iv) Conclude on the appropriateness of management's use of the going concern of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transaction and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

The Companies and Allied Matters Act, 2020 requires that in carrying out our audit we consider and report to you on the following matters. We confirm that:

i) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

ii) In our opinion, proper books of account have been kept by the company; and

iii) The Company's Statement of Financial Position and Statement of Profit or Loss are in agreement with the books of account.

# NOTES TO THE FINANCIAL STATEMENTS

**FOR THE YEAR ENDED 31 MARCH 2023**

**1 Nature of Operations**

The principal activity of the company is to provide global solution on information technology to various sector of the economy. It is engaged in directing, operating, managing, investing in or provide telecommunication, networking, communication, internet information and other information technology related services.

**2 General Information, statement of compliance with IFRS and going concern assumption**

The company was incorporated in Nigeria under the Companies and Allied Matters Act 2020 as a Private Limited Liability Company on 18 August 2009. It commenced full operation in January 2011. Its initial authorized share capital was 153,790,000 ordinary shares of N1.00. The company is wholly owned by Tech Mahindra India .

The financial statements of the company have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). They have been prepared under the assumption that the company operates on a going concern basis. The company's audited balances for the year under review are comparable with the prior year balances in all aspects.

The financial statements for the year ended 31 March 2023 (including comparatives) were approved and authorised for issue by the board of directors of Tech Mahindra Nigeria Limited on 29 September 2023.

**3 New or revised standards or interpretations**

**3.1 New standards adopted as at 1st April 2022**

**IFRS 16 - Lease**

COVID 19 related rent concessions (Amendment to IFRS 16 - Effective 1 April 2022)

Some accounting pronouncements which have become effective from 1 January 2022 and have therefore been adopted do not have a significant impact on the financial results or position. These amendments do not have a significant impact on these Financial Statements and therefore the disclosures have not been made

**3.2 Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the company.**

**IFRS 3 - Business Combination**

Reference to the conceptual framework (Amendment to IFRS 3) - Effective 1 January 2023

Adds a new exception to the recognition principle in order to make sure that the accounting remains unchanged. It outlines the accounting when an acquirer obtains control of a business (e.g. an acquisition or merger). Such business combinations are accounted for using the 'acquisition method', which generally requires assets acquired and liabilities assumed to be measured at their fair values at the acquisition date.

**IAS 16 - Property, Plant & Equipment**

- Proceeds before Intended Use (Amendments to IAS 16) - Effective 1 January 2023

  Prohibits an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the entity is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss.

**IAS 37 - Provisions, Contingent Liabilities & Contingent Assets**

- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) - Effective 1 January 2023

  Specifies which costs an entity includes when assessing whether a contract will be loss-making. It outlines the accounting for provisions (liabilities of uncertain timing or amount), together with contingent assets (possible assets) and contingent liabilities (possible obligations and present obligations that are not probable or not reliably measurable).

**IAS 1 - Preparation of Financial Statements**

- Classification of Liabilities as Current or Non-current (Amendments to IAS 1) - Effective 1 January 2023

IAS 1 requires an entity that has an unconditional right to delay settlement of a liability for at least 12 months from the end of the reporting period, then it can be classified as non-current, if not it is classified as current. Some preparers have found this statement confusing and consequently similar liabilities have been classified differently, making comparisons by investors difficult.

The amendments clarify the guidance in IAS 1 by:

- clarifying that the classification of a liability as either current or non-current is based on the entity's rights at the end of the reporting period

- stating that management's expectations around whether they will defer settlement or not does not impact the classification of the liability

- adding guidance about lending conditions and how these can impact classification

- including requirements for liabilities that can be settled using an entity's own instruments.

**IAS 12 - Income Taxes**

- Deferred Tax related to Assets and Liabilities from a Single Transaction - Effective 1 January 2023

In specific circumstances, entities are exempt from recognising deferred tax when they recognise assets or liabilities for the first time. There had been some diversity in practice as to whether the exemption applied to transactions such as leases and decommissioning obligations. These are transactions where entities recognise both an asset and a liability.

The amendments require an entity to recognise deferred tax on certain transactions (eg leases and decommissioning liabilities) that give rise to equal amounts of taxable and deductible temporary differences on initial recognition.

The amendments clarify that the initial recognition exemption set out in IAS 12 'Income Taxes' does not apply and entities are required to recognise deferred tax on these transactions. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023, with early application permitted.

These amendments are not expected to have a significant impact on the financial statements In the period of initial application and therefore no disclosures have been made.

\At the date of authorisation of these financial statements, several new, but not yet effective, Standards and amendments to existing Standards, and Interpretations have been published by the IASB. None of these Standards or amendments to existing Standards have not been adopted early by the company.

Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement.

**4 Significant Accounting Policies**

**4.1 Basis of preparation**

The company's financial statements have been prepared on an accrual basis and under the historical cost convention. Monetary amounts are expressed in Nigerian currency (₦).

**4.2 Foreign currency translation**

Functional and presentation currency

The financial statements are presented in Nigerian naira (₦), which is also the functional currency of all the companies within the company.

**Foreign currency transactions and balances**

Foreign currency transactions are translated into the functional currency of the respective entities, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in profit or loss.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

**Foreign operations**

In the company's financial statements, all assets, liabilities and transactions with functional currencies other than the Naira are translated into Naira upon consolidation. The functional currencies of entities within the company have remained unchanged during the reporting period.

### 4.3 Revenue

Revenue arises mainly from on-site/offshore services and hardware/software system services.

To determine whether to recognise revenue, the company follows a 5-step process:

1. - Identifying the contract with a customer

2. - Identifying the performance obligations

3. - Determining the transaction price

4. - Allocating the transaction price to the performance obligations

5. - Recognising revenue when/as performance obligation(s) are satisfied.

The company often enters into transactions involving a range of the company's services. In all cases, the total transaction price for a contract is allocated amongst the various performance obligations based on their relative stand-alone selling prices. The transaction price for a contract excludes any amounts collected on behalf of third parties.

Revenue is recognised either at a point in time or over time, when (or as) the company satisfies performance obligations by transferring the promised goods or services to its customers. The company recognises contract liabilities for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the statement of financial position. Similarly, if the company satisfies a performance obligation before it receives the consideration, the company recognises either a contract asset or a receivable in its statement of financial position, depending on whether something other than the passage of time is required before the consideration is due.

### 4.3.1 Onsite and offshore revenue

The entity's revenue is derived from the provision of onsite and offshore services to customers, majorly corporate bodies. Irrespective of the type of services, onsite or offshore services rendered are all categorised as revenue. Revenue is recognized upon completion of project. In some cases, if work is monthly for a fixed period, revenue is recognised monthly as it is due. Once the percentage of completion is received, the project revenue is updated monthly for a fixed period.

### 4.4 Operating expenses

Operating expenses are recognised in profit or loss upon utilization of the service or as incurred. Expenditure for warranties is recognised when the company incurs an obligation, which is typically when the related services are rendered.

### 4.5 Earnings Per Share, Interests and dividends

Basic earnings per share have been calculated using the profit attributable to shareholders of the parent company as the numerator, i.e. no adjustments to profit were necessary in 2022 or 2019. Interest income and expenses are reported on an accrual basis using the effective interest method. Dividends, other than those from investments in associates, are recognised at the time the right to receive payment is established.

### 4.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

### 4.7 Property, plant and equipment

**Land**

Land held for use in production or administration is stated at revalued amount. As no finite useful life for land can be determined, related carrying amounts are not depreciated.

**Buildings, IT equipment and other equipment**

Buildings, IT equipment and other equipment (comprising fittings & furniture, plants & machinery, vehicle & laboratory equipment and fire fighting equipment ) are initially recognised at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for them to be capable of operating in the manner intended by the company's management. Buildings, IT equipment and other equipment are subsequently measured at revalued amount and cost less accumulated depreciation and impairment losses.

**Depreciation**

Depreciation is recognised on a straight-line basis to write down the revalued amount and cost less accumulated depreciation of buildings, computer and other equipment. The following useful lives are applied:

| | |
|---|---|
| Motor Vehicles | 3 - 5 years |
| Computer Equipment | 3 years |
| Furniture and Fittings | 5 - 10 years |
| Plant and Machinery | 5 - 10 years |

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within other income or other expenses.

**Impairment testing of property, plant and equipment**

For impairment assessment purposes, assets are companyed at the lowest levels for which there are largely independent cash inflows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

An impairment loss is recognised for the amount by which the asset's (or cash-generating unit's) carrying amount exceeds its recoverable amount, which is the higher of fair value less costs of disposal and value-in-use.

All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

### 4.8 Financial instruments

#### 4.8.1 Recognition, and derecognition

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

### 4.8.2Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

In the periods presented, the corporation does not have any financial assets categorised as FVOCI.

The classification is determined by both:

* the entity's business model for managing the financial asset
* the contractual cash flow characteristics of the financial asset.

All revenue and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

### 4.8.3 Subsequent measurement of financial assets

**Financial assets at amortised cost**

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

  After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

**Financial assets at fair value through profit or loss (FVTPL)**

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

The category also contains an equity investment. The company accounts for the investment at FVTPL and did not make the irrevocable election to account for the investment in unquoted securities and listed equity securities at fair value through other comprehensive income (FVOCI). The equity investment in unquoted securities was measured at cost less any impairment charges in the comparative period under IAS 39, as it was determined that its fair value could not be estimated reliably. In the current financial year, the fair value was determined in line with the requirements of IFRS 9, which does not allow for measurement at cost.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

**Financial assets at fair value through other comprehensive income (FVOCI)**

The company accounts for financial assets at FVOCI, if the assets meet the following conditions:

- they are held under a business model whose objective it is "hold to collect" the associated cash flows and sell and

- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in other comprehensive income (OCI) will be recycled upon derecognition of the asset.

**4.8.4 Impairment of financial assets**

IFRS 9's impairment requirements use forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. Instruments within the scope of the requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables, contract assets recognised and measured under IFRS 15 and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and

- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

' Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

' 12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category. Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

**Trade and other receivables and contract assets**

The company makes use of a simplified approach in accounting for trade and other receivables as well as contract assets and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating, the company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The company assess impairment of trade receivables on a collective basis as they possess shared credit risk characteristics they have been companyed based on the days past due.

**4.8.5Classification and measurement of financial liabilities**

The company's financial liabilities include borrowings, trade and other payables and derivative financial instruments.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the company designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

**4.9 Income taxes**

Tax expense recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the balance sheet liability method.

Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilized against future taxable income. This is assessed based on the company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognised in full, although IAS 12 'Income Taxes' specifies limited exemptions. As a result of these exemptions the company does not recognize deferred tax on temporary differences relating to goodwill, or to its investments in subsidiaries.

**4.10 Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from the date of acquisition that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

**4.11 Non-current assets and liabilities classified as held for sale and discontinued operations**

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets or deferred tax assets, continue to be measured in accordance with the company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

Any profit or loss arising from the sale of a discontinued operation or its remeasurement to fair value less costs to sell is presented as part of a single line item, profit or loss from discontinued operations

**4.12 Equity and reserves**

Share capital represents the nominal (par) value of shares that have been issued.

Retained earnings include all current and prior period retained profits and share-based employee remuneration.

All transactions with owners of the parent are recorded separately within equity.

**4.13 Post-employment benefits and short-term employee benefits**

Post-employment benefit plans

The company provides post-employment benefits through various defined contribution and defined benefit plans.

**Defined contribution plans**

The company pays fixed contributions into independent entities in relation to several state plans and insurances for individual employees. The company has no legal or constructive obligations to pay contributions in addition to its fixed contributions, which are recognised as an expense in the period that related employee services are received.

**Defined benefit plans**

Under the company's defined benefit plans, the amount of pension benefit that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The legal obligation for any benefits remains with the company, even if plan assets for funding the defined benefit plan have been set aside. Plan assets may include assets specifically designated to a long-term benefit fund as well as qualifying insurance policies.

The liability recognised in the statement of financial position for defined benefit plans is the present value of the defined benefit obligation (DBO) at the reporting date less the fair value of plan assets.

Management estimates the DBO annually with the assistance of independent actuaries. This is based on standard rates of inflation, salary growth rate and mortality. Discount factors are determined close to each year-end by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating the terms of the related pension liability.

Service cost on the company's defined benefit plan is included in employee benefits expense. Employee contributions, all of which are independent of the number of years of service, are treated as a reduction of service cost. Net interest expense on the net defined benefit liability is included in finance costs. Gains and losses resulting from remeasurements of the net defined benefit liability are included in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

**Short-term employee benefits**

Short-term employee benefits, including holiday entitlement, are current liabilities included in pension and other employee obligations, measured at the undiscounted amount that the company expects to pay as a result of the unused entitlement.

### 4.14 Provisions, contingent assets and contingent liabilities

Provisions for product warranties, legal disputes, onerous contracts or other claims are recognised when the company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of economic resources will be required from the company and amounts can be estimated reliably. The timing or amount of the outflow may still be uncertain.

Restructuring provisions are recognised only if a detailed formal plan for the restructuring exists and management has either communicated the plan's main features to those affected or started implementation. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the company is virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

No liability is recognised if an outflow of economic resources as a result of present obligations is not probable. Such situations are disclosed as contingent liabilities unless the outflow of resources is remote.

## 5 Significant management judgement in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

### 5.1 Significant management judgements

The following are the judgements made by management in applying the accounting policies of the company that have the most significant effect on the financial statements.

#### 5.1.1 Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forwards can be utilised.

#### 5.1.2 Estimation uncertainty

Information about estimates and assumptions that may have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

**Impairment of non-financial assets**

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate. In 2019, the company would recognise an impairment loss on goodwill if there are indications.

**Useful lives of depreciable assets**

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of certain software and computer equipment.

**Inventories**

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by market-driven changes that may reduce future selling prices.

**Defined benefit obligation (DBO)**

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

**Fair value measurement**

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case, management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

## 6 Financial Risk Management

### 6.1 Introduction

The company uses its financial skills to provide competitive product pricing and delivery to a broad range of customers.

Risk Management is essential to help ensure business sustainability thereby providing customers and the shareholders with a long-term value proposition.

Key elements of risk management are:

- Strong corporate governance including relevant and reliable management information and internal control processes;

- Ensuring significant and relevant skills and services are available consistently to the company;

- Influencing the business and environment by being active participants in the relevant regulatory and business forums; and

- Keeping abreast of technology and consumer trends and investing capital and resources where required.

The overall company focus within an appropriate risk framework is to give value to the customers through effective and efficient execution of transactions.

The board of directors acknowledges its responsibility for establishing, monitoring and communicating appropriate risk and control policies.

The company has exposure to significant risks which are categorised as follows:

(i) Regulatory (capital adequacy, legal, accounting and taxation);

(ii) Business environment (reputation and strategic);

(iii) Operational (people, information technology and internal control processes);

(iv) Market (equity prices, interest rate and currency); and

(v) Liquidity

**6.2 Detailed discussion of significant risks**

**6.2.1Regulatory risk**

Regulatory risk is the risk arising from a change in regulations in any legal, taxation and accounting pronouncements or specific industry that pertain to the business of the company. In order to manage this risk, the company is an active participant in the petroleum industry and engages in discussions with policy makers and regulators.

**6.2.2 Legal risk**

Legal risk is the risk that the company will be exposed to contractual obligations which have not been provided for.

The company has a policy of ensuring all contractual obligations are documented and appropriately evidenced to agreements with the relevant parties to the contract.

All significant contracted claims are reviewed by independent legal resources and amounts are provided for if there is consensus as to any possible exposure. At 31 March 2023, the directors are not aware of any significant obligation not provided for.

**6.2.3 Taxation risk**

Taxation risk is the risk of suffering a loss, financial or otherwise, as a result of an incorrect interpretation and application of taxation legislation or due to the impact of new taxation legislation on existing products.

Taxation risk occurs in the following key areas:

- Transactional risk;
- Operational risk;
- Compliance risk; and
- Financial accounting risk.

- Transactional risk

The risk which concerns specific transactions entered into by the company, including restructuring projects and reorganisations.

- Operational risk

The underlying risks of applying tax laws, regulations and decisions to the day-to-day business operations of the company.

- Compliance risk

The risk associated with meeting the company’s statutory obligations.

- Financial accounting risk

The risk relates to the inadequacy of proper internal controls over financial reporting, including tax provisioning.

In managing the company’s taxation risk, the company tax policy is as follows:

The company will fulfil its responsibilities under tax law in each of the jurisdictions in which it operates, whether in relation to compliance, planning or client service matters. Tax law includes all responsibilities which the company may have in relation to company taxes, personal taxes, capital gains taxes, indirect taxes and tax administration.

Compliance with this policy is aimed at ensuring that:

- All taxes due by the company are correctly identified, calculated, paid and accounted for in accordance with the relevant tax legislation;

- The company continually reviews its existing operations and planned operations in this context; and

- The company ensures that, where clients participate in company products, these clients are either aware of the probably tax consequences, or are advised to consult with independent professionals to assess these consequences, or both.

  The identification and management of tax risk is the primary objective of the company tax function, and this objective is achieved through the application of a formulated tax risk approach, which measures the fulfilment of tax responsibilities against the specific requirements of each category of tax to which the company is exposed, in the context of the various types of activities the company conducts.

**6.2.4 Accounting risk**

Accounting risk is the risk that the company fails to explain the current events of the business in the financial statements.

Accounting risk can arise from the failure of management to:

- Maintain proper books and records, accounting system and to have proper accounting policies;

- Establish proper internal accounting controls;

- Prepare periodic financial statements that reflect an accurate financial position; and

- Be transparent and fully disclose all important and relevant matters.

Measures to control accounting risk are the use of proper accounting systems, books and records based on proper accounting policies as well as the establishment of proper internal accounting controls. Proposed accounting changes are researched by accounting resources, and if required external resources, to identify and advise on any material impact on the company.

Financial statements are prepared in a transparent manner that fully discloses all important and relevant matters as well as accurately reflecting the financial position, results and cash flows of the company.

**6.3 Business environment**

**6.3.1 Reputational risk**

Reputational risk is the risk of loss caused by a decline in the reputation of the company or any of its specific business units from the perspective of its stakeholders, shareholders, customers, staff, business partners or the general public.

Reputational risk can both cause and result from losses in all risk categories such as market or credit risk.

**6.3.2 Strategic risk**

Strategic risk is the risk of an unexpected negative change in the company value, arising from the adverse effect of executive decisions on both business strategies and their implementation.

This risk is a function of the compatibility between strategic goals, the business strategies developed to achieve those goals and the resources deployed to achieve those goals. Strategic risk also includes the ability of management to effectively analyse and react to external factors, which could impact the future direction of the relevant business units.

**6.3.3 Company risk**

Company risk identifies and assesses both those risks qualitatively as part of a quarterly evaluation. On the basis of this evaluation, company risk creates an overview of local and global risks which also includes reputational risks, analyses the risk profile of the company and regularly informs directors and management.

**6.3.4 Operational risk**

Operational risk is the risk of direct or indirect loss resulting from inadequate or failed internal processes, people and systems or from external events.

The initiation of all transactions and their administration is conducted on the foundation of segregation of duties that has been designed to ensure materially the completeness, accuracy and validity of all transactions. These controls are augmented by management and executive review of control accounts and systems, electronic and manual checks and controls, back-up facilities and contingency planning. The internal control systems and procedures are also subjected to regular internal audit reviews.

**6.3.5 Market risk**

Market risk includes asset liability matching risk, currency risk, interest rate risk and equity price risk.

The company is exposed to market risk through its financial assets and financial liabilities. The most important components of this risk are interest rate risk and market price risk. These risks arise from open positions in interest rate, currency and equity products, all of which are exposed to general and specific market movements.

**6.3.6 Interest rate and market price risk**

These risks have very different impacts on the various categories of business used in the company's Assets and Liabilities Management framework. Interest rate and market price risk have been discussed together since they interact on certain types of liabilities.

**6.3.7 Interest rate risk**

Interest rate risk is the risk that the value and cash flow of a financial instrument will fluctuate due to changes in market interest rates.

**6.3.8 Equity price risk**

Equity price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices.

**6.3.9 Foreign currency risk**

In respect of other monetary assets and liabilities held in currencies other than the Naira, the company ensures that the net exposure is kept to an acceptable level, by buying or selling foreign currencies at spot rates, where necessary, to address short-term imbalances.

**6.3.10 Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a loss to the other party by failing to discharge an obligation.

Key areas where the company is exposed to credit risk are:

* Certain classes of financial assets such as term deposits and cash and cash equivalent; and

* Certain accounts within trade and other receivables.

**Financial assets**

Various debt instruments are entered into by the company in order to invest surplus shareholder funds. The company is exposed to the issuer's credit standing on these instruments.

The following policy and procedure is in place to mitigate the company's exposure to this credit risk:

* Exposure to outside financial institutions concerning financial instrument is monitored in accordance with parameters which have been approved by the company's Audit Committee and the company's board.

| | 2023 | 2022 |
|---|---|---|
| **Age analysis of receivables (Net)** | **₦,000** | ₦,000 |
| 1 - 90 days | **1,145,221,836** | 662,883,305 |
| 91 - 180 days | **66,368,952** | 69,679,620 |
| 181 - 270 days | **-** | - |
| 271 - 356 days | **-** | - |
| 365 and above | **-** | 399,816,172 |
| | **1,211,590,788** | 1,132,379,098 |

**6.3.11Liquidity risk**

Liquidity risk is that the Group might be unable to meet its obligations. The Group manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecast cash inflows and outflows due in day-to-day business. The data used for analysing these cash flows is consistent with that used in the contractual maturity analysis below. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as on 360-day lookout period are identified monthly. Net cash requirements are compared to available the basis of a rolling 30-day projection. Long-term liquidity needs for a 180-day and a borrowing facilities in order to determine headroom or any shortfalls. This analysis shows that available borrowing facilities are expected to be sufficient over the lookout period.

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, Group Treasury maintains flexibility in funding by keeping committed credit lines available.

| **31 March 2023** | **1 - 12 Months** | 13 Months & above |
|---|---|---|
| | **₦,000** | ₦,000 |
| Borrowings | | - |
| Trade and other payables | **13,634,927** | |
| **Total** | **13,634,927** | **-** |
| **31 March 2022** | | |
| Borrowings | | - |
| Trade and other payables | **3,181,200** | |
| **Total** | **3,181,200** | - |

**Sensitivity Analysis**

Management applies a number of sensitivity tests to the earnings of the Group to better understand the exposure to and importance of each of the main drivers of profitability.

IFRS 7 requires management to report on the changes in the net income after tax following "reasonable possible" changes in each of the factors to which the Group is exposed. Management has set the upside and downside movements for each factor at a level which represents the amount by which management believes that factor could reasonably change over the year following the valuation date. These opinions have been informed by an analysis of historical one year changes in those factors. The upper and lower limits have been set at the 75th and 25th percentiles of observed changes as these bound and interval which may be expected to contain 50% of the changes in the coming year. Management believes this represents in some sense what is "reasonably possible", though it is important to note that this opinion is based on past experience and the tested range is not sensitive to all the relevant information in the market at the reporting date.

Management has considered the impact of upside and downside movements in foreign exchange rates. In relation to these sensitivities:

* The earnings are sensitive to changes in both the shape and level of the yield curve. Management has not considered changes in the shape of the yield curve due to several constraints although this may be reviewed in the following year.

* The foreign exchange movements have been considered together in the same sensitivity. Observed historic negative correlations between factors would tend to dampen the effects presented. These correlations are not very large and they have not been adjusted for. This treatment has resulted in the presentation of a slightly more extreme view of what could reasonably occur over the following year.

Future rates of expense inflation, catastrophes and tax assumptions were considered but no sensitivities are presented as it is unlikely, in management's opinion that, these assumptions will change over the following year.

It should be noted that each impact on profit after tax is shown individually for each sensitivity being changed, keeping all other assumptions constant. In practice this is unlikely to occur, as changes in some of the variables may be correlated.

## 7 Revenue

| | **2023** | 2022 |
|---|---|---|
| | **₦** | ₦ |
| Revenue | | |
| Onsite and offshore services | **6,333,751,415** | 2,312,585,142 |
| Hardware and software system services | **14,215,532,619** | 1,555,368,660 |
| | **20,549,284,034** | 3,867,953,802 |

Revenue relate to onsite/offshore and hardware/software system services rendered to customers. Revenue is recognized once the percentage of work completed is received.

## 8 Cost of Services

| | **2023** | 2022 |
|---|---|---|
| | **₦** | ₦ |
| Subcontracting - onsite and offshore | **-** | - |
| Subcontracting - hardware and software system | **14,280,269,942** | 1,996,996,611 |
| | **14,280,269,942** | 1,996,996,611 |

**Subcontracting Expenses**

Subcontracting expenses relate to costs that are incured for hiring subcontractors to render a particular service on behalf of the company.

## 9 Other Income

| | **2023** | 2022 |
|---|---|---|
| | **₦** | ₦ |
| Sundry income | **-** | - |
| Sundry balance write back | | |
| | **-** | - |

Other income relates to income earned from other activities other than the company's principal activities.

**10 Administrative Expenses**

| | 2023 | 2022 |
|---|---|---|
| | ₦ | ₦ |
| Employee benefit expenses | **201,643,206** | 73,149,701 |
| Audit fees | **8,842,680** | 7,308,000 |
| Allowance for ECL | **8,458,923** | 763,645 |
| Bank charges | **936,797,475** | 29,754,374 |
| Business promotion expenses | **86,983,145** | 42,058,753 |
| Exchange loss | **62,680,255** | 738,344,894 |
| Guest house expenses | **5,855,975** | 5,256,015 |
| Insurance | **10,495,340** | - |
| Legal expenses and professional fees | **157,815,584** | 7,908,365 |
| Motor running expenses | **64,926,635** | 11,023,320 |
| Office running expenses | **286,477,511** | 77,556,534 |
| Rent | **135,365,078** | 46,464,680 |
| Telephone, internet and postage | **2,546,236** | 400,000 |
| Travelling and conveyance | **143,553,294** | 17,897,051 |
| | **2,112,441,337** | 1,057,885,332 |

Administrative expenses consist of the expenses listed above. Personnel cost emolument relates to cost incurred on staff remuneration; General expenses represent expenses incurred on miscellaneous charges; Office running expenses represents water charges, utility bills and other office expenses, etc.

**10.1 Employee Benefit Expenses**

| | 2023 | 2022 |
|---|---|---|
| | ₦ | ₦ |
| Salaries and wages | **201,643,206** | 73,149,701 |
| | **201,643,206** | 73,149,701 |

Personnel cost relates to  cost incured in retaining the existing personnel as well as hiring the new once.

**10.2 Depreciation**

| | 2023 | 2022 |
|---|---|---|
| | ₦ | ₦ |
| Motor vehicle | **-** | - |
| Computer equipment | **-** | - |
| Plants & machinery | **-** | - |
| Office equipment | **-** | - |
| Furniture & fittings | **-** | - |
| | **-** | - |

Depreciation expenses represent a portion of the cost of plant and equipment that is matched in consideration to the useful life of the assets during the year.

**10.2 Depreciation**

| | 2023 | 2022 |
|---|---|---|
| | ₦ | ₦ |
| Interest income | **-** | 1,133,753 |
| | **-** | 1,133,753 |

# NOTES ON THE ACCOUNTS FOR 2022.

## 1. General

TECH MAHINDRA TECHNOLOGY SERVICES LLC (hereinafter referred to as the Company) was formed in 2020. The Company was registered by FTSI [Federal Tax Service Inspectorate] No. 4 for the city of Moscow on 30.12.2020. OGRN [Primary National Registration Number] 1207700503614.

Registered address and place of business: workstation 4, office 350, room 182, unit IX, No. 10 Vozdvizhenka str.,125009 Moscow.

The sole executive organ is the Company's General Director. As at 31 December 2022, Sergey Petrovich Litvinov was General Director of the Company.

As at 31 December 2021, Sergey Petrovich Litvinov was General Director of the Company.

As at 31 December 2020, Sergey Petrovich Litvinov was General Director of the Company.

The Company focuses on communications and information technology:

- Software development;
- Wired and wireless communication solutions
- Computer technology advice and research and development;

The Company's operations are governed by the laws of the Russian Federation.

The Company's staff averaged 1, 1 and 1 as at 31 December 2022, 2021 and 2020 respectively.

All amounts in the tables of the Notes are in thousands of Russian roubles unless otherwise stated.

## 2. Accounting management

### 2.1. General

The Company's accounts are generated according to the RF accounting and reporting rules in place.

The Company's accounting is organized in compliance with the statutory accounting requirements of the RF, the rules and regulations of the RF Finance Ministry and the federal agencies regulating accounting.

Bookkeeping and accounting in 2022 were conducted under the arrangements set out in the Company's Accounting Policy enacted by the general director's order of 31 December 2021.

Accounting and tax reporting are conducted using a corporate information system, 1C: Accounting 8.3., 1C: Enterprise 8.3 ZUP [Payroll Management].

### 2.2. Applicability of the going concern assumption to the Company

The accounts were produced by the Company's management on the assumption that the Company will carry on as a going concern in the foreseeable future and that it does not intend and is not required to liquidate or substantially scale down the Company's operations, and therefore its liabilities will be met in the prescribed manner.

### 2.3. Chart of accounts

The Company has developed and uses a working chart of accounts based upon the standard corporate chart of accounts enacted by the RF Finance Ministry Order of 31 October 2000, No. 94n, employing individual subaccounts, which enable the production of accounting records meeting the requirements of accounting and tax legislation consistent with the Russian standards, as well as with the requirements of separate accounting for expenses.

### 2.4. Stocktaking

Stocktaking is conducted in compliance with the Asset and Liability Inventory Guidelines, put into effect by the RF Finance Ministry Order of 13 June 1995, No. 49.

Measurement of fixed assets is conducted at least once every 3 years. The last measurement of fixed assets was conducted as at 31 December 2021.

The measurement of the other assets and liabilities was conducted as at 31 December 2022.

## 3. Basic principles of accounting policy

### 3.1. Assets and liabilities denominated in foreign currency

The accounting for business transactions made in foreign currencies uses the official rouble exchange rate, as set by the Central Bank of the Russian Federation (the RF CB) for the transaction date. The foreign exchange-denominated assets and liabilities are listed in the report in the amounts assessed based on the official rouble exchange rate set by the RF CB and in effect for 31 December 2020, 2019 and 2018.

The accounting treatment of foreign exchange-denominated assets and liabilities is governed by AR [Accounting Regulation] 3/2006, “Foreign Exchange-Denominated Asset and Liability Accounting”. Pursuant to AR 3/2006, foreign exchange-denominated liabilities shall be converted to roubles as:

- at the date of entry thereof into the books;
- at the last day of the month, at the reporting date and at the transaction date;
- at the date of discharge of the liability.

The exchange differences are recognized in the Statement of Financial Results as part of other income or other expense.

### 3.2. Current and non-current assets and liabilities

Assets recognized in the accounts as current are expected to be used in production or otherwise within 12 months of the reporting date. Liabilities recognized in the accounts as short-term are expected to be discharged within 12 months of the reporting date. All other assets and liabilities are classified as long-term.

### 3.3. Fixed asset accounting

The original cost of fixed assets acquired for a consideration is deemed to be the amount of the Company’s actual costs of the acquisition, construction and manufacturing, net of value-added tax and other recoverable taxes (except as otherwise provided by the laws of the Russian Federation).

The fixed assets received free of charge are entered into the books at the fair market price, as documented, and are recognized as part of deferred income and then included on a monthly basis in other revenues in the amount of depreciation charged.

The original cost of fixed assets received under contracts providing for the performance of obligations (payment) other than in money is deemed to be the value of the assets transferred or to be transferred to the Company. The value of the assets transferred or to be transferred is established based on the price that is normally used by the Company under similar circumstances to determine the value of similar assets.

The original cost of fixed assets includes the actual costs of delivering the assets and putting them into a serviceable condition.

The interest charged on loans taken out prior to the commissioning of fixed assets to finance the acquisition (construction) of investment assets is included in the original cost thereof for accounting purposes.

Assets that meet the conditions responding to the fixed asset criteria specified in cl. 4 of AR 6/01 and are worth up to 40,000 rbl. per unit shall be recognized in the accounts and financial statements as part of inventory and supplies (I&S), including objects (household implements and supplies) and workwear, which, when released for production purposes, are not consumed directly, but serve for a period exceeding 12 months. Before 1 January 2011, inventory and supplies (“I&S”) included items worth up to 20 thou. rbl. per unit. With a view to securing the safety of said items worth up to 20 thou. rbl. and 40 thou. rbl., recognized as part of inventory and supplies, arrangements have been put in place to monitor their movement when released for production (operation). Fixed assets worth 20 to 40 thou. rbl., put on the books by 1 January 2011, are recognized as fixed assets and are depreciated as per general procedure.

Adjustments can be made to the original cost in the event of extension, refitting, remodelling, upgrading, partial liquidation and revaluation of fixed assets. Accounting for expenses related to the upgrading and remodelling of a fixed asset follows the procedure established for capital investment accounting. Where fixed assets are modernized and remodelled, the current replacement cost of the fixed assets shall be increased by the amount of the actual expenses incurred. In the event of improvement (increase) of the original regulatory performance indicators of an FA item as a result of upgrading and remodelling, adjustment is made to the useful life of the item. The useful life can be adjusted either upwards or downwards.

Depreciation is charged on fixed assets using the straight-line method based on the original cost or current (replacement) value (if revaluation is made) of fixed assets and on the rate of depreciation charged based on the useful life of the asset. The straight-line method is applied throughout the useful life of the asset.

Depreciation is not charged on fixed assets whose usability does not change over time (land plots and natural resources; articles classified as museum items and museum collections, etc.).

The useful lives of fixed assets (in years) used for charging depreciation are given below:

| | **Useful lives (years)** | |
|---|---|---|
| | **From (Minimum)** | **To (Maximum)** |
| **Asset groups** | | |
| Machines and equipment | 3 | 5 |
| Other fixed assets | 2 | 3 |

The Company does not revalue its fixed assets (cl. 15 AR 6/01, P. 43 of Fixed Asset Accounting Guidelines).

The actual costs of minor and major repairs of fixed assets are recognized as production and distribution-related expenses of the period in which they are incurred, except for costs of regular repairs made as required by the process.

The value of a fixed asset being retired or incapable of delivering economic benefits (income) at a later time shall be taken off the books.

A fixed asset or other non-current asset (other than financial investments) that is no longer in use because it has been decided to sell it and there is proof that the asset is not expected to re-enter service for purposes of accounting and reporting is deemed to be a Long-Term Asset for Sale and recognized pursuant to the rules laid down in AR 16/02, “Winding-up Disclosure”.

The income and expenses due to the retirement and sale of fixed assets are recognized in the profit and loss statement as part of other income and expenses on a net basis.

The equipment to be installed are recognized in the accounts as other non-current assets.

**3.4. Intangible assets accounting**

Intangible assets are entered into the books at the actual (original) cost assessed as at the date of their entry in the books:

- those acquired for a consideration, at the sum of the actual costs of acquisition plus the costs of making them serviceable as intended, net of value-added tax and other recoverable taxes (except as otherwise provided by the RF legislation);
- those created by the Company itself, at the sum of the actual costs of creation;
- those received under a donation agreement (free of charge), at the fair market price as of the date of entry in the books;
- those received under contracts providing for the performance of obligations (payment) other than in money, at the price of the goods (assets) transferred or to be transferred by the Company.

The useful life is determined when the asset is entered in the books based on:

- the term of the Company’s rights to the intellectual property or brand identity (including, the term of a patent, certificate, licensing (copyright) contract for the exclusive rights transferred);
- the asset’s expected life during which the Company anticipates economic benefits, as determined by the competent subdivision.

An accounting unit for intangible assets is an inventory item.

Intangible assets are depreciated using the straight-line method, based on the original cost of the intangible assets and the rate of depreciation charged based on their useful life.

Depreciation is charged until the asset is fully depreciated or written off.

No revaluation is made of intangible assets.

### 3.5. Accounting for inventory and supplies (I&S)

Inventory is assets being consumed or sold as part of the normal operating cycle, or used within a period of up to 12 months.

Inventory includes, without limitation:

- feedstock, materials, fuel, spare parts, component parts and third-party semi-finished products;
- tools, utensils, special-purpose clothing and special gear, receptacles and other similar items;
- finished products, goods, incl. those delivered to others in connection with sales until the recognition of proceeds from the sale thereof;
- work-in-progress;
- real properties, acquired or (being) built for sale in the course of normal business;
- intellectual properties, acquired or (being) developed for sale in the course of normal business.

An accounting unit of inventory is a stock number.

Inventory is recognized in the accounts at cost, as measured pursuant to FAS [Federal Accounting Standard] 5/2019, “Inventory”.

The amounts paid and (or) payable by an organization when acquiring (creating) stocks are included in the actual cost of the inventory inclusive of all discounts, trade-off, deductions, bonuses and rebates granted to the organization, however granted.

Administrative expenses and storage costs are not included in the cost of inventory to be acquired (developed), incl. in the actual cost of work-in-progress and finished products.

Accounting for inventory released for manufacture (sale, other decrease) uses the average cost method.

The inventory stocks are valued as at the reporting date at the lower of the following amounts:

- the actual cost of stocks, or;
- the net proceeds from the sale of stocks.

The net proceeds from the sale of stocks is determined by the organization as the expected price at which the organization can sell stocks in the condition in which it usually sells them in the course of normal business, net of anticipated expenses needed for the manufacture, pre-sale preparation and sale thereof.

### 3.6. Cash and cash equivalents accounting and recognition of cash flows in the cash flow statement

Cash equivalents include highly liquid financial investments with a maturity of less than three months that can be readily converted into a pre-determined amount of money and that carry a negligible risk of change in value and are recognized under the heading “Cash and cash equivalents” of the balance sheet.

The forex cash flow figures are converted in the cash flow statement at the official exchange rate between the foreign currency and the rouble as set by the Central Bank of the Russian Federation for the date of the outgoing or incoming payment.

The difference resulting from the conversion of cash flows and balances of cash and cash equivalents denominated in foreign currency at the exchange rates for the dates of foreign exchange transactions and as at the reporting dates are disclosed in the report under the heading “Magnitude of effect of changes in the foreign currency exchange rate to the rouble”.

The cash flow statement summarizes:

- incomings and outgoings resulting from currency exchange transactions;
- the amounts of indirect taxes as part of receipts from buyers and customers and payments to suppliers and contractors;
- other payments pertaining not so much to the operations of organizations as to those of its counterparties.

**3.7. Income accounting**

The Company’s income is classified based on its nature, provenance and business line into:

(a) income from core activities;

(б) other income.

Proceeds are recognized in the accounts if the following conditions are met:

- the Company is entitled to receive these proceeds under a specific contract or as otherwise documented;
- the amount of the proceeds can be determined;
- there is certainty that a given transaction will increase the economic benefits. It is certain that a specific transaction will increase the organization’s economic benefits where the Company will receive an asset in the future as payment or there is no uncertainty as to the receipt of the asset;
- the right of ownership (possession, use and disposal) of products (goods) has passed from the Company to the buyer or the work has been accepted by the customer (service rendered);
- the expenses that have been or will be incurred in connection with this transaction can be determined.

**3.8. Expense accounting**

Normal business expenses comprise:

- the acquisition costs of the materials, works and services consumed in the course of creating the end product to be delivered to consumers;
- the costs of employee remuneration and the associated amounts of social insurance charges.

Sales, general and administrative costs are recognized in the cost of goods and services sold in the reporting year in which they are recognized as normal business expenses.

Not included among the Company’s expenses is the decrease in assets by way of prepayment for inventory and supplies and other valuables, works, services and property rights.

Other expenses include:

- stamp duty;
- property tax;
- fines, penalties and liquidated damages for a breach of contract;
- damages payable by the organization;
- past losses recognised in the reporting year;
- the amounts of accounts receivable past the limitation period, other debts unlikely to be collected;
- exchange differences;
- the amount of asset write-down;
- other similar expenses.

**3.9. Loan and credit cost accounting**

- interest on the amount of loan (credit) payable to the lender (creditor) in the amount and on the terms set forth in the loan (credit) contracts);
- additional costs of loans.

Additional costs of loans are:

- the amounts paid for information and advice;
- amounts paid for expert review of loan contract (credit agreement);
- other expenses directly related to borrowings (lines of credit).

The additional expenses directly related to borrowings (lines of credit) are recognized as other expenses evenly over the term of loan (line of credit).

Interest payable to the lender (creditor) and directly related to the acquisition, construction and (or) manufacture of an investment asset is included in the cost of this investment on a straight-line basis regardless of the terms of payment therefor under the loan (credit) contracts.

**3.10. Accounting for valuation reserves and estimated liabilities**

Valuation reserves. The accounts show the following types of valuation reserves being accrued:

(i) doubtful debt reserve

(ii) inventory impairment reserve;

The following procedure is in place for setting up reserves:

The Doubtful Debt Reserve is set up for the following liabilities:

- doubtful debts of buyers and customers for products, commodities, works, and services;
- other doubtful debtors.

A doubtful debt in this context is deemed to be the Company's receivables that are not paid within the time limits set in the contract and are not secured with adequate guarantees.

The reserve is created quarterly based on an inventory of receivables from buyers and customers for products, commodities, works and services for each doubtful debt as follows:

- doubtful debts overdue for more than 90 days are included in the reserve in the full amount owed;
- doubtful debts overdue for 60 to 90 days (inclusive) are included in the reserve at the rate of 50% of the amount owed;
- for doubtful debts overdue for less than 60 days (inclusive), no reserve is made.

The provisioning rates specified above are determined based on the history of collection of accounts receivable over the last 3 calendar years and shall be reviewed as at the end of each reporting period.

The Impairment Reserve is set up in the amount by which the actual cost of stocks exceeds the net proceeds from the sale thereof.

The inventory impairment loss shall be recognized as expense in the period in which the reserve for the impairment thereof is set up (increased). The inventory impairment reserve replenishment amount is classified as a reduction in the amount of the expenses recognized in the same period in which the proceeds from the sales of the inventory is recognized;

Estimated liabilities. The accounts and reports recognize the following types of estimated liabilities:

- for payment for unused leave time

**3.11. Deferred expense accounting**

Accounting for deferred expenses is made using account 97, "Deferred expenses", based on the costs actually incurred. Write-off of deferred expenses is made monthly to the debit side of the expense accounts within the time limit specified in the relevant documents (licences, contracts etc.). Where the documents give no indication of a time limit, it is determined by a panel appointed by the Company's general director or directly by order of the general director.

Deferred expenses include:

- licensing fees for intellectual properties or brand identities paid on a one-off lump sum basis;
- costs incurred in connection with reworking of an intangible asset entered in the books in a prior period.

Deferred expenses are written off:

evenly, based on the useful life of the assets involved

Deferred expenses are recognized in the balance sheet as part of other current assets and other non-current assets based on the expected useful life at the time of acquisition of the asset.

### 3.12. Accounting for other non-current assets

Other non-current assets are entered in the books based on the costs actually incurred in acquiring them. Write-off of other non-current assets is made monthly to the debit side of the expense accounts within the time limit specified in the relevant documents (licences, contracts etc.). Where the documents give no indication of a time limit, it is determined by a panel appointed by the Company's general director.

Other non-current assets are recognized in the balance sheet based on the expected useful life at the time when the asset is acquired.

### 3.13. Profits tax assessment accounting

The Company's profits tax liabilities are included under the heading "Accounts payable" of the balance sheet. The Company's profits tax assets are included under the heading "Accounts receivable" of the balance sheet.

Pursuant to AR 18/02, "Profits tax accounting", the accounts and reports recognize the deferred profits tax (deferred tax assets and deferred tax liabilities), i.e. the amounts capable of affecting the magnitude of the current profits tax in the subsequent reporting periods.

The amount of the current profits tax is determined based on accounting records. This being the case, the amount of the current profits tax corresponds to the amount of the profits tax assessed, as reflected in the profits tax return for the reporting period. The amounts of deferred tax asset and deferred tax liability are recognized in the balance sheet itemized as part of non-current assets (line 1180, "Deferred tax assets") and of long-term liabilities (line 1420, "Deferred tax liabilities") of the balance sheet respectively.

## 4. Classification changes, accounting policy changes and error correction

### 4.1. Correction of bookkeeping and accounting errors

The materiality of an error is determined based on both the magnitude and the nature of relevant item(s) of the accounts. An error is deemed to be material if a group of items of financial statements changes by more than 5% when the relevant item of financial statements is corrected, or where it alone or in aggregate with other errors for one and the same reporting period can affect the business decisions of users taken by them based on the financial statements produced for this reporting period.

### 4.2. Adjustment of comparative indicators

The reporting year saw no adjustments to the comparative indicators.

### 4.3. Change of the accounting policy due to legislative amendments

The Company uses the alternative adoption of FAS 25/2018, "Lease accounting", pursuant to cl. 50 of the standard, the alternative adoption of FAS 6/2020, "Fixed assets", pursuant to cl. 49 of the standard, and the deferred adoption of FAS 26/2020, "Investments", as of 1 January 2022. No adjustments were made to the comparative indicators for the prior periods.

There was no effect on the retained profits due to the adoption of FAS 25/2018, "Lease accounting", and no effect on the retained profits due to the adoption of FAS 6/2020, "Fixed assets", there being no assets to revalue or reclassify.

The Company is not an early adopter of:

- FAS 14/2022, "Intangible assets".

No other changes were made to the accounting policy.

### 4.4. Correction of prior errors

No correction of errors was made (none was discovered).

## 5. Intangible assets

There are no intangible assets owned.

## 6. Fixed assets

No fixed assets are owned or rented on a long-term basis.

The Company rents an office space under a lease contract; however, due to the fact that the rent for the space is not specified in the contract and the lease contract is short-term, the Company does not list the space as part of its fixed assets.

**7. Inventory**

The Company had no inventory in stock as at 31 December 2022, 2021 and 2020.

As at 31 December 2022, 2021 and 2020, the Company had no inventory or supplies that were en route or pledged.

**8. Accounts receivable**

Accounts receivable as at 31 December 2021, 2020 and 2021 are as follows

(In thousand rubles)

| | 31 December | | |
|---|---|---|---|
| | **2022** | **2021** | **2020** |
| **Accounts receivable** | | | |
| Buyers and customers | - | - | - |
| Prepaid expenses | 566 | 389 | - |
| Assessment of taxes and levies | 53 | - | - |
| **Total** | **619** | **389** | |

Absent doubtful accounts receivable, no bad debt provision was accrued.

As at 31 December 2022 and 2021, the Company had no refund liability for prior advances paid due to non-compliance with contractual terms.

**9. Cash and cash equivalents**

Cash and cash equivalents as at 31 December 2022, 2021 and 2020 are as follows:

(In thousand rubles)

| | 31 December | | |
|---|---|---|---|
| | **2022** | **2021** | **2020** |
| **Cash and cash equivalents** | | | |
| Current bank accounts | 107 | 149- | -- |
| **Total** | **107** | **149** | **-** |

As at 31 December 2022, 2021 and 2020, and in prior reporting periods, no non-liquid funds were included in the cash assets.

**10. Other current assets**

There were no other current assets as at 31 December 2022, 2021 and 2020.

**11. Registered Capital**

The Company's registered capital as at 31 December 2022, 2021 and 2020 is as follows:

(In thousand rubles)

| | 31 December | | |
|---|---|---|---|
| **Category** | **2022** | **2021** | **2020** |
| Registered capital | 1000,0 | 1000,0 | 1,000- |
| **Total** | **1000,0** | **1000,0** | **1,000** |

The list of incorporators as at 31 December 2022, 2021 and 2020 is as follows:

(In thousand rubles)

| | % ownership | | |
|---|---|---|---|
| | **99** | **99** | **99** |
| A. Tech Mahindra limited (India) | 1 | 1 | 1- |
| B. Suluguri Raji Reddy | 100 | 100 | |
| **Total** | **1000,0** | **1000,0** | **100** |

As at 31 December 2022, 2021 and 2020 the ultimate beneficiary is TECH MAHINDRA LIMITED (India).

**12. Borrowings**

The Company did not raise capital in 2022.

**13. Accounts payable**

The accounts payable as at 31 December 2022, 2021 and 2020 are as follows:

(In thousand rubles)

| | 31 December | | |
|---|---|---|---|
| | **2022** | **2021** | **2020** |
| **Accounts payable** | | | - |
| Suppliers and contractors | 281 | 290 | - |
| Overdue liability under other transactions | 2,885 | - | - |
| Wage arrears | 517 | 517 | - |
| Tax and levy liabilities | 9 | 167 | - |
| **Total** | **3,692** | **974** | **-** |

As at 31 December 2022, 2021 and 2020, the Company had no refund liability for prior advances received due to non-compliance with contractual terms.

**14. Estimated liabilities**

The movement of estimated liabilities for 2022 and 2021 is as follows:

(See clause 7 of the Notes to the balance sheet and income statement)

(In Thousand Rubles)

| | **To pay for unused vacations** | **Total** |
|---|---|---|
| **Balance as at 31 December 2020** | - | - |
| Increase in reserves | 69 | 69 |
| Reserve use | - | - |
| **Balance as at 31 December 2021** | 69 | 69 |
| Reserve increase | 63 | 69 |
| Reserve use | 27 | - |
| **Balance as at 31 December 2022** | **105** | **69** |

The Company has no estimated liabilities with a maturity of over 12 months.

**15. Contingent liabilities**

As at the signature date of the accounts (financial statements), the Company had no contingent liabilities.

**16. Contingent assets**

As of the date of signing the accounting (financial) statements, there were no contingent assets in the Company.

**17. Revenues**

There was no revenue for 2022 and 2021 because active business operations had not yet started

**18. Cost of sales, selling expenses, administrative expenses**

The sales costs by cost element for 2022 and 2021 year are as follows:

(see cl. 6 of the Notes on the Balance Sheet and the Statement of Financial Results)

(In Thousand Rubles)

| | **2022** | **2021** |
|---|---|---|
| **Administrative costs** | | - |
| Wages | 532 | 552 |
| Social security contributions | 161 | 167 |
| Office space rent | 97 | 106 |
| Accounting services | 1,201 | 247 |
| Future liability reserves | 63 | 69 |
| **Total** | **2,054** | **1,141** |

**19. Other income**

Other income for 2022 and 2021 is as follows:

(In Thousand Rubles)

| | **2022** | **2021** |
|---|---|---|
| **Other income** | 262 | 14 |
| Exchange rate differences | | - |
| **Total** | **14** | **14** |

**20. Other expenses**

Other expenses for 2022 and 2021 are as follows:

(In Thousand Rubles)

| | **2022** | **2021** |
|---|---|---|
| **Other expenses** | | |
| Penalties | 21 | - |
| Exchange differences | 159 | 8 |
| Banking costs | 387 | 263 |
| Compensation for off-schedule payment of wages | - | 37 |
| **Total** | **567** | **308** |

**21. Related parties**

The related parties of TECH MAHINDRA TECHNOLOGY SERVICES LLC are the Company's members (incorporators), as well as the key executives of the Company and related parties.

The key executives as at 31 December 2022:

SSergey Petrovich Litvinov General Director

The key executives as at 31 December 2021:

Sergey Petrovich Litvinov. General Director

The total amount of remuneration paid to the top management for 2022 and 2021 was 532 thou. rbl. and 552 thou. rbl. respectively.

**Related-party transactions**

There were no related-party transactions in 2022 and 2021, other than the fulfilment by Incorporators of the duty to pay the registered capital into the Company's transactional account.

**22. Currency exchange rates and differences**

Rates of the Central Bank of the Russian Federation, effective on the date of preparation of financial statements:

| Currency | December 31, 2022 | December 31, 2021 | December 31, 2020 |
|---|---|---|---|
| US Dollar | 70.3375 | 74.2926 | 73.8757 |
| Euro | 75.6553 | 84.0695 | 90.6824 |
| Pound Sterling | 84.7919 | 100.0573 | 100.0425 |

**23. Guarantees and sureties provided**

As at 31 December 2022, the Company had provided no guarantee or surety and set up no contingency reserve.

**24. Insurance**

The Company acquired no insurance services and made no contract with insurance companies.

**25. Litigation**

In the course of normal business, the Company can be involved in a number of litigations. According to the Company's Management, there are currently no litigations, lawsuits against the Company or judgments entered that could have a material adverse effect on the Company's financial situation.

**26 Operating environment and financial exposure**

**26.1.Operating environment**

The economy of the Russian Federation exhibits certain characteristics typical of developing markets. It is particularly susceptible to fluctuations in oil and gas prices. The tax, currency and customs legislation of the Russian Federation continues developing and is open to interpretation.

The rising political tensions in the region in 2022 and the international sanctions against certain Russian entities and individuals are depressing the Russian economy and causing financial destabilization. Such adverse consequences include the following factors:

- high currency volatility;
- downgrading of Russia's credit ratings. The forecast of all agencies is negative, which means the likelihood of further deterioration of the situation and the downgrading of Russia's rating below the investment grade;
- cyberattacks and substandard performance of information systems and sources of economic information;
- high volatility of the national stock market;
- increase in the key rate of the Bank of Russia up to 20%, followed by a stepwise reduction to 7.5%.

The above factors contributed to an economic decline in the country, with the gross domestic product declining as a result. The Ministry for Economic Development of Russia expects the Russian economy to shrink in 2022 and 2023 by 2.9% and 0.8% respectively and then to grow by 2.5% in 2024-2025.

The financial markets are still volatile, with frequent and significant price fluctuations and increasing trading spreads. The rating of the Russian Federation was downgraded to below investment grade. This economic environment has a significant effect on the Group's operations and financial position. The management is taking the measures necessary to ensure that the Group remains stable. Nevertheless, it is difficult to anticipate the future consequences of the current economic situation, and the management's current expectations and evaluations can differ from the actual results.

The Company's operations are to a greater or lesser degree exposed to a variety of risks (financial, market, legal, country- and region-specific, reputational, etc.). The notes disclose information about the Company's exposure to risks and the causes thereof, risk management mechanisms, as well as changes on the previous period.

Covid-19 disclosure

On 11 March 2020, the World Health Organisation (WHO) declared that the outbreak of the new coronavirus infection was a pandemic. The pandemic affected the global economy. The response action taken by the governments of many countries worldwide to curb the pandemic has led to major failures in the operating cycles of many companies and has had a significant impact on their business operations in various sectors of the economy, including consequences such as business interruptions, non-deliveries, staff placed under quarantine or on telework, slowing demand and financing problems.

The Company's management continues to closely monitor the Covid-19 spread, taking action to minimize the risks for the staff and the business as a whole. There is currently no certainty in the assessment of Covid-19 impact in the medium and long term.

**26.2 Financial risks**

**The financial exposure involves market, credit and liquidity risks**

Market risk is the risk that the Company can face adverse consequences in the event of a change in certain market parameters. Market parameters comprise the following risks: the risk of a change in the interest rate, the risk of a change in the foreign exchange rates, the risk of a change in the prices for goods and price indices and other price risks, such as the risk of a change in the prices for equity instruments.

**Risk of interest rate change**

The Company's assets and liabilities are not dependent on the interest rate. Therefore, the management believes that the Company is not exposed to the risk of a change in the interest rate in respect of its assets and liabilities.

**Currency risk**

Currency risk is the risk that the Company can face adverse consequence in the event of changes in the rates of exchange. Foreign currency exposure is primarily due to business operations (when earnings or expenses are denominated in foreign exchange).

The Company acquires services in Russian roubles, so currency risks are deemed to be minor.

**Default risk**

Default risk is the risk that the Company will incur financial losses due to its counterparties failing to perform their obligations under the loans granted to them (including in the form of a grace period and payment by instalments for goods sold, work completed or services rendered).

The Company is not exposed to any default risk in the context of its operations. First of all, in respect of trade receivables.

The management of default risk related to customers is provided in keeping with the policy, procedures and monitoring system put in place by the Company for managing its default exposure on customers. Regular monitoring is conducted of outstanding receivables due from customers. A review of accounts receivable showed that the Company's exposure to this risk is not significant.

**Liquidity risk**

The liquidity risk is associated with the Company's ability to meet timely and in full its liabilities existing as at the reporting date: payables to suppliers and contractors, debt to lenders under the credit facilities and loans received, etc. The Company performs the management of the liquidity risk by choosing the optimal gearing as per the management's policies. Given that some of the Company's accounts payable are payables for services received from related parties, the Company is in a position to negotiate debt restructuring arrangements as necessary. Also, the Company believes that it has adequate access to financing sources (primarily, within the corporate group), as well as having both tapped and available credit facilities, which will make it possible to meet the anticipated need for loan capital.

**27. Legal risks**

Legal risks are the risk of losses as a result of failure by companies to comply with the requirements of regulations and the contracts in place, the legal errors committed in operations and the imperfections of the legal system.

The management of legal risks aims to reduce (eliminate) possible losses.

In an attempt to keep the legal risk at an acceptable level, the Company is implementing the following measures:

- monitoring of the legislative and regulatory framework of the Russian Federation and assessment of the need for changes in the Company's internal regulatory framework;
- monitoring of the Company's bylaws to ensure they are in place, complete and compliant with the RF statutory and regulatory framework;

- notification to the Company's staff of changes in the Russian Federation legislation and in the Company's bylaws;
- standardization of processes and transactions (policies/procedures for operations and transactions and for contracting) by developing and enacting bylaws and model forms;
- enforcement of the internal procedure in place for the Company's staff to obtain approvals for the contracts and transactions to be made;
- systematic review of indicators characterizing legal risks;
- implementation of performance controls for the management of legal risks;
- the legal function provides monitoring of the legislation on an ongoing basis, notification to the Company's staff of change in the legal provisions and regulations pertaining to legal risk.

**27.1 Risks inherent in new control rules for transfer pricing**

The transfer pricing legislation makes it possible for the tax authorities to apply adjustments to transfer prices and assess additional profits tax liabilities in respect of all controlled transactions if the transaction price differs from the fair market price. The list of controlled transactions includes related-party transactions and certain types of foreign transactions.

For intra-group transactions, the transfer pricing rules apply where the sum total of all transactions involving each related party separately exceeds:

- 1,000,000 thou. rbl. for transactions in the domestic market in 2022 and 2021 if the parties use different profits tax rates and different tax regimes, use VAT and/or profits tax exemptions, and investment tax credit;
- 60,000 thou. rbl. for international transactions in 2022 and 2021

Where internal transactions cause additional tax liabilities to be assessed for a party, the other party can adjust its profits tax liabilities accordingly using a return form issued by the competent authority in the prescribed manner.

These rules apply not only to transactions that took place in 2022, but also to the related-party transactions for the previous years if the relevant income and expenditure were recognized in 2022.

The Company is not subject to the new transfer pricing rules in 2022.

**27.2 Risks related to a change in forex regulation**

Domestic market: Risks of changes in the forex regulation are currently rated by the Company as negligible. Because of the implementation of the policy of liberalization of forex regulation, the risks related to a change in foreign exchange laws are being reduced.

External market: legal risks related to a change in forex regulation on the foreign market can affect the Company's business in the context of its operations on the external market. The Company conducts ongoing monitoring of changes in the regulatory framework for forex control and monitoring and fully complies with the provisions of foreign exchange laws.

Thus, the Company finds the risk of a change in the foreign exchange regulation to be minor and does not believe that a possible change in the foreign exchange control rules can materially affect the Company's operations.

27.3 Risks related to a change in tax legislation

The recent developments in the Russian Federation suggest that the tax authorities can take a harder line in interpreting the tax legislation and tax assessments. As a result, the tax authorities can lodge claims over the transactions and accounting methods that they left alone before. This can result in high extra tax assessments, late charges and fines. Tax audits can cover three calendar years of operations immediately preceding the year audited. Under certain conditions, the audit can also extend to earlier periods.

The Company's management believes that the Company is fully compliant with the tax legislation governing its operations, which, however, does not preclude potential differences of opinions with the competent regulatory authorities on matters open to interpretation.

The realization of this risk, that is a change in the taxation rules in the Russian Federation, can increase the tax burden on the Company and reduce the Company's net profit.

In order to limit the possible negative effects of this risk on its operations, the Company puts in place measures such as continuous monitoring of changes in the tax legislation.

In the event that changes are made to the taxation arrangements in place, the Company intends to plan its financial and operating activities with due regard to these changes.

The likelihood of this risk is rated as medium; the Company's losses from this risk are rated as low.

Thus, the Company assessed the risk of a change in the tax legislation as minor and does not find that a possible change in the taxation rules can materially affect the Company's operations.

**27.4 Risks of a change in the case law on aspects of the Company's operations**

The realization of this risk, that is a change in the case law, can result in adverse consequences in the form of penalties imposed on the Company.

In order to limit the possible negative effects of this risk on its operations, the Company puts in place measures such as continuous monitoring of changes in the case law on the aspects of the Company's operations.

In the event that changes are made to the case law on aspects of the Company's operations, the Company intends to plan its financial and operating activities with due regard to these changes.

The likelihood of this risk is rated as low; the Company's losses from this risk are rated as low.

Thus, the Company finds that the risk of a change in the case law is minor and does not believe that possible judgments rendered by a court of law with an adverse impact on the Company can materially affect the Company's operations.

**28 Country- and region-specific risks**

Country- and region-specific risks and [...] are connected to the political and economic situation, geographical features of the country (countries) and the region (regions) where the organization conducts its usual activities and (or) is registered as a taxpayer.

The stability of the Russian economy depends to a large extent on the progress of economic reforms, the development of the legal, tax and administrative infrastructure, as well as on the effectiveness of the measures being taken by the Government of the Russian Federation as part of its economic, financial and monetary policies.

Despite the stabilization measures being taken by the Government of the Russian Federation with a view to ensuring liquidity and refinancing of foreign loans of Russian banks and companies, there is still uncertainty over access to sources of capital, as well as the cost of capital for the Company and its counterparties, which can affect the financial situation, operational results and economic prospects of the Company. Volatility in the capital markets can result in a material deterioration of liquidity in the banking sector and credit tightening in Russia.

By and large, the Company is hardly in a position to materially affect the economic situation in this country. However, in the event of a negative turn of events in the Russian Federation or its region where the Company operates, the Company will take all measures to reduce the adverse effects on the Company's financial situation and financial result.

**29 Reputational risks**

Reputational risk is connected to a reduction in the numbers of the organization's customers (clients) as a result of a negative perception of the quality of its products, works and services, compliance with the delivery time for products, performance of work/services, involvement in price collusion, etc.

The Company's management believes that there are currently no factors likely to cause a dramatic reduction in the numbers of its buyers (customers) as a result of a negative image of the quality of the Company's products (works, services), compliance with the schedules for the completion of works (services), as well as the Company's involvement in any price collusion. Accordingly, reputational risks are rated by the Company as negligible.

**30 Post-reporting events**

**Acquisition of a subsidiary's stock**

The Company acquired no shares in its subsidiaries.

**Change in laws**

There were no legislative changes affecting the Company's operationals and financials.

**Change in the registered capital**

No changes were made in the registered capital.

**Change of management**

There was no change of management.

# REPORT OF THE STATUTORY AUDITOR ON THE LIMITED STATUTORY EXAMINATION TO THE GENERAL MEETING OF SHAREHOLDERS OF TECH MAHINDRA (SWITZERLAND) SA, VERNIER

As statutory auditor, we have examined the financial statements (balance sheet, income statement and notes) of TECH MAHINDRA (SWITZERLAND) SA for the year ended 31 March 2023.

These financial statements are the responsibility of the board of directors. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence re- quirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of company personnel and analytical procedures as well as detailed tests of company documents as considered necessary in the circum- stances.

However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not comply with Swiss law and the company's articles of incorporation.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**1 General**

The Company was incorporated on November 2, 2001.

The principal activity of the Company is to provide banking consultancy services to banks and financial institutions in order to assist them in the implementation of solutions.

The Company's headquarter is in Vernier (Geneva - Switzerland).

**2. Summary of significant accounting policies**

**2.1 General aspects**

These financial statements were prepared according to the principles of the Swiss Law on Accounting and Financial Reporting (32nd title of the Swiss Code of Obligations). Where not prescribed by law, the significant accounting and valuation principles applied are described below.

**2.2 Revenue recognition**

Services include revenue earned from services rendered on time and material basis, time bound fixed price engagements and system integration projects.

Revenue is recognised over the period of the contract in accordance with its term.

**2.3 Tangible and intangible fixed assets**

Fixed assets are stated at cost and are depreciated using the linear method on their estimated useful lives. Depreciation durations are the following:

| | |
|---|---|
| Office equipment | 5 years |
| Hardware | 3 years |
| Software | 3 years |
| Development cost | 5 years |

**2.4 Payables**

Trade payables and other current liabilities are carried at their nominal value.

