**Nature & purpose of reserves -**

**Securities premium :**

Securities premium is used to record the premium received on issue of shares. It is utilized in accordance with the provisions of the Companies Act, 2013.

**Capital Reserve:**

Capital Reserve has been created on account of employment linked contingent consideration payable by Tech Mahindra Limited to certain employees of the Company pursuant to share purchase agreement entered between Tech Mahindra Limited, the Company and its erstwhile shareholders dated 9 April, 2020.

**Retained Earnings:**

Retained earnings are the profit/(loss) that a Company has earned/incurred to date, less any dividends or other distributions paid to shareholders.

**Share option outstanding Account**

The Company has established equity settled share based payment plans for ceratin categories of employees of the Company. Refer Note 31 for further details.

**Capital Redemption Reserve**

As per Companies Act, 2013, capital redemption reserve is created when Company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of section 69 of the Companies Act, 2013.

# NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

**1 Corporate Information:**

Tech Mahindra Cerium Private Limited (Formerly known as Cerium Systems Private Limited), herein referred to as”Company” was incorporated on 5th day of September 2013 as a Company with the limited liability under the Companies Act, 1956. The Company is engaged into providing design services in semi-conductor industry and embedded software services. The address of the registered office is No.527, 22nd Main, Sector-1, Agara, HSR Layout, Karnataka, Bangalore-560102. The Company was acquired by Tech Mahindra Limited pursuant to a share purchase agreement dated 09 April 2020. Accordingly, as per the proviso to section 2(71) of the Companies Act, 2013, the Company is deemed to a public company. The Company together with its Subsidaries (Techmahindra Cerium Systems SDN BHD and Techmahindra Cerium Systems Inc) are referred to as a group.

**2 Significant accounting policies:**

**2.1 Statement of Compliance:**

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as“Ind AS”) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

**2.2 Basis for preparation of Consolidated financial statements**

These consolidated financial statements are presented in Indian rupees (“INR”) which is also the Group’s functional currency. All amounts have been reported in Indian Rupees except for share and earnings per share data, unless otherwise stated. These consolidated financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Group’s normal operating cycle

**Current/ Non-current classification**

The Group classifies an asset as current asset when:- it expects to realise theasset, or intends to sell or consume it, in its normal operating cycle;

- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;

- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Group’s normal operating cycle is twelve months.

The functional currency of the Group is the Indian Rupee (“INR”). The functional currency of foreign subsidiaries is the currency of the primary economic environment in which the entity operates.

These Consolidated financial statements have been prepared on historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value for measurement and/or disclosure purpose in these Consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share-based Payments, leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 Impairment of assets. All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle.

All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Group's normal operating cycle is twelve months

**2.3 Basis of Consolidation**

The Consolidated financial statements comprise the financial statements of Tech Mahindra Cerium Private Limited and its subsidiaries (the Company and its subsidiaries constitute "the Group"). The Company consolidates all entities which are controlled by it.

The Company establishes control when; it has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity. The results of subsidiaries acquired, or sold, during the period are Consolidated from the effective date of acquisition and up to the effective date of disposal, as appropriate.

The Consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances, transactions including unrealized gain / loss from such transactions and cash flows are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company, are excluded.

Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the company's interests and the non-controlling interests are adjusted to reflect changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated statement of profit and loss being the profit or loss on disposal of investment in subsidiary.

**Use of Estimates:**

The preparation of consolidated financial statements requires the management of the Group to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of consolidated financial statements, disclosure of contingent liabilities as at the date of the consolidated financial statements and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

**Critical accounting estimates**

**i) Revenue Recognition**

The Group applies the percentage of completion method in accounting for its fixed price development contracts. Use of the percentage of completion method requires the Group to estimate the efforts or costs expended to date (input method) as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations

The Group exercises judgments while determining the transaction price allocated to performance obligations using the expected cost plus margin approach.

**ii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iii) Impairment testing**

Investments in subsidiaries and intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which these pertain is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to dispose. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions. The policy for the same has been explained under Note 2.7.

**iv) Provisions**

A provision is recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.16.

**v) Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.11.

**vi) Expected credit losses on financial assets**

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.7.

**vii) Other estimates**

The share based compensation expense is determined based on the Group's estimate of equity instruments that will eventually vest.

**2.4 Property, Plant & Equipment and Intangible assets:**

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows:

| Particulars | Life |
|---|---|
| Furniture and Fixtures | 5 years |
| Vehicles | 5 years |
| Computers | 3 years |
| Office Equipments | 5 years |

The estimated useful life of intangible assets (software) is 1 to 4 years and these are amortized on a straight line basis. Project specific intangible assets are amortized over their estimated useful life on a straight line basis or over the period of the license/project period, whichever is lower.

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**2.5 Foreign Operations:**

For the purpose of these consolidated financial statements, the assets and liabilities of the Group’s foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognised in other comprehensive income and accumulated in equity.

**2.6 Leases:**

At inception of the contract, the Group determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Group as a lessee**

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of- use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of- use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the consolidated statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re- measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in consolidated statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Group as a lessor

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. The Group recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor’s net investment in the lease. When the Group is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Group applies Ind AS 115 Revenue to allocate the consideration in the contract.

**2.7 Impairment of Assets:**

**i) Financial assets**

The Group applies the expected credit loss model for recognizing impairment loss on financial assets.

Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using effective interest rate.

For trade receivables that do not contain a significant financing component, the Group apply simplified approach. The Group uses simplified approach to calculate impairment on trade receivables and has not assessed credit risk individually. The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group’s historical experience and informed credit assessment, that includes forward-looking information.

**ii) Non Financial assets**

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the consolidated statement of profit and loss.

**2.8 Revenue recognition:**

Revenue from business include revenue earned from services rendered on ‘time and material’ basis and fixed price development contracts.

Revenue is recognised at transaction price upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expects to receive in exchange for those products or services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items.

Revenue from time and material contracts is recognised as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognised as unbilled revenue.

Revenue on fixed price development contracts is recognised using the ‘percentage of completion’ method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognised in the consolidated statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability (“Unearned revenue”) arises when there are billing in excess of revenue.

Fixed price development contracts and related services, the performance obligation is satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

The Group accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/ incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Group recognises the liability based on its estimate of the customer’s future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Group recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the consolidated selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the consolidated selling price, or as a termination of the existing contract and creation of a new contract if not priced at the consolidated selling price.

The Group disaggregates revenue from contracts with customers by nature of services and geography verticals.

**2.9 Foreign currency transactions:**

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the profit or loss.

**2.10 Financial Instruments:**

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

**i) Non-derivative financial instruments:**

**Cash and cash equivalents**

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Group irrevocably elects on initial recognition to present subsequent changes in fair value in ‘other comprehensive income’, for investment in equity instruments which are not held for trading.

The Group, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in ‘other comprehensive income’, subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

**Investment in subsidiaries**

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 Consolidated and Separate Financial Statements.

**Financial liabilities**

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

**ii) Derecognition of financial instruments**

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group retains substantially all the risk and rewards of transferred financial assets, the Group continues to recognise the financial asset and also recognises the borrowing for the proceeds received.

The Group derecognises financial liabilities when, and only when, the Group's obligation are discharged, cancelled or have expired.

**2.11 Employee Benefits**

**a. Defined benefit plans:**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

**b. Defined contribution plans:**

i) Provident fund: The eligible employees of the Group are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Group make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the consolidated statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Group. The Group has no further obligations for future provident fund.

ii) Superannuation and ESIC: Contributions to Superannuation fund and employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the consolidated statement of profit and loss on an accrual basis. The Group has no further obligations for future superannuation fund benefits other than its annual contributions.

**c. Compensated absences:**

The Group provides for compensated absences and long term service awards subject to Group's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number of years of service of an employee. It is measured at the balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the Consolidated statement of profit and loss in the period in which they occur. The Group also off a short term benefi in the form of encashment of unavailed accumulated compensated absences above certain limits for all of its employees and same is recognised as undiscounted liability at the balance sheet date.

**d. Other short term employee benefits:**

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for services rendered by employees, are recognised in the consolidated statement of profit and loss during the period when the employee renders the service.

**2.12 Taxation:**

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period.

Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.”

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes: Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India. MAT credit is recognised for future economic benefits in the form of adjustment of future income tax liability and is considered as an asset if there is probable evidence that the Group will pay normal income tax.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Group recognises interest levied and penalties related to income tax assessments in interest expenses.

