,421	-	N / A	N / A	N / A
iv)	Return on Equity	Net Income / Shareholder's Equity	**111,164**	**1,281,008**	**8.68%**	**%**	799,241	1,169,844	68.32%	%	-87%
v)	Inventory Turnover Ratio	COGS / Average Inventory									**N / A**
vi)	Trade Receivable Turnover Ratio	Net Credit Sales / Average Accounts Receivable	**5,139,313**	**709,847**	**7.2**	Times	7,992,765	739,174	10.8	Times	-33%
vii)	Trade Payable Turnover Ratio	Net Credit Purchases / Average Accounts Payables									**N / A**
viii)	Net Capital Turnover Ratio	Turnover / Shareholder's Equity	**5,139,313**	**1,281,008**	**4.0**	Times	7,992,765	1,169,844	6.8	Times	-41%
ix)	Net Profit Ratio	Net Profit / Sales	**111,164**	**5,139,313**	**2.16%**	%	799,241	7,992,765	10.00%	%	-78%
x)	Return on Capital Employed	EBIT / Shareholder's Equity	**197,511**	**1,281,008**	**15.42%**	%	820,639	1,169,844	70.15%	%	-78%
xi)	Return on Investment	Net Income / Investment Base	**(688,077)**	**799,241**	**-86.09%**	%	(120,370)	919,610	-13.09%	%	558%

As per the explanations given by the management, below are the reasons for the increase / decrease in the ratios being more than 25%

i) Current Ratio:

All current liabilities were paid by December 2021 and less to no activity starting from November 2021.

ii) Return on Equity:

Due to acquisition on May 7th, 2021 by Tech Mahindra Ltd, Consultants of Digitalops Technology were assigned to Tech Mahindra Ltd, effective October 2021. There were only one/two consultants working for the parent entity from Digitalops till November. With less (or) no activity effective October 2021, return on equity reduced from 68% to 7.49%.

iii) Trade Receivable Turnover Ratio:

No revenue from November 2021 through March 2022 lead to the reduction in Trade Receivable turnover ratio.

iv) Net Capital Turnover Ratio:

Due to acquisition in May 7th, 2021 of the Company by Tech Mahindra Limited, there has been strategical move of business activities from the Company to Tech Mahindra Limited. No services have been performed for the second half year ending March 31, 2022 and thus reduction in the gross revenue which lead to significant change in Net capital turnover ratio.

v) Net Profit Ratio:

There was increase in the operational cost due to increased legal and professional expenses due to Acquisition of Digitalops TECHNOLOGY. In addition, Digitalops had to pay INR 65,250 towards compounding interest for late filing of FEMA filings.

vi) Return on Capital Employed:

EBIT reduced due to increased operational cost due to increased acquisition related legal expenses and penalties for late filing of FEMA.

vii) Return on Investment:

Overall reduction in net income due to less to no activity from October 2021 and due to increased operational cost.

DIRECTORS REPORT FOR THE YEAR ENDED 31 MARCH 2022

The directors present their annual report and the audited financial statements for the year ended 31 March 2022.

The directors' report has been prepared in accordance with the special provisions applicable to companies entitled to the small companies exemption.

PRINCIPAL ACTIVITY

The company's principal activity is to provide IT Services to the Healthcare and Government sectors in the UK.

DIVIDENDS AND TRANSFERS TO RESERVES

No dividend was paid in the year. The directors do not recommend the payment of any final dividend in respect of the current financial year.

DIRECTORS

The directors who served throughout the year and to the date of this report, unless otherwise stated, were:

Sujit Baksi

Vikram Narayanan Nair

Vivek Agarwal

GOING CONCERN

The Board of Directors reviewed the projected cash flow statement and also the letter of support received from its parent company viz., Tech Mahindra Limited. Based on these, the financial statements have been prepared on a going concern basis.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to: select suitable accounting policies and then apply them consistently; make judgements and accounting estimates that are reasonable and prudent; and prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who is a director at the date of approval of this annual report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information. This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Approved by the Board of Directors and signed on behalf of the Board:

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF NTH DIMENSION LIMITED

Opinion

We have audited the financial statements of Nth Dimension Limited (the 'company') for the year ended 31 March 2022 which comprise the Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Equity and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).
In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2022 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.
Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information. The other information comprises the information in the Report of the Directors, but does not include the financial statements and our Report of the Auditors thereon.
Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Directors has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Directors.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Directors.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement set out on previous page, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

- Enquiries of management, concerning the company's policies and procedures relating to:

  o Identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance

  o Detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud.

- Discussions among the engagement team regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. We undertook the following:

- Performed analytical procedures to identify any unusual relationships
- Tested journal entries to identify unusual transactions

We also obtained an understanding of the legal and regulatory frameworks that the company operates in and performed analytical procedures.

As a result of performing the above, we did not identify any key audit matters related to the potential risk of fraud or non-compliance.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Auditors.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in a Report of the Auditors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2022

1. ACCOUNTING POLICIES

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and preceding period.

General information and basis of accounting

Nth Dimension Limited is a company incorporated in the United Kingdom under the Companies Act.

The company is a private company limited by shares and is registered in England and Wales under company number 09593983. The address of the registered office is given on previous page.

The average monthly number of employees (including executive directors) was 0 (2021: 5).

The financial statements have been prepared under the historical cost convention and in accordance with Section 1A of Financial Reporting Standard 102 (FRS 102). "The Financial Reporting Standard applicable in the UK" issued by the Financial Reporting Council.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents the amount receivable for services rendered net of discounts and value added taxes.

The Company recognises revenue when the significant risks and rewards of ownership are considered to have been transferred to the buyer, the amount of revenue can be measured reliably, and it is probable that future economic benefits will flow to the entity.

Revenue from the supply of services represents the value of services provided under contracts to the extent that there is a right to consideration and is recorded at the fair value of the consideration received or receivable. Where a contract has only been partially completed at the balance sheet date turnover represents the fair value of the service provided to date based on the stage of completion of the contract activity at the balance sheet date. Where payments are received from customers in advance of services provided, the amounts are recorded as deferred income and included as part of creditors due within one year.

Revenue in respect of service fee income is recognised on an accruals basis at the rate and term specified in the agreement, considering the certainty of realisation.

All revenue is derived from continuing operations within the United Kingdom.

Interest income

Interest income is recognised using the effective interest rate method.

Going concern

The Board of Directors reviewed the projected cash flow statement and also the letter of support received from its parent company viz., Tech Mahindra Limited. Based on these, the financial statements have been prepared on a going concern basis.

The Board reviewed the latest cash flow forecast immediate 12 months and they do not foresee any cash flow issues..

Foreign currency translation

In preparing the financial statements, transactions in currencies other than the functional currency of the individual entities (foreign currencies) are recognised at the spot rate at the dates of the transactions, or at an average rate where this rate approximates the actual rate at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

i. Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument

Financial assets and liabilities are only offset in the balance sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current year or prior period.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that have no stated interest rate (and do not constitute financing transaction) and are classified as payable or receivable within one year are initially measured at an undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

Non-financial assets

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Where indicators exist for a decrease in impairment loss, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised

Financial assets

For financial assets carried at amortised cost, the amount of impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Where indicators exist for a decrease in impairment loss, and the decrease can be related objectively to an event occurring after the impairment was recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired financial asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Share Capital

Ordinary shares are classified as equity. Mandatorily redeemable Preference shares are classified as liabilities.

Borrowings

Redeemable Preference shares

Preference shares which are mandatorily reedemable on a specific date are classified as liabilities. The dividends on these shares are taken to Profit and loss acccount as finance expense.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax liabilities are recognised for timing differences arising from investments in subsidiaries and associates, except where the Company is able to control the reversal of the timing difference and it is probable that it will not reverse in the foreseeable future.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax assets and liabilities are offset only if: a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and b) the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Pensions

The company operates a defined contribution pension scheme. Contributions are recognised in the profit and loss account in the year in which they become payable in accordance with the rules of the scheme.

2. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The directors consider the critical judgement to relate to the impairment of financial assets, in particular trade receivables. The Company's management reviews periodically items classified as trade receivables to assess whether a provision for impairment should be recorded in the profit or loss. Management estimates the amount and timing of future cash flows when determining the level of provisions required. Such estimates are necessarily based on assumptions about several factors involving varying degrees of judgement and uncertainty

3. (LOSS) PROFIT BEFORE TAXATION

	Year ended 31 March 2022 £	Year ended 31 March 2021 £
(Loss) profit before taxation is stated after charging:		
Auditor's remuneration for audit related assurance services	6,750	6,750
Foreign currency profit / (losses)	(24)	216

4. DEFERRED TAX ASSET

	Year ended 31 March 2022 £	Year ended 31 March 2021 £
At 1 April 2021	3,375	3,375
Deferred tax charged to profit and loss account for the year	3,375	-
At 31 March 2022	**-**	**3,375**

The amounts of deferred tax provided in the accounts are as follows:

	2022 £	2021 £
Temporary timing differences	-	3,375

5. DEBTORS

	2022 £	2021 £
Due within one year:		
Trade debtors	12,970	104,009
Amounts owed by group undertakings	98,609	1,800,098
Other debtors	-	19,875
	111,579	1,923,982

The financing element of the non-current trade receivables is deemed to be immaterial and consequently no discounting has been applied in determining the carrying value of the non-current trade receivables.

Amounts owed by group undertaking relates to a loan made by the company, during 2021 , of £1.8m, to one of its fellow subsidiary. This loan was unsecured and was paid during the year and bears an interest rate of LIBOR plus 100 basis onts (1.11% p.a.) per annum. The interest is payable at the end of tenure of the loan and is included in the amount disclosed above.

6. CREDITORS

Amounts falling due within one year:

	2022 £	2021 £
Trade creditors	58	2,088
Amounts owed to group undertakings	-	8,728
Corporation tax	1,880	127,794
Other taxes and social security	1,448	144,650
Accruals and deferred income	29,640	27,402
	33,026	**310,662**

Amounts due after more than one year:

	2022 £	2021 £
Amounts owed to group undertakings	-	-
Redeemable preference shares (Note 7)	-	2,499,990
	-	**2,499,990**

During the current year, the redeemable preference shares have been redeemed to the extent of £ 1,500,000 and the balance amount of £ 999,990 was converted into 99,999,000 quity shares of £ 0.01 each.

7 PREFERENCE SHARES

On 15 May 2017, the company filed with UK Companies House for allotment of 2,499,990 Preference Shares of £1 each, amounting to £ 2,499,990. The preference shares were issued to Tech Mahindra Limited, holding company. The preference shares were not paid up as on 31st March 2018. The preference shares were fully paid up on 5th July 2018.

The preference shares carry a fixed cumulative cash preferential dividend at annual rate of 3% of the issue price per preference share in issue and to be paid on 31 December. The shares may be redeemed by the Investor, upon serving of Investor Redemption notice to the company, on or after the date of the fifth anniversary of the issue.

During the current year, the redeemable preference shares have been redeemed to the extent of £ 1,500,000 and balance amount of £ 999,990 have been converted into 99,999,000 quity shares of £ 0.01 each.

8. RELATED PARTY DISCLOSURES

The company has taken advantage of the exemption granted to wholly owned subsidiaries not to disclose transactions with other wholly owned group companies under the provisions of Section 33 of FRS 102 “Related Party Disclosures”.

9. CONTINGENT LIABILITY

In March /April 2019, the dismissed employees of the company, have filed a case, of unfair dismissal against the company with the London Central Employment tribunal. They have claimed an amount to the tune of ~ £780,000 from the company towards compensation.

The directors of the company are of the view that the company had valid reasons of dismissal of the employees and as such do not acknowledge the claim as debt. The directors have decided to contest the claims as when the details of the proceedings are received.

Therefore, in the opinion of the directors, no provision is required in the accounts in respect of the amount of claim, legal costs and damages.

10. CONTROLLING PARTY

The immediate parent company and ultimate parent company is Tech Mahindra Limited, a Company incorporated in India. The registered address of Tech Mahindra Limited is Gateway Building, Apollo Bunder, Mumbai – 400 001, India.

The ultimate parent undertaking and the smallest and largest group to consolidate these financial statements is Tech Mahindra Limited. Copies of the Tech Mahindra Limited consolidated financial statements can be obtained at www.techmahindra.com or from the Company Secretary at Rajiv Gandhi Infotech Park, Phase III, Pune, India

ACCOUNTANT’S COMPILATION REPORT

The financial statements of Dynacommerce Holding B.V. have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at 31 December 2021 and the profit and loss account for the year 2021 with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, “Compilation engagements”, which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Dynacommerce Holding B.V.

During this engagement we have complied with the relevant ethical requirements prescribed by the “Verordening Gedrags- en Beroepsregels Accountants” (VGBA). You and other users of these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

FISCAL POSITION

Fiscal unity

There is a group tax treatment (fiscal unity) for Dynacommerce Holding B.V. and her Dutch subsidiary for the corporate income tax.