**2.5 Comparative figures**

Certain comparative figures have been reclassified in order to conform to the current year presentation.

See accompanying notes to financial statements.

# NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

(Mexican Pesos)

These financial statements have been translated from the Spanish language original and for the convenience of foreign/ English-speaking readers.

## 1. Activities

### a. Activities-

Tech Mahindra de México, S. de R.L. de C.V. (the "Entity or Company") was incorporated on June 30, 2008 under the laws of Mexico. Its address is Av. Eje 5 Norte # 990, Edificio F - Planta Baja, Colonia Santa Bárbara, C.P. 02230, Delegación Azcapotzalco, Distrito Federal México.

The Company is principally involved in computing consulting services and operates primarily in Mexico. Its holding company is Tech Mahindra Limited, an Indian public listed company. The Company carries out certain transactions with its Holding company as described in note 10.

**Relevant event**

As a result of the labor subcontracting reform, as of July 16, 2021, the Company has hired personnel under its charge to carry out the activities that are part of its corporate purpose in place of sub-contractors.

### b. Financial statement authorization and presentation-

On Jun 27,2023, the issuance of the financial statements was authorized by Director and Finance Controller. These financial statements are subject to the approval of the Board of Partners and the general ordinary partners' meetings, where they may be modified, based on provisions set forth by the General Corporate Law.

## 2. Basis of presentation

a. Statement of compliance – The accompanying financial statements have been prepared in accordance with Mexican Financial Reporting Standards (MFRS).

b. Use of estimates – The preparation of financial statements requires Management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amount of revenues and expenses during the reporting. Actual results could differ from those estimates and assumptions.

c. Judgments – Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

Note 3 m - Leases: whether an arrangement contains a lease.

d. Assumptions and estimation uncertainties – Information about assumptions and estimation uncertainties at December 31, 2022 that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities in the next financial year is included in the following notes:

- Note 3 m - Leases: determination of lease period in case of an option of renew.
- Note 3 h - measurement of defined benefit obligations: key actuarial assumptions;
- Note 3 i - recognition of deferred tax assets: availability of future taxable profit against which deductible temporary differences and tax losses carried forward can be utilized;

e. Explanation for preparation in English - The accompanying financial statements have been prepared in English for use outside of Mexico. These financial statements are presented on the basis of Mexican Financial Reporting Standards ("Mexican FRS" or "Mex FRS"), which are comprised of accounting standards that are individually referred to as Normas de Información Financiera, or "NIFs"). Certain accounting practices applied by the Entity that conform with Mex FRS may not conform with accounting principles generally accepted in the country of use.

f. Monetary unit of the financial statements –The financial statements and notes as of December 31, 2022 and 2021 and for the years then ended are presented in Mexican pesos (reporting currency), which is the same as the local currency and the functional currency.

g. Statement of comprehensive income presentation - The Company presents comprehensive income in a single statement of net income entitled “Statement of Operations” given that the Company did not generate Other Comprehensive Income (OCI) during the current year or the preceding year, which is presented for comparative purposes.

Ordinary costs and expenses are presented based on their function because it is the practice of the industry to which the Entity belongs. Additionally, the “Income from Operation” line item is included, which results from subtracting the cost of sales and expenses from net sales, as this line item is considered to provide a better understanding of the Company’s economic and financial performance.

## 3. Summary of the significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by the Company:

### a. Recognition of the effects of inflation

The Mexican FRS B-10 “Effects of inflation” requires the recognition of inflation until December 31, 2017. Since January 1, 2008, the Mexican FRS B-10 requires the recognition of the effects of inflation when the Company operates in an inflationary economic environment (cumulated inflation equal or more than 26% during last three years).

Annual and cumulative inflation percentage of the last three years and the indices used to determine inflation, are as follows:

| | **Inflation** | |
|---|---|---|
| **December 31** | **Yearly** | **Cumulative** |
| 2022 | 7.82% | 19.39% |
| 2021 | 7.36% | 13.87% |
| 2020 | 3.33% | 11.42% |

b. Cash and cash equivalents– Cash and cash equivalents consist of checking accounts, bank deposits, foreign currency and other highly liquid instruments.

c. Property and equipment (net) – Property, plant and equipment, including those under leases, are recorded at acquisition cost and the present value of total payments, respectively. Balances from acquisitions made through December 31, 2007 were restated for the effects of inflation by applying factors derived from the NCPI through that date.

Depreciation on property, plant and equipment is calculated using the straight-line method based on the estimated useful lives of the related assets, as follows:

| **Category** | **Useful life** |
|---|---|
| Computers | 3 years |
| Furniture and fixtures | 5 years |
| Plant & Machinery | 5 years |
| Office equipment | 5 years |
| Software acquired for consideration | 1 year |

Leasehold improvements are amortized over the useful life of the improvement or the related contract term, whichever is shorter.

Minor repairs and maintenance costs are expensed as incurred.

d. Prepayments- Mainly include prepayments for employee health and life insurance services that are received after the date of the statement of financial position and in the ordinary course of operations.

**e**. Other assets- Other assets include mainly deposits in guarantee, advances to employees and suppliers and are stated at cost.

**f**. Impairment of property, plant and equipment and other non-current assets, leases assets and intangible assets- The Company evaluates the net carrying amount of property, plant and equipment and other non-current assets, leases assets and intangible assets, to determine whether there is an indication that the carrying amount exceeds the recoverable amount. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to future net revenues reasonably expected to be generated by the asset. If the net carrying amount of the asset exceeds the recoverable amount, the Company records the necessary provisions.

**g**. Provisions - Provisions are recognized for current obligations that arise from a past event, that are probable to result in the use of economic resources, and that can be reasonably estimated.

**h.** Employee benefits - Employee benefits are those granted to personnel and/or their beneficiaries in exchange for the services rendered by the employee, which include all kinds of remuneration earned, as follows:

**i.** Short-term direct benefits - Short-term direct employee benefits are recognized in income of the period in which the services rendered are accrued. A liability is recognized for the amount expected to be paid if the Company has a legal or assumed obligation to pay this amount as a result of past services provided and the obligation can be reasonably estimated.

**ii.** Long-term direct benefits - The Company’s net obligation in relation to direct long-term benefits (except for deferred ESPS), and which the Company is expected to pay at least twelve months after the date of the most recent balance sheet presented, is the amount of future benefits that employees have obtained in exchange for their service in the current and previous periods. This benefit is discounted to its present value. Remeasurements are recognized in income in the period in which they are accrued.

**iii.** Employee benefits from termination - A liability is recognized for termination benefits along with a cost or expense when the Company has no realistic alternative other than to make the corresponding payments or when the offer of these benefits cannot be withdrawn or when the conditions that require the recognition of restructuring costs are met, whichever occurs first. If benefits are not expected to be settled wholly within twelve months after the date of the most recent balance sheet presented, then they are discounted. The Company has only defined contribution plans and no defined benefit obligations.

**Defined contribution plans**

Obligations for contributions to defined contribution plans are recognized in income as the related services are provided by employees. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

**iv.** Employee statutory profit sharing (ESPS) - ESPS is recorded in the results of the year in which it is incurred. Deferred ESPS is derived from temporary differences that result from comparing the accounting and tax bases of assets and liabilities and is recognized only when it can be reasonably assumed that a liability may be settled or a benefit is generated, and there is no indication that circumstances will change in such a way that the liabilities will not be paid or benefits will not be realized.

As result of the 2014 Tax Reform, as of December 31, 2022 and 2021, ESPS is determined based on taxable income, according to Section I of Article 10 of the Income Tax Law. Deferred ESPS derived from temporary differences between the accounting and tax bases of assets and liabilities is recognized only when it can be reasonably assumed that a liability may be settled or a benefit is generated, and there is no indication that circumstances will change in such a way that the liabilities will not be paid or benefits will not be realized.

**i.** Income taxes - Income tax (“ISR”) is recorded in results of the year in which they are incurred. Deferred taxes are calculated by applying the corresponding tax rate to temporary differences resulting from comparing the accounting and tax bases of assets and liabilities and including, if any, future benefits from tax loss carryforwards and certain tax credit.

**j.** Foreign currency transactions - Foreign currency transactions are recorded at the applicable exchange rate in effect at the transaction date. Monetary assets and liabilities denominated in foreign currency are translated into Mexican pesos at the applicable exchange rate in effect at the balance sheet date. Exchange fluctuations are recorded as a component of net financing cost (income) in the statements of income.

**k.** Revenue recognition – Revenues include the fair value of the consideration received or receivable for the services in the regular course of operations, which is when control has been transferred to the customers in exchange for the consideration to which the Entity believes it is entitled in exchange for such goods or services. Revenues are presented net of discounts.

Revenue from service contracts priced on a time and material basis is recognized when services are rendered. Revenue from fixed price service contracts is recognized as performance obligation satisfied over a period of time based on the stage of completion of the contract the stage of completion determined as the proportion of the total time expected to install that has elapsed at the end of the reporting period is an appropriate measure of progress towards complete satisfaction of these performance obligations.

Invoices for services are issued on a monthly basis and are usually payable within 45-60 days.

Revenues are recognized when the following steps are completed:

- The contract or contracts are identified with the customer.
- The obligations to be performed in the contract are identified.
- The transaction price is determined.
- The transaction price is allocated among the different obligations to be performed in the contract.
- The revenues are recognized when the Entity fulfills each of the obligations involved.

The Company acts as a sub-contractor to its Holding Company Tech Mahindra Limited for which it is remunerated on cost plus markup basis. Its revenue from cost plus markup contracts are recognized based on the terms of the contract over the service period.

Invoices for services to the Holding Company are issued on a monthly basis and are usually payable within 30 days.

**l.** Business and credit concentration- Services rendered to Tech Mahindra Limited represented 100% in 2022 and 2021 of the Company's net revenue.

The principal supplier for sub-contracting services rendered is LCC Central America de Mexico SA de CV (fellow subsidiary company), from which the Company made approximately 6% in 2022 and 16% in 2021 of the Company's total cost of sub-contracting services.

**m**. Leases-S At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in FRS D-5.

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. [However, for the leases of property the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;

- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

- amounts expected to be payable under a residual value guarantee; and

- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**n. Financial instruments-**

Financial assets and liabilities - including accounts receivable and payable - are initially recognized when these assets are originated or acquired, or when these liabilities are issued or assumed, both contractually.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVI, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Financial assets and financial liabilities (unless it is an account receivable or payable without a significant financing component) are measured and initially recognized at fair value, in the case of financial assets or liabilities not measured at fair value with changes through OCI, plus the transaction costs directly attributable to acquisition or issuance, when subsequently measured at amortized cost. An account receivable without a significant financing component is initially measured at the transaction price.

**Loss allowance for expected credit losses (ECL)-**

The Company recognizes loss allowances for ECLs on financial assets measured at amortized cost.

Loss allowances for trade receivable and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument, about past events, current conditions and forecasts of future economic conditions.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

**Measurement of ECLs**

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

**ECLs are discounted at the effective interest rate of the financial asset.**

At each reporting date, the Company assesses whether financial assets carried at amortized cost are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit -impaired includes the following observable data:

— significant financial difficulty of the borrower or issuer;

— a breach of contract such as a default or being more than 90 days past due;

— the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise.

— it is probable that the borrower will enter bankruptcy or other financial reorganization; or

— the disappearance of an active market for a security because of financial difficulties

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

**Write off**

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For external customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery, on a case-to-case basis. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

o. Contingencies- Liabilities for loss contingencies are recorded when it is probable that a liability has been incurred and the amount thereof can be reasonably estimated. When a reasonable estimation cannot be made, disclosure is provided in the notes to the financial statements. Contingent revenues, earnings or assets are not recognized until realization is assured.

p. Comprehensive financial results (CFR)- The CFR includes finance income and expense, reduced by the amounts capitalized.

Finance income and expense include:

- interest expense;
- interest income;
- the foreign currency gain or loss on financial assets and financial liabilities;

Interest income or expense is recognized using the effective interest method.

The ‘effective interest rate’ is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortized cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortized cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of execution or settlement. Monetary assets and liabilities denominated in foreign currency are translated at the exchange rate in force at the statement of financial position date. Exchange differences arising from assets and liabilities denominated in foreign currencies are reported on the statement of comprehensive income.

**4. Cash and equivalents-**

Cash and cash equivalents comprise the following:

| | **2022** | 2021 |
|---|---|---|
| Cash and checking accounts: | | |
| Current accounts | **$ 23,331,390** | 16,437,917 |
| Fixed deposits | **50,000,000** | - |
| Cash and cash equivalents | **$ 73,331,390** | 16,437,917 |

The Company had no restricted cash and cash equivalents.

**5. Accounts receivable-**

| | **2022** | 2021 |
|---|---|---|
| Receivable from external customer: | | |
| Customer | **$ 142,012,185** | 179,884,935 |
| Loss allowance for ECL | **(8,714,920)** | (1,750,155) |
| Debtors net of allowance for ECL | **133,297,265** | 178,134,780 |
| Unbilled revenue | **10,384,681** | 11,630,247 |
| Total receivable from external customers | **$ 143,681,946** | 189,765,027 |

**Expected credit losses:**

For the commercial accounts receivable portfolio, the Entity estimates the expected credit loss (ECL) based on its experience of previous credit losses, current changes in the behavior of its customers and future economic forecasts, for which purpose it classifies its portfolio by degree of payment arrears and allocates different amounts of ECL to each of the segments of its portfolio.

The Company acts as a sub-contractor to its holding company Tech Mahindra Limited for which it is remunerated on cost plus markup basis. The expected credit loss provision is created for the external customers of the Company for which the Company is acting as an agent or sub-contractor.

Based on the average that its ECL represent of total revenues and the payment arrears of customer receivables, as well as adjustments to the amounts of ECL considering the current economic situation, the respective calculation is as follows:

| Amount of accounts receivable | Days in arrears | Probability of default | Portfolio amount in default | Loss Severity (SP) | Estimated ECL |
|---|---|---|---|---|---|
| 8,714,920 | More than 365 days | 100% | 8,714,920 | 100% | 8,714,920 |

In this case, given the impossibility of estimating the collection date, it is not practical to discount the amounts of cash flows receivable. Also, the Company does not charge interest to its customers for arrears, and so it has not identified the effective interest rate.

## 6. Other receivables-

| | **2022** | 2021 |
|---|---|---|
| Other receivables | **$ 4,512,463** | 2,139,339 |
| Advances to employees | **1,971,097** | 99,048 |
| Total other receivables | **$ 6,483,560** | 2,238,387 |

## 7. Property and equipment -

| | **2022** | 2021 |
|---|---|---|
| **a) Investment** | | |
| Plant & machinery | **$ 26,126,896** | 26,122,199 |
| Furniture and fixtures | **25,512,128** | 25,512,128 |
| Equipment and computers | **71,358,085** | 57,223,250 |
| Leasehold improvements | **5,103,655** | 5,103,655 |
| Total | **128,100,764** | 113,961,232 |
| **b) Accumulated depreciation** | | |
| Plant & machinery | **21,659,045** | 17,411,182 |
| Furniture and fixtures | **20,579,344** | 16,402,826 |
| Equipment and computers | **47,171,670** | 34,652,749 |
| Leasehold improvements | **3,238,729** | 2,461,031 |
| Total | **92,648,788** | 70,927,788 |
| Net property and equipment | **$ 35,451,976** | 43,033,444 |

Depreciation recognized in the statements of operations was $21,721,000 and $18,583,988; in 2022 and 2021, respectively.

## 8. Right of use assets and liabilities-

The Company leases office premises, typically for a period of 3 years.

### Right of use asset

Right-of-use assets related to lease properties that do not meet the definition of investment property comprise the following:

| | Buildings | |
|---|---|---|
| | **2022** | 2021 |
| Balance at January 1, 2022 | **$ 23,205,815** | 50,309,205 |
| Depreciation charge for the year | **(26,745,409)** | (27,103,390) |
| Additions to right-of-use assets | **42,273,843** | - |
| Balance at December 31, 2022 | **$ 38,734,250** | 23,205,815 |

| Amounts recognized in profit or loss | **2022** | 2021 |
|---|---|---|
| Leases under FRS D-5 | | |
| Interest on lease liabilities | **$ 3,726,474** | 4,850,563 |

Total cash outflows for leases during 2022 were $ 22,248,020 and $27,411,761 in 2021 respectively.

### Lease liabilities

| | **2022** | 2021 |
|---|---|---|
| Liability | **$ 51,496,547** | 31,470,724 |

The terms and conditions of leases are as follows:

| | **2022** | 2021 |
|---|---|---|
| Nominal Interest rate | **10.80%** | 10.80% |
| Year of maturity | **2021-2025** | 2021-2023 |
| Nominal value | **$ 57,435,107** | $ 29,934,840 |
| Present value | **51,496,547** | 31,470,724 |

Maturities of lease liabilities:

| | **2022** | | 2021 | |
|---|---|---|---|---|
| | **Nominal value** | **Present value** | Nominal value | Present value |
| Less than one year | **$ 31,301,721** | **27,647,924** | 21,321,808 | 13,178,330 |
| Between one and five years | **26,133,386** | **23,848,623** | 8,613,032 | 18,292,394 |
| Total | **$ 57,435,107** | **51,496,547** | 29,934,840 | 31,470,724 |

**9. Accrued expenses and taxes-**

Accruals include the following:

| | Accrued expenses | VAT payable | Provision for discount | Unearned Revenue | Total |
|---|---|---|---|---|---|
| Balances as at December 31, 2021 | $ 9,604,774 | 30,973,560 | 2,853,147 | 24,560,028 | 67,991,509 |
| Increase in earnings | (7,809,192) | 24,706,725 | 1,071,066 | 8,151,421 | 26,120,020 |
| Write-offs credited to earnings | - | - | (2,400,917) | (24,354,802) | (26,755,719) |
| Payments | - | (41,706,377) | (451,579) | - | (42,157,956) |
| Balances as at December 31, 2022 | **$ 1,795,582** | **13,973,908** | **1,071,717** | **8,356,648** | **25,197,856** |

**10. Related parties-**

**a. List of related parties:**

Tech Mahindra Limited (parent company)

| | **$ 139,601,721** | 205,394,706 |

**11. Employee benefits-**

**a) Short term direct benefits**

The short-term direct benefits are as follows:

| | **2022** | 2021 |
|---|---|---|
| Employee benefits | | |
| Compensated absences* | **$ 2,793,804** | 2,114,119 |
| Short term employee benefits | **14,447,630** | 5,415,602 |
| Other statutory payments | **27,735,852** | 26,666,223 |
| Other employee payables | **101,667** | 389,589 |
| Total | **$ 45,078,952** | 34,377,135 |

* Note: Non -current portion of compensated absences $1,062,902 has been disclosed under other employee benefits under non-current liabilities.

**b) Post-employment benefits**

The Company has a defined benefit plan for seniority premium and legal compensation, covering substantially all of its employees its unionized and trustworthy staff. Benefits are based on the years of service and the employee's compensation.

The components of defined benefit cost for the years ended December 31, 2022 and 2021 are shown below:

| | **Seniority Premium** | **Seniority Premium** | **Legal Compensation** | **Legal Compensation** |
|---|---|---|---|---|
| | **2022** | **2021** | **2022** | **2021** |
| Current service cost (CLSA) | $ 562,096 | 520,321 | 5,315,127 | 3,105,474 |
| Net interest | 92,982 | 67,400 | 1,613,375 | 1,234,046 |
| Settlement cost | 864,192 | - | 15,687,538 | 10,026,130 |
| Remeasurements of net assets for defined benefits (DBNA) or net liabilities for defined benefits (DBNL) recognized in income of the period | **514,339** | **(186,978)** | **7,280,785** | **(2,294,363)** |
| Net cost for the period | **$ 2,033,609** | **400,743** | **29,896,825** | **12,071,287** |

| | **Seniority Premium** | **Seniority Premium** | **Legal Compensation** | **Legal Compensation** |
|---|---|---|---|---|
| | **2022** | **2021** | **2022** | **2021** |
| Beginning balance of DBNL | $ 1,253,649 | 1,203,213 | 21,639,724 | 21,898,558 |
| Defined Benefit Cost | 2,033,609 | 400,743 | 29,896,825 | 12,071,287 |
| Payments charged to DBNL | **(1,110,465)** | **(350,307)** | **(18,637,559)** | **(12,330,121)** |
| Ending balance of DBNL | **$ 2,176,793** | **1,253,649** | **32,898,990** | **21,639,724** |

| | **2022** | 2021 |
|---|---|---|
| Assumptions:<br>Discount rate | **8%** | 8% |
| Rate of compensation increase | **3%** | 3% |
| Average remaining employee labor life | **16.61%** | 16.61% |

## 12. Income tax (IT) and employee statutory profit sharing (ESPS)-

The Company is subject to IT. According with the IT law, the rate is 30% in 2022 and 2021 and it will continue at 30% thereafter.

### a. IT consists of the following:

| | 2022 | 2021 |
|---|---|---|
| IT: | | |
| Current | **$ 20,783,013** | 1,956,500 |
| Deferred | **3,744,742** | 28,050,456 |
| | **$ 24,527,755** | 30,006,956 |

Income tax expense attributable to income from continuing operations before income taxes, differed from the amounts computed by applying the Mexican statutory rates of 30% IT to income before income taxes, as a result of the items shown below:

| | 2022 | 2021 |
|---|---|---|
| Computed “expected” tax expense | **$ 13,448,093** | 13,923,781 |
| Increase (reduction) resulting from: | | |
| Effects of inflation, net | **-** | 518,440 |
| Non-deductible expenses | **-** | 621,095 |
| Exempt Salaries | **-** | 3,041,186 |
| Provisions | **7,759,393** | 3,630,327 |
| Towards Liability | **910,368** | 1,455,169 |
| Towards Social Security | **-** | 428,000 |
| Insurances | **-** | 1,027,787 |
| Reversal of agent ECL* | **(1,030,376)** | (1,584,100) |
| Others ** | **3,440,277** | 6,945,271 |
| IT expense | **$ 24,527,755** | 30,006,956 |

* Reversal of agent ECL pertains to the effect of balance sheet movement between provision for doubtful debts for December 31, 2022 versus December 31, 2021. Since the Company acts as an agent to its Parent company, the risk of provision is borne by Parent company and the impact of the provision is disclosed on a net basis in the Income Statement.

**Others includes effect of Right of use opening liability amounting to MXN 833,544 for the period ended December 31,2019.

The tax effects of temporary differences that give rise to significant portions of the deferred income tax assets and liabilities, at December 31, 2022 and 2021, are presented below:

| | 2022 | 2021 |
|---|---|---|
| Deferred tax assets: | | |
| Property and equipment | **$ 447,190** | 5,328,849 |
| Right of use of lease properties | **3,778,478** | 1,527,138 |
| Accrued bonuses and other accruals | **12,465,813** | 12,108,904 |
| Unearned revenue | **-** | - |
| Total gross deferred tax assets | **16,691,481** | 18,964,891 |
| Deferred tax liabilities: | | |
| Prepaid expenses | **(3,522,892)** | (2,051,560) |
| Net deferred ISR asset | **13,168,589** | 16,913,331 |

**ESPS**

The ESPS expense is as follows:

| | 2022 | 2021 |
|---|---|---|
| Total ESPS expense recognized in income statement | **$ 8,115,016** | 4,528,823 |

**13. Partners' equity-**

a. **As of December 31, 2022 and 2021 partner units at par value (historical pesos), is as follows:**

| | Number of social parts | Amount in historical pesos | Number of social parts | Amount in historical pesos |
|---|---|---|---|---|
| | **2022** | | **2021** | |
| Fixed capital: | | | | |
| Series "A" partner units* | **2** | **1** | 2 | 1 |
| Variable capital | **-** | **-** | - | - |
| Series "B" partner units** | **1** | **12,934,770** | 1 | 12,934,770 |
| Total | **3** | **12,934,771** | 3 | 12,934,771 |

* Series "A" represents the fixed portion of capital stock with no retirement rights.

** Series "B" represents the variable portion of capital stock with retirement rights.

c. Retained earnings include the statutory legal reserve. The General Corporate Law requires that at least 5% of net income of the year be transferred to the legal reserve until the reserve equals 20% of partner units at par value (historical pesos). The legal reserve may be capitalized but may not be distributed unless the Company is dissolved. The legal reserve must be replenished if it is reduced for any reason. The legal reserve for the year ended 31st December 2022 is $3,883,848.

d. Partners' equity, except restated paid-in capital and tax retained earnings, will be subject to income taxes in the event of distribution, at the rate of 30%, payable by the Company; consequently, the stockholders may only receive 70% of such amounts. Any tax paid on such distributions may be credited against annual and estimated income taxes of the year in which the tax on dividends is paid and the following two fiscal years.

e. The balances of the partners' equity tax accounts as of December 31 are:

| | 2022 | 2021 |
|---|---|---|
| Contributed capital account | **$ 18,655,603** | 18,032,635 |
| Net tax income account | **250,980,394** | 171,355,128 |
| Total | **$ 269,635,997** | 189,387,763 |

**14. Revenue cost and expenses-**

| Revenue | 2022 | 2021 |
|---|---|---|
| Revenue from contracts with customers: | | |
| From services rendered to Tech Mahindra Limited | **$ 855,305,041** | 697,509,728 |
| From services rendered to fellow subsidiaries | **14,798,835** | 8,155,187 |
| Other income | | |
| Rental income | **2,086,351** | 2,049,405 |
| Others | **8,714** | 34,351 |
| Total revenue | **$ 872,198,941** | 707,748,671 |

| | 2022 | | 2021 | |
|---|---|---|---|---|
| **Costs** | **Cost of sales** | **Selling expenses and Administrative expenses** | **Cost of sales** | **Selling expenses and Administrative expenses** |
| Salaries and related cost 1 | $ 677,508,235 | - | 528,223,562 | - |
| Depreciation and amortization | | | | |
| - On property and equipment | - | 21,721,000 | - | 18,583,988 |
| - On right of use assets | - | 26,745,409 | - | 27,103,390 |
| Subcontracting expenses | 22,127,383 | - | 27,914,854 | - |
| Communication expense | 6,868,027 | - | 10,226,842 | - |
| General Office expenses | - | 11,223,775 | - | 11,668,225 |
| Other | 14,253,049 | 46,558,320 | 3,912,396 | 20,470,698 |
| Total | **$ 720,756,694** | **106,248,504** | **570,277,654** | **77,826,301** |

Salaries and related cost includes expense for ESPS $ for 2022 was $8,115,015 and $4,528,823 for 2021.

## 15. Financial instruments and risk review-

### a. Accounting classifications and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value.

| Financial Asset and Liabilities (not measured at fair value) | **2022** | 2021 |
|---|---|---|
| Carrying amount of financial assets: | | |
| Cash and cash equivalents | **$ 73,331,390** | 16,437,917 |
| Accounts receivable - Net | **143,681,946** | 189,765,027 |
| Due from Related Party | **85,445,697** | 178,668,652 |
| Payables to officers and employees | **1,971,097** | 99,048 |
| Deposits in guarantee | **6,391,704** | 6,391,705 |
| Other receivables | **4,512,463** | 2,139,339 |
| | **$ 315,334,297** | 393,501,688 |
| Carrying amount of financial liabilities: | | |
| Accounts payable | **$ 4,566,957** | 11,241,081 |
| Due to Related Party | **139,601,721** | 205,394,706 |
| Accrued expenses and taxes* | **25,197,856** | 67,991,509 |
| Lease liabilities | **51,496,547** | 31,470,724 |
| | **$ 220,863,081** | 316,098,020 |

*It includes provision for expenses, provision for salary and provisions against employee advances.

### b. Financial risk management

The Company’s activities expose it to a variety of financial risks i.e. market risk, credit risk and liquidity risk. The Company operates a risk management policy and program that performs close monitoring of and responding to each risk factors. Following are the financial risk factors.

#### (a) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables.

**Trade receivable**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

Details of concentration of revenue are included in Note 3 (l) under the Significant accounting policies.

Average credit period for trade receivables ranges from 45-60 days and no interest is charged on overdue receivables. The Company uses a practical expedient by computing the expected credit loss (ECL) allowance for trade receivable based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking experience. The impact of the ECL model is disclosed in Note 5 Trade receivables.

The Company has a revenue arrangement with its parent company, wherein it acts as a sub-contractor to its Parent for all external contracts with customers and all the risk of these contracts are transferred to the parent company.

**Cash and cash equivalents**

The Company maintains its cash and cash equivalents with bank having good reputation and high-quality credit rating.

**(b) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below provides details regarding the contractual maturities of significant financial liabilities as on December 31, 2022. The amounts are gross and undiscounted.

| **Particulars** | **Carrying value** | **Less than 1 year** | **1-3 years** |
|---|---|---|---|
| Accounts payable | $ 4,566,957 | 4,566,957 | - |
| Related Parties | 139,601,721 | 139,601,721 | - |
| Accrued expenses and taxes | 25,197,856 | 25,197,856 | - |
| Lease liabilities | 51,496,547 | 27,647,924 | 23,848,623 |
| | **$ 220,863,081** | **197,014,458** | **23,848,623** |

The table below provides details regarding the contractual maturities of significant financial liabilities as on December 31, 2021:

| **Particulars** | **Carrying value** | **Less than 1 year** | **1-3 Years** |
|---|---|---|---|
| Accounts payable | $ 11,241,081 | 11,241,081 | - |
| Due to Related Party | 205,397,706 | 205,397,706 | - |
| Accrued expenses and taxes | 67,991,509 | 67,991,509 | - |
| Lease liabilities | 31,470,724 | 13,179,330 | 18,292,394 |
| | **$ 316,098,020** | **297,805,626** | **18,292,294** |

**(c) Market risk**

Market risk is the risk that changes in market prices - e.g. foreign exchange rates, interest rates and equity prices -will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**Exposure to currency risk**

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

| | **2022** | | | **2021** | | |
|---|---|---|---|---|---|---|
| | **USD** | **CAD** | **EUR** | **USD** | **CAD** | **EUR** |
| Cash and cash equivalents | $ 107,825 | - | | 18,547 | - | |
| Accounts receivable - Net | 587,929 | 45,989 | - | 1,122,964 | 45,989 | - |
| Related Party receivables | 471,101 | - | - | 527,090 | - | - |
| Accounts payable | (51,473) | - | - | (58,244) | - | - |
| Related Party payable | (6,818,789) | - | - | (9,798,821) | - | (221,575) |
| Net statement of financial position exposure | **$ (5,703,407)** | **45,989** | **-** | **(8,188,464)** | **45,989** | **(221,575)** |

The following significant exchange rates have been applied:

| | **Average rate** | | **Year end spot rate** | |
|---|---|---|---|---|
| | **2022** | 2021 | **2022** | 2021 |
| USD 1 | **20.1** | 20.9 | **19.6** | 20.5 |
| CAD 1 | **15.4** | 16.4 | **14.5** | 16.2 |
| EUR 1 | **21.1** | 23.7 | **20.9** | 23.2 |

**Sensitivity analysis**

A reasonably possible strengthening (weakening) of the US dollar, EUR and CAD by 1% against the functional currency at December 31, would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and income by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

| | **Income** | | **Equity, net of tax** | |
|---|---|---|---|---|
| | **Strengthening** | **Weakening** | **Strengthening** | **Weakening** |
| USD (1% movement) | $ (57,034) | 57,034 | 57,034 | (57,034) |
| CAD (1% movement) | **460** | **(460)** | **(460)** | **460** |

**16. Recently issued financial reporting standards-**

The Consejo Mexicano de Normas de Información Financiera, A. C. (CINIF) has issued the FRS and Revisions listed below: (Incluir únicamente las que apliquen a la Compañía).

**2023 FRS Revisions**

In December 2022, CINIF issued a document called "2023 FRS Revisions" containing precise modifications to some of the existing FRS. This revision made to the FRS result in accounting changes in the annual financial statements, which are shown below: Únicamente incluir las que le afecten a la Compañía.

FRS B-11 Disposal of long-lived assets and discontinued operations/ NIF C-11 Stockholders' Equity- Becomes effective for years beginning on or after the 1st. January 2023, allowing its early application. Any change that it generates must be recognized in accordance with FRS B-1 Accounting changes and correction of errors. This revision establishes that any difference between the book value of long-lived assets delivered to settle dividends or capital reimbursements must be recognized in retained earnings.

FRS B-15 Conversion of foreign currencies- This FRS revision becomes effective for the years that start from the 1st. January 2023, allowing its early application. Any change that it generates must be recognized in accordance with FRS B-1 Accounting changes and correction of errors. It makes modifications to the practical solution of the FRS that allows the preparation of financial statements without the effects of conversion to functional currency. This revision specifies which entities and in which cases this option can be exercised, establishing that an entity that does not have subsidiaries or controllers or that is a subsidiary, associate or joint venture, can prepare its financial statements without converting to functional currency, provided that they are financial statements exclusively for tax and legal purposes and do not have users who require the preparation of financial statements considering the effects of translation to functional currency.

Management estimates that the adoption of this new FRS shall have no significant effects.

**17. Contingencies**

(a) In accordance with Mexican tax law, the tax authorities are empowered to examine transactions carried out during the five years prior to the most recent income tax return filed.

(b) The Company is involved in a number of claims arising in the normal course of business from labor obligations. It is expected that the final outcome of these matters will not have significant adverse effects on the Company's financial position and income.

# NOTES TO THE FINANCIAL STATEMENTS

Tech Mahindra ICT Services (Malaysia) Sdn. Bhd. is a private limited liability company, incorporated and domiciled in Malaysia. The addresses of the principal place of business and registered office of the Company are as follows:

**Principal place of business**

Malaysia Global Solution Center
Lot 12122, Persiaran APEC
63000 Cyberjaya
Selangor Darul Ehsan

**Registered office**

35-3, Jalan SS15/8A
47500 Subang Jaya
Selangor Darul Ehsan

The Company is principally engaged in the business of developing, advising, consulting and implementing of software systems relating to information technology and electronic services including application and programming services, administration and management control, technical, scientific and operational assistance, systems design, project management training and support of personnel, management of services facility and generally, any type of business in connection therein. There has been no significant change in the nature of these activities during the financial year.

The Company is a wholly-owned subsidiary of Tech Mahindra Limited, which is incorporated in India and regarded by the Directors as the Company's ultimate holding company, during the financial year and until the date of this report.

These financial statements were authorised for issue by the Board of Directors on June 29, 2023.

## 1. Basis of preparation

### (a) Statement of compliance

The financial statements of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards, interpretations and amendments of the MFRSs that have been issued by the Malaysian Accounting Standards Board ("MASB") but have not been adopted by the Company:

MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2023

- MFRS 17, Insurance Contracts
- Amendments to MFRS 17, Insurance Contracts – Initial application of MFRS 17 and MFRS 9 – Comparative Information
- Amendments to MFRS 101, Presentation of Financial Statements – Disclosures of Accounting Policies
- Amendments to MFRS 108, Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Accounting Estimates
- Amendments to MFRS 112, Income Taxes – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2024

- Amendment to MFRS 16, Leases – Lease Liability in a Sale and Leaseback
- Amendment to MFRS 101, Presentation of Financial Statements – Non-current Liabilities with Covenants and Classification of Liabilities as Current or Non-current

MFRSs, interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed

- Amendments to MFRS 10, Consolidated Financial Statements and MFRS 128, Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Company plans to apply the abovementioned accounting standards, interpretations and amendments:

- from the annual period beginning on 1 April 2023 for the accounting standard and amendments that are effective for annual periods beginning on or after 1 January 2023, except for MFRS 17 and amendments to MFRS 17 which are not applicable to the *[Group]/[Company]. (Note: MFRS 17 and amendments to MFRS 17 that are effective 1 January 2023 are only applicable to Group or Company which has insurance contracts.)

- from the annual period beginning on *[1 January 2024] for the amendments that are effective for annual periods beginning on or after 1 January 2024, except for *[amendments [*]] which *[is/are] not applicable to the *[Group]/[Company].

The initial application of the abovementioned accounting standards, amendments and interpretations is not expected to have any material financial impact to the current period and prior period financial statements of the Company.

**(b) Basis of measurement**

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2.

**(c) Functional and presentation currency**

The financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM, unless otherwise stated.

**(d) Use of estimates and judgements**

The preparation of financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed below:

- Note 11.2 – Provision for onerous contracts

- Note 16.4 – Measurement of expected credit loss ("ECL")

**2. Significant accounting policies**

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, unless otherwise stated.

**(a) Foreign currency transactions**

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting date.

Foreign currency differences arising on retranslation are recognised in profit or loss.

**(b) Financial instruments**

**(i) Recognition and initial measurement**

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

**(ii) Financial instrument categories and subsequent measurement**

**Financial assets**

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

**Amortised cost**

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets (see Note 2(g)(i)) where the effective interest rate is applied to the amortised cost.

All financial assets are subject to impairment assessment (see Note 2(g)(i)).

**(iii) Financial instrument categories and subsequent measurement (continued)**

**Financial liabilities**

The categories of financial liabilities at initial recognition are as follows:

**Amortised cost**

Financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

**(iv) Derecognition**

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or transferred, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset and the sum of consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. A financial liability is also derecognised when its terms are modified and the cash flows of the modified liability are substantially different, in which case, a new financial liability based on modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

**(v) Offsetting**

Financial assets and financial liabilities are offset, and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

**(c) Property, plant and equipment**

**(i) Recognition and measurement**

Items of property, plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognised net within “other income” and “other expenses” respectively in profit or loss.

**(ii) Subsequent costs**

The cost of replacing a component of an item of equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

**(iii) Depreciation**

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available for use.

The estimated useful lives for the current and comparative periods are as follows:

- Office equipment 5 years
- Computers 3 years
- Plant and equipment 3 to 5 years
- Lease improvement 3 years
- Furniture and fixtures 5 years

Depreciation methods, useful lives and residual values are reviewed at the end of the reporting period, and adjusted as appropriate.

**(d) Leases**

**(i) Definition of a lease**

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;

- the customer has the right to obtain a substantially all of the economic benefits from use of the asset throughout the period of use; and

- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer has the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Company is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

**(ii) Recognition and initial measurement**

**(a) As a lessee**

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise of the following:

- fixed payments, including in-substance fixed payments less any incentives receivable;

  - variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

  - amounts expected to be payable under a residual value guarantee;

  - the exercise price under a purchase option that the Company is reasonably certain to exercise; and

  - penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The Company excludes variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**(b) As a lessor**

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease.

If an arrangement contains lease and non-lease components, the Company applies MFRS 15 to allocate the consideration in the contract based on the stand-alone selling prices.

The Company recognises assets held under a finance lease in its statement of financial position and presents them as a receivable at an amount equal to the net investment in the lease. The Company uses the interest rate implicit in the lease to measure the net investment in the lease.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sublease as an operating lease.

**(iii) Subsequent measurement**

**(a) As a lessee**

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.easured, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

**(b) As a lessor**

The Company recognises finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the Company's net investment in the lease. The Company aims to allocate finance income over the lease term on a systematic and rational basis. The Company applies the lease payments relating to the period against the gross investment in the lease to reduce both the principal and the unearned finance income. The net investment in the lease is subject to impairment requirements in MFRS 9, Financial Instruments (see Note 2(g)(i)).

**(e) Contract asset/contract liability**

A contract asset is recognised when the Company's right to consideration is conditional on something other than the passage of time. A contract asset is subject to impairment in accordance to MFRS 9, Financial Instruments (see Note 2(g)(i)).

A contract liability is stated at cost and represents the obligation of the Company to transfer goods or services to a customer for which consideration has been received (or the amount is due) from the customers.

**(f) Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less, and are used by the Company in the management of their short term commitments.

**(g) Impairment**

**(i) Financial assets**

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost and contract assets. Expected credit losses are a probability-weighted estimate of credit losses.

The Company measures loss allowances at an amount equal to lifetime expected credit loss, except for debt securities that are determined to have low credit risk at the reporting date, cash and bank balance and other debt securities for which credit risk has not increased significantly since initial recognition, which are measured at 12-month expected credit loss. Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime expected credit loss.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information, where available.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of the asset, while 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date. The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

An impairment loss in respect of financial assets measured at amortised cost is recognised in profit or loss and the carrying amount of the asset is reduced through the use of an allowance account.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery amounts due.

**(ii) Other assets**

The carrying amounts of other assets are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest Company of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amounts of the other assets in the cash-generating unit (groups of cash-generating units) on a pro rata basis.

In respect of other assets, impairment losses recognised in prior years are assessed at the end of each reporting year for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

**(h) Equity instruments**

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

**Ordinary shares**

Ordinary shares are classified as equity.

**(i) Employee benefits**

**(i) Short-term employee benefits**

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**(ii) State plans**

The Company's contributions to the statutory pension funds are charged to profit or loss in the financial year to which they relate. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

**(j) Provisions**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

**Onerous contracts**

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

**(k) Revenue and other income**

**(i) Revenue from contracts with customers**

Revenue is measured based on the consideration specified in a contract with a customer in exchange for transferring services to a customer, excluding amounts collected on behalf of third parties. The Company recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

The Company transfers control of service at a point in time unless one of the following overtime criteria is met:

(a) the customer simultaneously receives and consumes the benefits provided as the Company performs;

(b) the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or

(c) the Company's performance does not create an asset with an alternative use and the Company has an enforceable right to payment for performance completed to date.

**(ii) Interest income**

Interest income is recognised as it accrues using the effective interest method in profit or loss.

**(l) Income tax**

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the temporary differences arising from the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

**(m) Fair value measurements**

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.

Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : unobservable inputs for the asset or liability.

The Company recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

## 3. Property, plant and equipment

## 4. Right-of-use assets

| | Building RM |
|---|---|
| At 1 April 2021 | 3,994,114 |
| Depreciation | (3,994,114) |
| At 31 March 2022/1 April 2022 | - |
| Additions during the year | 7,085,054 |
| Depreciation | 2,506,805 |
| At 31 March 2023 | 4,578,249 |

The Company leases an office building that runs between 1 year and 3 years, with option to renew the lease after that date.

### 4.1 Extension options

The lease of office building contains extension options exercisable by the Company up to one year before the end of the non-cancellable contract period. Where applicable, the Company seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Company and not by the lessors. The Company assesses at lease commencement whether it is reasonably certain to exercise the extension options. The Company reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstances within its control.

### 4.2 Significant judgements and assumptions in relation to leases

The Company assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. The Company considers all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Company also applied judgement and assumptions in determining the incremental borrowing rate of the respective leases. The Company first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

## 5. Trade and other receivables

| | Note | 2023 RM | 2022 RM |
|---|---|---|---|
| **Non-current** | | | |
| Lease receivables | 5.1 | **2,114,248** | 6,040,397 |
| **Current** | | | |
| **Trade** | | | |
| Trade receivables | 5.2 | **30,561,572** | 40,180,649 |
| Amount due from related companies | 5.3 | **77,430,691** | 31,236,867 |
| Amount due from ultimate holding company | 5.3 | **21,795,281** | 32,534,039 |
| | | **129,787,545** | 103,951,555 |
| **Non-trade** | | | |
| Lease receivables | 5.1 | **3,926,150** | 4,566,191 |
| Prepaid expense | | **7,422,143** | 4,394,361 |
| Deposits | | **543,598** | 336,953 |
| Other receivables | | **7,027,833** | 10,005,204 |
| Amount due from related company | 5.4 | **2,477,201** | 2,313,462 |
| | | **21,396,925** | 21,616,171 |
| | | **151,184,470** | 125,567,726 |
| | | **153,298,718** | 131,608,123 |

### 5.1 Lease receivables

The lease periods under these arrangements range from 3 years to 7 years and are discounted using an interest rate of 4.9% (2022: 4.9%). There is no collateral pledged in this transaction. The lease receivables as at reporting dates are as follows:

| | 2023 RM | 2022 RM |
|---|---|---|
| At 1 April | **10,606,588** | 17,748,633 |
| Addition | | - |
| Interest income | **(433,884)** | (632,340) |
| Lease payments received | **(4,132,308)** | (6,509,705) |
| At 31 March | **6,040,397** | 10,606,588 |

The lease payments to be received are as follows:

| | 2023 RM | 2022 RM |
|---|---|---|
| Less than one year | **3,926,150** | 4,566,191 |
| One to two years | **2,114,248** | 3,926,150 |
| Two to five years | **-** | 2,114,247 |
| More than five years | **-** | - |
| Total undiscounted lease payments receivable | **6,040,397** | 10,606,588 |
| Unearned interest income | **(251,109)** | (521,821) |
| Net investment in lease | **5,789,289** | 10,084,767 |

### 5.2 Trade receivables

Trade receivables are usually settled on 30 to 90 days.

### 5.3 Amount due from ultimate holding company and related companies

The amount due from ultimate holding company and related companies are subject to the normal trade terms.

### 5.4 Amount due from related company

The amount due from related company is unsecured, subject to interest at 2.10 % per annum (2022: 1.23% per annum) and repayable on demand.

## 6. Contract assets/(liabilities)

| | **2023 RM** | 2022 RM |
|---|---|---|
| Current | | |
| Contract assets | **9,420,078** | 13,025,028 |
| Non-current | | |
| Contract liabilities | **25,632** | (87,935) |
| Current | | |
| Contract liabilities | **1,943,694** | (2,160,821) |

The contract assets primarily relate to the Company's right to consideration for work completed on the milestone-based projects but not yet billed at the reporting date.

The contract liabilities primarily relate to the advance consideration received from customers for the milestone-based projects, which revenue is recognised overtime during the duration of the projects.

Significant changes to contract assets and contract liabilities balances during the period are as follows:

| | **2023 RM** | 2022 RM |
|---|---|---|
| Contract liabilities at the beginning of the period recognised as revenue | **1,943,694** | 2,434,475 |

## 7. Cash and cash equivalents

| | **Note** | **2023 RM** | 2022 RM |
|---|---|---|---|
| Cash at banks | | **4,550,036** | 11,400,159 |
| Fixed deposits with licensed bank | 7.1 | **21,711,722** | 32,210,227 |
| | | **26,261,758** | 43,610,386 |

7.1 The effective interest rate of fixed deposits ranges from 0.95% to 1.45% (2022: 0.95% to 1.20%) per annum and the maturity period ranges from 7 days to 10 days (2022: 7 days to 3 months).

## 8. Share capital

| | **Number of shares** | **Amount** | Number of shares | Amount |
|---|---|---|---|---|
| | **2023 RM** | **2023 RM** | 2022 RM | 2022 RM |
| Issued and fully paid shares with no par value classified as equity instruments: Ordinary shares At 1 April/31 March | **10,654,000** | **10,654,000** | 10,654,000 | 10,654,000 |

**Ordinary shares**

The holder of ordinary shares is entitled to receive dividends as declared from time to time, and is entitled to one vote per share at meetings of the Company.

## 9. Lease liabilities

| | 2023 RM | 2022 RM |
|---|---|---|
| **Non-current** | | |
| Finance lease liabilities | **2,511,070** | 5,226,289 |
| **Current** | | |
| Finance lease liabilities | **6,082,755** | 2,897,723 |
| Lease liabilities | **-** | - |
| | **6,082,755** | 2,897,723 |
| | **8,593,825** | 8,124,012 |

Included in the current balance of lease liabilities were lease payables in relation to the rental of office building amounting to RM 4,666,778 (2022: RM NIL). The remaining balances are on account of the hardware and software related finance lease transactions which are subsequently leased back to the customer (see Note 5.1).

**Finance lease liabilities**

Finance lease liabilities are payable as follows:

| | Future minimum lease payments 2023 RM | Interest 2023 RM | Present value of minimum lease payments 2023 RM | Future minimum lease payments 2022 RM | Interest 2022 RM | Present value of minimum lease payments 2022 RM |
|---|---|---|---|---|---|---|
| Less than one year | 6,245,926 | (163,171) | 6,082,755 | 3,266,428 | (368,705) | 2,897,723 |
| Between one and five years | 2,511,070 | | 2,511,070 | 5,226,289 | - | 5,226,289 |
| | **8,756,996** | **(163,171)** | **8,593,825** | **8,494,718** | **(368,705)** | **8,124,012** |

## 10. Trade payables

| | Note | 2023 RM | 2022 RM |
|---|---|---|---|
| Trade payables | 10.1 | **32,508,335** | 1,700,178 |
| Amount due to immediate holding company | 10.2 | **47,950,507** | 39,272,157 |
| Amount due to related companies | 10.2 | **1,527,964** | 22,068,735 |
| | | **81,986,806** | 63,041,070 |

### 10.1 Trade payables

Trade payables are usually settled on 30 to 60 days.

### 10.2 Amount due to immediate holding company and related companies

The amount due to immediate holding company and related companies are subject to the normal trade terms.

## 11. Other payables

| | Note | 2023 RM | 2022 RM |
|---|---|---|---|
| Non-current | | | |
| Provision for employee benefits: leave encashment | 11.1 | **834,734** | 805,390 |
| Provision for onerous contracts | 11.2 | **14,925,612** | 21,447,270 |
| | | **15,760,346** | 22,252,660 |
| Current | | | |
| Other payables | | **16,157,895** | 27,391,012 |
| Accrued expenses | | **237,579** | 2,431,707 |
| Provision for employee benefits: leave encashment | 11.1 | **1,483,600** | 1,498,535 |
| Provision for onerous contracts | 11.2 | **9,084,600** | 13,244,497 |
| | | **26,963,674** | 44,565,751 |
| | | **42,724,020** | 66,818,411 |

### 11.1 Provision for employee benefits: leave encashment

Movement in provision for employee benefits: leave encashment is shown as follows:

| | 2023 RM | 2022 RM |
|---|---|---|
| At 1 April | **2,303,925** | 2,442,620 |
| Charge for the year (Note 14) | **848,113** | 993,342 |
| Leave encashment paid | **(833,704)** | (1,132,037) |
| At 31 March | **2,318,334** | 2,303,925 |

The Company provides for the compensated absences subject to Company's leave policy. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each reporting date. It is measured as at reporting date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

### 11.2 Provision for onerous contracts

This provision related to onerous contracts which are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Significant estimate and judgement are required in estimating the budgeted costs in relation of the contract. A change in the estimates will directly affect the provision to be recognised in relation to the future obligations under the contract. The discount rate used is a pre-tax rate that reflects the current market assessment of the time value of money and the risks specific to the liability. This provision for onerous contract has occurred from a service agreement with other party and is towards the additional delivery costs.

| | Provision for onerous contracts RM |
|---|---|
| At 1 April 2021 | 60,836,249 |
| Provision used during the year | (26,144,482) |
| At 31 March 2022/1 April 2022 | 34,691,767 |
| Provision used during the year | (10,681,555) |
| At 31 March 2023 | (24,010,212) |

## 12. Revenue

| | 2023<br>RM | 2022<br>RM |
|---|---|---|
| Revenue from contracts with customers | | |
| Sale of equipment | **6,316,976** | 17,793,008 |
| Rendering of services | **238,356,126** | 200,750,216 |
| | **244,673,103** | 218,543,224 |

### 12.1 Disaggregation of revenue

| | 2023<br>RM | 2022<br>RM |
|---|---|---|
| Timing of revenue recognition | | |
| At a point of time | **6,316,976** | 17,793,008 |
| Over time | **238,356,126** | 200,750,216 |
| | **244,673,103** | 218,543,224 |

### 12.2 Nature of services

The following information reflects the typical transactions of the Company:

| Nature of services | Timing of recognition or method used to recognised revenue | Significant payment terms |
|---|---|---|
| Sale of equipment | Revenue is recognised at a point of time upon the completion of the project when the services are delivered and accepted by the customers at their premises. | Credit period of 30-90 days from invoice date. |
| Rendering of services | Revenue is recognised over the period of time for the milestone-based projects when the services are delivered and accepted by the customers at their premises. | Credit period of 30-90 days from invoice date. |

### 12.3 Transaction price allocated to the remaining performance obligations

Revenue from performance obligations that are unsatisfied (or partially unsatisfied) as at the reporting date and will be recognised in the next twelve months is 2022: RM 117,587,382, (2022: RM88,218,828).

## 13. Cost of services

| | Note | 2023<br>RM | 2022<br>RM |
|---|---|---|---|
| Employee cost | | **131,920,756** | 148,094,518 |
| Hardware related expenses | | **82,661,469** | 60,491,175 |
| Provision for onerous contracts | 11.2 | **(10,681,555)** | (26,144,482) |
| | | **203,900,669** | 182,441,211 |

## 14. Profit before tax

| | 2023 RM | 2022 RM |
|---|---|---|
| **Profit before tax is arrived at after (crediting)/ charging:** | | |

## 15. Taxation

| | 2023 RM | 2022 RM |
|---|---|---|
| **Current tax** | | |
| - Current year | **39,079** | 47,260 |
| - Under provision in prior years | **-** | - |
| | **39,079** | 47,260 |
| **Deferred tax** | | |
| - Under provision in prior year | **-** | - |
| | **39,079** | 47,260 |

| | 2023 RM | 2022 RM |
|---|---|---|
| Reconciliation of tax expense | | |
| Profit before tax | **11,013,828** | 22,315,114 |
| Income tax calculated using Malaysia tax rates at 24% (2022: 24%) | **2,643,319** | 5,355,627 |
| Non-deductible expenses | **(2,604,240)** | 1,426,532 |
| Net change in unrecognised deferred tax asset | **-** | (5,538,987) |
| Tax exempted income | | (1,195,912) |
| Under provision in prior years | | - |
| | **39,079** | 47,260 |

The Company was awarded MSC Malaysian Status and is eligible for income tax exemption on statutory income from 31 May 2019 to 30 May 2024.

The Company was under pioneer status until 30 May 2024 and since the trade income was not taxable, no provision for tax was required to be made on the business income and no deferred tax was created.

## 16. Financial instruments

### 16.1 Categories of financial instruments

The table below provides an analysis of financial instruments categorised as amortised cost ("AC").

| | Carrying amount RM | AC RM |
|---|---|---|
| **2023** | | |
| **Financial assets** | | |
| Trade and other receivables (excluding prepayments and GST receivables) | **139,836,177** | 139,836,177 |
| Cash and cash equivalents | **26,261,758** | 26,261,758 |
| | **166,097,935** | 166,097,935 |
| **Financial liabilities** | | |
| Trade payables | **(81,986,806)** | 81,986,806 |
| Other payables (excluding VAT payable) | **(15,820,254)** | 15,820,254 |
| | **(97,807,060)** | 97,807,060 |
| **2022** | | |
| **Financial assets** | | |
| Trade and other receivables (excluding prepayments and GST receivables) | **127,034,675** | 127,034,675 |
| Cash and cash equivalents | **43,610,386** | 43,610,386 |
| | **170,645,061** | 170,645,061 |
| **Financial liabilities** | | |
| Trade payables | **(63,041,070)** | (63,041,070) |
| Other payables (excluding VAT payable) | **(29,247,499)** | (29,247,499) |
| | **(92,288,569)** | (92,288,569) |

### 16.2 Net gains and losses arising from financial instruments

| | 2023 RM | 2022 RM |
|---|---|---|
| Net gains/(losses) on: | | |
| Financial assets at amortised cost | **433,884** | 3,296,260 |
| Financial liabilities at amortised cost | **(368,706)** | (542,112) |
| | **65,178** | 2,754,148 |

### 16.3 Financial risk management

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

### 16.4 Credit risk

Credit risk is the risk of a financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company's exposure to credit risk arises principally from the individual characteristic of each customer. There are no significant changes as compared to prior periods.

**Trade receivables and contract assets**

Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on new customers requiring credit over a certain amount.

At each reporting date, the Company assesses whether any of the trade receivables and contract assets are credit impaired.

The gross carrying amounts of credit impaired trade receivables and contract assets are written off (either partially or fully) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables and contract assets that are written off could still be subject to enforcement activities.

There are no significant changes as compared to previous year.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables and contract assets are represented by the carrying amounts in the statement of financial position.

**Trade receivables and contract assets**

Recognition and measurement of impairment loss

In managing credit risk of trade receivables, the Company manages its customers and take appropriate action (including but not limited to legal action) to recover long overdue balances. Generally, trade receivables will pay within 30-90 days. The Company's debt recovery process is as follows:

a) Above 180 days past due after credit term, the Company will start to initiate a structured debt recovery process which is monitored by the sales management team; and

b) Above 365 days past due, the Company will commence a legal proceeding against the customer.

The Company uses a simple average loss rate model and past due date to measure Expected Credit Losses ("ECLs") of trade receivables and contract assets. Consistent with the debt recovery process, invoices which are past due 365 days will be considered as credit impaired.

The Company assessed the risk of loss of each customer individually based on their financial information, past trend of payments and external credit ratings, where applicable. All of these customers have low risk of default.

The Company also considers differences between (a) economic conditions during the period over which the historic data has been collected, (b) current conditions and (c) the Company's view of economic conditions over the expected lives of the receivables. Nevertheless, the Company believes that these factors are immaterial for the purpose of impairment calculation for the year.

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets which are grouped together as they are expected to have similar risk nature.

| | Gross carrying amount RM | Loss allowance RM | Net balance RM |
|---|---|---|---|
| **2023** | | | |
| Current (not past due) | 22,357,506 | - | 22,357,506 |
| 0 - 90 days past due | 3,583,291 | - | 3,583,291 |
| 90 - 180 days past due | 4,458,235 | - | 4,458,235 |
| 180 - 365 days past due | 401,300 | - | 401,300 |
| | **30,800,332** | **-** | **30,800,332** |
| **Credit impaired** | | | |
| Past due more than 365 days | 16,439,213 | 16,356,738 | 82,474 |
| | **47,239,545** | **16,356,738** | **30,882,807** |
| Trade receivables | 46,918,311 | 16,356,738 | 30,561,572 |
| Contract assets | 9,420,078 | | 9,420,078 |
| | **56,338,389** | **16,356,738** | **39,981,651** |
| **2022** | | | |
| Current (not past due) | 32,405,887 | - | 32,405,887 |
| 0 - 90 days past due | 6,192,786 | - | 6,192,786 |
| 90 - 180 days past due | 11,370,489 | - | 11,370,489 |
| 180 - 365 days past due | 3,236,515 | - | 3,236,515 |
| | **53,205,677** | **-** | **53,205,677** |
| **Credit impaired** | | | |
| Past due more than 365 days | 15,991,991 | (15,991,991) | - |
| | **69,197,668** | **(15,991,991)** | **53,205,677** |
| Trade receivables | 56,172,640 | (15,991,991) | 40,180,649 |
| Contract assets | 13,025,028 | - | 13,025,028 |
| | **69,197,668** | **(15,991,991)** | **53,205,677** |

The movements in the allowance for impairment in respect of trade receivables during the year are shown below:

| | Not credit impaired RM | Credit impaired RM | Total RM |
|---|---|---|---|
| **Balance at 1 April 2021** | 2,325 | 15,342,750 | 15,345,075 |
| Net remeasurement of loss allowance | - | 646,916 | 646,916 |
| **Balance at 31 March 2022/ 1 April 2022** | 2,325 | 15,989,666 | 15,991,991 |
| Net remeasurement of loss allowance | | 364,748 | 364,748 |
| **Balance at 31 March 2023** | | | **16,356,738** |

**Other receivables, lease receivables and deposits**

Risk management objectives, policies and processes for managing the risk

Credit risks on other receivables, lease receivables and deposits are mainly arising from deposits paid for office buildings and fixtures rented. These deposits will be received at the end of each lease terms. The Company manages the credit risk together with the leasing arrangement.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Recognition and measurement of impairment loss

The following table provides information about the exposure to credit risk for other receivable, lease receivables and deposits balances.

| | Gross carrying amount RM | Impairment loss allowances RM | Net balance RM |
|---|---|---|---|
| **2023** | | | |
| Other receivables | 7,807,882 | (780,049) | 7,027,833 |
| Deposits | 549,598 | (6,000) | 543,598 |
| Lease receivables | 6,040,397 | - | 6,040,397 |
| | **14,397,877** | **(786,049)** | **13,611,828** |

Recognition and measurement of impairment loss (continued)

| | Gross carrying amount RM | Impairment loss allowances RM | Net balance RM |
|---|---|---|---|
| **2022** | | | |
| Other receivables | 10,585,673 | (580,469) | 10,005,204 |
| Deposits | 342,953 | (6,000) | 336,953 |
| Lease receivables | 10,606,588 | - | 10,606,588 |
| | **21,535,214** | **(586,469)** | **20,948,745** |

The movement of allowance account used to record the impairment are as follows:

| | Other receivables RM | Deposits RM | Total RM |
|---|---|---|---|
| Balance at 1 April 2021 | 576,941 | 6,000 | 582,941 |
| Impairment loss recognised | 3,528 | - | 3,528 |
| Balance at 31 March 2022/1 April 2022 | 580,469 | 6,000 | 586,469 |
| Impairment loss recognised | 199,578 | - | 199,578 |
| Balance at 31 March 2023 | **780,047** | **6,000** | **786,047** |

Other than the impairment losses made, the Company is of the view that the loss allowance is not material in relation to the other receivables, lease receivables and deposits balances at financial year end and hence, it is not provided for.

**Cash and cash equivalents**

Risk management objectives, policies and processes for managing the risk

The cash and cash equivalents are held with banks and financial institutions.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Recognition and measurement of impairment loss

These banks and financial institutions have low credit risks. In addition, some of the bank balances are insured by government agencies. Consequently, the Company is of the view that the loss allowance is not material and hence, it is not provided for.

**Inter-company balances**

Risk management objectives, policies and processes for managing the risk

The Company trades with its ultimate holding company and related companies and provides advances to a related party. The Company monitors the results of the related companies and ultimate holding company on individual basis.

Exposure to credit risk, credit quality and collateral

As at the end of reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Recognition and measurement of impairment loss

Generally, the Company considers receivables from its ultimate holding company and related companies to have low credit risk. The Company assumes that there is a significant increase in credit risk when the financial position of its ultimate holding company and related companies deteriorate significantly. As the Company is able to determine the timing of payments of the balances when they are payable, the Company considers the balances to be in default when the ultimate holding company and related companies are not able to pay when demanded. The Company considers the ultimate holding company's or a related company's balances to be credit impaired when:

- The ultimate holding company or a related company is unlikely to repay its balance to the Company in full.

- The ultimate holding company or a related company is continuously loss making and is having a deficit shareholder's fund.

The Company determines the profitability of default for the receivables individually using internal information available.

The following table provides information about the exposure to credit risk for inter-companies balances.

| | Gross carrying amount RM | Impairment loss allowance RM | Net balances RM |
|---|---|---|---|
| **2023** | | | |
| Amount due from ultimate holding company | 21,795,281 | - | 21,795,281 |
| Amount due from related company | 79,907,892 | - | 79,907,892 |
| | **101,703,173** | **-** | **101,703,173** |
| **2022** | | | |
| Amount due from ultimate holding company | 32,534,039 | - | 32,534,039 |
| Amount due from related company | 33,550,329 | - | 33,550,329 |
| | **66,084,368** | **-** | **66,084,368** |

The movement of allowance account used to record the impairment are as follows:

| | Credit impaired RM |
|---|---|
| **Balance at 1 April 2021** | 4,974,597 |
| Exchange loss during the year | 8,369 |
| Reversal of impairment loss | (4,982,966) |
| **Balance at 31 March 2022/1 April 2022** | - |
| Exchange loss during the year | |
| Reversal of impairment loss | - |
| **Balance at 31 March 2023** | - |

The Company did not recognise any allowances for impairment loss as the Company is of the view that the loss allowances is not material and hence, it is not provided for.

**16.5 Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's exposure to liquidity risk arises principally from its various payables.

The Company maintains a level of cash and cash equivalents deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

**Maturity analysis**

The table below summarises the maturity profile of the Company's financial liabilities as at the end of the reporting period:

| 2023 | Carrying amount RM | Discount rate | Contractual cash flows RM | Under 1 year RM | More than 1 year RM |
|---|---|---|---|---|---|
| Non-derivative financial liabilities | | | | | |
| Lease liabilities | 8,593,825 | 2.75% | 8,756,996 | 6,245,926 | 2,511,070 |
| Trade payables | 81,986,806 | | 81,986,806 | 81,986,806 | - |
| Other payables | 15,820,254 | | 15,820,254 | 15,820,254 | - |
| | **106,400,884** | | **106,564,056** | **104,052,986** | **2,511,070** |
| **2022** | | | | | |
| Non-derivative financial liabilities | | | | | |
| Lease liabilities | 8,124,012 | 2.75 - 4.90 | 8,492,718 | 3,266,429 | 5,226,289 |
| Trade payables | 63,041,070 | - | 63,041,070 | 63,041,070 | - |
| Other payables | 29,247,499 | - | 29,247,499 | 29,247,499 | - |
| | **100,412,581** | | **100,781,287** | **95,554,998** | **5,226,289** |

**16.6 Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates that will affect the Company's financial position or cash flows. The Company is not exposed to other price risk.