**2.13 Employee Stock Option Plans:**

Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The equity instruments generally vest in a graded manner over the vesting period. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortization). The share based compensation expense is determined based on the Group’s estimate of equity instruments that will eventually vest. The expense is recognised in the statement of profit and loss with a corresponding increase to the ‘share option outstanding account’, which is a component of equity.

**2.14 Research and development:**

Research costs are recognised as an expense in the consolidated statement of profit and loss in the period they are incurred. Development costs are recognised in the consolidated statement of profit and loss unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete the development project and use the asset and the costs can be measured reliably.

**2.15 Earnings per Share:**

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period. For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

**2.16 Provisions and Contingent Liabilities:**

A provision is recognised when the Group has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**2.17 Recent pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements. "

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements

**b) Rights, preferences and restrictions attached to equity shares**

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder are in proportion to its share of the paid-up equity capital of the Company. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

Each equity share entitles the holder to one vote.

During the year ended March 31,2022, the Company bought back equity shares for an aggregate amount of ₹ 11 Million. The equity shares bought back were extinguished.

**30 Share based payments**

**Amended Employee Stock Option Plan 2020**

The Group had instituted ‘Employee Stock Option Plan 2019’ (ESOP 2019) for eligible employees of the Group. ESOP 2019 was subsequently amended in its entirety through Amended Employee Stock Option Plan 2020 (“Amended ESOP Plan 2020”) dated 11 March, 2020.The vesting period for all the options issued shall be one year from the date of grant of options. Each option carries with it the right to purchase one equity share of the Group at the exercise price determined by the Group at the time of grant.

**Details of activity of the ESOP scheme**

| **Particulars** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Options outstanding at the beginning of the year | **84,530** | 175,760 |
| Granted during the year | **-** | - |
| Forfeited / surrendered during the year | **-** | - |
| Exercised during the year | **84,530** | 87,879 |
| Lapsed during the year | **-** | 3,351 |
| Options outstanding at the end of year | **-** | 84,530 |
| Options exercisable at the end of the year | **-** | 84,530 |

**The weighted average remaining contractual life are as follows:**

| Range of Exercise Price | **31-Mar-23** | | 31-Mar-22 | |
|---|---|---|---|---|
| | **Weighted average contractual life (years)** | **No. of Options Outstanding** | Weighted average contractual life (years) | No. of Options Outstanding |
| ₹ 10 | **-** | **-** | - | 84,530 |

**31 Financial instruments - Fair values and risk management**

**Accounting classifications and fair values**

The following tables shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

**The carrying value and fair value of financial instruments by categories as of 31 March 2023 is as follows:**

| | **Fair value through P&L** | **Fair value through OCI** | **Amortized cost** | **Total carrying value** | **Total Fair Value*** |
|---|---|---|---|---|---|
| **Assets:** | | | | | |
| Cash and cash equivalents | - | - | 367 | 367 | 367 |
| Bank balances other than Cash and cash equivalents | - | - | 504 | 504 | 504 |
| Trade receivables | - | - | 495 | 495 | 495 |
| Other financial assets | - | - | 832 | 832 | 832 |
| | **-** | **-** | **2,198** | **2,197** | **2,197** |
| **Liabilities:** | | | | | |
| Trade and other payables | - | - | 46 | 46 | 46 |
| Lease liabilities | - | - | 429 | 429 | 429 |
| Other financial liabilities | - | - | 125 | 125 | 125 |
| | **-** | **-** | **600** | **599** | **599** |

The carrying value and fair value of financial instruments by categories as of 31 March 2022 is as follows:

| | Fair value through P&L | Fair value through OCI | Amortized cost | Total carrying value | Total Fair Value* |
|---|---|---|---|---|---|
| **Assets:** | | | | | |
| Cash and cash equivalents | - | - | 942 | 942 | 942 |
| Trade receivables | - | - | 267 | 267 | 267 |
| Other financial assets | - | - | 43 | 43 | 43 |
| | **-** | **-** | **1,252** | **1,252** | **1,252** |
| Liabilities: | | | | | |
| Trade and other payables | - | - | 124 | 124 | 124 |
| Lease liabilities | - | - | 410 | 410 | 410 |
| Other financial liabilities | - | - | 90 | 90 | 90 |
| | **-** | **-** | **624** | **624** | **624** |

*The fair value of cash and cash equivalents, other balances with bank, trade receivables, trade payables, and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

**Fair value Hierarchy:**

Fair Value hierarchy of Carrying amount of fair value of financial assets and financials liabilities is not given because the carrying amount of fair value of financials assets and financial liabilities are at approximation of fair value

The different levels have been defined as follows:

Level-1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities at net market value.

Level-2 – Inputs other than quoted prices included within level-1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level- 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

## A. Credit Risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risk. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Group result in significant credit risk concentrations.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financialinstitutions with high credit ratings assigned by international and domestic credit rating agencies. The derivatives are entered into with banks and financial institutions with are high credit ratings.

### a) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was INR 2198 million and INR 1252 million as of 31 March 2023 and 31 March 2022 respectively, being the total of the carrying amount of trade receivables, cash and cash equivalents and other financial assets.

**b) Trade receivable**

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate. Details of concentration of revenue are included in Note 38. The management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references.

The Group limits its exposure to credit risk from trade receivables by establishing a maximum payment period. More than 95% of the Group's customers have been transacting with the Group for over three years, and none of these customers' balances are credit-impaired at the reporting date. In monitoring customer credit risk, customers are grouped according to their credit characteristics such as geographic location, industry, history with the Group and existence of previous financial difficulties.

At 31 March 2023, the carrying amount of the Company's most significant customer is INR 179 million (31 March 2022: INR 95 million).

The expected credit loss allowance is based on ageingof receivables and rates in the provision matrix. Movement in the expected credit loss is as follows:

| **Particulars** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Balance at the beginning of the year | **0** | 0 |
| Movement in the expected credit loss allowance on trade receivables and other financial assets: | **-** | - |
| Provided / (Reversed / Utilized) during the year (Net) | **-** | - |
| **Balance at the end of the year** | **0** | 0 |

**Ageing for Trade Receivables**

**i) For the year ended 31 March 2023**

| | **Particulars** | **Outstanding for following periods from due date of payment** | | | | | | **Total** |
|---|---|---|---|---|---|---|---|---|
| | | **Not due** | **< 6 months** | **6 months – 1 year** | **1-2 year** | **2-3 year** | **> 3 year** | |
| i | Undisputed Trade Receivables considered good | 322 | 51 | 7 | 4 | 0 | - | 384 |
| ii. | Undisputed Trade Receivables considered doubtful | - | - | - | - | - | 0 | 0 |
| iii. | Undisputed Unbilled revenue | 111 | - | - | - | - | - | 111 |
| iv. | Disputed Trade Receivables considered good | - | - | - | - | - | - | - |
| v. | Disputed Trade Receivables considered doubtful | - | - | - | - | - | - | - |
| vi. | Disputed Unbilled revenue considered doubtful | - | - | - | - | - | - | - |
| **Total** | | **433** | **51** | **7** | **4** | **0** | **0** | **495** |

**ii) For the year ended 31 March 2022**

| | Particulars | Outstanding for following periods from due date of payment | | | | | | Total |
|---|---|---|---|---|---|---|---|---|
| | | **Not due** | **< 6 months** | **6 months – 1 year** | **1-2 year** | **2-3 year** | **> 3 year** | |
| i | Undisputed Trade Receivables considered good | 195 | 9 | 0 | | | - | 204 |
| ii. | Undisputed Trade Receivables considered doubtful | - | - | - | - | - | 0 | 0 |
| iii. | Undisputed Unbilled revenue | 63 | | - | - | - | - | 63 |
| iv. | Disputed Trade Receivables considered good | - | - | - | - | - | - | - |
| v. | Disputed Trade Receivables considered doubtful | - | - | - | - | - | - | - |
| vi. | Disputed Unbilled revenue considered doubtful | - | - | - | - | - | - | - |
| **Total** | | **258** | **9** | **0** | **-** | **-** | **0** | **268** |

**B. Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Group's exposure to market risk is primarily on account of foreign currency exchange currency risk.