The corporate income tax for the subsidiary is calculated as if the subsidiary is sole entity for the corporate income tax. Any dis- and advantages concerning the group tax treatment are taken into account with Dynacommerce B.V. The corporate income tax payable by the subsidiary is registered into the current account with Dynacommerce B.V.

Taxable amount and taxation financial year 2021

The fiscal result amounts € 453.265. There is no corporate income tax payment required regarding this result, because of the outstanding losses, which have to be settled.

We trust to have been of service. We are available to provide further explanation should you have questions or comments.

Yours sincerely,

KOENEN EN CO

GENERAL NOTES TO THE FINANCIAL STATEMENTS

Activities

The activities of Dynacommerce Holding B.V. are fully focused on holding activities of Dynacommerce B.V.

Financial position

Dynacommerce Holding B.V. as such has a positive equity at the end of 2021. This is the result of the equity investment that took place during 2021 whereby Tech Mahindra Limited bought 12.000.000 of shares for an amount of € 12.000.000.

Dynacommerce B.V., which is a 100% subsidiary of Dynacommerce Holding B.V. has a negative equity as per year end 2021 of € 5.582.285. Because that on a consolidated level of Dynacommerce Holding B.V. the equity is positive, it has been decided to maintain the valuation bases on a going concern basis.

Business address

Dynacommerce Holding B.V. (registered under Chamber of Commerce number 66421470) is based at Stationsplein 5A 1 in Sittard.

Group relationships

Dynacommerce Holding B.V. settled in Sittard, The Netherlands, is the head of a group of legal persons. Dynacommerce B.V. is a 100% subsidiary of Tech Mahindra Limited, settled in Maharashtra, India, which is the head of the group and motherhood company of Dynacommerce Holding B.V.

The figures of Dynacommerce Holding B.V. are included in the financial statements of Tech Mahindra Limited.

Estimates and assumptions

Dynacommerce Holding B.V. based its assumptions and estimates on circumstances and information available when the financial statements were prepared.

If it is necessary in order to provide the transparency required under art. 2:362 paragraph 1 of the Dutch Civil Code the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

Consolidation

Consolidated financial statements have not been drawn up on the grounds of the exemption pursuant to Section 2: 407 (2a) of the Dutch Civil Code.

GENERAL ACCOUNTING PRINCIPLES FOR THE PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the general determination of Chapter 9 Book 2 of the Dutch Civil Code.

Valuation of assets and liabilities and determination of the result takes place under the historical cost convention. Unless mentioned otherwise, the relevant principle for the specific balance sheet item, assets and liabilities are presented at face value.

Income and expenses are accounted on accrual basis. Profit is only included when realized on balance sheet date. Liabilities and any losses originating before the end of the financial year are taken into account if they have become known before preparation of the financial statements.

PRINCIPLES FOR THE VALUATION OF ASSETS AND LIABILITIES

Tangible fixed assets

The tangible fixed assets are presented at the cost less the accumulated depreciations and, if applicable, the special impairments. The depreciations are based on the estimated economic lifespan and are calculated on the basis of a fixed percentage of the purchase price, taking into account a residual value, if any. Depreciation is provided from the date an asset comes into use.

Financial fixed assets

Where significant influence is exercised participations in non-consolidated companies are valued under the net asset value method, but not lower than a nil value. This net asset value is based on the same accounting principles as applied by Dynacommerce Holding B.V.

When a participation has a value lower than nil, a provision is formed which is netted against the receivable from that group company or presented as a provision.

The receivables on and loans to participations and other receivables are valued at face value after deduction of any provisions.

Deferred tax assets are recognised for all deductible temporary differences between the value of the assets and liabilities under tax regulations on the one hand and the accounting policies used in these financial statements on the other, on the understanding that deferred tax assets are only recognised insofar as it is probable that future taxable profits will be available to offset the temporary differences and available tax losses.

The calculation of the deferred tax assets is based on the tax rates prevailing at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law.

The receivables on and loans to participations and other receivables are valued at face value after deduction of any provisions.

Deferred tax assets are recognised for all deductible temporary differences between the value of the assets and liabilities under tax regulations on the one hand and the accounting policies used in these financial statements on the other, on the understanding that deferred tax assets are only recognised insofar as it is probable that future taxable profits will be available to offset the temporary differences and available tax losses.

The calculation of the deferred tax assets is based on the tax rates prevailling at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law.

The receivables on and loans to participations and other receivables are valued at face value after deduction of any provisions.

Deferred tax assets are recognised for all deductible temporary differences between the value of the assets and liabilities under tax regulations on the one hand and the accounting policies used in these financial statements on the other, on the understanding that deferred tax assets are only recognised insofar as it is probable that future taxable profits will be available to offset the temporary differences and available tax losses.

The calculation of the deferred tax assets is based on the tax rates prevailing at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law.

Long-term liabilities

Recorded interest-bearing loans and liabilities are valued at face value.

Current liabilities, accruals and deferred income

Upon initial recognition, the liabilities recorded are stated at fair value and then valued at amortized cost.

PRINCIPLES FOR THE DETERMINATION OF THE RESULT

General

The result is determined as the difference between the realizable value of the performance and services rendered on the one hand, and the costs and other expenses for the year on the other, valued at historical cost prices.

Income from the services rendered is recognized in proportion to the services rendered, based on the costs incurred in respect of the services rendered up to the balance sheet date, in proportion to the estimated costs of the total services to be performed. The cost of these services is allocated to the same period.

Costs

Costs are determined on a historical basis and allocated to the reporting year to which they relate.

Tax

The corporate income tax is calculated at the applicable rate over the result of the financial year, taking into account any permanent differences between profit calculation in accordance with the financial statements and the fiscal result calculation.

In the financial statement of subsidiary, a tax charge is calculated based on the commercial result. The taxes owed by subsidiary is settled through the intercompany account with Dynacommerce Holding B.V.

Result from participations

The result is the amount by which the carrying amount of the participation has changed since the previous financial statements as a result of the earnings achieved by the participation to the extent that this can be attributed to Dynacommerce Holding B.V.

In the financial statement of subsidiary, a tax charge is calculated based on the commercial result. The taxes owed by subsidiary is settled through the intercompany account with Dynacommerce Holding B.V.

DISCLOSURE ON BALANCE SHEET AS AT 31 DECEMBER 2021

ACCOUNTANT'S COMPILATION REPORT

The financial statements of Dynacommerce B.V. have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at 31 December 2021 and the profit and loss account for the year 2021 with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, "Compilation engagements", which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Dynacommerce B.V.

During this engagement we have complied with the relevant ethical requirements prescribed by the "Verordening Gedrags- en Beroepsregels Accountants" (VGBA). You and other users of these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

FISCAL POSITION

Fiscal unity

There is a group tax treatment (fiscal unity) for Dynacommerce Holding B.V. and her Dutch subsidiary for the corporate income tax.

The corporate income tax for the subsidiary is calculated as if the subsidiary is sole entity for the corporate income tax. Any dis- and advantages concerning the group tax treatment are taken into account with Dynacommerce Holding B.V. The corporate income tax payable by the subsidiary is registered into the current account with Dynacommerce Holding B.V.

We trust to have been of service. We are available to provide further explanation should you have questions or comments.

Yours sincerely,

KOENEN EN CO
Accountants

DYNACOMMERCE B.V.

GENERAL NOTES TO THE FINANCIAL STATEMENTS

Activities

The activities of Dynacommerce B.V. are fully focused on end to end Omnius omnichannel solutions.

Financial position

Dynacommerce B.V., which is a 100% subsidiary of Dynacommerce Holding B.V. has a negative equity as per year end 2021 of € 5.582.285. Because that on a consolidated level of Dynacommerce Holding B.V. the equity is positive, it has been decided to maintain the valuation bases on a going concern basis.

Business address

Dynacommerce B.V. (registered under Chamber of Commerce number 60727853) having its legal seat at Stationsplein 5A 1 in Sittard.

Group relationships

Dynacommerce B.V. is a 100% subsidiary of Dynacommerce Holding B.V., settled in Sittard, The Netherlands. The financial statements of Dynacommerce B.V. are included in the consolidated financial statements of Tech Mahindra Limited, settled in Maharashtra, India.

Estimates and assumptions

Dynacommerce B.V. based its assumptions and estimates on circumstances and information available when the financial statements were prepared.

If it is necessary in order to provide the transparency required under art. 2:362 paragraph 1 of the Dutch Civil Code the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

GENERAL ACCOUNTING PRINCIPLES FOR THE PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the general determination of Chapter 9 Book 2 of the Dutch Civil Code.

Valuation of assets and liabilities and determination of the result takes place under the historical cost convention. Unless mentioned otherwise, the relevant principle for the specific balance sheet item, assets and liabilities are presented at face value.

Income and expenses are accounted on accrual basis. Profit is only included when realized on balance sheet date. Liabilities and any losses originating before the end of the financial year are taken into account if they have become known before preparation of the financial statements.

Translation of foreign currency

Translation of foreign currency

Receivables, liabilities and obligations denominated in foreign currency are translated at the exchange rates prevailing at balance sheet date. Transactions in foreign currency during the financial year are recognised in the financial statements at the exchange rates prevailing at transaction date. The exchange differences resulting from the translation as of balance sheet date, taking into account possible hedge transactions, are recorded in the profit and loss account.

PRINCIPLES FOR THE VALUATION OF ASSETS AND LIABILITIES

Intangible fixed assets

Intangible fixed assets are presented at cost less accumulated amortization and, if applicable, less impairments. Amortization is charged as a fixed percentage of cost, as specified in more detail in the notes to the balance sheet. The useful life and the amortization method are reassessed at the end of each financial year. Depreciation in 3 years based on the portfolio of customers taken over.

Internal development costs for technology and software are recognized as an intangible asset if, and only if, all of the following have been demonstrated:

- The technical feasibility to complete the project;
- The intention to complete the intangible asset, and use or sell it;
- The ability to use or sell the intangible asset;
- How the intangible asset will generate probable future economic benefits;
- The availability of adequate technical, financial and other resources to complete the development; and
- The cost of developing the asset can be measured reliably.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. All expenditures on research activities and development activities for which the recognition criteria listed above are not met are expensed in the income statement as incurred.

Tangible fixed assets

The tangible fixed assets are presented at the cost less the accumulated depreciations and, if applicable, the special impairments. The depreciations are based on the estimated economic lifespan and are calculated on the basis of a fixed percentage of the purchase price, taking into account a residual value, if any. Depreciation is provided from the date an asset comes into use.

Receivables, prepayments and accrued income

Upon initial recognition the receivables are valued at fair value and then valued at amortized cost. The fair value and amortized cost equal the face value. Provisions deemed necessary for possible bad debt losses are deducted. These provisions are determined by individual assessment of the receivables.

Provisions

General

Provisions are recognized for legally enforceable or constructive obligations that exist at the balance sheet date, and for which it is probable that an outflow of resources will be required and a reliable estimate can be made. Provisions are measured at the best estimate of the amount that is necessary to settle the obligation as per the balance sheet date.

Deferred tax liabilities

Deferred tax liabilities are recognized for temporary differences between the value of the assets and liabilities under tax regulations on the one hand and the book values applied in these financial statements on the other. The computation of the deferred tax liabilities is based on the tax rates prevailing at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law. Deferred tax balances are valued at face value.

Current liabilities, accruals and deferred income

Upon initial recognition, the liabilities recorded are stated at fair value and then valued at amortized cost.

PRINCIPLES FOR THE DETERMINATION OF THE RESULT

General

Revenues from services are recognised in proportion to the services rendered. The cost price of these services is allocated to the same period.

Revenue recognition

Services

Net turnover comprises the income from the supply of services less discounts and rebates and taxes levied on turnover.

Costs

Costs are determined on a historical basis and allocated to the reporting year to which they relate.

Tax

The corporate income tax is calculated at the applicable rate over the result of the financial year, taking into account any permanent differences between profit calculation in accordance with the financial statements and the fiscal result calculation.

The other company forming part of the fiscal unity for corporate income tax is charged as if they were separately liable for tax.

1. General Information

Perigord Asset Holdings Limited is a company limited by shares incorporated in the Republic of Ireland. Unit 1, Lyncon Court, IDA Business and Technology Park,, Snugborough Road, Blanchardstown is the registered office, which is also the principal place of business of the company. The nature of the company's operations and its principal activities are set out in the Directors' Report. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Statement of compliance

The financial statements of the company for the year ended 31 March 2022 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 “The Financial Reporting Standard applicable in the UK and Republic of Ireland” Section 1A, issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280B of the Companies Act 2014 in respect of the financial year, and has applied the rules of the ‘Small Companies Regime’ in accordance with section 280C of the Companies Act 2014 and Section 1A of FRS 102.

Consolidated accounts

The company is entitled to the exemption provided for in section 300 of the Companies Act 2014 from the obligation to prepare group accounts.

Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

Financial Liabilities and Equity Instruments

In accordance with FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

(a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

(b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Unpaid dividends in respect of these instruments are included as creditors due after more than one year until they are paid. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

Investments

The company holds investments in unlisted non-puttable equity shares of a number of entities. It is considered by the directors that the fair value of these shares cannot always be measured reliably. These investments are measured at cost less impairment where the fair value cannot be obtained.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Borrowing costs

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Share-based payments

The company issues equity-settled share-based payments to certain employees. Equity-settled share-based payments are measured at fair value at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, together with a corresponding increase in equity, based upon the company’s estimate of the shares that will eventually vest.

Where the terms of an equity-settled transaction are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any increase in the value of the transaction as a result of the modification, as measured at the date of modification.

Where an equity-settled transaction is cancelled, it is treated as if it had vested on the date of the cancellation, and any expense not yet recognised for the transaction is recognised immediately. However, if a new transaction is substituted for the cancelled transaction, and designated as a replacement transaction on the date that it is granted, the cancelled and new transactions are treated as if they were a modification of the original transaction, as described in the previous paragraph.

Taxation and deferred taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company’s taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the Balance Sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the Profit and Loss Account.

Ordinary share capital

The ordinary share capital of the company is presented as equity.

The preference share capital of the company is presented as interest bearing debt.

NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 16TH MARCH 2021 TO 31ST MARCH 2021

3. Period of financial statements

The comparative figures relate to the 15 month period ended 31 March 2021.

4. Operating loss

	2022	2021
	€	€
Operating loss is stated after charging/(crediting):		
Profit on foreign currencies	(30)	-

5. Income from investments

	2022	2021
	€	€

12. Creditors

Amounts falling due after more than one year

	2022 Number	2021 Number
Shares classified as financial liabilities	3,207,139	3,207,139

In accordance with Financial Reporting Standard 102 - Financial Instruments: Presentation, the substance of the Cumulative Convertible Redeemable Preference shares are those of financial liabilities. Accordingly, the Cumulative Convertible Redeemable Preference shares have been classified within Creditors as shares classified as financial liabilities. The associated dividend on these shares (where applicable) has been classified as a finance charge within Note 7 - Interest payable and similar charges.

On the 15th March 2021, Mahindra Engineering Services (Europe) Limited acquired a majority stake in Perigord Asset Holding Ltd. As part of this deal structure Mahindra Engineering Services (Europe) Limited also acquired the 4% Cumulative Preference shares held by the Development Capital Fund.

13. Share-based payments

Equity-settled share-based payments

The 57,140 in share options were granted on 8th November 2018 at an exercise price of €6.75 per share. The nature of the scheme meant that the options effectively vested upon their granting. There had been no fair value accounting for the options until March 2021's financial statements as there was no indication of a stock price high enough to derive a material Profit & Loss expense. A valuation of €4,541,509 was obtained in respect to the fair value cost to the Company of the employee equity based payments for the March 2021 financial statements.

14. Reserves

	Share premium account	Profit and loss account	Total
	€	€	€
At 1 April 2021	2,930,849	28,645,933	31,576,782

(Loss)/profit for the financial year	-	(732,037)	(732,037)
At 31 March 2022	**2,955,295**	**27,913,896**	**30,869,191**

Share Premium Reserve

The share premium reserve of €2,930,849 consists of €251,948 which is the premium that arose on the reconstruction of the group of companies. The premium of €2,416,000, which arose from the issue of ordinary share capital to the Development Capital Fund. In 2021 & 2022 there was a further share premium in respect to share options exercised by the employees.

15. Capital commitments

The company had no material capital commitments at the financial year-ended 31 March 2022.

16. Directors' remuneration

	2022	2021
	Number	Number
Remuneration	165,000	206,250
Pension contributions	30,631	492,788
	195,631	**699,038**

17. Related party transactions

The company has availed of the exemption under FRS 102 in relation to the disclosure of transactions with group undertakings.

18. Parent and ultimate parent company

The company regards Mahindra Engineering Services (Europe) Limited as its parent company.

The company's ultimate parent undertaking is Tech Mahindra Limited.

The address of Tech Mahindra Limited is India.

Tech Mahindra Limited is regarded as both the controlling party and the ultimate controlling party.

The parent of the largest group in which the results are consolidated is Tech Mahindra Limited.

Tech Mahindra Limited is registered in India.

19. Post-Balance Sheet Events

There have been no significant events affecting the company since the year-end.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2022

1. General Information

Perigord Data Solutions Limited is a company limited by shares incorporated in the Republic of Ireland

2. Business Review

The company has prepared detailed projections which demonstrate that it will be profitable in future years. Given recent project wins and sales pipelines for the next 12 months, the directors are satisfied that the company has sufficient cash reserves to meet all obligations as they fall due and the financial statements have been prepared on a going concern basis.

3. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Statement of compliance

The financial statements of the company for the year ended 31 March 2022 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014.

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, issued by the Financial Reporting Council.

The company qualifies as a small company as defined by section 280A of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with section 280C of the Companies Act 2014 and Section 1A of FRS 102.

Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

Financial Liabilities and Equity Instruments

Following the adoption of FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

(a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

(b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Unpaid dividends in respect of these instruments are included as creditors due after more than one year until they are paid. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

Government Grants

Grants are recognised using the accruals model when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Grants towards capital expenditure are credited to deferred income and are released to the profit and loss account over the expected useful life of the related assets, by equal annual instalments. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

Research and Development

Development expenditure is written off in the same year unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period from which the company is expected to benefit.

Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Software	- 15% Straight line
Fixtures, and fittings	- 33% Straight line
Motor vehicles	- 25% Straight line
Computer equipment	- 33% Straight line

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Leasing and hire purchases

Tangible assets held under leasing and Hire Purchases arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the Balance Sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the Profit and Loss Account.

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Stocks are determined on a first in first out basis. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Full provision is made for obsolete and slow moving items.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Borrowing costs

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Employee benefits

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Taxation and deferred taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Foreign currencies

The company's functional currency is the Euro.Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the Balance Sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the Profit and Loss Account.

Development expenditure is written off in the same financial year unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period from which the company is expected to benefit.

Ordinary share capital

The ordinary share capital of the company is presented as equity.

The preference share capital of the company is presented as interest bearing debt.

4. Period of financial statements

NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 31 March 2022

1. General Information

Perigord Premedia Limited is a company limited by shares incorporated in the Republic of Ireland

2. Summary of Significant Accounting Policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Statement of compliance

The financial statements of the company for the year ended 31 March 2022 have been prepared on the going concern basis and in accordance with generally accepted accounting principles in Ireland and Irish statute comprising the Companies Act 2014 and in accordance with the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland (FRS 102) issued by the Financial Reporting Council

Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council.

Consolidated accounts

The company is entitled to the exemption provided for in section 300 of the Companies Act 2014 from the obligation to prepare group accounts.

Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

Financial Liabilities and Equity Instruments

Following the adoption of FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

(a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

(b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

Tangible assets and depreciation

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Computer equipment	- 33% Straight line
Fixtures, and fittings	- 33% Straight line
Leasehold Improvements	- 25% Straight line

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Leasing and hire purchases

Tangible assets held under leasing and Hire Purchases arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the Balance Sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the Profit and Loss Account.

Investments

The company holds investments in unlisted non-puttable equity shares of a number of entities. These investments are measured at cost less impairment

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Stocks are determined on a first in first out basis. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Full provision is made for obsolete and slow moving items.

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

Borrowing costs

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Trade and other creditors

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

Employee benefits

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Taxation and deferred taxation

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the Balance Sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Government grants

Grants are recognised using the accruals model when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Grants towards capital expenditure are credited to deferred income and are released to the profit and loss account over the expected useful life of the related assets, by equal annual instalments. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

Foreign currencies

The company's functional currency is the Euro. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the Balance Sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the Profit and Loss Account.

Ordinary share capital

The ordinary share capital of the company is presented as equity.

The preference share capital of the company is presented as interest bearing debt.

3. Period of financial statements

The comparative figures relate to the 15 month period ended 31 March 2021.

4. Turnover

The turnover for the financial year is analysed as follows:

	2022	2021
	€	€
Republic of Ireland	2,743,527	2,298,090
Europe	7,861,176	8,270,882
Rest of the World	1,150,944	908,359
	11,755,647	**11,477,331**

Turnover attributable to geographical markets outside the Republic of Ireland amounted to 77% for the financial year.

5. Operating profit

	2022	2021
	€	€
Operating profit is stated after charging:		
Depreciation of tangible assets	219,992	427,502
Loss on foreign currencies	1,480	80,218
Government grants received	**-**	**26,843**

6. Income from investments

	2022	2021
	€	€
Profit on disposal of investments	-	1,076,910

In March 2021 Perigord Premedia (India) Private Limited, a 100% subsidiary, was sold to Tech Mahindra Limited.

7. Interest receivable and similar income

	2022	2021
	€	€
Bank interest	3,435	3,930

8. Interest payable and similar expenses

	2022	2021
	€	€
On bank loans and overdrafts	304	84,032
Interest expense on financial liabilities using effective rate of return	-	12,207
Finance charges on shares classified as financial liabilities (Note 11)	-	5,999
Finance lease charges	8,578	17,029
	8,882	**119,267**
Total interest expense using effective rate of return	**-**	**12,207**

During the year to March 2021, the remaining 160,000 3% cumulative redeemable preference shares held by Enterprise Ireland were redeemed by the Company and subsequently cancelled. Therefore there is no interest charge in the year to March 2022 in respect to the 3% cumulative redeemable preference shares.

9. Employees and remuneration

Number of employees

The average number of persons employed (including executive directors) during the financial year was as follows:

	2022	2021
	€	€
Production	72	80
Admin	11	10
Sales	8	4
	91	**94**

The staff costs comprise:

	2022	2021
	€	€
Wages and salaries	4,368,081	5,252,590
Social welfare costs	494,329	570,714
Pension costs	46,384	350,225
	4,908,794	**6,173,529**

10. Tax on profit

(a) Analysis of charge in the financial year

	2022	2021
	€	€
Current tax:		
Corporation tax at 12.50% (2021 - 12.50%)	58,193	82,383
Under/over provision in prior year	5,398	-
Total current tax	**63,591**	**82,383**
Deferred tax:		
Origination and reversal of timing differences	(275)	(12,276)
Total deferred tax (Note 15)	**(275)**	**(12,276)**
Tax on profit (Note 10 (b))	**63,316**	**70,107**

(b) Factors affecting tax charge for the financial year

The tax assessed for the financial year differs from the standard rate of corporation tax in the Republic of Ireland 12.50% (2021 - 12.50%). The differences are explained below:

	2022	2021
	€	€
Profit taxable at 12.50%	1,275,846	1,163,165
Profit before tax		
multiplied by the standard rate of corporation tax		
in the Republic of Ireland at 12.50% (2021 - 12.50%)	159,481	145,396
Effects of:		
Expenses not deductible for tax purposes	1,666	54,876
Depreciation in excess of capital allowances for period	7,445	35,432
Deferred tax	(275)	(12,276)
Deductible expenses	(7,949)	(153,321)
Group losses	(97,052)	-
Total tax charge for the financial year (Note 10 (a))	**63,316**	**70,107**

11. Dividends

	2022	2021
	€	€
Dividends on equity shares:		
Ordinary - Final paid	-	693,102
Dividends on shares classified as financial liabilities	-	5,999
Total dividend	**-**	**699,101**

12. Tangible assets

INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors Perigord Premedia USA, Inc Branford, Connecticut

We have reviewed the accompanying financial statements, of Perigord Premedia USA, Inc. (a Connecticut corporation) which comprise the balance sheet as of March 31, 2022, and the related statements of income, and accumulated earnings and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementing, and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our report.

We are required to be independent of Perigord Premedia USA, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountants Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

NOTE I -NATURE OF OPERATION

Perigord Premedia USA, Inc. (the Company) is a Connecticut Corporation formed in 1979 and operates from its headquarters in Branford, Connecticut and Syracuse, New York. The Company closed its facility in Syracuse, New York in October 2020. The Company is a wholly owned subsidiary of Perigord Premedia Limited and part of the Perigord Asset Holdings Limited group. The Company provides artwork creation and premedia services in support of commercial and life science industries.

On March 15, 2021 Perigord Asset Holdings Limited and all its affiliated companies, entered into a purchase agreement with Tech Mahindra to sell 70% of the outstanding shares of Perigord Asset Holding Limited. Perigord Premedia USA Inc., a wholly owned subsidery of the group was included in the acquisition. The financial position or results of operations of the Company have not been affected by this transaction. These financial statements do not reflect any adjusted as a result of the acquisition.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company used the accrual method of accounting in connection with these financial statements.

Impairment of Long-Lived Assets

The company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of these assets is determined by comparing the forecasted undiscounted net cash flows of the operation to which the assets relate to the carrying amount. If the operation is determined to be unable to recover the carrying amount of its assets, then assets are written down first, followed by other long-lived assets of the operation to fair value. Fair value is determined based on discounted cash flows or appraised values, depending on the nature of the assets. There were no impairment losses recognized for long-lived assets as of March 31, 2022.