**16.6.1 Currency risk**

The Company is exposed to foreign currency risk on services rendered that are denominated in a currency other than the functional currency of the Company. The currencies giving rise to this risk are primarily United States Dollar ("USD"), Euro Dollar ("EUR"), Indian Rupee ("INR") and Australian Dollar ("AUD").

Risk management objectives, policies and processes for managing the risk

The Company ensures that the net exposure is kept to an acceptable level by monitoring the fluctuation of the foreign currency.

Exposure to foreign currency risk

The Company's exposure to foreign currency (a currency which is other than the functional currency of the Company) risk, based on carrying amounts as at the end of the reporting period are as follows:

| | Denominated in | | | |
|---|---|---|---|---|
| | **USD** | **EUR** | **INR** | **SGD** |
| **2023** | **RM** | **RM** | **RM** | **RM** |
| **Balances recognised in the statement of financial position** | | | | |
| Cash and cash equivalents | 11,063,214 | - | - | - |
| Trade receivables | 21,455,855 | 53,453 | - | - |
| Other receivables | 7,319,439 | - | - | - |
| Trade payables | 541,530 | - | 22,048 | - |
| Other payables | - | - | - | - |
| | **40,380,039** | **53,453** | **22,048** | **-** |

| | | | | |
|---|---|---|---|---|
| **2022** | | | | |
| **Balances recognised in the statement of financial position** | | | | |
| Cash and cash equivalents | 8,850,073 | - | - | - |
| Trade receivables | 15,330,248 | 318,526 | - | 4,065,926 |
| Other receivables | 11,043,228 | - | - | - |
| Trade payables | (305,403) | - | - | - |
| Other payables | (4,226,147) | - | (306,039) | - |
| | **30,691,999** | **318,526** | **(306,039)** | **4,065,926** |

**Currency risk sensitivity analysis**

A 5 % (2022: 5%) strengthening of USD, EUR, INR and AUD against the following currencies at the end of the reporting period would have increased/(decreased) equity and post-tax profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remained constant.

| | **Profit or loss** | |
|---|---|---|
| | **2023 RM** | 2022 RM |
| USD | **2,115,145** | 1,461,524 |
| EUR | **2,800** | 19,477 |
| INR | | (42,830) |
| SGD | | 193,616 |
| HKD | **1,155** | 4,309 |
| | **2,119,100** | 1,636,096 |

A 5% (2020: 5%) weakening of USD, EUR, INR and AUD against the above currencies at the end of the reporting period would have had equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remained constant.

**16.6.2 Interest rate risk**

The Company's fixed rate borrowings are exposed to a risk of change in their fair values due to changes in interest rates. Short term receivables and payables are not significantly exposed to interest rate risk.

**Exposure to interest rate risk**

The interest rate profile of the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period, was:

| | **2023 RM** | 2022 RM |
|---|---|---|
| Fixed rate instruments | | |
| Financial assets | **23,918,932** | 45,130,277 |

**Interest rate risk sensitivity analysis**

**Fair value sensitivity analysis for fixed rate instruments**

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the end of the reporting year would not affect profit or loss.

**16.7 Fair value information**

The carrying amounts of cash and cash equivalents and short term receivables and payables reasonably approximate their fair values due to the relatively short term nature of these financial instruments.

## 17. Capital management

The Company's objectives when managing capital is to maintain a strong capital base and safeguard the Company's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor and are determined to maintain an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

There was no change in the Company's approach to capital management during the financial year.

## 18. Related parties

Identity of related parties

For the purposes of these financial statements, parties are considered to be related to the Company, if the Company has the ability, directly or indirectly, to control or jointly control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control. Related parties may be individuals or other entities.

Related parties also include key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Company either directly or indirectly. Key management personnel include all the Directors of the Company.

The Company has related party relationship with its ultimate holding company and related companies.

**List of related parties:**

| **Name of related party** | **Nature of relationship** |
|---|---|
| Tech Mahindra Limited | Ultimate holding company |
| Sofgen Services Pte. Limited | Related company |
| Tech Mahindra Vietnam Company Limited | Related company |

**Significant related party transactions**

Related parties transactions have been entered into in the normal course of business under negotiated terms. The significant related party transactions of the Company are shown below. The balances related to the transactions are shown in Note 5 and Note 10.

| | **2023**<br>**RM** | 2022<br>RM |
|---|---|---|
| **A. Ultimate holding company** | | |
| Service income charged to ultimate holding company | **166,993,650** | 111,535,900 |
| Reimbursement of expenses | **12,647,206** | 25,282,011 |
| **B. Related company** | | |
| Interest income | **46,393** | **82,250** |

# NOTES TO THE FINANCIAL STATEMENTS

**FOR THE YEAR ENDED 31 MARCH 2023**

(Expressed in Saudi Arabian Riyals)

## 1 CORPORATE INFORMATION

Tech Mahindra Arabia Limited (the "Company") is a limited liability Company registered in the Kingdom of Saudi Arabia under Commercial Registration number 2051061101 dated 16 Dhul-al-Qa'dah 1436H (corresponding to 31 August 2015G). The Company's principal activity is to provide services of application development and management, network services, business process outsourcing, information technology-enabled services, system integration, IT networking, IT security and supply of products (hardware, software and structured cabling).

The Company's registered office is in Al Khobar, Kingdom of Saudi Arabia.

## 2 BASIS OF PREPARATION

### a) Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards for Small and Medium Sized Entities ("IFRS for SMEs") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA").

### b) Basis of measurement

The accompanying financial statements have been prepared under the historical cost convention on the accrual basis of accounting except otherwise stated in notes to the financial statements.

### c) Going concern

The Company's management has made an assessment of its ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

### d) Functional and presentation currency

These financial statements are presented in Saudi Arabian Riyals (SAR), which is the functional and reporting currency of the Company.

### e) Significant accounting estimates and assumptions

The preparation of financial statements in conformity with IFRS for SMEs as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by SOCPA requires the use of certain critical estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the reporting period. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### f) Significant accounting estimates and assumptions (continued)

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### i. Impairment of non-financial assets

Impairment exists when the carrying value of an asset or Cash Generating Unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arms' length for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a Discounted Cash Flow (DCF) model. The cash flows are derived from the budget and marketing terms forecast for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is most sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

**ii. Useful lives and residual values of property and equipment**

The management determines the estimated useful lives and residual values of property and equipment for calculating depreciation. These estimates are determined after considering expected usage of the assets and physical wear and tear. Management reviews the residual values and useful lives annually and change in depreciation charges, if any, are adjusted in current and future periods.

**iii. Provision for impairment of trade receivables**

A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the agreement. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, and default or delinquency in payments are considered indicators of objective evidence that the trade receivable is impaired. For significant individual amounts, assessment is made on an individual basis. Amounts which are not individually significant, but are overdue, are assessed collectively and a provision is recognized considering the length of time and past recovery rates.

**iv. Zakat and income tax**

The Company is subject to income tax to the extent of foreign shareholding and Zakat to the extent of the GCC shareholders in accordance with the Zakat, Tax and Customs Authority (“ZATCA”) regulations. Income taxes and Zakat are provided on an accrual basis. Income tax and Zakat computation involves relevant knowledge and judgment of the Zakat and income tax rules and regulations to assess the impact of income tax and Zakat liability at a particular period end. This liability is considered an estimate until the final assessment by ZATCA is carried out until which the Company retains exposure to additional Zakat and income tax liability.

**v. Provision and contingencies**

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

**vi. Employees’ benefits**

The cost of defined benefit and the present value of the related obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, withdrawal before normal retirement age, mortality rates etc. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate, yield and duration of Saudi government bonds obligation with at least an ‘A’ rating or above, as set by an internationally acknowledged rating agency, and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation, is considered. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are removed from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality bonds.

Age-wise “moderate” withdrawal rates are used in carrying out the valuation. These age-wise withdrawal rates are generally used in the MENA region to carry out the actuarial valuation of end of service benefit (EOSB) schemes.

The rates assumed are based on the WHO SA16 – 75% ultimate mortality tables, rated down one year. In the absence of any standard mortality tables in the region, these rates are generally used in Kingdom of Saudi Arabia in carrying out the actuarial valuation of EOSB schemes. If any other mortality table is used it will not make any significant difference in the results.

**vii. Revenue**

As part of application of percentage of completion method on long term contracts, the cost to complete the project is estimated. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of contracts. Such estimates are reviewed at regular intervals. Any subsequent changes in the estimated cost to complete may affect the results of the subsequent periods.

**3. Significant Accounting Policies**

The accounting policies set out below have been applied consistently to all periods presented in the financial statements except otherwise stated:

**a) Statutory Reserve**

In accordance with Saudi Arabian Regulations for Companies, the Company must set aside 10% of its income after deducting losses brought forward in each year. The Company may resolve to discontinue such transfer when the reserve equal to 50% of the capital. The reserve is not available for distribution.

**b) Cash and cash equivalents**

Cash and cash equivalents comprise of cash with banks and other short-term highly liquid investments, if any, with original maturities of three months or less, which are available to the Company without any restrictions.

**c) Trade receivables**

Trade receivables are carried at original invoice amount less provision for doubtful debts. A provision against doubtful debts is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Such provisions are charged to the statement of comprehensive income and reported under “General and administrative expenses”. When a trade receivable is uncollectible, it is written-off against the provision for doubtful debts. Any subsequent recoveries of amounts previously written-off are credited to the statement of comprehensive income.

**d) Property and equipment**

Property and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset. Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the asset. All other expenditure is recognized as an expense in the statement of comprehensive income when incurred.

Depreciation is provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives of assets are as follows:

| Asset category | Number of years |
|---|---|
| Furniture & fixtures | 5 |
| Office equipment | 5 |
| Machinery and equipment | 5 |
| Computer equipment | 3 |

Gain and losses on disposal of an item of property and equipment are determined by comparing the proceeds from disposal with the carrying amount of property and equipment at the time of disposal and is recognized in the statement of comprehensive income.

**e) Provisions and contingent liabilities**

Provisions are recognized for liabilities of uncertain timing or amount, when the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

All possible obligations arising from past events whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or all present obligations arising from past events but not recognized because: (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or (ii) the amount of the obligation cannot be measured with sufficient reliability; assessed at each financial position date and disclosed in the financial statements under contingent liabilities.

**f) Trade payable and accruals**

Liabilities are recognized for amounts to be paid for goods and services received, whether or not billed to the Company.

**g) Employees' benefits**

Employees' benefits required by Saudi Labor and Workman Law are accrued by the Company and charged to the statement of comprehensive income. The liability is calculated as a defined benefit obligation at the current value of the vested benefits to which the employee is entitled, should the employee leave at the reporting date. Benefit payments are based on employees' final salaries and allowances and their cumulative years of service, as stated in the laws of Saudi Arabia.

The liability or asset recognised in the statement of financial position in respect of defined benefit plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by independent actuaries using the projected unit cost method.

The present value of the defined benefit obligation is determined by discounting the estimated future outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefit will be paid and that have terms approximating the terms of the related obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employees' benefit expense in the statement of comprehensive income.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in statement of comprehensive income. They are included in retained earnings / accumulated losses in the statement of comprehensive income and in the statement of financial position.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of comprehensive income as past service costs.

**h) Zakat and income taxes**

In accordance with the regulations of the Zakat, Tax and Customs Authority ("ZATCA") (formerly General Authority of Zakat and Tax (GAZT), the Company is subject to income tax and Zakat. Provision for income tax and Zakat is charged to the statement of comprehensive income. Additional amounts payable, if any, at the finalization of final assessments are accounted for when such amounts are determined.

Deferred income tax is recognized on all major temporary differences between accounting income and taxable income during the year in which such differences arise, and are adjusted when related temporary differences are reversed. Deferred income tax assets on carry-forward losses are recognized to the extent that it is probable that future taxable income will be available against which such carry-forward tax losses can be adjusted. Deferred income tax is determined using tax rate which has been enacted by the statement of financial position date and is expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The Company withholds taxes on certain transactions with non-resident parties, including dividend payments to the shareholders, in the Kingdom of Saudi Arabia as required under the Saudi Arabian Income Tax Law.3.

**i) Revenue recognition**

Revenue is recognized to the extent of the following recognition requirements:

- it is probable that the economic benefits will flow to the Company,
- it can be reliably measured, regardless of when the payment is being made; and
- the cost incurred to date and expected future costs are identifiable and can be measured reliably.

Revenue is measured at the fair value of the consideration received or the contractually defined terms of payment. The specific recognition criteria described below must also be met before the revenue is recognized.

Revenue on long term contracts, where the outcome can be estimated reliably, is recognized under the percentage of completion method by reference to the stage of completion of the contract activity. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of a contract. When the current estimate of total contract costs and revenues indicate a loss, provision is made for the entire loss on the contract irrespective of the amount of work done. Progress payments and advances received from customers in respect of contracts are deducted from the amount of contract work in progress and excess payments on contracts are shown as a liability.

Revenue recognized in excess of billings represents the value of work performed but not yet billed as at year-end. Billings in excess of revenue earned included in current liabilities represent the excess of amounts billed over the value of work performed at the year-end.

**j) Foreign currency translation**

Transactions denominated in foreign currencies are translated to Saudi Arabian Riyals at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the statement of financial position date are translated to Saudi Arabian Riyals at the exchange rate ruling at that date. Exchange differences arising on translation are recognized in the statement of comprehensive income.

**k) Expenses**

Selling, general and administrative expenses include direct and indirect costs not specifically part of costs of revenue. Allocations between selling, general and administrative expenses and costs of revenue, when required, are made on a consistent basis.

**l) Leases**

Leases are classified as finance lease whenever the terms of the lease transfer substantially all of the risks and rewards of ownership to the Company as lessee. Other leases are classified as operating leases. Payments made under operating leases are recognized in the statement of comprehensive income over the terms of the lease.

**m) Financial instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

**Financial assets**

**Measurement**

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, available-for-sale financial investments, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. Management determines the classification of the financial asset at the time of initial recognition.

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. For purposes of subsequent measurement financial assets are classified in four categories, financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial investments.

**Loans and receivables**

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the statement of financial position date which are classified as non-current assets. Loans and receivables comprise of loans, advances, deposits, prepayments, other receivables and cash and cash equivalents. After initial recognition, loans and receivables are measured at amortized cost using the effective interest rate method, less any impairment. Restructured/ rescheduled receivables are recorded at revised terms and conditions as approved by the management. Restructuring policies and practices are based on indicators or criteria which, indicate that payment will most likely continue.

**Financial liabilities**

Measurement

Financial liabilities are classified as financial liabilities at fair value through profit or loss or other financial liabilities, as appropriate. The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs. The measurement of financial liabilities depends on their classification as financial liabilities at fair value through profit or loss or "other financial liabilities". The Company has not designated any financial liability as fair value through profit or loss.

The Company's financial liabilities include trade payable and other liabilities.

**Derecognition**

Financial assets are derecognised when the Company loses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. On derecognition of a financial asset or financial liability, the difference between the carrying amount and the consideration received (and receivable) or paid (and payable) is recognised in the statement of comprehensive income.

## 4. CASH AND CASH EQUIVALENTS

| | **2023** | 2022 |
|---|---|---|
| Bank balances | **10,832,004** | 169,840 |
| Short term deposit | **20,031,372** | - |
| | **30,863,376** | 169,840 |

## 5. TRADE RECEIVABLES AND UNBILLED REVENUE

| | **2023** | 2022 |
|---|---|---|
| Trade receivables | **55,361,350** | 26,304,057 |
| Unbilled revenue | **51,229,184** | 21,003,152 |
| Less: provision for doubtful debts | **(5,881,680)** | (5,571,995) |
| | **100,708,854** | 41,735,214 |

**Movement in provision for doubtful debts is as follows:**

| | **2023** | 2022 |
|---|---|---|
| Opening balance | **5,571,995** | 3,650,813 |
| Add: provision made during the year (Note 13) | **309,685** | 1,921,182 |
| Closing balance | **5,881,680** | 5,571,995 |

Unbilled revenue includes revenue recognized in relation to work performed on contracts not billed as of the end of the reporting period and where services have been performed in accordance with the terms of respective contracts with customers.

## 6. related party transactions and balances

The related parties of Company comprise the shareholders, their affiliated companies, Board of Directors and key management personnel. The Company enters into transactions with the related parties in the normal course of its business. These transactions normally include providing and receipt of services, expenses incurred by / on behalf of related parties and are entered into mutually agreed terms as approved by the Company's management, with the following entities.

| **Related party** | **Relationship** |
|---|---|
| Midad Holding Company, Kingdom of Saudi Arabia | Shareholder |
| Tech Mahindra Limited, India | Shareholder |
| Tech Mahindra America, America | Other related party |
| Comviva Technologies Ltd, India | Other related party |
| LLC UK Ltd | Other related party |

The following are details of significant related party transactions during the year:

| Related party | Nature | 2023 | 2022 |
|---|---|---|---|
| Tech Mahindra Limited | Subcontract cost | **45,815,104** | 18,790,363 |
| | Expenses reimbursed by shareholder | **1,287,381** | 1,961,809 |
| | VAT/Service taxes | **-** | (92,845) |
| Comviva Technologies Ltd | Payments made | **(18,052,099)** | (23,427,390) |
| | Subcontract cost | **12,105,205** | - |
| | Payments made | **(6,382,106)** | - |
| | Withholding Tax | **(1,238,856)** | - |
| LLC UK Ltd | Loan Taken | **9,500,000** | - |
| | Loan Repayment | **(9,500,000)** | - |
| | Loan Taken | **15,033,802** | - |
| Tech Mahindra America | Interest Expense | **121,966** | - |
| | Loan Repayment | **(15,033,802)** | - |
| | Withholding Tax | **(6,040)** | - |

The following is a summary of balances due from / due to related parties:

| Due to related parties | 2023 | 2022 |
|---|---|---|
| Tech Mahindra Limited | **49,654,837** | 20,604,450 |
| Comviva Technologies Ltd | **4,484,242** | - |
| Tech Mahindra America | **31,371** | - |
| | **54,170,451** | 20,604,450 |

**Key management personnel compensation:**

There is a compensation at group level to directors and other members of key management (including salaries and benefits) in the year 2023 and 2022.

**Transfer pricing**

On 31 January 2019, the Zakat, Tax and Customs Authority (“ZATCA”) (formerly General Authority of Zakat and Tax (GAZT) issued Transfer Pricing Bylaws (By-laws). These By-laws were enacted on 15 February 2019 as part of the tax law and became binding on tax payers for periods ending on or after 31 December 2018. This requires additional disclosure forms along with annual tax returns to be submitted to ZATCA, summarizing the related party transactions, counter parties including country, amount and Transfer Pricing method. Management has submitted disclosure form to ZATCA for the year ended 31 March 2022 in compliance with By-Laws. During the year, Management does not expect any adjustment on account of Transfer Pricing.

## 7. PREPAYMENTS AND OTHER CURRENT ASSETS

| | 2023 | 2022 |
|---|---|---|
| Prepaid Asset | **2,251,387** | - |
| Security deposits | **2,025,689** | 1,965,689 |
| Prepayments | **365,960** | 575,243 |
| Advances to employees | **215,684** | 124,019 |
| Others | **86,013** | 78,369 |
| | **4,944,734** | 2,743,320 |

## 8. Property and equipment

| | Furniture & fixtures | Machinery and equipment | Office equipment | Computer equipment | Total |
|---|---|---|---|---|---|
| **Cost** | | | | | |
| At 1 April 2022 | 478,452 | 252,655 | 34,020 | 448,622 | 1,213,749 |
| Additions | - | - | - | 153,604 | 153,604 |
| At 31 March 2023 | **478,452** | **252,655** | **34,020** | **602,226** | **1,367,353** |
| **Accumulated depreciation** | | | | | |
| At 1 April 2022 | 400,227 | 231,097 | 22,679 | 349,811 | 1,003,814 |
| Charge for the year | 50,852 | 13,938 | 5,882 | 86,110 | 156,783 |
| At 31 March 2023 | **451,079** | **245,035** | **28,562** | **435,921** | **1,160,597** |
| **Carrying amount as at:** | | | | | |
| **31 March 2023** | **27,373** | **7,620** | **5,458** | **166,305** | **206,756** |
| 31 March 2022 | 78,225 | 21,558 | 11,341 | 98,811 | 209,935 |

## 9. ZAKAT AND INCOME TAX

a) Zakat and income tax expenses for the year

| | **2023** | 2022 |
|---|---|---|
| Income tax | **3,183,923** | 1,065,298 |
| Zakat | **752,384** | 375,348 |
| Deferred tax | **(45,099)** | (677,639) |
| | **3,891,209** | 763,007 |

b) The principal elements of the Zakat base of the Company are as follows:

| | **2023** | 2022 |
|---|---|---|
| Non-current assets | **929,493** | 887,574 |
| Non-current liabilities | **802,913** | 672,637 |
| Opening shareholders' equity | **10,039,575** | (219,301) |
| Profit before Zakat | **30,264,269** | 11,067,830 |

Some of these amounts have been adjusted in arriving Zakat charge for the year.

Income tax charge for the year ended 31 March 2023 and 2022 is based on the adjusted taxable income calculated on the portion of equity owned by a foreign shareholder.

c) Provision for Zakat and income tax

| | **2023** | | | 2022 |
|---|---|---|---|---|
| | **Zakat** | **Income tax** | **Total** | Total |
| Balance at the beginning of the year | **227,420** | **1,027,633** | **1,255,053** | 442,665 |
| Charge for the year | **752,384** | **3,183,923** | **3,936,308** | 1,440,646 |
| Payment made during the year | **(209,290)** | **(1,036,058)** | **(1,245,348)** | (628,258) |
| Balance at the end of the year | **770,514** | **3,175,498** | **3,946,013** | 1,255,053 |

The Company submitted its Zakat and income tax returns up to the year ended 31 March 2022 within the statutory deadlines and received the Zakat and income tax certificates. The Company has not received any assessments from Zakat, Tax and Customs Authority ("ZATCA") since its inception.

d) Deferred tax asset

| | 2023 | 2022 |
|---|---|---|
| The balance comprises of temporary differences attributable to; | | |
| Property and equipment | **40,909** | 51,799 |
| Employees' benefits and other provisions | **681,828** | 625,840 |
| | **722,737** | 677,639 |

e) Movement in deferred tax assets

| | 2023 | 2022 |
|---|---|---|
| Balance as at 1 April | **677,639** | - |
| Add: Credit for the year | **45,098** | 677,639 |
| Balance as at 31 March | **722,737** | 677,639 |

## 10. ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES

| | 2023 | 2022 |
|---|---|---|
| Unearned Revenue | **23,458,805** | 45,243 |
| Accrued expenses | **11,199,265** | 7,124,019 |
| Value added tax payable | **4,041,801** | 1,241,156 |
| WHT Payable | **1,513,312** | 3,545,026 |
| Staff related accruals | **228,135** | 150,900 |
| Others | **213,741** | 147,384 |
| | **40,655,059** | 12,253,728 |

## 11. EMPLOYEES' BENEFITS

The Company operates an approved unfunded employees' end of service benefits scheme / plan for its permanent employees. The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit liability and its components.

| | 2023 | 2022 |
|---|---|---|
| Opening balance | **672,637** | 722,789 |
| **Net Benefit expense recognised in statement of income:** | | |
| Current service cost | **217,413** | 214,449 |
| Interest cost | **17,942** | 7,330 |
| | **235,355** | 221,779 |
| Actuarial loss on obligation | **(88,809)** | 45,947 |
| Benefits paid during the year | **(16,270)** | (317,878) |
| Closing balance | **802,913** | 672,637 |

**Actuarial assumptions**

The following were the principal actuarial assumptions at the reporting date:

| | 2023 | 2022 |
|---|---|---|
| Discount rate | **5.40%** | 2.70% |
| Salary increase rate | **3.00%** | 3.00% |

**Sensitivity analysis**

A sensitivity analysis for the discount rate and future salary change assumption on the EOSB obligation as at 31 March 2022 is shown in the table below:

| | Impact on defined benefit obligation – Increase / (decrease) | | | | | |
|---|---|---|---|---|---|---|
| | 31 March 2023 | | | 31 March 2022 | | |
| | Change in assumption | Increase in assumption | Decrease in assumption | Change in assumption | Increase in assumption | Decrease in assumption |
| Discount rate | 0.5% | (15,748) | 16,368 | 0.5% | (13,222) | 13,770 |
| Salary growth | 0.5% | 16,694 | (16,211) | 0.5% | 13,685 | (13,266) |

Expected maturity analysis of undiscounted defined benefit obligation is as follows:

| | Less than a year | Between 1-2 years | Between 2-5 years | Over 5 years |
|---|---|---|---|---|
| Defined benefit obligation 31 March 2023 | 154,528 | 198,351 | 694,191 | 1,149,312 |
| Defined benefit obligation 31 March 2022 | 112,889 | 198,348 | 803,789 | 1,046,350 |

The weighted average duration of defined benefit obligation as of 31 March 2023 was 3 years (31 March 2022: 3 years).

## 12. SHARE CAPITAL

As of 31 March 2023 and 2022, the share capital of the Company is divided into 1,000 shares of SR 1000 each and held as follows:

| Name | Country | No. of shares | Value | % of Holdings |
|---|---|---|---|---|
| Tech Mahindra Limited | India | 510 | 510,000 | 51% |
| Midad Holding Company | Kingdom of Saudi Arabia | 490 | 490,000 | 49% |
| | | **1,000** | **1,000,000** | **100%** |

## 13. GENERAL AND ADMINISTRATIVE EXPENSES

| | **2023** | 2022 |
|---|---|---|
| Rent Expense | **627,303** | 535,900 |
| Insurance | **424,417** | 420,747 |
| Legal and professional expenses | **332,878** | 568,623 |
| Provision for doubtful debts (refer note 5) | **309,685** | 1,984,183 |
| Office Expenses | **282,688** | 273,828 |
| Others | **260,250** | 368,055 |
| Depreciation (refer note 8) | **156,783** | 152,370 |
| Travelling Expenses | **-** | 281,342 |
| | **2,394,004** | 4,585,048 |

## 14. SELLING EXPENSES

| | **2023** | 2022 |
|---|---|---|
| Employees' related cost | **4,642,441** | 4,482,393 |
| Others | **1,089,483** | 25,545 |
| Travelling Expense | **576,423** | 213,904 |
| Office Expenses | **64,633** | 209,799 |
| | **6,372,980** | 4,931,641 |

**15. COMMITMENTS AND CONTINGENCIES**

Operating lease commitments – Company as lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to statement of comprehensive income on a straight-line basis over the period of the lease.

The operating lease payments represent rentals for office premises. Lease rentals are fixed and negotiated for an average term of one year.

| | **2023** | 2022 |
|---|---|---|
| Payments under operating leases recognised as expenses during the year | **627,303** | 535,900 |
| | **627,303** | 535,900 |

**Contingent liabilities**

Contingent Liability for Taxation Matters

| **Quarter** | **Tax Cases** | **Contingent liability as on 31 March 23** | **Contingent liability as on 31 March 22** | **Remarks** |
|---|---|---|---|---|
| Mar 18 | Input tax credit rejection | - | 175,671 | ZATCA decided the matter in favour of TMAL and initial liability was discarded. |
| Sept 18 | Input tax credit rejection | - | 311,671 | ZATCA decided the matter in favour of TMAL and initial liability was discarded. |
| Dec 19 | Input tax credit rejection and Output on Vat addition | - | 413,582 | ZATCA finalised the amount from SR 413,582 to SR 95,318 and the same was paid in amnesty scheme. TML appealed against order and case was ruled in our favour. |
| Dec 20 | Input tax credit rejection and Output on Vat addition | - | 321,166 | ZATCA finalised the amount from SR 321,166 to SR 27,955 and the same was paid in amnesty scheme. TMAL accepted the final amount by ZATCA and did not appeal further. |

Bank guarantees

Bank Guarantees outstanding as at 31 March 2023: NIL (2022: SAR 3,133,337).

The Company has no other significant contingent liabilities as at 31 March 2023 other than above.

**16. FINANCIAL INSTRUMENTS**

Financial instruments carried on the statement of financial position include cash and cash equivalents, trade receivable and certain other current assets, trade payables, due to and due from related parties and certain other liabilities.

Fair value is the amount for which an asset could be exchanged, or a liability settled between knowledgeable willing parties in an arm's length transaction. As these financial statements are prepared under the historical cost convention, differences may arise between the book values and the fair value estimates. Management believes that the fair values of the Company's financial assets and liabilities are not materially different from their carrying values.

Credit risk is the risk that one party will fail to discharge an obligation and may cause the other party to incur a financial loss. Cash and cash equivalents are placed with national banks with sound reputation. Trade and other receivables are mainly due from local customers and related parties, which were stated at their estimated realizable values. The Company establishes a provision for doubtful receivables that reports its estimate of incurred losses in respect of trade and other receivables.

Currency risk is the risk that the value of a financial instrument may fluctuate due to changes in foreign exchange rates. The Company's transactions are principally in Saudi Riyals and United States Dollars. As US Dollar is pegged to Saudi Riyal, management believes that the impact of currency risk due to United States Dollar on the Company is not significant. The Company monitors the fluctuations in exchange rates and manages its foreign currency risk by monitoring the currency rate fluctuations on regular basis.

Interest rate risk is the exposures to various risks associated with the effect of fluctuations in the prevailing interest rates on the Company's financial position and cash flows. The Company is not exposed to interest rate risk.

Liquidity risk is the risk that an enterprise may encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from the inability to realize the values of financial assets at an amount close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet the Company's future commitments.

**17. SUBSEQUENT EVENTS**

The new Companies Law issued through Royal Decree M/132 on 1/12/1443H (corresponding to 30 June 2022) (hereinafter referred as "the Law") came into force on 26/6/1444 H (corresponding to 19 January 2023). For certain provisions of the Law, full compliance is expected not later than two years from 26/6/1444H (corresponding to 19 January 2023). Management is in process of assessing the impact of the New Companies Law and will amend its Articles of Association for any changes to align the Articles to the provisions of the Law. Consequently, the Company shall present the amended Articles of Association to the shareholder in their Annual General Assembly meeting for their ratification.

On 7 April 2023, the Board of Directors of Zakat, Tax, and Customs Authority (ZATCA) in the Kingdom of Saudi Arabia (KSA) announced the approval of the proposed amendments to the Transfer Pricing Bylaws (TP Bylaws) to bring the following into effect: a) extend applicability of the Transfer Pricing (TP) provisions to Zakat paying entities; and b) introduced Advance Pricing Agreements (APA) provisions for Tax payers and Zakat payers. The amendments will be applicable for Financial Years (FYs) starting on or after 1 January 2024. Under these new requirements, Zakat paying entities will need to ensure that their transactions with related parties are priced at arm's length and will be required to submit a TP disclosure form and TP Affidavit with their Zakat returns along with other compliances as stipulated in the TP Bylaws. Currently management is assessing the impact of these amendments on transactions with related parties and will make necessary changes in policies, procedures and agreements with its related parties to comply with the requirement of TP Bylaws.

**18. APPROVAL OF FINANCIAL STATEMENTS**

These financial statements were approved for issue by Board of Directors on 29 Dhual-Qa'dah 1443H corresponding to 28 June 2022.

**1. Incorporation and principal activities**

Country of incorporation

Sofgen Holdings Limited (the ''Company'') was incorporated in Cyprus on 27 May 2008 as a private limited liability company under the provisions of the Cyprus Companies Law, Cap. 113. Its registered office is at 229, Arch. Makarios III Ave. Meliza Court, 4th Floor, 3105, Limassol, Cyprus.

**Principal activities**

The principal activities of the Company comprise the holding of investments and provision of consultancy services. On 25 October 2018, the Company merged with its subsidiary company, Sofgen Services Limited and the provision of services for the implementation of Temenos Globus/T24 and Avaloq which are fully integrated international banking software packages expanded.

**2. Basis of preparation**

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and the requirements of the Cyprus Companies Law, Cap. 113.

The Company is not required by the Cyprus Companies Law, Cap.113, to prepare consolidated financial statements because the ultimate parent company publishes consolidated financial statements in accordance with Generally Accepted Accounting Principles in India and the Company does not intend to issue consolidated financial statements for the year ended 31 March 2023.

The financial statements have been prepared under the historical cost convention.

**3. Going concern basis**

The financial statements have been prepared on a going concern basis.

**4. Adoption of new or revised standards and interpretations**

During the current year the Company adopted all the new and revised International Financial Reporting Standards (IFRS) that are relevant to its operations and are effective for accounting periods beginning on 1 April 2021. This adoption did not have a material effect on the accounting policies of the Company.

At the date of approval of these financial statements, Standards, Revised Standards and Interpretations were issued by the International Accounting Standards Board which were not yet effective. Some of them were adopted by the European Union and others not yet. The Board of Directors expects that the adoption of these financial reporting standards in future periods will not have a significant effect on the financial statements of the Company.

**5. Significant accounting policies**

The following accounting policies have been applied consistently for all the years presented in these financial statements.

**Subsidiary companies**

Subsidiaries are entities controlled by the Company. Control exists where the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Investments in subsidiary companies are stated at cost less provision for impairment in value, which is recognised as an expense in the period in which the impairment is identified.

**Revenue**

**Recognition and measurement**

Revenue represents the amount of consideration to which the Company expects to be entitled in exchange for transferring the promised goods or services to the customer, excluding amounts collected on behalf of third parties (for example, valueadded taxes); the transaction price. The Company includes in the transaction price an amount of variable consideration as a result of rebates/discounts only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. Estimations for rebates and discounts are based on the Company's experience with similar contracts and forecasted sales to the customer.

The Company recognises revenue when the parties have approved the contract (in writing, orally or in accordance with other customary business practices ) and are committed to perform their respective obligations, the Company can identify each party's rights and the payment terms for the goods or services to be transferred, the contract has commercial substance (i.e. the risk, timing or amount of the Company's future cash flows is expected to change as a result of the contract), it is probable that the Company will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer and when specific criteria have been met for each of the Company's contracts with customers.

The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement. In evaluating whether collectability of an amount of consideration is probable, the Company considers only the customer's ability and intention to pay that amount of consideration when it is due.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimates are reflected in the statement of profit or loss and other comprehensive income in the period in which the circumstances that give rise to the revision become known by management.

**Identification of performance obligations**

The Company assesses whether contracts that involve the provision of a range of goods and/or services contain one or more performance obligations (that is, distinct promises to provide a service) and allocates the transaction price to each performance obligation identified on the basis of its standalone selling price. A good or service that is promised to a customer is distinct if the customer can benefit from the good or service, either on its own or together with other resources that are readily available to the customer (that is the good or service is capable of being distinct) and the Company's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (that is, the good or service is distinct within the context of the contract).

- Rendering of services

  Revenue from rendering of services is recognised over time while the Company satisfies its performance obligation by transferring control over the promised service to the customer in the accounting period in which the services are rendered. For fixedprice contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided because the customer receives and uses the benefits simultaneously. This is determined based on the actual labour hours spent relative to the total expected labour hours.

- Income from investments in securities

  Dividend from investments in securities is recognised when the right to receive payment is established. Withheld taxes are transferred to profit or loss. Interest from investments in securities is recognised on an accrual basis.

  Profits or losses from the sale of investments in securities represent the difference between the net proceeds and the carrying amount of the investments sold and is transferred to profit or loss.

- Dividend income

  Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

- Financing component

  The Company does not have any material contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company elects to use the practical expedient and does not adjust any of the transaction prices for the time value of money.

**5. Significant accounting policies (continued)**

**Employee benefits**

The Company and its employees contribute to the Government Social Insurance Fund based on employees' salaries. The Company's contributions are expensed as incurred and are included in staff costs. The Company has a defined benefit plan for its employees in Philippines Branch.

**Defined benefit plan**

The Branch classifies its retirement benefit as defined benefit plans. Under the defined benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements)

- Net interest expense or income

- Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item employee benefits expense. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the statement of financial position represents the actual deficit or surplus in the Branch's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

**Finance income**

Interest income is recognised on a timeproportion basis using the effective method.

**Finance costs**

Interest expense and other borrowing costs are charged to profit or loss as incurred.

**Foreign currencies**

The financial statements are presented in the currency of the primary economic environment in which the entity operates, the Euro (€) (its functional currency).

In preparing the financial statements, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded at the rates of exchange prevailing on the dates of the transactions. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the reporting date. Nonmonetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Nonmonetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

**5. Significant accounting policies (continued)**

Foreign currencies (continued)

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are included in profit or loss for the period. Exchange differences arising on the retranslation of nonmonetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of nonmonetary items in respect of which gains and losses are recognised in other comprehensive income and then in equity. For such nonmonetary items, any exchange component of that gain or loss is also recognised in other comprehensive income and then in equity.

The assets and liabilities of the Company's foreign operations (including comparatives) are expressed in Euro using exchange rates prevailing on the reporting date. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Company's translation reserve. Such translation differences are recognised in profit or loss in the period in which the foreign operation is disposed off.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

**Tax**

Income tax expense represents the sum of the tax currently payable and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the taxation authorities, using the tax rates and laws that have been enacted, or substantively enacted, by the reporting date.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Currently enacted tax rates are used in the determination of deferred tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same fiscal authority.

**Property, plant and equipment**

Property, plant and equipment are stated at historical cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated on the straightline method so as to write off the cost of each asset to its residual value over its estimated useful life. The annual depreciation rates used are as follows:

| | |
|---|---|
| Furniture, fixtures and office equipment | 33% |
| Computer Hardware | 33% |
| Plant and machinery | 33% |

Leasehold improvements are depreciated over a straight line method at the rate of 33%.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**Deferred income**

Deferred income represents income receipts which relate to future periods.

**Computer software**

Costs that are directly associated with identifiable and unique computer software products controlled by the Company and that will probably generate economic benefits exceeding costs beyond one year are recognised as intangible assets. Subsequently computer software is carried at cost less any accumulated amortisation and any accumulated impairment losses. Expenditure which enhances or extends the performance of computer software programs beyond their original specifications is recognised as a capital improvement and added to the original cost of the computer software. Costs associated with maintenance of computer software programs are recognised as an expense when incurred. Computer software costs are amortised using the straightline method over their useful lives, not exceeding a period of three years. Amortisation commences when the computer software is available for use.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

**Impairment of non-financial assets**

At each reporting date, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cashgenerating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cashgenerating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cashgenerating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cashgenerating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cashgenerating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

**Financial assets – Classification**

**(i) Recognition and initial measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

**(ii) Classification and subsequent measurement**

**Financial assets**

On initial recognition, a financial asset is classified as measured at: amortised cost; Fair Value through Other Comprehensive income (FVOCI) debt investment; Fair Value through Other Comprehensive income (FVOCI) equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

**Cash and cash equivalents**

Cash and cash equivalents comprise of cash balances. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the statement of cash flows.

**Financial assets - Business model assessment**

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- how the performance of the portfolio is evaluated and reported to the Company's management;

- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;

- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and

- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

**Financial assets - Assessment whether contractual cash flows are solely payments of principal and interest**

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;

- terms that may adjust the contractual coupon rate, including variable-rate features;

- prepayment and extension features; and

- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets - Subsequent measurement and gains and losses:

**Financial assets at FVTPL**

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

**Financial assets at amortised cost**

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

**Debt investments at FVOCI**

These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

**Equity investments at FVOCI**

These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

**Impairment**

Financial instruments and contract assets

The Company recognises loss allowances for ECLs on:

- financial assets measured at amortised cost;
- debt investments measured at FVOCI; and
- contract assets.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 12 months past due. The Company considers a debt security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'. The Company considers this to be Baa3 or higher per Moody's rating agency or BBB- or higher per Moody's Rating Agency.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 month after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over the Company is exposed to credit risk.

**Measurement of ECLs**

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

**Credit-impaired financial assets**

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECL in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt securities at FVOCI, the loss allowance is charged to profit or loss and is recognised in OCI.

**(iii) Derecognition of financial assets and liabilities**

**Financial assets**

The Company derecognises a financial asset (or, where applicable a part of a financial asset or part of a Company of similar financial assets) when:

- the contractual rights to receive cash flows from the asset have expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass through' arrangement;
- the Company transfers the rights to receive the contractual cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

**Financial liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when it is replaced by another from the same lender on substantially different terms, or when the terms of the liability are substantially modified, and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

**Financial liabilities – Classification, subsequent measurement and gains and losses**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

**(iv) Offsetting financial instruments**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. This is not generally the case with master netting agreements and the related assets and liabilities represented gross in the statement of financial position.

**Share capital**

Ordinary shares are classified as equity. The difference between the fair value of the consideration received by the Company and the nominal value of the share capital being issued is taken to the share premium account.

**Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Where the Company expects a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

**Comparatives**

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

**6. Financial risk management**

Financial risk factors

The Company is exposed to interest rate risk, credit risk, liquidity risk and currency risk arising from the financial instruments it holds. The risk management policies employed by the Company to manage these risks are discussed below:

**6.1 Interest rate risk**

Interest rate risk is the risk that the value of financial instruments will fluctuate due to changes in market interest rates. The Company is exposed to interest rate risk in relation to its noncurrent borrowings. Borrowings issued at variable rates expose the Company to cash flow interest rate risk. Borrowings issued at fixed rates expose the Company to fair value interest rate risk. The Company's management monitors the interest rate fluctuations on a continuous basis and acts accordingly.

At the reporting date the interest rate profile of interest bearing financial instruments was:

| | **2023** | 2022 |
|---|---|---|
| | **€** | € |
| Variable rate instruments | | |
| Financial assets | **2,053,762** | 1,813,445 |
| Financial liabilities | **-** | (3.720.000) |
| | **2,053,762** | (1.906.555) |

**Sensitivity analysis**

An increase of 100 basis points in interest rates at 31 March 2023 would have increased/(decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. For a decrease of 100 basis points there would be an equal and opposite impact on the profit and other equity.

| | | **Equity** | **Profit or loss** | |
|---|---|---|---|---|
| | **2023** | 2022 | 2022 | 2021 |
| | **€** | € | € | € |
| Variable rate instruments | **-** | - | 20,538 | 19,066 |
| | **-** | - | 20,538 | 19,066 |

**6.2 Credit risk**

Credit risk arises from cash and cash equivalents and trade and other receivables which are measured at amortised cost.

**(i) Risk management**

Credit risk is managed on a group basis.

For banks and financial institutions, only independently rated parties with a minimum rating that management assess as acceptable are accepted. For customers, management assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual credit limits and credit terms are set based on the credit quality of the customer in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.

Even though cash and cash equivalents are subject to the IFRS 9 impairment model, the estimated impairment amount as at 31 March 2023 was not significant. As such the Company has not recognised an impairment charge for cash and cash equivalents as at 31 March 2023.

**ii) Impairment of financial assets**

The Company has the following types of financial assets that are subject to the expected credit loss model:

- trade and other receivables (including contract assets)
- cash and cash equivalents

Trade receivables and contract assets

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables (including contract assets).

To measure the expected credit losses, trade receivables and contract assets have been grouped based on shared credit risk characteristics and the days past due. The Company defines default as a situation when the debtor is more than 360 days past due on its contractual payments. The contract assets relate to unbilled work in progress and have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Company has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

The expected loss rates are based on the payment profiles of sales over a period of 36 months before 31 March 2023 and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forwardlooking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Company has identified the GDP and the unemployment rate of the countries in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

Due to the limited number of customers the Company assessed individually its trade receivables and contract assets. The Company has assessed the impact of the provisions of IFRS 9 as a result of applying the expected credit loss model and recognised a loss allowance of € 63,427 on trade receivables during the year ended 31 March 2023.

On that basis, the loss allowance as at 31 March 2023 was determined as follows for both trade receivables and contract assets:

| **31 March 2022** | Not due | 0180 days | 181365 days | More than 365 days past due | Total |
|---|---|---|---|---|---|
| | € | € | € | € | € |
| Expected loss rate | 0% | 0.9% | 2% | 100% | |
| Gross carrying amount trade receivables individually assessed | **-** | **-** | **104,655** | **41,728** | **146,383** |
| Loss allowance | **-** | **-** | **-** | **41,728** | **146,383** |

| **31 March 2023** | **Not due** | **0180 days** | **181365 days** | **More than 365 days past due** | **Total** |
|---|---|---|---|---|---|
| Expected loss rate | 0% | 0% | 2% | 100% | |
| Gross carrying amount trade receivables individually assessed | **-** | **936,104** | **-** | **63,427** | **999,531** |
| Loss allowance | **-** | **936,104** | **-** | **63,427** | **999,531** |

The closing loss allowances for trade receivables and contract assets as at 31 March 2023 reconcile to the opening loss allowances as follows:

| | **Contract assets** | **Trade receivables individually assessed** |
|---|---|---|
| | € | € |
| Opening loss allowance as at 1 April 2022 | - | 41,728 |
| Receivables written off during the year as uncollectible | - | - |
| Additional loss allowance | - | 21,698 |
| Balance at 31 March 2023 | - | 63,427 |

Trade receivables and contract assets are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Company.

Impairment losses on trade receivables and contract assets are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

Receivables from related companies

On transition to IFRS 9, the Company categorised certain receivables from related companies as nonperforming at Stage 3. A loss allowance of €8.512.096 equal to the net carrying amount of the specific receivable balances as at 31 March 2019 was recognized. There was no improvement of the credit risk as at 31 March 2020, therefore the specific receivable balances continue to be categorised under Stage 3 and additional loss allowance of €1.335.089 was recognized during FY2019-20. As on 31 March 2021, the above loss has been reduced to €4.708.927 from total loss of €9.847.185 as on 31 March 2020. As on 31 March 2022, the above loss has been reduced to €2.007.769 from total loss of €4.708.927 as on 31 March 2021. As on 31 March 2023, the above loss has increased to €2.267.362 from total loss of €2.007.769 as on 31 March 2022. The remaining receivables were classified as performing balances without any expected credit loss.

### 6.3 Liquidity risk

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability but can also increase the risk of losses. The Company has procedures with the object of minimising such losses such as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

The following tables detail the Company's remaining contractual maturity for its financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

The table includes both interest and principal cash flows.

| 31 March 2022 | Carrying amounts | Contractual cash flows | 3 months or less | 312 months |
|---|---|---|---|---|
| | € | € | € | € |
| Loans from related companies | 3.720.000 | 3.720.000 | 3.720.000 | - |

### 6.4 Currency risk

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the Company's measurement currency. The Company is exposed to foreign exchange risk arising from various currency exposures primarily with respect to the Philippine Peso, US Dollar and the British Pounds. The Company's Management monitors the exchange rate fluctuations on a continuous basis and acts accordingly.

**Fair value estimation**

The fair values of the Company's financial assets and liabilities approximate their carrying amounts at the reporting date.

## 7. Critical accounting estimates and judgments

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgment in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

- **Income taxes**

  Significant judgment is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

- Impairment of investments in subsidiaries

  The Company periodically evaluates the recoverability of investments in subsidiaries whenever indicators of impairment are present. Indicators of impairment include such items as declines in revenues, earnings or cash flows or material adverse changes in the economic or political stability of a particular country, which may indicate that the carrying amount of an asset is not recoverable. If facts and circumstances indicate that investment in subsidiaries may be impaired, the estimated future discounted cash flows associated with these subsidiaries would be compared to their carrying amounts to determine if a writedown to fair value is necessary.

- Impairment of financial assets

  The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in note 6, Credit risk section.

In the current year entire loan has been repaid in the month of January 2023.

**Note 28 Contingent liability**

In July 2017, the Branch received the VAT Compliance Notice (VCN) regarding Deficiency in Value Added Tax amounting to P19,632,677. The Branch filed a protest letter against the VCN. However, on a letter dated August 29, 2017, the Respondent Region Director denied the Branch request for the reconsideration with the Respondent Commissioner of his final decision denying the Branch’s protest letter against the Five-Day VCN. The Branch paid the amount under protest amounting to P19,632,677 on August 30, 2017.

The Branch has filed an Appeal against the VCN before the Court of Tax Appeal (CTA) on September 26, 2017.

The Branch contended that the VAT Compliance Notice and the assessment for deficiency VAT for the year 2015 is null and void. The Branch has rectified its error by issuing zero-rated BIR registered official receipts for its export sales of services. The Branch also amended its VAT Returns for the year 2015 to reflect its zero-rated export sales of services.

The hearing for the case was on July 10, 2018 in which the Court granted the appointment of Independent Chartered Public Accountant (ICPA) and the Court gave thirty (30) days’ time i.e. August 10, 2018 to ICPA to audit the VAT records and submit the ICPA Report to the Court. The Branch had applied for adjournment of hearing scheduled on August 10 to October 9, 2018. However, on September 20, 2018, the CTA issued an order cancelling the hearing scheduled on October 9, 2018. The reason for cancellation by the Court is that CTA has been reorganized and some cases were transferred to the different divisions of CTA. The case of the Branch was also transferred from third division to first division of the CTA, since then there is no communication or separate order from CTA. On March 2, 2020, the Branch filed Motion for Reconsideration to the Resolution dated February 10, 2020 praying that the denied exhibits in the ICPA Report be reconsidered for admission, On March 2, 2020, the Branch filed Motion for Reconsideration to the Resolution dated February 10, 2020 praying that the denied exhibits in the ICPA Report be reconsidered for admission., On March 9, 2020, the Court promulgated the Resolution directing the Regional Director of BIR to file comment on the Branch’s Motion for Reconsideration within 10 days from notice.

On July 29, 2020, the court granted the Branch’s motion for reconsideration, thus, the denied exhibits were admitted, The case is still currently ongoing,

Based on the records verification of the court as of July 6, 2020, it was found that BIR failed to file comment to the Branch’s motion for reconsideration to resolution dated February 10, 2020.

On July 29, 2020, the court granted the Branch's motion for reconsideration, thus, the denied exhibits were admitted. The case is still currently ongoing.

On November 24, 2020, the BIR presented Revenue Officer Romel B. Isturis as a witness who testified by way of judicial affidavit. The BIR was granted a period of 15 days or until December 9, 2020 to file Formal Offer of Evidence. On December 14, 2020, the BIR filed Motion to Admit.

On January 7, 2021, the Court issued a Resolution which directed the Petitioner to file Comment/Opposition to the Formal Offer of Evidence within 15 days from receipt.

On January 28, 2021, the Branch fled their comment/ opposition to the BIR's Formal Offer of Evidence.

On March 12, 2021, the Branch filed their Memorandum.

On May 20, 2021, the BIR filed Motion for partial reconsideration

On June 2, 2021, the BIR filed their Memorandum.

On June 9, 2021, the Court issued a Resolution directing the petition to file comment or opposition to respondent's Motion for Partial Reconsideration within five days from receipt. Thereafter, the incident is submitted for resolution.

On June 22, 2021, we filed our Comment/Opposition (to the Respondent's Motion for Partial Reconsideration).

On July 9, 2021, the Court issued a Resolution which noted the respondent's Memorandum posted on May 21, 2021. Respondent's Motion for Partial Reconsideration was submitted for resolution taking into consideration the petitioner's comments/opposition.

On June 9, 2021, the Court issued a Resolution directing the petition to file comment or opposition to respondent's Motion for Partial Reconsideration within five days from receipt. Thereafter, the incident is submitted for resolution.

On June 22, 2021, we filed our Comment/Opposition (to the Respondent's Motion for Partial Reconsideration).

On July 9, 2021, the Court issued a Resolution which noted the respondent's Memorandum posted on May 21, 2021. Respondent's Motion for Partial Reconsideration was submitted for resolution taking into consideration the petitioner's comments/opposition.

On July 22, 2021, the Court issued a Resolution which granted the respondent's Motion for Partial Reconsideration. Thus, the BIR records was admitted in evidence.

On April 21, 2022, the Court promulgated the Decision which granted our Petition for Review. Thus, the LOA, the 48-Hour Notice, the VCN and the Closure Order issued against the Petitioner were cancelled and set aside. The BIR was ordered to refund the amount of P19,632,677.12 in favor of petitioner.

On May 24, 2022, the BIR filed the Motion for Reconsideration to the decision of the CTA Division.

One June 27, 2022, the Company filed a Comment/Opposition to the BIR's Motion for Reconsideration.

On September 7, 2022, the CTA Division denied the BIR's Motion for Reconsideration for lack of merit.

On September 30, 2022, the BIR filed the Motion for Extension of Time to File Petition for Review with the CTA En Banc and on October 26, the BIR also filed the Petition for Review with the CTA En Banc to appeal the Decision and Resolution of the CTA Division.

On December 14, 2022, the Company filed a Comment/Opposition to the BIR's Petition for Review in which the CTA En Banc referred the case for remediation on March 22, 2023.

On March 22, 2023, the Company attended the mediation conference where the parties failed to enter a compromise.

On April 12, 2023, Resolution of the CTA En Banc which noted the submission of PMC CTA Form 6 – No Agreement to Mediate and submitted for decision the Petition for Review of the BIR. At this point, the Company's legal counsel believes that the likelihood of reversing the decision of the CTA Division is nil.

# REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Stockholders
**vCustomer Philippines, Inc.**
3rd Floor, eCommerce Plaza, Eastwood Cyberpark
Quezon City, Philippines

**Report on the Audit of the Separate Financial Statements**

**Opinion**

We have audited the separate financial statements of vCustomer Philippines, Inc.,

a wholly owned subsidiary of Tech Mahindra Limited, which comprise the separate statements of financial position as at March 31, 2023 and 2022, and the separate statements of comprehensive income, separate statements of changes in equity and separate statements of cash flows for the years ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying separate financial statements present fairly, in all material respects, the unconsolidated financial position of the Company as at March 31, 2023 and 2022, and its unconsolidated financial performance and its unconsolidated cash flows for the years ended, in accordance with Philippine Financial Reporting Standards (PFRSs).

**Basis for Opinion**

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Separate Financial Statements section of our report. We are independent of the Company in accordance with Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the separate financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements**

Management is responsible for the preparation and fair presentation of the separate financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of the separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibilities for the Audit of the Separate Financial Statements**

Our objectives are to obtain reasonable assurance about whether the separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the separate financial statements, including the disclosures, and whether the separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on the Supplementary Information Required Under Revenue Regulations No. 15-2010 of the Bureau of Internal Revenue**

Our audit was conducted for the purpose of forming an opinion on the basic separate financial statements taken as a whole. The supplementary information in Note 25 to the basic separate financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic separate financial statements. Such supplementary information is the responsibility of management. The supplementary information has been subjected to the auditing procedures applied in our audit of the basic separate financial statements. In our opinion, the information is fairly stated in all material respects in relation to the basic separate financial statements taken as a whole.

# NOTES TO THE SEPARATE FINANCIAL STATEMENTS

## 1. Reporting Entity

vCustomer Philippines, Inc. (the "Company") was registered with the Securities and Exchange Commission (SEC) on February 24, 2010. The primary purpose of the Company is to carry on the business of providing services to customers in any part of the world through any and all medium of communication including internet and telephone including management services, solutions to business problems, web designing, customer relations, development/production of software and software systems, data warehousing, data mining, processing and analysis of software and software systems, consultancy and advisory services in software and software systems, without operating as a public utility; to carry on the business of data processing and analysis including assimilation, sorting, processing and communication of data and graphs, development of computer analysis, software development, data preparation and verification, data analysis, data transmission and computation through the computer or other devices encompassing digital, analog and graphic processes and any other information technology; to undertake merchandising and logistics activities in the areas of electronic commerce, as well as other forms of commerce and commercial transactions; and to undertake the operation and management of e-mail services centers, customer response centers, computer education and training centers for the foregoing operations, loyalty incentive and motivation programmes, direct marketing activities, database management, back office support and all internet and web related work.

The Company is a wholly-owned subsidiary of Tech Mahindra Limited (the "Ultimate Parent"), a corporation organized and existing under the laws of India. The Company's registered business address is at 3rd Floor, eCommerce Plaza, Eastwood Cyberpark, Quezon City, Philippines.

The Company is registered with the Philippine Economic Zone Authorities (PEZA) under Republic Act No. 7916 (The Special Economic Zone Act of 2005) as an Ecozone IT Enterprise on March 29, 2010.

The Company is concurrently registered with the Philippine Board of Investments (BOI) under Executive Order No. 226 (Omnibus Investment Code of 1987) as an Export Market Enterprise on December 12, 2022.

## 2. Basis of Preparation

Statement of Compliance

The separate financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs). PFRSs are based on International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB). PFRSs which are issued by the Financial and Sustainability Reporting Standards Council (FSRSC), consist of PFRSs, Philippine Accounting Standards, and Philippine Interpretations.

The Company also prepares and issues consolidated financial statements for the same reporting period as the separate financial statements presented in accordance with PFRSs. The consolidated financial statements may be obtained at the Company's registered address as disclosed in Note 1.

### Basis of Measurement

The separate financial statements have been prepared on a historical cost basis of accounting except for retirement benefits obligation which is recognized at the present value of the defined benefit obligation.

### Functional and Presentational Currency

These separate financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded in the nearest peso, except when otherwise indicated.

Authorization of the Issuance of Separate Financial Statements

The accompanying separate financial statements were approved and authorized for issue by the Board of Directors (BOD) on May 15, 2023.

## 3. Adoption of Amendments to Standards and Interpretations

The Company has adopted the following amendments to standards starting

April 1, 2022 and accordingly, changed its accounting policies. Except as otherwise indicated, the adoption of these new and amendments to standards did not have any significant impact on the Company's separate financial statements. These are as follows:

**Effective January 1, 2022**

- Property, Plant and Equipment - Proceeds before Intended Use (Amendments to PAS 16, Property, Plant and Equipment). The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment the proceeds from selling items produced before that asset is available for use. The proceeds before intended use should be recognized in profit or loss, together with the costs of producing those items which are identified and measured in accordance with PAS 2, Inventories.

  The amendments also clarify that testing whether an item of property, plant and equipment is functioning properly means assessing its technical and physical performance rather than assessing its financial performance.

  For the sale of items that are not part of a company's ordinary activities, the amendments require the company to disclose separately the sales proceeds and related production cost recognized in profit or loss and specify the line items in which such proceeds and costs are included in the statement of comprehensive income (loss). This disclosure is not required if such proceeds and cost are presented separately in the statement of comprehensive income (loss).

  The amendments are effective for annual reporting periods beginning on or after January 1, 2022. Earlier application is permitted. The amendments apply retrospectively, but only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented in the financial statements in which the company first applies the amendments.

- Onerous Contracts - Cost of Fulfilling a Contract (Amendment to PAS 37 Provisions, Contingent Liabilities and Contingent Assets). The amendments clarify that the cost of fulfilling a contract when assessing whether a contract is onerous includes all costs that relate directly to a contract - i.e. it comprises both incremental costs and an allocation of other direct costs.

  The amendments are effective for annual reporting periods beginning on or after January 1, 2022 to contracts existing at the date when the amendments are first applied. At the date of initial application, the cumulative effect of applying the amendments is recognized as an opening balance adjustment to retained earnings or other component of equity, as appropriate. The comparatives are not restated. Earlier application is permitted.

- Annual Improvements to PFRS Standards 2018-2020. This cycle of improvements contains amendments to four standards:

- Fees in the '10 per cent' Test for Derecognition of Financial Liabilities (Amendment to PFRS 9, Financial Instruments). The amendment clarifies that for the purpose of performing the '10 per cent' test for derecognition of financial liabilities, the fees paid net of fees received included in the discounted cash flows include only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

- Lease Incentives (Amendment to Illustrative Examples accompanying

PFRS 16). The amendment deletes from the Illustrative Example 13 the reimbursement relating to leasehold improvements to remove the potential for confusion because the example had not explained clearly enough the conclusion as to whether the reimbursement would meet the definition of a lease incentive in PFRS 16.

Amendments Issued but Not Yet Adopted

A number of amendments to standards effective for annual periods beginning after

April 1, 2023. However, the Company has not early adopted the following new or amended standards in preparing these separate financial statements. Unless otherwise stated, none of these are expected to have a significant impact on the Company's separate financial statements.

**Effective January 1, 2023**

- Classification of Liabilities as Current or Non-current (Amendments to PAS 1, Presentation of Financial Statements). To promote consistency in application and clarify the requirements on determining whether a liability is current or

**non-current, the amendments:**

- removed the requirement for a right to defer settlement of a liability for at least twelve months after the reporting period to be unconditional and instead requires that the right must have substance and exist at the end of the reporting period;

- clarified that a right to defer settlement exists only if the company complies with conditions specified in the loan agreement at the end of the reporting period, even if the lender does not test compliance until a later date; and

- clarified that settlement of a liability includes transferring a company's own equity instruments to the counterparty, but conversion options that are classified as equity do not affect classification of the liability as current or non-current.

  The amendments apply retrospectively for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted.

  In November 2021, the International Accounting Standards Board issued the Exposure Draft, Non-Current Liabilities with Covenants, after considering stakeholder feedback on the December 2020 tentative agenda decision issued by the IFRS Interpretations Committee about the amendments. The exposure draft proposes to again amend IAS 1 as follows:

- conditions which the entity must comply within twelve months after the reporting period will have no effect on the classification as current or

**non-current.**

- additional disclosure requirements will apply to non-current liabilities subject to such conditions to enable the assessment of the risk that the liability could become repayable within twelve months.

- separate presentation in the statement of financial position will be required for non-current liabilities for which the right to defer settlement is subject to conditions within 12 months after the reporting period.

The effective date of the amendments will be deferred to no earlier than

January 1, 2024. Comments on the Exposure Draft is due on March 21, 2022.

- Definition of Accounting Estimates (Amendments to PAS 8, Accounting Policies, Changes in Accounting Estimates and Errors). To clarify the distinction between changes in accounting policies and changes in accounting estimates, the amendments introduce a new definition for accounting estimates, clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an accounting estimate is developed to achieve the objective set out by an accounting policy. Developing an accounting estimate includes both selecting a measurement technique and choosing the inputs to be used when applying the chosen measurement technique. The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies remain unchanged. The amendments also provide examples on the application of the new definition. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the amendments are applied.

- Disclosure of Accounting Policies (Amendments to PAS 1, Presentation of Financial Statements and PFRS Practice Statement 2, Making Materiality Judgements). The amendments are intended to help companies provide useful accounting policy disclosures. The key amendments to PAS 1 include:

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;

- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and

- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

  The amendments to PFRS Practice Statement 2 includes guidance and additional examples on the application of materiality to accounting policy disclosures. The amendments are effective from January 1, 2023. Earlier application is permitted.

- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to PAS 12, Income Taxes). The amendments clarify that that the initial recognition exemption does not apply to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning obligations.

The amendments apply for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted.

For leases and decommissioning liabilities, the associated deferred tax assets and liabilities will be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other appropriate component of equity at that date. For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

**Not Applicable**

**Effective in 2025**

- PFRS 17 and amendments for PFRS 17, "Insurance Contracts"

**Deferred Effectivity**

- Philippine Interpretation IFRIC 15, "Agreements for the Construction of Real Estate" This interpretation covers accounting for revenue and associated expenses by entities that undertake the construction of real estate directly or through subcontractors. The Philippine SEC and the FRSC have deferred the effectivity of this interpretation until the final revenue standard is issued by the International Accounting Standards Board (IASB) and an evaluation of the requirements of the final Revenue standard against the practices of the Philippine real estate industry is completed.

Currently, the Company has no activities to which this interpretation will apply.

- Amendments to PFRS 10 and PAS 28, Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3, Business Combinations. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

Currently, the Company has no activities to which these amendments will apply.

No mandatory effective date

- PFRS 9, Financial Instruments (Hedge Accounting and amendments to PFRS 9, PFRS 7 and PAS 39)

The Company will continue to assess the relevance and impact of the above standards, amendments to standards and interpretations. The revised disclosures on the financial statements required by the above standards and interpretations will be included in the Company's financial statements when these are adopted.

## 4. Significant Accounting Policies and Disclosures

The significant accounting policies and practices applied in the preparation of these separate financial statements are set forth to facilitate the understanding of data presented in the separate financial statements. These policies have been consistently applied to all years presented, unless otherwise stated.

**Current versus Noncurrent Classification**

The Company presents assets and liabilities in the statements of financial position based on current or noncurrent classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve (12) months after the financial reporting period;
- Expected to be settled on demand; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve (12) months after the financial reporting period.

All other assets are classified as noncurrent. Deferred tax assets are classified as noncurrent assets.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve (12) months after the financial reporting period;
- It is expected to be settled in demand; or
- There is no unconditional right to defer the settlement of the liability for at least twelve (12) months after the financial reporting period.

All other liabilities are classified as noncurrent. Deferred tax liabilities are classified as noncurrent liabilities.