**a) Foreign Currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Group operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar and Malaysian Ringgit against the respective functional currency of the Group.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

| | **Currency** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|---|
| Trade Receivables | USD | **346** | 164 |
| | MYR | **16** | - |
| Unbilled Revenue | USD | **101** | 50 |
| | MYR | **3** | 4 |
| Contract asset | USD | **377** | 427 |
| | MYR | **8** | 19 |
| Cash and cash equivalents | USD | **73** | 1 |
| | MYR | **124** | 1 |

| | **Currency** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|---|
| Payables (Trade and others) | USD | **1** | - |
| Payables (Trade and others) | MYR | **0** | - |

A reasonably possible strengthening by 1% of USD and MYR against the Indian Rupee as at 31 March 2023 and 31 March 2022 will affect the statement of profit and loss by the amounts shown below:

| Currency | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| USD | **5** | 2 |
| MYR | **(0)** | (0) |

**D. Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The groups's investmnts are fixed interest bearing instruments. Therefore, the group is not significantly exposed to interest rate risk

**C. Liquidity Risk**

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Company has undrawn working capital facility with HDFC bank with rate of interest linked to EBR (External benchmark based lending rate). The primary security for this facility is book debt & export debt and collateral security as form of awareness letter from the Holding company.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2023:

**As at 31 March 2023**

| | **Less than 1 year** | **1-5 years** | **More than 5 years** | **Total** |

| IV | The amount of interest accrued and remaining unpaid at the end of each accounting year | | **-** | | 0 |
| V | The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006. | **-** | **-** | - | - |

**34 Post employment benefit plans**

**i) Defined Contribution Plans**

The Company makes contributions to Provident Fund, Superannuation Fund and National Pension sheme Fund which are defined contribution plans for qualifying employees. Under these Schemes, the Holding Company contributes a specified percentage of the payroll costs to the respective funds

**The Company has recognized the following expense in the Statement of Profit and Loss :**

INR 47 million (31 March 2022: INR 38 million) for Provident Fund contributions.

**ii) Defined Benefit Plan**

In accordance with the Payment of Gratuity Act, 1972, applicable for Indian companies, the Holding Company operates a scheme of gratuity which is a defined benefit plan. The following table sets out the Changes in Defined Benefit Obligation ('DBO') in the Balance Sheet are as under:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Present Value of Obligation | **57** | 48 |
| Fair Value of Plan Assets | **-** | - |
| Surplus / (Deficit) | **(57)** | (48) |
| Net Asset / (Liability) | **(57)** | (48) |

**Expenses Recognized during the period**

| Particulars | **For the year ending** | |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| In Income Statement | **24** | 19 |
| In Other Comprehensive Income | **(5)** | 4 |
| Total Expenses Recognized during the period | **19** | 23 |

**Changes in the Present Value of Obligation**

| Particulars | For the year ending | |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| Present Value of Obligation as at the beginning | **48** | 36 |
| Current Service Cost | **21** | 17 |
| Interest Expense or Cost | **3** | 2 |
| Re-measurement (or Actuarial) (gain) / loss arising from: | | |
| - change in demographic assumptions | **-3** | -1 |
| - change in financial assumptions | **-2** | 4 |
| Past Service Cost | **-** | - |
| Effect of change in foreign exchange rates | **-** | - |
| Benefits Paid | **(10)** | (10) |
| **Present Value of Obligation as at the end** | **57** | 48 |

**Bifurcation of Present Value of Obligation at the year as per Companies Act, 2013**

| Particulars | For the year ending | |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| Current | **6** | 4 |
| Non-Current | **51** | 44 |
| **Present Value of Obligation** | **57** | 48 |

**Expenses Recognised in the Income Statement**

| Particulars | For the year ending | |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| Current Service Cost | **21** | 17 |
| Past Service Cost | **-** | - |
| Loss / (Gain) on settlement | **-** | - |
| Net Interest Cost / (Income) on the Net Defined Benefit Liability / (Asset) | **3** | 2 |
| **Expenses Recognised in the Income Statement** | **24** | 19 |

**Other Comprehensive Income**

| Particulars | For the year ending | |
|---|---|---|
| | **31-Mar-23** | 31-Mar-22 |
| Actuarial (gains) / losses | | |
| - change in demographic assumptions | **-** | - |
| - change in financial assumptions | **(3)** | (1) |
| - experience variance (i.e. Actual experience vs assumptions) | **(2)** | 5 |
| **- Components of defined benefit costs recognised in other comprehensive income** | **(5)** | 4 |

**Financial Assumptions**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Discount rate (per annum) | **7.30%** | 6.45% |
| Salary growth rate (per annum) | **4.00%** | 4.00% |

The discount rate indicated above reflects the estimated timing and currency of benefit payments.It is based on the yields / rates available on applicable bonds as on the current valuation date.

The salary growth rate indicated above is the Company's best estimate of an increase in salary of the employees in future years, determined considering the general trend in inflation, senority, promotions, past experience and other relevant factors such as demand and supply in employment market, etc.

**Demographic Assumptions**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Mortality rate | **100% of IALM 2012-14** | 100% of IALM 2012-14 |
| Normal retirement age | **60 Years** | 60 Years |
| Attrition / Withdrawal rate (per annum) | **15.60%** | 15.60% |

Attrition rate indicated above represents the Company's best estimate of employee turnover in future(other than on account of retirement,death or disablement) determined considering various factors such as nature of business, retention policy, industry factors, past experience, etc.

**Sensitivity Analysis**

Significant actuarial assumptions for the detemination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

| | **31-Mar-23** | | 31-Mar-22 | |
|---|---|---|---|---|
| | **Decrease** | **Increase** | Decrease | Increase |
| Discount Rate (- / + 1%) | **60** | **54** | 51 | 45 |
| (% change compared to base due to sensitivity) | **6.30%** | **-5.60%** | 6.60% | -5.90% |
| Salary Growth Rate (- / + 1%) | **54** | **61** | 45 | 51 |
| (% change compared to base due to sensitivity) | **-5.90%** | **6.40%** | -6.10% | 6.70% |
| Attrition Rate (- / + 50% of attrition rates) | **56** | **55** | 49 | 45 |
| (% change compared to base due to sensitivity) | **-2.10%** | **-4.10%** | 1.10% | -5.80% |
| Mortality Rate (- / + 10% of mortality rates) | **57** | **57** | 48 | 48 |
| (% change compared to base due to sensitivity) | **0.0%** | **0.0%** | 0.0% | 0.0% |

Please note that the sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. There is no change in the method of valuation for the prior period.

**Effect of Plan on Entity's Future Cash Flows**

**a) Funding arrangements and Funding Policy**

The scheme is managed on unfunded basis.

| **b) Maturity Profile of Defined Benefit Obligation** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Weighted average duration (based on discounted cashflows) | **6 years** | 6 years |
| **Expected cash flows over the next (valued on undiscounted basis):** | | |
| 1 year | **6** | 4 |
| 2 to 5 years | **32** | 26 |
| 6 to 10 years | **30** | 24 |
| More than 10 years | **28** | 23 |

**35 Leases**

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has used a single discount rate to a portfolio of leases with similar characteristics. The Company has used incremental borrowing rate of 12.30% p.a. as a discount rate to a portfolio of leases with similar characteristics.

Lease agreements pertain to office premises taken on lease and license. The Company has applied Ind AS 116 using the modified retrospective approach. The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. On application of Ind AS 116, the nature of expenses have changed from lease rent in previous periods to depreciation cost for the right-to-use asset and finance cost for interest accrued on lease liability.

**A. Right-of-use liabilities**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Non Current | **327** | 336 |
| Current | **102** | 75 |

**B. Cash Flows**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Payment for Principal portion | **82** | 53 |
| Payment for Interest Portion | **51** | 21 |
| Total cash outflow for leases | **133** | 74 |

**C. Maturity analysis – contractual undiscounted cash flows of leases under the purview of Ind AS 116**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Less than one year | **146** | 117 |
| One to five years | **380** | 403 |
| More than five years | **-** | 5 |
| Total undiscounted cash flows | **526** | 525 |

Disclosure on cash and non-cash changes for liabilities arising from financing activities:

Mentioned below are the components of liabilities related to financing activities in cash flow for the year ended 31 March, 2023

| **Particulars** | **Opening balance** | **Cash flow** | **Net Additions to lease liability** | **Closing Balance** |
|---|---|---|---|---|
| Lease liability | **405** | **(131)** | **151** | **425** |

Mentioned below are the components of liabilities related to financing activities in cash flow for the year ended 31 March, 2022

| **Particulars** | **Opening balance** | **Cash flow** | **Net Additions to lease liability** | **Closing Balance** |
|---|---|---|---|---|
| Lease liability | **410** | **(133)** | **152** | **429** |

**36 Current Tax and Deferred Tax**

The income tax expense for the year ended can be reconciled to the accounting profit as follows:

| **Particulars** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Profit/(Loss) before tax | **917** | 403 |
| Enacted tax rate | **25.17%** | 25.17% |
| Income tax expense calculated at enacted tax rate | **231** | 101 |
| Effect of expenses disallowed for tax purpose | **41** | 141 |
| Effect of income taxes related to prior years | **-** | 19 |
| Effect of tax on income at different rates | **20** | 3 |
| Effect of utilization of brought forward losses/unabsorbed depreciation | **-** | (25) |
| Others | **(11)** | (11) |
| Income tax expense recognised in statement of profit and loss | **281** | 228 |

The tax rate used for the above reconciliation is the rate as applicable for the respective period payable by corporate entities in India on taxable profits under the Indian income tax laws.