Revenue Recognition - Revenue recognition is realized usually at the point of sale or as services have been performed and are billable. In general, revenue is recognized when the earnings process is completed. Revenues are recognized when control of these services is transferred to its customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. The Company does not have any significant financing components as payment is received at or shortly after the point of sale.

Accounts Receivable - Accounts receivable are recorded at the amount management expects to collect and are stated net of allowance for doubtful accounts. Management provides for uncollectible amounts through a charge to earnings and a credit to the valuation allowance. At March 31, 2022, the allowance for doubtful account was $18,680.

Inventories - Inventories are stated at the lower of cost, determined on a first-in, first-out (FIFO) basis, or market, and consist primarily of work-in-process and supplies for production. At March 31, 2022 there is no inventory that has not been invoiced to the customer.

Property and Equipment - The cost of property and equipment is depreciated on the straight-line method over the estimated useful lives of the related assets. Upon sale or retirement, the cost and accumulated depreciation are removed and the realized gain or loss is included in the results of operation. Expenditures for repairs and maintenance are charged to operations as incurred.

Income Tax - The Company provides deferred income taxes for temporary differences ansmg principally from the use of different methods of reporting various items for financial accounting and tax purposes.

Recent Accounting Polices

There has been no change to the Corporation accounting policies as of March 31, 2022 or for the year then ended.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures of assets and liabilities at the financial statement date and the reported amounts of revenue and expense during the report period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents - The Company considers cash and cash equivalents to be all highly liquid securities with maturities of less than three months.

Subseguent Events - Subsequent events have been evaluated through May 3, 2022 which is the date the financial statements were available to be issued.

Cost of Goods Sold - Cost of goods sold consists of merchandise costs, including freight costs, labor costs, compensation and benefit expense, allocated overhead and operating expenses

Selling and Administrative Expenses - Selling and administrative expenses consist of compensation and benefit expenses. Selling and administrative expenses also include advertising costs, supplies for the office, communication costs, travel and entertainment. and services purchased.

Advertising - Advertising costs are charged to operations when incurred.

Fair Values - The carrying amounts reflected in the balance sheet for cash, cash equivalents, loans and notes payable approximate the fair values due to the short maturities of those instruments.

NQTE 3 - CONCENTRATIONS OF CREDIT RISK

Financial instruments which potentially subject the company to a concentration of credit risk principally consist of cash and trade accounts receivable.

The Company maintains its cash in bank deposit accounts which, at times, may exceed Federally insured limits.

The majority of the company's accounts receivable at March 31, 2022 is with customers located in the Northeast. However, management does not believe a significant credit risk exists at March 31, 2022. Generally, the Company does not require collateral to support its accounts receivable.

NOTE 4 - LEASING ARRANGEMENTS

The company leases its operating facilities in Branford, Connecticut from unrelated parties under operating lease agreements expiring through August 3l, 2025. Rent expense under this lease was

$75,788 for the year ended March 31, 2022.

Future minimum lease payments under non-cancelable operating leases are as follows

Year ended March 31

2023	$70,229
2024	70,229
2025	70,229
2026	29 262
	$239,949

NOTE 5 - PROPERTY AND EQUIPMENT

Property and equipment with a useful life of more than one year are carried at cost and depreciated using straight-line methods over their estimated useful lives. The assets, estimated useful lives, cost, current year depreciation and accumulated depreciation are as follows:

Assets and Estimated Useful Lives	Cost	Current Year Depreciation	Accumulated Depreciation
Machinery and Equipment 3-7 yrs	$433,265	$37,946	$355,387
Leasehold Improvements 10 yrs	50,129	748	48,072
Office Equipment 5-7 yrs	37,903	329	37,626
Capital Lease Equipment 3-5 yrs	25,185	0	25.185
	$546,482	**$39.023**	**$466.300**

NOTE 6 - RELATED PARTY TRANSACTIONS

At March 31, 2022, the company had trade receivables and trade payables owed to the foreign entities listed below. The company has advanced to Perigord Premedia Limited $550,000, which are non interest bearing and are due on demand. The company will at various times need to raise capital in order to fund its operations. The Company Shareholder and or affiliated entity has committed to provide sufficient working capital to operate over the next twelve-month period.

Accounts receivable	
Perigord Premedia Limited	$148,620
Perigord Data Solutions Limited	$ 39,700
Accounts Payable	
Perigord Premedia Limited	$ 75,594
Perigord Data Solutions Limited	$ 1,022
Sales	
Perigord Premedia Limited	$441,370
Perigord Data Solutions Limited	$514,143
Purchases	
Perigord Premedia Limited	$159,309
Perigord Data Solutions Limited	$ 2,383

NOTE 7 - PENSION PLANS

The company maintains a 40 I K plan which is open to substantially all employees. Under the provisions of the plan employees are allowed to contribute between 2% to 10% of their compensation. Matching contributions can be made by the company at the discretion of the board of directors. No employer matching contribution was made for the year ended March 31, 2022.

NOTE 8 - CAPITAL LEASE OBLIGATION

During 2018 the company entered into a capital lease agreement for the purchase of equipment. The lease requires 60 equal monthly payments of $302. The amounts at March 31, 2022, are as follows

The minimum lease payments required by the lease are as follows: Total minimum lease payment	$ 3,436
Less; Amount representing interest	132
Minimum lease payment	3,304
Less current maturities	$ 3,304
	$ 0

NOTE 9 - INCOME TAX

The Company follows FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, which provides guidance on accounting for uncertainty in income taxes recognized in the Company's financial statements. The guidance prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of March 31, 2022, the Company had no uncertain tax positions that required either recognition or disclosure in the Company's financial statements. Generally, the tax years before 2018 are no longer subject to examination by Federal or state authorities.

Federal and state income taxes are accrued at year ended in accordance with applicable income tax laws. The income tax provision of the Company consists of the following:

Current tax provision	
Federal	$200,418
State	70,000
Total	**$270,4l8**

Deferred income taxes result from significant temporary differences between income for financial reporting purposes and taxable income. These differences arose principally from the use of accelerated tax depreciation, uniform capitalization rules for inventory for tax purposes and restrictions on the deductibility of related party and other accruals for tax purposes. At March 31, 2022, the company had insignificant differences resulting from differences in book and tax depreciation. No deferred tax asset or deferred tax benefit has been recorded in the financial statement.

At March 31, 2022, the company had available unused Connecticut state operating loss carryforwards of approximately $242,308 which may be applied against future taxable income through 2037. The Company has utilized all of its federal loss carryforwards as of March 31, 2021.

NOTE 10 - GOODWILL

Goodwill originally amounted to $270,966 acquired on previous asset acquisitions and was being amortized over 40 years until December 31, 2003. In accordance with Statement of Financial Accounting Standards No. 142 amortization was discontinued for all future years up through and including 2014. For years beginning after December 31, 2014 the remaining balance is being amortized over IO years at $13,000 as required by ASU 2014-02 dated January 2014. The amortization for the year ended March 31, 2022 is $13,000.

Effective November 2016 the company purchased the assets of Pharma International Inc. for $200,000. The intangible assets are being amortized over 10 years as required by ASU 2014-02 dated January 2014. Amortization of the purchased assets amounted to $20,000 for the year ended March 31, 2022.

INDEPENDENT ACCOUNTANTS' REVIEW REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Directors:

Perigord Premedia USA, Inc. Branford, Connecticut

Our report on our review of the basic financial statements of Perigord Premedia USA1 Inc. for the year ended March 31, 2022 appears on page 1. The objective of that review was to perform procedures to obtain limited assurance as a basis for reporting whether we were aware of any material modification that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. The supplementary information included in the schedules of cost of sales and selling and administrative expenses is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

NOTES TO STATUTORY FINANCIAL STATEMENTS FOR THE FISCAL YEAR 2022

A. General information on the annual financial statements

The Company is registered in the Commercial Register at the Local Court of Freiburg, No. HRB 701134, under the name August Faller Artwork Solutions GmbH. The registered office of the Company is in Waldkirch.

The annual financial statements of August Faller Artwork Solutions GmbH have been prepared on the basis of the accounting provisions of the German Commercial Code (HGB) and the supplementary provisions of the German Limited Liability Companies Act (GmbHG).

The Company is still a small corporation within the meaning of Section 267 (1) HGB.

As resolved at the shareholders' meeting on March 25, 2021, the Company has changed its fiscal year. In accordance with the entry date in the Commercial Register on April 12, 2021, a short fiscal year was inserted for the period January 1 to March 31, 2022. The prior-year figures shown relate to the full fiscal year from January 1, 2021 to December 31, 2021. For this reason, a comparison with the previous year is only possible to a limited extent in these financial statements as of March 31, 2021. The upcoming reporting period will be April 1 to March 31 following year.

B. Information on accounting and valuation methods

The annual financial statements of August Faller Artwork Solutions GmbH have been prepared in accordance with the accounting and valuation regulations of the German Commercial Code.

The accounting and valuation methods have been retained unchanged from the previous year.

The following accounting and valuation methods were applied to the balance sheet items:

Property, plant and equipment are stated at cost and, where their useful lives are finite, depreciated on a straight-line basis. The useful lives of the assets have been set at 3 to 15 years.

Independently usable fixed assets with a value of between EUR 150.00 and EUR 1,000.00 were placed in a collective item until the 2017 financial year and depreciated over a useful life of 5 years. As of fiscal year 2018, independently usable assets with a value between EUR 250.00 and EUR 800.00 were fully depreciated in the year of acquisition.

Work in progress has been valued at production cost in accordance with its degree of completion. They are valued retroactively on the basis of the selling price.

Receivables and other assets are stated at nominal value. Identifiable individual risks are accounted for by specific valuation allowances. A general allowance for doubtful accounts has been established to cover the general credit risk associated with trade accounts receivable.

Cash in hand and bank balances are stated at nominal value.

Other accruals are valued at the amount required to settle the obligation according to prudent business judgment.

Liabilities are stated at their settlement amount.

C. Notes to balance sheet

Receivables from shareholders only comprise trade accounts receivable (as in previous year).

Liabilities include interest-bearing liabilities to shareholders from other liabilities amounting to EUR 60,000.00 (previous year: EUR 90,000.00).

All liabilities have a remaining term of less than one year.

Trade payables are secured by customary retention of title.

D. Other disclosures

The average number of employees during the short fiscal year was as follows

Full-time employees	34
Part-time employees	6
Total number	40

In the stub fiscal year, Mr. Michael Fleming, Dublin / Ireland was the full-time and sole managing director of August Faller Artwork Solutions GmbH. Sole power of attorney is granted to Ms. Stefanie Glocker, Ebringen and Ms. Simone Herold, Ebringen.

The annual financial statements of August Faller Artwork Solutions GmbH are included in the consolidated financial statements of Tech Mahindra Ltd, Pune/India - as the ultimate parent company. For the smallest group of companies, Perigord Asset Holdings Ltd, Dublin/Ireland, prepares consolidated financial statements as of the balance sheet date March 31 of each year.

COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Company information

Perigord Premedia (India) Private Limited (the company) is a private limited company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of Data Processing. The address of the registered office is Unit10A,B,C,D, 10th Floor, Vaishnavi Cynosure, 2-48/5/6, PlotNo19, SYNo18, Telecom Nagar Extension, Gachibowli, Hyderabad, Telangana, 500 032, India. As per the proviso to section 2(71) of the Companies Act, 2013, the Company is deemed to be public company.

2. Significant accounting policies:

2.1 Statement of Compliance:

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis for preparation of financial statements

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, except for share and earnings per share data, unless otherwise stated. These financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments, leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Critical accounting estimates

i) Revenue recognition

Revenue from contracts with customers is recognised when services are rendered to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

The specific recognition criteria described below must also be met before revenue is recognised:

Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period. Revenues are recognized immediately when the performance obligations are satisfied. Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional. The company collects the taxes on behalf of the government and therefore, these are not economic benefits flowing to the company. Hence they are excluded from revenue.

ii) Income taxes and deferred taxes

The major tax jurisdiction for the Company is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.10.

iii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

iv) Provisions

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

v) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

vi) Expected credit losses on financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.8.

2.4 Property, Plant & Equipment and Intangible assets:

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows:

Particulars	**Life (Years)**
Office Equipment	5
Furniture & Fixtures	10
Computer Systems – other than servers	3
Computer Systems –servers	6
Plant & Machinery	5 to 10

The estimated useful life of intangible assets (software) is 1 to 10 years and these are amortised on a straight line basis. Project specific intangible assets are amortised over their estimated useful life on a straight line basis or over the period of the license/project period, whichever is lower.

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

2.5 Leases:

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

2.6 Revenue recognition:

Revenue is recognised or performance obligation is satisfied upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from operations includes revenue earned from services rendered on cost plus basis, fixed price maintenance costs and fixed price development contracts.

Revenue from fixed price contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. Revenue from the end of the last invoicing to the reporting date is recognised as unbilled revenue.