**Financial Instruments**

**Financial Assets**

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the rights to receive cash flows from the financial assets expire, or if the Company transfers the financial asset to another party and does not retain control or substantially all risks and rewards of the asset. Purchases and sales of financial assets in the normal course of business are accounted for at settlement date

(i.e., the date that the asset is delivered to or by the Company). At initial recognition, the Company measures its financial assets at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset.

Financial instruments are recognized initially at fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated as fair value through profit or loss, includes transaction costs.

After initial recognition, the Company classifies its financial assets as subsequently measured at either i) amortized cost, ii) fair value through other comprehensive income or iii) fair value through profit or loss on the basis of both:

The Company’s business model for managing the financial assets.

The contractual cash flow characteristics of the financial asset.

Subsequent to initial recognition, financial assets are measured as described below.

At each balance sheet date, the Company assesses whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognizes a loss allowance for expected credit losses for financial assets measured at either amortized costs or at fair value through other comprehensive income. If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 months of expected credit losses.

If, at the reporting date, the credit risk on a financial instrument has increased significantly since initial recognition, the Company measures the loss allowance for the financial instrument at an amount equal to the lifetime expected credit losses. The Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

**Financial Assets at Amortized Cost**

Financial assets are measured at amortized cost if both i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset measured at amortized cost is initially recognized at fair value plus transaction cost directly attributable to the asset. After initial recognition, the carrying amount of the financial asset measured at amortized cost is determined using the effective interest method, less any impairment losses.

Financial assets at amortized cost are classified as current assets when the Company expects to realize the asset within 12 months from reporting date. Otherwise, these are classified as noncurrent assets.

Cash and cash equivalents, trade receivables and refundable deposits are generally included in this category.

Cash includes cash on hand, cash in banks and cash equivalents.

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The Company classifies an investment as cash equivalent if that investment has a maturity of three months or less from the date of acquisition.

**Financial Liabilities**

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of a financial instrument. Financial liabilities are derecognized when the Company's obligations specified in the contract expire or are discharged or cancelled.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Company generally classifies all financial liabilities as subsequently measured at amortized cost.

Financial liabilities are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Trade and other payables and lease liabilities are generally included in this category.

Prepayments and Other Current Assets

Prepayments represent expenses not yet incurred but already paid in cash. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as they are consumed in operations or expire with the passage of time.

Other current assets pertain to resources controlled by the Company as a result of past events and from which future economic benefits are expected to flow to the Company.

Prepayments and other current assets are classified in the separate statements of financial position as current asset when the cost of services related to the prepayments and other current assets are expected to be incurred within one year or the Company's normal operating cycle, whichever is longer. Otherwise, prepayments are classified as noncurrent assets.

**Investments in Subsidiary**

A subsidiary is an entity, including an unincorporated entity such as a partnership that is controlled by the Company.

Investments in subsidiaries are measured initially at cost. Subsequent to initial recognition, investment in subsidiaries are carried in the Company's separate financial statements at cost less any accumulated impairment losses.

The Company's accounting policy for impairment of financial assets are applied to determine whether it is necessary to recognize any impairment loss with respect to its investment in subsidiary When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with the Company's accounting policy on impairment of tangible and intangible assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount, any impairment loss recognized forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized to the extent that the recoverable amount of the investment subsequently increases.

The investments in subsidiaries are derecognized upon disposal or when no future economic benefits are expected to arise from the investment. Gain or loss arising on the disposal is determined as the difference between the sales proceeds and the carrying amount of the investment in subsidiary and is recognized in profit or loss.

**Property and Equipment**

Property and equipment are initially measured at cost. The cost of an item of property and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and

- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by Management.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

At the end of each reporting period, items of property and equipment are measured at cost less any subsequent accumulated depreciation and impairment losses.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expenses in the period in which those are incurred.

Depreciation is computed on the straight-line method based on the estimated useful lives of the assets as follows:

| | **Number of Years** |
|---|---|
| Office equipment | 5 |
| Communication equipment | 3 |
| Furniture and fixtures | 3 |
| Leasehold improvements | 3 or lease term whichever is shorter |

Leasehold improvements are amortized over the improvements' useful life of three years or when shorter, the term of the relevant lease.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

At the end of each reporting period, the Company assesses whether there is any indication that any of its property and equipment is impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognized as an expense.

Impairment losses recognized in prior periods are assessed at the end of each reporting period for any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

**Intangible Assets**

**Intangible Assets Acquired Separately**

Intangible assets are initially measured at cost. Subsequent to initial recognition, intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over the estimated useful lives. The estimated useful life and the amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

The Company's intangible assets are amortized over a 5-year useful life.

**Share Capital**

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax.

**Retained Earnings**

Retained earnings represents accumulated profits and losses earned and incurred by the Company. Retained earnings and deficit may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

**Provisions and Contingencies**

Provisions are recognized when the Company has a present obligation, either legal or constructive, as a result of a past event, it is probable that the Company will be required to settle the obligation through an outflow of resources embodying economic benefits, and the amount of the obligation can be estimated reliably.

The amount of the provision recognized is the best estimate of the consideration required to settle the present obligation at the end of each reporting period, taking into account the risks and uncertainties surrounding the obligation. A provision is measured using the cash flows estimated to settle the present obligation. Its carrying amount is the present value of those cash flows.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

**Employee Benefits**

**Short-Term Benefits**

The Company recognizes a liability, net of amounts already paid, and an expense for services rendered by employees during the accounting period. A liability is also recognized for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

**Post-Employment Benefits**

**Defined Benefit Plan**

The Company classifies its retirement benefit as defined benefit plans. Under the defined benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), are reflected immediately in the separate statements of financial position with a charge or credit recognized in other comprehensive income (OCI) in the period in which they occur. Remeasurement recognized in OCI is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefits liability or asset. Defined benefits costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);

- Net interest expense or income; and

- Remeasurements.

The Company presents the first two components of defined benefits costs in profit or loss in the line item retirement benefits costs. Curtailment gains and losses are accounted for as past service costs.

The retirement benefits obligation recognized in the separate statements of financial position represents the actual deficit in the Company's defined benefit plans.

**Compensated Leave Credits**

The Company's net obligation in respect of accumulated leaves is the amount of future benefit that employees have earned in return for their services in the current and prior periods. This benefit is discounted to determine its present value. Remeasurements are recognized in profit or loss in the period in which they arise.

**Revenue Recognition**

The Company identifies each distinct performance obligation to transfer services. The Company recognizes revenue when (or as) it satisfies a performance obligation by transferring the control of services to the customer. The transaction price is the amount of consideration the Company expects to receive under the arrangement. The Company concluded that it is acting as principal for its revenue arrangement.

**Sale of Services**

The Company provides services assistance to its Parent Company in the ordinary course of business. Such services are recognized as a performance obligation satisfied over time.

**Expense Recognition**

Expenses are decreases in economic benefits during the accounting period in the form of outflows or decrease of assets or increase of liabilities that result in decrease in equity, other than those relating to distributions to equity participants.

**Leases**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration.

**As a Lessee**

The Company recognizes a right-of-use assets and a lease liabilities at the lease commencement date. The right-of-use assets are initially measured at cost, which comprises the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove or restore the underlying asset or the site on which it is located, less any incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the

right-of-use assets or the end of lease term. The estimated useful lives of the

right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use assets are periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liabilities.

The lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rates as the discount rate.

Lease payments included in the measurement of the lease liabilities comprise the following:

- fixed payments, including in-substance fixed payments;

- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the • amounts expected to be payable under a residual value guarantee; and

- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liabilities are measured at amortized cost using the effective interest method. This are remeasured if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised

in-substance fixed lease payment. When the lease liabilities are remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use assets or is recorded in profit or loss if the carrying amount of the right-of-use assets has been reduced to zero.

The ROU assets and lease liabilities are presented in the separate statements of financial position separately from other assets and liabilities, respectively.

**Foreign Currency**

Transactions in currencies other than Philippine peso are recorded at the rates of exchange prevailing on the dates of the transactions. At the end of each reporting period, monetary assets and liabilities that are denominated In foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Gains and losses arising on retranslation are included in profit or loss for the year.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are not retranslated.

**Related Party Transactions**

A related party transaction is a transfer of resources, services or obligations between the Company and a related party, regardless of whether a price is charged.

Related party relationship exists when one party has the ability to control, directly or indirectly, through one or more intermediaries, the other party or exercise significant influence over the other party in making the financial and operating decisions. Such relationship also exists between and/or among entities under common control with the reporting enterprises and their key management personnel, directors, or its stockholders. Related parties may be individuals or corporate entities. In considering each possible related party relationships, attention is directed to the substance of the relationship, and not merely the legal form.

**Income Taxes**

Income tax expense recognized in the separate statement of comprehensive income of the Company represents the current tax expense and deferred tax expense.

Under the Company's registration with the PEZA pursuant to the provisions of

R.A. No. 7916, The Special Economic Zone Act of 1995, the Company is subject to 5% final tax on gross income from PEZA-registered activities in lieu of payment of national and local taxes.

Uncertainties related to taxes that are not income taxes are recognized and measured in accordance with PAS 37 unless they are dealt with specifically in another standard.

If there is uncertainty about an income tax treatment, then the Company considers whether it is probable that a tax authority will accept the Company's tax treatment included in its tax filing. The underlying assumption in the assessment is that a tax authority will examine all amounts reported and will have full knowledge of all relevant information.

**Current Tax**

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the separate statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using 5% of gross income earned from registered activities. For income other than its registered activities, tax rate is based on the applicable regular income tax rate of the Bureau of Internal Revenue. Income is tax exempt when the activities are included under income tax holiday.

**Deferred Tax**

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the separate financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, while deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Events After the Reporting Period

The Company identifies events after the end of each reporting period as those events, both favorable and unfavorable, that occur between the end of the reporting period and the date when the separate financial statements are authorized for issue. The separate financial statements of the Company are adjusted to reflect those events that provide evidence of conditions that existed at the end of the reporting period. Non-adjusting events after the end of the reporting period are disclosed in the notes to the separate financial statements when material.

## 5. Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgments in Applying Accounting Policies

The following are the critical judgments, apart from those involving estimations, that Management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the separate financial statements.

**Functional Currency**

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has determined to be the Philippine Peso.

The Philippine Peso is the currency of the primary economic environment in which the Company operates. It is the currency that mainly influences the Company's cost of operation, and in effect, its revenue.

Determination of the Term and Discount Rate of Lease Arrangements

Where the Company is the lessee, management is required to make judgments about whether an arrangement contains a lease, the lease term and the appropriate discount rate to calculate the present value of the lease payments.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases entered into by the Company as lessee, management uses the incremental borrowing rate, being the rate that the Company would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company uses an approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company and makes adjustments specific to the lease.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if it is reasonably certain that the lease will be extended (or not terminated) and, as such, included within lease liabilities.

The Company normally considers in the assessment whether there are significant penalties to terminate, significant remaining value of leasehold improvements and historical lease durations, the costs and business disruption for replacing the leased asset, enforceability of the option, and business and other developments.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and is within the lessee's control.

**Key Sources of Estimation Uncertainties**

The key estimates concerning the future and other key sources of estimation uncertainty as at end of reporting period that have the most significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

Impairment of Property and Equipment

The Company assesses at the end of each reporting period whether there is any indication that its property and equipment is impaired. The factors that the Company considers important which could trigger an impairment review include the following:

- significant underperformance relative to the expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

Management assessed that there are no indicators of impairment affecting the noncurrent financial assets as at March 31, 2023 and 2022.

As at March 31, 2023 and 2022, the carrying amount of property and equipment amounted to P25,283,910 and P35,915,641, respectively (see Note 9).

**Estimating of Retirement Benefits Cost**

The present value of the retirement benefits obligation depends on a number of assumptions that are determined on an actuarial basis. The assumptions used in determining the net cost (income) for retirement benefits include the discount rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the retirement benefits liability. Other key assumptions include future salary, mortality and attrition. Additional information is disclosed in Note 19.

Retirement benefits obligation amounted to P32,459,900 and P24,595,901 as at March 31, 2023 and 2022, respectively (see Note 19).

**Provisions and Contingencies**

The recognition of provisions on claims requires estimates and judgment regarding the timing and the amount of outflow of resources. Management's assessment supported by internal and external legal counsel, where appropriate, determines whether it is probable that an outflow of resources will be required to settle an obligation. If this is the case, the best estimate of the outflow of resources is recognized.

## 6 Cash and Cash Equivalents

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cash on hand | | **50,000.00** | 50,000.00 |
| Cash in banks | | **46,760,589.00** | 12,187,422.00 |
| Time deposits | | **728,720,000.00** | 275,313,085.00 |
| | 21, 22 | **775,530,589.00** | 287,550,507.00 |

Trade receivables have an average credit terms of 60 days.

## 7 Trade and Other Receivables

| | Note | 2023 | 2022 |
|---|---|---|---|
| Trade receivables | 14, 21, 22 | **70,246,936.00** | 73,704,673.00 |
| Advances to employees | | **959,542.00** | 746,315.00 |
| | | **71,206,478.00** | 74,450,988.00 |

## 8 Prepayments and Other Current Assets

| | Note | 2023 | 2022 |
|---|---|---|---|
| Prepaid insurance | | **326,939.00** | 5,350,559.00 |
| Prepaid management services | | **-** | 601,401.00 |
| Others | | **-** | 204,198.00 |
| | | **326,939.00** | 6,156,158.00 |

Prepaid insurance pertains to the unamortized payments for the Health Maintenance Organization (HMO) coverage of the Company's employees.

Prepaid management services pertain to the payments made in advance by the Parent Company to Cloudwave for services such as recording of calls, media storage, multimedia work routing, etc.

Others include payment for the Company's advance payment for job postings, services and support services subscriptions of the Company

a. The Company entered into a Service Agreement with vCustomer Services LLC (vSLLC), a Company incorporated under the laws of the United States of America (USA), an affiliate, for an indefinite period unless mutually terminated, to provide web-based support (chat, email, fax); telephony support (voice); directory assistance; eCRM database management, eCRM database mining; web-based self-help solutions; remote website administration; remote back office support; remote system administration and technical help desk services in the United States through contact center representatives and such other functions as may be required in relation to the performance of its support function.

   In consideration thereof, the Company bills vSLLC ten percent (10%) mark-up rate on all costs (cost and operating expenses) incurred by the Company in providing the services. Contract receivables are billed by the Company in US dollars on a periodical basis and are settled in the same currency. vSLLC was merged with Tech Mahindra (Americas), Inc., a subsidiary of Tech Mahindra Limited (TML), on February 2, 2015. Accordingly, billings were made to TML subsequently as a result of the merger.

b. The Company purchased computer equipment from Techmahindra Limited on September 29, 2021. This was paid as of period-end.

c. The Company entered into an agreement with Eventus Solutions Group, LLC (Eventus US), a Colorado Limited Liability Company, an entity under common control, for an indefinite period unless mutually terminated, to provide contact centre support services (voice and web-based customer care and service desk support) to clients of Eventus US.

   In consideration thereof, the Company bills Eventus US ten percent (10%) mark-up rate on all costs (cost and operating expenses) incurred by the Company in providing the services. Contract receivables are billed by the Company in US dollars on periodical basis and are settled on the same currency.

d. On July 27, 2022, the Subsidiary distributed cash dividends to the Company amounting to P400,000,000. This is paid in cash during the fiscal year 2023.

e. Compensation of key management personnel for the years ended

   March 31, 2023 and 2022 is as follows:

| | 2023 | 2022 |
|---|---|---|
| Salaries | **37,567,361.00** | 30,157,021.00 |
| Other employee benefits | **10,750,104.00** | 9,105,926.00 |
| Allowances | **552,000.00** | 462,000.00 |
| Retirement benefits cost | **4,959,692.00** | 4,185,723.00 |
| | **53,829,157.00** | 43,910,670.00 |

   Other employee benefits include 13th month pay, performance bonus, leave encashment and other short-term benefits.

   All related party balances are to be settled in cash.

## 15 Equity

Components of share capital are as follows:

| | 2023 | 2022 |
|---|---|---|
| Authorized 1,000,000, issued, fully paid and outstanding: 950,000 ordinary shares - Php10 par value | **9,500,000** | 9,500,000 |

On March 31, 2023, the BOD approved an additional appropriation of P759,000,000 from the current retained earnings as at March 31, 2023 for legitimate corporate purposes including but not limited to expansion projects, business expansion, office renovation and equipment upgrade. Also, on the same date, the BOD approved the reversal of the P322,000,000 appropriation in 2022.

On March 31, 2022, the BOD approved an additional appropriation of P322,000,000 from the current retained earnings as at March 31, 2022 for business expansion projects from 2022 until 2025. Also, on the same date, the BOD approved the reversal of the P296,000,000 appropriation in 2021.

On October 25, 2022, the Board approved the plan to increase the authorized capital stock. The stockholders of the Company plan to subscribe to at least 25% of the increased authorized capital by way of stock dividend declaration.

## 16 Cost of Services

This account consists of:

| | Note | 2023 | 2022 |

## 18 Lease Agreements as a Lessee

3rd Floor, Ecommerce Plaza Building

On June 12, 2008, vCustomer Services India Pvt. Ltd. ("vCustomer India") entered into a lease agreement for office space located at 3rd Floor, eCommerce Plaza Building Eastwood City Cyberpark, 188 E. Rodriguez Jr. Avenue, Bagumbayan Quezon City. The lease term is 5 years from September 10, 2008 to

September 10, 2013 with a free fitting out period of 3 months and an option to renew for an additional 2 lease terms of 5 years each.

Effective April 1, 2010 the vCustomer India subsequently assigned its rights and interest on the lease to the Company.

In 2013, the Company renewed the lease for 5 years from September 10, 2013 to September 9, 2018 and renewed it further in 2018 for another five years from September 10, 2018 to September 9, 2023.

2nd Floor, Ecommerce Plaza Building

On July 1, 2021, the Company entered into a lease agreement for office space located at 2nd floor, eCommerce Plaza, Building Eastwood City Cyberpark, 188 E. Rodriquez Jr. Avenue, Bagumbayan, Quezon City. The lease term is 5 years from September 16, 2018 to September 16, 2023.

Refundable deposits from the lease agreement amounted to P11,989,201 and P11,965,201 as at March 31, 2023 and 2022, respectively (see Note 12.).

The details of right-of-use of assets and lease liabilities for these leases as shown below:

### I. Right-of-Use Assets

The movements as at March 31, 2023 and 2022 are as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cost at beginning of the year | | **59,776,969** | 47,485,530 |
| Additions | | **-** | 47,513,456 |
| Amortization for the year | 16, 17 | **-41,531,304** | -35,222,017 |
| Net carrying value | | **18,245,665** | 59,776,969 |

Amortization is allocated as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cost of services | 16 | **23,008,330** | 15,140,078 |
| Operating expenses | 17 | **18,522,974** | 20,081,939 |
| | | **41,531,304** | 35,222,017 |

**II. Lease Liabilities**

The movements in lease liabilities as at March 31, 2023 and 2022 are as follows:

| | 2023 | 2022 |
|---|---|---|
| Balance at the beginning | **67,196,979** | 54,822,339 |
| Additions | **-** | 47,513,456 |
| Repayments | **(42,349,328)** | (38,752,165) |
| Accretion of interest expense | **3,877,258** | 3,613,349 |
| Net carrying value | **28,724,909** | 67,196,979 |
| Current portion | **28,724,909** | 43,864,177 |
| Noncurrent portion | | 23,332,802 |

**III. Amount to be Recognized in Profit or Loss**

Amounts recognized in separate statements of comprehensive income are as follows

| | Note | 2023 | 2022 |
|---|---|---|---|
| Amortization on right-of-use of assets | 16, 17 | **41,531,304** | 35,222,017 |
| Interest expense on lease liabilities | 16, 17 | **3,877,258** | 3,613,349 |

**IV. Future Minimum Lease Payments**

| | 2023 | 2022 |
|---|---|---|
| Maturity Analysis - Contractual Undiscounted Cash Flows | | |
| Not more than 1 year | **29,558,186** | 46,260,756 |
| More than 1 year but less than 5 years | **-** | 23,688,554 |
| Total undiscounted lease liabilities | **29,558,186** | 69,949,310 |

There are no significant restrictions imposed by lease arrangements, such as those concerning dividends, additional debt and further leasing.

## 19 Retirement Benefits Obligation

The Company does not have an established retirement plan as at March 31, 2023 and 2022 but it recognizes retirement benefits costs in accordance with the minimum regulatory benefit under Republic Act No. 7641 which is a defined benefit type. Retirement benefits are based on employees' years of service and compensation levels during employment period. Actuarial valuations are made with sufficient regularity. The most recent actuarial valuation which was made for the year ended March 31, 2023. The principal actuarial assumptions used to determine retirement benefits were as follows:

Regulatory Framework in Which the Retirement Plan Operates

In accordance with the provisions of the RA 7641, the Company is required to pay eligible employees at least minimum regulatory benefit upon normal retirement, subject to age and service requirements.

**Responsibilities of Trustee**

Since the Company does not have a formal, trusteed Retirement Plan, there are no Trustees yet.

Description of Plan Characteristics and Associated Risks

The calculations were based on the provisions of the minimum mandated benefit under RA 7641. However, it should be noted that in the event a benefit claim arises, the benefit shall immediately be due and payable from the Company.

Amounts Recognized in the Separate Financial Statements

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| | **2023** | 2022 |
|---|---|---|
| Discount rate | **6.50%** | 5.75% |
| Salary increase rate | **6.00%** | 6.00% |

Maturity Profile of Expected Future Benefit Payments

The Company's expected future benefit payments is shown below:

| | **2023** | 2022 |
|---|---|---|
| Beyond one year not later than 5 years | **10,586,800** | P7,997,800 |
| Beyond 5 years (6 to 10 years) | **13,620,500** | 11,211,500 |

The movement of the present value of defined benefit obligation (DBO) follows:

| | **2023** | 2022 |
|---|---|---|
| Balance at beginning of year | **24,595,901** | 21,025,701 |
| Current service cost | **9,624,400** | 6,684,600 |
| Benefits paid | **-1,937,001** | -636,000 |
| Interest cost | **1,389,300** | 936,400 |
| Remeasurement gain | **-1,212,700** | -3,414,800 |
| Balance at the end of year | **32,459,900** | 24,595,901 |

The accrued retirement benefits costs recognized in the statements of financial position as at March 31, 2023 and 2022 were determined as follows:

| | **2023** | 2022 |
|---|---|---|
| Present value of defined benefit obligation (DBO) | **32,459,900** | 24,595,901 |

The retirement benefits costs are broken down as follows:

| | **2023** | 2022 |
|---|---|---|
| Current service cost | **9,624,400** | 6,684,600 |
| Interest cost | **1,389,300** | 936,400 |
| | **11,013,700** | 7,621,000 |

The retirement benefits cost as part of "Cost of services" and "Operating expenses" in the separate statement of comprehensive income for the years ended

March 31, 2023 and 2022 were determined follows:

| | **Note** | **2023** | 2022 |
|---|---|---|---|
| Cost of services | 16 | **3,645,276** | 2,932,305 |
| Operating expenses | 17 | **7,368,424** | 4,688,695 |
| | | **11,013,700** | 7,621,000 |

The movement of the cumulative remeasurement gain is presented in the separate statements of changes in equity follows:

| | **2023** | 2022 |
|---|---|---|
| Balance at beginning of year | **26,935,824** | 23,521,024 |
| Actuarial (loss) gain: | | |
| Due to liability assumption changes | **-1,501,300** | 5,316,200 |
| Due to liability experience | **2,714,000** | -1,901,400 |
| | **1,212,700** | 3,414,800 |
| Balance at end of year | **28,148,524** | 26,935,824 |

The movement of the retirement benefits obligation recognized in the separate statements of financial position is as follows:

| | **Note** | **2023** | 2022 |
|---|---|---|---|
| Balance at beginning of year | | **24,595,901** | 21,025,701 |
| Retirement benefits cost | 16, 17 | **11,013,700** | 7,621,000 |
| Benefits paid | | **-1,937,001** | -636,000 |
| Remeasurement gain | | **-1,212,700** | -3,414,800 |
| Balance at end of year | | **32,459,900** | 24,595,901 |

Amount, Timing and Uncertainty of Future Cash Flows

Sensitivity analysis on defined benefits obligation follows:

| | | **Sensitivity Analysis** | **Effect on DBO** |
|---|---|---|---|
| **2023** | | | |
| Discount rate | 7.50% | 1.00% increase | -21.32% |
| Discount rate | 5.50% | 1.00% increase | 28.72% |
| Salary increase rate | 7.00% | 1.00% increase | 28.69% |
| Salary increase rater | 5.00% | 1.00% increase | -21.27% |
| 2022 | | | |
| Discount rate | 6.75% | 1.00% increase | -13.90% |
| Discount rate | 4.75% | 1.00% decrease | 16.86% |
| Salary increase rate | 7.00% | 1.00% increase | 18.46% |
| Salary increase rater | 5.00% | 1.00% decrease | -15.35% |

Methods and Assumptions Used in Sensitivity Analysis All other assumptions were kept constant in determining the sensitivity results above.

Changes Since Previous Period There were no changes in the methods and assumptions used in preparing the sensitivity analysis.

Description of Asset-liability Matching Strategies Since the DBO is still unfunded, there are no plan assets to match against the DBO.

Description of Funding Arrangements and Policies Since the DBO is still unfunded, benefit claims under the DBO are paid directly by the Company when they become due.

Duration of Retirement Benefits Obligation The average duration of the retirement benefits obligation is 15.99 years.

## 20 Income Taxes

Components of provision for income taxes charged to profit or loss are as follows:

| | 2023 | 2022 |
|---|---|---|
| Current tax | **4,063,791** | 8,532,450 |
| Deferred tax | **-** | -495 |
| | **4,063,791** | 8,531,955 |

The reconciliation of the income tax expense computed at the statutory income tax rate to the actual provision for income taxes as shown in the statements of comprehensive income for the years ended March 31 is as follows:

| | 2023 | 2022 |
|---|---|---|
| Income before income tax | **454,055,600.00** | 35,883,994.00 |
| Less:Income exempt from tax | **400,000,000.00** | - |
| Other income subject to RCIT | **100,213.00** | 994,088.00 |
| Income subject to GIT | **53,955,387.00** | 34,889,906.00 |
| Tax expense at 5% | **2,697,769.00** | 1,744,495.00 |
| Nondeductible expense | **8,725,312.00** | 6,547,993.00 |
| Nontaxable income subject to Income Tax Holiday | **(7,355,341.00)** | - |
| Income tax expense at RCIT | **25,053.00** | 248,522.00 |
| Interest Income | **(29,002.00)** | (9,055.00) |
| | **4,063,791.00** | 8,531,955.00 |

The tax rate used for the 2023 and 2022 reconciliation above is the 5% special rate whose tax base is the gross income under the PEZA registered activities. Any income earned outside the PEZA registered activities are subject to Regular Corporate Income Tax (RCIT).

Registration with Philippine Economic Zone Authority (PEZA)

On March 29, 2010, the Company was registered with Philippine Economic Zone Authority (PEZA) as an Ecozone IT enterprise. The Company is entitled to incentives granted to non-pioneer projects under Republic Act (RA) 7916, the Special Economic Zone Act of 1995, as amended, and the PEZA IT Guidelines, which include a 4-year corporate Income Tax Holiday (ITH) for the original project in the eCommerce Plaza Building effective from the date of start of commercial operations. After the lapse of ITH, the Company is subject to a 5% Gross Income Tax (5% GIT) incentive, in lieu of all national and local taxes.

On December 28, 2011, the PEZA approved the Company’s application for the ITH extension based on Net Foreign Exchange Earnings (NFEE) criterion in accordance with EPZA (now PEZA) General Circular No. 94-001 and Rule XV, Section 6, Paragraph A (6) of the PEZA Rules. The ITH extension covered the period of November 1, 2012 to October 31, 2013.

Starting November 1, 2013, the Company is subject to the 5% GIT incentive.

On October 28, 2021 PEZA approved the Company’s request for its expansion activity, i.e. sales support, customer support, technical support, back-end support, and shared services at the 2nd Floor, eCommerce Plaza Eastwood Cyberpark, as Expansion Project of its original IT activity under the original contract. The Company’s expansion project is entitled to three (3) years Income Tax Holiday (ITH) on incremental sales, among other incentives under RA No. 11534, the CREATE Law, in accordance with the 2020 Investment Properties Plan (IPP). After the lapse of ITH, the Company is subject to a 5% Gross Income Tax (5% GIT), in lieu of all national and local taxes for.

Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act.

CREATE is an act reforming the corporate income tax and incentives system, amending for the purpose certain sections of Internal Revenue Code of 1997, as amended, and creating therein new title XIII, and for other purposes.

On March 26, 2021, the President of the Philippines has approved the CREATE Act, with nine (9) provisions vetoed by the President. Below are the salient features of the Act that are relevant to the Company:

a) Corporate income tax rate is reduced from 30% to 20% for domestic corporations with net taxable income not exceeding P5 million and with total assets not exceeding P100 million. All other domestic corporations and resident foreign corporations will be subject to 25% income tax. Said reductions are effective July 1, 2020.

b) Minimum corporate income tax (MCIT) rate is reduced from 2% to 1% effective July 1, 2020 to June 30, 2023.

c) The imposition of improperly accumulated earnings tax has been repealed.

d) Definition of reorganization for purposes of applying the tax-free exchange provision under Section 40(C)(2) is expanded. Prior BIR ruling or confirmation shall not be required for purposes of availing the tax exemption of the exchange.

e) Qualified export enterprises shall be entitled to 4 to 7 years income tax holiday (ITH) to be followed by 10 years 5% SCIT OR Enhanced Deductions (ED).

f) Qualified domestic market enterprises shall be entitled to 4 to 7 years ITH to be followed by 5 years ED.

g) Registered enterprises are exempt from customs duty on importation of capital equipment, raw materials, spare parts, or accessories directly and exclusively used in the registered project or activity.

h) VAT exemption on importation and VAT zero-rating on local purchases shall only apply to goods and services directly and exclusively used in the registered project or activity by a registered business enterprise (RBE).

i) For investments prior to effectivity of CREATE: RBEs granted only an

ITH - continue with the availment of the ITH for the remaining period of the ITH. RBEs granted an ITH + 5% GIT or currently enjoying 5% GIT - allowed to avail of the 5% GIT for 10 years.

The measure is set to take effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation. After which, the implementing rules and regulation will be issued by the tax authority.

On April 8, 2021, the Bureau of Internal Revenue (BIR) issued the following implementing revenue regulations that are effective immediately upon publication:

- BIR Revenue Regulations (RR) No. 2-2021, Amending Certain Provisions of Revenue Regulations No. 2-98, As Amended, to Implement the Amendments Introduced by Republic Act No. 11534, or the “Corporate Recovery and Tax Incentives for Enterprises Act” (CREATE), to the National Revenue Code of 1997, as Amended, Relative to the Final Tax on Certain Passive Income

- BIR RR No. 3-2021, Rules and Regulations Implementing Section 3 of Republic Act (RA). No. 11534, Otherwise Known as the “Corporate Recovery and Tax Incentives for Enterprises Act” or “CREATE”, Amending Section 20 of the National Internal Revenue Code of 1997, As Amended

- BIR RR No. 4-2021, Implementing the Provisions on Value-Added Tax (VAT) and Percentage Tax Under Republic Act (RA) No. 11534, Otherwise Known as the “Corporate Recovery and Tax Incentives for Enterprises Act” (CREATE) Which Further Amended the National Revenue Code of 1997, as Amended, as Implemented by Revenue Regulations (RR) No. 16-2005 (Consolidated

Value-Added Tax Regulations of 2005), As Amended

- BIR RR No. 5-2021, Implementing the New Income Tax Rates on the Regular Income of Corporations, on Certain Passive Incomes, Including Additional Allowable Deductions from Gross Income of Persons Engaged in Business or Practice of Profession Pursuant to Republic Act (RA) No. 11534 or the “Corporate Recovery and Tax Incentives for Enterprises Act” (CREATE), Which Further Amended the National Revenue Code (NIRC) of 1997

  The corporate income tax of the Company will be lowered from 30% to 25% for large corporations on which the Company would qualify effective July 1, 2020.

**21. Fair Value Information**

The fair values of the Company's financial assets and liabilities are shown below.

| | | 2023 | | 2022 | |
|---|---|---|---|---|---|
| | **Note** | **Carrying Amount** | **Fair Value** | **Carrying Amount** | **Fair Value** |
| Financial Assets | | | | | |
| Cash and cash equivalents | 6 | 775,530,589 | 775,530,589 | 287,550,507 | 287,550,507 |
| Trade receivables | 7 | 70,246,936 | 70,246,936 | 73,704,673 | 73,704,673 |
| Refundable deposits | 12 | 11,989,201 | 11,989,201 | 11,965,201 | 11,965,201 |
| | | **857,766,726** | **857,766,726** | **373,220,381** | **373,220,381** |
| Financial Liabilities | | | | | |
| Trade and other payables | 13 | 30,090,037 | 30,090,037 | 26,598,932 | 26,598,932 |
| Lease liabilities | 18 | 28,724,909 | 28,724,909 | 67,196,979 | 67,196,979 |
| | | **58,814,946** | **58,814,946** | **93,795,911** | **93,795,911** |

The trade and other payables is net of government payables, such as withholding taxes, which are not considered as financial liabilities. Government payables as at March 31, 2023 and 2022 amounted to P6,264,664 and P5,070,735, respectively.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments:

Cash and Cash Equivalents, Trade Receivables and Trade and Other Payables

The carrying amounts of approximate their fair values due mainly to the relatively short-term maturities of these financial instruments.

Refundable Deposits

The carrying amount approximates it fair value as the effect of discounting is not considered material.

Lease Liabilities

The carrying amount approximates its fair value because the difference between the interest rate of this instrument and the prevailing market rate for a similar instrument is not considered significant

**22. Financial Risk Management**

Financial Risk Management Objectives and Policies

The Company is exposed to financial risks such as market risk which includes foreign currency exchange rate risk, interest rate risk, credit risk and liquidity risk. The Company's policies and objective in managing these risks are summarized below:

**Credit Risk**

Credit risk is the risk that a counterparty will not meet its obligation under a financial instrument or customer contact, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily from cash and cash equivalents and receivables).

With respect to credit risk arising from the Company's financial assets, which comprise of cash and cash equivalents, trade receivables and refundable deposits, the Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these instruments.

The Company controls this risk through monitoring procedure and regular coordination with the debtors. Receivable balances are monitored on an ongoing basis with the result that its exposure to bad debts is not significant

The table below presents the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cash and cash equivalents* | 6 | **775,480,589** | 287,500,507 |
| Trade receivables | 7 | **70,246,936** | 73,704,673 |
| Refundable deposits | 12 | **11,989,201** | 11,965,201 |
| | | **857,716,726** | 373,170,381 |

*Excluding Cash on hand amounting P50,000 in 2023 and 2022.

The Company does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

ECLs are a probability-weighted estimate of credit losses (i.e., the present value of all cash shortfalls) over the expected life of the financial instrument.

The Company's current credit risk grading framework comprises the following categories:

| Category | Description | Basis for Recognizing Expected Credit Losses |
|---|---|---|
| Performing | The counterparty has a low risk of default and does not have any past-due amounts | 12month ECL |
| Doubtful | Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition | Lifetime ECL - not credit-impaired |
| In default | Amount is >90 days past due or there is evidence indicating the asset is credit-impaired | Lifetime ECL - credit-impaired |
| Write-off | There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery | Amount is written-off |

The following table details the credit quality of the Company's financial assets and other items, as well as the Company's maximum credit exposure to credit risk by credit risk rating grades as at March 31, 2023 and 2022:

| 2023 | Note | Internal Credit-rating | 12m or Lifetime ECL | Gross Carrying Amount | Loss Allowance | Net Carrying Amount |
|---|---|---|---|---|---|---|
| Cash and cash equivalents | 6 | Performing | 12m ECL | 775,480,589 | - | 775,480,589 |
| Trade receivables | 7 | Performing | Lifetime ECL (simplified approach) | 70,246,936 | - | 70,246,936 |
| Refundable deposits | 12, 18 | Performing | 12m ECL | 11,989,201 | - | 11,989,201 |
| | | | | **857,716,726** | **-** | **857,716,726** |

| 2022 | Note | Internal Credit-rating | 12m or Lifetime ECL | Gross Carrying Amount | Loss Allowance | Net Carrying Amount |
|---|---|---|---|---|---|---|
| Cash and cash equivalents | 6 | Performing | 12m ECL | 287,500,507 | - | 287,500,507 |
| Trade receivables | 7 | Performing | Lifetime ECL (simplified approach) | 73,704,673 | - | 73,704,673 |
| Refundable deposits | 12, 18 | Performing | 12m ECL | 11,965,201 | - | 11,965,201 |
| | | | | **373,170,381** | **-** | **373,170,381** |

For trade and other receivables, the Company has applied the simplified approach in PFRS 9 to measure the loss allowance at lifetime ECL. The Company determines the ECL on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of these assets is presented based on their past due status in terms of the provision matrix.

**Liquidity Risk**

Liquidity risk arises when the Company encounters difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's objective of managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company manages liquidity risk by maintaining a level of liquid assets deemed sufficient to finance the operations and to mitigate the effect of fluctuation in cash flows.

The following tables detail the Company's remaining contractual maturity for its

non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

| | Note | Within 12 Months | More than 12 Months |
|---|---|---|---|
| 31-Mar-23 | | | |
| Trade and other payables | 13 | **30,090,037** | P - |
| Lease liabilities | 18 | **29,558,186** | 0 |
| | | **59,648,223** | 0 |

| | Note | Within 12 Months | More than 12 Months |
|---|---|---|---|
| 31-Mar-22 | | | |
| Trade and other payables | 13 | **26,598,932** | P - |
| Lease liabilities | 18 | **46,260,756** | 23,688,554 |
| | | **72,859,688** | 23,688,554 |

**Interest Rate Risk**

Interest rate risk is the risk that the value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The primary source of the Company's interest rate risk relates to cash in banks and lease liabilities. The interest rates on these assets is disclosed in Notes 6 and 18.

The Company has a policy in place in managing interest rate risk and is monitored on an ongoing basis.

**Foreign Currency Risk**

Foreign exchange risk arises when an investment 's value changes due to variations in the currency exchange rate. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities that are denominated in a currency that is not the Company's functional currency. The Company undertakes certain transactions denominated in Philippine Peso. Hence, exposures to exchange rate fluctuations arise with respect to such transactions.

Significant fluctuation in the exchange rates could significantly affect the Company's financial position. The Company has a policy in place in managing foreign currency risk and is monitored on an ongoing basis.

The carrying amounts of the Company's foreign currency denominated monetary assets as at March 31, 2023 and 2022 are as follows:

| | **2023** | 2022 |
|---|---|---|
| Cash and cash equivalents | **135,075,825** | 157,618,826 |
| Trade and other receivables | **70,246,936** | 73,704,673 |
| Total exposure | **205,322,761** | 231,323,499 |

The following table details the Company's sensitivity to the exchange rate fluctuation of U.S. Dollar against Philippine Peso. The sensitivity rates used in reporting foreign currency risk internally to key management personnel is 5% in 2023 and 3.75% in 2022, respectively, which represent Management's assessment of the reasonably possible change in foreign exchange rates based on historical trends. The sensitivity analysis includes only outstanding foreign currency-denominated monetary items as at the end of the reporting period. A negative number below indicates a decrease in profit when the US Dollar strengthen by 5% in 2023 and 3.75% in 2022 against the relevant currency. For a 5% increase of the US Dollars against Philippine Peso in 2023 and 2022, there would be an equal and opposite impact on profit and the balances below would be negative.

**Effect on Net Income after Tax and Equity for the Year**

| | **2023** | **2022** |
|---|---|---|
| Cash and cash equivalents | **6,753,791.00** | 5,910,706 |
| Trade and other receivables | **3,512,347.00** | 2,763,925 |
| | **10,266,138.00** | 8,674,631 |

The above sensitivity analysis is applicable in determining the effect on equity of the changes in foreign exchange rates.

In Management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios in order to support its business, maximize shareholder value, maintain various stakeholders' confidence and sustain future development of the business. The Company manages its capital structure and makes adjustments to these ratios in light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may issue stock dividend to shareholders, return or issue capital. No significant changes have been made in the capital management approach as they have been applied in previous years. The Company has not been subjected to externally imposed capital requirements. No major changes were made in the objectives, policies and procedures in 2023 and 2022.

The debt to equity ratio at year-end was as follows:

| | **2023** | 2022 |
|---|---|---|
| Debt | **100,025,449** | 126,994,164 |
| Equity | **814,687,612** | 363,483,103 |
| | **0.12:1** | 0.35:1 |

# REPORT OF INDEPENDENT AUDITORS

The Stockholders and Board of Directors
**vCustomer Philippines (Cebu), Inc.**
6th Floor EBLOC 3, Geonzon St. Cebu IT Park
Apas Lahug, Cebu City

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of vCustomer Philippines (Cebu), Inc. (the “Company”), a wholly owned subsidiary of vCustomer Philippines, Inc., which comprise the statements of financial position as at March 31, 2023 and 2022, statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended, and notes, including significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2023 and 2022, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards.

**Basis for Opinion**

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

**Auditors’ Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Supplementary Information Required Under Revenue Regulations No. 15-2010 of the Bureau of Internal Revenue

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in Note 23 to the basic financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management. The supplementary information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# NOTES TO THE FINANCIAL STATEMENTS

**1. Reporting Entity**

vCustomer Philippines (Cebu), Inc. (the "Company") was incorporated on January 20, 2011 primarily to carry on the business of providing services to customers in any part of the world through any and all medium of communication including internet and telephone including management services, solutions to business problems, web designing, customer relations, development/production of software and software systems, data warehousing , data mining, processing and analysis including assimilation, sorting, processing and communication of date ang graphs, development of computer system, software development, data preparation and verification, data analysis, data transmission and computation through the computer or other devices encompassing digital, analogue and graphic processes and any other medium and processes as may evolve and to deal on all areas relating to information technology; to undertake merchandising and logistic activities in the area of electronic commerce as well as other form of commerce and commercial transactions and to undertake the operation and management of e-mail services centers, customer response centers, computer education and centers for the foregoing operations, loyalty incentive and motivation programmes, direct marketing activities, database management, back office support and all internet and web related work; and in addition, to have shared resources and assets with other entities providing similar services.

The Company is a wholly owned subsidiary of vCustomer Philippines, Inc. (the "Parent Company"), a Company incorporated in the Philippines, and located at 3rd Floor eCommerce Plaza, Eastwood Cyberpark, Quezon City. The Parent Company is a wholly owned subsidiary of Tech Mahindra Limited (the "Ultimate Parent"), a corporation organized and existing under the laws of India.

In February 2021, Security and Exchange Commission (SEC) approved the Company's change of principal place of business or registered address from 90 General Maxilom Avenue, Cebu City to at 6th Floor EBLOC 3, Geonzon St. Cebu IT Park, Apas Lahug, Cebu City.

The Parent Company's registered principal office address is at 3rd Floor, eCommerce Plaza, Eastwood Cyberpark, Quezon City, Philippines.

The Company is registered with the Philippine Economic Zone Authorities (PEZA) under Republic Act No. 7916 (The Special Economic Zone Act of 2005) as an Ecozone IT Enterprise on February 8, 2011.

The Company is concurrently registered with the Philippine Board of Investments (BOI) under Executive Order No. 226 (Omnibus Investment Code of 1987) as an Export Market Enterprise on December 22, 2022.

Registration with the Philippine Economic Zone Authority (PEZA)

JESA Building, Cebu City (2nd, 4th, 5th and 6th Floors) On February 8, 2011, the Company was registered with the Philippine Economic Zone Authority (PEZA) as an Ecozone IT enterprise. The Company is entitled to incentives granted to non-pioneer projects under Republic Act (RA) 7916, the Special Economic Zone Act of 1995, as amended, and the PEZA IT Guidelines, which include a 4-year corporate Income Tax Holiday (ITH) for the original project in the JESA Building effective from the date of start of commercial operations. After the lapse of ITH, the Company is subject to a 5% Gross Income Tax (5% GIT) incentive, in lieu of all national and local taxes. The Company started its commercial operations on July 1, 2011 and enjoyed the ITH up to June 30, 2015.

On February 20, 2015, the PEZA approved the Company's application for the ITH extension based on Net Foreign Exchange Earnings (NFEE) criterion in accordance with EPZA (now PEZA) General Circular No. 94-001 and Rule XV, Section 6, Paragraph A (6) of the PEZA Rules. The ITH extension covered the period of July 1, 2015 to June 30, 2016.

On October 18, 2016, the PEZA approved the Company's application for the additional ITH extension based on Capital Equipment to Labor Ratio (CELR) criterion in accordance with EPZA (now PEZA) General Circular No. 94-001 and Rule XV, Section 6, Paragraph A (6) of the PEZA Rules. The additional ITH extension covered the period of July 1, 2016 to June 30, 2017. Effective July 1, 2017, the Company's ITH lapsed.

Starting July 1, 2017, the JESA Building site is subject to the 5% GIT incentive. As at March 31, 2021, the lease agreement in JESA Building was not renewed. The existing 5% GIT incentive are transferred to the existing operations at the 7th,8th, and 9th floors of EBLOC Tower 3. EBLOC Tower 3, Cebu IT Park, Cebu City (7th, 8th and 9th Floors)

Under the Supplemental Agreement (SA) dated February 26, 2015, the PEZA approved a new non-pioneer project located at 7th and 8th Floor, EBLOC Tower 3, Cebu IT Park, Cebu City. The Company amended the SA dated August 17, 2015 to include the Company's application for its additional sales, customer, technical and shared service support activities at the 9th floor EBLOC Tower 3. On March 7, 2016, the entitlement to the 4-year ITH was validated and confirmed/approved. The Company started its commercial operations on April 1, 2015 and enjoyed the ITH up to March 31, 2019.

On September 05, 2019, PEZA approved the Company's application for ITH extension based on Net Foreign Exchange Earnings (NFEE) criterion in accordance with EPZA (now PEZA) General Circular No. 94-001 and Rule XV, Section 6, Paragraph A (6) of the PEZA Rules. The ITH extension covered the period of April 1, 2019 to March 31, 2020. On June 7, 2020, the Company received a certification from PEZA that it has filed anapplication for the extension of ITH covering the period from April 1, 2020 to March 31, 2021. The Company received a Certification from PEZA of its entitlement to 5% GIT on December 31, 2021.

**EBLOC Tower 3, Cebu IT Park, Cebu City (6th Floor)**

Under Supplemental Agreement (SA) dated July 23, 2019, the PEZA approved the Company's expansion project on sales support, customer support, technical support and shared service located at 6th Floor,EBLOC Tower 3, Cebu IT Park, Cebu City. On April 22, 2020, PEZA approved the date of Start ofCommercial Operation (SCO) of its expansion project which gave the Company an ITH entitlement from September 1, 2019 to August 31, 2022. The Company received a Certification from PEZA of its entitlement to ITH on December 31, 2021.

**Filinvest Cebu, Cyberzone Tower 2, Cebu City (14th, 15th, 16th and 17th Floors)**

Under Supplemental Agreement (SA) dated July 23, 2019, the PEZA approved the Company's application for registration of new activity, particularly to engage in sales support, customer support, technical support and shared services at the 14th, 15th, 16th and 17th Floors of Filinvest Cebu Cyberzone Tower 2. The Company received a Certification from PEZA of its entitlement to ITH on December 31, 2021.

Under Supplemental Agreement (SA) dated October 28, 2021, the PEZA approved the Company's request for expansion project in providing sales support, customer support, technical support, back-end support, shared services at the 10th ,11th & 12th Floors, Filinvest Cebu Cyberzone. The Company received a Certification from PEZA of its entitlement to ITH on December 31, 2021. On June 16, 2022, the PEZA approved the Company's request for extension of operations to add 9th floor Filinvest Cebu Tower 2 to the existing SA for 10th, 11th & 12th floor Filinvest Cebu Tower 2. Operations on the 9th floor will be covered by the same incentives under SA dated October 28, 2021.

Under Supplemental Agreement (SA) dated October 10, 2022, the PEZA approved the Company's request for its expansion activity, specifically to engage in providing sales support, customer support, technical support, back end support, shared services at the 18th Floor, Filinvest Cebu Cyberzone Tower 2, Filinvest Cebu Cyberzone, Salinas Drive Cor. W. Geonzon St., Barangay Apas, Lahug, Cebu City. The Company's expansion project is entitled to three (3) years Income Tax Holiday (ITH) on incremental sales. The income qualified shall be limited to the income directly attributable to the eligible revenue generated from the approved project. After the lapse of ITH, the Company is subject to a 5% Gross Income Tax (5% GIT) for 10 years. Thereafter, the Registrant shall pay the Regular Corporate Income Tax (RCIT) for the approved project.

## 2. Basis of Preparation

**Statement of Compliance**

The financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs). PFRSs are based on International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB). PFRSs which are issued by the Financial and Sustainability Reporting Standards Council (FSRSC), consist of PFRSs, Philippine Accounting Standards (PASs), and Philippine Interpretations.

**Basis of Measurement**

The financial statements have been prepared on a historical cost basis of accounting except for retirement benefits obligation which is recognized at the present value of the defined benefits obligation.

**Functional and Presentational Currency**

These financial statements are presented in Philippine Peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded in the nearest peso, except when otherwise indicated.

**Authorization for the Issuance of the Financial Statements**

The accompanying financial statements of the Company as of and for the years ended March 31, 2023 and 2022 was authorized for issue by the Board of Directors (BOD) on May 15, 2023.

## 3. Adoption of New Standards, Amendments to Standards and Interpretations

The Company has adopted the following amendments to standards starting April 1, 2022 and accordingly, changed its accounting policies. Except as otherwise indicated, the adoption of these new and amendments to standards did not have any significant impact on the Company's separate financial statements. These are as follows:

**Effective January 1, 2022**

- Property, Plant and Equipment - Proceeds before Intended Use (Amendments to PAS 16, Property, Plant and Equipment). The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment the proceeds from selling items produced before that asset is available for use. The proceeds before intended use should be recognized in profit or loss, together with the costs of producing those items which are identified and measured in accordance with PAS 2, Inventories.

  The amendments also clarify that testing whether an item of property, plant and equipment is functioning properly means assessing its technical and physical performance rather than assessing its financial performance.

  For the sale of items that are not part of a company's ordinary activities, the amendments require the company to disclose separately the sales proceeds and related production cost recognized in profit or loss and specify the line items in which such proceeds and costs are included in the statement of comprehensive income (loss). This disclosure is not required if such proceeds and cost are presented separately in the statement of comprehensive income (loss).

  The amendments are effective for annual reporting periods beginning on or after January 1, 2022. Earlier application is permitted. The amendments apply retrospectively, but only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented in the financial statements in which the company first applies the amendments.

- Onerous Contracts - Cost of Fulfilling a Contract (Amendment to PAS 37 Provisions, Contingent Liabilities and Contingent Assets). The amendments clarify that the cost of fulfilling a contract when assessing whether a contract is onerous includes all costs that relate directly to a contract - i.e. it comprises both incremental costs and an allocation of other direct costs.

  The amendments are effective for annual reporting periods beginning on or after January 1, 2022 to contracts existing at the date when the amendments are first applied. At the date of initial application, the cumulative effect of applying the amendments is recognized as an opening balance adjustment to retained earnings or other component of equity, as appropriate. The comparatives are not restated. Earlier application is permitted.

- Annual Improvements to PFRS Standards 2018-2020. This cycle of improvements contains amendments to four standards:

  Fees in the '10 per cent' Test for Derecognition of Financial Liabilities (Amendment to PFRS 9, Financial Instruments). The amendment clarifies that for the purpose of performing the '10 per cent' test for derecognition of financial liabilities, the fees paid net of fees received included in the discounted cash flows include only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

  Lease Incentives (Amendment to Illustrative Examples accompanying PFRS 16). The amendment deletes from the Illustrative Example 13 the reimbursement relating to leasehold improvements to remove the potential for confusion because the example had not explained clearly enough the conclusion as to whether the reimbursement would meet the definition of a lease incentive in PFRS 16.

**Amendments Issued but Not Yet Adopted**

A number of amendments to standards effective for annual periods beginning after April 1, 2023. However, the Company has not early adopted the following new or amended standards in preparing these separate financial statements. Unless otherwise stated, none of these are expected to have a significant impact on the Company's separate financial statements.

**Effective April 1, 2023**

- Classification of Liabilities as Current or Non-current (Amendments to PAS 1, Presentation of Financial Statements). To promote consistency in application and clarify the requirements on determining whether a liability is current or non-current, the amendments:

- removed the requirement for a right to defer settlement of a liability for at least twelve months after the reporting period to be unconditional and instead requires that the right must have substance and exist at the end of the reporting period;

- clarified that a right to defer settlement exists only if the company complies with conditions specified in the loan agreement at the end of the reporting period, even if the lender does not test compliance until a later date; and

- clarified that settlement of a liability includes transferring a company's own equity instruments to the counterparty, but conversion options that are classified as equity do not affect classification of the liability as current or non-current.

  The amendments apply retrospectively for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted.

  In November 2021, the International Accounting Standards Board issued the Exposure Draft, Non-Current Liabilities with Covenants, after considering stakeholder feedback on the December 2020 tentative agenda decision issued by the IFRS Interpretations Committee about the amendments. The exposure draft proposes to again amend IAS 1 as follows:

- conditions which the entity must comply within twelve months after thereporting period will have no effect on the classification as current or non-current.

- additional disclosure requirements will apply to non-current liabilities subject to such conditions to enable the assessment of the risk that the liability could become repayable within twelve months.

- separate presentation in the statement of financial position will be required for non-current liabilities for which the right to defer settlement is subject to conditions within 12 months after the reporting period.

  The effective date of the amendments will be deferred to no earlier than January 1, 2024. Comments on the Exposure Draft is due on March 21, 2022.

- Definition of Accounting Estimates (Amendments to PAS 8, Accounting Policies, Changes in Accounting Estimates and Errors). To clarify the distinction between changes in accounting policies and changes in accounting estimates, the amendments introduce a new definition for accounting estimates, clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an accounting estimate is developed to achieve the objective set out by an accounting policy. Developing an accounting estimate includes both selecting a measurement technique and choosing the inputs to be used when applying the chosen measurement technique. The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies remain unchanged. The amendments also provide examples on the application of the new definition. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the amendments are applied.

- Disclosure of Accounting Policies (Amendments to PAS 1, Presentation of Financial Statements and PFRS Practice Statement 2, Making Materiality Judgements). The amendments are intended to help companies provide useful accounting policy disclosures. The key amendments to PAS 1 include:

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;

- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and

- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

  The amendments to PFRS Practice Statement 2 includes guidance and additional examples on the application of materiality to accounting policy disclosures. The amendments are effective from January 1, 2023. Earlier application is permitted.

- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to PAS 12, Income Taxes). The amendments clarify that that the initial recognition exemption does not apply to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning obligations.

  The amendments apply for annual reporting periods beginning on or after January1, 2023. Earlier application is permitted.

  For leases and decommissioning liabilities, the associated deferred tax assets and liabilities will be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other appropriate component of equity at that date. For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

## 4. Significant Accounting Policies

The significant accounting policies and practices applied in the preparation of these financial statements are set forth to facilitate the understanding of data presented in the financial statements. These policies have been consistently applied to all years presented unless otherwise stated.

**Current versus Noncurrent Classification**

The Company presents assets and liabilities in the statements of financial position based on current or noncurrent classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve (12) months after the financial reporting period;
- Expected to be settled on demand; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve (12) months after the financial reporting period.

All other assets are classified as noncurrent. Deferred tax assets are classified as noncurrent assets.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve (12) months after the financial reporting period;
- It is expected to be settled in demand; or
- There is no unconditional right to defer the settlement of the liability for at least twelve (12) months after the financial reporting period.

All other liabilities are classified as noncurrent. Deferred tax liabilities are classified as noncurrent liabilities.

Financial Instruments

**Financial Assets**

Financial assets are recognized when the Company becomes a party to the contractual provisions of a financial instrument. Financial assets are derecognized when the rights to receive cash flows from the financial assets expire, or if the Company transfers the financial asset to another party and does not retain control or substantially all risks and rewards of the asset. Purchases and sales of financial assets in the normal course of business are accounted for at settlement date (i.e., the date that the asset is delivered to or by the Company). At initial recognition, the Company measures its financial assets at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset

Financial instruments are recognized initially at fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated as fair value through profit or loss, includes transaction costs.

After initial recognition, the Company classifies its financial assets as subsequently measured at either i) amortized cost, ii) fair value through other comprehensive income or iii) fair value through profit or loss on the basis of both:

The Company's business model for managing the financial assets.

The contractual cash flow characteristics of the financial asset.

Subsequent to initial recognition, financial assets are measured as described below.

At each balance sheet date, the Company assesses whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognizes a loss allowance for expected credit losses for financial assets measured at either amortized costs or at fair value through other comprehensive income. If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 months of expected credit losses.

If, at the reporting date, the credit risk on a financial instrument has increased significantly since initial recognition, the Company measures the loss allowance for the financial instrument at an amount equal to the lifetime expected credit losses. The Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

**Financial Assets at Amortized Cost**

Financial assets are measured at amortized cost if both i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset measured at amortized cost is initially recognized at fair value plus transaction cost directly attributable to the asset. After initial recognition, the carrying amount of the financial asset measured at amortized cost is determined using the effective interest method, less any impairment losses.

Financial assets at amortized cost are classified as current assets when the Company expects to realize the asset within 12 months from reporting date. Otherwise, these are classified as noncurrent assets.

Cash and cash equivalents, trade and other receivables and refundable deposits are generally included in this category.

Cash includes cash on hand, cash in banks and cash equivalents.

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The Company classifies an investment as cash equivalent if that investment has a maturity of three months or less from the date of acquisition.

**Financial Liabilities**

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of a financial instrument. Financial liabilities are derecognized when the Company's obligations specified in the contract expire or are discharged or cancelled.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs.

The Company generally classifies all financial liabilities as subsequently measured at amortized cost.

Financial liabilities are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Trade and other payables and lease liabilities are generally included in this category.

**Prepaid Expenses and Other Current Assets**

Prepaid expenses represent expenses not yet incurred but already paid in cash. Prepaid expenses are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as they are consumed in operations or expire with the passage of time.

Other current assets pertain to resources controlled by the Company as a result of past events and from which future economic benefits are expected to flow to the Company.

Prepaid expenses and other current assets are classified in the statements of financial position as current asset when the cost of services related to the prepaid expenses and other current assets are expected to be incurred within one year or the Company's normal operating cycle, whichever is longer. Otherwise, prepaid expenses are classified as non-current assets.

**Property and Equipment**

Property and equipment are initially measured at cost. The cost of an item of property and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and

- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by Management.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

At the end of each reporting period, items of property and equipment are measured at cost less any subsequent accumulated depreciation and impairment losses.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expenses in the period in which those are incurred.

Depreciation is computed on the straight-line method based on the estimated useful lives of the assets as follows:

| | Number of Years |
|---|---|
| Office equipment | 5 |
| Communication equipment | 3 |
| Furniture and fixtures | 3 |
| Leasehold improvements | 3 or lease term whichever is shorter |

Leasehold improvements are amortized over the improvements' useful life of three years or when shorter, the term of the relevant lease.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

At the end of each reporting period, the Company assesses whether there is any indication that any of its property and equipment is impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognized as an expense.

Impairment losses recognized in prior periods are assessed at the end of each reporting period for any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

**Intangible Assets**

Intangible Asset Acquired Separately

Intangible assets are initially measured at cost. Subsequent to initial recognition, intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over the estimated useful lives. The estimated useful life and the amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

**Share Capital**

Ordinary shares is classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds, net of tax.

**Retained Earnings**

Retained earnings and deficit represent accumulated profits and losses earned and incurred by the Company. Retained earnings and deficit may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

**Revenue Recognition**

The Company identifies each distinct performance obligation to transfer services. The Company recognizes revenue when (or as) it satisfies a performance obligation by transferring the control of services to the customer. The transaction price is the amount of consideration the Company expects to receive under the arrangement. The Company concluded that it is acting as principal for its revenue arrangement.

Sale of Services. The Company provides services assistance to its Parent Company in the ordinary course of business. Such services are recognized as a performance obligation satisfied over time.

Interest income. Interest income is recognized as the interest accrues using the effective interest method

**Expense Recognition**

Expenses are decreases in economic benefits during the accounting period in the form of outflows or decrease of assets or increase of liabilities that result in decrease in equity, other than those relating to distributions to equity participants.

**Employee Benefits**

Short-Term Benefits

The Company recognizes a liability, net of amounts already paid, and an expense for services rendered by employees during the accounting period. A liability is also recognized for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

**Post-Employment Benefits**

Defined Benefit Plan

The Company classifies its retirement benefit as defined benefit plans. Under the defined benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), are reflected immediately in the statements of financial position with a charge or credit recognized in OCI in the period in which they occur. Remeasurement recognized in OCI is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefits liability or asset. Defined benefits costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurements.

The Company presents the first two components of defined benefits costs in profit or loss in the line item ‘retirement benefits costs. Curtailment gains and losses are accounted for as past service costs.

The retirement benefits obligation recognized in the statements of financial position represents the liability of the Company for its post-employment benefits.

**Compensated Leave Credits**

The Company’s net obligation in respect of accumulated leaves is the amount of future benefit that employees have earned in return for their services in the current and prior periods. This benefit is discounted to determine its present value. Remeasurements are recognized in profit or loss in the period in which they arise.

**Leases**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration.

**As a Lessee**

The Company recognizes a right-of-use assets and a lease liabilities at the lease commencement date. The right-of-use assets are initially measured at cost, which comprises the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of costs to dismantle and remove or restore the underlying asset or the site on which it is located, less any incentives received.

The right-of-use assets are subsequently depreciated using the straight-linemethodfrom the commencement date to the earlier of the end of the useful life of the right-of-use assets or the end of lease term. The estimated useful lives of theright-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use assets are periodically reduced byimpairment losses, if any, and adjusted for certain remeasurements of the lease liabilities.

The lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company’s incremental borrowing rate. Generally, the Company uses its incremental borrowing rates as the discount rate.

Lease payments included in the measurement of the lease liabilities comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liabilities are measured at amortized cost using the effective interest method. This are remeasured if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment. When the lease liabilities are remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use assets or is recorded in profit or loss if the carrying amount of the right-of-use assets has been reduced to zero.

The ROU assets and lease liabilities are presented in the statements of financial position separately from other assets and liabilities, respectively.

**Related Party Transactions**

A related party transaction is a transfer of resources, services or obligations between the Company and a related party, regardless of whether a price is charged. Related party relationship exists when one party has the ability to control, directly or indirectly, through one or more intermediaries, the other party or exercise significant influence over the other party in making the financial and operating decisions. Such relationship also exists between and/or among entities under common control with the reporting enterprises and their key management personnel, directors, or its stockholders. Related parties may be individuals or corporate entities. In considering each possible related party relationships, attention is directed to the substance of the relationship, and not merely the legal form.

**Income Taxes**

Income tax expense recognized in the statements of comprehensive income of the Company represents the current tax expense and deferred tax expense.

Under the Company's registration with the PEZA pursuant to the provisions of Republic Act (R.A.) No. 7916, the Company is subject to 5% final tax on gross income from PEZA-registered activities in lieu of payment of national and local taxes.

Uncertainties related to taxes that are not income taxes are recognized and measured in accordance with PAS 37 unless they are dealt with specifically in another standard.

If there is uncertainty about an income tax treatment, then the Company considers whether it is probable that a tax authority will accept the Company's tax treatment included in its tax filing. The underlying assumption in the assessment is that a tax authority will examine all amounts reported and will have full knowledge of all relevant information.

**Current Tax**

The current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using 5% of gross income earned from registered activities. For income other than its registered activities, tax rate is 25%. For income other than its registered activities, tax rate is 25% or exempt when the activities are included under income tax holiday.

**Deferred Tax**

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, while deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

**Provisions**

Provisions are recognized when the Company has a present obligation, either legal or constructive, as a result of a past event, it is probable that the Company will be required to settle the obligation through an outflow of resources embodying economic benefits, and the amount of the obligation can be estimated reliably.

The amount of the provision recognized is the best estimate of the consideration required to settle the present obligation at the end of each reporting period, taking into account the risks and uncertainties surrounding the obligation. A provision is measured using the cash flows estimated to settle the present obligation. Its carrying amount is the present value of those cash flows.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

**Contingencies**

Contingent liabilities are not recognized in the financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed when an inflow of economic benefits is probable.