**Deferred Tax:**

The following is the analysis of Deferred Tax Assets presented in the Balance Sheet:

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Deferred Tax Assets | **55** | 38 |
| Deferred Tax Liabilities | **-** | - |
| Deferred Tax Assets (Net) | **55** | 38 |

The tax effect of significant temporary differences that has resulted in deferred tax assets are given below:

| | As at 31 March 2022 | Recognised in Profit and loss | Recognised in OCI | **As at 31 March 2023** |
|---|---|---|---|---|
| Employee Benefits | 14 | 4 | -1 | **17** |
| Property, Plant and Equipment | 5 | 1 | - | **6** |
| Provisions | 16 | 5 | - | **21** |
| Other Items | 3 | 8 | - | **11** |
| **Net Deferred Tax Assets** | 38 | 18 | -1 | **55** |

| | As at 31 March 2021 | Recognised in Profit and loss | Recognised in OCI | As at 31 March 2022 |
|---|---|---|---|---|
| Employee Benefits | 10 | 3 | 1 | 14 |
| Property, Plant and Equipment | 4 | 1 | - | 5 |
| Provisions | 18 | (2) | - | 16 |
| Other Items | 1 | 3 | - | 3 |
| **Net Deferred Tax Assets** | 32 | 5 | 1 | 38 |

**37 Earnings Per Share**

**Basic Earning per share**

The calculation of basic earnings per share for the year ended 31 March 2023 was based on profit/(loss) attributable to equity shareholders of INR 636 Million (31 March, 2022 : INR 175 million), and the weighted average number of equity shares outstanding of 3.15 million (31 March, 2022 : 3.07 million).

**Diluted Earning per share**

The calculation of basic earnings per share for the year ended 31 March 2023 was based on profit/(loss) attributable to equity shareholders of INR 636 Million (31 March, 2022 : INR 175 million), and the weighted average number of equity shares after adjustment for the effects of all dilutive potential equity 3.16 million (31 March, 2022 : 3.15 million).

| **Particulars** | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Profit after taxation | **636** | 175 |
| No of Equity Shares outstanding as at year end | **3,165,392** | 3,080,862 |
| Weighted average Equity Shares outstanding as at year end | **3,152,191** | 3,070,739 |
| Add: Dilutive impact of employee stock options | **12,770** | 83,233 |
| No of Equity Shares for calculating Diluted Earnings Per Share | **3,164,961** | 3,153,972 |
| Nominal Value per Equity Share (in ₹) | **10** | 10 |
| Earnings Per Share (Basic) (in ₹) | **201.86** | 56.83 |
| Earnings Per Share (Diluted) (in ₹) * | **201.05** | 55.33 |

**38 Disclosures as per Ind AS 115 - Revenue from Contract with Customers**

**a. Disaggregation of revenue from contracts with customers**

Set out below is the disaggregation of the Company's revenue from contracts with customers

**Revenue for year ended 31 March 2023**

| Particulars | Services | Revenue from Subsidiary | Total |
|---|---|---|---|
| Revenue from Time and Material contracts | 938 | 938 | 820 |
| Revenue from Fixed Price contracts | 3,164 | 3,164 | 3,118 |
| **Total revenue from contracts with customers** | **4,102** | **4,102** | **3,938** |
| **Geographical Markets** | | | |
| a. United States of America | 134 | 134 | 95 |
| b. India | 3,791 | 3,791 | 3,736 |
| b. Rest of World | 177 | 177 | 106 |
| **Total revenue from contracts with customers** | **4,102** | **4,102** | **3,937** |

**Revenue for year ended 31 March 202**

| Particulars | Services | Revenue from Subsidiary | Total |
|---|---|---|---|
| Revenue from Time and Material contracts | 694 | 694 | 529 |
| Revenue from Fixed Price contracts | 2,836 | 2,836 | 2,667 |
| **Total revenue from contracts with customers** | **3,530** | **3,530** | **3,196** |
| **Geographical Markets** | | | |
| a. United States of America | 239 | 239 | 56 |
| b. India | 3,085 | 3,085 | 3,009 |
| b. Rest of World | 206 | 206 | 131 |
| **Total revenue from contracts with customers** | **3,530** | **3,530** | **3,196** |

**b. Trade receivables and Contract balances:**

| | **31-Mar-23** | 31-Mar-22 |
|---|---|---|
| Trade Receivables | **384** | 204 |
| Contract assets | **389** | 447 |
| Unbilled revenue | **111** | 63 |

The Group classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue for time and material contracts are recognized as related services are performed. Revenue for fixed price services contracts is recognized on percentage of completion basis over the period of the contract. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time.

Revenue recognition for fixed price contracts is based on percentage of completion method. Invoicing to the clients is based on milestones as defined in the contract. This would result in the timing of revenue recognition being different from the timing of billing the customers. Unbilled revenue for fixed price contracts is classified as non-financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

Invoicing in excess of earnings are classified as unearned revenue.

Trade receivables are non-interest bearing and generally have a credit period of 60 days.

| Changes in contract assets | 31-Mar-23 | 31-Mar-22 |
|---|---|---|
| Balance at the beginning of the year | **447** | 116 |
| Revenue recognized during the year | **3,159** | 2,511 |
| Invoices raised during the year | **3,217** | 2,180 |
| **Balance at the end of the year** | **389** | 447 |

The unearned revenue primarily relate to the advance consideration received on contracts entered with customers for which no work is performed at the reporting date, and therefore revenue will be recognized when rights become unconditional.

| Changes in unearned revenue | 31-Mar-23 | 31-Mar-22 |
|---|---|---|
| Balance at the beginning of the year | **-** | 4 |
| Revenue recognized net of unearned revenue for the year | **-** | (4) |
| Balance at the end of the year | **-** | - |

c. **Performance Obligation**

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially) satisfied performance obligations, along with the broad time band for the expected time to recognise those revenues, the Group has applied the practical expedient in Ind AS 115. Accordingly, the Group has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts, or the performance obligation is part of a contract that has an original expected duration of one year or less. Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc).

**39 Segment Reporting**

Ind AS 108 Segment Reporting establishes standards for the way that companies report information about their operating segments and related disclosures, as applicable about products and services, geographic areas, and major customers

Based on the “management approach” as defined in Ind AS 108, the management evaluates the Group’s performance and allocates resources based on an analysis of performance indicators by geographic segments. Accordingly, information has been presented along geographic segments.

a) **Business Segments:**

The Company is engaged mainly in the business of very large scale integration (VLSI) & Embedded software services. As defined in Ind AS 108, the ‘Chief Operating Decision Maker (CODM) considers entire business as single operating segment. The Company’s operating divisions are managed from India. There is only one customer who accounts for more than 10% of the Company’s revenue.

b) **Geographical segments:**

The geographical information analyses the Company’s revenues by the Company’s country of domicile (i.e. India) and outside India presenting geographical information, segment revenue has been on the geographic location of customers.

| **Particulars** | **31 March 2023** | | | |
|---|---|---|---|---|
| | **India** | **Outside India** | | **Total** |
| | | **USA** | **Others** | |
| Revenue from customers | 3,791 | 134 | 177 | 4,102 |

Notes Forming Integral Part of Financial Statements For The Year Ended 31st March, 2023

**1 Corporate Information:**

Digitalops Technology Private Limited ('the Company') was incorporated on 16th June, 2017 as a private limited company under the Companies Act, 2013. The registered office is located in Oberoi Garden Estate, Near Chandivali Studio, Wing-I, Andheri (E), Mumbai - 400072. The Company is engaged in the business of software consultancy Software designing, development,customisation, implementation, maintenance, testing and benchmarking, designing, developing and dealing in computer software and solutions, and to import, export, sell, purchase, distribute, host (in data centres or over the web) or otherwise deal in own and third party computer software packages, programs and solutions, and to provide internet / web based applications, services and solutions.

**2 Significant accounting policies:**

2.1 Statement of Compliance:

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015. These are the Company's first financial statements prepared in accordance with Ind AS and Ind AS 101 First time adoption of Indian Accounting Standards has been applied.