If invoicing is not consistent with value delivered, revenue is recognized as the services are performed. When services are performed through an indefinite number of repetitive acts over a specified period, revenue is recognised on a straight-line basis over the specified period unless some other method better represents the manner in which services are performed.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognised in the statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Company may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability ("Unearned revenue") arises when there are billing in excess of revenue.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Company has applied the guidance in Ind AS 115 by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative selling price. The price that is regularly charged for an item when sold separately is the best evidence of its selling price. In cases where the Company is unable to determine the selling price, the Company uses the expected cost plus margin approach in estimating the selling price. Fixed price development contracts and related services, the performance obligation is satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a 'right to use' the licenses is recognised at the time the license is made available to the customer. Revenue from licenses where the customer obtains a 'right to access' is recognised over the access period. The Company has applied the principles of Ind AS 115 to account for revenues for these performance obligations.

The Company recognises revenue for a sales-based or usage-based royalty promised in exchange for a license of intellectual property only when (or as) the subsequent sale or usage occurs.

The Company accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Company recognises the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Company recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Deferred contract costs are upfront costs incurred for the contract and are amortized on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the selling price, or as a termination of the existing contract and creation of a new contract if not priced at the selling price.

The Company disaggregates revenue from contracts with customers by nature of services, geography and industry verticals.

Dividend income is recognised when the Company's right to receive dividend is established. Interest income is recognised using effective interest rate method.

Rental income from the investment property is recognised in statement of profit and loss on a straight-line basis over the term of lease except where the rentals are structured to increase in line with expected general inflation.

2.7 Foreign currency transactions:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the statement of profit and loss.

2.8 Financial Instruments:

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in statement of profit and loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in ‘other comprehensive income’, for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in ‘other comprehensive income’, subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 Consolidated and Separate Financial Statements.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss.

ii) Derivative financial instruments and hedge accounting

The Company is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows denominated in foreign currency. The Company uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Company designates some of these forward contracts / options as hedge instruments and accounts for them as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109.

The use of foreign currency forward contracts / options is governed by the Company’s risk management policy approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company’s risk management strategy. The counter party to the Company’s foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in other comprehensive income and accumulated under ‘effective portion of cash flow hedges’ (net of taxes), and the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in effective portion of cash flow hedges are reclassified to the statement of profit and loss in the same period in which gains/losses on the item hedged are recognised in the statement of profit and loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified as effective portion of cash flow hedges is classified to statement of profit and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in effective portion of cash flow hedges is transferred to the statement of profit and loss for the period.

iii) Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received.

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

2.9. Retirement and other employee benefits

(a) Defined Benefit Plan

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

(b) Defined Contribution Plans

(i) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company. The Company has no further obligations for future provident fund.

(ii) ESIC:

Contributions to employees' state insurance scheme (ESI), which is defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

(c) Compensated absences:

The Company provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number of years of service of an employee.

The valuation results for the Gratuity Benefit plan as at 31-03-2022 & 31-03-2021 are produced in the tables below:

Retirement age (years)	60	60

2.10 Taxation:

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income. Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The proportionate credit for the taxes paid outside India are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognises interest levied and penalties related to income tax assessments in interest expenses.

2.11 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

2.12 Provisions and Contingent Liabilities:

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

2.13. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

The Company does not expect the other amendments to have any impact on the financial statements.

Note-22: Segment information

Business segment:

The Company is engaged in the business of providing services connected to Data processing. As the Company is engaged in only one business segment, the balance sheet as at March 31, 2022 and statement of profit and loss for the year ended then pertain to only one business segment.

Geographical segment:

During the year ended March 31, 2022 under report, the company has engaged in its business only with the companies in Ireland and India,not in any other country.Country wise revenue is disclosed as under;

Particulars	For the year ended March 31,2022		For the year ended March 31,2021	
	India	Ireland	India	Ireland
Services during the year	4,143,100	195,283,389	5,784,142	124,677,035

Note-23: Financial risk management

Financial risk factors:

The Company's activities expose it to a variety of financial risks . The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign currency risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk.

A) Interest rate risk

Interest rate risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The results of the Company's operations are not exposed to Interest rate risk

B) Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the rendering of services in Ireland. The exchange rate between the Indian rupee and euro has changed in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are not adversely affected as the receipts from foreign debtors are in regular.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Since the receipts from the counterparty are in regular hence the he results of the Company's operations are not exposed to credit risk.

Liquidity risk

The Company monitors its risk of shortage of funds using cash flow forecasting models. The Company's objective is to provide financial resources to meet its business objective in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained.

The details regarding the contractual maturities of significant financial liabilities as at March 31, 2022 are as follows;

Particulars	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	14,362,220	-	-	14,362,220
Borrowings	-	-	-	-
Other Financial Liabilities	-	-	-	-

The details regarding the contractual maturities of significant financial liabilities as at March 31, 2021 are as follows;

Particulars	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	1,705,469	-	-	1,705,469
Borrowings	-	-	-	-
Other Financial Liabilities	-	-	-	-

Note -24: Capital Management

The Company's objective when managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to its shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year.

The Company sets the amount of capital required on the basis of annual business and long term operating plans.

The funding requirements are met through a mixture of equity and internal fund generation. The Company's policy is to use equity and receivables to meet anticipated funding requirements.

Note-25: Fair value measurement

The carrying value of financial instruments by categories as on March 31st, 2022

Particulars	Amortised cost	Fair value through OCI	Fair value through Profit or Loss	Total
Financial Assets				
Trade Receivables	59,579,864			59,579,864
Cash and Cash Equivalents	20,681,019	-	-	20,681,019
Total	**80,260,883**	**-**	**-**	**80,260,883**
Financial Liabilities				
Trade payables	14,362,220	-	-	14,362,220
Total	**14,362,220**	**-**	**-**	**14,362,220**

The carrying value of financial instruments by categories as on March 31st, 2021

Particulars	Amortised cost	Fair value through OCI	Fair value through Profit or Loss	Total
Financial Assets				
Trade Receivables	27,146,150			27,146,150
Cash and Cash Equivalents	29,163,277	-	-	29,163,277
Total	**56,309,426**	**-**	**-**	**56,309,426**
Financial Liabilities				
Trade payables	1,705,469	-	-	1,705,469
Total	**1,705,469**	**-**	**-**	**1,705,469**

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Date: 01st July,2022

COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Company information

Perigord Premedia (India) Private Limited (the company) is a private limited company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of Data Processing. The address of the registered office is Unit10A,B,C,D, 10th Floor, Vaishnavi Cynosure, 2-48/5/6, PlotNo19, SYNo18, Telecom Nagar Extension, Gachibowli, Hyderabad, Telangana, 500 032, India. As per the proviso to section 2(71) of the Companies Act, 2013, the Company is deemed to be public company.

2. Significant accounting policies:

2.1 Statement of Compliance:

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis for preparation of financial statements

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, except for share and earnings per share data, unless otherwise stated. These financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments, leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Critical accounting estimates

i) Revenue recognition

Revenue from contracts with customers is recognised when services are rendered to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

The specific recognition criteria described below must also be met before revenue is recognised:

Revenue from rendering of services is recognised over time by measuring the progress towards complete satisfaction of performance obligations at the reporting period. Revenues are recognized immediately when the performance obligations are satisfied. Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional. The company collects the taxes on behalf of the government and therefore, these are not economic benefits flowing to the company. Hence they are excluded from revenue.

ii) Income taxes and deferred taxes

The major tax jurisdiction for the Company is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.10.

iii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

iv) Provisions

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

v) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

vi) Expected credit losses on financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.8.

2.4 Property, Plant & Equipment and Intangible assets:

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows:

Particulars	Life (Years)
Office Equipment	5
Furniture & Fixtures	10
Computer Systems – other than servers	3
Computer Systems –servers	6
Plant & Machinery	5 to 10

The estimated useful life of intangible assets (software) is 1 to 10 years and these are amortised on a straight line basis. Project specific intangible assets are amortised over their estimated useful life on a straight line basis or over the period of the license/project period, whichever is lower.

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

2.5 Leases:

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor’s net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

2.6 Revenue recognition:

Revenue is recognised or performance obligation is satisfied upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services. Revenue from operations includes revenue earned from services rendered on cost plus basis.

Revenue on fixed price development contracts is recognised using the ‘percentage of completion’ method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognised in the statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Company may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability (“Unearned revenue”) arises when there are billing in excess of revenue.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Company has applied the guidance in Ind AS 115 by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative selling price. The price that is regularly charged for an item when sold separately is the best evidence of its selling price. In cases where the Company is unable to determine the selling price, the Company uses the expected cost plus margin approach in estimating the selling price. Fixed price development contracts and related services, the performance obligation is satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a ‘right to use’ the licenses is recognised at the time the license is made available to the customer. Revenue from licenses where the customer obtains a ‘right to access’ is recognised over the access period. The Company has applied the principles of Ind AS 115 to account for revenues for these performance obligations.

The Company recognises revenue for a sales-based or usage-based royalty promised in exchange for a license of intellectual property only when (or as) the subsequent sale or usage occurs.

The Company accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Company recognises the liability based on its estimate of the customer’s future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Company recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Deferred contract costs are upfront costs incurred for the contract and are amortized on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the selling price, or as a termination of the existing contract and creation of a new contract if not priced at the selling price.

The Company disaggregates revenue from contracts with customers by nature of services, geography and industry verticals.

Dividend income is recognised when the Company’s right to receive dividend is established. Interest income is recognised using effective interest rate method.

Rental income from the investment property is recognised in statement of profit and loss on a straight-line basis over the term of lease except where the rentals are structured to increase in line with expected general inflation.

2.7 Foreign currency transactions:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the statement of profit and loss.

2.8 Financial Instruments:

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in statement of profit and loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in 'other comprehensive income', for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in 'other comprehensive income', subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 Consolidated and Separate Financial Statements.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss.

ii) Derivative financial instruments and hedge accounting

The Company is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows denominated in foreign currency. The Company uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Company designates some of these forward contracts / options as hedge instruments and accounts for them as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109.

The use of foreign currency forward contracts / options is governed by the Company's risk management policy approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The counter party to the Company's foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in other comprehensive income and accumulated under 'effective portion of cash flow hedges' (net of taxes), and the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in effective portion of cash flow hedges are reclassified to the statement of profit and loss in the same period in which gains/losses on the item hedged are recognised in the statement of profit and loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified as effective portion of cash flow hedges is classified to statement of profit and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in effective portion of cash flow hedges is transferred to the statement of profit and loss for the period.

iii) Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received.

2.9. Retirement and other employee benefits

(a) Defined Benefit Plan

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

(b) Defined Contribution Plans

(i) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company. The Company has no further obligations for future provident fund.

(ii) ESIC:

Contributions to employees' state insurance scheme (ESI), which is defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

(c) Compensated absences:

The Company provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number of years of service of an employee.

The valuation results for the Gratuity Benefit plan as at 31-03-2022 & 31-03-2021 are produced in the tables below:

INR in Thousands

Particulars	**For the period ending**	
	31-Mar-22 (Ind AS-19)	**31-Mar-21 (Ind AS-19)**
A)Present Value of Benefit Obligations		
Present Value of Obligation as on 01st April 2021	4,574,674	3,112,614
Current Service Cost	1,883,629	1,454,200
Interest Cost	311,078	211,658
Re-measurement (or Actuarial (gain) / loss) arising from:		
- change in demographic assumptions	-	-
- change in financial assumptions	(344,551)	-
- experience variance (Actual v/s assumptions)	1,034,815	(203,798)
Benefits Paid	(338,032)	-
Present Value of Obligation as on the 31st March 2022	**7,121,613**	**4,574,674**
B) Assets and Liability (Balance Sheet Position)	**31-Mar-22**	**31-Mar-21**
Present Value of Benefit Obligation as on 31-03-2022	(7,121,613)	(4,574,674)
Fair Value of Plan Assets as on 31-03-2022	2,788,741	2,556,171
Net Asset / (Liability)	**(4,332,872)**	**(2,018,503)**
C) Bifurcation of Net Liability:		
Current Liability (Short term)	(854,510)	(84,461)
Non-Current Liability (Long term)	(3,478,362)	(1,934,042)
Total Liability	**(4,332,872)**	**(2,018,503)**

D) Expenses Recognised in the Income Statement		
Current Service Cost	1,883,629	1,454,200
Net Interest Cost / (Income) on the Net Defined Benefit Liability / (Asset)	135,151	63,357
Expenses Recognised in the Income Statement	**2,018,780**	**1,517,557**
E) Other Comprehensive Income		
Actuarial (gains) / loss on Liability	690,264	(203,798)
Return on Plan Assets excluding amount included in 'Net interest on net Defined Liability / (Asset)' above	5,325	51,132
Total	**695,589**	**(152,666)**
F) Changes In fair value of Plan Assets		
Fair Value of Plan Assets as on 01st April 2021	**2,556,171**	**1,902,788**
Expected return on Plan Assets	175,927	148,301
Company Contribution	400,000	556,214
Benefits Paid	338,032	-
Actuarial (gains) / losses of obligation of plan assets	(5,325)	(51,132)
Fair Value of Plan Assets as on 31st March 2022	**2,788,741**	**2,556,171**
Discount rate (per annum)	6.8%	0
Salary growth rate (per annum)	6.0%	0
Mortality Rate	(% of IALM 12-14)	(% of IALM 12-14)
Attrition rate	19%	5% to 1%
G) Summary of Membership Status		
Number of employees	129	84
Total monthly salary (Rs.)	4,868,707	3,095,249
Average salary	37,742	36,848
Average past service (years)	2.03	2.49
Average age (years)	30.84	32.15
Retirement age (years)	60	60

2.10 Taxation:

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income. Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The proportionate credit for the taxes paid outside India are generally available for set off against the Indian income tax liability of the Company’s worldwide income.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognises interest levied and penalties related to income tax assessments in interest expenses.