**Foreign Currency**

Transactions in currencies other than Philippine peso are recorded at the rates of exchange prevailing on the dates of the transactions. At the end of each reporting period, monetary assets and liabilities that are denominated In foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Gains and losses arising on retranslation are included in profit or loss for the year. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are not retranslated.

**Events After the Reporting Period**

The Company identifies events after the end of each reporting period as those events, both favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. The financial statements of the Company are adjusted to reflect those events that provide evidence of conditions that existed at the end of the reporting period. Non-adjusting events after the end of the reporting period are disclosed in the notes to financial statements when material.

**5. Critical Accounting Judgments and Key Sources of Estimation Uncertainty**

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

**Critical Judgments in Applying Accounting Policies**

The following are the critical judgments, apart from those involving estimations, that Management have made in the process of applying the entity 's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

**Functional Currency**

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has determined to be the Philippine Peso.

The Philippine Peso is the currency of the primary economic environment in which the Company operates. It is the currency that mainly influences the Company's cost of operation, and in effect, its revenue.

Determination of the Term and Discount Rate of Lease Arrangements

Where the Company is the lessee, management is required to make judgments about whether an arrangement contains a lease, the lease term and the appropriate discount rate to calculate the present value of the lease payments.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases entered into by the Company as lessee, management uses the incremental borrowing rate, being the rate that the Company would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security, and conditions.

To determine the incremental borrowing rate, the Company uses an approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company and makes adjustments specific to the lease.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if it is reasonably certain that the lease will be extended (or not terminated) and, as such, included within lease liabilities.

The Company normally considers in the assessment whether there are significant penalties to terminate, significant remaining value of leasehold improvements and historical lease durations, the costs and business disruption for replacing the leased asset, enforceability of the option, and business and other developments.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and is within the lessee's control.

**Key Sources of Estimation Uncertainties**

The following are key estimates concerning the future and other key sources of estimation uncertainty as at end of reporting period that have the most significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

**Impairment of Property and Equipment**

The Company assesses at the end of each reporting period whether there is any indication that its property and equipment is impaired. The factors that the Company considers important which could trigger an impairment review include the following:

- significant underperformance relative to the expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

Management assessed that there are no indicators of impairment affecting the noncurrent financial assets as at March 31, 2023 and 2022.

As at March 31, 2023 and 2022, the carrying amount of property and equipment amounted to P253,040,365 and P306,462,940, respectively (see Note 9).

**Estimating Retirement Benefits Obligation**

The present value of the retirement benefits obligation depends on a number of assumptions that are determined on an actuarial basis. The assumptions used in determining the net cost (income) for retirement benefits include the discount rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the retirement benefits liability. Other key assumptions include future salary, mortality and attrition. Additional information is disclosed in Note 18.

Retirement benefits obligation amounted to P51,869,900 and P46,392,900 and as at March 31, 2023 and 2022, respectively (see Note 18).

**Provisions and Contingencies**

The recognition of provisions on claims requires estimates and judgment regarding the timing and the amount of outflow of resources. Assessment by internal and external legal counsel, where appropriate, determines whether it is probable that an outflow of resources will be required to settle an obligation. If this is the case, the best estimate of the outflow of resources is recognized.

The Company has no provision for probable losses as at March 31,2023 and 2022.

## 6. Cash and Cash Equivalents

This account consists of:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cash on hand | | **P70,000** | P70,000 |
| Cash in banks | 21 | **101,347,721** | 26,505,781 |
| Time deposits | 21 | **50,000,000** | 405,220,000 |
| | 20 | **P151,417,721** | P431,795,781 |

Interest income on cash in banks and time deposits amounted to P281,157 in 2023 and P186,590 in 2022.

## 7. Trade and Other Receivables

This account consists of:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Trade receivables | 13, 20, 21 | **P403,346,146** | P165,618,969 |
| Advances to employees | | **9,189,871** | 7,965,168 |
| Advances to suppliers | | **6,837,222** | 4,137,221 |
| | | **P419,373,239** | P177,721,358 |

Trade receivables have average credit terms of 60 days.

## 8. Prepaid Expenses and Other Current Assets

This account consists of:

| | 2023 | 2022 |
|---|---|---|
| Prepaid utilities | **P1,551,544** | P8,910,318 |
| Prepaid insurance | **398,244** | 324,931 |
| Others | **2,738,355** | 2,383,082 |
| | **P4,688,143** | P11,618,331 |

Prepaid insurance pertains to the unamortized payments for the Health Maintenance Organization (HMO) coverage of the Company's employees.

Others consist of unamortized payments for maintenance fees and membership dues and advance payments for advertising.

## 9. Property and Equipment - net

The movements in this account are as follows:

| 2023 | Office Equipment | Communication Equipment | Leasehold Improvements | Furniture and Fixtures | Total |
|---|---|---|---|---|---|
| **Cost** | | | | | |
| Balance at beginning of year | P425,397,128 | P97,923,398 | P435,479,625 | P18,581,010 | P977,381,161 |

The depreciation is presented as part of the following:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cost of services | 15 | **P166,300,258** | P143,564,986 |
| Operating expenses | 16 | **33,099,654** | 29,755,603 |
| | | **P199,399,912** | P173,320,589 |

In 2023 and 2022, the Company has a gain on sale of fixed asset amounted to P5,144,070 and P5,257,108, respectively.

**10. Intangible Assets - net**

Intangible assets pertain to capitalized computer software. The movements in this account are as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| **Cost** | | | |
| Beginning of year balance | | **P2,610,494** | P1,768,013 |
| Additions | | **-** | 1,142,545 |
| Disposals | | **(62,021)** | (300,064) |
| | | **2,548,473** | 2,610,494 |
| **Accumulated Amortization** | | | |
| Balance at beginning of year | | **1,224,520** | 999,899 |
| Amortization | 15,16 | **743,364** | 524,685 |
| Disposals | | **(62,021)** | (300,064) |
| **Balance at end of year** | | **1,905,863** | 1,224,520 |
| **Net carrying value** | | **P642,610** | P1,385,974 |

The amortization is presented as part of the following:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Cost of services | 15 | **P621,080** | P367,890 |
| Operating expenses | 16 | **122,284** | 156,795 |
| | | **P743,364** | P524,685 |

**11. Refundable Deposits - net**

This account consists of:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Rental deposits | | **P36,151,968** | P29,471,383 |
| Utilities deposits | | **5,768,165** | 7,219,492 |
| Guaranty deposit | | **27,267,629** | 27,267,629 |
| | | **69,187,762** | 63,958,504 |
| Less allowance for probable losses | | **27,267,629** | 27,267,629 |
| | 20, 21 | **P41,920,133** | P36,690,875 |

Guaranty deposit pertains to the surety bond made to Department of Labor and Employment - National Labor Regulations Commission.

**12. Trade and Other Payables**

This account consists of:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Trade payables | 20, 21 | **P24,876,116** | P24,299,381 |
| Salaries payable | 20, 21 | **93,456,997** | 96,511,841 |
| Accrued expenses | 20, 21 | **21,632,874** | 8,997,735 |
| Payable to government agencies | | **19,515,090** | 16,029,940 |
| Withholding taxes | | **4,192,516** | 4,054,940 |
| Output VAT - net | | **2,558,469** | 841,440 |
| | | **P166,232,062** | P150,735,277 |

Trade payables are normally on a 30-to-90-day credit terms.

Payable to government agencies pertain to employee payroll premium contributions due to government agencies (i.e. Social Security Services (SSS), Philippine Health Insurance Corporation (Philhealth) and Home Development Mutual Fund (HDMF)).

Accrued expenses consist of electricity, legal fees, security services, consultancy, outside services, provision for leave encashment, etc. which are individually insignificant.

## 13. Related Party Transactions

The summary of the Company's transactions and outstanding balances with related parties as at and for the years ended March 31, 2023 and 2022 is as follows:

| | | | | Outstanding Balance | | |
|---|---|---|---|---|---|---|
| **Category/ Transaction** | **Year** | **Note** | **Transaction Amount** | **Trade Receivables** | **Terms** | **Conditions** |
| **Ultimate Parent** | | | | | | |
| Revenue | 2023 | a, 7 | P2,428,824,506 | P376,531,585 | 60 days; non-interest bearing | Unsecured; no impairment |
| | 2022 | a, 7 | 2,108,145,812 | 153,994,192 | | |
| **Affiliate** | | | | | | |
| Revenue | 2023 | c, 7 | 162,931,744 | 26,814,561 | 60 days; | Unsecured; |
| | 2022 | b | 34,560,792 | 11,624,777 | non-interest bearing | no impairment |
| | **2023** | | **P2,591,756,250** | **P403,346,146** | | |
| | **2022** | | **P2,142,706,604** | **P165,618,969** | | |

The Company entered into a Service Agreement with vCustomer Services LLC (vSLLC), a Company incorporated under the laws of the United States of America (USA), an affiliate, for an indefinite period unless mutually terminated, to provide web-based support (chat, email, fax); telephony support (voice); directory assistance; eCRM database management, eCRM database mining; web-based self-help solutions; remote website administration; remote back office support; remote system administration and technical help desk services in the United States through contact center representatives and such other functions as may be required in relation to the performance of its support function.

In consideration thereof, the Company bills vSLLC ten percent (10%) mark-up rate on all costs (cost and operating expenses) incurred by the Company in providing the services. Contract receivables are billed by the Company in US dollars on a periodical basis and are settled in the same currency. vSLLC was merged with Tech Mahindra (Americas), Inc., a subsidiary of Tech Mahindra Limited (TML), on February 2, 2015. Accordingly, billings were made to TML subsequently.

(a) The Company entered into an agreement with Tech Mahindra Philippines wherein all cost incurred by the former (cost and operating expenses) in relation to the service it renders to the latter will be billed at ten percent (10%) mark-up rate.

(b) The Company also entered into a Sub-contract Agreement on September 29, 2021 with Tech Mahindra Business Services Limited (TMBSL), a Company incorporated under the laws of India, for a period of two years, to provide call center services.

    In consideration thereof, the Company bills TMBSL monthly service fee of ten percent (10%) mark-up rate on direct costs incurred by the Company in providing the services. The Company also bills for facility cost and depreciation at a rate of 10% on the cost as agreed by TMBSL and its customer. Contract receivables are billed by the Company in US dollars on a periodical basis and are settled in the same currency.

(c) Compensation of key management personnel for the years ended March 31, 2023 and 2022 is as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Salaries | | **P45,876,316** | P44,470,981 |
| Retirement benefits costs | 18 | **4,404,080** | 4,279,588 |
| Allowance | | **810,000** | 801,000 |
| Other employee benefits | | **11,491,487** | 9,671,147 |
| | | **P62,581,883** | P59,222,716 |

Other employee benefits include 13th month pay, performance bonus, leave encashment and other short-term benefits.

There are no other related party transactions. All related party balances are to be settled in cash.

## 14. Equity

Components of share capital are as follows:

| | 2023 | 2022 |
|---|---|---|
| Authorized 1,000,000, issued, fully paid and outstanding: 950,000 ordinary shares - Php10 par value | **P9,500,000** | P9,500,000 |

On March 31, 2023, the BOD approved an additional appropriation of P540,000,000 from the current retained earnings as at March 31, 2023 for legitimate corporate purposes including expansion projects, business expansions, office renovation and equipment upgrade. Also, on the same date, the BOD approved the reversal of the P686,000,000 appropriation in 2022.

On March 31, 2022, the Company's BOD approved the additional appropriation of P686,000,000 from its current retained earnings as at March 31, 2022 to be used by the Company for its business expansion projects for the year 2022 until 2025. Also, on the same date, the Company's BOD approved the reversal of the appropriated retained earnings in 2021 of P489,000,000 intended for the expansion projects.

On July 25, 2022, the Company's BOD approved the declaration of cash dividends of P421.05 per share on record date of July 25, 2022 and payment date of July 27, 2022 amounted to P400,000,000. This is paid to vCustomer Philippines, Inc., the stockholder who holds full legal and beneficial title to shares of the Company.

## 15. Cost of Services

This account consists of:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Personnel costs | | **P1,538,232,475** | P1,204,629,384 |
| Depreciation | 9, 10, 17 | **252,543,183** | 217,371,979 |

## 17. Lease Agreements

**JESA Building, Cebu City**

The Company entered into lease agreements for the corporate office unit it occupies in Cebu City. The lease term for the corporate office unit cover ten years with a free fitting out period of three months and an option to extend for another ten years. The lease term is from April 1, 2011 to March 31, 2021. Future payments under these lease agreements are subject to escalation rate of fifteen percent (15%) after the first five years. The Company entered into an extension of the lease contract for additional spaces in the same building starting May 1, 2014 up to March 31, 2021. Escalation of three percent (3%) per year is effective starting May 1, 2015. Rent free construction period is for two months.

During the quarter ended September 30, 2014, the Company entered into a new lease agreement to occupy additional office unit in the same building. The lease term for the unit is from July 1, 2014 to March 31, 2021 with a rent-free construction period from July 1, 2014 to August 31, 2014.

The lease agreements in JESA Building are renewable upon mutual agreement of both the lessor and the lessee. As at March 31, 2021, the lease agreement in JESA Building was not renewed.

The Company derecognized the leased asset on April 1, 2021.

**EBLOC Tower 3, Cebu IT Park, Cebu City**

In 2015, the Company entered into a lease agreement for the office unit and parking spaces for its expansion project located in EBLOC Tower 3, Cebu IT Park, Cebu City. The lease term for office unit is from January 6, 2015 to January 5, 2023 with free rent for the first three months of the actual handover date. Escalation of five percent (5%) per year is effective starting January 1, 2016.

On the same year, the Company entered into a new lease agreement to occupy additional office unit and parking spaces in the same building. The lease term is from May 14, 2015 to January 5, 2023 with free rent for the first three months of the actual handover date. Escalation of five percent (5%) per year is effective starting May 14, 2016.

Another lease agreement was entered by the Company on the same building for the lease of additional office units and parking spaces. The lease term is from October 15, 2015 to January 5, 2023 with free rent for the first three months of the actual handover date. Escalation of five percent (5%) per year is effective starting October 15, 2016.

In 2019, the Company entered into a new lease agreement to occupy additional office unit and parking spaces located on the same building. The lease term is from June 15, 2019 to June 14, 2024. The lease payment is fixed for the entire duration of the lease.

The lease agreements in EBLOC Tower 3 are renewable upon mutual agreement of both the lessor and the lessee.

**Filinvest Cebu, Cyberzone Tower 2, Cebu City**

In 2019, the Company entered into a new lease agreement to occupy office units located in Filinvest Cebu, Cyberzone Tower 2, Cebu City. The lease term is from September 1, 2019 to August 31, 2025 with free rent for the first three months of the actual handover date. Escalation of five percent (5%) per year is effective starting September 1, 2020.

The Company also entered into two new lease agreements on the same building for the lease of additional office units. One lease agreement has a lease term from October 1, 2019 to August 31, 2025 while the other lease agreement has a lease term from December 1, 2019 to August 25, 2025. Both the lease agreements have free rent for the first three months of the actual handover date and escalation of five percent (5%) per year effective October 1, 2020 and December 1, 2020, respectively.

The Company will have the right to renew the lease for two (2) further five-year (5) lease terms by sending a written notice to the lessor not less than six (6) months prior to expiry of the initial term of these lease agreements.

The Company also entered into another lease agreement to occupy additional office unit located on the same building. The lease term is from December 16, 2021 to September 15, 2028. Escalation of five percent (5%) per year is effective starting September 16, 2022.

In 2022, the Company entered into a new lease agreement to occupy additional office unit and parking spaces located on the same building. The lease term is from September 16, 2021 to September 15, 2028. Escalation of five percent (5%) per year is effective starting September 16, 2022.

In 2023, the Company entered into two new lease agreements on the same building for the lease of additional office unit and parking spaces. The lease agreements have lease terms from September 16, 2021 and July 1, 2022, to September 15, 2028. Both the lease agreements have free rent for four months of the actual handover date and escalation of five percent (5%) per year effective September 16, 2022 and September 16, 2023, respectively.

The details of the Company's ROU assets and lease liabilities for these leases as shown below.

**I. ROU Assets**

The movements as at March 31, 2023 and 2022 are as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| **Cost** | | | |
| Balance at beginning of year | | **P574,327,276** | P402,117,877 |
| Additions during the year | | **432,274,810** | 185,543,087 |
| Termination | | **(105,027,016)** | (13,333,688) |
| | | **901,575,070** | 574,327,276 |
| **Accumulated Amortization** | | | |
| Balance at beginning of year | | **P224,689,968** | 149,191,116 |
| Amortization | 15, 16 | **119,615,238** | 88,832,540 |
| Termination | | **(105,027,016)** | (13,333,688) |
| Balance at end of year | | **239,278,190** | 224,689,968 |
| Net carrying value | | **P662,296,880** | P349,637,308 |

**II. Lease Liabilities**

The movements in lease liabilities as at March 31, 2023 and 2022 are as follows:

| | 2023 | 2022 |
|---|---|---|
| Balance at the beginning | **P375,752,493** | P281,591,352 |
| Additions | **432,274,810** | 185,543,087 |
| Accretion of interest expense | **18,260,825** | 15,700,824 |
| Repayments | **(141,701,223)** | (107,082,770) |
| Carrying value | **684,586,905** | 375,752,493 |
| Less current portion | **165,455,330** | 108,383,640 |
| Noncurrent portion | **P519,131,575** | P267,368,853 |

**III. Amounts in Profit or Loss**

Amounts recognized in statements of comprehensive income are as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Depreciation on right-of-use assets | 15, 16 | **P119,615,238** | P88,832,540 |
| Accretion of interest expense | | **18,260,825** | 15,700,824 |
| | | **P137,876,063** | P104,533,364 |

**IV. Future Minimum Lease Payments**

The maturity analysis on the undiscounted lease liabilities is as follows:

| | **2023** | 2022 |
|---|---|---|
| Maturity Analysis - Contractual Undiscounted Cash Flows | | |
| Not more than 1 year | **P363,441,461** | P121,589,713 |
| More than 1 year but less than 5 years | **442,086,800** | 260,725,758 |
| More than 5 years | **309,654,767** | - |
| Total undiscounted lease liabilities | **P1,115,183,028** | P382,315,471 |

There is no short-term lease for the years ended March 31, 2023 and 2022.

## 18. Retirement Benefits Cost

The Company does not have an established formal retirement plan as at March 31, 2023 and 2022. It recognizes retirement benefits costs in accordance with the minimum regulatory benefit under Republic Act No. 7641, which is a defined benefit type. In the absence of a formal established retirement plan, the retirement benefit obligation is not yet funded. Retirement benefits are based on employees' years of service and compensation levels during employment period. Actuarial valuations are made with sufficient regularity. The most recent actuarial valuation was made for the year ended March 31, 2023. The principal actuarial assumptions used to determine retirement benefits were as follows:

**Regulatory Framework in which the Retirement Plan Operates**

In accordance with the provisions of the RA 7641, the Company is required to pay eligible employees at least minimum regulatory benefit upon normal retirement, subject to age and service requirements.

**Responsibilities of Trustee**

Since the Company does not have a formal, trusteed Retirement Plan, there are no Trustees yet.

**Description of Plan Characteristics and Associated Risks**

The calculations were based on the provisions of the minimum mandated benefit under RA 7641. However, it should be noted that in the event a benefit claim arises, the benefit shall immediately be due and payable from the Company.

**Amounts Recognized in the Financial Statements**

The principal actuarial assumptions used to determine retirement benefits were as follows:

| | **2023** | 2022 |
|---|---|---|
| Discount rate | **6.50%** | 5.75% |
| Salary increase rate | **6.00%** | 6.00% |

Maturity Profile of Expected Future Benefit Payments

The Company's expected future benefit payment is shown below:

| | **2023** | 2022 |
|---|---|---|
| Beyond one year not later than 5 years | **P43,957,500** | P41,821,400 |
| Beyond five years (6 to 10 years) | **45,936,800** | 44,537,600 |

The movements of the present value of defined benefit obligation (DBO) which is also the amount of retirement benefits obligation recognized in the statements of financial position is as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Balance at beginning of year | | **P46,392,900** | P28,827,200 |
| Current service cost | 15, 16 | **35,680,400** | 24,438,600 |
| Remeasurement gain | | **(30,961,700)** | (7,153,600) |
| Interest cost | 15, 16 | **2,528,900** | 1,187,300 |
| Benefits paid | | **(2,243,900)** | (906,600) |
| Past service cost | | **473,300** | - |
| Balance at end of year | | **P51,869,900** | P46,392,900 |

The retirement benefits cost recognized as part of "Cost of services" and "Operating expenses" accounts in the statements of comprehensive income for the years ended March 31, 2023 and 2022 were determined as follows

| | Note | 2023 | 2022 |
|---|---|---|---|
| Current service cost | | **P35,680,400** | P24,438,600 |
| Interest cost | | **2,528,900** | 1,187,300 |
| Past service cost | | **473,300** | - |
| | 15, 16 | **P38,682,600** | P25,625,900 |

The retirement benefits costs are broken down as follows:

| | Note | 2023 | 2022 |
|---|---|---|---|
| Costs of services | 15 | **P27,265,409** | P14,991,856 |
| Operating expenses | 16 | **11,417,191** | 10,634,044 |
| | | **P38,682,600** | P25,625,900 |

The movement of cumulative remeasurement gain presented in the statements of changes in equity follows:

| | 2023 | 2022 |
|---|---|---|
| Balance at beginning of year | **P43,410,929** | P36,257,329 |
| Actuarial gain (loss): | | |
| Due from (to) liability experience | **25,983,200** | (4,041,500) |
| Due to liability assumption changes | **4,978,500** | 11,195,100 |
| | **30,961,700** | 7,153,600 |
| Balance at the end of year | **P74,372,629** | P43,410,929 |

Amount, Timing and Uncertainty of Future Cash Flows

Sensitivity analysis on the defined benefits obligation is as follows:

| 2023 | | Sensitivity Analysis | Effect on DBO |
|---|---|---|---|
| Discount rate | 7.50% | 1% increase | (11.35%) |
| Discount rate | 5.50% | 1% decrease | 14.15% |
| Salary increase rate | 7.00% | 1% increase | 14.08% |
| Salary increase rate | 5.00% | 1% decrease | (11.50%) |

| 2022 | | Sensitivity Analysis | Effect on DBO |
|---|---|---|---|
| Discount rate | 6.75% | 1% increase | (12.13%) |
| Discount rate | 4.75% | 1% decrease | 15.15% |
| Salary increase rate | 7.00% | 1% increase | 14.96% |
| Salary increase rate | 5.00% | 1% increase | (12.21%) |

Methods and Assumptions Used in Sensitivity Analysis

All other assumptions were kept constant in determining the sensitivity results above.

Changes since Previous Period

There were no changes in the methods and assumptions used in preparing the sensitivity analysis.

Description of Assets-liability Matching Strategies

Since the DBO is still unfunded, there are no plan assets to match against the DBO.

Description of Funding Arrangement and Policies

Since the DBO is still unfunded, benefit claims under the DBO are paid directly by the Company when they become due.

## 19. Income Taxes

The Company's registered activities with PEZA are under the income tax holiday and special rate of 5% on gross income.

| | **2023** | 2022 |
|---|---|---|
| Current income tax expense | **P17,847,991** | P13,360,310 |
| Deferred tax expense (benefit) | **(199,982)** | 199,982 |
| | **P17,648,009** | P13,560,292 |

The reconciliation of the income tax expense computed at the statutory income tax rate to the actual income tax expense as shown in the statements of comprehensive income for the taxable fiscal years ended March 31, 2023 and 2022 is as follows:

| | **2023** | 2022 |
|---|---|---|
| Income before income tax | **P271,940,454** | P210,129,995 |
| Less other income subject to RCIT | **5,244,283** | 5,310,305 |
| Income subject to GIT | **P266,696,171** | P204,819,690 |
| Tax expense at 5% | **P13,334,809** | P10,240,984 |
| Non-deductible expense | **24,847,127** | 24,817,426 |
| Nontaxable income subject to tax holiday | **(21,830,940)** | (22,756,167) |
| Tax expense subject to RCIT | **1,311,071** | 1,327,576 |
| Nontaxable income subject to final tax | **(14,058)** | (9,330) |
| Movement on unrecognized DTA | **-** | (60,197) |
| | **P17,648,009** | P13,560,292 |

The tax rate used for the years 2023 and 2022 reconciliation above is the 5% special rate whose tax base is the gross income under the PEZA registered activities. Any income earned outside the PEZA registered activities are subject to Regular Corporate Income Tax (RCIT).

The deferred tax assets arising from various provisions and unrealized foreign exchange loss amounting to nil in 2023 and in 2022 were not recognized as the management does not expect that there will be sufficient taxable profits against which the assets can be utilized before the expiration.

The deferred tax liability arising from the unrealized foreign exchange gains amounting to nil and P199,982 in 2023 and 2022.

Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act.

CREATE is an act reforming the corporate income tax and incentives system, amending for the purpose certain sections of Internal Revenue Code of 1997, as amended, and creating therein new title XIII, and for other purposes.

On March 26, 2021, the President of the Philippines has approved the CREATE Act, with nine (9) provisions vetoed by the President. Below are the salient features of the Act that are relevant to the Company:

a) Corporate income tax rate is reduced from 30% to 20% for domestic corporations with net taxable income not exceeding P5 million and with total assets not exceeding P100 million. All other domestic corporations and resident foreign corporations will be subject to 25% income tax. Said reductions are effective July 1, 2020.

b) Minimum corporate income tax (MCIT) rate is reduced from 2% to 1% effective July 1, 2020 to June 30, 2023.

c) The imposition of improperly accumulated earnings tax has been repealed.

d) Definition of reorganization for purposes of applying the tax-free exchange provision under Section 40(C)(2) is expanded. Prior BIR ruling or confirmation shall not be required for purposes of availing the tax exemption of the exchange.

e) Qualified export enterprises shall be entitled to 4 to 7 years income tax holiday (ITH) to be followed by 10 years 5% SCIT OR Enhanced Deductions (ED).

f) Qualified domestic market enterprises shall be entitled to 4 to 7 years ITH to be followed by 5 years ED.

g) Registered enterprises are exempt from customs duty on importation of capital equipment, raw materials, spare parts, or accessories directly and exclusively used in the registered project or activity.

h) VAT exemption on importation and VAT zero-rating on local purchases shall only apply to goods and services directly and exclusively used in the registered project or activity by a registered business enterprise (RBE).

i) For investments prior to effectivity of CREATE: RBEs granted only an ITH - continue with the availment of the ITH for the remaining period of the ITH. RBEs granted an ITH + 5% GIT or currently enjoying 5% GIT - allowed to avail of the 5% GIT for 10 years.

The measure is set to take effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation. After which, the implementing rules and regulation will be issued by the tax authority.

On April 8, 2021, the Bureau of Internal Revenue (BIR) issued the following implementing revenue regulations that are effective immediately upon publication:

- BIR Revenue Regulations (RR) No. 2-2021, Amending Certain Provisions of Revenue Regulations No. 2-98, As Amended, to Implement the Amendments Introduced by Republic Act No. 11534, or the “Corporate Recovery and Tax Incentives for Enterprises Act” (CREATE), to the National Revenue Code of 1997, as Amended, Relative to the Final Tax on Certain Passive Income

- BIR RR No. 3-2021, Rules and Regulations Implementing Section 3 of Republic Act (RA). No. 11534, Otherwise Known as the “Corporate Recovery and Tax Incentives for Enterprises Act” or “CREATE”, Amending Section 20 of the National Internal Revenue Code of 1997, As Amended

- BIR RR No. 4-2021, Implementing the Provisions on Value-Added Tax (VAT) and Percentage Tax Under Republic Act (RA) No. 11534, Otherwise Known as the “Corporate Recovery and Tax Incentives for Enterprises Act” (CREATE) Which Further Amended the National Revenue Code of 1997, as Amended, as Implemented by Revenue Regulations (RR) No. 16-2005 (Consolidated Value-Added Tax Regulations of 2005), As Amended

- BIR RR No. 5-2021, Implementing the New Income Tax Rates on the Regular Income of Corporations, on Certain Passive Incomes, Including Additional Allowable Deductions from Gross Income of Persons Engaged in Business or Practice of Profession Pursuant to Republic Act (RA) No. 11534 or the "Corporate Recovery and Tax Incentives for Enterprises Act" (CREATE), Which Further Amended the National Revenue Code (NIRC) of 1997

Applying the provisions of the CREATE Act, the Company was subjected to a lower regular corporate income tax rate (RCIT) of 25% effective July 1, 2020 in its statutory income tax return.

## 20. Fair Value Information

The fair value of Company's financial assets and liabilities:

| | | **2023** | | 2022 | |
|---|---|---|---|---|---|
| | Note | **Carrying Amount** | **Fair Value** | **Carrying Amount** | **Fair Value** |
| Financial Assets | | | | | |
| Cash and cash equivalents* | 6 | **P151,347,721** | **P151,347,721** | P431,725,781 | P431,795,781 |
| Trade receivables | 7 | **403,346,146** | **403,346,146** | 165,618,969 | 165,618,969 |
| Refundable deposits | 11 | **41,920,133** | **41,920,133** | 36,690,875 | 36,690,875 |
| | | **P596,614,000** | **P596,614,000** | P634,035,625 | P634,105,625 |
| Financial Liabilities | | | | | |
| Trade and other payables** | 12 | **139,965,987** | **139,965,987** | 129,808,957 | 129,808,957 |
| Lease liabilities | 17 | **684,586,905** | **684,586,905** | 375,752,493 | 375,752,493 |
| | | **P824,552,892** | **P824,552,892** | P505,561,450 | P505,561,450 |

*Excluding cash on hand amounting to P70,000 as at March 31, 2023 and 2022

**Excluding non-financial liabilities amounting to P26,266,075 and P20,926,320 as at March 31, 2023 and 2022, respectively.

The difference between the carrying amount of trade and other receivables and trade and other payables disclosed in the statements of financial position and the amount disclosed in this note pertains to advances to officers and employees and government payables since these are not considered as financial assets or liabilities.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments:

Cash and Cash Equivalents, Trade Receivables and Trade and Other Payables

The carrying amounts approximate their fair values due mainly to the relatively short-term maturities of these financial instruments.

**Refundable Deposits**

The carrying amount approximates it fair value as the effect of discounting is not considered material.

**Lease Liabilities**

The carrying amount approximates its fair value because the difference between the interest rate of this instrument and the prevailing market rate for a similar instrument is not considered significant.

## 21. Financial Risk Management

### Financial Risk Management Objectives and Policies

The main purpose of the Company's financial instruments is to fund the Company's operation and to acquire and improve property and equipment. The main risks arising from the use of financial instruments are credit risk, liquidity risk and market risk which includes interest rate risk and foreign currency risk. These are summarized in the succeeding pages:

### Credit Risk

Credit risk is the risk that a counterparty will not meet its obligation under a financial instrument or customer contact, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily from cash and cash equivalents and receivables).

With respect to credit risk arising from the Company's financial assets, which comprise of cash and cash equivalents, trade receivables and refundable deposits, the Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these instruments.

The Company controls this risk through monitoring procedure and regular coordination with the debtors. Receivable balances are monitored on an ongoing basis with the result that its exposure to bad debts is not significant.

The table below presents the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained:

| | Note | **2023** | 2022 |
|---|---|---|---|
| Cash and cash equivalents* | 6 | **P151,347,721** | P431,725,781 |
| Trade receivables | 7 | **403,346,146** | 165,618,969 |
| Refundable deposits | 11 | **41,920,133** | 36,690,875 |
| | | **P596,614,000** | P634,035,625 |

*Excluding Cash on hand amounting P70,000 in 2023 and 2022.

The Company does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

ECLs are a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

The Company's current credit risk grading framework comprises the following categories:

| Category | Description | Basis for Recognizing ECL |
|---|---|---|
| Performing | The counterparty has a low risk of default and does not have any past-due amounts | Lifetime ECL |
| Doubtful | Amount is >30 days past due or there has been a significant increase in credit risk initial recognition | Lifetime ECL - not credit-impaired |
| In default | Amount is >90 days past due or there is evidence indicating the asset is credit-impaired | Lifetime ECL - credit-impaired |
| Write-off | There is evidence indication that the debtor is in severe financial difficulty and the Company has no realistic prospect of recovery | Amount is written-off |

The following table details the credit quality of the Company's financial assets and other items, as well as the Company's maximum credit exposure to credit risk by credit risk rating grades as at March 31, 2023 and 2022:

| **2023** | **Note** | **Internal Credit-rating** | **12m or Lifetime ECL** | **Gross Carrying Amount** | **Loss Allowance** | **Net Carrying Amount** |
|---|---|---|---|---|---|---|
| Cash and cash equivalents* | 6 | Performing | 12m ECL | P151,347,721 | P - | P151,347,721 |
| Trade receivables | 7 | Performing | Lifetime ECL | 403,346,146 | - | 403,346,146 |
| Refundable deposits | 11 | Performing | Lifetime ECL | 69,187,762 | 27,267,629 | 41,920,133 |
| | | | | **P623,881,629** | **P27,267,629** | **P596,614,000** |

*Excluding Cash on hand amounting to P70,000.

| **2022** | **Note** | **Internal Credit-rating** | **12m or Lifetime ECL** | **Gross Carrying Amount** | **Loss Allowance** | **Net Carrying Amount** |
|---|---|---|---|---|---|---|
| Cash and cash equivalents* | 6 | Performing | 12m ECL | P431,725,781 | P - | P431,725,781 |
| Trade receivables | 7 | Performing | Lifetime ECL | 165,618,969 | - | 165,618,969 |
| Refundable deposits | 11 | Performing | Lifetime ECL | 63,958,504 | 27,267,629 | 36,690,875 |
| | | | | **P661,303,254** | **P27,267,629** | **P634,035,625** |

*Excluding Cash on hand amounting to P70,000.

For trade receivables, the Company has applied the simplified approach in PFRS 9 to measure the loss allowance at lifetime ECL. The Company determines the ECL on these items by using a provision matrix, estimated based on historical credit loss experience based on the past due status of the debtors, adjusted as appropriate to reflect current conditions and estimates of future economic conditions. Accordingly, the credit risk profile of these assets is presented based on their past due status in terms of the provision matrix.

**Liquidity Risk**

Liquidity pertains to the risk arising from the shortage of funds due to unexpected events or transactions.

The Company seeks to manage its liquidity profile to be able to finance its capital expenditures and operations. The Company maintains a level of cash deemed sufficient to finance operations. To cover its financing requirements, the Company obtains advances from its Parent Company, when necessary. As part of its liquidity risk management, the Company regularly evaluates its projected and actual cash flows.

The table below summarizes the maturity profile of the Company's financial assets and liabilities as at March 31, 2023 and 2022 on undiscounted contractual cash flows.

| **2023** | **Note** | **On Demand** | **Due Within 30 Days** | **Due Within 1 Year** | **Due Beyond 1 Year but not More than 5 Years** | **Total** |
|---|---|---|---|---|---|---|
| Trade and other payables* | 12 | P24,876,116 | P115,089,871 | P - | P - | P139,965,987 |
| Lease liabilities | 17 | - | - | 363,441,461 | 751,741,567 | 1,115,183,028 |
| | | P24,876,116 | P115,089,871 | P363,441,461 | P751,741,567 | P1,255,149,015 |

*Excluding non-financial liabilities amounting to P26,266,075.

| 2022 | Note | On Demand | Due Within 30 Days | Due Within 1 Year | Due Beyond 1 Year but not More than 5 Years | Total |
|---|---|---|---|---|---|---|
| Trade and other payables* | 12 | P24,299,381 | P105,509,576 | P - | P - | P129,808,957 |
| Lease liabilities | 17 | - | - | 121,589,713 | 260,725,758 | 382,315,471 |
| | | **P24,299,381** | **P105,509,576** | **P121,589,713** | **P260,725,758** | **P512,124,428** |

*Excluding non-financial liabilities amounting to P20,926,320.

**Interest Rate Risk**

Interest rate risk is the risk that the value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The primary source of the Company's interest rate risk relates to cash in banks and lease liabilities. The interest rates on these assets is disclosed in Notes 6 and 17.

The Company has a policy in place in managing interest rate risk and is monitored on an ongoing basis.

Foreign Currency Risk

Foreign exchange risk arises when an investment 's value changes due to variations in the currency exchange rate. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities that are denominated in a currency that is not the Company's functional currency. The Company undertakes certain transactions denominated in Philippine Peso. Hence, exposures to exchange rate fluctuations arise with respect to such transactions.

Significant fluctuation in the exchange rates could significantly affect the Company's financial position. The Company has a policy in place in managing foreign currency risk and is monitored on an ongoing basis.

The carrying amounts of the Company's foreign currency-denominated monetary assets and monetary liabilities at the end of each reporting period are as follows:

| | 2023 | 2022 |
|---|---|---|
| Cash and cash equivalents | **P38,034,990** | P173,547,418 |
| Trade and other receivables | **403,346,146** | 165,618,969 |
| Net exposure | **P441,381,136** | P339,166,387 |

The following table details the Company's sensitivity to the exchange rate fluctuation of U.S. Dollar against Philippine Peso. The sensitivity rates used in reporting foreign currency risk internally to key management personnel is 5% in 2023 and 2022 which represent Management's assessment of the reasonably possible change in foreign exchange rates based on historical trends. The sensitivity analysis includes only outstanding foreign currency-denominated monetary items as at the end of the reporting period. A negative number below indicates a decrease in profit when the US Dollar strengthen by 5% in 2023 and 2022 against the relevant currency. For a 5% in 2023 and 2022 increase of the US Dollars against Philippine Peso, there would be an equal and opposite impact on profit and the balances below would be negative.

| | Effect on Profit Before Tax for the Year | |
|---|---|---|
| | **2023** | 2022 |
| Cash and cash equivalents | **P1,901,750** | P8,677,371 |
| Trade and other receivables | **20,167,303** | 8,280,948 |
| | **P22,069,053** | P16,958,319 |

The above sensitivity analysis is applicable in determining the effect on equity of the changes in foreign exchange rates.

In Management ‘s opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

## 22. Capital Risk Management

The primary objective of the Company’s capital management is to ensure that it maintains healthy capital ratios in order to support its business, maximize shareholder value, maintain various stakeholders’ confidence and sustain future development of the business. The Company manages its capital structure and makes adjustments to these ratios in light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may issue stock dividend to shareholders, return or issue capital. No significant changes have been made in the capital management approach as they have been applied in previous years. The Company has not been subjected to externally imposed capital requirements. No major changes were made in the objectives, policies and procedures in 2023 and 2022.

The Company considers the following as its capital:

| | **2023** | 2022 |
|---|---|---|
| Share capital | **P9,500,000** | P9,500,000 |
| Retained earnings | **541,633,190** | 687,340,745 |
| Cumulative remeasurement gain on retirement benefits | **74,372,629** | 43,410,929 |
| | **P625,505,819** | P740,251,674 |

The debt to equity ratio at year-end was as follows:

| | **2023** | 2022 |
|---|---|---|
| Debt | **P907,873,272** | P575,060,893 |
| Equity | **625,505,819** | 740,251,674 |
| | **1.45:1** | 0.78:1 |

# NOTES TO THE FINANCIAL STATEMENTS

AT MARCH 31, 2023 and 2022

## 1. NATURE OF OPERATIONS

Mad*Pow Media Solutions, LLC, “the company” is a consulting business that specializes in providing strategic user-centered design services and digital solutions to a diverse client base across various industries throughout the United States. Digital solutions comprise, but are not limited to, assisting clients with customer research, customer experience strategy and design, behavior change, marketing content strategy, mobile application and website development.

The Company was converted from a New Hampshire Limited Liability company to a Delaware Limited liability company on July 29th, 2019 and is wholly-owned by Tech Mahindra (Americas) Inc from November 10th, 2022.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. BASIS OF ACCOUNTING

These financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### B. ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### C. REVENUE RECOGNITION

Revenue from consulting services contracts are recognized as the services are performed and the amounts are earned. The Company considers amounts to be earned once evidence of an arrangement has been obtained, services have been provided, fees are fixed or determinable, and collectability is reasonably assured.

The company further generates revenue by hosting conferences and only recognizes this revenue once the event is held.

Revenues from consulting services and conferences, together with all reimbursed costs for out of pocket expenses are presented on the statement of operations, net of allowances or adjustments for agreed changes to reimbursed costs.

### D. COST OF REVENUE

This includes all direct costs for employee and contractors consisting of salaries and contract payments, payroll taxes, insurance costs as well as reimbursable costs such as travel, lodging or entertainment.

All costs associated with hosting conferences are capitalized to prepaid expenses and only recognized as cost of sales once the event has taken place.

### E. ADVERTISING AND PROMOTIONS

The Company expenses all costs for advertising and promotions as and when they are incurred. Sales and marketing costs, including direct advertising costs, for the years ending March 31, 2023 and March 31, 2022, were $101,942 and $93,751 respectively. The composition of these costs are detailed in the supplemental schedule II to the financial statements.

### F. INCOME TAXES

As a single member LLC, the Company’s income and deductions are reported on the LLC member’s individual income tax returns as a “disregarded entity” for income tax purposes. Accordingly, the member of the Company will be responsible for income taxes; therefore, no provision for income taxes is included in these financial statements. Due to various timing differences, income is recognized in different periods for tax reporting purposes than for financial statements purposes.

The Company pays state taxes to MA and NH, in addition to the state taxes that it pays on behalf of its member’s through composite tax returns. Accordingly, there is a state tax provision raised for composite taxes which is included in the financial statements when required.

The Company accounts for state income taxes using Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes. Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740 the effect on the deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company records valuation allowances against deferred tax assets as deemed necessary.

Per FASB ASC 740-10-20, the Company follows the recognition requirements for uncertain tax positions as required by generally accepted accounting principles in the United States of America. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Company has analyzed tax positions taken for filing with all state jurisdictions where it operates.

**G. CASH AND CASH EQUIVALENTS**

The Company considers all highly-liquid investments with maturities of three months or less to be cash or cash equivalents.

The Federal Deposit Insurance Corporation covers $250,000 for substantially all depository accounts held by a financial institution in the United States of America. As of March 31, 2023 and 2022 the company has $361,482 and $669,337 respectively with financial institutions in excess of the federally insured limit. Included in $2,345,109 is the investment of $1,500,758 in HSBC U.S Government Money Market Fund made during the year.

**H. ACCOUNTS RECEIVABLE AND ALLOWANCE FOR DOUBTFUL ACCOUNTS**

Accounts receivable are the amounts owed on invoiced contractual agreements either in process or completed by the Company. Accounts receivable are considered delinquent when payment is not received under terms described within the individual contract's terms.

An allowance for doubtful accounts is provided for those balances considered to be uncollectible based upon historical experience and the Company's specific review of outstanding account balances.  Company policy is that accounts overdue in excess of 120 days and not subject to offsetting is a strong indicator that the receivable has potentially impaired. Management will critically assess each receivable overdue in excess of 120 days for impairment and then raise an allowance if deemed necessary. Bad debts are written off against the allowance when identified. Bad debts written off, for the twelve months ending March 31, 2023 and the twelve months ended March 31, 2022, were $2,275 and $153,456 respectively.

**I. UNBILLED RECEIVABLES**

Unbilled receivables represent accrued revenue earned and recognized on projects for which invoices have not yet been presented to the customer.

**J. PROPERTY AND EQUIPMENT**

Computers and equipment are recorded at cost less accumulated depreciation, however the depreciation for this category of assets is provided by applying the double declining balance method for the first three years of use of the asset and the straight-line method of the remaining balance for the following two years.

Property and equipment are recorded at cost less accumulated depreciation. Depreciation is provided using the straight-line method and is generally based on the following useful lives:

- Furniture and fixtures – seven years;
- Software – three years;
- Leasehold improvements – lesser of remaining life of lease (including probable lease extensions) or estimated useful life of equipment.

Expenditures for maintenance and repairs are charged to income as incurred. Additions and betterments are capitalized.  When assets are retired or otherwise disposed, the related cost and accumulated depreciation are removed from the appropriate accounts and any resulting gain or loss is reflected in operations.

The Company annually reviews the status of property and equipment held by the Company for any impairment of those assets. Any such impairment would result in a permanent reduction in the recorded value of the asset. No such impairments existed at March 31, 2023 and 2022.

**K. RELATED PARTIES**

Related parties are considered to be related if one party has the ability to control or jointly control the other party or exercise significant influence over the party in making financial and operational decisions. Key management personnel are also regarded as related parties. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise). Transactions involving related parties are carried out on an arm's length basis. Refer to Note 4 for details regarding relates party transactions.

**L. LEASES**

The company determines if an arrangement is a lease at inception of the arrangement. These leases are classified as either an operating lease or a finance lease. Based on the evaluation of leases for the period ended March 31, 2023, no leases meet the criteria for classification as a finance lease. Operating leases are capitalized on the balance sheet through a right-of-use ("ROU") asset and a corresponding lease liability. ROU assets represent the company's right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments arising from the lease.

Operating leases are included in operating lease ROU assets, current operating lease liabilities, and long-term operating lease liabilities on the balance sheet. Operating lease ROU assets and liabilities are recognized at the commencement date of an arrangement based on the present value of lease payments over the lease term. The operating lease ROU asset also includes any lease payments made to the lessor prior to lease commencement, less any lease incentives, and initial direct costs incurred. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term.

The company enters into long-term contracts to lease office space in support of company operations and these have all been determined to represent operating leases.

**3. ACCOUNTS RECEIVABLE, NET**

At March 31, accounts receivable balances were as follows:

| | **2023** | 2022 |
|---|---|---|
| Amounts due for services rendered and billed | **$1,671,233** | $2,772,267 |
| Less: allowance for doubtful accounts | **$(2,275)** | (139,797) |
| Amounts due for services rendered and billed, net | **1,668,958** | 2,632,470 |
| Amounts due for services rendered, not billed | **$380,300** | 304,916 |
| Total accounts receivable, net | **$2,049,258** | $2,937,386 |

## 4. TRANSACTIONS WITH RELATED PARTIES

During the year, the Company had transactions with Tech Mahindra Ltd ("TML"). At March 31, the Company had receivables due from TML as follows:

| | **2023** | 2022 |
|---|---|---|
| Beginning balance | **2,575,271** | 1,283,346 |
| Contract revenue - parent company | | |

## 5. OPERATING LEASES

On August 31, 2017 the Company entered into a building lease with Invesco IF IV U.S.3,LLC, for business use and occupancy of office space in Boston, Massachusetts. The lease was an extension of an existing lease dated June 8, 2012. The lease was extended beyond December 31, 2019 and is now effective until December 31, 2027. The new lease extension also stipulates the inclusion of additional floor space to that which was stipulated in the original lease. The lease is subject to an annual increase as stipulated in the agreement applied from April 1st, 2020. In addition to the rental payable the company will also be responsible to pay certain recoveries of operational costs and taxes. The company has accounted for this lease at March 31, 2023 and 2022, in terms of the policies in Note 2L of the accounting policies disclosed above.

On September 5, 2018 the Company entered into a building lease with Wenberry Associates,LLC., for business use and occupancy of office space in Portsmouth, New Hampshire. The lease was an extension of an existing lease dated November 18, 2009. The lease was extended beyond December 31, 2018 and is now effective until December 31, 2023. The lease is subject to an annual increase at a rate equal to the Consumer Price Index for All Urban Consumers, but shall not exceed 3% in any year. In addition to the rental payable the company is also responsible to pay certain recoveries of operational costs and taxes. The company has accounted for this lease at March 31, 2023 and 2022, in terms of Note 2L of the accounting policies disclosed above.

Rent expense for all properties rented for the twelve months ended March 31, 2023 and 2022 was $673,913 and $686,671 respectively. The future minimum lease commitments are as follows:

| **Years ending March 31,** | **$** |
|---|---|
| 2024 | 540,800 |
| 2025 | 551,200 |
| 2026 | 559,000 |
| 2027 | 572,867 |
| 2028 | 436,800 |

## 6. PROPERTY AND EQUIPMENT, NET

At March 31, property and equipment balances were as follows:

| | **2023** | 2022 |
|---|---|---|
| Computers and equipment | **$422,005** | $396,635 |
| Furniture | **$97,004** | 97,004 |
| Leasehold improvements | **$614,973** | 614,973 |
| Software | **$52,167** | 52,167 |
| Less: accumulated depreciation | **$(887,654)** | (768,910) |
| | **$298,495** | $391,869 |

The total depreciation expense recognized for the twelve months ending March 31, 2023 and 2022 was $118,744 and $150,230 respectively. The depreciation policies followed by the Company are disclosed in Note 2J above.

## 7. INCOME TAXES

The company accounts for state income taxes under the provisions of the FASB ASC 740, Income Taxes, as noted in Note 2F the company does not accounts for Federal Income Taxes.

| | **2023** | 2022 |
|---|---|---|
| **Current state income tax expense consists of the following:** | | |
| Business enterprise tax | **$33,200** | $27,828 |
| Other State taxes | **$(14,070)** | - |
| | **$19,130** | $27,828 |
| **Deferred state income tax expense consists of the following:** | | |
| State | **$-** | $27,800 |
| | **$-** | 27,800 |
| **Total current and deferred state income tax expense** | **$19,130** | $55,628 |
| **Deferred tax liability consists of the following:** | | |
| State | **$26,896** | $(108,646) |

In the ordinary course of business there are transactions with affiliated companies that affect the calculation and estimation of the Company’s tax liability.Although management believes that the Company’s tax estimates are reasonable, there is no assurance that the final determination of tax liability will not be different from what is reflected in the Company’s historical income tax provisions and accruals.

The Company does not anticipate any amount to be recognized related to the Company’s uncertain tax position.

The Company received notice from the State of New Hampshire Department of Revenue and Administration on February 18, 2020 of revised Business Tax Assessments based on the findings of their audit. The amount of the additional taxes levied for the fiscal years ending December 31, 2018, 2017 and 2016 were $15,017, $10,418 and $11,175 respectively which the Company has accrued for in the current year.

## 8. SHORT TERM BORROWINGS

Short-term borrowings comprises of unsecured revolving credit facilities attracting interest at variable rates and renewed within a period of 1 year. The Company entered into a new line of credit agreement on December 27, 2022, the line has a maximum borrowing of $500,000. The outstanding balance as of March 31, 2023 was $0.

## 9. COMMITMENTS AND CONTINGENCIES

Based on current known facts and circumstances, the Company currently believes that any liabilities ultimately resulting from ordinary course claims and proceedings will not individually or in aggregate, have a material adverse effect on the Company's financial position, results of operations or cash flows.

## 10. CONCENTRATION OF CREDIT RISK

### REVENUE AND ACCOUNTS RECEIVABLE

The majority of the Company's sales are credit sales and terms offered to customers vary according to the credit risk profiles of, and the invoicing conventions established in the entity's markets. The contractual terms on invoices issued to customers vary and are payable upon receipt or immediate to within 120 days.

Aging analysis of gross trade receivables, is as follows:

| | **2023** | 2022 |
|---|---|---|
| Less than 30 days | **$1,667,693** | $1,789,015 |
| Between 30 and 60 days | **1,265** | 687,330 |
| Between 60 and 120 days | **-** | 156,123 |
| More than 120 days (provided for in full) | **2,275** | 139,799 |
| | **$1,671,233** | $2,772,267 |

The following are customer concentration for sales for the year ended March 31, 2023 and billed accounts receivable as at March 31, 2023.

Billed Revenue concentration for the year ended March 31, 2023:

| | **Amount, $** | Concentration |
|---|---|---|
| Abbvie | **2,109,843** | 18% |
| TD Bank | **1,508,010** | 13% |

| Magellan Health | **304,023** | 18% |
| Novo Nordisk Inc. | **169,461** | 10% |
| State Employees Credit Union | **146,250** | 9% |

The following are customer concentration for sales for the year ended March 31, 2022 and billed accounts receivable as at March 31, 2022.

Billed Revenue concentration for the year ended March 31, 2022:

| | **Amount, $** | Concentration |
|---|---|---|
| Abbvie | **1,748,450** | 14% |
| TD Bank | **1,135,667** | 9% |
| Magellan Health | **1,083,540** | 9% |
| Takeda Oncology | **1,010,698** | 8% |
| HighMark | **973,001** | 8% |

Billed accounts receivable concentrations as at March 31, 2022:

| | **Amount, $** | Concentration |
|---|---|---|
| Abbvie | **602,861** | 22% |
| Takeda Oncology | **495,360** | 18% |
| Magellan Health | **275,636** | 10% |
| Novo Nordisk Inc. | **227,889** | 8% |
| State Employees Credit Union | **203,566** | 7% |

## 11. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined under Accounting Standards Codification (“ASC”) 820, “Fair Value Measurements and Disclosures” (“ASC 820”), as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1–inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2–inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3–inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

The carrying amounts of cash, accounts receivable and accounts payable approximate fair value due to the short-term maturity of the instruments. The carrying amounts of the Company’s floatable interest rate debt are considered reasonable estimates of fair value.

Accounts with banks are assigned to level 2 financial assets under the fair value hierarchy.

## 12. EMPLOYEE BENEFITS

### DEFINED CONTRIBUTION PLANS

The Company sponsored defined contribution plans in which eligible participants may defer a fixed amount or a percentage of their eligible compensation, subject to limitations, pursuant to Section 401(k) of the Internal Revenue Code. The Company made discretionary matching contributions of eligible compensation. Contributions are discretionary and evaluated annually. Aggregate contributions charged to operations, including discretionary amounts, for the years ended March 31, 2023 and 2022 was $228,791 and $292,371 respectively.

**13. SUBSEQUENT EVENTS**

The Company has evaluated subsequent events through May 15, 2023. No significant events occurred subsequent to the balance sheet date that would have a material impact on the financial statements.

No significant events occurred subsequent to the balance sheet date but prior to May 15, 2023, that would have a material impact on the financial statements.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 1 APRIL 2022 TO 31 MARCH 2023

**General information about the annual financial statements**

TECH MAHINDRA GmbH is located in Düsseldorf and registered at the Registry court in Düsseldorf, Registry court number, HRB 47738. The company is a large corporation within the meaning of Section 267 (3) HGB.

The annual financial statements were prepared in accordance with the provisions of the German Commercial code (HGB) in the current version and the supplementary provisions of the German limited liability company law (Gesetz betreffend Gesellschaften mit beschränkter Haftung (GmbHG)).

The financial statements comprise balance sheet, income statement and notes (including the fixed-asset movement schedule). The income statement was prepared in accordance with the nature of expense method (§ 275 (2) HGB).

**Disclosures on accounting policies**

Intangible assets are measured at cost and amortized on a straight-line basis over their economic useful life. Purchased software is amortized over their useful life of four years. Intangible asset, which are fully amortized, will be presented as disposal in the last year of amortization.

Tangible assets are valued at cost and depreciated over their estimated useful life on a straight-line basis. Operating and office equipment is depreciated over a useful life of three to ten years.

Low-value assets with costs of up to EUR 800.00 are immediately recognized as depreciation expense and directly presented as disposal.

Investments and other financial assets are recognized at cost. If necessary, the applicable lower value has been recognized at the reporting date.

Receivables and other assets are recognized at nominal value. In order to cover all recognizable risks as at the balance sheet date, allowances for bad debts are set aside.

Cash-in-hand and bank balances are recognized at nominal value.

Prepaid expenses are incurred before the balance sheet date to the extent that these constitute expenditures for a certain time thereafter.

Deferred taxes will be determined for temporary differences between the carrying amounts of assets and liabilities under commercial law and their tax bases and for usable loss carryforwards. Deferred taxes are calculated on the basis of an average income tax rate of 31 %. Any net resulting tax burden would be recognized in the balance sheet as deferred tax liabilities. In the event of a tax relief (deferred tax asset), the option granted in Section 274 (1) Sentence 2 HGB is exercised, and a balance sheet entry is waived. In the current financial year, there was a total asset surplus not shown in the balance sheet. This is mainly due to valuation differences between the commercial balance sheet and the tax balance sheet with regard to pension provisions.

Provisions were recognized for all further uncertain liabilities. They reflect all identifiable risks. In accordance with section 253 (1) sentence 2 of the HGB, provisions are measured at the settlement amount dictated by prudent business judgement.

Provisions from pension obligations were calculated based on the projected unit credit method by an actuarial. The underlying assumptions are presented in following explanations to the balance sheets.

Liabilities are recognized at their settlement amount.

Income and expenses are recognized in the income statement on an accrual basis. Revenue is recognized at the time when services are rendered.

Assets and liabilities in foreign currencies are valued in the annual financial statements at the average rate for the date of initial recognition. On the reporting date, assets and liabilities denominated in foreign currencies with a remaining term of up to one year are converted at the exchange rate prevailing on the balance sheet date. Non-current receivables and liabilities denominated in foreign currencies are valued in accordance with the lower of cost or market principle (section 256a sentence 2 HGB) and recognized at the exchange rate on the balance sheet date provided that the exchange rate on the transaction date was not lower (for assets) or higher (for liabilities). Profit and loss from converting foreign currency transactions into local currency are recognized separately in the income statement under “Other operating income” and “Other operating expenses”.

**Balance Sheet**

**Fixed Assets**

| **Total** | **66,975,681.26 €** | 0.00 € | 57,680,887.73 € | 0.00 € |

Receivables from affiliated companies comprise receivables from shareholders in the amount of kEUR 45,135 (prior year: kEUR 35,942).

Receivables from affiliated companies contain loan receivables in the prior year in the amount of kEUR 5,221, for which an allowance has been setup in the prior year in the amount of kEUR 5,220, due to uncollectability. The remaining receivables from affiliated companies result from trade receivables.

Other assets contain mainly deposits, tax receivables as well as salary and travel expense advance payments to employees.

**Subscribed capital**

The share capital was increased from EUR 601,000.00 (previous year) to EUR 703,500.00 in the financial year with the change in the articles of association of January 13, 2023 and is recognized at the nominal amount. Furthermore, the management of the company has been authorized to increase the share capital by September 30, 2027 by issuing new shares against cash contributions with a total nominal value of up to EUR 351,750.00. The new shares will participate in dividends from the beginning of the financial year in which they are issued. In addition, the management is authorized to determine the further details of the capital increase and to carry out the legal transactions and measures associated with the implementation. The management is authorized to amend the version of the Articles of Association accordingly after the authorized capital has been utilized or the period for using the authorized capital has expired.

In connection with the increase of the share capital, EUR 3,900,125.00 were paid into the company’s capital reserve in accordance with section 272 (2) No. 4 HGB (German Commerical Code).

In March 2023, additional EUR 6,502,795.00 were paid into the company’s capital reserve in accordance with section 272 (2) No. 4 HGB (German Commerical Code) by the shareholder to finance the capital increase in the investment TECH MAHINDRA Norway A.S, Fornebu/Norway.

**Provision for pension obligations**

The actuarial report to determine the provision for pension obligations considers future salary increases as well as increases in pension benefits. To calculate the pension obligation the mortality tables “Richttafeln 2018 G” by Klaus Heubeck were applied.

The following assumptions were applied to determine the pension obligation as of 31 March 2023:

| | **31 March 2023** | 31 March 2022 |
|---|---|---|
| Discount rate | **1.79 %** | 1.81 % |
| Expected wage and salary increases | **2.0 %** | 2.0 % |
| Expected increase in pension benefits | **1.0 %** | 1.0 % |

The provision for pension obligations is calculated in accordance with § 253 (2) HGB (German Commercial Code) using the average market rate of interest for the past ten financial years and a duration of 15 years, which is published by the German Central Bank (Deutsche Bundesbank).

In the case of the provisions for post-employment benefit obligations, the difference between the amount recognized using the average market rate of interest for the past ten financial years and the amount recognized using the average market rate of interest for the past seven financial years amounts to EUR 7,320 (prior year EUR 20,501) in the current financial year. This amount is restricted from distribution to the shareholder in accordance with § 253 (6) sentence 2 HGB.

All pension obligations are covered by reinsurance policies. Pursuant to § 246 (2) sentence 2 HGB the reinsurance policies have been offset against the pension obligations, as claims against a reinsurance policy that is not accessible to all other creditors and serves exclusively to meet pension obligations:

| | **31 March 2023** | 31 March 2022 |
|---|---|---|
| | **kEUR** | kEUR |
| The fair value of the plan assets | **394** | 385 |
| Pension obligation | **507** | 525 |
| Net amount | **114** | 140 |

Due to the netting of the pension obligation with the plan assets, expenses for additions to the pension provision in the amount of kEUR 2 were netted with personnel expenses in the amount of kEUR 0 as part of the pension expenses. The fair-value of the plan assets were determined using actuarial valuation methods.

**Other Provisions**

As in the prior year, other provisions largely contain provisions for outstanding invoices for utilized subcontractor services (kEUR 1.717; prior year kEUR 1,951) as well as provision for outstanding charges from the shareholder (kEUR 1.983; prior year kEUR 2,925).

Obligations for employee commitments comprise obligations for outstanding vacation days, bonus and severance payments amount to kEUR 2,073 (prior year kEUR 1,319).

**Liabilities**

Remaining maturities are as follows:

| | **31 March 2023** | **Remaining Maturity less than 1 year** | **Remaining Maturity more than 1 year and less than 5 years** | **Remaining Maturity more than 5 years** |
|---|---|---|---|---|
| Liabilities to banks | 1,136,972.06 € | 1,136,972.06 € | 0.00 € | 0.00 € |
| Trade payables | 11,230,093.91 € | 11,230,093.91 € | 0.00 € | 0.00 € |
| Payables to affiliated companies | 20,547,568.88 € | 20,547,568.88 € | 0.00 € | 0.00 € |
| Other liabilities | 1,497,755.67 € | 1,497,755.67 € | 0.00 € | 0.00 € |
| Thereof relating to social security and similar obligations | 440,643.70 € | 440,643.70 € | 0.00 € | 0.00 € |
| Thereof relating to taxes | 1,056,848.37 | 1,056,848.37 | 0.00 € | 0.00 € |
| **Total** | **34,412,390.52 €** | **34,412,390.52 €** | **0.00 €** | **0.00 €** |

| | 31 March 2022 | Remaining Maturity less than 1 year | Remaining Maturity more than 1 year and less than 5 years | Remaining Maturity more than 5 years |
|---|---|---|---|---|
| Liabilities to banks | 3,573,366.42 € | 3,573,366.42 € | 0.00 € | 0.00 € |
| Trade payables | 21,138,045.88 € | 21,138,045.88 € | 0.00 € | 0.00 € |
| Payables to affiliated companies | 11,551,657.09 € | 11,551,657.09 € | 0.00 € | 0.00 € |
| Other liabilities | 763,167.76 € | 763,167.76 € | 0.00 € | 0.00 € |
| Thereof relating to social security and similar obligations | 9,176.73 € | 9,179.73 € | 0.00 € | 0.00 € |
| Thereof relating to taxes | 738,718.14 € | 738,718.14 € | 0.00 € | 0.00 € |
| **Total** | **37,026,237.15 €** | **37,026,237.15 €** | **0.00 €** | **0.00 €** |

Liabilities to the shareholder amount to kEUR 20,548 (prior year: kEUR 11,552).

Liabilities to affiliated companies result only from deliveries and services, same as in the prior year.

Other liabilities comprise mainly VAT payables as well as social security contributions and taxes.

**Income statement disclosures**

**Revenue**

As in the prior year, revenue mainly relates to income from subcontracting activities relating to the rendering of IT services. They are all generated in Germany. Tech Mahindra GmbH is acting as service agent ("Dienstleistungskommissionär") as all material chances and risks related to the provided services are located at Tech Mahindra Limited.

Revenues are presented in the amount of actual costs plus a 7 % mark-up, charged to Tech Mahindra Limited. These amounts are presented as receivables from affiliated companies from Tech Mahindra Limited. Invoices charged by Tech Mahindra GmbH to customers locally are presented as trade receivables until they are paid. Corresponding to the trade receivables, liabilities to affiliated companies are recognized.

**Other operating income**

Other operating income mainly includes income from release of allowance for doubtful trade receivables from affiliated companies in the amount of kEUR 5,220 (previous year: kEUR 5,166) as well as income from exchange rate differences amounting to kEUR 149 (previous year: kEUR 193) and income from settling private use of company cars.

**Write down of long term financial assets**

The write down of long term financial assets comprises the write-down of the investment in Beris consulting GmbH, Wolfsburg.

**Other operating expenses**

Other operating expenses include, in particular, additions to the allowances for doubtful accounts (kEUR 157; prior year: kEUR 21) travel and distribution costs (kEUR 1,465; prior year: kEUR 805), legal and consulting costs (kEUR 687; prior year: kEUR 1,856), recruiting cost (kEUR 961; prior year: kEUR 1,219) and premises costs (kEUR 2,314; prior year: kEUR 1,775).