2.2 Basis of preparation of financial statements:

The financial statements have been prepared on an accrual basis and under the historical cost convention.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

Critical accounting estimates:

**i) Revenue Recognition**

The Company applies the percentage of completion method in accounting for its fixed price contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended.

Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

**ii) Income taxes**

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.10.

**iii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iv) Provisions**

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.12.

2.4 Property, Plant & Equipment:

Property, Plant & Equipment are stated at actual cost less accumulated depreciation and net of impairment.

The actual cost capitalised includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, where the life of the assets has been assessed as under based on technical advice, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc

The company has used the following rates to provide depreciation on its non-current assets.

| Category | Useful Life (years) | Basis |
|---|---|---|
| Leasehold improvements | 3 | As per schedule II of the Indian Companies act, 2013 - WDV |
| Plant and Machinery | 15 | |
| Office equipment | 5 | |
| Furniture & Fittings | 10 | |
| Computer Hardware | 3 | |
| Electrical Installation | 15 | |
| Patterns | 15 | |
| Factory Equipments | 15 | |
| Software | 5 year amortization | As per Indian Accounting Standard - 36 |

The estimated useful lives and residual values of the Property, Plant & Equipment are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets costing upto Rs. 5,000/- are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

An item of Property, Plant & Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets are determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit or loss.

**2.5 Impairment of Assets:**

**i) Financial assets**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.”

**ii) Non-financial assets - Property, Plant & Equipment**

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognised in the profit or loss."

**2.6 Revenue recognition:**

Revenue from software services, consulting services and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and system integration projects. Revenue recognition is based on the terms and conditions as per the contracts entered into / understanding with the customers. All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

The Company also performs time bound fixed price engagements, under which revenue is recognised using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated. Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current estimates and can be reasonably estimated. The cumulative impact of any revision in estimates of the percentage of work completed is reflected in the period in which the change becomes known. Revenue from maintenance contracts is recognised over the period of the contract in accordance with its terms. Revenue is net of volume discounts/price incentives which are estimated and accounted for based on the terms of the contracts and excludes applicable indirect taxes. Amounts received or billed in advance of services performed are recorded as advances from customers / unearned revenue."

**2.7 Foreign currency transactions:**

The functional currency of the company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss."

**2.8 Financial Instruments:**

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss."

**i) Non-derivative financial instruments**

a) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

b) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments."

**2.9 Borrowing costs:**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

**2.10 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the Income Tax Act, 1962.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis."

**Deferred income taxes**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred income tax asset are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax after the tax holiday period.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis. The Company recognises interest levied and penalties related to income tax assessments in interest expenses."

**2.11 Earnings per Share:**

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

**2.12 Provision, Contingent Liabilities and Contingent Assets:**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs. Contingent liabilities and Contingent assets are not recognized in the financial statements.

**3 Others:**

**3.1 Transfer Pricing:**

The Company has established a comprehensive system of maintenance of information and documents are required by the transfer pricing legislation under section 92-92F of the Income Tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company continuously updates its documentation for the international transactions entered into with the associated enterprises during the financial year and expects such records to be in existence latest by such date as required under the law. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for taxation.

The Company was acquired by Tech Mahindra Limited on May 07, 2021. Therefore, the Company is Wholly Owned Subsidiary w.e.f. the said date.

**Note 16: Fair Value Measurement**

**(i) Financial assets and liabilities**

The carrying value and fair value of financial instruments by category is as follows :

(Amount in Rs. '000)

| | **As at March 31, 2023** | | As at March 31, 2022 | |
|---|---|---|---|---|
| | **Fair Value** | **Carrying Value** | Fair Value | Carrying Value |
| **Financial assets :** | | | | |
| **Amortised cost :** | | | | |
| Trade receivables | **-** | **-** | 510.82 | 510.82 |
| Cash and cash equivalents | **-** | **-** | - | - |
| Other bank balances | **551.76** | **551.76** | 283.82 | 283.82 |
| Other Financial Asset | **600.38** | **600.38** | 573.63 | 573.63 |
| **Total** | **1,152.15** | **1,152.15** | 1,368.27 | 1,368.27 |
| Financial Liabilities : | | | | |
| Amortised cost : | | | | |
| Trade payables | **-** | **-** | - | - |
| Other financial liabilities | **80.00** | **80.00** | 80.00 | 80.00 |
| **Total** | **80.00** | **80.00** | 80.00 | 80.00 |

**(ii) Fair value hierarchy :**

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

**(iii) Financial risk management :**

The Company's activities are exposed to variety of financial risks. These risks include market risk, credit risk and liquidity risk. The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

(a) Market risk :

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. The Company is not an active investor in equity markets; it continues to hold certain investments in equity for long term value accretion. Market risk comprises of three type of risks namely interest rate risk, currency risk and other price risk such as equity price risk. The Company is not exposed to currency risk and other price risk whereas the exposure to interest risk is given below :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rate.

(b) Credit Risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Credit Risk Management

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations, and arises principally from the companies receivables from customers.

Credit risk arises from the possibility that customers may not be able to settle their obligations as agreed. To manage this risk, the Company periodically assesses the financial reliability of customers, taking into account their financial position, past experience and other factors. The Company manages credit risk through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

(c) Liquidity Risk

Liquidity Risk is the risk that the company will not be able to meet its financial obligation as they fall due. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or encounters difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The company approach to managing liquidity is to ensure, as far as possible, that it always have sufficient liquidity to meet its liabilities when due. The Company generates cash flows from operations to meet its financial obligations and manages liquidity risk by maintaining sufficient cash and bank balance and availability of funding through adequate amount of committed credit facilities.

Contractual maturities of significant financial liabilities are mentioned below. The amounts disclosed in the table are the contractual undiscounted cash flows :

(Amount in Rs. '000)

| **As at March 31, 2023** | **Less than 1 year** | **1-3 years** | **More than 3 years** |
|---|---|---|---|
| Trade payables | - | - | - |
| Other financial liabilities | 80.00 | - | - |
| | 80.00 | - | - |

| As at March 31, 2022 | **Less than 1 year** | **1-3 years** | **More than 3 years** |
|---|---|---|---|
| Trade payables | - | - | - |
| Other financial liabilities | 80.00 | - | - |
| | 80.00 | - | - |

(iv) Capital management

The capital structure of the Company consists of equity and cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the Company.

**Note 17: Related Party Disclosures**

(Amount in Rs. '000)

**A) List of Related Parties and description of their relationship are as follows:**

**Gautum Shirali was director for the reporting period. However, he has resigned from directorship post the reporting date. Heena Shah is appointed as new Director on 17/04/2023.

**Note 18: Additional Regulatory Information**

a The Company does not own benami properties. Further, there are no proceedings which have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

b During the year ended March 31, 2023 and year ended March 31, 2022, the Company has not traded or invested in Crypto currency or Virtual Currency.

c There were no Scheme of Arrangements entered by the Company during the current and previous, which required approval from the Competent Authority in terms of sections 230 to 237 of the Companies Act, 2013.

d The Company has not advanced any loan or invested any funds (either from borrowed funds or share premium of any other sources or kind of funds) to or in any other person(s) or entity(is), including foreign entities (intermediaries), with understanding, whether recorded in writing or otherwise, that the intermediary shall, directly or indirectly lend or invest in other person or entities identified in another manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or like on behalf of the Ultimate Beneficiaries.

e There no transactions between companies struck off under section 248 of the Companies Act, 2013 during current and previous year.

f There were no charges or satisfaction yet to be registered with Registrar of Companies.

g The company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017.

**Note 19: Others**

a The management had closed the only bank account held by the company and cheque of balance amount of Rs. 5,51,754/- was issued by the bank. Since there was no other bank account in the company's name, the cheque in hand stands uncleared as on the date of the balance sheet. However the management has opened a bank account after the balance sheet with ICICI bank and deposited the cheque in the company's name.