2.11 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

2.12 Provisions and Contingent Liabilities:

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

2.13. Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

The Company does not expect the other amendments to have any impact on the financial statements.

Services during the year	-	160,486,713	-	111,790,223

Note-22: Financial risk management

Financial risk factors:

The Company's activities expose it to a variety of financial risks . The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign currency risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk.

A) Interest rate risk

Interest rate risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The results of the Company's operations are not exposed to Interest rate risk

B) Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the rendering of services in Ireland. The exchange rate between the Indian rupee and euro has changed in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are not adversely affected as the receipts from foreign debtors are in regular.

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Since the receipts from the counterparty are in regular hence the he results of the Company's operations are not exposed to credit risk.

Liquidity risk

The Company monitors its risk of shortage of funds using cash flow forecasting models. The Company's objective is to provide financial resources to meet its business objective in a timely, cost effective and reliable manner and to manage its capital structure. A balance between continuity of funding and flexibility is maintained.

The details regarding the contractual maturities of significant financial liabilities as at March 31, 2022 are as follows;

Particulars	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	2,530,864	-	-	2,530,864
Borrowings	-	-	-	-
Other Financial Liabilities	-	-	-	-

The details regarding the contractual maturities of significant financial liabilities as at March 31, 2021 are as follows;

Particulars	Less than 1 year	1-5 years	More than 5 years	Total
Trade payables	1,705,469	-	-	1,705,469
Borrowings	-	-	-	-
Other Financial Liabilities	-	-	-	-

Note -23: Capital Management

The Company's objective when managing capital is to safeguard continuity and healthy capital ratios in order to support its business and provide adequate return to its shareholders through continuing growth. The Company's overall strategy remains unchanged from previous year.

The Company sets the amount of capital required on the basis of annual business and long term operating plans.

The funding requirements are met through a mixture of equity and internal fund generation. The Company's policy is to use equity and receivables to meet anticipated funding requirements.

Note-24: Fair value measurement

The carrying value of financial instruments by categories as on March 31st, 2022

Expenditure on the objects of the Company	**7,383.20**	6,260.87
Corpus fund	**14,349.79**	13,897.16

REVIEW OF ACTIVITIES

The Foundation was set up in 2006, as a Section 25 Company (referred to as a Section 8 Company in the Companies Act, 2013). Since then, it has worked tirelessly towards the overarching vision of "Empowerment through Education", establishing itself as a prominent CSR player within the Mahindra Group as well as a leading social organization at the national level. The Foundation essentially works with children, youth and teachers from disadvantaged urban communities in India, with a special focus on women and persons with disabilities. During the year under review, Tech Mahindra Foundation has successfully implemented 147 high-impact projects with more than 90 partners, directly benefitting 41,374 individuals. In addition, the Foundation reached out to over a million people across the country through its Covid Relief efforts.

EDUCATION

The key initiatives in the area of School Education include:

ALL ROUND IMPROVEMENT IN SCHOOL EDUCATION (ARISE)

Tech Mahindra Foundation's educational initiatives under ARISE are long-term school improvement programmes, in partnership with local governments and partner organisations. The Foundation in FY 2021-22 worked with 18 government primary schools to turn them around into model schools of excellence. A total of 4,928 students were covered under this programme, of which 2,646 were girls.

During the year, the Foundation expanded its work for children with disabilities through its ARISE+ programme. This programme is a variant of ARISE in which children with disabilities are provided chronic therapy as well as special education to help them lead more fulfilling lives. Through 28 projects, the programme enabled 3,792 children with disabilities to become more independent in managing themselves and better learners. The Foundation is working with some of the most committed NGOs in the disability sector.

SHIKSHAANTAR

Shikshaantar, envisioned as a programme for enhancing capacity of government school teachers, has emerged as an important programme in the education portfolio of the Foundation. TMF works with the Municipal Corporations in East Delhi and North Delhi by running their In-Service Teacher Education Institutes, and during the year under review, as many as 9,573 teachers were trained as part of this initiative. This included specially designed modules for Digital Literacy, Child Safety, Cyber Security and Mental Health that were delivered to the teachers through online sessions. Physical training sessions with teachers resumed in the last few months of the year.

MOBILE SCIENCE LAB

In order to increase the footprint of its work in Education and reach the unreached, TMF had launched a unique initiative in FY 2019-20: The Mobile Science Lab (MSL). For this, a Mahindra bus has been remodeled to be a science lab on wheels and has been going from school to school in East Delhi to provide STEM learning for children in grades 3 and 4 in these schools. The MSL program resumed its operations in FY 2021-22 after a break of over a year, and during the year, as many as 4,590 students and 99 teachers were benefitted.

EMPLOYABILITY

Skills-for-Market Training (SMART) is the Foundation's flagship programme in employability. It is built on the vision of an educated, enabled and empowered India, and the belief that educated and skilled youth are the country's true strength. The programme started with 3 Centres in 2012 and is currently running over 85 Centres at 11 locations across India. These include SMART Centres, SMART+ Centres (training for people with disabilities), and SMART-T Centres (training in technical trades).

In FY 2021-22, your Company trained 16,715 young women and men under its SMART program, of which, 1,529 were persons with disabilities. More than 70% of the graduates are placed in jobs upon successful completion of the training, across multiple industries. The average salaries being earned by the graduates of the SMART program have been steadily rising and crossed ₹ 12,000 per month mark for the first time.

The Foundation's commitment to setting new benchmarks in skill development in India has been underscored by the setting up of Tech Mahindra SMART Academies, which provide the highest quality of skill training to youngsters in Healthcare and Digital Technologies. During FY 2021-22, 1,677 students were trained at the eight Academies that are now functional – 4 in Healthcare, 3 in Digital Technologies and 1 in Logistics.

TMF's work in Covid Relief

Right at the beginning of FY 2021-22, the country was swept by the severe second wave of COVID-19 which had a devastating effect on a large section of the population. Continuing the COVID relief operations of the previous year, Tech Mahindra Foundation reached out to some of the most marginalized and vulnerable communities – distributing ration kits, cooked meals, medical equipment, masks and PPE kits. More significantly, the Foundation managed to donate 20 fully equipped ambulances and install 10 oxygen plants at various charitable hospitals. In all, the COVID relief efforts of the Foundation have impacted over 2.3 million lives in 17 States of India through a wide range of initiatives.

MATERIAL CHANGES AND COMMITMENTS

There are no material changes which will affect the Company.

SIGNIFICANT AND MATERIAL ORDERS / PROCEEDINGS

There are no orders passed by the regulators or courts or tribunals which would impact the going concern status and Company's operations in future.

Further no application against the Company has been filed or is pending under the Insolvency and Bankruptcy Code, 2016, nor the Company has done any one time settlement with any Bank or Financial institutions.

FIXED DEPOSITS

Your Company has not accepted any fixed deposits and, as such, no amount of principal or interest was outstanding as on the balance sheet date.

AUDITORS

M/s. B. K. Khare & Co., Chartered Accountants, [Firm Registration No.105102W], the Auditors of your Company, hold office up to the conclusion of the forthcoming Annual General Meeting of the Company. It is proposed to appoint M/s. B. K. Khare & Co., Chartered Accountants, [Firm Registration No.105102W], as Statutory Auditors for a further period of five years i.e. from the conclusion of the Annual General Meeting for the FY 2021-22 till the conclusion of the Annual General Meeting for the FY 2026-27.

Your Company has received a written confirmation from M/s. B. K. Khare & Co., to the effect that their appointment, if made, would be in conformity with the limits prescribed in Section 139 of the Companies Act, 2013. The Company has also received a certificate from the statutory auditors to the effect that they are eligible for appointment in terms of Section 141 of the Companies Act, 2013. The Board recommends the appointment of M/s. B. K. Khare & Co., Chartered Accountants as the Statutory Auditors of the Company for a period of five years i.e. from the conclusion of the Annual General Meeting for the FY 2021-22 till the conclusion of the Annual General Meeting for the FY 2026-27.

Pursuant to the amendment to Section 139 of the Companies Act, 2013 which was notified on May 7, 2018, ratification of appointment of Statutory Auditors at every AGM is no longer required.

There are no qualifications, reservation or adverse remark or disclaimer made in the audit report for the Financial Year 2021-22.

SHARE CAPITAL

The Company has not issued any equity shares carrying differential rights, sweat equity shares, employee stock options nor provided money for purchase of its own shares by employees or by trustees for the benefit of employees during the financial year. The Company's paid up equity capital is ₹ 5,00,000 comprising of 50,000 equity shares of Face Value of ₹ 10/- each.

ANNUAL RETURN

The annual return as on the financial year ended 31st March 2022 in Form MGT - 7 is available on the web-link https://techmahindrafoundation.org/reports/

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

a) Conservation of Energy: The operations of the Company are not energy-intensive and hence, the provisions are not applicable.

b) Research and Development: No amount was spent on Research and development during the year under review.

c) Foreign Exchange earnings and outgo: i) Earnings ₹ 147.70 lacs; ii) Outgo ₹ Nil, during the year under review.

DIRECTORS

As per Article 16 of the Articles of Association of the Company, all Directors retire at the ensuing annual general meeting and are eligible for re-appointment.

NUMBER OF MEETINGS OF BORAD

During the year ended 31st March 2022, two Board Meetings were held on, 27th April, 2021 and 23rd October, 2021. The Company being a Section 8 Company, intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Company has not given any loans or guarantees or investment under Section 186 of the Companies Act, 2013.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All transactions entered into with the Related Parties as defined under the Companies Act, 2013 during the financial year were in the ordinary course of business and on an arm's length basis and do not attract the provisions of Section 188 of the Companies Act, 2013. Suitable disclosure as required by the Indian Accounting Standards (IND AS 24) has been made in the notes to the Financial Statements.

The particulars of related party transactions in prescribed Form AOC - 2 is annexed herewith as **"Annexure 1"**.

RISK MANAGEMENT

The Company risk management is forming part of the internal audit and risk management framework adopted by the Holding Company, wherein the elements of risks are reviewed and audited for the organization as a whole including its subsidiaries.

WHISTLE BLOWER MECHANISM

Whistle Blower mechanism is forming part of the Holding Company's Code of Ethical Business Conduct Policy which is applicable to all its subsidiaries. The policy sets out ways through which the stakeholders can raise concerns that relate to actual or suspected violations to the Corporate Ombudsman office.

OBLIGATION OF COMPANY UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

Your Company at group level has adopted a policy for prevention of Sexual Harassment of Women at workplace and has set up a Committee for implementation of the said policy. During the year under review there were no cases filed pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

DIRECTORS RESPONSIBILITY STATEMENT

Pursuant to provisions of Section 134 (5) of the Companies Act, 2013, your Directors, based on the representation received from the Operating Management, and after due enquiry, confirm that:

(i) in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

(ii) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;

(iii) the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

(iv) the directors have prepared the annual accounts on a going concern basis;

(v) the directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

ACKNOWLEDGEMENTS

The Board takes this as an opportunity to thank the promoters and all the stakeholders of the Company for their faith and patronage.

For and on behalf of the Board

INDEPENDENT AUDITORS' REPORT

To the Members of,

Tech Mahindra Foundation

Report on the Audit of the Ind AS Financial Statements

Opinion

1. We have audited the financial statements of Tech Mahindra Foundation ("the Company") licensed and registered under Section 8 (erstwhile section 25) of Companies Act 2013, which comprise the Balance sheet as at 31st March 2022, and the Statement of Income and Expenditure (including Other Comprehensive Income), Statement of changes in Equity and Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Financial Statements").

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its surplus, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

4. The Company's Board of Directors and trustees are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014 (as amended).

5. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors and trustees are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

   a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

   b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

   c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

   d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

   e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

   f. Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

12. As the Company is licensed and registered under section 8 (erstwhile section 25) of Companies Act, 2013, the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, does not apply to it as stated under Clause 2(iii) of the said Order.

13. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The Balance Sheet, the Statement of Income and Expenditure, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended)

   e. On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors and trustees, none of the directors/trustees are disqualified as on 31st March, 2022 from being appointed as a director/trustee in terms of Section 164 (2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial Statements.

g. In our opinion and to the best of our information and according to the explanations given to us, no remuneration is paid by the Company to its directors during the year.

h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

   c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

   v. The Company has not declared or paid any dividend during the year.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Tech Mahindra Foundation (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

a. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

b. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors/trustees of the company; and

c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, considering guidance given by ICAI in its Guidance Note on the essential Components of Internal Control Over Financial Reporting, the framework of internal control needs to be further strengthened by the Company so as to commensurate with the nature and size of its operations.

NOTES FORMING PART OF THE BALANCE SHEET AND INCOME EXPENDITURE ACCOUNT

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2022

1. Company Overview:

Tech Mahindra Foundation ("the Company"), a company registered under section 25 of the Companies Act, 1956 (now governed by section 8 of the Companies Act, 2013) was incorporated on March 22, 2006, and In compliance of this new Sec 12AB of the Income Tax Act, 1961 – an application for revalidation is being made to the department and consequently received a fresh registration certificate u/s 12A and 80G which is valid for 5 Assessment Years starting from AY 2022-23

The primary objects of the company are:

i. To provide needy children and/or students with fees, books, equipment, merit based freeships and/or scholarships, food, shelter, training and other help; assist mentally challenged, crippled and physically handicapped children in their rehabilitation through appropriate therapy, education, vocational training and other programs; render assistance to orphaned, indigent and other less privileged children for their subsistence, shelter, education and medical care.

ii. To render assistance to indigent men, women and children for treatment, medical care, health care, preventive medical services which they otherwise cannot afford; to setup and/or operate or to help in setting up and/or operating, hospitals / nursing homes, shelters for the needy; to develop or adopt village(s) or other center(s) for general progress and welfare; to render assistance for appropriate literacy, and vocational training programs for needy persons, provide assistance and social service at the times of natural calamities like famine, fire, earthquake; to render assistance to handicapped, destitute and needy persons.

iii. To conduct education in public health care, sanitation, cleanliness; and to work or provide assistance for such causes; to work for the health, welfare and upliftment of men, women and children in general without any distinction as to community, background, caste, race, language or religion.

2. Significant accounting policies:

(a) Basis for preparation of accounts:

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles ("GAAP") in India under historical cost convention and on accrual basis, and are in conformity with mandatory accounting standards, as prescribed under Section 133 of the Companies Act 2013, read with rule 7 of the Companies (accounts) Rules, 2014, and the provisions of the Act (to the extent notified).

All assets and liabilities have been classified as current and non-current as per Company's normal operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013.

(b) Use of Estimates:

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities if any) and the reported income and expenses during the year. The management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to the estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialized.

(c) Revenue recognition:

i) Donations received are credited to the Income & Expenditure Account except those received with a specific direction from the donors that they shall form part of the corpus, which have been accounted for accordingly.

ii) Interest income is recognized on time proportion basis.

iii) Other items of income are accounted for as per the terms of the contract.

(d) Fixed Assets including intangible assets:

Fixed assets are stated at cost less accumulated depreciation. Costs comprise of purchase price and attributable costs, if any.

(e) Depreciation / amortization of fixed assets:

(i) Depreciation on fixed assets is charged based on straight line method as per the life of the assets as assessed based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Estimate of useful life so made is more conservative than estimated useful life as prescribed in schedule II to the Companies Act, 2013.

Computers and Project specific software	3 years
Plant and Machinery	5 years
Furniture and Fixtures	5 years
Office Equipment	5 years
Vehicles	5 years
Leasehold improvements	Amortized over the lease period

(ii) Assets costing up to ₹ 5,000 are fully depreciated in the year of purchase.

(f) Investments:

Long term investments (including current portion thereof) are carried at cost less any other than temporary diminution in the value, determined separately for each investment

Current investments are carried at the lower of cost and fair value. Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the Statement of Income and Expenditure.

(g) Cash and Cash Equivalents:

Cash and cash equivalents comprise cash at bank and in hand and short term bank deposits, if any with original maturity of three months or less.

(h) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same is s below:

a. Defined benefit plans:

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in income and expenditure account in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

The Company has during the year reworked he gratuity payable at the time of retirement, death, incapacitation, termination based on actuarial valuation taking into account the past service period in which the employees rendered their services to the Company.

b. Defined contribution plans:

(i) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company.

(ii) ESIC:

Contributions to employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

The Company has no further obligations for future superannuation fund benefits other than its annual contributions.

(iii) Compensated absences:

The Company provides for compensated absences subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date. It is measured at the balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in the statement of profit and loss in the period in which they occur.

(i) Details of dues to micro and small enterprises as defined under The Micro. Small and Medium Enterprises Development (MSMED) Act 2006:

Based on the information available with the Company, there are no outstanding amounts payable to creditors who have been identified as "suppliers" within the meaning of "Micro, Small and Medium Enterprises Development (MSMED) Act, 2006".

3. Previous year figures have been regrouped wherever necessary.

REVIEW OF ACTIVITIES – 2021-22

Mahindra University ("MU") (sponsored by Mahindra Educational Institutions, ("MEI") – a not-for-profit, 100% subsidiary of Tech Mahindra), was notified on 20th May 2020 by the Government of Telangana vide The Telangana State Private Universities (Establishment and Regulation) Act, 2018 for "educating future citizens for and of a better world".

In the Academic Year 2021 the existing Ecole Centrale School of Engineering launched new 4-year UG programs in Nano-Technology, Mechatronics and 2-year PG courses in Computer Aided Structural Engineering (CASE), Autonomous Electric Vehicles (AEV) with an intake of 15 each. PhD programs in Engineering and Humanities were also offered.

Besides the existing Ecole Centrale School of Engineering, in the year 2021, Mahindra University has launched 3 new schools - School of Management, School of Law and Indira Mahindra School of Education. Each of these Schools will run UG, PG and Ph.D. programs. Further, the University has subsequently planned to launch School of Media & Liberal Arts and School of Design in the next 2 years.

Cornell University's SC Johnson College of Business (an ivy league institution located near New York, USA) is the "Academic Partner" for School of Management. Mahindra University's School of Management (MU - SoM) will benefit significantly from Cornell University's expertise in curriculum development, faculty exchange programs including some specialty courses delivery by the Cornell faculty to Mahindra University students, as well as student immersion at Cornell.

The School of Law, Mahindra University, commenced in September 2021, is a new temple of law learning in Hyderabad, founded on the philosophy of securing justice, equality and service to all sections of society. With the ever-changing needs of society, the importance of the discipline of law is developing and gaining focus and influencing the thought process of society for its healthy growth. MU -SOL started with 2 Integrated 5 Year BA LLB (H) & BBA LLB (H) programs with 60 intake each. This school will aim to make a difference to the legal profession and practice by providing a diverse and flexible curriculum and pedagogy, touching on several aspects of domestic and international law appraising the students of the latest trends in academia and practice.

Indira Mahindra School of Education (IMSE) has commenced its academic activities in Fall 2021, with the PhD program. IMSE's vision is to be a focused training ground school for preparing the next generation of teachers and school leaders through study of education where both researchers and practitioners are developed for working in and on educational issues.

In the academic year 2021, a total of 817 students were admitted to the University – of which 757 students in various UG programs, including School of Management and School of Law, 24 students in the PG programs of School of Engineering and 36 students in the Ph.D programs across all the schools.

The University aims to introduce new programs in UG, PG and Ph.D across all the schools and also envisions to establish Center of Life Sciences, Centers of Excellence in Sustainability, Social Initiatives (with empowerment of women as the initial focus area) and Governance by late 2022.

MATERIAL CHANGES AND COMMITMENTS

There are no material changes and commitments affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

There was no change in the nature of business.

SIGNIFICANT AND MATERIAL ORDERS / PROCEEDINGS

During the year under review, there were no material orders passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future.

Further no application against the Company has been filed or is pending under the Insolvency and Bankruptcy Code, 2016, nor the Company has done any one time settlement with any Bank or Financial institutions.

FIXED DEPOSITS

Your Company has not accepted any deposits and as such, no amount of principal or interest was outstanding on the date of the Balance Sheet.

AUDITORS

M/s. M. Bhaskara Rao & Co., Chartered Accountants, [Firm Registration No.000459S], the Auditors of your Company, hold office up to the conclusion of the forthcoming Annual General Meeting of the Company. It is proposed to appoint M/s. M. Bhaskara Rao & Co., Chartered Accountants, [Firm Registration No. 000459S], as Statutory Auditors for a further period of five years i.e. from the conclusion of the Annual General Meeting for the FY 2021-22 till the conclusion of the Annual General Meeting for the FY 2026-27.

Your Company has received a written confirmation from M/s. M. Bhaskara Rao & Co., to the effect that their appointment, if made, would be in conformity with the limits prescribed in Section 139 of the Companies Act, 2013. The Company has also received a certificate from the statutory auditors to the effect that they are eligible for appointment in terms of Section 141 of the Companies Act, 2013. The Board recommends the appointment of M/s. M. Bhaskara Rao & Co., Chartered Accountants as the Statutory Auditors of the Company for a period of five years i.e. from the conclusion of the Annual General Meeting for the FY 2021-22 till the conclusion of the Annual General Meeting for the FY 2026-27.

Pursuant to the amendment to Section 139 of the Companies Act, 2013 which was notified on May 7, 2018, ratification of appointment of Statutory Auditors at every AGM is no longer required.

There are no qualifications, reservation or adverse remark or disclaimer made in the audit report for the Financial Year 2021-22.

SHARE CAPITAL

The Company has not issued any equity shares carrying differential rights, sweat equity shares, employee stock options nor provided money for purchase of its own shares by employees or by trustees for the benefit of employees during the financial year. INDEPENDENT AUDITOR'S REPORT

To the Members of
Mahindra Educational Institutions

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Mahindra Educational Institutions ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Income and Expenditure, the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, the surplus, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules issued thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

This report does not include a statement on matters specified in paragraph 3 and 4 of the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, since in our opinion and according to the information and explanation given to us, the said Order is not applicable to the Company.

1. As required by section 143(3) of the Act, we report that:

    a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

    b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

    c. the Balance Sheet, the Statement of Income and Expenditure, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account;

    d. in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the rules issued thereunder;

    e. on the basis of the written representations received from the directors as on 31 March 2022, and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022, from being appointed as a director in terms of Section 164 (2) of the Act;

f. with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in ‘Annexure A’; and

g. with respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the provisions of Section 197 of the Act and the rules thereunder are not applicable to the Company.

h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor’s) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. there are no pending litigations on or by the Company, the impact of which needs to be disclosed in the financial statements;

   ii. the Company does not have any material foreseeable losses relating to long term contracts, there were no derivative contracts entered into by the Company as at 31 March 2022;

   iii. there are no amounts which were required to be transferred to the Investor Education and Protection Fund during the year ended 31 March 2022.

   iv. (a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   (b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

   (c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

   v. The Company has not declared or paid any dividend during the year.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra Educational Institutions)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Mahindra Educational Institutions** ("the Company") as of 31 March 2022, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS

for the year ended 31 March 2022

1. Corporate Information

Mahindra Educational Institutions ("the Company") incorporated as a Not-for-Profit Company with main objects to establish institutions of higher learning such as setting up of universities, colleges, academics and research institutes, encouraging education and research work in different disciplines, to promote innovation and technology development, to collaborate and / or affiliate with other universities in India for the cause of promoting high quality higher education within India.

2. Significant accounting policies

2.1 Statement of Compliance

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The financial statements for the year ended 31 March 2022 were approved by the Board of Directors and authorised to issue on 05 May 2022.

2.2 Basis for preparation of financial statements

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India on accrual basis under the historical cost convention, except for certain financial instruments which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purpose in these standalone financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

2.3 Use of Estimates

The preparation of these standalone financial statements requires the management of the Company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the financial statements.

2.4 Property, Plant & Equipment and Other Intangible assets

Property, Plant & Equipment and Other intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciation / amortization of Property, Plant & Equipment and Other Intangible assets

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as per the technical estimates of the Management. The estimated useful lives and residual values of the tangible and intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Particulars	Useful life
Buildings	28 Years
Computers	3 Years
Furniture and fistures	5 Years
Library Books	3 Years
Plant and Machinery	5 Years
Software	1 Years
Vehicles	5 Years
Assets below ₹ 5000	Same Year

2.5 Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

The Company as a lessee

The Company assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

(a) the use of an identified asset,

(b) the right to obtain substantially all the economic benefits from use of the identified asset, and

(c) the right to direct the use of the identified asset.

The Company at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

The Company applies Ind AS 36 to determine whether a RoU asset is impaired and accounts for any identified impairment loss as described in the impairment of non-financial assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate

The Company recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in consolidated statement of income.

For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Lease payments have been classified as cash used in Financing activities.

2.6 Impairment of Assets

i) Financial assets

Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortised cost is measured at the difference between the asset’s carrying amount and the present value of estimated future cash flows, discounted at the financial asset’s original effective interest rate. In a subsequent period, if the amount of impairment loss decreases and the decreases can be related objectively to an event, the previously recognised impairment is reversed through Statement of Income and Expenditure.

ii) Non-financial assets

Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Income and Expenditure.