Expenses from currency conversion amount to kEUR 129 (prior year: kEUR 129).

**Other Interest and similar income**

Other interest and similar income include in current and prior year only interest from affiliated companies.

**Other Interest and similar expenses**

Other interest and similar expenses include interest expenses to affiliated companies in amount of kEUR 0 (prior year: kEUR 9) as well as interest charged to the provisions for pensions and similar obligations (kEUR 0; prior year: kEUR 3).

**Taxes on income**

Income taxes comprise as follows:

| | **31 March 2023** | 31 March 2022 |
|---|---|---|
| Current Income tax expenses | **-2,966,840.00 €** | -2,559,132.53 € |
| Tax payments / Tax refund prior years | **12,081.28 €** | 0.00 € |
| Total expenses on Income taxes | **-2,978,921.28 €** | -2,559,132.53 € |

**Other disclosures**

**Other financial obligations**

The other financial obligations mainly result from office rental contracts an amount up to kEUR 1,888 (prior year: kEUR 1,034) due in the next 12 months and kEUR 2,328 (prior year: kEUR 1,233) for following remaining duration of the agreements.

**Employees**

In the fiscal year 2022/2023 in average the following number of employees were employed:

| **Company areas** | **number of employees** |
|---|---|
| technical consultant | 594 |
| sales and support employees | 47 |
| **Total** | **641** |

**Management and Remuneration of the members of the Management**

Managing directors of the company are

- Mr. Mukul Dhyani, Frankfurt am Main, Chief operating Office,
- Mr. Mandar Vasant Bhairavkar, Milton Keynes/UK, Chief Financial Office

As the CFO is been paid by the group company in the UK, no remuneration of the members of the management has been disclosed, with regard to option of § 286 (4) HGB.

**Advisory Board**

The entity has an advisory board, which is composed of the following two members:

Rajesh Chandiramani, Mumbai/Indien, TECH MAHINDRA Ltd., Manager

Manish M Vyas, Texas/USA, TECH MAHINDRA Ltd., Manager

In the reporting year, the members of the advisory board did not receive any remuneration from the entity for their activities.

**Events after the balance sheet date**

Based on the authorization granted by resolution of the shareholders' meeting on December 22, 2022 (see notes to equity), the share capital was increased by EUR 266,400.00 to EUR 969,900.00 by resolution of the management on April 13, 2023. The remaining authorized share capital now amounts to EUR 85,350.00.

**Auditor's fee**

In fiscal 2022/2023 the auditor's fee to KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Düsseldorf, in the amount of kEUR 39 (prior year: kEUR 36) were recognized as an expense, which relates exclusively to auditing services.

**Group financial statements**

TECH MAHINDRA Limited, Pune/India is the sole shareholder of TECH MAHINDRA GmbH.

The Company's financial statements are included in the consolidated financial statements of TECH MAHINDRA Limited, Pune/India. TECH MAHINDRA Limited prepares the consolidated financial statements for the smallest and largest consolidated group in accordance with general accepted accounting standards in India, which are derived from the

Inter¬national Financial Reporting Standards (IFRS). In accordance with the options of § 291 HGB, TECH MAHINDAR GmbH does not prepare consolidated financial statements. The published consolidated financial statements of TECH MAHINDRA Limited are available on the company’s Internet site at www.techmahindra.com as well as at the German Commercial register (Unternehmensregister) in English Language.

**Proposal or resolution on the appropriation of net profit**

The management is proposing the following appropriation of net profit in agreement with the shareholders:

The profit of kEUR 5,387 will be carried forward and netted with the retained earnings.

Düsseldorf, 22 June 2023

# MANAGEMENT REPORT FOR THE FINANCIAL YEAR FROM 1 APRIL 2022 TO 31 MARCH 2023

## 1 Corporate Profile

### 1.1 General business activities

TECH MAHINDRA GmbH (as follows: company or TECH MAHINDRA) is a wholly owned German subsidiary of Tech Mahindra Limited, Pune/India ("TM Ltd."). It was established in 2001. The company's business activities are focused on the provision of consultancy technology and rendering outsourcing services in the communications sector.

We generally perform our services on behalf of our parent company within the scope of a service agreement. Our parent company reaches agreements with the customer regarding those business activities. We are a subcontractor to our parent company and are therefore not subject to material risks. Remuneration for our activities is based on the reimbursement of costs incurred plus a mark-up.

Since 2015 we have also concluded a significant number of agreements directly with customers.

### 1.2 Financial performance measures

TECH MAHINDRA is part of the global Tech Mahindra Limited, Pune/India ("TM Ltd.") group and its reporting system. The financial performance indicators of the company are revenues as well as result for the year and are described in section 2 and 3 of this report. As there is no break-down of group budgets on company level, the company reviews its financial performance indicators mainly by comparison to prior fiscal years.

### 1.3 Non-financial performance indicators

We note that the following non-financial performance indicators are important but are not currently used in the direct management of our company.

- **Occupational safety**

  The constant and consistent implementation of safety guidelines ensures that the risk of accidents is reduced as far as possible. Occupational safety is the highest principle of management and is more important than the principle of profit maximization.

- **Training Measures**

  The nature of our business means that we require highly qualified employees for work on high-tech and telecommunications projects. Training is carried out according to need and is primarily conducted by employees at the Tech Mahindra development centers in India. Training measures are monitored and evaluated by the HR department, an employee's superior and the employee him- or herself.

## 2 Report on Economic Conditions and Business

### 2.1 Development of the overall economy and the industry

The performance of the global economy during the fourth year of the COVID19 pandemic varies considerably between sectors and regions. German economy continued to recover from the impact of the pandemic.

In spring 2022, Russia initiated a war of aggression against Ukraine, and its consequences pose major economic challenges for Europe, and especially Germany. Energy prices have continued to rise sharply since the start of the war. The substantial reduction in Russian natural gas supplies in the summer of 2022 has exacerbated the energy crisis and fueled inflation, after it was already elevated in 2021.

The German Council of Economic Experts (GCEE) expects gross domestic product (GDP) in Q3 2022 slightly exceeded the level from Q4 2019 - before the Corona crisis. However, the economic outlook in Germany has worsened considerably due to the consequences of the Russian war of aggression against Ukraine. The steep hikes in energy prices have diminished purchasing power and dampen private consumption. They also impair production, especially in energy-intensive industries. High economic uncertainty and weak foreign trade imply that investments and exports are unlikely to stimulate growth in the short term. Supply chain disruptions, however, are expected to gradually decline, al-lowing companies to process their high- level order backlog. Moreover, private households are expected to spend a larger share of their income and savings to smooth consumption. These developments, as well as the robust labor market and the relief packages, especially the gas price brake, should dampen the downturn. The GCEE expects Germany's GDP to grow by 1.7 % in 2022. Growth in 2022 results from the statistical overhang at the end of 2021 and economic growth during the 1st half of 2022, while stagnation is likely in the second half. In 2023, downward forces are expected to prevail and GDP is expected to decline by 0.2 %.

The sector in which our company operates, benefits considerably from increasingly strong digitalization and the continuously high need for investment in IT. Entities know that in order to create sustainable competitiveness, they need to develop digitally within the company or face irrelevance. These challenges also provide opportunities for the global technology industry.

### 2.2 Report on business

#### 2.2.1 Development of revenue

As our revenues are mainly based on reimbursement of costs incurred plus a 7 % mark-up ("cost-plus method") as part of a service agreement, the general economic and industry development have only a limited effect on the business development of our company.

Revenue from the service agreement rose substantially (+16.9%) from kEUR 120,706 to kEUR 141,109 due to a significant increase in projects and related higher subcontracting, which have been charged to our parent company. As we had planned only a slight increase in revenues in comparison to the prior year, the increase of revenue by 16.4% outreach our expectations.

#### 2.2.2 Investments

In order to expand business activities, the company increased the capital (capital reserve) in its investment in TECH MAHINDRA Norway A.S, Fornebu/Norway by kEUR 14,472.

Further, the company acquired IT – equipment in the fiscal year 2022/2023 in the amount of kEUR 498.

#### 2.2.3 Employees

As at 31 March 2023, the Company counts 617 employees (31 March 2022: 589 employees).

The nature of our business demands the employment of highly skilled personnel who participate in high-tech and telecommunication projects. That makes it necessary to employ staff from the TECH MAHINDRA development centers in India.

Our employees are working at client companies throughout Germany, including Bonn, Munich, Koblenz, Wolfsburg and Hamburg. Most of our employees have a university degree and several of them have even postgraduate qualifications.

## 3 Business development

### 3.1 Results of operations

Under the service agreement concluded with the parent company, TECH MAHINDRA is reimbursed for the cost incurred and receives a mark-up of 7 %, so that TECH MAHINDRA always disposes on constant cash inflows and realizes revenue that more than compensate the costs. In the period for the financial year 2022/2023, the Company reported a net profit of kEUR 5,388, compared to a net profit of kEUR 10,283 in the prior year. This profit for the year corresponds to 3.8 % of the total revenue (prior year: 8.5 %). The decrease in profits relates mainly to the impairment of the investment in Beris Consulting GmbH in the amount of kEUR 5,492. The EBITDA / Sales ratio remains almost stable with 10.3% in comparison to 11.5% in the fiscal 2021/2022 and so in compliance with our plan for the year. In this case we define EBITDA as statutory result for the year adjusted by Income taxes, the financial result including interest and write-off of investments as well as the amortization and depreciation of fixed assets.

The cost of materials, which related exclusively to purchased services, totaled kEUR 71,028 (prior year: kEUR 62,818). The materials usage ratio (ratio of cost of materials to revenue) dropped from 52.0 % to 50.3 % due to less purchased services at some projects as the service was provided by own employees (see also increased personnel expenses).

The rise in personnel expense from kEUR 41,477 to kEUR 52,526 is mainly due to an increased headcounts.

The personnel expense ratio (ratio of personnel expense to revenue) amounts to 37.2 % (prior year: 34.4 %). The increase in personnel expense ratio is related to decrease materials usage ratio as the purchased services were substituted by own personnel.

Other operating expenses increased from kEUR 7,910 to kEUR 8,451. While travel costs (+ kEUR 659) and rental costs (+ kEUR 538) increased, legal and consulting fees dropped by kEUR -1,169.

### 3.2 Net assets

The equity ratio improved from 34.9 % to 50.5 % and the equity amounts to kEUR 43,264 due to an increase of share capital by kEUR 103 and an increase of the capital reserve by kEUR 14,303 as well as the profit of the year in amount of kEUR 5,388.

The Company’s assets are dominated by trade receivables as well as receivables from affiliated companies.

Trade receivables declined slightly from kEUR 18,036 to kEUR 16,736 despite the significant sales increase mainly due to ongoing improvements of the receivable management.

The increase of receivables from affiliated companies from kEUR 35,977 to kEUR 45,236 relates mainly to the release of an allowance for bad debts from affiliated companies in the amount of kEUR 5,220 and the improvement of revenues.

The variance in cash and cash equivalents as part of the cash funds is presented together with the information on the financial position below.

The slightly higher other accruals as compared to last year were primarily due provisions for additional cost in order to close down the investment in Beris consulting GmbH.

Liabilities to affiliated companies increased to kEUR 20,548 as compared to kEUR 11,552 of last year as they company as part of its cash management, paid liabilities to the affiliated companies not before the due date. In comparison, in the prior year, the company made early payments to avoid negative interest on cash balances.

### 3.3 Financial situation

As of 31 March 2023, the company’s cash funds (cash-in-hand, bank balances) amounted to kEUR 172 (31 March 2022: kEUR 178).

The operative cash flow decreased in current year to EUR 2.5 million (prior year EUR 3.8 million) despite a continuous improvement of the third-party trade receivable management due to major repayments of intercompany liabilities and increased receivables from affiliated companies.

Further cash funds were reduced by an investment cash flow of EUR – 14.5 million, which is mainly due to the capital increase at TECH MAHINDRA Norway A.S, Fornebu/Norway. The investment activities were partly funded by an increase of equity in the amount of EUR 14.4 million.

The service agreement ensures continuous cash inflow for the financing of current business activities.

### 3.4 Overall Assessment of the Economic Situation

In the opinion of the management of the company, the business development is generally satisfying. The management is satisfied with the development of sales and the profit for the year considering the current situation.

## 4 Outlook, risks and opportunities for future development

### 4.1 Report on risks and opportunities

#### 4.1.1 Risk management

The company has a financial reporting system, which is integrated into the TECH MAHINDRA group reporting structures. This supports the company in the ongoing monitoring and management of business development by means of target, actual and budget comparisons on group level.

As a result of the service agreement described above, the company has constant cash inflows and revenue above the level of its costs. Owing to the agreements that are in place, the company is not subject to significant business risk.

#### 4.1.2 Risks and opportunities for future development

A number of the risks we face relate to the development of offshore services, increased competition and lower revenues as well as lower profits. We are focused on overcoming those risks by continuing to increase our marketing activities, developing clear quality guarantees for existing customers, extending our activities beyond our usual areas of business (e.g. OSS, VAS and networks) and entering new markets.

As risk, we define future developments or events, which have impact on the budgeted results of the company and the group respectively. We classify the risks in economic risks, employee related risks and technology risks. The company is facing the following risks, which are present from risks with highest occurrence and the highest possible impact to the lowest occurrence and lowest financial impact.

- Economic risks

Due to the war of aggression against Ukraine the global economic trend is slowing down, and companies could consider cutting their budgets with regard to investment in the IT infrastructure or to postpone IT - projects.

- Employee related risks:

With the evolving IT industry, right skillset and talent is required to respond quickly to the ongoing changes. The inability to cost effective hiring and retaining increased number of professionals with the required skillset is to be consider as a risk.

- Technology risks:

The industry has been seeing a shift to disruptive technologies which are continually evolving. This shift coupled with changes in business models and consumer spending patterns could be a threat to the growth in traditional IT spends and technology obsolescence.

The following opportunities are currently followed by the company:

- Digitalization Trend

The COVID-19 pandemic showed a significant need to digitalize processes in companies and further improve the IT infrastructure. The TECH MAHINDRA group provides the necessary services to these companies, which comprises significant business opportunities for the company.

- Employees

The company sees a big opportunity, that its recruits also employee in India, which offers more skilled and trained IT – professionals then the limited market in Germany and Europe.

- Cost advantage

Due to the possibility to outsource part or complete orders to its shareholder in India, which has a different and lower cost structure, the company has a cost advantage in regard to its competitors.

#### 4.1.3 Overall assessment of the risk and opportunity situation

The overall view of the company’s risk and opportunity situation remains essentially unchanged. Currently, there are no risks recognizable, that either alone or in combination with other risks could endanger the continued going concern of the company.

### 4.2 Outlook

#### 4.2.1 General economic outlook

Due to the economic impact of the Ukraine war and COVID-19 pandemic, the German government expects annual average growth in real gross domestic product (GDP) of 0,2 % in the remaining year of 2023. In 2023, downward forces are expected to prevail and GDP is expected to increase by 1.8 %.

#### 4.2.2 Companies outlook

Taking into account the current order backlog and business situation, we expect slightly revenue increase in the financial year 2023/2024 and the following years, despite the current economic impacts of the Ukraine war. The company's business will primarily consist of follow-up orders and acquired contracts. We also plan to generate growth by extending our range of services and entering new markets. Profit for the year will slightly increase in comparison to the profit in the current year.

The company has good prospects in the financial year 2023/2024 as we plan to develop additional businesses activities in new areas and segments. We expect the profit/revenue ratio to remain at the same level due to the nature of our business model (cost-plus method). However, increased volumes of business and higher revenue mean that we expect profits to increase in the coming years.

We assume gradual growth in the future since the companies are under cost pressure. We continue to expect demand for outsourcing and offshoring as well as managed service to increase. The introduction of new technologies is often accompanied by a lack of technical skills, which TECH MAHINDRA can provide.

Currently, we do not foresee any impact from the conflict in the Ukraine on the company's business, as the company has no business activities in the Ukraine, Belarus or Russia. Also, we do not expect any impact on the company's business, due to rising energy or similar costs, contrary this might initiate further projects for digitalization in order to cut costs, which the company can benefit from.

The predicted slightly increase in revenue and profit is based on an increased volume of business, which will result in higher reimbursable operating costs.

The company has considered the possible effects that may result from the Ukraine conflict and does as of the date of this report not foresee any impact on its current business plan.

# Notes to the accounts, year ended 31 March 2023

### Note 1 Accounting policies

The financial statements have been prepared in accordance with the Norwegian Accounting Act of 1998 and generally accepted accounting principles for small entities in Norway.

### Valuation and classification of assets and liabilities

Assets intended for permanent ownership or use in the business are classified as non-current assets. Other assets are classified as current assets. Receivables due within one year are classified as current assets. The classification of current and non-current liabilities is based on the same criteria.

### Current assets are valued at the lower of historical cost and fair value.

Fixed assets are carried at historical cost, but are written down to their recoverable amount if this is lower than thecarrying amount and the decline is expected to be permanent. Fixed assets with a limited economic life are depreciated in accordance with a reasonable depreciation schedule.

### Foreign currency

All balance sheet items denominated in foreign currencies are translated into NOK at the exchange rate prevailing at the balance sheet date.

### Receivables

Trade receivables and other receivables are carried at face value less an allowance for expected losses. An estimate is made for doubtful debts based on a review of all amounts outstanding at the balance sheet date.

### Cash and cash equivalents

Cash and cash equivalents include cash, bank deposits and other monetary instruments with a maturity of less than three months at the date of purchase.

### Pensions

The company has a defined contribution plan and pays fixed contributions to an insurance company. After the contribution has been made the company has no further commitment to pay contributions relating to employee service in the current and prior periods. When employee services are rendered, the company recognizes the contribution payable in exchange for that service as a liability after deducting any contribution already paid. Prepaid contributions are reflected as an asset (pension fund) to the degree the contribution can be refunded or will reduce future payments.

### Revenues

Arising form delivery of services:

Revenue is recognised when the service is performed. Revenue is measured at the fair value of the consideration received or receivable.

### Cost of sales and other expenses

In principle, cost of sales and other expenses are recognised in the same period as the revenue to which they relate. In instances where there is no clear connection between the expense and revenue, the apportionment is estimated. Other exceptions to the matching criteria are disclosed where appropriate.

### Income taxes

Tax expenses are matched with operating income before tax. Tax related to equity transactions e.g. group contribution, is recognised directly in equity.

Tax expense consists of current income tax expense and change in net deferred tax. The tax expense is allocated to ordinary income and the effect of extraordinary items in accordance with the respective taxable income. Deferred tax liabilities and deferred tax assets are presented net in the balance sheet.

Change in presentation during the year and comparative figures

During financial year 2020, Management changed the presentation of revenue and other operating expenses, from ‘gross’ presentation to ‘net’ presentation. The Company and its Parent Company act as sub-contractors to Tech Mahindra Limited (the ‘Ultimate Parent Company’) with respect to revenue contracts with external customers, where the risks are borne by the Ultimate Parent Company. Remuneration for such sub-contracting activities is based on the reimbursement of costs incurred plus a mark-up in accordance with a service agreement with the Ultimate Parent Company. Until 2020, the revenue from external customers and equivalent sub-contracting charges from the Ultimate Parent Company were shown on a gross basis in the financial statements of the Company under ‘Revenue’ and ‘Other operating expenses’ respectively. During 2020, in order to be consistent with the presentation followed by the Parent Company, the revenue from external customers is changed to net presentation of such sub-contracting charges.

**Leases**

Leases are accounted for as financial or operational leases after a specific assessment by the individual deal. Operating assets in leases assessed as financial leases are capitalized in the balance sheet and depreciated as fixed assets fixed assets. The installment part of the lease obligation is shown as other long-term debt. The obligation is reduced by paid rent after deduction of calculated interest cost.

**Note 2 Number of employees, benefits, loan to employees etc.**

| | **2022/2023** | 2021/2022 |
|---|---|---|

# BOARD OF DIRECTORS REPORT

The Board of Directors of Tech Mahindra Sweden AB, Stockholm, hereby issue the Annual Report for the financial year 2022-04-01 to 2023-03-21.

The annual reports are stated in Swedish Kronor (SEK) and refer to the individual company Tech Mahindra Sweden AB.

**Directors**

The directors who served during the year were Mr. Gaurav Gupta and Mr. Rajesh Premraj Barwal and Mr Niraj Akhouri.

**General Information about the business:**

The company's business activities focus on providing consulting technology and outsourcing services to all the sectors.

In general, the company renders services to its parent company under Service Provider agreement. This form of transactions implies that the contracts are concluded between the parent company and the end customer. Sweden AB thereby acts as a sub-contractor for the parent company and does not bear any risks. The compensation for such services rendered is based on the reimbursement of cost incurred plus a mark-up.

The company's registered office is in Stockholm, Sweden.

**Multi-year comparison***

The amounts in Multi-year comparison are shown in KSEK

| | 2022/2023 | 2021/2022 | 2020/2021 | 2019/2020 |
|---|---|---|---|---|
| Net sales | 85,988 | 39,634 | 20,193 | 43,020 |
| Profit/loss after financial items | 4,867 | 2,243 | 1,148 | 2,452 |
| Balance sheet total | 84,427 | 17,855 | 12,526 | 11,667 |
| Equity-assets ratio (%) | 69.28 | 57.01 | 67.23 | 64.55 |

*For definitions of key ratios, please see notes

**Terms of ownership**

Tech Mahindra Sweden AB, is a wholly owned subsidiary of Tech Mahindra Limited, CIN Number: L64200MH1986PLC041370. The entire share capital of the company is held by Tech Mahindra Limited (www.techmahindra.com), having its registered office at Gateway Building, Apollo Bunder, Mumbai 400 001, India.

**Significant events**

During the year the parent company, Tech Mahindra Limited has subscribed for additional 625 share of 100 SEK each along with share premium. Total amount of subscription is SEK 12.5 MN.

Also, Tech Mahindra Limited has made share application for SEK 32 MN which is pending for allotment.

During the year there has been addition to employee head count by 71. This is mainly due to transfer of employee because of new business acquisition.

## Notes to the accounts for the year ended 31 March 2023

### Note 1 Accounting policies

The financial statements have been prepared in accordance with the Annual Accounts Act and general advice from Swedish Accounting Standards Board BFNAR 2012:1 Annual accounts and consolidated accounts.

The policies are unchanged compared with the previous year.

**Revenue recognition**

Revenue relates to income from sub-contracting activities relating to rendering of IT services on behalf of the Parent Company 'Tech Mahindra Limited'.

Revenue is recognised on the basis of reimbursement of costs incurred plus markup.

Revenue is measured at the fair value of the consideration received or receivable.

**Receivables**

Receivables are recorded in the amounts at which they are expected to be received.

**Other assets, provisions & liabilities**

Other assets, provisions & liabilities are recorded at cost of acquisition unless otherwise stated below.

**Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand and bank balances which are recognised at nominal value.

**Tangible Fixed Assets**

Tangible Fixed Assets are recorded at cost of acquisition less accumulated depreciation and any write downs.

The assets are depreciated on straight line basis over the estimated useful life apart from land, which is not depreciated.

The useful life is reviewed at every balance sheet date. The useful life of computers and laptops is 3 years.

**Other expenses**

Other expenses are recognised in the same period as the revenue to which they relate.

**Income taxes**

Current tax is income tax for the current financial year that refers to the year's taxable earnings.

Current tax is stated at the probable amount according to the tax rates and tax rules applicable on the Balance Sheet date.

**Foreign currency translation**

Monetary receivables and liabilities in foreign currencies have been restated at the closing rate.

Exchange differences arising on settlement or restatement of monetary items are recognised in the income statement in the financial year in which they occur, either as an operating item or a financial item, on the basis of the underlying business transaction.

**Note 2 Personnel costs**

**Number of employees, benefits, loan to employees etc.**

| | **31-Mar-23** | 31-Mar-22 |

# DIRECTORS' REPORT

The directors present their report and the audited financial statements for Perigord Asset Holdings Limited ("the company") for the financial year ended 31 March 2023.

**Principal activity and future developments**

The principal activity of the company is that of an immediate holding company of certain Perigord trading entities. Following an acquisition in March 2021, the company is a controlled subsidiary of the Tech Mahindra Group, a publicly limited technologies company listed on the Bombay stock exchange. Prior to Mahindra Engineering Services (Europe) Limited acquiring a majority stake, the company was controlled jointly by Alan Leamy and Paul Leamy through their holding company Locarno Investments Limited. After the acquisition both Alan Leamy and Paul Leamy retained a minority interest holding in the company.

The company plans to continue its present activities and does not anticipate a change in the foreseeable future.

**Results and dividends**

The company generated a loss for the financial year of €238,713 (2022: €732,037). The directors do not recommend payment of a dividend (2022: €Nil). At the end of the financial year, the company has net assets of €30,667,547 (2022: €30,873,617).

**Directors and secretary and their interests**

The directors who served throughout the financial year, except as noted, were as follows:

Alan Leamy
Vikram Nair
Vipin Gudwani (Resigned 19.12.22)
Mahesh Lalgudi Rajamani (Appointed 19.12.22)

The secretary who served throughout the financial year was Paul Leamy. In accordance with the company's constitution, the directors are not required to retire by rotation. After the acquisition both Alan Leamy and Paul Leamy own a minority holding in Perigord Asset Holding Limited through Locarno Investments Limited of 63,470 A ordinary shares at 31 March 2023 (2022: 95,206 A ordinary shares).

There are no other disclosable interests in the shareholding of the company or the group that are required to be made under the Companies act, 2014.

**Post balance sheet events**

There have been no significant events affecting the company since the balance sheet date that would require adjustment to or disclosure in these financial statements.

**Political contributions**

The company did not make any disclosable political donations in the current financial year (2022: €Nil).

**Accounting records**

To ensure that adequate accounting records are kept in accordance with sections 281 to 285 of the Companies Act 2014, the directors have employed appropriately qualified accounting personnel and have maintained appropriate computerised accounting systems. The accounting records are located at the company's office at Unit 1, Lyncon Court, IDA Business and Technology Park, Snugborough Road, Blanchardstown.

**Disclosure of information to auditor**

Each person who is a director at the date of approval of this report confirms that:

- there is no relevant audit information (information needed by the company's auditor in connection with preparing the auditor's report) of which the company's auditor is unaware; and
- the directors have taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

**Auditors**

Pursuant to Section 383(2) of the Companies Act 2014, the auditor, KPMG, Chartered Accountants, will continue in office.

# STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that year.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements comply with the Companies Act 2014. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a directors' report that complies with the requirements of the Companies Act 2014.

On behalf of the board

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERIGORD ASSET HOLDINGS LIMITED

**Opinion**

We have audited the financial statements of Perigord Asset Holdings Limited ("the Company") for the year ended 31 March 2023, which comprise the statement of profit and loss account and other comprehensive income, the balance sheet, the statement of changes in equity and related notes, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued in the United Kingdom by the Financial Reporting council.

In our opinion:

— the financial statements give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2023 and of its loss for the year then ended;

— the financial statements have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and

— the financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

**Other information**

The directors are responsible for the other information presented in the directors' report together with the financial statements. The other information comprises the information included in the directors' report . The financial statements and our auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information, we report that:

— we have not identified material misstatements in the directors' report;

— in our opinion, the information given in the directors' report is consistent with the financial statements;

— in our opinion, the directors' report has been prepared in accordance with the Companies Act 2014.

**Opinions on other matters prescribed by the Companies Act 2014**

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

**Matters on which we are required to report by exception**

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

**Respective responsibilities and restrictions on use**

**Responsibilities of directors for the financial statements**

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on IAASA's website at http://www.iaasa.ie/Publications/Auditing-standards/International-Standards-on-Auditing-for-use-in- Ire/Description-of-the-auditor-s-responsibilities-for

**The purpose of our audit work and to whom we owe our responsibilities**

Our report is made solely to the Company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

**Notes**

**1 General information**

Perigord Asset Holdings Limited ("the Company") is a company limited by shares incorporated in the Republic of Ireland. Unit 1, Lyncon Court, IDA Business and Technology Park, Snugborough Road, Blanchardstown is the registered office, which is also the principal place of business of the company. The nature of the company's operations and its principal activities are set out in the directors' report. The financial statements have been presented in Euro (€) which is also the functional currency of the company.

**2 Summary of significant accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

**Statement of compliance**

The financial statements of the company for the year ended 31 March 2023 have been prepared in accordance with the provisions of FRS 102 Section 1A (Small Entities) and the Companies Act 2014. The company qualifies as a small company as defined by section 280B of the Companies Act 2014 in respect of the financial year, and has applied the rules of the 'Small Companies Regime' in accordance with Section 280C of the Companies Act 2014 and Section 1A of FRS 102.

**Basis of preparation**

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. These financial statements were prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102"). There have been no material departures from that standard. The functional currency of the company and the presentation currency of these financial statements is in Euro. All amounts in the financial

statements have been rounded to the nearest €1,000.

**Going concern**

The directors are satisfied that the group has sufficient cash reserves to meet all obligations as they fall due and the financial statements have been prepared on a going concern basis.

**Consolidated accounts**

The company is entitled to the exemption provided for in Section 300 of the Companies Act 2014 from the obligation to prepare group accounts.

**Cash flow statement exemption**

The company has availed of the exemption contained in Section 1A of FRS 102 and as a result have elected not to prepare a cash flow statement or its related notes.

**Turnover**

Turnover comprises the invoice value of services supplied by the company, exclusive of trade discounts and value added tax.

**Classification of financial liabilities and equity instruments**

In accordance with FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

(a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

(b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Unpaid dividends in respect of these instruments are included as creditors due after more than one year until they are paid. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

**Investments in subsidiaries**

The company holds investments in subsidiaries at cost less impairment.

**Trade and other debtors**

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

**Trade and other creditors**

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

**Share-based payments**

The company issues equity-settled share-based payments to certain employees. Equity-settled share-based payments are measured at fair value at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, together with a corresponding increase in equity, based upon the company's estimate of the shares that will eventually vest.

**Taxation and deferred taxation**

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Impairment excluding stocks (investment properties) and deferred tax assets**

Financial assets (including trade and other debtors)

A financial asset not carried at fair value through the profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Interest on the impairment asset continues to be recognized on the net carrying amount. For Financial instruments measured at cost less impairment the impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the company would receive for the asset if it were to be sold at the reporting date. Impairment losses are recognized in profit or loss. When a subsequent event causes the amount of the impairment loss to decrease, the decrease in impairment loss is reversed through the profit or loss.

**Foreign currencies**

Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the Profit and loss account.

**Ordinary share capital**

The ordinary share capital of the company is presented as equity.
The preference share capital of the company is presented as interest bearing debt.

## 3 Turnover

The company generated turnover of €520,454 (2022: €Nil) in respect of management services provided to fellow group undertakings during the year.

## 4 Operating loss

| | 2023 | 2022 |

# INDEPENDENTAUDITOR'SREPORT

To the Board of Directors
Perigord Premedia USA,Inc.
Branford, Connecticut

**Opinion**

We have audited the accompanying financial statements of Perigord Premedia USA,Inc. (a Connecticut corporation)which comprises the balance sheet as of March 31, 2023, and the related statements of income, accumulated earnings and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Perigord Premedia USA,Inc. as of March 31, 2023, and the results of its operations and its cash flows for the year ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Perigord Premedia USA, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement,whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about Perigord Premedia USA,Inc. ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement,whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists .The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that,individually or in the aggregate they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards,we:

- Exercise professional judgement and maintain professional skepticism through out the audit.

- Identify and assess the risks of material misstatement of the financial statements,whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances,but not for the purpose of expressing an opinion on the effectiveness of Perigord Premedia USA, Inc. internal control .Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate,that raise substantial doubt about Perigord Premedia USA,Inc. ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# NOTES TO THE FINANCIAL STATEMENTS

**FOR THE YEAR ENDED MARCH 31, 2023**

## I - NATURE OF OPERATION

Perigord Premedia USA, Inc. (the Company) is a Connecticut Corporation formed in 1979 and operates from its headquarters in Branford, Connecticut. The Company is a wholly owned subsidiary of Perigord Premedia Limited and part of the Perigord Asset Holdings Limited group. The Company provides artwork creation and premedia services in support of commercial and life science industries. On March 15, 2021 Perigord Asset Holdings Limited and all its affiliated companies, entered into a purchase agreement with Tech Mahindra to sell 70% of the outstanding shares of Perigord Asset Holding Limited. Perigord Premedia USA Inc., a wholly owned subsidiary of the group was included in the acquisition.

## 2 - SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The Company used the accrual method of accounting in connection with these financial statements.

### Impairment of Long-Lived Assets

The company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of these assets is determined by comparing the forecasted undiscounted net cash flows of the operation to which the assets relate to the carrying amount. If the operation is determined to be unable to recover the carrying amount of its assets, then assets are written down first, followed by other long-lived assets of the operation to fair value. Fair value is determined based on discounted cash flows or appraised values, depending on the nature of the assets. There were no impairment losses recognized for long-lived assets as of March 31, 2023.

**Revenue Recognition -** Revenue recognition is realized usually at the point of sale or as services have been performed and are billable. In general, revenue is recognized when the earnings process is completed. Revenues are recognized when control of these services is transferred to its customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those services. The Company does not have any significant financing components as payment is received at or shortly after the point of sale.

**Accounts Receivable -** Accounts receivable are recorded at the amount management expects to collect and are stated net of allowance for doubtful accounts. Management provides for uncollectible amounts through a charge to earnings and a credit to the valuation allowance. At March 31, 2023, the allowance for doubtful account was $12,915.

**Inventories -** Inventories are stated at the lower of cost, determined on a first-in, first-out (FIFO) basis, or market, and consist primarily of work-in-process and supplies for production. At March 31, 2023 there is no inventory that has not been invoiced to the customer.

**Property and Equipment -** The cost of property and equipment is depreciated on the straight-line method over the estimated useful lives of the related assets. Upon sale or retirement, the cost and accumulated depreciation are removed and the realized gain or loss is included in the results of operation. Expenditures for repairs and maintenance are charged to operations as incurred.

**Income Tax -** The Company provides deferred income taxes for temporary differences ansmg principally from the use of different methods of reporting various items for financial accounting and tax purposes.

### Recent Accounting Polices

There has been no change to the Corporation accounting policies as of March 31, 2023 or for the year then ended.

**Use of Estimates -** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures of assets and liabilities at the financial statement date and the reported amounts of revenue and expense during the report period. Accordingly, actual results could differ from those estimates.

**Cash and Cash Equivalents -** The Company considers cash and cash equivalents to be all highly liquid securities with maturities of less than three months.

**Subsequent Events -** Subsequent events have been evaluated through May 12, 2023 which is the date the financial statements were available to be issued.

**Cost of Goods Sold -** Cost of goods sold consists of merchandise costs, including freight costs, labor costs, compensation and benefit expense, allocated overhead and operating expenses

**Selling and Administrative Expenses -** Selling and administrative expenses consist of compensation and benefit expenses. Selling and administrative expenses also include advertising costs, supplies for the office, communication costs, travel and entertainment, and services purchased.

**Advertising -** Advertising costs are charged to operations when incurred.

Fair Values - The carrying amounts reflected in the balance sheet for cash, cash equivalents, loans and notes payable approximate the fair values due to the short maturities of those instruments.

**3 - CONCENTRATIONS OF CREDIT RISK**

Financial instruments which potentially subject the company to a concentration of credit risk principally consist of cash and trade accounts receivable.

The Company maintains its cash in bank deposit accounts which, at times, may exceed Federally insured limits.

The majority of the company's accounts receivable at March 31, 2023 is with customers located in the Northeast. However, management does not believe a significant credit risk exists at March 31, 2023. Generally, the Company does not require collateral to support its accounts receivable.

**4 - LEASING ARRANGEMENTS**

The company leases its operating facilities in Branford, Connecticut from unrelated parties under operating lease agreements expiring through August 31, 2025. Rent expense under this lease was $74,156 for the year ended March 31, 2023.

Future minimum lease payments under non-cancelable operating leases are as follows

| **Year ended March 31** | |
|---|---|
| 2024 | $70,229 |
| 2025 | 70,229 |
| 2026 | 29,262 |
| | **$169,720** |

**5 - PROPERTY AND EQUIPMENT**

Property and equipment with a useful life of more than one year are carried at cost and depreciated using straight-line methods over their estimated useful lives. The assets, estimated useful lives, cost, current year depreciation and accumulated depreciation are as follows:

| **Assets and Estimated Useful Lives** | **Cost** | **Current Year Depreciation** | **Accumulated Depreciation** |
|---|---|---|---|

**6 - RELATED PARTY TRANSACTIONS**

At March 31, 2023, the company had trade receivables and trade payables owed to the foreign entities listed below. The company has advanced to Perigord Premedia Limited $500,000, which are non interest bearing and are due on demand. The company will at various times need to raise capital in order to fund its operations. The Company Shareholder and or affiliated entity has committed to provide sufficient working capital to operate over the next twelve-month period.

| | |
|---|---|
| **Accounts receivable** | |
| Perigord Premedia Limited | $270,690 |
| Perigord Data Solutions Limited | $194,700 |
| **Accounts Payable** | |
| Perigord Premedia Limited | $ 80,096 |
| Perigord Data Solutions Limited | $ 1,574 |
| **Sales** | |
| Perigord Premedia Limited | $617.470 |
| Perigord Data Solutions Limited | $546,098 |
| **Purchases** | |
| Perigord Premedia Limited | $276.368 |
| Perigord Data Solutions Limited | $ 2,892 |

**7 - PENSION PLANS**

The company maintains a 401K plan which is open to substantially all employees. Under the provisions of the plan employees are allowed to contribute between 2% to I0% of their compensation. Matching contributions can be made by the company at the discretion of the board of directors. No employer matching contribution was made for the year ended March 31, 2023.

**8 - INCOME TAX**

The Company follows FASB ASC 740-10, Accounting for Uncertainty in Income Taxes, which provides guidance on accounting for uncertainty in income taxes recognized in the Company's financial statements. The guidance prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of March 31, 2023, the Company had no uncertain tax positions that required either recognition or disclosure in the Company's financial statements. Generally, the tax years before 2019 are no longer subject to examination by Federal or state authorities.

**8 - INCOME TAX (CONTINUED)**

Federal and state income taxes are accrued at year ended in accordance with applicable income tax laws. The income tax provision of the Company consists of the following:

| | |
|---|---|
| Current tax provision | |
| Federal | $220,000 |
| State | 118,224 |
| Total | $338,224 |

Deferred income taxes result from significant temporary differences between income for financial reporting purposes and taxable income. These differences arose principally from the use of accelerated tax depreciation, unifonn capitalization rules for inventory for tax purposes and restrictions on the deductibility of related party and other accruals for tax purposes. At March 31, 2023, the company had insignificant differences resulting from differences in book and tax depreciation. No deferred tax asset or deferred tax benefit has been recorded in the financial statement.

At March 31, 2023, the company utilized the remaining Connecticut state operating loss carryforwards of approximately $207,149. The Company has utilized all of its federal loss carryforwards as well. No additional federal or state operating loss carryforward are remaining.

**9 - GOODWILL**

Goodwill originally amounted to $270,966 acquired on previous asset acquisitions and was being amortized over 40 years until December 31, 2003. In accordance with Statement of Financial Accounting Standards No. 142 amortization was discontinued for all future years up through and including 2014. For years beginning after December 31, 2014 the remaining balance is being amortized over 10 years at $13,000 as required by ASU 2014-02 dated January 2014. The amortization for the year ended March 31, 2023 is $13,000.

Effective November 2016 the company purchased the assets of Phanna International Inc. for $200,000. The intangible assets are being amortized over 10 years as required by ASU 2014-02 dated January 2014. Amortization of the purchased assets amounted to $20,000 for the year ended March 31, 2023.

# INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Directors:

Perigord Premedia USA, Inc.

Branford, Connecticut

We have audited the financial statements of Perigord Premedia USA, Inc. as of March 31, 2023 and for the year then ended, and our report thereon dated May 12, 2023, which expressed an unmodified opinion on those financial statements, appears on page One. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Cost of Sales on page 12 and the Schedule of Selling and Administrative Expenses on page 13 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# REVIEW REPORT OF THE INDEPENDENT AUDITOR

## A. ENGAGEMENT

The management of August Faller Artworks Solutions GmbH (the "Company"), Waldkirch, engaged us to review the annual statutory financial statements as of March 31, 2023, together with the underlying books and records.

The General Engagement Terms for Wirtschaftsprüfer und Wirtschaftsprüfungs- gesellschaften (German Public Auditors and Public Audit Firms) dated January 1, 2017 which are attached to this report are applicable to this engagement and will also govern our relations with third parties in the context of this engagement. In addition, please refer to the liability provisions contained therein no. 9 and to the exclusion of liability towards third parties and the other provisions of the enclosed "Engagement Terms, Liability and Conditions of Use".

This review report is addressed to the Company.

## B. SUBJECT MATTER AND OBJECTIVE OF THE REVIEW

As part of our engagement, we reviewed the accounting records and the annual financial statements - comprising a balance sheet and notes to the financial statements as of March 31, 2023, together with the bookkeeping for the twelve months' period from April 1, 2022 to March 31, 2023 (representing statutory commercial income statement) to determine whether they comply with the relevant legal requirements.

The applicable accounting principles for our review of the annual financial statements were the accounting provisions of sections 242 to 256a and sections 264 to 288 of the German Commercial Code (HGB) and the special provisions of the German Limited Liability Companies Act (GmbH-Gesetz). There are no supplementary accounting provisions from the Articles of Association.

The review comprises a critical appraisal of the financial statements based on plausibility assessments. The objective of a critical review is to obtain a certain level of assurance that the financial statements are free from material misstatement, whether due to fraud or error. A certain level of assurance is achieved when we are satisfied, based on evidence obtained, that the subject matter of the review is plausible in the circumstances.

## C. NATURE AND SCOPE OF THE REVIEW

We conducted our audit in accordance with the generally accepted standards for the review of financial statements (IDW PS 900) promulgated by the German Institute of Certified Public Accountants (IDW).

A review is limited primarily to analytical assessments and inquiries of company personnel. A more extensive review of the information and other evidence obtained is generally only necessary if there is reason to believe that the information submitted for review contains material misstatements or if there is evidence of misstatement or similar indications.

A review is conducted in accordance with the principle of materiality. The assessment of what is considered to be material is subject to our professional judgment.

Our review was based on the annual financial statements as of March 31, 2023 as prepared by the Company. The balance sheet as of March 31, 2022 (representing the opening balances for the period under review) has been reviewed by us. We also used accounting records, vouchers and the Company's files and written materials as underlying supporting documents.

In determining the nature, timing and extent of the procedures to be performed in our review, we considered, in accordance with our professional judgment:

- Knowledge of the Company's business activities;
- knowledge of the accounting principles and practices of the industry in which the company operates;
- the company's accounting-related internal control system;
- the extent to which the statements made in the financial statements are affected by management's judgments;
- the materiality of transactions and account balances.

In particular, we performed the following individual procedures as part of our review:

- obtaining bank confirmation letters

- analytical review procedures

- explicit inquiries of management regarding their assessment of the completeness of other accruals, need for allowances for trade receivables.

- A physical inventory stock taking is not performed at the Company as only agreed upon services in progress is accounted for. Consequently, we performed a reconciliation to the underlying data backup.

All clarifications and evidence requested by us have been provided by the employees designated to provide information. The legal representatives have confirmed to us in writing that these explanations and evidence, as well as the accounting records and the annual financial statements, are complete.

Financial accounting, including fixed asset accounting, is outsourced by the Company to its parent company in Ireland. The outsourcing is approved by local tax authorities. The bookkeeping system applied there is “Sage”. The payroll accounting is outsourced to an external service provider (ADP) since January 2020.

The nature, scope and result of the measures performed by us as part of the audit review are recorded in our working papers.

## D. CERTIFICATE

To August Faller Artwork Solutions GmbH, Waldkirch

We have reviewed the statutory financial statements of August Faller Artwork Solutions GmbH, Waldkirch, for the period from April 1, 2022 to March 31, 2023. The preparation of these financial statements in accordance with German commercial law is the responsibility of the Company’s management. Our responsibility is to issue a report on the financial statements based on our review.

We conducted our review of the financial statements in accordance with German generally accepted standards for the review of financial statements promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Those standards require that we plan and perform the review to obtain a certain level of assurance in our critical appraisal to preclude that the financial statements are not prepared, in all material respects, in accordance with German commercial law. A review is limited primarily to making inquiries of company personnel and applying analytical procedures and thus does not provide the assurance that we would obtain from an audit of financial statements. In accordance with our engagement, we have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the financial statements are not prepared, in all material respects, in accordance with German commercial law and articles of incorporation and bylaws.

# NOTES TO STATUTORY FINANCIAL STATEMENTS FOR THE FISCAL YEAR 2022/2023

## A. General information on the annual financial statements

The Company is registered in the Commercial Register at the Local Court of Freiburg, No. HRB 701134, under the name August Faller Artwork Solutions GmbH. The registered office of the Company is in Waldkirch.

The annual financial statements of August Faller Artwork Solutions GmbH have been prepared on the basis of the accounting provisions of the German Commercial Code (HGB) and the supplementary provisions of the German Limited Liability Companies Act (GmbHG).

The Company is still a small corporation within the meaning of Section 267 (1) HGB.

As resolved at the shareholders' meeting on March 25, 2021, the Company has changed its fiscal year to a year other than the calendar year. In accordance with the entry date in the Commercial Register on April 12, 2021, a shortened fiscal year 2022 was performed with reporting period January 1 to March 31, 2022. The prior-year figures as disclosed in the income statement therefore relate to 3 months. For this reason, a comparison with the previous year is only possible to a limited extent. The reporting period is now April 1 to March 31 of the following year.

## B. Information on accounting and valuation methods

The annual financial statements of August Faller Artwork Solutions GmbH have been prepared in accordance with the accounting and valuation regulations of the German Commercial Code.

The accounting and valuation methods have been retained unchanged from the previous fiscal year.

The following accounting and valuation methods were applied to the balance sheet items:

Property, plant and equipment are stated at cost and, where their useful lives are finite, depreciated on a straight-line basis. The useful lives of the assets have been set at 3 to 15 years. The tax depreciation rates do not apply. Same applies to small value items: usable assets with a value between EUR 250.00 and EUR 800.00 are not fully depreciated in the year of acquisition.

Work in progress has been valued at production cost in accordance with its degree of completion. They are valued retroactively on the basis of the selling price.

Receivables and other assets are stated at nominal value. Identifiable individual risks are accounted for by specific valuation allowances. A general allowance for doubtful accounts has been established to cover the general credit risk associated with trade accounts receivable.

Cash in hand and bank balances are stated at nominal value.

Other accruals are valued at the amount required to settle the obligation according to prudent business judgment.

Liabilities are stated at their settlement amount.

Deferred tax assets resulting from loss carry forwards are not recognized.

## C. Notes to balance sheet

Receivables from shareholders only comprise trade accounts receivable (as in previous year).

Liabilities include interest-bearing liabilities to shareholders from other liabilities amounting to EUR 50,000.00 (previous year: EUR 60,000.00).

All liabilities have a remaining term of less than one year. Trade payables are secured by customary retention of title.

## D. Other disclosures

The average number of employees during the fiscal year was 43 people.

There are financial obligations from rental agreements with third parties amounting to kEUR 107 p.a.

In the fiscal year, Mr. Michael Fleming, Dublin / Ireland was the full-time and sole managing director of August Faller Artwork Solutions GmbH. Sole power of attorney is still granted to Ms. Stefanie Glocker, Ebringen and Ms. Simone Herold, Ebringen.

The annual financial statements of August Faller Artwork Solutions GmbH are included in the consolidated financial statements of Tech Mahindra Ltd, Pune/India - as the ultimate parent company. For the smallest group of companies, Perigord Asset Holdings Ltd, Dublin/Ireland, prepares consolidated financial statements as of the balance sheet date March 31 of each year.

Waldkirch, April 20, 2023

Michael Flemming

# DEVELOPMENT OF FIXED ASSETS FOR THE BUSINESS YEAR FROM APRIL 1, 2022 TO MARCH 31, 2023

| 1. Other equipment, operational and office equipment | 459.486,52 | 34.222,47 | 17.720,95 | 475.988,04 | 406.533,40 | 27.242,51 | 17.720,95 | 416.054,96 | 59.933,08 | 52.953,12 |

## 1. Legal Position of the Company

The Company is domiciled in Waldkirch and has been registered in the Commercial Register of Freiburg im Breisgau, Department B, under No. 701134.

The articles of association were passed on March 28, 2007 and for the last time amended by the shareholder's decision on March 25, 2021.

### Business Objective of the Company

The Company's business activities are services related to print image design, print data management and the approval process, as well as the industrial production of artwork for pharmaceutical products.

### Financial Year

As resolved at the shareholders' meeting on March 25, 2021, the Company has changed its fiscal year. In accordance with the entry date in the Commercial Register on April 12, 2021, a short fiscal year was inserted for the period January 1 to March 31, 2022. The regular report- ing period became April 1 to March 31 following year.

### Subscribed Capital

The fully paid in subscribed capital amounts to EUR 200,000.00. As of balance sheet date all shares in the Company were held by Perigord Asset Holdings Ltd., Dublin/Ireland.

### Management

The general manager has the sole right to represent the Company.

## 2. Relationships with Affiliated Companies

We refer to the information disclosed in the Notes to Financial Statements according to Sect. 285 No. 11 and No. 14 of the German Commercial Code.

## 3. Tax Background

The company is subject to taxation of income in Germany (corporate tax and trade tax). Until the year 2019 a taxation of the (former) Indian branch was in place.

The last external tax audit was completed in in April 2020 with no findings: This audit covered the fiscal years 2016 to 2017. The last wage tax audit covered the years 2011 to 2014 and was completed in January 2016.

Tax assessments for all fiscal years until 2021 have been issued by the local tax authorities. Final notices have been issued for the assessment periods up to 2020. The tax filings for fis- cal year 2022 are scheduled for May 2023.

# DIRECTORS' REPORT

The directors present their report and the audited financial statements for Perigord Data Solutions Limited ("the company") for the financial year ended 31 March 2023.

### Principal activity and future developments

The principal activity of the company continues to be the development of software solutions to manage the artwork process for the life science and related industries. Following an acquisition in March 2021, the company is a controlled subsidiary of the Tech Mahindra Group, a publicly limited technologies company listed on the Bombay stock exchange. Prior to Mahindra Engineering Services (Europe) Limited acquiring a majority stake, the company was controlled jointly by Alan Leamy and Paul Leamy through their holding company Locarno Investments Limited. The company plans to continue its present activities and does not anticipate a change in the foreseeable future.

### Results and dividends

The company generated a profit for the financial year amounted to €971,901 (2022: €1,282,613). The directors do not recommend payment of a dividend (2022: €Nil). At the end of the financial year, the company has net liabilities of €1,218,814 (2022: €2,190,715) which include amounts owed to group undertakings of €4,362,949 (2022: €3,670,917). Going concern is discussed further in the financial statements at note 2 basis of preparation.

### Directors and secretary and their interests

The directors who served throughout the financial year, except as noted, were as follows:

Alan Leamy
Paul Leamy

The secretary who served throughout the financial year was Paul Leamy. In accordance with the company's constitution, the directors are not required to retire by rotation.

The company regards Perigord Asset Holdings Limited as its parent company. After the acquisition both Alan Leamy and Paul Leamy own a minority holding in Perigord Asset Holding Limited through Locarno Investments Limited of 63,470 A ordinary shares at 31 March 2023 (2022: 95,206 A ordinary shares at 31March 2022).

There are no other disclosable interests in the shareholding of the company or the group that are required to be made under the Companies act, 2014.

### Post balance sheet events

There have been no significant events affecting the company since the balance sheet date that would require adjustment to or disclosure in these financial statements.

### Political contributions

The company did not make any disclosable political donations in the current financial year (2022: €Nil).

### Research and development

Over the past number of years the company has been engaged in the development of brand and artwork solutions to manage the artwork process for the life science industry. Research expenditure incurred in relation to these activities has been written off to the profit & loss account in the year in which it was incurred. Development expenditure incurred in relation to this activity is written off in the same way unless the directors have satisfied themselves as to the technical, commercial and financial viability of the individual projects. In this situation, the expenditure is deferred and will be amortised over the period during which the company is expected to benefit. The company has not capitalised any Research and Development expenditure in the current year or prior year.

### Accounting records

To ensure that adequate accounting records are kept in accordance with sections 281 to 285 of the Companies Act 2014, the directors have established appropriate books to adequately record the transactions of the company. The directors also ensure that the company retains the source documentation for these transactions. The accounting records are maintained at the company's office at Unit 1, Lyncon Court, IDA Business and Technology Park, Snugborough Road, Blanchardstown, Dublin 15.

### Disclosure of information to auditor

Each person who is a director at the date of approval of this report confirms that:

- there is no relevant audit information (information needed by the company's auditor in connection with preparing the auditor's report) of which the company's auditor is unaware; and

- the directors have taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

**Auditors**

Pursuant to Section 383(2) of the Companies Act 2014, the auditor, KPMG, Chartered Accountants, will continue in office.

On behalf of the board

# STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that year.

In preparing these financial statements, the directors are required to:

— select suitable accounting policies and then apply them consistently;

— make judgements and estimates that are reasonable and prudent;

— state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;

— assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and

— use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements comply with the Companies Act 2014. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a directors' report that complies with the requirements of the Companies Act 2014.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PERIGORD DATA SOLUTIONS LIMITED

**Report on the audit of the financial statements**

**Opinion**

We have audited the financial statements of Perigord Data Solutions Limited ("the Company") for the year ended 31 March 2023, which comprise the profit and loss account and other comprehensive income, the balance sheet, the statement of changes in equity and related notes, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued in the United Kingdom by the Financial Reporting council.

In our opinion:

— the financial statements give a true and fair view of the assets, liabilities and financial position of the Company as at 31 March 2023 and of its profit for the year then ended;

— the financial statements have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and

— the financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014.

**Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

**Other information**

The directors are responsible for the other information presented in the directors' report together with the financial statements. The other information comprises the information included in the directors' report . The financial statements and our auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information, we report that:

— we have not identified material misstatements in the directors' report;

— in our opinion, the information given in the directors' report is consistent with the financial statements;

— in our opinion, the directors' report has been prepared in accordance with the Companies Act 2014.

**Opinions on other matters prescribed by the Companies Act 2014**

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

**Matters on which we are required to report by exception**

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

**Respective responsibilities and restrictions on use**

**Responsibilities of directors for the financial statements**

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on IAASA's website at http://www.iaasa.ie/Publications/Auditing-standards/International-Standards-on-Auditing-for-use-in- Ire/Description-of-the-auditor-s-responsibilities-for

**The purpose of our audit work and to whom we owe our responsibilities**

Our report is made solely to the Company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

# NOTES

**forming part of the financial statements**

## 1 General information

Perigord Data Solutions Limited ("the Company") is a company limited by shares incorporated in the Republic of Ireland.

## 2 Summary of significant accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

### Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, issued by the Financial Reporting Council.

The company has prepared projections which demonstrate that it will be profitable in future years. Given recent project wins and sales pipelines for the next 12 months, the directors are satisfied that the company has sufficient cash reserves to meet all obligations as they fall due and the financial statements have been prepared on a going concern basis. The company has received a letter of support from the ultimate parent undertaking in which they will enable the company to meet its obligations as they fall due.

### Cash flow statement

The company has availed of the exemption in FRS 102 from the requirement to prepare a statement of cash because it is a subsidiary undertaking for which the consolidated financial statements are publicly available.

### Turnover

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

### Financial liabilities and equity instruments

Following the adoption of FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

- they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

- where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Unpaid dividends in respect of these instruments are included as creditors due after more than one year until they are paid. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

**Government grants**

Grants are recognised using the accruals model when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Grants towards capital expenditure are credited to deferred income and are released to the profit and loss account over the expected useful life of the related assets, by equal annual instalments. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

**Research and development**

Development expenditure is written off in the same year unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period from which the company is expected to benefit.

**Tangible assets and depreciation**

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

| | |
|---|---|
| Software - | 15% Straight line |
| Fixtures, and fittings - | 33% Straight line |
| Motor vehicles - | 25% Straight line |
| Computer equipment - | 33% Straight line |

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

**Leasing and hire purchases**

Tangible assets held under leasing and Hire Purchases arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the balance sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the profit and loss account.

**Trade and other debtors**

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

**Trade and other creditors**

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

**Employee benefits**

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis. The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments isavailable.

**Taxation and deferred taxation**

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Foreign currencies**

The company's functional currency is the Euro. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the profit and loss account.

**3 Turnover**

The analysis of turnover and profit by segment and geographical area as required by the Companies Act 2014 is not included as the directors believe that such disclosure would be seriously prejudicial to the business of the Company.

**4 Statutory information**

| Directors' remuneration: | **2023** | 2022 |
|---|---|---|
| | **€** | € |
| Fees for services rendered to the Company | **120,000** | 120,000 |

## 8 Intangible assets

| | **Capitalised development** | **Total** |
|---|---|---|
| | **€** | **€** |
| Cost and net book value | | |
| At 1 April 2022 | - | - |
| Additions | 1,957,138 | 1,957,138 |
| **At 31 March 2023** | **1,957,138** | **1,957,138** |

During the year, having met the recognition criteria and in line with its accounting policy, the Company capitalised development expenditure of €1,957,138 (2022: €Nil) in respect of several complementary software development projects. Assets remain under development, have not yet been brought into use and there is no amortisation charge during the year. The Company expects to realise the value of the capitalised intangible assets through future use and the generation of new cash flows.

## 9 Tangible assets

| | **Software** | **Fixtures, and fittings** | **Motor vehicles** | **Computer equipment** | **Total** |
|---|---|---|---|---|---|
| | **€** | **€** | **€** | **€** | **€** |
| Cost | | | | | |
| At 1 April 2022 | 22,310 | 5,116 | 55,562 | 705,957 | 788,945 |
| Additions | 71,803 | - | - | 351,146 | 422,949 |
| **At 31 March 2023** | **94,113** | **5,116** | **55,562** | **1,057,103** | **1,211,894** |
| Depreciation | | | | | |
| At 1 April 2022 | 21,229 | 5,115 | 7,408 | 268,880 | 302,632 |
| Charge for the financial year | 4,386 | 1 | 11,113 | 190,241 | 205,741 |
| **At 31 March 2023** | **25,615** | **5,116** | **18,521** | **459,121** | **508,373** |
| Net book value | | | | | |
| **At 31 March 2023** | **68,498** | **-** | **37,041** | **597,982** | **703,521** |
| At 31 March 2022 | 1,081 | 1 | 48,154 | 437,077 | 486,313 |

## 10 Debtors

| | 2023 | 2022 |
|---|---|---|
| | **€** | € |
| Trade debtors | **1,097,420** | 1,314,570 |
| Amount owed by group undertakings | **1,007,687** | - |
| Other debtors | **218,872** | 5,500 |
| Deferred tax asset | **-** | 100,415 |
| Vat Recoverable | **246,881** | 183,056 |
| Prepayments | **339,593** | 265,602 |
| Accrued income | **442,547** | 338,973 |
| | **3,353,000** | 2,208,116 |

Trade debtors are recorded net of a provision for bad debts of €Nil (2022: €Nil).

Amounts owed by group undertakings are unsecured, interest free and repayable on demand.

## 11 Deferred tax (liability) / asset

| | 2023 | 2022 |
|---|---|---|
| | **€** | € |
| Deferred tax (liability) / asset | **(1,589)** | 100,415 |

The deferred tax position is primarily due to losses forward and timing differences on fixed assets and pension deductions of €243,054 offset by deferred tax liabilities recognised on intangible assets of €244,642 (2022: €Nil).

## 12 Creditors: amounts falling due within one year

| | 2023 | 2022 |
|---|---|---|
| | **€** | € |
| Trade creditors | **701,128** | 276,974 |
| Accruals | **619,965** | 201,927 |
| Amounts owed to credit institutions | **900** | 1,632 |
| Finance leases and hire purchase contracts | **37,041** | 31,085 |
| Amounts owed to group undertakings | **4,362,949** | 3,670,917 |
| Deferred tax liability | **1,589** | - |
| Tax payable | **70,013** | 72,763 |
| Deferred income | **2,927,489** | 2,598,935 |
| | **8,721,074** | 6,854,233 |

Amounts owed to group undertakings are unsecured, interest free and repayable on demand.

## 13 Creditors: amounts falling due after more than one year

| | 2023 | 2022 |
|---|---|---|
| | **€** | € |
| Finance leases and hire purchase contracts (a) | **8,270** | 69,075 |
| Other creditors | **95,440** | 95,440 |
| | **103,710** | 164,515 |

(a) Net obligations under finance leases and hire purchase contracts:

| | 2023 | 2022 |
|---|---|---|
| | € | € |
| Repayable within one year | **37,041** | 31,085 |
| Repayable between one and five years | **8,270** | 69,075 |
| | **45,311** | 100,160 |

**14 Called up share capital – equity**

| | 2023 | 2022 |
|---|---|---|
| | € | € |
| **Allotted, called up and fully paid** | | |
| 1,070,102 ordinary shares of €1 each | **1,070,102** | 1,070,102 |

**15 Reserves**

| | Prof it and loss account | capital contribution reserve | Total |
|---|---|---|---|
| | € | € | € |
| **At 1 April 2022** | **(3,279,358)** | **18,541** | **(3,260,817)** |
| Profit for the financial year | 971,901 | - | 971,901 |
| **At 31 March 2023** | **(2,307,457)** | **18,541** | **(2,288,916)** |

**16 Capital commitments**

The company had no material capital commitments at the financial year-ended 31 March 2023 (2022: €Nil).

**17 Related party transactions**

The company has availed of the exemption under FRS 102 in relation to the disclosure of transactions with group undertakings.

**18 Parent and ultimate parent company**

The company regards Perigord Asset Holdings Limited as its parent company. The company's ultimate parent undertaking is Tech Mahindra Limited. Tech Mahindra Limited is located and registered in India. The parent in which the results are consolidated is Tech Mahindra Limited.

**19 Post balance sheet events**

There have been no significant events affecting the company since the balance sheet date that would require adjustment to or disclosure in these financial statements.

**20 Approval of financial statements**

The financial statements were approved and authorised for issue by the board of directors on 22 June 2023.

# DIRECTORS' REPORT

The directors present their report and the financial statements for Perigord Premedia Limited ("the company") for the financial year ended 31 March 2023.

### Principal activity and future developments

The principal activity of the company is the provision of quality artwork and labelling outsource services and management solutions to the life science and related industries. Following an acquisition in March 2021, the company is a controlled subsidiary of the Tech Mahindra Group, a publicly limited technologies company listed on the Bombay stock exchange. Prior to Mahindra Engineering Services (Europe) Limited acquiring a majority stake, the company was controlled jointly by Alan Leamy and Paul Leamy through their holding company Locarno Investments Limited.

The company plans to continue its present activities and does not anticipate a change in the foreseeable future.

### Results and dividends

The company generated a profit for the financial year of € 578,508 *(2022: €1,212,530)*. The directors do not recommend payment of a dividend (*2022: €Nil)*. At the end of the financial year, the company has net assets of €5,703,459 *(2022: €5,124,950)*.

### Directors and secretary and their interests

The directors who served throughout the financial year, except as noted, were as follows:

Alan Leamy

Paul Leamy

The secretary who served throughout the financial year was Paul Leamy. In accordance with the company's constitution, the directors are not required to retire by rotation.

The company regards Perigord Asset Holdings Limited as its parent company. After the acquisition both Alan Leamy and Paul Leamy own a minority holding in Perigord Asset Holding Limited through Locarno Investments Limited of 63,470 A ordinary shares at 31 March 2023 *(2022: 95,206 A ordinary shares at 31 March 2022).*

There are no other disclosable interests in the shareholding of the company or the group that are required to be made under the Companies act, 2014.

### Post balance sheet events

There have been no significant events affecting the company since the balance sheet date that would require adjustment to or disclosure in these financial statements.

### Political contributions

The company did not make any disclosable political donations in the current financial year *(2022: €Nil).*

### Accounting records

To ensure that adequate accounting records are kept in accordance with Sections 281 to 285 of the Companies Act 2014, the directors have employed appropriately qualified accounting personnel and have maintained appropriate computerised accounting systems. The accounting records are located at the company's office at Unit 1, Lyncon Court, IDA Business and Technology Park, Blanchardstown.

# STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland.*

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that year. In preparing these financial statements, the directors are required to:

— select suitable accounting policies and then apply them consistently;

— make judgements and estimates that are reasonable and prudent;

— state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;

— assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and

— use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements comply with the Companies Act 2014. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a directors' report that complies with the requirements of the Companies Act 2014.

# NOTES

forming part of the financial statements

**1 General information**

Perigord Premedia Limited is a company limited by shares incorporated in the Republic of Ireland.

**2 Summary of significant accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

**Statement of compliance**

The financial statements of the company for the year ended 31 March 2023 have been prepared on the going concern basis and in accordance with generally accepted accounting principles in Ireland and Irish statute comprising the Companies Act 2014 and in accordance with *The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland* ("FRS 102") issued by the Financial Reporting Council.

**Basis of preparation**

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* issued by the Financial Reporting Council.

**Cash flow statement**

The company has availed of the exemption in FRS 102 from the requirement to prepare a Statement of Cash Flows because it is a subsidiary undertaking for which the consolidated financial statements are publicly available.

**Consolidated accounts**

The company is entitled to the exemption provided for in Section 300 of the Companies Act 2014 from the obligation to prepare group accounts.

**Turnover**

Turnover comprises the invoice value of goods supplied by the company, exclusive of trade discounts and value added tax.

**Financial liabilities and equity instruments**

Following the adoption of FRS 102, financial instruments issued by the company are treated as equity (i.e. forming part of the shareholders' funds) only to the extent that they meet the following two conditions:

(a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and

(b) where the instrument will or may be settled in the company's own equity instruments, it is either a nonderivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account excludes amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges.

Issued preference share capital that is deemed to represent a contractual obligation to deliver cash or another asset to another entity, is treated as financial liability and, accordingly, is included in either current or long term liabilities in the balance sheet. Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contracted arrangement.

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction cost.

**Tangible assets and depreciation**

Tangible assets are stated at cost or at valuation, less accumulated depreciation. The charge to depreciation is calculated to write off the original cost or valuation of tangible assets, less their estimated residual value, over their expected useful lives as follows:

Computer equipment - 33% Straight line

Fixtures, and fittings - 33% Straight line

Leasehold Improvements - 25% Straight line

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

**Leasing and hire purchases**

Tangible assets held under leasing and Hire Purchases arrangements which transfer substantially all the risks and rewards of ownership to the company are capitalised and included in the balance sheet at their cost or valuation, less depreciation. The corresponding commitments are recorded as liabilities. Payments in respect of these obligations are treated as consisting of capital and interest elements, with interest charged to the profit and loss account.

**Investments**

The company holds investments in unlisted non-puttable equity shares of a number of entities. These investments are measured at cost less impairment.

**Trade and other debtors**

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less impairment losses for bad and doubtful debts except where the effect of discounting would be immaterial. In such cases the receivables are stated at cost less impairment losses for bad and doubtful debts.

**Borrowing costs**

Borrowing costs relating to the acquisition of assets are capitalised at the appropriate rate by adding them to the cost of assets being acquired. Investment income earned on the temporary investment of specific borrowings pending their expenditure on the assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

**Trade and other creditors**

Trade and other creditors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest rate method, unless the effect of discounting would be immaterial, in which case they are stated at cost.

**Employee benefits**

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. For defined contribution plans, the company pays contributions to privately administered pension plans on a contractual or voluntary basis.

The company has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

**Taxation and deferred taxation**

Current tax represents the amount expected to be paid or recovered in respect of taxable profits for the financial year and is calculated using the tax rates and laws that have been enacted or substantially enacted at the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax in the future, or a right to pay less tax in the future. Timing differences are temporary differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are anticipated to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Government grants**

Grants are recognised using the accruals model when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Grants towards capital expenditure are credited to deferred income and are released to the profit and loss account over the expected useful life of the related assets, by equal annual instalments. Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.

**Foreign currencies**

The company's functional currency is the Euro. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated at the rates of exchange ruling at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The resulting exchange differences are dealt with in the profit and loss account.

## 3 Turnover

The analysis of turnover and profit by segment and geographical area as required by the Companies Act 2014 is not included as the directors believe that such disclosure would be seriously prejudicial to the business of the Company.

## 4 Statutory information

| | **2023** | 2022 |
|---|---|---|

# INDEPENDENT AUDITOR'S REPORT

**To the Members of Perigord Premedia (India) Private Limited**

**Report on the Audit of the Financial Statements**

### Opinion

We have audited the financial statements of Perigord Premedia (India) Private Limited (the "Company") which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 01 April 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.

B. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 32 (a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 32(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

C. With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF PERIGORD PREMEDIA (INDIA) PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2023

**(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 2 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies/discrepancy were/was noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment including intangible assets during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering technology enabled services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited with the appropriate authorities, though there have been slight delays in a few cases of Provident Fund and Employee State Insurance.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2023. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company has not raised any loan from any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2023. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the and shared with us while determining the nature, timing and extent of our audit procedures.As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

## ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF PERIGORD PREMEDIA (INDIA) PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2023

**Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

**(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

### Opinion

We have audited the internal financial controls with reference to financial statements of Perigord Premedia (India) Private Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

### Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Company overview and Summary of significant accounting policies**

**1. Company information**

Perigord Premedia (India) Private Limited (the company) is a private limited company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of Data Processing. The address of the registered office is Unit10A,B,C,D, 10th Floor, Vaishnavi Cynosure, 2-48/5/6, PlotNo19, SYNo18, Telecom Nagar Extension, Gachibowli, Hyderabad, Telangana, 500 032, India. As per the proviso to section 2(71) of the Companies Act, 2013, the Company is deemed to be public company.

**2. Significant accounting policies:**

**2.1 Statement of Compliance:**

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

**2.2 Basis for preparation of financial statements**

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, except for share and earnings per share data, unless otherwise stated. These financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. The Company's normal operating cycle is twelve months. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments, leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets."

**2.3 Use of Estimates:**

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

**Critical accounting estimates**

**i) Income taxes and deferred taxes**

The Company operates in Indian tax jurisdiction. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.10.

**ii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**Company overview and Summary of significant accounting policies**

**iii) Provisions**

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

**iv) Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

**v) Expected credit losses on financial assets**

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.8.

**2.4 Property, Plant & Equipment and Intangible assets:**

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

**The estimated useful lives of assets are as follows:**

| **Particulars** | **Life (Years)** |
|---|---|
| Office Equipment | 5 |
| Furniture & Fixtures | 10 |
| Computer Systems – other than servers | 3 |
| Plant & Machinery | 10 |
| Intangible assets (Software) | 3 to 6 |

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

**Company overview and Summary of significant accounting policies**

Assets acquired under leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss. When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

**2.5 Leases:**

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

**Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor’s net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

**Company overview and Summary of significant accounting policies**

**Short-term leases and leases of low-value assets**

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The company recognises the lease payments associated with these leases as “rent” expense in profit or loss on a straight-line basis over the lease term.

**2.6 Revenue recognition:**

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items. Revenue from time and material contracts is recognised as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognised as unbilled revenue.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. The Company acts as a sub-contractor to its Group Companies (Tech Mahindra Group) for which it is remunerated on cost plus markup basis. Revenue from these cost plus contracts is recognised based on the terms of the contract over the service period. Invoices for services are issued on a monthly basis and are usually payable within 45 days. The Company disaggregates revenue from contracts with customers by geography verticals.

**2.7 Foreign currency transactions:**

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the statement of profit and loss.

**2.8 Financial Instruments:**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in statement of profit and loss.

**i) Non-derivative financial instruments:**

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in ‘other comprehensive income’, for investment in equity instruments which are not held for trading. The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in ‘other comprehensive income’, subsequent changes in fair value of equity instruments not held for trading.

**Company overview and Summary of significant accounting policies**

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss."

**Financial liabilities**

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss.

**ii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received. The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

**2.9. Retirement and other employee benefits**

**(a) Defined Benefit Plan**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

**(b) Defined Contribution Plans**

**(i) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company. The Company has no further obligations for future provident fund.

**(ii) ESIC:**

Contributions to employees' state insurance scheme (ESI), which is defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

**(c) Compensated absences:**

The Company provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number of years of service of an employee.

**2.10 Taxation:**

**Current tax**

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws.

**Company overview and Summary of significant accounting policies**

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

The current income tax expense includes income taxes payable by the Company in India.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

**Deferred tax**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognises interest levied and penalties related to income tax assessments in interest expenses.

**2.11 Earnings per Share:**

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

**2.12 Provisions and Contingent Liabilities:**

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**2.13. Recent pronouncements**

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Company overview and Summary of significant accounting policies**

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements.

The Company does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates.

Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**Note-22: Segment information**

**Business segment:**

The Company is engaged in the business of providing services connected to Data processing. As the Company is engaged in only one business segment, the balance sheet as at March 31, 2023 and statement of profit and loss for the year ended then pertain to only one business segment.

**Geographical segment:**

During the year ended March 31, 2023 under report, the company has engaged in its business only with the companies in Ireland and India, not in any other country. Country wise revenue is disclosed as under:

| **Particulars** | **For the year ended March 31,2023** | | **For the year ended March 31,2022** | |
|---|---|---|---|---|
| | **India** | **Ireland** | **India** | **Ireland** |
| Services during the year | 6,582 | 231,931 | 4,143 | 196,976 |

**Notes to Financial Statements for the year ended March 31, 2023**

(Rupees in thousands, except as otherwise stated)

**Note-23: Financial risk management**

**Financial risk factors:**

The Company's activities expose it to a variety of financial risks . The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign currency risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

**Market risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**Foreign currency risk**

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the rendering of services in Ireland. The exchange rate between the Indian rupee and euro has changed in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are not adversely affected as the receipts from foreign debtors are in regular.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and credit worthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, cash and cash equivalents, and other financial assets. None of the financial instruments of the company result in material concentration of credit risk.

**Liquidity risk**

Liquidity risk refers to the risk that the company cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023:

| Particulars | Less than 1 year | 1-5 years | More than 5 years | Total |
|---|---|---|---|---|
| Trade payables | 15,576 | - | - | 15,576 |
| Lease liabilities | 8,205 | 13,784 | - | 21,989 |
| Borrowings | - | - | - | - |
| Other Financial Liabilities | - | - | - | - |

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2022:

| Particulars | Less than 1 year | 1-5 years | More than 5 years | Total |
|---|---|---|---|---|
| Trade payables | 14,562 | - | - | 14,562 |
| Lease liabilities | - | - | - | - |
| Borrowings | - | - | - | - |
| Other Financial Liabilities | - | - | - | - |

**Notes to Financial Statements for the year ended March 31, 2023**

(Rupees in thousands, except as otherwise stated)

**Note -24: Capital Management**

The Company's objective while managing capital is to safeguard its ability to continue as a going concern (so that it is enabled to provide returns and create value for its shareholders, and benefits for other stakeholders), support business stability and growth. However, the key objective of the Company's capital management is to, ensure that it maintains a stable capital structure with the focus on total equity,creditor and customer confidence, and ensure future development of its business activities and appropriate return to shareholders in terms of dividend payout. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements.

**Note-25: Fair value measurement**

The carrying value of financial instruments by categories as on March 31, 2023

| Particulars | Amortised cost | Fair value through OCI | Fair value through Profit or Loss | Total |
|---|---|---|---|---|
| Financial Assets | | | | |
| Trade Receivables | 52,539 | - | - | 52,539 |
| Cash and Cash Equivalents | 25,921 | - | - | 25,921 |
| **Total** | **78,460** | **-** | **-** | **78,460** |
| | | | | |
| Financial Liabilities | | | | |
| Trade payables | 15,576 | - | - | 15,576 |
| Lease liabilities | 8,205 | 13,784 | - | 21,989 |
| **Total** | **23,781** | **13,784** | **-** | **37,565** |

The carrying value of financial instruments by categories as on March 31, 2022

| Particulars | Amortised cost | Fair value through OCI | Fair value through Profit or Loss | Total |
|---|---|---|---|---|
| Financial Assets | | | | |
| Trade Receivables | 61,194 | - | - | 61,194 |
| Cash and Cash Equivalents | 20,681 | - | - | 20,681 |
| **Total** | **81,875** | **-** | **-** | **81,875** |
| | | | | |
| Financial Liabilities | | | | |
| Trade payables | 14,562 | - | - | 14,562 |
| **Total** | **14,562** | **-** | **-** | **14,562** |

**Fair value hierarchy**

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

| **K) Asset Category of Plan Assets** | | |
| Funds managed by Insurance Company | **100%** | 100% |

a) Discount rate: Discount Rate used for valuing liabilities is based on yields (as on valuation date) of Government Bonds with a tenure similar to the expected working lifetime of the employees. Expected remaining working lifetime is 9.17 years.

b) Salary Escalation rate: Estimates of future salary increase are based on inflation, seniority, promotion and other relevant factors such as demand and supply in the employment market. This assumption has been determined in consultation with the company.

**Note-30: Disclosure under the Micro,Small and Medium Enterprises Development Act, 2006**

The Company has amounts due to suppliers under The Micro,Small and Medium Enterprises Development Act, 2006 (MSMED Act) as at the year end. The disclosure pursuant to the said Act, to the extent of information received and available with the Company is as under :

| | | **March 31,2023** | March 31,2022 |
|---|---|---|---|
| a) | The principal amount and the interest due thereon remaining unpaid to supplier at the end of each accounting year: | | |
| - | Principal | **95** | 42 |
| - | Interest | | |
| b) | The amount of interest paid by the buyer in terms of section 16 of the Micro,Small and Medium Enterprises Development Act,2006 (27 of 2006) along with the amount of the payment made to the supplier beyond the appointed day during each accounting year | | |
| - | Interest paid | **-** | - |
| - | Payment made to suppliers (other than Interest) beyond the appointed day during the year | **-** | - |

**Notes to Financial Statements for the year ended March 31, 2023**

(Rupees in thousands, except as otherwise stated)

| | | March 31,2023 | March 31,2022 |
|---|---|---|---|
| c) | The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during theyear) but without adding the Interest specified under the Micro,Small and Medium Enterprises Development | - | - |
| d) | The amount of interest accrued and remaining unpaid at the end of each accounting year | - | - |
| e) | The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductable expenditure under section 23 of the Micro,Small and Medium Enterprises Development Act,2006. | - | - |

The company has sent out confirmations to all it's suppliers requesting them to confirm whether they are covered under MSMED Act,2006. The above information is compiled on the basis of intimations received from the suppliers of their status as micro or small enterprises and it's registration with the appropriate authority under the MSMED Act, 2006. The company has not accrued interest payable on the payment made to micro and small enterprises beyond the appointed day during the year, as the impact of such interest payable is not expected to be material.

   i) directly or indirectly lend or invest in other persons or entities identified in anymanner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

   ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiariesb) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

      i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

      ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries."

**Note-33: Additional disclosures as per revised Schedule III guidelines:**

A) The Company does not hold ownership of any immovable properties.

B) The Company does not have transactions with companies struck off under section 248 of the Companies Act 2013 or section 560 of Companies Act 1956.

C) The Company does not hold any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

D) The Company has not availed borrowings from banks or financial institutions on the basis of security of current assets and has not been declared a wilful defaulter by any bank or financial institutions or government or government authority.

E) The Company has not traded or invested in crypto currency or virtual currency during the current year.

F) The Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

G) The Company does not have any charges, satisfaction of which is yet to be registered with Registrar of Companies (ROC) beyond the statutory period.

**Note-34:** The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on 13 November 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

# INDEPENDENT AUDITOR'S REPORT

**To the Members of Perigord Data Solutions India Private Limited**

**Report on the Audit of the Financial Statements**

### Opinion

We have audited the financial statements of Perigord Data Solutions India Private Limited (the "Company") which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 01 April 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.

B. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 31(a) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the Note 31(b) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

C. With respect to the matter to be included in the Auditor’s report under section 197 (16):

We draw attention to Note 26 (b) to the financial statements for the year ended 31 March 2023 according to which the managerial remuneration paid by the Company exceeded the prescribed limits under Section 197 read with Schedule V of the Companies Act, 2013. As per the provision of the Act, the waiver for refund of excess remuneration paid has been approved by the shareholders of the Company in the Extra ordinary General Meeting held on 16 June 2023. The Ministry of Corporate Affairs has not prescribed other details under Section 197 (16) which are required to be commented upon by us.

# ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF PERIGORD DATA SOLUTIONS INDIA PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2023

**(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 2 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies/discrepancy were/was noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment including intangible assets during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering technology enabled services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited with the appropriate authorities, though there have been slight delays in a few cases of Provident Fund and Labour welfare fund.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2023. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company has not raised any loan from any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2023. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the and shared with us while determining the nature, timing and extent of our audit procedures. As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has four CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

# ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF PERIGORD DATA SOLUTIONS INDIA PRIVATE LIMITED FOR THE YEAR ENDED 31 MARCH 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

**(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

### Opinion

We have audited the internal financial controls with reference to financial statements of Perigord Data Solutions India Private Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

### Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**1. Company information**

Perigord Data Solutions India Private Limited (the company) is a private limited company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of Data Processing. The address of the registered office is Oberoi Garden Estate, Near Chandivali Studio Wing -I, Andheri (E) Mumbai Mumbai City MH 400072 IN. As per the proviso to section 2(71) of the Companies Act, 2013, the Company is deemed to be public company.

**2. Significant accounting policies:**

**2.1 Statement of Compliance:**

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

**2.2 Basis for preparation of financial statements**

These financial statements are presented in Indian rupees (“INR”) which is also the Company’s functional currency. All amounts have been reported in Indian Rupees, except for share and earnings per share data, unless otherwise stated. These financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Company’s normal operating cycle. The Company’s normal operating cycle is twelve months.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments, leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as ‘value in use’, in Ind AS 36 Impairment of assets.

**2.3 Use of Estimates:**

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

**Critical accounting estimates**

**i) Income taxes and deferred taxes**

The Company operates in Indian tax jurisdiction. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.10.

**ii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company’s assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events,

## COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iii) Provisions**

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

**iv) Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

**v) Expected credit losses on financial assets**

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.8.

**2.4 Property, Plant & Equipment and Intangible assets:**

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows:

| Particulars | Life (Years) |
|---|---|
| Office Equipment | 5 |
| Computer Systems – other than servers | 3 |

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future

## COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss. When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

### 2.5 Leases:

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

**Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

**Short-term leases and leases of low-value assets**

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The company recognises the lease payments associated with these leases as “rent” expense in profit or loss on a straight-line basis over the lease term.

**2.6 Revenue recognition:**

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items. Revenue from time and material contracts is recognised as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognised as unbilled revenue.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. The Company acts as a sub-contractor to its Group Companies (Tech Mahindra Group) for which it is remunerated on cost plus markup basis. Revenue from these cost plus contracts is recognised based on the terms of the contract over the service period. Invoices for services are issued on a monthly basis and are usually payable within 45 days. The Company disaggregates revenue from contracts with customers by geography verticals.

**2.7 Foreign currency transactions:**

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the statement of profit and loss.

**2.8 Financial Instruments:**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in statement of profit and loss.

**i) Non-derivative financial instruments:**

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in ‘other comprehensive income’, for investment in equity instruments which are not held for trading. The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in ‘other comprehensive income’, subsequent changes in fair value of equity instruments not held for trading. Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the statement of profit and loss.

## COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Financial liabilities**

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss.

**ii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received. The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

**ii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received. The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

**2.9. Retirement and other employee benefits**

**(a) Defined Benefit Plan**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

**(b) Defined Contribution Plans**

**(i) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company. The Company has no further obligations for future provident fund.

**(c) Compensated absences:**

The Company provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number of years of service of an employee.

**2.10 Taxation:**

**Current tax**

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws.

## COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively. The current income tax expense includes income taxes payable by the Company in India.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.”

**Deferred tax**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognises interest levied and penalties related to income tax assessments in interest expenses.

### 2.11 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period. For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

### 2.12 Provisions and Contingent Liabilities:

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.”

### 2.13.Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

## COMPANY OVERVIEW AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates.

Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**Note-21: Segment information**

**Business segment:**

The Company is engaged in the business of providing services connected to Data processing. As the Company is engaged in only one business segment, the balance sheet as at March 31, 2023 and statement of profit and loss for the year ended then pertain to only one business segment.

**Notes to Financial Statements for the year ended March 31, 2023**
(Rupees in thousands, except as otherwise stated)

**Geographical segment:**

During the year ended March 31, 2023 under report, the company has engaged in its business only with the companies in Ireland and India,not in any other country.Country wise revenue is disclosed as under:

| Particulars | For the year ended March 31, 2023 | | For the year ended March 31, 2022 | |
|---|---|---|---|---|
| | India | Ireland | India | Ireland |
| Services during the year | - | 236,830 | - | 161,125 |

**Note-22: Financial risk management**

**Financial risk factors**

The Company's activities expose it to a variety of financial risks . The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign currency risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

**Market risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**Foreign currency risk**

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the rendering of services in Ireland. The exchange rate between the Indian rupee and euro has changed in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are not adversely affected as the receipts from foreign debtors are in regular.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and credit worthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, cash and cash equivalents, and other financial assets. None of the financial instruments of the company result in material concentration of credit risk.

**Liquidity risk**

Liquidity risk refers to the risk that the company cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023:

| Particulars | Less than 1 year | 1-5 years | More than 5 years | Total |
|---|---|---|---|---|
| Trade payables | 2,187 | - | - | 2,187 |
| Lease liabilities | 2,748 | 5,146 | - | 7,894 |

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2022:

| Particulars | Less than 1 year | 1-5 years | More than 5 years | Total |
|---|---|---|---|---|
| Trade payables | 2,781 | - | - | 2,781 |

**Notes to Financial Statements for the year ended March 31, 2023**
(Rupees in thousands, except as otherwise stated)

**Note -23: Capital Management**

The Company's objective while managing capital is to safeguard its ability to continue as a going concern (so that it is enabled to provide returns and create value for its shareholders, and benefits for other stakeholders), support business stability and growth. However, the key objective of the Company's capital management is to, ensure that it maintains a stable capital structure with the focus on total equity,creditor and customer confidence, and ensure future development of its business activities and appropriate return to shareholders in terms of dividend payout. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements.

**Note-24: Fair value Measurement**

The carrying value of financial instruments by categories as on March 31, 2023

| Particulars | Amortised cost | Fair value through OCI | Fair value through Profit or Loss | Total |
|---|---|---|---|---|
| **Financial Assets** | | | | |
| Trade Receivables | 63,876 | | | 63,876 |
| Cash and Cash Equivalents | 11,219 | - | - | 11,219 |

| d) | The amount of interest accrued and remaining unpaid at the end of each accounting year | **-** | - |
| e) | The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductable expenditure under section 23 of the Micro,Small and Medium Enterprises Development Act,2006. | **-** | - |

The company has sent out confirmations to all it's suppliers requesting them to confirm whether they are covered under MSMED Act,2006. The above information is compiled on the basis of intimations received from the suppliers of their status as micro or small enterprises and it's registration with the appropriate authority under the MSMED Act, 2006. The company has not accrued interest payable on the payment made to micro and small enterprises beyond the appointed day during the year, as the impact of such interest payable is not expected to be material.

**Note-30: Additional regulatory information**

**i. Financial Ratios**

| **Ratio** | **Numerator (1)** | **Denominator (2)** | **March 31, 2023 (3) = (1)/(2)** | **March 31, 2022 (3) = (1)/(2)** | **% Variance** | **Reason for Variance** |
|---|---|---|---|---|---|---|
| Current Ratio | Current Assets | Current Liabilities | **3.43** | 6.53 | -47% | The decrease in current ratio is on account of the increase in the trade payables. |
| Debt-Equity Ratio | Total Debt (including lease liabilities) | Shareholder's Equity | **0.12** | - | 100% | Long term lease contracts have been entered in the current year hence, lease liabilities have been accounted for (as per IndAS 116). |
| Debt Service Coverage Ratio | Earnings available for debt service | Debt Service (1) | **20.30** | 132.26 | -85% | This is due to the lease liabilities accounted in the current year. |
| Return on Equity (ROE) | Net Profit after Tax | Average Shareholder's Equity | **47%** | 45% | 4% | |

**Notes to Financial Statements for the year ended March 31, 2023**
(Rupees in thousands, except as otherwise stated)

| Ratio | Numerator (1) | Denominator (2) | March 31, 2023 (3) = (1)/(2) | March 31, 2022 (3) = (1)/(2) | % Variance | Reason for Variance |
|---|---|---|---|---|---|---|
| Trade receivable turnover ratio (In times) | Net Credit Sales | Average Trade Receivables | **4.52** | 6.06 | -25% | The decrease is on account of delayed receipts. |
| Trade payable turnover ratio | Net Credit Purchases | Average Trade Payables | **6.40** | 11.00 | -42% | The decrease is on account of delayed payments |
| Net capital turnover ratio | Net Sales | Working Capital (2) | **4.15** | 3.84 | 8% | |
| Net profit ratio | Net Profit | Net Sales | **10.5%** | 9.3% | 13% | |
| Return on capital employed (ROCE) | Earning before interest and taxes | Capital employed (3) | **56.1%** | 53.5% | 5% | |
| Return on investment | Income generated from invested funds | Average invested in treasury investments | **NA** | NA | NA | |

1) Debt Service = Finance costs + Lease payments
2) Working Capital = Current Assets - Current Liabilities
3) Capital employed = Net worth + Lease liabilities

**Note-31:**

a) The Company has not advanced or loaned or invested funds to any persons or entities, including foreign entities (Intermediaries) with the understanding that the intermediary shall:

   i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

   ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

b) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

   i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

   ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

**Note-32: Additional disclosures as per revised Schedule III guidelines:**

A) The Company does not hold ownership of any immovable properties.

B) The Company does not have transactions with companies struck off under section 248 of the Companies Act 2013 or section 560 of Companies Act 1956.

C) The Company does not hold any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

D) The Company has not availed borrowings from banks or financial institutions on the basis of security of current assets and has not been declared a wilful defaulter by any bank or financial institutions or government or government authority.

**Notes to Financial Statements for the year ended March 31, 2023**
(Rupees in thousands, except as otherwise stated)

E) The Company has not traded or invested in crypto currency or virtual currency during the current year.

F) The Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

G) The Company does not have any charges, satisfaction of which is yet to be registered with Registrar of Companies (ROC) beyond the statutory period.

**Note-33:** The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on 13 November 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

## 4 Trade and other receivables

| | **Group** | Group |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| | **US$** | US$ |
| **Current** | | |
| Trade receivables* | **8,107,472** | 15,093,577 |
| Contract asset | **3,732,914** | 9,693,932 |
| Refundable deposits | **56,399** | 490,406 |
| Other receivables | **5,194,345** | 211,282 |
| Receivable from other related parties | **3,645,720** | 885,877 |
| | **20,736,850** | 26,375,074 |
| **Non-current** | | |
| Refundable deposits | **139,704** | - |
| Income tax credit | **285,451** | 288,774 |
| | **425,155** | 288,774 |
| Total trade and other receivables | **21,162,005** | 26,663,848 |
| Add : Cash and cash balances | **1,940,870** | 3,162,573 |
| **Total loans and receivables** | **23,102,875** | 29,826,421 |

(a) Trade receivables are non-interest bearing and are generally on 30-90 day terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

(b) Other receivables represents corporation tax receivables, advances recoverable from employees, client reimbursements and tax deducted at source recoverable.

(c) Amounts Due from Related Parties are trade related, Unsecured, non- interest bearing, repayble on demand and are to be settled in Cash.

*Trade receivables denominated in foreign currencies at 31 Marchare as follows:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Great Britain Pounds | **648,100** | 1,852,266 |
| Euro | **92,686** | 25,284 |
| Singapore Dollars | **155,321** | 46,479 |
| Swiss Franc | **501,832** | 84,898 |
| Chinies Yuan | **76,677** | - |
| Japanese yen | **-** | 15,387 |
| Canadian Dollars | **-** | 347,906 |
| Australian Dollars | **13,411** | - |
| Malaysia Ringgits | **-** | 1,310,750 |
| Thai Baht | **-** | 32,889 |
| **Total amount denominated in foreign currencies** | **1,488,027** | 3,715,859 |

Trade receivables are non-interest bearing and are generally on 30-90 day terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

At the end of the year, the ageing analysis of trade receivables is as follows:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Neither past due nor impaired | **3,837,711** | 11,469,395 |
| Past due but not impaired | | |
| Lesser than 30 days | **1,256,040** | 1,808,930 |
| 30 - 60 days | **851,895** | 800,250 |
| 61 - 90 days | **393,926** | 38,339 |
| 91 - 120 days | **553,395** | 13,215 |
| More than 121 days | **1,214,506** | 963,447 |
| **Total Trade receivables** | **8,107,472** | 15,093,576 |

**Receivables that are impaired**

The Group's trade receivables that are impaired at the end of the reporting period and the movement of the allowance accounts used to record the impairment are as follows:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Trade receivables - nominal amounts | **8,114,742** | 15,595,968 |
| Less: Allowance for impairment | **(7,270)** | (502,391) |
| | **8,107,472** | 15,093,577 |

## 5 Prepayments

The prepaid expenses comprise of remaining prepaid balances of insurance premium of employees and annual maintenance contracts whose benefits are consumed beyond this financial year.

## 6 Cash and bank balances

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Great Britain Pounds | **512,504** | 595,140 |
| Singapore Dollars | **237,853** | 224,895 |
| Malaysian Ringgit | **1,264,268** | 270,265 |
| Japanese yen | **-** | 139,008 |
| **Total amount denominated in foreign currencies** | **2,014,626** | 1,229,308 |

For the purpose of the cash flow statement, cash and cash equivalents comprise the following at the end of the reporting year:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Cash at bank and on hand | **1,940,870** | 3,162,573 |
| Working capital loans | **(3,522,236)** | (7,197,019) |
| **Cash and cash equivalents** | **(1,581,366)** | (4,034,446) |

**7(a) Share capital**

| | Number of shares | US$ |
|---|---|---|
| **Fully paid ordinary shares with no par value** | | |
| At 31 March 2021 | **266,205** | 47,979,909 |
| At 31 March 2022 | **299,087** | 60,829,909 |
| Share Application Money pending allotment | **-** | 2,158,812 |
| At 31 March 2023 | **299,087** | 62,988,721 |

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

**7(b) Share capital pending allotment**

Share Application money US$ 2,158,740 received from Tech Mahindra (Singapore) Pte Ltd, Allotment will made in 2023-24.

**Capital management**

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Company's capital management is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to monitor and adjust the capital structure, the Company may adjust the amount of dividends paid to shareholder or issue new shares. In the event that the Company requires additional capital, monies would be infused by the shareholders to provide appropriate financial support to the Company.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, borrowings, convertible redeemable preference shares, trade and other payables, less cash and short-term deposits. Capital represents equity attributable to the owners of the Company less the fair value adjustment reserve.

| | Note | 31-Mar-23 | 31-Mar-22 |
|---|---|---|---|
| | | US$ | US$ |
| Trade and other payables | 9 | **19,777,505** | 41,381,935 |
| Less: Cash and bank balances | 6 | **-1,940,870** | -3,162,573 |
| Net debt (A) | | **17,836,635** | 38,219,362 |
| Equity attributable to owners of the Company (B) | | **20,410,460** | 21,224,177 |
| Capital and net debt (C) = (A) + (B) | | **38,247,095** | 59,443,539 |
| Gearing ratio (A)/(C) | | **47%** | 64% |

No changes were made in the objective, policies or processes during the year ended 31 March 2022.

**7(c) Retained earnings**

| | Note | 31-Mar-23 | 31-Mar-22 |
|---|---|---|---|
| | | US$ | US$ |
| As at 1st Apr 2022/ 1st Apr 2021 | 9 | **(37,503,499)** | (36,519,028) |
| Profit for the year, representing total comprehensive income for the year | 6 | **2,764,911** | (984,598) |
| Others | | **271** | 127 |
| Acquisition of subsidiaries | | **(4,845,291)** | - |

## 7(d) Foreign currency translation reserve

| | Note | 31-Mar-23 | 31-Mar-22 |
|---|---|---|---|
| | | US$ | US$ |
| As at 1st Apr 2022/ 1st Apr 2021 | 9 | (2,102,233) | (1,283,415) |
| Exchange differences on translation of foreign operations | 6 | (892,421) | 818,818 |
| At 31st March 2023/As at 31st Mar 2022 | | (2,994,654) | (2,102,233) |

The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

## 8 Borrowings (current)

| | | Interest rate | Maturity | US$ |
|---|---|---|---|---|
| **2023** | | | | |
| Working capital loan* | (a) | 4.30% | On demand | 633,968 |
| Working capital loan* | (a) | 5.09% | On demand | 635,065 |
| Working capital loan* | (a) | 5.09% | On demand | 2,253,202 |
| | | | | **3,522,236** |

| | Interest rate | Maturity | US$ |
|---|---|---|---|
| **2022** | | | |
| Working capital loan* | 1.33% | On demand | 4,375,000 |
| Working capital loan* | 1.68% | On demand | 500,000 |
| Working capital loan* | 1.72% | On demand | 1,000,000 |
| Working capital loan* | 1.09% | On demand | 1,322,019 |
| | | | **7,197,019** |

* The Working capital loans forms part of the cash and cash equivalents as disclosed in Note 12.

**Note:**

(a) Working capital bank loan (unsecured) from Tech Mahindra London Limited

## 9 Trade and other payables (Current)

| | Note | 31-Mar-23 | 31-Mar-22 |
|---|---|---|---|
| | | US$ | US$ |
| Trade payables | (a) | 1,620,140 | 15,812,880 |
| Contract liabilities | | 1,449,466 | 2,611,905 |
| Advance from customers | | 241,697 | 507,865 |
| Statutory dues payable | | 183,773 | (179,405) |
| Payable to employees | | 861,567 | 1,767,522 |
| Other payables | (b) | 350,538 | 662,791 |
| Due to other related parties | (c) | 11,548,089 | 13,001,358 |
| Total trade and other payables | | 16,255,269 | 34,184,916 |
| Borrowings | 10 | 3,522,236 | 7,197,019 |
| Other payable | | - | |
| Total financial liabilities carried at amortised cost | | 19,777,505 | 41,381,935 |

Terms and conditions of the above financial liabilities:

(a) Trade payables are non-interest bearing and are normally settled on 30-day terms on average.

(b) Other payables are non-interest bearing and have an average term of 45 days. For explanations on the credit risk management processes (Note 18).

(c) Amounts due to related parties are trade related, unsecured, non-interest bearing, repayable on demand and are to be settled in cash.

Trade payables denominated in foreign currencies as at 31 March are as follows:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| | **US$** | US$ |
| Great Britain Pounds | **266,024** | 10,831,972 |
| Euro | **138,028** | 174,066 |
| Australian Dollar | **9,044** | 495,419 |
| Canadian Dollars | **118,958** | - |
| Malaysian Ringgit | **-** | 40,096 |
| South Korean Won | **-** | 100,752 |
| New Zeland Currency | **3,227** | |
| Total amount denominated in foreign currencies | **535,280** | 11,642,305 |

## 10 Revenue

### a) Disaggregation of revenue

| | **1 Apr 2022 to 31 March 2023** | 1 Apr 2021 to 31 March 2022 |
|---|---|---|
| | **US$** | US$ |
| **Rendering of services** | **22,788,072** | 34,534,581 |
| Time and material | **29,459,545** | 40,515,124 |
| Fixed price | **22,412,453** | 20,849,502 |
| Cost plus | **74,660,070** | 95,899,207 |

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies:

**Time and material**

| **Nature of goods or services** | **Time and material** |
|---|---|
| When revenue is recognised | Revenue is recognised over the implementation services period. |
| Significant payment terms | Invoices are issued to the customers according to their respective billing plans and are normally payable within 30-60 days. |

**Fixed price**

| **Nature of goods or services** | **Fixed price** |
|---|---|
| When revenue is recognised | Revenue from fixed price development contracts is recognised as performance obligations are satisfied. Where performance obligations are satisfied over time as work progresses, revenue is recognised progressively based on the percentage of completion method. The stage of completion is determined as the proportion of the total time cost expected to install the software services that has elapsed at the end of the reporting period (input method).<br>Revenue from fixed price maintenance contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. |
| Significant payment terms | Invoices are issued to the customers after the services are performed and are normally payable within 30-60 days. |

**Disaggregation of revenue from contracts with customers**

In the following table, revenue from contracts with customers is disaggregated by geographical markets and timing of revenue recognition:

| Revenue by Geography | 1 Apr 2022 to 31 March 2023 | 1 Apr 2021 to 31 March 2022 |
|---|---|---|
| | US$ | US$ |
| United States of America | **20,833,904** | 43,098,350 |
| United Kingdom | **5,787,001** | 6,777,367 |
| Indonesia | **1,189,289** | 1,048,545 |
| Japan | **1,056,626** | 1,730,759 |
| Switzerland | **10,777,064** | 8,873,275 |
| Singapore | **2,077,162** | 2,835,416 |
| Malaysia | **1,486,119** | 2,117,939 |
| India | **21,529,180** | 20,215,909 |
| Canada | **-** | 1,944,745 |
| Egypt | **4,992,781** | 1,803,607 |
| Thailand | **1,380,622** | 1,663,297 |
| China | **1,265,870** | 1,111,541 |
| Other countries | **2,284,452** | 2,678,458 |
| **Total** | **74,660,069** | 95,899,207 |

**10 Revenue (cont'd)**

**b) Contract assets and contract liabilities**

Information about receivables, contract assets and contract liabilities from contracts with customers is disclosed as follows:

| | Note | 1 Apr 2022 to 31 March 2023 | 1 Apr 2021 to 31 March 2022 |
|---|---|---|---|
| | | US$ | US$ |
| Receivables from contract with customers | **4** | **8,107,472** | 15,093,577 |
| Contract assets | **4** | **3,732,914** | 9,693,932 |
| Contract liabilities | **9** | **1,449,466** | 2,611,905 |

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at reporting date.

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances from customers or for which the Group has billed in advance before performance as required under the contract.

Significant changes in the contract assets and the contract liabilities balances during the period are as follows.

| | **Contract assets** | | **Contract liabilities** | |
|---|---|---|---|---|
| | **31-Mar-23** | **31-Mar-22** | **31-Mar-23** | **31-Mar-22** |
| | **US$** | **US$** | **US$** | **US$** |
| Revenue recognised from prior year balance | – | – | 2,611,905 | 2,494,964 |
| Cash received in advance and not recognised as revenue | – | – | 1,449,466 | 2,611,905 |
| Changes in measurement of progress | 4,804,551 | 9,693,932 | – | – |
| Contract asset reclassified to trade receivables | 9,693,932 | 4,804,551 | – | – |

Significant judgements are used to estimate these total contract costs to complete. In making these estimates, management has relied on the expertise of project teams to determine the progress of the fixed price contracts and on past experience of completed projects. The estimated total contract costs are reviewed every reporting period and adjusted where necessary, with the corresponding effect of change being recognised prospectively from the date of change.

Transaction price allocated to the remaining performance obligations

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially satisfied) at the reporting date.

| **31-Mar-23** | **2023** | **2024** | **2025** | **Total** |
|---|---|---|---|---|
| | **US$** | **US$** | **US$** | **US$** |
| Time and material | 26,620,000 | 16,190,000 | 13,590,000 | 56,400,000 |
| Fixed price | 12,640,000 | 1,010,000 | 340,000 | 13,990,000 |

| **31-Mar-22** | **2023** | **2024** | **2025** | **Total** |
|---|---|---|---|---|
| | **US$** | **US$** | **US$** | **US$** |
| Time and material | 24,292,000 | 18,992,300 | 9,833,000 | 53,117,300 |
| Fixed price | 7,301,000 | 2,850,000 | 324,000 | 10,475,000 |

Variable consideration that is constrained and therefore not included in the transaction price is excluded in the amount presented above.

## 11 Other income

| | 2022 | 4,912,421 | - | 885,877 |

**Terms and conditions of transactions with related parties**

Outstanding balances at the year-end are unsecured, interest free, repayable on demand, and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the period/year ended 31 March 2023 and 31 March 2022, the Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

## 15 Fair value of assets and liabilities

The carrying amounts of total loans and receivables, and total financial liabilities carried at amortised cost are reasonable approximation of fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

**Fair value hierarchy**

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,

Level 2 – Inputs other that quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and

Level 3 – Unobservable inputs for the asset or liability.”

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

## 16 Financial risk management objectives and policies

The Company’s principal financial liabilities are comprised of convertible redeemable preference shares and trade and other payables. The main purpose of these financial liabilities is to finance and support the Company’s operations. The Company has trade receivables, other receivables and cash balances that arise directly from its operations.

**Financial risk factors**

The Company’s activities expose it to a variety of financial risks, market risk, credit risk and liquidity risk. The Company’s primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk. The Company currently does not hedge or use derivative financial instruments to mitigate foreign exchange related risk exposures. The Company’s exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The demographics of the customer including the default risk of the industry and country in which the customer operates also has an influence on credit risk assessment.

**Market risk**

Market risk is the risk that the fair value of future cash flows if a financial instrument will fluctuate because of changes in market prices. The principal market risk impacting the Company is currency risk. Financial instruments affected by market risk include deposits, accounts receivable, and accounts payable.

## 17 Financial risk management objectives and policies (cont'd)

**Credit risk**

Credit risk is the risk that a counterparty will not meet its obligations under a customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade receivables). Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 60 days when they fall due, which are derived based on the Company's historical information.

To assess whether there is a significant increase in credit risk, the company compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Company considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtors ability to meet its obligations

- Significant changes in the expected performance and behaviour of the debtors, including changes in the payment status of debtors in the group and changes in the operating results of the debtors.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the debtors

- A breach of contract, such as a default or past due event

- It is becoming probable that the debtors will enter bankruptcy or other financial reorganisation

The Company categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 180 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for each class of financial assets:

**(i) Non-trade Financial assets at amortised cost**

The Company uses three categories of internal credit risk ratings for debt instruments and loans which reflect their credit risk and how the loss provision is determined for each of those categories. These internal credit risk ratings are determined through incorporating both qualitative and quantitative information specific to the counterparty and other external information that could affect the counterparty's behaviour.

The Company compute expected credit loss for this group of financial assets using the probability of default approach. In calculating the expected credit loss rates, the Company considers implied probability of default from external rating agencies where available and historical loss rates for each category of counterparty, and adjust for forward looking information such as forecast of economic condition, which has a bearing on default rates.

A summary of the Company's internal grading category in the computation of the Company's expected credit loss model for the debt instruments and loans is as follows:

| Category | Definition of Category | Basis for recognition of expected credit loss provision |
|---|---|---|
| Grade I | Customers have a low risk of default and a strong capacity to meet contractual cash flows. | 12 month expected credit losses |
| Grade II | Financial assets for which there is a significant increase in credit risk; as significant increase in credit risk is presumed if interest and/or principal repayments are 30 days past due. | Lifetime expected credit losses |
| Grade III | Interest and/or principal repayments are 60 days past due. | Lifetime expected credit losses |

## 18 Financial risk management objectives and policies (cont'd)

**Credit risk (cont'd)**

There are no significant changes to estimation techniques or assumptions made during the year.  No loss allowance provision for other non-trade financial assets has been provided as management has assessed the impact to be not significant

The gross carrying amount of other non-trade financial asset at amortised cost without taking into account of any collaterals held or other credit enhancements which represents the maximum exposure to loss, is as follows:

| | Particulars | 31-Mar-23 | 31-Mar-22 |
|---|---|---|---|
| 12 month ECL | Non-trade financial asset at amortised cost | **9,036,168** | 1,587,565 |

The gross carrying amount of trade receivables and contract assets of the Group are disclosed in Note 6.

**Trade receivables and contract assets:**

The Company provides for lifetime expected credit losses for all trade receivables, and contract assets using a provision matrix.  The provision rates are determined based on the Company's historical observed default rates analysed in accordance to days past due.  The loss allowance provision as at 31 March 2022 and 31 March 2021 is determined as follows, the expected credit losses below also incorporate forward looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

Summarised below is the information about the credit risk exposure on the Group's trade receivables and contract assets using provision matrix, grouped by geographical region:

| Group | Contract assets | Not due | 0-90 days past due | 91-180 days past due | Total |
|---|---|---|---|---|---|
| **31 March 2023** | | | | | |
| Gross carrying amount | 3,732,914 | 3,837,711 | 2,501,860 | 1,775,171 | 11,847,656 |
| Loss allowance provision | | | | (7,270) | (7,270) |
| **31 March 2022** | | | | | |
| Gross carrying amount | 9,693,932 | 11,469,395 | 2,647,519 | 1,479,053 | 25,289,899 |
| Loss allowance provision | - | - | - | (502,391) | (502,391) |

Information regarding loss allowance movement of trade receivables and contract assets are disclosed in Note 6.

**Excessive risk concentration**

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

## 19 Financial risk management objectives and policies (cont'd)

**Liquidity risk**

The Group monitors its risk to a shortage of funds using its forecasts. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank finance, finance leases and hire purchase contracts. The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

## 3 Goodwill and its impairment (Group)

On 31st May 2012, Born Group Inc. acquired 100% of the voting interests in Pod1 Inc., USA. Pod1 is a creative digital agency with a focus on e-commerce and creative design delivering web development and online marketing campaigns and strategies to its clients through its locations in New York and London. The acquisition strengthened Group FMG's portfolio of creative design, production (content and graphics), and commerce enablement offerings, and reinforced its position as an agency of record for commerce and the production of multi-channel digital assets.

The business acquisition was consummated by entering into a share purchase agreement for agreed aggregate consideration amounting to $8,000,000 (herein after referred to as 'aggregate consideration'). The aggregate undiscounted purchase consideration being $5,613,000 comprises $2,500,000 payable in cash, $113,000 for net working capital adjustment and $3,000,000 representing the undiscounted value of estimated liability to the sellers as contingent consideration. The total net assets identified at fair value on the date of acquisition is $ 413,239. Consequently, the excess of the purchase consideration paid over the fair value of assets acquired, amounting to $ 4,477,639 (refer note 9) has been accounted for as goodwill in the books. This business acquisition strengthened Group capabilities in operating in pre-media and digital segment. The payment of contingent consideration is dependent upon achievement of certain targets of revenue and earnings before interest and tax over the 3 years ending December 31, 2014. The contingent consideration mentioned above is payable to the previous owner of Pod1 Inc, if the entity generates up to $4,000,000 of revenues and $1,000,000 of Earnings before interest, taxes, depreciation or amortization ('EBITDA') for each of the three calendar year period commencing from 2012 to 2014.

Goodwill comprises the value of expected synergies arising from the acquisition and the people, which are not separately recognised as identifiable assets. The goodwill ascribed to this acquisition is not deductible for tax purposes. A deferred tax liability has been recognised on intangibles identified and recognised on this acquisition and the same has been reversed (Refer note 6) in line with the amortisation schedule of the aforesaid intangibles.

During the current year, the condition with respect to the contingent consideration outstanding at the beginning of the current year has been achieved. The full value of outstanding purchase consideration is $4,837,465 (2013 discounted value - $4,145,368) with its corresponding contingent consideration being $ Nil (2013 - $773,797) is due payable upto 30th April 2015.

| | | **5,754** |
| Total trade and other receivables | | 14,059,317 |
| Add : Cash and cash balances | 6 | 1,163,042 |
| **Total loans and receivables** | | **15,222,359** |

Trade receivables are non-interest bearing and are generally on 30-90 day terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

At the end of the year, the ageing analysis of trade receivables is as follows:

| | US$ |
|---|---|
| Neither past due nor impaired | |
| Past due but not impaired | |
| Lesser than 30 days | 4,683,331 |
| 30 - 60 days | 409,323 |
| 61 - 90 days | 60,695 |
| 91 - 120 days | 27,081 |
| More than 121 days | 208,864 |
| **Total Trade receivables** | **5389293.63** |

**Receivables that are impaired**

The Group's trade receivables that are impaired at the end of the reporting period and the movement of the allowance accounts used to record the impairment are as follows:

**5 Prepayments** **327,883.00**

The prepaid expenses comprise of remaining prepaid balances of insurance premium of employees and annual maintenance contracts whose benefits are consumed beyond this financial year.

6 Cash and bank balances

| | 31-Mar-23 |
|---|---|
| | US$ |
| Cash at bank and on hand* | 1,163,042 |
| | **1,163,042** |

For the purpose of the cash flow statement, cash and cash equivalents comprise the following at the end of the reporting year:

| | 31-Mar-23 |
|---|---|
| | US$ |
| Cash at bank and on hand | 1,163,042 |
| Working capital loans | (4,725,000) |
| Cash and cash equivalents | **(3,561,958)** |

**7 Equity attributable to owners of the Company**

**(a) Share capital**

| | Number of shares | US$ |
|---|---|---|
| **Fully paid ordinary shares with no par value** | | |
| At 31 March 2022 | | 24,073,098 |
| At 31 March 2023 | **-** | **24,073,098** |

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

**Capital management**

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Company's capital management is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholder and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to monitor and adjust the capital structure, the Company may adjust the amount of dividends paid to shareholder or issue new shares. In the event that the Company requires additional capital, monies would be infused by the shareholders to provide appropriate financial support to the Company.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, borrowings, convertible redeemable preference shares, trade and other payables, less cash and short-term deposits. Capital represents equity attributable to the owners of the Company less the fair value adjustment reserve.

| | 31-Mar-23 |
|---|---|
| | US$ |
| Trade and other payables | 14,898,222 |
| Less: Cash and bank balances | -1,163,042 |
| Net debt (A) | 13,735,180 |
| Equity attributable to owners of the Company (B) | 1,063,627 |
| Capital and net debt (C) = (A) + (B) | 14,798,807 |
| Gearing ratio (A)/(C) | **93%** |

No changes were made in the objective, policies or processes during the year ended 31 March 2023.

**(b) (Accumulated losses)/retained earnings**

| | 31-Mar-23 |
|---|---|
| | **US$** |
| As at 1st Apr 2022 | (19,020,689) |
| Profit for the year, representing total comprehensive income for the year | 1,064,009 |
| At 31st March 2023 | **(17,956,680)** |

**(c) Foreign currency translation reserve**

| | 31-Mar-23 |
|---|---|
| | **US$** |
| As at 1st Apr 2022 | (3,494) |
| Exchange differences on translation of foreign operations | (382) |
| At 31st March 2023 | **(382)** |

The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

**8 Borrowings (current)**

| | Note | Interest rate | Maturity | US$ |
|---|---|---|---|---|
| **2023** | | | | |
| Working capital loan* | | 5.80% | 3 months rollover | 4,725,000 |
| | | | | **4,725,000** |

**9 Trade and other payables (current)**

| | 31-Mar-23 |
|---|---|
| | **US$** |
| Trade payables | 223,414 |
| Contract liabilities | 1,257,307 |
| Advance from customers | 188,777 |
| Statutory dues payable | 88,270 |
| Payable to employees | 880,627 |
| Due to other related parties | 7,534,827 |
| Total trade and other payables | **10,173,222** |
| Borrowings | 4,725,000 |
| Total financial liabilities carried at amortised cost | **14,898,222** |

**Terms and conditions of the above financial liabilities:**

(a) Trade payables are non-interest bearing and are normally settled on 30-day terms on average.

(b) Other payables are non-interest bearing and have an average term of 45 days. For explanations on the credit risk management processes (Note 23).

(c) Amounts due to related parties are trade related, unsecured, non-interest bearing, repayable on demand and are to be settled in cash.

## 10 Revenue

| | Group |
|---|---|
| | **16th Sept 22 to 31 March 2023** |
| | **US$** |
| Rendering of services | 17,203,228 |
| Time and material | 6,732,450 |
| Fixed price | 6,071,249 |
| Cost plus | **30,006,927** |

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies:

**Time and material**

| | |
|---|---|
| Nature of goods or services | Time and material |
| When revenue is recognised | Revenue is recognised over the implementation services period. |
| Significant payment terms | Invoices are issued to the customers according to their respective billing plans and are normally payable within 30-60 days. |

**Time and material**

| | |
|---|---|
| **When revenue is recognised** | Revenue from fixed price development contracts is recognised as performance obligations are satisfied. Where performance obligations are satisfied over time as work progresses, revenue is recognised progressively based on the percentage of completion method. The stage of completion is determined as the proportion of the total time cost expected to install the software services that has elapsed at the end of the reporting period (input method).<br>Revenue from fixed price maintenance contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. |
| Significant payment terms | Invoices are issued to the customers after the services are performed and are normally payable within 30-60 days. |

**Disaggregation of revenue from contracts with customers**

In the following table, revenue from contracts with customers is disaggregated by geographical markets and timing of revenue recognition:

| **Revenue by Geography** | **16th Sept 22 to 31 March 2023** |
|---|---|
| | **US$** |
| United States of America | 21,204,992 |
| India | 5,216,417 |
| Canada | 2,687,212 |
| Other countries | 898,306 |
| **Total** | **30,006,927** |

**b) Contract assets and contract liabilities**

Information about receivables, contract assets and contract liabilities from contracts with customers is disclosed as follows:

| | Note | 16th Sept 22 to 31 March 2023 |
|---|---|---|
| | | US$ |
| Receivables from contract with customers | | 11,100,054 |
| Contract assets | | 3,894,210 |
| Contract liabilities | | 1,005,611 |

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at reporting date.

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances from customers or for which the Group has billed in advance before performance as required under the contract.

Significant judgements are used to estimate these total contract costs to complete. In making these estimates, management has relied on the expertise of project teams to determine the progress of the fixed price contracts and on past experience of completed projects. The estimated total contract costs are reviewed every reporting period and adjusted where necessary, with the corresponding effect of change being recognised prospectively from the date of change.

Transaction price allocated to the remaining performance obligations

The following table includes revenue expected to be recognised in the future related to performance obligations that are unsatisfied (or partially satisfied) at the reporting date.

| 31-Mar-23 | 2023 | 2024 | 2025 | Total |
|---|---|---|---|---|
| | US$ | US$ | US$ | US$ |
| Time and material | 17,203,228 | 13,482,754 | 1,730,201 | 32,416,183 |
| Fixed price | 6,732,450 | 9,223,405 | 6,335,119 | 22,290,974 |

Variable consideration that is constrained and therefore not included in the transaction price is excluded in the amount presented above.

**11 Other income**

| | 16th Sept 22 to 31 March 2023 |
|---|---|
| | US$ |
| Rental income | 302,727 |
| Billable out of pocket expenses | 909,901 |
| Other miscellaneous income | (277,593) |
| **Total** | **935,035** |

## 12 Operating expenses

| | 16th Sept 22 to 31 March 2023 |
|---|---|
| | **US$** |
| By function: | |
| Cost of sales | 21,666,773 |
| **Operating expenses** | |
| Selling and distribution costs | 3,019,057 |
| Administrative expenses | 5,147,819 |
| Total operating expenses | **8,166,876** |
| **Total** | **29,833,649** |
| By nature: | |
| Outsourced work | 8,946,555 |
| Depreciation | 248,813 |
| Equipment rentals | 68,517 |
| Employee benefits expense (Note 4.4) | 17,311,462 |
| Recruitment charges | 68,060 |
| Rent | (41,509) |
| Repairs and maintenance | 18,306 |
| Rates and taxes | 64,777 |
| Software maintenance | 1,043,794 |
| Power and fuel | 18,199 |
| Printing and stationery | 3,965 |
| Postage and courier | 8,572 |
| Legal and professional charges | 646,677 |
| Travelling expenses | 498,989 |
| Telephone expenses and communication expenses | 16,359 |
| Advertisement and sales promotion | 183,327 |
| Entertainment | 63,864 |
| Net foreign exchange loss | 49,089 |
| Provision for bad and doubtful debts (Note 10) | 140,088 |
| Bad debts written off | 467,579 |
| Others | 8,164 |
| **Total** | **29,833,647** |

## 13 Employee benefits expense

| | 16th Sept 22 to 31 March 2023 |
|---|---|
| | **US$** |
| Wages and salaries | 16,118,609 |
| Social security costs | 1,161,986 |
| Gratuity expense | 8,558 |
| Leave encashment | 22,308 |
| Employee stock option transaction expense | - |
| **Total** | **17,311,461** |

## 14 Finance Cost

| | 16th Sept 22 to 31 March 2023 |
|---|---:|
| | **US$** |
| Interest expense on: | |
| - Bank borrowings | 187,713 |
| - Others | 139 |
| **Total** | **187,852** |

## 15 Fair value of assets and liabilities

The carrying amounts of total loans and receivables, and total financial liabilities carried at amortised cost are reasonable approximation of fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

**Fair value hierarchy**

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,

Level 2 – Inputs other that quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and

Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

| | Group | | | |
|---|---|---|---|---|
| | Fair value measurement using | | | |
| **Particulars** | **Total** | **Quoted prices in active markets US$** | **Significant observable inputs US$** | **Significant unobservable inputs US$** |
| **2023** | **US$** | **(Level 1)** | **(Level 2)** | **(Level 3)** |

## 15 Financial risk management objectives and policies

The Company's principal financial liabilities are comprised of convertible redeemable preference shares and trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company has trade receivables, other receivables and cash balances that arise directly from its operations.

### Financial risk factors

The Company's activities expose it to a variety of financial risks, market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk. The Company currently does not hedge or use derivative financial instruments to mitigate foreign exchange related risk exposures. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The demographics of the customer including the default risk of the industry and country in which the customer operates also has an influence on credit risk assessment.

### Market risk

Market risk is the risk that the fair value of future cash flows if a financial instrument will fluctuate because of changes in market prices. The principal market risk impacting the Company is currency risk. Financial instruments affected by market risk include deposits, accounts receivable, and accounts payable.

## 16 Financial risk management objectives and policies (cont'd)

### Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade receivables). Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 60 days when they fall due, which are derived based on the Company's historical information.

To assess whether there is a significant increase in credit risk, the company compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Company considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtors ability to meet its obligations

- Significant changes in the expected performance and behaviour of the debtors, including changes in the payment status of debtors in the group and changes in the operating results of the debtors.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the debtors

- A breach of contract, such as a default or past due event- It is becoming probable that the debtors will enter bankruptcy or other financial reorganisation

The Company categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 180 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for each class of financial assets:

**(i) Non-trade Financial assets at amortised cost**

The Company uses three categories of internal credit risk ratings for debt instruments and loans which reflect their credit risk and how the loss provision is determined for each of those categories. These internal credit risk ratings are determined through incorporating both qualitative and quantitative information specific to the counterparty and other external information that could affect the counterparty's behaviour.

The Company compute expected credit loss for this group of financial assets using the probability of default approach. In calculating the expected credit loss rates, the Company considers implied probability of default from external rating agencies where available and historical loss rates for each category of counterparty, and adjust for forward looking information such as forecast of economic condition, which has a bearing on default rates.

A summary of the Company's internal grading category in the computation of the Company's expected credit loss model for the debt instruments and loans is as follows:

| Category | Definition of Category | Basis for recognition of expected credit loss provision |
|---|---|---|
| Grade I | Customers have a low risk of default and a strong capacity to meet contractual cash flows. | 12 month expected credit losses |
| Grade II | Financial assets for which there is a significant increase in credit risk; as significant increase in credit risk is presumed if interest and/or principal repayments are 30 days past due. | Lifetime expected credit losses |
| Grade III | Interest and/or principal repayments are 60 days past due. | Lifetime expected credit losses |

**17 Financial risk management objectives and policies (cont'd)**

**Credit risk (cont'd)**

There are no significant changes to estimation techniques or assumptions made during the year. No loss allowance provision for other non-trade financial assets has been provided as management has assessed the impact to be not significant

The gross carrying amount of other non-trade financial asset at amortised cost without taking into account of any collaterals held or other credit enhancements which represents the maximum exposure to loss, is as follows:

| | Particulars | 31-Mar-23 |
|---|---|---|
| 12 month ECL | Non-trade financial asset at amortised cost | |

The gross carrying amount of trade receivables and contract assets of the Group are disclosed in Note 7.

**(ii) Trade receivables and contract assets:**

The Company provides for lifetime expected credit losses for all trade receivables, and contract assets using a provision matrix. The provision rates are determined based on the Company's historical observed default rates analysed in accordance to days past due. The loss allowance provision as at 31 March 2023 and 31 March 2022 is determined as follows, the expected credit losses below also incorporate forward looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

Summarised below is the information about the credit risk exposure on the Group's trade receivables and contract assets using provision matrix, grouped by geographical region:

**Excessive risk concentration**

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry. In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

| Particulars | Neither past due nor impaired | Past due but not impaired | Total |
|---|---|---|---|
| **As at 31-Mar-2023** | US$ | US$ | US$ |
| Trade receivables | 5,389,294 | | 5,389,294 |

## 18 Financial risk management objectives and policies (cont'd)

**Liquidity risk**

The Group monitors its risk to a shortage of funds using its forecasts. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank finance, finance leases and hire purchase contracts. The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

| | **Group** | | | | |

# NOTES TO THE FINANCIAL REPORT FOR THE YEAR ENDED 31 MARCH 2023

**Note 1: Summary of Significant Accounting Policies**

The directors have prepared the financial report on the basis that the company is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial report are therefore special purpose financial statements that have been prepared in order to meet the needs of members.

The financial report have been prepared in accordance with the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial report have been prepared on an accrual basis and are based on historical costs unless otherwise stated in the notes. The amounts presented in the financial statements have been rounded to the nearest dollar. The accounting policies that have been adopted in the preparation of the statements are as follows:

**(a) Income Tax**

The income tax expense (income) for the year comprises current income tax expense (income). The company does not apply deferred tax.

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at the reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

**(b) Loans and Receivables**

Trade receivables are recognised initially at cost and are subsequently measured at cost less any provision for impairment. Most sales are made on the basis of normal credit terms and are not subject to interest. Where credit is extended beyond normal credit terms and is more than 12 months, receivables are discounted to their present value. At the end of each reporting period, the carrying amounts of trade and other receivables are reviewed to determine whether there is any objective evidence that the amounts are not recoverable. A provision for impairment is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Other receivables include loans granted by the Company and are discounted to present values using the interest rate inherent in the loan.

**(c) Property, Plant and Equipment (PPE)**

Property, plant and equipment are carried at cost, independent of directors' valuation. All assets, excluding freehold land and buildings, are depreciated over their useful lives to the company.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in shareholders' equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the assets charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted in determining recoverable amounts.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

**(d) Provisions**

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reasonably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

**(e) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

**(f) Revenue and Other Income**

Revenue is measured at the value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognised related to the provision of services is determined with reference to the stage of completion of the transaction at the reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

**(g) Leases**

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the company, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the lease term.

**(h) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST components of investing and financing activities, which are disclosed as operating cash flows.

**(i) Trade and Other Payables**

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

# INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors and Shareholders**

**Digital OnUs Inc**

We have audited the accompanying consolidated financial statements of **Digital OnUs Inc.,** which comprise the Balance Sheet as of March 31, 2023, and the related consolidated statements of operations and comprehensive income (loss), changes in shareholder's equity, and Cash flows for the period April 1, 202,2 to March 31, 2023, and the related notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

The Company designs and maintains accounting and internal control systems to provide reasonable assurance at reasonable cost that assets are safeguarded against loss from unauthorized use or disposition, and that the financial records are reliable for preparing financial statements and maintaining accountability for assets. These systems are augmented by written policies. An organizational structure providing division of responsibilities, careful selection and training of qualified personnel, and a program of internal audits. The Board of Directors meets periodically with management and internal auditors to ensure that each is meeting its responsibilities and to discuss matters concerning it. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations.

**Auditor's Responsibilities**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

**Opinion**

Based on our opinion, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

**Supplementary Information**

The supplementary information is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

# NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED MARCH 31, 2023

# OVERVIEW OF ORGANISATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Company and background**

Digital OnUs, Inc. ("Company") is a hyper-specialized services company enabling digital transformations for enterprise customers. With an area of focus on cloud-native development, Hybrid cloud infrastructure automation, and SRE automation for operation. Digital OnUs provides services to its global customers and is based out of California, US. The Company has its nearshore delivery centers in Monterrey, Guadalajara, and Saltillo (Mexico); Ontario, and Toronto (Canada).

The Company was incorporated on March 24, 2015, in Delaware, and on May 7th, 2021, the Company was acquired by Tech Mahindra Americas Inc.

Operations outside the United States include a Subsidiary in Mexico and in Canada. The Parent company in the US is the primary beneficiary of development and consulting services provided by the foreign branch and subsidiaries. Foreign operations are subject to risks inherent in operating under different legal systems and various political and economic environments. Among the risks are changes in existing tax laws, possible limitations on foreign investment and income repatriation, government price or foreign exchange controls, and restrictions on currency exchange.