**Note 20: Ratio Analysis**

As required by the Schedule III amendment notification dated March 24, 2021, the Company is required to disclose the following ratios:

(Amount in Rs. '000)

| Sr. No. | Particulars | Formula | FY 2022-2023 | | | | FY 2021-2022 | | | | Change YoY |
|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | Numerator | Denominator | Ratio | Term | Numerator | Denominator | Ratio | Term | |
| i) | Current Ratio | "Current Assets / Current Liabilities" | 1,152.14 | 80.00 | 14.4 | Times | 1,368.27 | 165.69 | 8.3 | Times | 74% |
| ii) | Debt-Equity Ratio | Debt / Equity | - | 1,098.88 | - | Times | - | 1,281.01 | - | Times | 0% |
| iii) | Debt Service Coverage Ratio | "EBITDA / (Interest + Principal)" | N / A | | | | | | | | |
| iv) | Return on Equity | Net Income / Shareholder's Equity | (178.13) | 1,098.88 | -16.21% | % | 111.16 | 1,281.01 | 8.68% | % | -287% |
| v) | Inventory Turnover Ratio | "COGS / Average Inventory" | N / A | | | | | | | | |
| vi) | Trade Receivable Turnover Ratio | Net Credit Sales / Average Accounts Receivable | - | 255.41 | - | Times | 5,139.31 | 709.85 | 7.2 | Times | -100% |
| vii) | Trade Payable Turnover Ratio | Net Credit Purchases / Average Accounts Payables | N / A | | | | | | | | |
| viii) | Net Capital Turnover Ratio | Turnover / Shareholder's Equity | - | 1,098.88 | - | Times | 5,139.31 | 1,281.01 | 4.0 | Times | -100% |
| ix) | Net Profit Ratio | Net Profit / Sales | (178.13) | - | #DIV/0! | % | 111.16 | 5,139.31 | 2.16% | % | #DIV/0! |
| x) | Return on Capital Employed | "EBIT / Shareholder's Equity" | (181.37) | 1,098.88 | -16.51% | % | 197.51 | 1,281.01 | 15.42% | % | -207% |
| xi) | Return on Investment | Net Income / Investment Base | N / A | | | | | | | | |

As per the explanations given by the management, below are the reasons for the increase / decrease in the ratios being more than 25%

**i) Current Ratio:**

All current liabilities were paid by December 2021 and less to no activity starting from November 2021.

**ii) Return on Equity:**

The Company has no sales in the current year and have incurred only administrative expenses due to which the company is loss making compared to preious year.

**iii) Trade Receivable Turnover Ratio:**

No revenue in current year and total receipt of opening trade receivables has led to the reduction in Trade Receivable turnover ratio.

**iv) Net Capital Turnover Ratio:**

No revenue in current year has led to the reduction in Net Capital turnover ratio.

v) Net Profit Ratio:

Since there is no sales in current year and only administrative expenses are incurred, the net profit ratio cannot be ascertained mathematically.

vi) Return on Capital Employed:

No revenue in current year has led to the reduction in Return on Capital Employed.

# INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ALLYIS INDIA PRIVATE LIMITED

## Report on the Audit of the Financial Statements

### Opinion

We have audited the financial statements of ALLYIS INDIA PRIVATE LIMITED, ("the Company"), which comprise the Balance sheet as at 31st March 2023, statement of profit and loss (and statement of other comprehensive income), statement of changes in equity, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(d) The Balance Sheet, the Statement of Profit and Loss, the statement of other comprehensive income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

(e) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

(f) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

(g) Since the Company's turnover as per last audited financial statements is less than Rs.50 Crores and its borrowings from banks and financial institutions at any time during the year is NIL, the Company is exempted from getting an audit opinion with respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls vide notification dated June 13, 2017;

.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company, if any.

# ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF ALLYIS INDIA PRIVATE LIMITED

(i) (a) (A) The company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The company is maintaining proper records showing full particulars of intangible assets;

(b) As explained to us, these Property, Plant and Equipment have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such verification.

(c) The company does not own any immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee). Hence, clause i(c) of paragraph 3 is not applicable to the Company.

(d) The company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) There are no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) Physical Verification of Inventory………..-this clause does not applicable to the company.

(b) During any point of time of the year, the company doesn't have any working capital limits from banks or financial institutions on the basis of security of current assets. Hence, there is no requirement to file the quarterly returns or statements by the company with such banks or financial institutions.

(iii) During the year the company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence clause (iii) of paragraph 3 of the said order is not applicable.

(iv) The Company has not given any loans, made investments, guarantees, and security, in respect of provisions of sections 185 and 186 of the Companies Act. Hence clause (iv) of paragraph 3 of the said order is not applicable.

(v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence clause (v) of paragraph 3 of the said order is not applicable.

(vi) As informed to us, the Central Government has not prescribed maintenance of cost records under sub-section (l) of section 148 of the Act in respect of business of the company.

(vii) (a) The company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues to the appropriate authorities.

(b) There is no disputed amount of statutory dues referred to sub-clause (a).

(viii) There are no such transactions need to record in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(ix) As the Company does not have any loans or borrowings from any financial institution or bank or Government, the provisions of Clause 3(ix) of the Order are not applicable to the Company.

(x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions of Clause 3(x) of the Order are not applicable to the Company

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Hence, the provisions of Clause 3(x) of the Order are not applicable to the Company.

(xi) (a) There is no fraud by the company or any fraud on the company has been noticed or reported during the year. Hence, the provisions of Clause 3(xi)(a) of the Order are not applicable to the Company.

(b) There is no report requited to file under sub-section (12) of section 143 of the Companies Act by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;

(c) There are no whistle-blower complaints received during the year by the company. Hence, the provisions of Clause 3(xi)(c) of the Order are not applicable to the Company.

(xii) (a) As the Company is not a Nidhi Company, Nidhi Rules, 2014 are not applicable to it. The provisions of clause 3(xii) of the Order are not applicable to the Company.

(xiii) All the transactions with related parties in compliance with the provisions of sections 177 and 188 of the Act and the details have been disclosed in the financial statements, etc., as required by the applicable accounting standards.

(xiv) The company is not covered u/s 138 of Companies Act 2013. Hence, clause 3(xiv) of the Order are not applicable to the Company.

(xv) The Company has not entered any non-cash transactions with directors or persons connected with him.

(xvi) (a) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Accordingly, the provisions of clause 3(xvi) of the Order are not applicable to the Company.

(b) The company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934;

(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

(d) As the company is not CIC, clause 3(xvi) (d) not applicable to the Company.

(xvii) The company has not incurred any cash losses in the financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor’s knowledge of the Board of Directors and management plans, The auditor is of the opinion that no material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;

(xx) As provisions of Section 135 of the Act is not applicable on the company, the provisions of Clause 3(xx) of the Order are not applicable to the Company.

(xxi) As the consolidated financial statements is not applicable on the company, the provisions of Clause 3(xxi) of the Order are not applicable to the Company.

# NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(All amounts are in INR Thousands, unless otherwise stated)

**1 Corporate information**

Alliys India Private Limited ('the Company') is a private limited company domiciled in India. The Company is engaged in rendering Software Development Service for its associate company "Allyis INC" and "Zen3 Infosolutions America INC".

**2 Significant accounting policies**

**2.1 Basis of preparation**

These Financial Statements have been prepared to comply in all material respects with the Indian Accounting Standards ('Ind AS') as notified by the Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act'), read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other accounting principles generally accepted in India.

The said financial statements for the year ended 31 March 2012 are the first Ind AS financial statements of the Company. The transition to Ind AS has been carried out from accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('IGAAP'), which is considered as the Previous GAAP, for purposes of Ind AS 101. For the purpose of Ind AS 101, the Company has thus provided reconciliations of total equity and total comprehensive income from financial statements under previous GAAP to Ind AS in note 30.

The adoption of Ind AS is carried out in accordance with Ind AS 101 on 01 April 2020, being the transition date. Ind AS 101 requires that all Ind AS standards that are issued and effective for the year ending 31 March 2022, be applied retrospectively and consistently for all the periods presented. However, in preparing these financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101 as explained below. The resulting difference (if any) between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP has been recognized directly in equity at the transition date. In these financial statements, the Company has presented three balance sheets - as of 31 March 2022, 31 March 2021 and 01 April 2020 (""Transition date""). The Company has also presented two statements of profit and loss, two statements of changes in equity, and two statements of cash flows for the year ended 31 March 2022 and 2021 along with the necessary and related notes. The accounting policies as set out in the following paragraphs of this note have been consistently applied by the Company to all the periods presented in these financial statements.

**2.2 Basis of Measurement**

The financial statements have been prepared on the historical cost basis except for financial instruments that are measured at fair value (if any) at the end of each reporting period as explained in the accounting policies below. Historical cost is based on the fair value of the consideration given in exchange for goods and services.

**Fair Value Measurement**

Fair value is the price at the measurement date at which an asset can be sold or the price paid to transfer a liability in an orderly transaction between market participants.