2.7 Revenue recognition

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Arrangements with customers for services i.e. students are mainly on a time bound fixed price basis.

Revenue from fixed-price, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as deferred revenues).

In arrangements for educational services with customers, the company has applied the guidance in Ind AS 115, Revenue from contract with customer, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering educational services and other related services as distinct performance obligations. For allocating the transaction price, the company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the company is unable to determine the standalone selling price, the company uses the expected cost plus margin approach in estimating the standalone selling price. For time and material related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

The company accounts for discounts and pricing incentives to customers as a reduction of revenue based on the rateable allocation of the discounts/ incentives amount to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive. Also, when the level of discount / incentive varies with increases in levels of revenue transactions, the company recognizes the liability based on its estimate of the customer’s future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

The Company presents revenues net of indirect taxes in its statement of Profit and loss.

The Company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

A receivable is a right to consideration that is unconditional upon passage of time.

Revenue recognition for fixed price development contracts is based on percentage of completion method. Invoicing to the clients is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Unbilled revenue for fixed price development contracts is classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

Trade receivable and unbilled revenues are presented net of impairment in the Balance Sheet.

2.8 Donations / Funds received

Donations received are accounted as contributions to corpus fund or treated as revenue based on the directions from the donor.

a) Corpus Fund

Donations received from donors with a direction for utilisation towards capital expenditure are treated as corpus fund.

b) Building and Equipment Fund

Donations received from donors with a direction for utilisation towards development of infrastructure facilities including buildings and equipment are treated as building and equipment fund.

c) University Fund

Donations received from donors with a direction for utilisation towards requirements of the Institution

2.9 Foreign currency transactions

The functional currency of the Company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities of foreign operations are restated into the functional currency using exchange rates prevailing on the date of the Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the Statement of Income and Expenditure.

2.10 Foreign Operations

For the purpose of these financial statements, the assets and liabilities of the Company's foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognised in other comprehensive income and accumulated in equity.

2.11 Financial Instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in Statement of Income and Expenditure.

i) Non-derivative financial instruments

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortised cost is carried at fair value through profit or loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in Statement of Income and Expenditure.

Financial liabilities

Financial liabilities at fair value through profit and loss are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Income and Expenditure.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.12 Employee Benefits

a) Gratuity

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for the Company. Actuarial gains and losses are recognised in full in other comprehensive income and accumulated in equity in the period in which they occur.

b) Provident fund

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Income and Expenditure on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner. The Company has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

c) Compensated absences

The employees are entitled to accumulate leave subject to certain limits. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for the Company. The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date. Actuarial gains and losses are recognised in full in the Statement of Other Comprehensive Income in the period in which they occur.

2.13 Taxation

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax after the tax holiday period. Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

The Company recognises interest levied and penalties related to income tax assessments in income tax expenses.

Tax on distributed profits payable in accordance with the provisions of the Income-Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI)

2.14 Earnings per Share

Basic earnings/ (loss) per share are calculated by dividing the net surplus / (deficit) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings / (loss) per share, the net surplus / (deficit) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

2.15 Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets are not recognized in the financial statements.

2.16 Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year

Useful lives of property, plant and equipment

The company reviews the estimated useful lives of property plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.

Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for the financial reporting purposes.

In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1inputs are not available, the Company engages third party qualified valuers to perform the valuation . Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Executive Officer reports to the board of fluctuations in the fair value of the assets and liabilities.

Provision for employee benefits

The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates.

Provision for taxes

Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

2.17 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 - Property Plant and equipment

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

13.6 Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company manages its capital so as to safeguard its ability to continue as a going concern. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

26.2 Sponsoring Body Obligations

The Mahindra Educational Institutions (“MEI”), as sponsoring body, under The Telangana State Private Universities (Establishment and Regulation) Act, 2018 (“the Act”) established a private University viz Mahindra University (“”MU””) in accordance with section 10 of the Act.

In terms of approval by the Telangana State Government and no objection from Jawaharlal Nehru Technology Institute (‘JNTU’), MEI would continue the academic activity for existing students under JNTU and any fresh admissions would be under MU. The infrastructure, relating to academic activity would vest with MU. Accordingly, MEI would cease to carry on activities of MEC over a period of three years upon establishment of MU and would continue its charitable activity in academics through MU as Sponsoring Body.

The Sponsoring Body, MEI under the Act, has given certain financial assurances and agreed to provide initial infrastructure necessary to commence the academic activities of the University as per the LOI.

As a Sponsoring Body, the MEI has following obligations in terms of the LOI:

a) Following two parcels of land to be registered in its name within a period of six months: 5 Acres 20 guntas and 16 Acres .056 guntas which are leased for a period of 29 years 10 months. This has been subsequently amended to include perpetual irrevocable lease in the name of sponsoring body for 90 years period of time and MEI complied with the requirement.

b) Establish corpus fund of ₹10.00 crores

c) Continue ₹30 Crores in the form of fixed deposit for a period of 3 years to support the various activities like construction of buildings, infrastructure and campus development etc.

d) Maintain endowment fund of 1% of the Project cost or ₹10 Crores whichever is lower

e) Furnish sale / gift deed of the land favouring sponsoring body (amended to lease vide 1 above) and allocating the land exclusively to MU.

The MEI has made deposits and held in its name against its obligation as sponsoring body. The MEI has made a deposit of ₹1.50 Crores in the name of MU and State Government of Telangana towards endowment fund obligation and would transfer to MU in due course.

26.3 Contingent Liabilities - Nil [31 March 2021: ₹ Nil]

27 Operating Leases

Rental expenses of ₹383.60 Lakhs [31 March 2021 : Nil] has been charged to Statement of Income and Expenditure in respect of cancellable operating leases.

	Basic and Diluted* [in ₹ per share]	**57,886.90**	(21,357.09)

* The Company has no dilutive instruments.

32 Employee benefit plans

The gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design mean the risks commonly affecting the liabilities and the financial results are exposed to:

a) Interest rate risk : the defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

b) Salary inflation risk : Higher than expexted increases in salary will increase the defined benefit obligation

c) Demographic risk : For example, as plan is open to new entrants, an increase in membership will increase the defined benefit obligation. Also, the plan only provides benefits upon completion of a vesting criteria. Therefore, if tunover rates increase, then the liability will tend to fall as fewer employees reach vesting period.

I The Principal Assumptions used for the purposes of the acturial valuation as follows

	Details	**31-Mar-22**	31-Mar-21
1	Discount Rate(s)	**7.33%**	6.91%
2	Expected Rate(s) of salary increase	**4%**	4%
3	Demographic Assumptions		
	Mortality Rate	**Indian Assured lives Mortality (2012-14) Ult.**	Indian Assured lives Mortality (2012-14) Ult.
	Withdrawal Rate (per Annum)	**4%**	4%

II Disclosure of defined benefit cost :

	Details	Year ended 31 March 2022	Year ended 31 March 2021
A	**Amounts Recongnised in Statement of Income and Expenditure**

1	Service Cost	**12.66**	20.16
2	Net interest on net defined benefit liability / (asset)	**6.05**	7.79
3	Actuarial (gains)/losses recognised in OCI	**(55.85)**	(54.45)
4	Immediate recognition or (gains)/losses - other long term employee benefit plans		-
5	**Defined Benefit Cost**	**(37.14)**	(26.50)

III Changes in benefit obligation and assets

		Year ended 31 March 2022	Year ended 31 March 2021
A.	**Changes in defined benefit obligation:**		
1	Defined benefit obligation(DBO) at the end of prior period	**88.21**	114.71
2	Current service cost	**12.66**	20.16
3	Interest cost	**6.05**	7.79
4	Curtailment (credit)/ cost	**-**	-
5	Settlement (credit)/ cost	**-**	-
6	Past service cost - plan amendments	**-**	-
7	Acquisitions (credit)/ cost	**-**	-
8	Actuarial (gain)/loss	**(55.85)**	(54.45)
9	Actuarial (gain)/loss - demographic assumptions	**-**	-
10	Actuarial (gain)/loss - financial assumptions	**-**	-
11	Benefits paid directly by the Company	**-**	-
12	Benefits paid from plan assets	**-**	-
13	**DBO at end of current period**	**51.07**	88.21

		Year ended 31 March 2022	Year ended 31 March 2021
B.	**Changes in fair value of assets:**		
1	Fair value of assets at end of prior period	**-**	-
2	Acquisition adjustment	-	-
3	Interest income on plan assets	-	-
4	Employer contributions	-	-
5	Return on plan assets greater/(lesser) than discount rate	-	-
6	Benefits paid	-	-
7	**Fair Value of assets at the end of current period**	-	-

		31 March 2022	31 March 2021
IV	**Additional Disclosures**		
A.	**Expected benefit payments for the years ending**		
	2020	**-**	-
	2021	**-**	13.23
	2022	**5.42**	4.14
	2023	**2.61**	6.11
	2024	**4.25**	4.89
B.	**Current and Non current breakup**		
	Current liability	**5.42**	13.23
	Non current liability	**44.30**	106.59
	Total Liability	**49.72**	119.82

		As at 31 March 2022	As at 31 March 2021
V	**Sensitivity Analysis**		
	Details		
A	**Discount rate**		
	Discount rate as at year end	**7.33%**	6.91%
	Effect on DBO due to 1% increase in discount rate	**45.15**	80.33
	Effect on DBO due to 1% decrease in discount rate	**55.20**	97.62
B	**Salary escalation rate**		
	Salary escalation rate as at year end	**4%**	4%
	Effect on DBO due to 1% increase in salary escalation rate	**55.44**	98.02
	Effect on DBO due to 1% decrease in salary escalation rate	**44.88**	79.88
C	**Attrition rate**		
	Salary escalation rate as at year end	**4%**	4%
	Effect on DBO due to 1% increase in attrition rate	**51.16**	90.24

Effect on DBO due to 1% decrease in attrition rate	**48.01**	85.78

Method used for sensitivity analysis: The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directons, while the Plan's sensitivity to such changes can vary over time.

32 Financial Instruments

32.1 Accounting classification and fair values

The carrying amounts and fair values of financial instruments by class are as follows:

	As at 31 March 2022	As at 31 March 2021
Financial Assets		
Financial assets measured at fair value	**-**	-
Financial assets measured at amortised cost		
Other financial assets	**4,630.61**	4,406.91
Financial Liabilities		
Financial liabilities measured at fair value		
Financial liabilities measured at amortised cost		
Lease liabilities	**6,902.84**	6,426.11
Other financial liabilities	**114.16**	150.49

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

32.2 Fair value hierarchy

The fair value of financial instruments as referred to in note 33.1 above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The Company does not have any financial assets and liabilities, which are measured at fair value.

Other financial assets and liabilities

Cash and cash equivalents, trade receivables, investments in term deposits, other financial assets, trade payables and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

33 Ratios

S. No.	Ratio	Numerator	Denominator	31 March 2022	31 March 2021	% Variance
a)	Current ratio	Current Assets	Current Liabilities	0.11	0.28	-62%
b)	Debt equity ratio *	-	-	-	-	-
c)	Debt service coverage ratio *	-	-	-	-	-
d)	Return on equity	Net Profits after taxes	Average Shareholder's Equity	0.33	-0.19	-279%
e)	Inventory turnover ratio *	-	-	-	-	-
f)	Trade receivables turnover ratio	Revenue	Average Trade Receivable	18.30	13.14	39%
g)	Trade payables turnover ratio	Purchases of services and other expenses	Average Trade Payables	1.41	5.06	-72%
h)	Net capital Turnover ratio	Revenue	Working Capital	-1.45	-1.60	-9%
i)	Net profit ratio	Net Profit	Revenue	0.63	-0.47	-233%

j)	Return on capital employed	Earning before interest and taxes	Capital Employed	0.24	-0.17	-244%
k)	Return on investment *	-	-	-	-	-

* These ratios are not applicable to the company at present.
The change in the ratios compared to previous year is on account of increase in the current year profit due to the higher amount of donations received.

34 Education sector is one sector which was affected by the pandemic caused due to COVID 19. While there is no reduction in Company's revenues from tuition fee due to Covid-19, the hostel and other fees have decreased marginally. In assessing the recoverability of receivables (i.e. fee dues), financial assets and certain investments, the Company has considered internal and external information up to the date of approval of these financial statements. Considering the nature of these assets, while some delays are expected in the collection, the Company expects to recover the carrying amount of these assets. The impact of COVID 19 may be different from that estimated by the Company and the Company will continue to closely monitor any material changes in future economic conditions. Considering the Company's present liquidity position and the nature of its activities, the Company is of the opinion that it would be able to discharge its obligations.

35 Provision for current tax and deferred tax has not been made since the income of Company is exempted U/s 11 and 12 of the Income Tax Act, 1961. Tax assessment upto AY 17-18 are complete granting exemption to the income of the Company.