**Basis of Presentation**

The consolidated financial statements include the accounts of Digital OnUs, Inc., Digital OnUs S. DE R.L. DE C.V. ("DOU Mexico"), and DigitalOnUs Technologies Inc. ("DoU Canada"). The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). All significant intercompany balances and transactions have been eliminated in consolidation. The amounts in the financial reports are represented in thousands.

**Fair Value of Financial Instruments**

The Company has estimated the fair value of its financial instruments, including cash and cash equivalents, accounts receivable, accounts payable, accrued liabilities, and amounts due to related companies. The Company used information available at the fiscal year-end to determine that the carrying amounts of such financial instruments are of approximately fair value in all cases due to their short-term nature.

The Company maintains its cash and cash equivalents in bank deposit accounts in the United States and Mexico. Cash and cash equivalents are reported at carrying value, which approximates fair value.

**Cash and Cash Equivalents**

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. As of March 31, 2023, cash and cash equivalents consist of cash deposited with banks. The Company deposits its cash and cash equivalents with major financial institutions that management believes are of high credit quality; however, at times, balances exceed federally insured Federal Deposit Insurance Corporation (FDIC) and other foreign insurance limits.

Cash and Cash equivalents in USD consist of the following:

| ` | DOU US | DOU Mexico | Total |
|---|---|---|---|
| **Bank Accounts** | | | |
| Bank US HSBC 3901 | 5,103 | | 5,103 |
| Bank US HSBC 2170 | - | | - |
| Bank US HSBC Mexico | | 1,745 | 1,745 |
| **Total Bank Accounts** | **5,103** | **1,745** | **6,848** |

**Trade Accounts Receivables**

The Company grants credit terms in the normal course of business to its customers. Concentrations of credit risk with respect to these trade receivables are considered minimal due to the geographical and operating diversity of the companies involved. The Company's revenues and resulting accounts receivable are derived primarily from large and mid-sized organizations in various industries throughout the United States.

Accounts receivables are recorded at invoiced amounts, net of the Company's estimated allowances for doubtful accounts. The allowance for doubtful accounts is based on specifically identified amounts that the Company believes to be uncollectible. If actual collections experience changes, revisions to the allowance may be required.

**Property Plant and Equipment**

Property Plant and equipment are stated at cost less depreciation and provision for impairment where appropriate. Depreciation expense is computed using the straight-line method over estimated useful lives of three to seven years. All repair and maintenance costs are expensed as incurred.

There is no immovable property owned by the company as on March 31, 2023

As of the balance sheet date property and equipment consist of the following:

| | DOU US | DOU Mexico | Total |
|---|---|---|---|
| **FIXED ASSETS** | | | |
| PPE-Computers & Equipment | 78 | 2,636 | 2,714 |
| Office Equipment | | 98 | 98 |
| Leasehold Improvements | | 129 | 129 |
| | **78** | **2,863** | **2,941** |
| Less: Accumulated depreciation | (68) | (1,167) | (1,234) |
| **Net Fixed Assets** | **10** | **1,696** | **1,707** |

**Investment in Subsidiary**

Digital OnUs, Inc. owns 100% of the common stock of DOU Mexico and could exercise significant influence over the operating and financial policies of this investee. At the beginning of the year, Digital OnUs, Inc., owned 100% of the common stock in DOU Canada. On May 7th, 2022, DoU Canada got dissolved and merged with the Tech Mahindra Canada branch.

**Revenue Recognition**

Revenues are recognized when all the following criteria are met:

Persuasive evidence of an arrangement exists: Evidence of an arrangement consists of a written contract signed by both the customer and management prior to the end of the period.

Delivery or performance has occurred: The Company's software is delivered electronically to the customer.

Delivery is considered to have occurred when the Company provides the customer access to the software along with login credentials.

Fees are fixed or determinable: Fees from licenses are generally due in annual or, in certain cases, quarterly installments over the agreement's term beginning on the license's effective date. Accordingly, fees from term licenses may not be considered to be fixed or determinable until they become due.

Collectability is probable: Collectability is assessed on a customer-by-customer basis, based primarily on credit worthiness as determined by credit checks and analysis, as well as customer payment history. Payment terms generally range from 30 to 90 days from invoice date. If it is determined prior to revenue recognition that collection of an arrangement fee is not probable, revenues are deferred until collection becomes probable or cash is collected, assuming all other revenue recognition criteria are satisfied.

The Company generates revenue from consulting services: Consulting service arrangements are billed

on a time-and-material basis and associated revenue is recognized when there is persuasive evidence of

a contractual arrangement with customers, the delivery has occurred, the sales price is fixed or determinable and collectability is probable. Revenue from fixed-price milestone-based projects is recognized after delivery commitments are met, as it meets the criteria for fixed or determinable fees, and the payment from customers is not contingent upon the purchase or delivery of future maintenance and support.

**Employee Benefits**

Employer contributions to defined contribution and other benefit plans are charged to expense as incurred.

**Accounts Payable**

Amounts classified as accounts payable represent amounts due on account of services received in the normal course of business. Accounts payable have further been classified into accounts payable outstanding for more than six months and less than six months. There are no payables outstanding for more than six months as on March 31. 2023.

**Long Term Debt**

The company does not have any long-term debt in its books of accounts during the period. The Company has not accepted long-term deposits from the public during the period.

**Retained Earnings & Equity of DoU Mexico:**

Retained earnings & Equity of DoU Mexico carry a difference of $1.19 million as compared to US GAAP Consolidated Financials. Provided a reconciliation of differences between the US Consolidated Financials versus DoU Mexico standalone books.

| | Amounts in USD ‘000 |
|---|---|
| Retained Earnings as per the US Audit report | -11,544 |
| Additional Paid in Capital as per the US Audit Report | 14,653 |
| Currency Translation Adjustments | 671 |
| Total Equity as per the US Audit Report | **3,780** |
| Equity including Retained Earnings reported as per Mexico books | **4,970** |
| **Difference between US Consolidation and Mexico stand-alone books** | **1,190** |
| 2019 US Audit adjustment entries related US GAAP vs. Mexico books on VAT refund treatments | 621 |
| 2019 US audit adjustments related to Depreciation adjustments between US GAAP vs. Mexico Books | 30 |
| 2020 US audit adjustments related to Depreciation adjustments | -1 |
| 2023 Payroll Benefit paid to the employees wrongly considered as taxes in the Mexico books | 406 |
| Currency translation difference between Mexico and US consolidation calculations | 134 |
| **Reconciled Differences between US Consolidation and Mexico Stand-alone books** | **1,190** |

**Income Taxes**

Income tax for the period comprises current and deferred tax. Income tax is recognized in the income statement except to the extent that it relates to items recognized directly to equity, in which case it is recognized in equity.

Current tax charge or (benefit) is the amount expected to be paid or recovered from the taxation authorities in respect of taxable profits or losses for current periods and prior periods. Taxes, other than on income, are recorded within operating expenses.

Deferred taxes are accounted for under the asset and liability method for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax balances are measured at tax rates enacted or substantially enacted at the balance sheet date which are expected to apply to the period when the temporary differences will reverse, or the tax loss carryforwards will be utilized. Deferred tax assets for deductible temporary differences are recorded only to the extent that it is probable that future taxable profits will be available against the deductions that can be utilized.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. No uncertain positions were identified during any of the periods presented.

**U.S. State Income Taxes**

The Company engages in business activities in multiple states in the United States. These states subject the US entity to varying rates of franchise or income tax based on the share of revenue, payroll, and property factors apportioned to each state

The consolidated expenses for income taxes consisted of the following components:

**Current Income Taxes**

Amounts in USD '000

| | |
|---|---|
| **Profit after taxes** | **5,722** |
| Add back - Canada Loss | 102 |
| Add back - Intercompany Canada Elimination | (144) |
| Add back: current taxes | - |
| **DOU US Consolidated Profit before taxes** | **5,679** |
| **Permanent Difference** | |
| Earnout | 2,526 |
| FCTR | (671) |
| **Temporary Differences** | |
| The difference in Tax provisions (DOU MX Timing differences) | (361) |
| State Taxes | (176) |
| Depreciation (Book to tax differences) | 175 |
| Provision for bad debts | 257 |
| Labour Contingency | 592 |
| Leave encashment-disallowed last year | (151) |
| **Taxable Income** | **7,871** |
| **Federal tax @21%** | 1,653 |
| **State Taxes** | 175 |
| **Current tax expenses** | **1,828** |

**Deferred Taxes**

The Company utilizes the liability method of accounting for income taxes whereby deferred taxes are determined based on the estimated future tax effects of differences between the financial statements and tax bases of assets and liabilities, using the enacted tax rates that are expected to apply to taxable income when the temporary differences are expected to reverse.

**Current year deferred expenses (benefits) include:**

| **Deferred Tax workings** | **Federal** | **State** |
|---|---|---|
| Tax Rate | 19.13% | 9% |
| **Opening Deferred Tax Asset** | 472 | |
| Depreciation (tax benefit) | 33 | 16 |
| Provision for bad debts (tax benefit) | **49** | **23** |
| Labour Contingency | **113** | |
| Leave Encashment | **(29)** | **(13)** |
| **Ending Deferred Tax Asset** | **639** | **25** |

The deferred tax provisions are calculated by applying an estimate of the annual effective tax rate for the full fiscal year to ordinary income or loss.

**Valuation Allowance:**

**Comprehensive Income**

Comprehensive Income consists of foreign currency translation adjustments from those subsidiaries not using the U.S. dollar as their functional currency.

**Foreign Currency Transactions**

Results of operations for the Company's foreign subsidiaries are translated from the local (functional) currency to the U.S. dollar using average exchange rates during the period, while assets and liabilities are translated at rates of exchange in effect at the date of the balance sheet. The resulting foreign currency translation adjustments are recorded as a separate component of accumulated other comprehensive income in the accompanying consolidated balance sheets. Foreign currency transaction gains (losses) resulting from exchange rate fluctuations on transactions denominated in a currency other than the foreign subsidiary's functional currency are included in earnings. The Company experienced a net foreign currency translation adjustment of $671,487 for the period of April 1st, 2022, to March 31st, 2023.

**Management Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's most significant estimates relate to the allowance for doubtful accounts, potential asset impairments, and accruals for Labour contingency based on Mexico's local jurisdiction requirements.

**The concentration of Credit Risk**

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents, to the extent of the amounts recorded on the balance sheet.

**Related Party Disclosures**

Name Of Related Parties and Nature of Relationship

| Sl No | Related Party | Nature Of Relationship |
|---|---|---|
| 1 | Digital OnUs, Inc. - US | Parent Entity |
| 2 | Digital OnUs S. DE R.L. DE C.V - Mexico | Wholly Owned Subsidiary |
| 3 | Digital Onus Technologies Inc - Canada | Wholly Owned Subsidiary (Liquidated in the month Nov 2022) |

**Related Party Transaction**

The Company's foreign subsidiary (DOU Mexico) provides engineering, development, and administrative services to DOU Inc, US. While the resource cost for these services is all charged under DOU Mexico, the revenue is generated from DOU Inc US.

DOU Inc US does not have any transactions with DOU Canada effective from Oct 2022, as the employees of DOU Canada were transferred to the Tech Mahindra Canada branch in the month of November 2023. On May 7th, 2022, DoU Canada filed a statutory dissolution and merged with the Tech Mahindra Canada branch. As part of the merger, the assets and liabilities were settled during the process and the net cash of USD 56,405 was transferred to the DOU US account and resulting in the net loss on sale investment of USD 307,316 in the books of DoU standalone US entity.

**SUBSEQUENT EVENTS**

The management has evaluated subsequent events through April 15, 2022. No material subsequent events have occurred through this date that required recognition or disclosure in these consolidated financial statements.

**SUPPLEMENTARY INFORMATION**

# CONSOLIDATED BALANCE SHEET MARCH 31, 2023

# INDEPENDENT AUDITOR'S REPORT

The Member
Activus Connect, LLC 8160 Chilton Dr
Orlando, FL 32836

### Opinion

We have audited the accompanying financial statements of Activus Connect, LLC ("the Company") and Activus Connect PR, LLC (Collectively referred to as "the Group"), which comprise the combined balance sheet as of March 31, 2023, and the related combined statement of operations, combined statement of change in member's equity and cash flows for the twelve months then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Group as of March 31, 2023 and the results of its operations and its cash flows for the twelve months then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Group and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Other matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Combined Supplemental Schedules of Expenses on page 14 is presented for purposes of additional analysis and are not a required part of the financial statements. The information has been subjected to the auditing procedures applied in the audit of financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Group's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements,

including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Group's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# NOTES TO THE FINANCIAL STATEMENTS

**AS OF AND FOR THE YEAR ENDED MARCH 31, 2023**

**1. NATURE OF OPERATIONS**

Activus Connect, LLC, ("the Company") and Activus Connect PR, LLC (Collectively referred to as "the Group") provides customer service outsourcing. The Group outsource staff to clients throughout the United States and Puerto Rico and through its SmartVirtual CX platform, the Group is dedicated to elevating the customer service experience of its clients, and supporting customers through phone, email, text, video, chat, web, social media or self-serve bots.

Activus Connect LLC was formed in the State of Florida on September 13, 2018. Activus Connect PR, LLC was formed in Puerto Rico on February 03, 2020. The Group is wholly-owned by Tech Mahindra (Americas) Inc. ("the Parent")

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. BASIS OF ACCOUNTING**

These financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**B. BASIS OF COMBINATION**

The accompanying financial statements reflect the combined results of Activus Connect, LLC and Activus Connect PR, LLC for the period ended March 31, 2023. All significant intercompany accounts and transactions have been eliminated in the combined results.

**C. ACCOUNTING ESTIMATES**

The preparation of financial statements in conformity with U.S. GAAP requires the Group to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**D. REVENUE RECOGNITION**

Revenue from support services contracts are recognized as the services are performed and the amounts are earned. The Group considers amounts to be earned once evidence of an arrangement has been obtained, services have been provided, fees are fixed or determinable, and collectability is reasonably assured.

Revenues from support services and commissions earned are presented on the statement of operations, net of allowances or adjustments for agreed changes to reimbursed costs.

**E. COST OF REVENUE**

This includes all direct costs for employees consisting of salaries, payroll taxes, insurance costs, commissions as well as reimbursable costs such as travel, lodging, entertainment, software subscriptions or depreciation.

**F. ADVERTISING AND PROMOTIONS**

The Group expense all costs for advertising and promotions as and when they are incurred. Advertising costs, for the twelve months ended March 31, 2023 were $69,423.

**G. INCOME TAXES**

The Group accounts for income taxes using Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes. Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740 the effect on the deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Group records valuation allowances against deferred tax assets as deemed necessary.

Per FASB ASC 740-10-20, the Group follows the recognition requirements for uncertain tax positions as required by generally accepted accounting principles in the United States of America. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Group has analyzed tax positions taken for filing with the Internal Revenue Service (IRS) and all state jurisdictions where it operates.

In accordance with guidance in ASC 740-10-30-27, the Company uses a “separate return” method to allocate current and deferred taxes or benefits to members of the consolidated return group (“TMA and subsidiaries”) by applying ASC 740 to each member as if they were separate tax payers. Under the “separate return” method, the subsidiary is assumed to file a separate return with the taxing authority, thereby reporting its taxable income or loss and paying the applicable tax to or receiving the appropriate refund from the Parent.

### H. CASH AND CASH EQUIVALENTS

The Group considers all highly-liquid investments with maturities of three months or less to be cash or cash equivalents.

The Federal Deposit Insurance Corporation covers $250,000 for substantially all depository accounts held by a financial institution in the United States of America. As of March 31, 2023, the Group had $2,847,877 with financial institutions in excess of the federally insured limit.

### I. ACCOUNTS RECEIVABLE AND ALLOWANCE FOR DOUBTFUL ACCOUNTS

Accounts receivable are the amounts owed on invoiced contractual agreements either in process or completed by the Group. Accounts receivable are considered delinquent when payment is not received under terms described within the individual contract’s terms.

An allowance for doubtful accounts is provided for those balances considered to be uncollectible based upon historical experience and the Group’s specific review of outstanding account balances. The amounts are written off when determined to be uncollectible by management.

The amount of bad debt expense was $0 for the year ended March 31, 2023 and the amount of the allowance for doubtful receivables expense was $0 for the twelve months ended March 31, 2023.

### J. UNBILLED RECEIVABLES

Unbilled receivables represent accrued revenue earned and recognized on projects for which billings have not yet been presented to the customer.

### K. PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost less accumulated depreciation. Depreciation is provided using the straight-line method and is generally based on the following useful lives:

- **Computers – three years;**

  Expenditures for maintenance and repairs are charged to income as incurred. Additions and betterments are capitalized. When assets are retired or otherwise disposed, the related cost and accumulated depreciation are removed from the appropriate accounts and any resulting gain or loss is reflected in operations.

  The Group performs a review of the property and equipment at the end of each project for any impairment of those assets. Property and equipment acquisitions are based on the customer requirement per project. Any such impairment would result in a permanent reduction in the recorded value of the asset. No such impairments existed at March 31, 2023.

### L. RELATED PARTIES

Related parties are considered to be related if one party has the ability to control or jointly control the other party or exercise significant influence over the party in making financial and operational decisions. Key management personnel are also regarded as related parties. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise). Transactions involving related parties are carried out on an arm’s length basis. Refer to Note 4 for details regarding related party transactions.

### M. LEASES

The Group determines if an arrangement is a lease at inception of the arrangement. These leases are classified as either an operating lease or a finance lease. Based on the evaluation of leases for the twelve months ended March 31, 2023, no leases meet the criteria for classification as a finance lease. Operating leases are capitalized on the balance sheet through a right-of-use (“ROU”) asset and a corresponding lease liability. ROU assets represent the Group’ right to use an underlying asset for the lease term, and lease liabilities represent the obligation to make lease payments arising from the lease.

Operating leases are included in operating lease ROU assets, current operating lease liabilities, and long-term operating lease liabilities on the balance sheet. Operating lease ROU assets and liabilities are recognized at the commencement date of an arrangement based on the present value of lease payments over the lease term. The operating lease ROU asset also includes any lease payments made to the lessor prior to lease commencement, less any lease incentives, and initial direct costs incurred. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term.

Activus Connect PR, LLC entered into a contract to lease office space in support of company operations and the lease has been determined to represent a operating lease. In terms of the contract, the company is not contractually obliged to more than 12 months. Thus for this lease the Company elects to utilize the exemption to the disclosure requirements of Topic 842 and recognizes the lease payments as an expense over a straight line basis.

## 3. ACCOUNTS RECEIVABLE, NET

At March 31, accounts receivable balances were as follows:

| | **2023** |
|---|---|
| Amounts due for services rendered and billed | $5,286,745 |
| Less: allowance for doubtful accounts | - |
| Amounts due for services rendered and billed, net | **5,286,745** |
| Amounts due for services rendered, not billed | 2,445,912 |
| Total accounts receivable, net | **$7,732,657** |

**Subsequent receipt and billing of accounts receivable balance**

Subsequent to year end, as of June 16, 2023 $5,286,745 (100%) of the accounts receivable balance outstanding as at March 31, 2023 has been collected and $1,831,065 (75%) of the unbilled balance has been billed, of which $1,831,065 (75%) has been collected.

## 4. TRANSACTIONS WITH RELATED PARTIES

During the year, the Group had transactions with the following related parties. At March 31, the Group had payables due (to) from related parties as follows:

| **Tech Mahindra (Americas), Inc. ("TMA")** | **2023** |
|---|---|
| Beginning balance | $- |
| Income tax payments on behalf of Activus Connect, LLC | 602,718 |
| Payment made | (602,718) |
| Ending balance, due from | **$-** |
| Due (to) from consists of: | |
| Amounts due to TMA | - |
| Amounts due from TMA | - |
| | **$-** |

| **Tech Mahindra Limited ("TML")** | **2023** |
|---|---|
| Beginning balance | $68,459 |
| Cost of services | (147,800) |
| Payment made | 59,736 |
| Billed income | 3,259,536 |
| Unbilled revenue | 1,165,316 |
| Receipts | (2,542,572) |
| Ending balance, due from | **$1,794,216** |
| Due (to) from consists of: | |
| Amounts due to TML | (88,064) |
| Amounts due from TML | 1,950,739 |
| | **$1,862,675** |

| **Eventus Solutions Group, LLC ("Eventus")** | **2023** |
|---|---|
| Beginning balance | $1,307,767 |
| Cost of services | 22,262 |
| Payment made | (35,326) |
| Billed income | 8,656,968 |
| Unbilled revenue | 997,397 |
| Receipts | (8,782,251) |
| **Ending balance, due from** | **$2,166,817** |
| Due (to) from consists of: | |
| Amounts due to Eventus | - |
| Amounts due from Eventus | 2,192,945 |
| | **$2,192,945** |
| **Total amounts due to related parties** | (88,064) |
| **Total amounts due from related parties** | 4,143,684 |
| | **$4,055,620** |

## 5. PROPERTY AND EQUIPMENT, NET

At March 31, property and equipment balances were as follows:

| | **2023** |
|---|---|
| Computers and equipment | $102,283 |
| Less: accumulated depreciation | (17,047) |
| | **$85,236** |

Reconciliation of carrying value of property and equipment for the twelve months ended March 31, was as follows:

| | **2023** |
|---|---|
| Carrying value at the beginning of the year | $- |
| Additions | 102,283 |
| Depreciation | (17,047) |
| Carrying value at the end of the year | **$85,236** |

The depreciation policies followed by the Group are disclosed in Note 2K above.

## 6. INCOME TAXES

The Group accounts for income taxes under the provisions of the FASB ASC 740, Income Taxes, as noted in Note 2G above.

| | **2023** |
|---|---|
| Current income tax expense consists of the following: | |
| Federal | $1,684,549 |
| State | 466,870 |
| Foreign | 35,146 |
| Total current income tax expense | **$2,186,565** |

In the ordinary course of business there are transactions that affect the calculation and estimation of the Group’s tax liability.  Although management believes that the Group’ tax estimates are reasonable, there is no assurance that the final determination of tax liability will not be different from what is reflected in the Group’ historical income tax provisions and accruals.

The Group does not anticipate any amount to be recognized related to the Group’s uncertain tax position.

## 7. MEMBER'S EQUITY

| | 2023 |
|---|---|
| Issued number of units | 1,100 |

On December 3, 2021 Tech Mahindra (Americas), Inc ("TMA") entered into an agreement with the members of the Group whereby it acquired 100% of the shares in the Group.

## 8. COMMITMENTS AND CONTINGENCIES

The Company is involved in a legal matter upon which management issued a settlement offer subsequent to year-end, to the extent of $33,000. It was concluded that the outcome of this matter will not have an adverse effect on the Company's financial position, results of operations, or liquidity. As of the date of the financial statements, the settlement offer has not been accepted by the counterparty.

## 9. CONCENTRATION OF CREDIT RISK

### REVENUE AND ACCOUNTS RECEIVABLE

The majority of the Group's sales are credit sales and terms offered to customers vary according to that negotiated and agreed upon in the signed contracts. The contractual terms on invoices issued to customers vary and are payable upon receipt or immediate to within 45 days.

Aging analysis of gross trade receivables, is as follows:

| | 2023 |
|---|---|
| Less than 30 days | $7,732,657 |
| Between 30 and 120 days | - |
| More than 120 days | - |
| | **$7,732,657** |

The following are customer concentration for revenue for the twelve months ended March 31, 2023 and billed accounts receivable as at March 31, 2023.

Billed Revenue concentration for the 12 months ended March 31, 2023:

| | $ |
|---|---|
| Maximus Federal Services Inc. | 12,671,142 |
| Alight | 7,513,440 |
| Lendistry | 4,586,603 |

Billed accounts receivable concentrations as at March 31, 2023:

| | $ |
|---|---|
| Alight | 3,528,966 |
| Maximus Federal Services Inc. | 1,106,269 |
| TaxAct | 181,421 |

## 10. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined under Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures" ("ASC 820"), as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1–inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2–inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3–inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

The carrying amounts of cash, accounts receivable and accounts payable approximate fair value due to the short-term maturity of the instruments.

Accounts with banks are assigned to level 2 financial assets under the fair value hierarchy.

## 11. EMPLOYEE BENEFITS

The Group sponsored defined contribution plans in which eligible participants may defer a fixed amount or a percentage of their eligible compensation, subject to limitations, pursuant to Section 401(k) of the Internal Revenue Code. Aggregate contributions charged to operations, including discretionary amounts, for the twelve months ended March 31, 2023 was $359,384.

## 12. SUBSEQUENT EVENTS

The Group has evaluated subsequent events through June 16, 2023, the date the financial statements were available to be issued.

Other than the disclosure added in note 8, no significant events occurred subsequent to the balance sheet date but prior to June 16, 2023, that would have a material impact on the financial statements.

# COMBINED SUPPLEMENTAL SCHEDULES OF EXPENSES

**FOR THE YEAR ENDED MARCH 31,**

| Interest received on investments | 962.68 | 963.29 |
| Expenditure on the objects of the Company | 5,582.09 | 7,430.87 |
| Corpus fund | 12,366.22 | 12,366.22 |
| Retained Earnings | 2,420.30 | 1,983.57 |

## REVIEW OF ACTIVITIES

The Foundation was set up in 2006, as a Section 25 Company (referred to as a Section 8 Company in the Companies Act, 2013). Since then, it has worked tirelessly towards the overarching vision of "Empowerment through Education", establishing itself as a prominent CSR player within the Mahindra Group as well as a leading social organization at the national level. The Foundation essentially works with children, youth and teachers from disadvantaged urban communities in India, with a special focus on women and persons with disabilities. During the year under review, ("TMF" or "The Foundation" or "the Company") has successfully implemented 132 high-impact projects with more than 80 partners, directly benefitting 61,995 individuals.

## EDUCATION

The key initiatives taken by TMF in the arena of school education include:

### ALL ROUND IMPROVEMENT IN SCHOOL EDUCATION (ARISE)

TMF's educational initiatives under ARISE are long-term school improvement programmes, in partnership with local governments and partner organisations. The Foundation in 2022-23 worked with 18 government primary & secondary schools to transform them into model schools of excellence. A total of 5,224 students were positively impacted under this programme, of which 2,832 were girls.

During the year, the Foundation expanded its work for children with special needs through its ARISE+ programme. This programme is a variant of ARISE in which children with special needs are provided chronic therapy as well as special education to help them lead more fulfilling lives. Through 32 projects, the programme enabled 4,829 children with special needs to become better learners with greater independence in managing their lives. The Foundation has taken up the provision of assistive technology for these children as an important value addition to its work in ARISE+.

### SHIKSHAANTAR

Shikshaantar, envisioned as a programme for enhancing capacity of government school teachers, has emerged as an important programme in the education portfolio of the Foundation. TMF works with the Municipal Corporation of Delhi by running their In-Service Teacher Education Institutes. With the merger of the MCDs, TMF now has the responsibility for training teachers from close to 1,500 primary schools of Delhi. During the year under review, as many as 4,379 teachers were trained as part of Shikshaantar. This included specially designed modules for Digital Literacy, Child Safety, Cyber Security and Mental Health that were delivered to the teachers in a hybrid mode.

### MOBILE SCIENCE LAB & ROBOTICS LAB

In order to increase the footprint of its work in Education and reach the unreached, TMF had launched a unique initiative in 2019-20 - The Mobile Science Lab (MSL). For this, a Mahindra bus has been remodeled to become a science lab on wheels and has been travelling from school to school in East Delhi to provide STEM learning for children in grades 3 and 4 in these schools. The MSL program benefitted as many as 6,861 students and 77 teachers through the year.

Following the success of the MSL program, TMF has also set up a Robotics Lab at one of its ARISE schools in Delhi which is an all-girls school. This lab was inaugurated in November, 2022 and nearly 300 girls from this school are the potential beneficiaries.

**EMPLOYABILITY**

Skills-for-Market Training (SMART) is the Foundation's flagship programme in employability. It is built on the vision of an educated, enabled and empowered India, and the belief that educated and skilled youth are the country's true strength. The programme started with 3 Centres in 2012 and is currently running over 85 Centres at 10 locations across India. These include SMART Centres, SMART+ Centres (training for people with disabilities), and SMART-T Centres (training in technical trades).

In 2022-23, your Company trained 17,641 young women and men under its SMART program, of which, 1,303 were persons with disabilities. More than 70% of the graduates are placed in jobs across multiple industries upon successful completion of the training. The average salaries being earned by the graduates of the SMART program have been steadily rising and saw a 10% jump over the previous year.

The Foundation's commitment to setting new benchmarks in skill development in India has been underscored by the setting up of Tech Mahindra SMART Academies, which provide the highest quality of skill training to youngsters in Healthcare and Digital Technologies. During FY 2022-23, 3,584 students were trained at the nine Academies that are now functional – 5 in Healthcare, 3 in Digital Technologies, and 1 in Logistics.

**TMF'S OUTREACH INITIATIVES**

In addition to all the core programs described above, Tech Mahindra Foundation is now also implementing a number of outreach projects in collaboration with various agencies. As part of these, the TMF team members are engaged in activities such as community health initiatives, teacher training, provision of content for other large-scale projects, etc. As part of such outreach projects, TMF supported 20,734 beneficiaries, taking the total tally of direct beneficiaries to 61,995 for the year. This is nearly 50% more than the number of direct beneficiaries for FY 2021-22, which stood at 41,374.

**MATERIAL CHANGES AND COMMITMENTS**

There are no material changes which will affect the Company.

**SIGNIFICANT AND MATERIAL ORDERS / PROCEEDINGS**

There are no orders passed by the regulators or courts or tribunals which would impact the going concern status and Company's operations in future.

Further no application against the Company has been filed or is pending under the Insolvency and Bankruptcy Code, 2016, nor the Company has done any one time settlement with any Bank or Financial institutions.

**FIXED DEPOSITS**

Your Company has not accepted any fixed deposits and, as such, no amount of principal or interest was outstanding as on the balance sheet date.

**AUDITORS**

The members, in the 17th Annual General Meeting held on July 26, 2022, appointed M/s B. K. Khare & Co., Chartered Accountants, [ICAI Registration No.105102W] as the Auditors of the Company, to hold office for a further term of five consecutive years from the conclusion of this Annual General Meeting till the conclusion of the Annual General Meeting of the Company for the Financial Year 2026-27 on such remuneration as may be determined by the Board of Directors.

The members may note that the Ministry of Corporate Affairs vide notification dated 7 May, 2018, has done away with the requirement of yearly ratification of appointment of Statutory Auditors, at the Annual General Meeting.

There are no qualifications, reservation or adverse remark or disclaimer made in the audit report for the Financial Year 2022-23.

**SHARE CAPITAL**

The Company has not issued any equity shares carrying differential rights, sweat equity shares, employee stock options nor provided money for purchase of its own shares by employees or by trustees for the benefit of employees during the financial year. The Company's paid up equity capital is ₹ 5,00,000 comprising of 50,000 equity shares of Face Value of ₹ 10/- each.

**ANNUAL RETURN**

The annual return as on the financial year ended 31st March, 2023 in Form MGT - 7 is available on the web-link: https://techmahindrafoundation.org/reports/

**CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO**

a) Conservation of Energy: The operations of the Company are not energy-intensive and hence, the provisions are not applicable.

b) Research and Development: No amount was spent on Research and Development during the year under review.

c) Foreign Exchange Earnings (Donations Received) and outgo: i) Earnings ₹ 4.04 lacs; ii) Outgo ₹ NIL, during the year under review.

**DIRECTORS**

As per Article 16 of the Articles of Association of the Company, all Directors retire at the ensuing Annual General meeting and are eligible for re-appointment.

The Board had noted the sad demise of Mr. Keshub Mahindra, Chairman of the Company on 12th April, 2023. The board members stated that Mr. Keshub Mahindra was an exemplary statesman, revered for his vision, his business acumen, his keen interest in the CSR activities of the company and above all, for his uncompromising professional integrity. The board members further stated that it will be difficult to fill in the void caused due to the sad demise of Mr. Keshub Mahindra.

Dr. Anish Shah (DIN: 02719429) was appointed as an Additional Director with effect from 27th April, 2023 whose term will end at the ensuing Annual General Meeting and being eligible offers himself for appointment.

**NUMBER OF MEETINGS OF BORAD**

During the year ended 31st March 2023, three Board Meetings were held on 25th April, 2022, 1st November, 2022 and 1st February, 2023. The Company being a Section 8 Company, intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

**PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186**

The Company has not given any loans or guarantees or investment under Section 186 of the Companies Act, 2013.

**PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES**

All transactions entered into with the Related Parties as defined under the Companies Act, 2013 during the financial year were in the ordinary course of business and on an arm's length basis and do not attract the provisions of Section 188 of the Companies Act, 2013. Suitable disclosure as required by the Indian Accounting Standards (IND AS 24) has been made in the notes to the Financial Statements.

The particulars of related party transactions in prescribed Form AOC - 2 is annexed herewith as "**Annexure 1".**

**RISK MANAGEMENT**

The Company risk management is forming part of the internal audit and risk management framework adopted by the Tech Mahindra Limited ("Holding Company"), wherein the elements of risks are reviewed and audited for the organization as a whole including its subsidiaries.

**WHISTLE BLOWER MECHANISM**

Whistle Blower mechanism is forming part of the Holding Company's Code of Ethical Business Conduct Policy which is applicable to all its subsidiaries. The policy sets out ways through which the stakeholders can raise concerns that relate to actual or suspected violations to the Corporate Ombudsman office.

**OBLIGATION OF COMPANY UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013**

Your Company at group level has adopted a policy for prevention of Sexual Harassment of Women at workplace and has set up a Committee for implementation of the said policy. During the year under review, there were no cases filed pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

**DIRECTORS RESPONSIBILITY STATEMENT**

Pursuant to provisions of Section 134 (5) of the Companies Act, 2013, your Directors, based on the representation received from the Operating Management, and after due enquiry, confirm that:

(i) in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

(ii) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period;

(iii) the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

(iv) the directors have prepared the annual accounts on a going concern basis ; and

(v) the directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

**ACKNOWLEDGEMENTS**

The Board takes this as an opportunity to thank the promoters and all the stakeholders of the Company for their faith and patronage.

# INDEPENDENT AUDITOR'S REPORT

To the Members of,
**Tech Mahindra Foundation**
**Report on the Audit of the Financial Statements**

## Opinion

1. We have audited the financial statements of Tech Mahindra Foundation ("the Company") licensed and registered under Section 8 ( erstwhile section 25) of Companies Act 2013, which comprise the Balance sheet as at 31st March 2023, and the Statement of Income and Expenditure (including Other Comprehensive Income), and Statement of Cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "Financial Statements").

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its surplus, and its cash flows for the year ended on that date.

## Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

4. The Company's Board of Directors and trustees are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014 (as amended).

5. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

7. Those Board of Directors and trustees are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

f. Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

12. As the Company is licensed and registered under section 8 (erstwhile section 25) of Companies Act, 2013, the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, does not apply to it as stated under Clause 2(iii) of the said Order.

13. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Income and Expenditure, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended)

e. On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors and trustees, none of the directors/trustees are disqualified as on 31st March, 2023 from being appointed as a director/trustee in terms of Section 164 (2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to financial Statements.

g. In our opinion and to the best of our information and according to the explanations given to us, no remuneration is paid by the Company to its directors during the year.

h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position.

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

   c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

   v. The Company has not declared or paid any dividend during the year.

   vi. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 relating to audit trail feature of the Company’s accounting software is applicable to the Company only with effect from financial year beginning April 1, 2023, the reporting under Clause (g) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 is not applicable for the current year.

# ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

**(Referred to in paragraph under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)**

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Tech Mahindra Foundation** (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk of a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

a. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

b. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors/trustees of the company; and

c. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, considering guidance given by ICAI in its Guidance Note on the essential Components of Internal Control Over Financial Reporting, the framework of internal control needs to be further strengthened by the Company so as to commensurate with the nature and size of its operations.

# SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2023

**1. Company Overview:**

Tech Mahindra Foundation ("the Company"), a company registered under section 25 of the Companies Act, 1956 (now governed by section 8 of the Companies Act, 2013) was incorporated on March 22, 2006, and in compliance of this new Sec 12AB of the Income Tax Act, 1961 – an application for revalidation has been made to the department and consequently the Company has received a fresh registration certificate u/s 12A and 80G which is valid for 5 Assessment Years starting from AY 2022-23.

**The primary objects of the company are:**

i. To provide needy children and/or students with fees, books, equipment, merit based freeships and/or scholarships, food, shelter, training and other help; assist mentally challenged, crippled and physically handicapped children in their rehabilitation through appropriate therapy, education, vocational training and other programmes; render assistance to orphaned, indigent and other less privileged children for their subsistence, shelter, education and medical care.

ii. To render assistance to indigent men, women and children for treatment, medical care, health care, preventive medical services which they otherwise cannot afford; to setup and/or operate or to help in setting up and/or operating, hospitals / nursing homes, shelters for the needy; to develop or adopt village(s) or other centre(s) for general progress and welfare; to render assistance for appropriate literacy, and vocational training programs for needy persons, provide assistance and social service at times of natural calamities like famine, fire, earthquake; to render assistance to handicapped, destitute and needy persons.

iii. To conduct education in public health care, sanitation, cleanliness; and to work or provide assistance for such causes; to work for the health, welfare and upliftment of men, women and children in general without any distinction as to community, background, caste, race, language or religion.

**1A Significant accounting policies:**

**(a) Basis for preparation of accounts:**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles ("GAAP") in India under historical cost convention and on accrual basis, and are in conformity with mandatory accounting standards, as prescribed under Section 133 of the Companies Act 2013, read with rule 7 of the Companies (accounts) Rules, 2014, and the provisions of the Act (to the extent notified).

All assets and liabilities have been classified as current and non-current as per Company's normal operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013.

**(b) Use of Estimates:**

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities, if any) and the reported income and expenses during the year. The management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ due to the estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialized.

**(c) Revenue recognition:**

i. Donations received are credited to the Income & Expenditure Account except those received with a specific direction from the donors, that they shall form part of the corpus, which have been accounted for accordingly.

ii. Interest income is recognized on time proportion basis.

iii. Other items of income are accounted for as per the terms of the contract.

**(d) Fixed Assets including intangible assets:**

Fixed assets are stated at cost less accumulated depreciation. Costs comprise of purchase price and attributable costs, if any.

**(e) Depreciation / amortization of fixed assets:**

(i) Depreciation on fixed assets is charged based on straight line method as per the life of the assets as assessed based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. Estimate of useful life so made is more conservative than estimated useful life as prescribed in schedule II to the Companies Act, 2013.

| | |
|---|---|
| Computers and Project specific software | 3 years |
| Plant and Machinery | 5 years |
| Furniture and Fixtures | 5 years |
| Office Equipment | 5 years |
| Vehicles | 5 years |
| Leasehold improvements | Amortized over the lease period |

(ii) Assets costing up to ₹ 5,000 are fully depreciated in the year of purchase.

**(f) Investments:**

Long term investments (including current portion thereof) are carried at cost less any diminution other than temporary diminution in the value, determined separately for each investment

Current investments are carried at the lower of cost and fair value. Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the Statement of Income and Expenditure.

**(g) Cash and Cash Equivalents:**

Cash and cash equivalents comprise cash at bank and in hand and short term bank deposits, if any with original maturity of three months or less.

**(h) Defined benefit plans and compensated absences:**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same is s below:

**a. <u>Defined benefit plans:</u>**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in income and expenditure account in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

**b. <u>Defined contribution plans:</u>**

(i) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company.

(ii) ESIC:

Contributions to employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

The Company has no further obligations for future superannuation fund benefits other than its annual contributions.

(iii) Compensated absences:

The Company provides for compensated absences subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date. It is measured at the balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in the statement of profit and loss in the period in which they occur.

## REVIEW OF ACTIVITIES – 2022-23

### MAHINDRA EDUCATIONAL INSTITUTIONS (MEI)

MEI - a not-for-profit, 100% subsidiary of the Tech Mahindra Limited has set up Mahindra Ecole Centrale ("MEC") in August 2014 - through a collaborative venture between Mahindra Educational Institutions and Ecole Centrale of Paris, France (now known as Centrale Supelec) and the JNTU Hyderabad - to offer undergraduate engineering programs. Through this strong Indo-French Collaboration with Centrale Supelec and Industry connect with Tech Mahindra, MEC has emerged as a disruptive player in the field of Technical Education.

MEI has sponsored the setting up of Mahindra University to introduce diverse streams of education in addition to Engineering.

### MAHINDRA UNIVERSITY (MU)

Mahindra University ("MU") (sponsored by Mahindra Educational Institutions, ("MEI") - a not-for-profit, 100% subsidiary of Tech Mahindra), was notified on May 20, 2020 by the Government of Telangana vide The Telangana State Private Universities (Establishment and Regulation) Act, 2018 for "educating future citizens for and of a better world".

In 2021-22, Mahindra University launched 3 new schools besides the existing Ecole Centrale School of Engineering - School of Management, School of Law and Indira Mahindra School of Education. Each of these Schools will run UG, PG and Ph.D. programs. Further, the University has subsequently planned to launch School of Media & Liberal Arts, School of Design and School of Hotel Management in the next 2 years.

The Ecole Centrale School of Engineering ("ECSoE") currently runs various UG, PG and Ph.D. programs in cutting-edge engineering departments. ECSoE also launched a Centre for Life Sciences and offers courses in biotechnology and computational biology under it. The school plans to launch the 2.5 year integrated programs in Biotechnology & CSE for Academic Year ("AY") 2023-24.

Cornell University's SC Johnson College of Business, an ivy league institution is the "Academic Partner" for School of Management. Mahindra University's School of Management (MU - SoM) will benefit significantly from Cornell University's expertise in curriculum development, faculty exchange programs including some specialty courses delivery by the Cornell faculty to Mahindra University students, as well as student immersion at Cornell. The School of Management currently conducts BBA, BA, E-MBA, and MBA (starting in 2023) programs.

The School of Law, Mahindra University, commenced operations in September, 2021 in Hyderabad offering 5-year integrated programs in BA LLB and BBA LLB. It was founded on the philosophy of securing justice, equality, and service to all sections of society. With the needs of modern society evolving rapidly, there is a renewed focus on the importance of the discipline of law. The School of Law will aim to make a difference to the legal profession and practice by providing a diverse, flexible curriculum and pedagogy, touching on several aspects of domestic and international law, while appraising the students of the latest trends in academia and practice. Starting 2022, the School of Law has launched a 3-year LLB (Hons) program and intend to launch a 6-year integrated B.Tech LLB course starting AY 2023.

Indira Mahindra School of Education (IMSE) commenced its academic activities in 2021, with the PhD program. IMSE's vision is to be a focused training ground for the next generation of teachers and school leaders through study of education where both researchers and practitioners are developed for working in and on educational issues. IMSE plans to launch MA program in education starting AY 2023.

The University also plans to launch the following programs/schools for the AY 2023-24 which will add approximately 500+ numbers to the student strength:

1. School of Media
   a. 4-year B.Tech. (Computation & Media)
   b. 3-year BA (Digital Media & Communication)
2. School of Hotel Management
   a. 3-year B.Sc. (Hospitality & Hotel Administration)

In the AY 2022, a total of 2,971 students are studying various programs across all schools and departments. The new admissions for AY 2022 are 1,236 students of which 1,128 students are in various UG programs, including School of Management and School of Law, 22 students in the PG programs of School of Engineering and 86 students in the Ph.D programs across all the schools.

**MATERIAL CHANGES AND COMMITMENTS**

There are no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

There was no change in the nature of business.

Pursuant to the provisions of section 152(6)(c) of the Companies Act, 2013, Mr. Milind Kulkarni (DIN: 00012888) is liable to retire by rotation and being eligible offer himself for reappointment.

**NUMBER OF MEETINGS OF BORAD**

During the year ended March, 2023, four Board Meetings were held on 11th April, 2022, 5th May, 2022, 30th September, 2022 and 20th October, 2022. The Company being a Section 8 Company, intervening gap between the meetings was as prescribed under the Companies Act, 2013.

**LOANS/ GUARANTEES / INVESTMENTS**

The Company has not given / accepted any guarantees during the year under review. The Company has borrowed ₹ 67.74 crores from Kotak Mahindra Bank Limited for operational requirement during the financial year.

**RELATED PARTY TRANSACTIONS**

All related party transactions that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. There are no materially significant related party transactions made by the Company with Promoters, Directors, Key Managerial Personnel or other designated persons which may have a potential conflict with the interest of the Company at large. All Related Party Transactions for the period under review were approved by the Board. Pursuant to clause (h) of sub-section (3) of Section 134 of the Companies Act, 2013 and Rule 8(2) of the Companies (Accounts) Rules, 2014, Form AOC 2 is annexed to this report as **Annexure A**.

**RISK MANAGEMENT**

The Company risk management is forming part of internal audit and the risk management framework adopted by the Tech Mahindra Limited ("Holding Company"), wherein the elements of risks are reviewed and audited for the organization as a whole including its subsidiaries.

**WHISTLE BLOWER MECHANISM**

Whistle Blower mechanism is forming part of the Holding Company's Code of Ethical Business Conduct Policy which is applicable to all its subsidiaries. The policy sets out ways through which the stakeholders can raise concerns that relate to actual or suspected violations to the Corporate Ombudsman office.

**OBLIGATION OF COMPANY UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013**

Your Company at group level has adopted a policy for prevention of Sexual Harassment of Women at workplace and has set up a Committee for implementation of the said policy. During the year under review the Company has not received any complaint of harassment.

**DIRECTORS RESPONSIBILITY STATEMENT**

Pursuant to Section 134 of the Companies Act, 2013, your Directors, based on the representation received from the Operating Management, and after due enquiry, confirm that:

i. In the preparation of the annual accounts, the applicable accounting standards have been followed;

ii. They have, in the selection of the accounting policies, consulted the Statutory Auditors and these have been applied consistently and reasonable and prudent judgments and estimates have been made so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2023 and of the profit and loss of the Company for the year ended on that date;

iii. Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

iv. The annual accounts have been prepared on a going concern basis; and

v. The directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

**ACKNOWLEDGEMENTS**

The Board takes this as an opportunity to thank the promoters and all the stakeholders of the Company for their faith and patronage.

# INDEPENDENT AUDITOR'S REPORT

To the Members of
**Mahindra Educational Institutions**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the accompanying Financial Statements of Mahindra Educational Institutions ("the Company"), which comprise the Balance Sheet as at 31 March 2023, and the Statement of Income and Expenditure, the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, the surplus and other comprehensive income, the changes in equity and its cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules issued thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

This report does not include a statement on matters specified in paragraph 3 and 4 of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, since in our opinion and according to the information and explanation given to us, the said Order is not applicable to the Company.

1. As required by section 143(3) of the Act, we report that:

   a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

   b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c. the Balance Sheet, the Statement of Income and Expenditure, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account;

   d. in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the rules issued thereunder;

   e. on the basis of the written representations received from the directors as on 31 March 2023, and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023, from being appointed as a director in terms of Section 164 (2) of the Act;

   f. with respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and

   g. with respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

      In our opinion and to the best of our information and according to the explanations given to us, the provisions of Section 197 of the Act and the rules thereunder are not applicable to the Company.

   h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

      i. there are no pending litigations on or by the Company, the impact of which needs to be disclosed in the financial statements;

      ii. the Company does not have any material foreseeable losses relating to long term contracts, there were no derivative contracts entered into by the Company as at 31 March 2023;

      iii. there are no amounts which were required to be transferred to the Investor Education and Protection Fund during the year ended 31 March 2023.

      iv. (a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

         (b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

         (c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year.

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023

# ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Mahindra Educational Institutions)

**Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to Financial Statements of Mahindra Educational Institutions ("the Company") as of 31 March 2023, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

**Meaning of Internal Financial Controls with reference to Financial Statements**

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at 31 March 2023, based on the internal control with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

# NOTES TO THE STANDALONE FINANCIAL STATEMENTS

**for the year ended 31 March 2023**

**1. Corporate Information**

Mahindra Educational Institutions ("the Company") incorporated as a Not-for-Profit Company with main objects to establish institutions of higher learning such as setting up of universities, colleges, academics and research institutes, encouraging education and research work in different disciplines, to promote innovation and technology development, to collaborate and / or affiliate with other universities in India for the cause of promoting high quality higher education within India.

**2. Significant accounting policies**

**2.1 Statement of Compliance**

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The financial statements for the year ended 31 March 2023 were approved by the Board of Directors and authorised to issue on 22 April 2023.

**2.2 Basis for preparation of financial statements**

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India on accrual basis under the historical cost convention, except for certain financial instruments which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and / or disclosure purpose in these standalone financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

**2.3 Use of Estimates**

The preparation of these standalone financial statements requires the management of the Company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the financial statements.

**2.4 Property, Plant & Equipment and Other Intangible assets**

Property, Plant & Equipment and Other intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciation / amortization of Property, Plant & Equipment and Other Intangible assets

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as per the technical estimates of the Management. The estimated useful lives and residual values of the tangible and intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

| **Particulars** | **Useful life** |
|---|---|
| Buildings | 28 Years |
| Computers | 3 Years |
| Furniture and fistures | 5 Years |
| Library Books | 3 Years |
| Plant and Machinery | 5 Years |
| Software | 1 Years |
| Vehicles | 5 Years |
| Assets below ₹ 5000 | Same Years |

**2.5 Leases**

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116.

**The Company as a lessee**

The Company assesses, whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract involves:

(a) the use of an identified asset,

(b) the right to obtain substantially all the economic benefits from use of the identified asset, and

(c) the right to direct the use of the identified asset.

The Company at the inception of the lease contract recognizes a Right-of-Use (RoU) asset at cost and corresponding lease liability, except for leases with term of less than twelve months (short term) and low-value assets.

The cost of the right-of-use assets comprises the amount of the initial measurement of the lease liability, any lease payments made at or before the inception date of the lease plus any initial direct costs, less any lease incentives received. Subsequently, the right-of-use assets is measured at cost less any accumulated depreciation and accumulated impairment losses, if any. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use assets.

The Company applies Ind AS 36 to determine whether a RoU asset is impaired and accounts for any identified impairment loss as described in the impairment of non-financial assets.

For lease liabilities at inception, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate is readily determined, if that rate is not readily determined, the lease payments are discounted using the incremental borrowing rate

The Company recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use assets. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in consolidated statement of income.

For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

Lease payments have been classified as cash used in Financing activities.

### 2.6 Impairment of Assets

#### i) Financial assets

Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortised cost is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. In a subsequent period, if the amount of impairment loss decreases and the decreases can be related objectively to an event, the previously recognised impairment is reversed through Statement of Income and Expenditure.

#### ii) Non-financial assets

Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Income and Expenditure.

### 2.7 Revenue recognition

Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Arrangements with customers for services i.e. students are mainly on a time bound fixed price basis.

Revenue from fixed-price, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

Revenues in excess of invoicing are classified as contract assets (which we refer as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (which we refer to as deferred revenues).

In arrangements for educational services with customers, the company has applied the guidance in Ind AS 115, Revenue from contract with customer, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering educational services and other related services as distinct performance obligations. For allocating the transaction price, the company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the company is unable to determine the standalone selling price, the company uses the expected cost plus margin approach in estimating the standalone selling price.

For time and material related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

The company accounts for discounts and pricing incentives to customers as a reduction of revenue based on the rateable allocation of the discounts/ incentives amount to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive. Also, when the level of discount / incentive varies with increases in levels of revenue transactions, the company recognizes the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

The Company presents revenues net of indirect taxes in its statement of Profit and loss.

The Company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

A receivable is a right to consideration that is unconditional upon passage of time.

Revenue recognition for fixed price development contracts is based on percentage of completion method. Invoicing to the clients is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Unbilled revenue for fixed price development contracts is classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

Trade receivable and unbilled revenues are presented net of impairment in the Balance Sheet.

**2.8 Donations / Funds received**

Donations received are accounted as contributions to corpus fund or treated as revenue based on the directions from the donor.

a) Corpus Fund

Donations received from donors with a direction for utilisation towards capital expenditure are treated as corpus fund.

b) Building and Equipment Fund

Donations received from donors with a direction for utilisation towards development of infrastructure facilities including buildings and equipment are treated as building and equipment fund.

c) University Fund

Donations received from donors with a direction for utilisation towards requirements of the Institution

**2.9 Foreign currency transactions**

The functional currency of the Company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities of foreign operations are restated into the functional currency using exchange rates prevailing on the date of the Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the Statement of Income and Expenditure.

**2.10 Foreign Operations**

For the purpose of these financial statements, the assets and liabilities of the Company's foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognised in other comprehensive income and accumulated in equity.

**2.11 Financial Instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in Statement of Income and Expenditure.

**i) Non-derivative financial instruments**

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial asset not measured at amortised cost is carried at fair value through profit or loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in Statement of Income and Expenditure.

**Financial liabilities**

Financial liabilities at fair value through profit and loss are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Income and Expenditure.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**2.12 Employee Benefits**

**a) Gratuity**

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee’s salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for the Company. Actuarial gains and losses are recognised in full in other comprehensive income and accumulated in equity in the period in which they occur.

**b) Provident fund**

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees’ salary (currently at 12% of the basic salary) which are charged to the Statement of Income and Expenditure on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner. The Company has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

**c) Compensated absences**

The employees are entitled to accumulate leave subject to certain limits. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for the Company. The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date. Actuarial gains and losses are recognised in full in the Statement of Other Comprehensive Income in the period in which they occur.

**2.13 Taxation**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax after the tax holiday period. Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

**Deferred income taxes**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

The Company recognises interest levied and penalties related to income tax assessments in income tax expenses.

Tax on distributed profits payable in accordance with the provisions of the Income-Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI)

**2.14 Earnings per Share**

Basic earnings/ (loss) per share are calculated by dividing the net surplus / (deficit) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings / (loss) per share, the net surplus / (deficit) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

**2.15 Provision, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets are not recognized in the financial statements.

**2.16 Critical judgements in applying accounting policies**

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

**Key sources of estimation uncertainty**

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year

**Useful lives of property, plant and equipment**

The company reviews the estimated useful lives of property plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.

**Fair value measurements and valuation processes**

Some of the Company's assets and liabilities are measured at fair value for the financial reporting purposes.

In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1inputs are not available, the Company engages third party qualified valuers to perform the valuation . Finance team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The Chief Executive Officer reports to the board of fluctuations in the fair value of the assets and liabilities.

**Provision for employee benefits**

The Company uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates.

**Provision for taxes**

Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.

**2.17 Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company does not expect this amendment to have any significant impact in its financial statements

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the initial recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company does not expect this amendment to have any significant impact in its financial statements

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between changes in accounting policies and changes in accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company does not expect this amendment to have any significant impact in its financial statements

Notes to the standalone financial statements for the year ended 31 March 2023

All amounts are Rupees in lakhs unless otherwise stated

**3. Property, Plant and Equipment**

| | **As at 31 March 2023** | As at 31 March 2022 |

**13.6 Capital Management**

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company manages its capital so as to safeguard its ability to continue as a going concern. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

**27.2 Sponsoring Body Obligations**

The Mahindra Educational Institutions ("MEI"), as sponsoring body, under The Telangana State Private Universities (Establishment and Regulation) Act, 2018 ("the Act") established a private University viz Mahindra University (""MU"") in accordance with section 10 of the Act.

In terms of approval by the Telangana State Government and no objection from Jawaharlal Nehru Technology Institute ('JNTU'), MEI would continue the academic activity for existing students under JNTU and any fresh admissions would be under MU. The infrastructure developed by MEI, relating to academic activity would will be provided to MU by MEI. Accordingly, MEI would continue its charitable activity in academics through MU as Sponsoring Body.

The Sponsoring Body, MEI under the Act, has given certain financial assurances and agreed to provide initial infrastructure necessary to commence the academic activities of the University as per the LOI.

As a Sponsoring Body, the MEI has following obligations in terms of the LOI:

a) Following two parcels of land to be registered in its name within a period of six months: 5 Acres 20 guntas and 16 Acres .056 guntas which are leased for a period of 29 years 10 months. This has been subsequently amended to include perpetual irrevocable lease in the name of sponsoring body for 90 years period of time and MEI complied with the requirement.

b) Establish corpus fund of ₹10.00 crores

c) ₹30 Crores in the form of fixed deposit for a period of 3 years to support the various activities like construction of buildings, infrastructure and campus development etc. During the year the MEI closed the deposit with due approval from the Government of Telangana, Higher education (UE) Department and utilised the proceeds for the development of infrastructure in MEI.

d) Maintain endowment fund of 1% of the Project cost or ₹10 Crores whichever is lower

e) Furnish sale / gift deed of the land favouring sponsoring body (amended to lease vide 1 above) and allocating the land exclusively to MU.

The MEI has made deposits and held in its name against its obligation as sponsoring body. The MEI has made a deposit of ₹1.50 Crores in the name of MU and State Government of Telangana towards endowment fund obligation and would transfer to MU in due course.

**27.3 Contingent Liabilities - Nil [31 March 2022: ₹ Nil]**

**28 Leases**

The Company has leasing arrangement for Land and Building which range for a period of 29 years to 99 years.

| | Basic and Diluted* [in ₹ per share] | **70,100.60** | 57,886.93 |

* The Company has no dilutive instruments.

## 32 Employee benefit plans

The gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design mean the risks commonly affecting the liabilities and the financial results are exposed to:

a) Interest rate risk : the defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

b) Salary inflation risk : Higher than expexted increases in salary will increase the defined benefit obligation

c) Demographic risk : For example, as plan is open to new entrants, an increase in membership will increase the defined benefit obligation. Also, the plan only provides benefits upon completion of a vesting criteria. Therefore, if tunover rates increase, then the liability will tend to fall as fewer employees reach vesting period.

### I The Principal Assumptions used for the purposes of the acturial valuation as follows

| | Details | 31 March 2023 | 31 March 2022 |

| 6 | Adjustment for limit on net asset | | - |
| 7 | Cumulative Actuarial (Gain)/ Loss Recogni zed via OCI at prior year end | | - |
| **8** | **Cumulative Actuarial (Gain)/ Loss Recognized via OCI at Current Period End** | **(40.13)** | (55.85) |

| | Details | Year Ended 31 March 2023 | Year Ended 31 March 2022 |
|---|---|---|---|
| **C** | **Defined benefit cost** | | |
| 1 | Service Cost | **4.78** | 12.66 |
| 2 | Net interest on net defined benefit liability / (asset) | **3.64** | 6.05 |
| 3 | Actuarial (gains)/losses recognised in OCI | **(40.13)** | (55.85) |
| 4 | Immediate recognition or (gains)/losses - other long term employee benefit plans | | - |
| **5** | **Defined Benefit Cost** | **(31.71)** | (37.14) |

**III Changes in benefit obligation and assets**

| **31** | **Details** | **As at 31 March 2023** | As at 31 March 2022 |
|---|---|---|---|
| **A.** | **Changes in defined benefit obligation:** | | |
| 1 | Defined benefit obligation(DBO) at the end of prior period | **49.73** | 88.21 |
| 2 | Current service cost | **4.78** | 12.66 |
| 3 | Interest cost | **3.64** | 6.05 |
| 4 | Curtailment (credit)/ cost | **-** | - |
| 5 | Settlement (credit)/ cost | **-** | - |
| 6 | Past service cost - plan amendments | **-** | - |
| 7 | Acquisitions (credit)/ cost | **-** | - |
| 8 | Actuarial (gain)/loss | **(40.13)** | (55.85) |
| 9 | Actuarial (gain)/loss - demographic assumptions | **-** | - |
| 10 | Actuarial (gain)/loss - financial assumptions | **-** | - |
| 11 | Benefits paid directly by the Company | **-** | (1.34) |
| 12 | Benefits paid from plan assets | **-** | - |
| **13** | **DBO at end of current period** | **18.02** | 49.73 |
| | | | |
| **B.** | **Changes in fair value of assets:** | | |
| 1 | Fair value of assets at end of prior period | **-** | - |
| 2 | Acquisition adjustment | **-** | - |
| 3 | Interest income on plan assets | **-** | - |
| 4 | Employer contributions | **-** | - |
| 5 | Return on plan assets greater/(lesser) than discount rate | **-** | - |
| 6 | Benefits paid | **-** | - |
| **7** | **Fair Value of assets at the end of current period** | **-** | - |

**IV Additional Disclosures**

| | | 31 March 2023 | 31 March 2022 |
|---|---|---|---|
| **A.** | **Expected benefit payments for the years ending** | | |
| | Year 1 | **2.51** | 2.61 |
| | Year 2 | **0.99** | 4.25 |
| | Year 3 | **1.10** | 3.01 |
| | Year 4 | **1.12** | 5.53 |
| | Year 5 | **1.12** | 3.58 |
| **B.** | **Current and Non current breakup** | | |
| | Current liability | **2.51** | 5.42 |
| | Non current liability | **15.58** | 44.30 |
| | **Total Liability** | **18.09** | 49.72 |

V Sensitivity Analysis

| **31** | **Details** | **As at 31 March 2023** | As at 31 March 2022 |
|---|---|---|---|
| **A** | **Discount rate** | | |
| | Discount rate as at year end | **7.33%** | 7.33% |
| | Effect on DBO due to 1% increase in discount rate | **16.32** | 45.15 |
| | Effect on DBO due to 1% decrease in discount rate | **20.07** | 55.20 |
| **B** | **Salary escalation rate** | | |
| | Salary escalation rate as at year end | **4%** | 4% |
| | Effect on DBO due to 1% increase in salary escalation rate | **20.17** | 55.44 |
| | Effect on DBO due to 1% decrease in salary escalation rate | **16.21** | 44.88 |
| **C** | **Attrition rate** | | |
| | Salary escalation rate as at year end | **4%** | 4% |
| | Effect on DBO due to 1% increase in attrition rate | **18.60** | 51.16 |
| | Effect on DBO due to 1% decrease in attrition rate | **17.31** | 48.01 |

Method used for sensitivity analysis: The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directons, while the Plan's sensitivity to such changes can vary over time.

## 33 Financial Instruments

### 33.1 Accounting classification and fair values

The carrying amounts and fair values of financial instruments by class are as follows:

| | **As at 31 March 2023** | As at 31 March 2022 |
|---|---|---|
| **Financial Assets** | | |
| Financial assets measured at fair value | - | - |
| Financial assets measured at amortised cost | | |
| Other financial assets | 1,524.81 | 4,630.61 |
| | | |
| **Financial Liabilities** | | |
| Financial liabilities measured at fair value | | |
| Financial liabilities measured at amortised cost | | |
| Lease liabilities | 6,137.23 | 6,902.84 |
| Other financial liabilities | 88.07 | 114.16 |

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, trade payables at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

### 33.2 Fair value hierarchy

The fair value of financial instruments as referred to in note 33.1 above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The Company does not have any financial assets and liabilities, which are measured at fair value.

**Other financial assets and liabilities**

Cash and cash equivalents, trade receivables, investments in term deposits, other financial assets, trade payables and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

## 34 Ratios

| S. No. | Ratio | Numerator | Denominator | 31 March 2023 | 31 March 2022 | % Variance |
|---|---|---|---|---|---|---|
| a) | Current ratio | Current Assets | Current Liabilities | 0.11 | 0.11 | 5% |
| b) | Debt equity ratio * | - | - | - | - | - |
| c) | Debt service coverage ratio * | - | - | - | - | - |
| d) | Return on equity | Net Profits after taxes | Average Shareholder's Equity | -0.29 | 0.33 | -186% |
| e) | Inventory turnover ratio * | - | - | - | - | - |
| f) | Trade receivables turnover ratio | Revenue | Average Trade Receivable | 27.27 | 18.30 | 49% |
| g) | Trade payables turnover ratio | Purchases of services and other expenses | Average Trade Payables | 1.14 | 1.41 | -20% |

| S. No. | Ratio | Numerator | Denominator | 31 March 2023 | 31 March 2022 | % Variance |
|---|---|---|---|---|---|---|
| h) | Net capital Turnover ratio | Revenue | Working Capital | -2.27 | -1.45 | 56% |
| i) | Net profit ratio | Net Profit | Revenue | -0.71 | 0.63 | -214% |
| j) | Return on capital employed | Earning before interest and taxes | Capital Employed | -0.22 | 0.24 | -193% |
| k) | Return on investment * | - | - | - | - | - |

* These ratios are not applicable to the company at present.

The change in the ratios compared to previous year is on account of increase in the current year profit due to the higher amount of donations received, reduction in the operating cost due to completion of academic batches

**35** Provision for current tax and deferred tax has not been made since the income of Company is exempted U/s 11 and 12 of the Income Tax Act, 1961. Tax assessment upto AY 17-18 are complete granting exemption to the income of the Company.