The Company is required to classify the fair valuation method of the financial/non-financial assets and liabilities either measured or disclosed at fair value in the financial statements using a three level fair-value hierarchy (which reflects the significance of inputs used in the measurement of fair value). Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The three levels of the fair-value-hierarchy are described below:

a. Level 1- Quoted (unadjusted) prices for identical assets or liabilities in active markets.

b. Level 2 - Significant inputs to the fair value measurement are directly or indirectly observable.

c. Level 3 - Significant inputs to the fair value measurement are unobservable.

## 2.3 Financial instruments

### a. Recognition, classification and presentation

Financial instruments are recognised in the balance sheet when the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial instruments at initial recognition. The Company classifies its financial assets in the following categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss);
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

The Company has classified all non-derivative financial liabilities as measured at amortised cost.

Financial assets and liabilities arising from different transactions are offset against each other and the resultant net amount is presented in the balance sheet, if and only when, the Company currently has a legally enforceable right to set-off the related recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

### b. Measurement – Non-derivative financial instruments

### I. Initial measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Other transaction costs are expensed as incurred in the statement of comprehensive income.

### II. Subsequent measurement – financial assets

The subsequent measurement of non-derivative financial assets depends on their classification as follows:

• Financial assets measured at amortised cost
Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost using the effective interest rate (EIR) method (if the impact of discounting/any transaction costs is significant). Interest income from these financial assets is included in finance income. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability.

• Financial assets at fair value through profit or loss (FVTPL)

All equity instruments and financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income (FVTOCI) are measured at FVTPL. Interest (basis EIR method) and dividend income from financial assets at FVTPL is recognised in the profit and loss within finance income separately from the other gains/ losses arising from changes in the fair value."

### III. Subsequent measurement – financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method (if the impact of discounting/ any transaction costs is significant).

### c. Derecognition

Financial liabilities are derecognised from the balance sheet when the underlying obligations are extinguished, discharged, lapsed, cancelled, expires or legally released. The financial assets are derecognised from the balance sheet when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. The difference in the carrying amount and consideration is recognised in the statement of profit and loss."

### 2.4 Foreign currency transactions

**Functional Currency**

All the amounts included in the financial statements are reported in Indian Rupees (in thousands, except when otherwise indicated) which is also the currency of the primary economic environment in which each entity operates (i.e. 'functional currency').

**Transactions and balances**

"The transactions in foreign currencies are initially recorded at the rates prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate prevailing as at the reporting date with the resulting foreign exchange differences, on subsequent re-statement/settlement, recognised in the profit and loss account."

### 2.5 Current-non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is classified as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within 12 months after the reporting period, or cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

A liability is classified as current when it is expected to be settled in the normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within 12 months after the reporting period, or where there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

### 2.6 Property, plant and equipment and depreciation

An item is recognised as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. PPE is initially recognized at cost.

The initial cost of PPE comprises its purchase price (including non-refundable duties and taxes but excluding any trade discounts and rebates), and any directly attributable cost of bringing the asset to its working condition and location for its intended use.

Subsequent to initial recognition, PPE is stated at cost less accumulated depreciation and any impairment losses. When significant parts of PPE are required to be replaced at regular intervals, the Company recognises such parts as separate component of assets. When an item of PPE is replaced, then its carrying amount is derecognized from the balance sheet and cost of the new item of PPE is recognised.

The expenditures that are incurred after an item of PPE has been put to use, such as repairs and maintenance, are normally charged to the statement of profit and loss in the period in which such costs are incurred. However, in situations in which the said expenditure can be measured reliably and it is probable that future economic benefits associated with it will flow to the Company, it is included in the asset's carrying value or as a separate asset, as appropriate.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

| Name of related parties | Relationship |
|---|---|
| Tech Mahindra Limited | Holding Company |
| Allyis Inc | Associated Enterprises |
| Zen3 Infosolutions America Inc | Associated Enterprises |

**(iii) Key management personnel**

a) Narasimham Venkata Rachakonda (Director)
b) Nalin Mittal (Director)

**(B) Transactions with related parties:**

| Particulars | Name of related party | For the year ended 31 March 2023 | For the year ended 31 March 2022 |
|---|---|---|---|
| Income from Services Rendered | Allyis Inc (USA) | **443,335.71** | 372,538.20 |
| Income from Services Rendered | Zen3 Infosolutions America Inc | **6,781.96** | - |
| Lease Rent of Office Space | Tech Mahindra Limited | **1,988.50** | - |

**(C) Balances from Related Parties**

| Particulars | Name of related party | As at 31 March 2023 | As at 31 March 2022 |
|---|---|---|---|
| Trade Receivables | Allyis Inc (USA) | **47,044.16** | 30,386 |
| Trade Receivables | Zen3 Infosolutions America Inc | **813.43** | - |
| Expense Payable | Tech Mahindra Limited | **2,147.58** | - |

**28 Disclosure pursuant to Ind AS 19 on “Employee Benefits”**

**(i) Defined contribution plans**

An amount of Rs. 1,405.15 thousand (previous year Rs. 811.77 thousand) for the year, have been recognized as expenses in respect of the Company’s contributions to Provident Fund deposited/ provisioned for with the government authorities and have been included under “Employee benefits expenses.

**(ii) Defined benefit plans**

Gratuity is payable to all eligible employees of the Company on superannuation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act or as per the Company's Scheme, whichever is more beneficial. The following table sets forth the status of the gratuity plan of the Company and the amounts recognised in the Balance Sheet and Statement of Profit and Loss:

| Particulars | For the year ended 31 March 2023 | For the year ended 31 March 2022 |
|---|---|---|
| **Changes in present value of obligation** | | |
| Present value of obligation as at the beginning of the year | **4,270.04** | 2,568.06 |
| Interest cost | **298.05** | 165.13 |
| Current service cost | **3,152.42** | 1,848.66 |
| Benefits paid | **(435.94)** | - |
| Actuarial loss/(gain) on obligation | **463.31** | (311.80) |
| **Present value of obligation as at the end of the year** | **7,747.87** | 4,270.04 |
| Short term | **385.74** | 227.58 |
| Long term | **7,362.14** | 4,042.46 |

| Particulars | For the year ended 31 March 2023 | For the year ended 31 March 2022 |
|---|---|---|
| **Expenses recognized in the Statement of Profit and Loss** | | |
| Current service cost | **2,689.12** | 1,848.66 |
| Interest cost on benefit obligation | **298.05** | 165.13 |
| Net actuarial loss/(gain) recognised in the year | **463.31** | (311.80) |
| **Expenses recognised in the Statement of Profit and Loss** | **3,450.47** | 1,701.98 |

The principal assumptions used in determining gratuity for the Company's plans are shown below:

| Particulars | For the year ended 31 March 2023 | For the year ended 31 March 2022 |
|---|---|---|
| Discount rate | **7.42%** | - |
| Salary escalation rate (per annum) | **8.00%** | - |
| Attrition Rate | **14-17%** | - |
| Mortality rate | **IALM (2012-14)** | |

Discount rate: The discount rate is estimated based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligation.

Salary escalation rate: The estimates of salary increases, considered in actuarial valuation, take account of inflation, promotion and other relevant factors.

**Experience adjustment:**

| Particulars | As at 31 March 2020 | As at 31 March 2021 | As at 31 March 2022 | **As at 31 March 2023** |
|---|---|---|---|---|
| Plan projected benefit obligation (PBO) | - | - | 4,270.04 | **7,747.87** |
| Plan assets | - | - | - | **-** |
| Net liability | - | - | (4,270.04) | **(7,747.87)** |
| Experience adjustment on PBO-Gain (Loss) | - | - | - | **-** |

**29 Ratios**

| | | Numerator | Denominator | Unit | For the year ended 31 March 2023 | For the year ended 31 March 2022 | % variance | Reason for Variance |
|---|---|---|---|---|---|---|---|---|
| **i)** | **Current ratio** | Current assets | Current liabilities | Times | 5.70 | 12.21 | -53.30% | (refer note 6 below) |
| **ii)** | **Debt- Equity ratio** | Total debt (refer note 1 below) | Shareholder’s Equity | Times | 0.05 | NA | - | |
| **iii)** | **Debt Service Coverage ratio** | Earnings for debt service = Net profit after taxes + Non-cash operating expenses (refer note 2 below) | Debt service (refer note 3 below) | Times | 20.15 | NA | - | |
| **iv)** | **Return on equity ratio** | Net profits after taxes – preference dividend | Average shareholder’s equity | % | 13.36% | 15.08% | -11.41% | |
| **v)** | **Inventory turnover ratio** | Cost of goods sold | Average inventory | Times | NA | NA | - | |
| **vi)** | **Trade receivable turnover ratio** | Net credit sales = gross credit sales -sales return | Average trade receivable | Times | 2.88 | 3.67 | -21.63% | |
| **vii)** | **Trade payable turnover ratio** | Net credit purchases = gross credit purchases - purchase return | Average trade payables | Times | NA | NA | - | |
| **viii)** | **Net capital turnover ratio** | Net sales = total sales - sales return | Working capital = Current assets – Current liabilities | Times | 5.44 | 6.12 | -11.19% | |
| **ix)** | **Net profit ratio** | Net profit | Net sales = total sales - sales return | % | 9.43% | 9.58% | -1.52% | |
| **x)** | **Return on Capital Employed** | Earnings before interest and taxes (refer note 4 below) | "Capital Employed (refer note 5 below)" | % | 0.64 | 0.67 | -4.85% | |
| **xi)** | **Return on investment** | Interest (Finance Income) | Average investment | % | 0.63% | NA | | |
| **x)** | **Return on Capital Employed** | Earnings before interest and taxes (refer note 4 below) | Capital Employed (refer note 5 below) | % | 0.64 | 0.67 | -4.85% | |
| **xi)** | **Return on investment** | Interest (Finance Income) | Average investment | % | 0.63% | NA | | |

Notes:

1 Total debts consists of borrowings including interest and lease liability

2 Earning available for debt services=profit for the year + depreciation, amortization and impairment + finance cost + provision for doubtful debts + share based payment to employees + exceptional items.

3 Debt service = Interest + payment for lease liabilities + principal repayments

4 Earnings before interest and taxes = profit before tax + finance cost - other income

5 Capital Employed = Average tangible net worth + Total debt + Deferred tax

6 Current ratio in the current year has been changed from 12.21 in previous year to 5.70 in current year due to increase in lease liabilities and other liabilities during the year.

Begig being wholly owned subsidiary of Tech Mahindra Limited, provides freelance marketplace that connects top tech talent with top companies, revolutionizing the gig economy.

Our Vision is to build the world's largest global ecosystem for tech freelancers and businesses, bridging the technological skills gap in all industries. We aspire to develop a tech community for the future by delivering experienced and vetted tech people as well as high-budget gigs with top companies through our ecosystem.

Our Mission is to transform the way tech freelancers get work, earn more money, and grow by providing exclusive rewards. With our hand-picked, premium talent pool of qualified technologists, we help businesses save time and money.

Currently Begig has a pre-vetted pool of new age tech skills that caters to our client requirements. The talent pool consists of freelancers (fulltime and part-time) that go through multiple stages of evaluation before becoming a freelancer on our platform- including skill tests, past experiences and communication skills. Our value proposition is on-demand tech talent that can be hired within 48 hours with a very transparent pricing structure. At the moment, both our demand and supply is based in India.

Our future plan is to expand worldwide in the next 2-3 years. Our Target market for freelancers is South Asia & eastern Europe & USA, Europe & Australia for Enterprises. Also, we are focusing towards creating facilities for code repositories, GDPR compliance, cyber security & smart contracts for transactions.

Begig has a diversified team of very talented people with innovative & self-driven mindset from top colleges with managerial and entrepreneurial backgrounds. Everyone in the team is multi-talented, working cross functionally and growing together.

**SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE**

There is no significant and material order passed by the regulators or courts or tribunals impacting going concern status and Company's operations.

**PROCEEDINGS UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016**

There are no proceedings pending under the Insolvency and Bankruptcy Code, 2016.

**VALUATION OF ASSETS**

The provisions of Section 134(3)(q) read with Rule 8(5)(xii) of the Companies (Accounts) Rules, 2014 are not applicable on the Company as it has not taken any valuation of assets for the given purpose.

**DETAILS IN RESPECT OF ADEQUACY OF INTERNAL FINANCIALS CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS**

The Company has internal financial controls which are adequate and were operating effectively. The controls are adequate for ensuring the orderly & efficient conduct of the business, including adherence to the Company's policies, the safeguarding of assets, the prevention & detection of frauds & errors, the accuracy & completeness of accounting records and timely preparation of reliable financial information.

**DIRECTORS' RESPONSIBILITY STATEMENT**

Pursuant to the requirement under section 134(3)(c) of the Companies Act, 2013 with respect to Directors' Responsibility Statement, it is confirmed:

(a) In the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;

(b) the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the Financial Year and of the profit and loss of the Company for that period;

(c) The Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

(d) The Directors had prepared the annual accounts on a going concern basis; and

(e) The Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

**STATEMENT REGARDING OPINION OF THE BOARD WITH REGARD TO INTEGRITY, EXPERTISE AND EXPERIENCE (INCLUDING THE PROFICIENCY) OF THE INDEPENDENT DIRECTORS APPOINTED DURING THE YEAR**

During the period under review, the Company is not required to appoint any Independent Director therefore, the requirement to provide a statement in this regard is not required.

**COST RECORDS**

Maintenance of cost records and requirement of cost audit as prescribed under the provisions of Section 148 (1) of the Companies Act, 2013 are not applicable for the business activities of the Company.

**COMPLIANCE WITH SECRETARIAL STANDARDS**

The Company has complied with the applicable Secretarial Standards.

**ACKNOWLEDGEMENT**

Your Directors on behalf of the Company and management express their gratitude for the co-operation and support received from Customers, Vendors, Shareholders, Bankers, various agencies and Government departments both State and Central Governments.

The Directors also place on record their appreciation for the true team spirit, valued contributions and efforts put in by the employees at all levels.

For and on behalf of

# INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF BEGIG PRIVATE LIMITED**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the accompanying financial statements of BEGIG PRIVATE LIMITED (the "Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its loss, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Emphasis of Matters**

**1. Material Uncertainty Related to Going Concern**

**We draw attention to Note No: 41 in the Notes to the financial statements:**

The Company has accumulated losses and its net worth has been fully eroded. The Company has incurred a net loss of Rs. (In 000's) 30472 during the current year (Previous Year – Rs. (In 000's) 17594) and, the Company's current liabilities exceeded its current assets as at the balance sheet date, due to which the Company may be unable to discharge its liabilities in the normal course of business. This condition indicates the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons in the said Note No: 41 in the Notes to the financial statements by the Management.

Our opinion is not qualified in respect of these matters

**Other Information**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's Director's Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. We have nothing to report in this regard

**Management's Responsibilities for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except information which is contained in the electronic records is complete but possible to be altered.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e) The going concern matter described in paragraph under Point 1 of Emphasis of Matters above, in our opinion, may have an adverse effect on the functioning of the Company.

f) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.

h) With respect to the matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

   In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V to the Companies Act, 2013.

   i) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under(a)and (b) above, contain any material misstatement

   v. During the year, Company did not declare or paid any Dividend.

   vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

# ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

**(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of BeGig Private Limited of even date)**

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

i. In respect of Property, Plant and Equipment:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) Property, Plant and Equipment were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company does not have any immovable properties.

(d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii. (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.

(b) The Company has not been sanctioned any working capital limits, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

iii. The Company has not made any Investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties, during the year hence reporting under clause 3(iii) of the Order is not applicable.

iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.

vi. The maintenance of cost records has not been specified by the Central Government under sub- section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause 3(vi) of the Order is not applicable to the Company.

vii. In respect of statutory dues:

(a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.

(b) According to records of the Company, there are no statutory dues as referred to in sub-clause (a) above, which have not been deposited on account of any dispute.

viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

ix. (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause 3(ix) of the Order is not applicable.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) The Company has not taken any term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.

(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures

(f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.

xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As informed to us, no whistle blower complaints have been received by the Company during the year (and up to the date of this report). Hence reporting under clause 3(xi)(c) of the Order is not applicable

xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. The company is not required to have internal audit system under section 138 of the Companies Act, 2013 hence reporting under clause 3(xiv) of the Order is not applicable

xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

xvii. The Company has incurred cash losses during the financial year covered by our audit amounting to Rs. (In 000's) 38835 and in the immediately preceding financial year Rs. (In 000's) 22768.

xviii. There has been no resignation of the statutory auditors of the Company during the year.

xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due. (Also refer the going concern matter described in paragraph under Point 1 of Emphasis of Matters in our report).

xx. The company is not required to spend in pursuance of its Corporate Social Responsibility under section 135 of the Companies Act, 2013. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

# NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2023

**1. Company Overview**

BeGig Private Limited ('the Company') was incorporated on 22 April, 2021 as a private limited company under the Companies Act, 2013. The registered office is located in 7th Floor, Capital Cyberscape, Sector 59 Golf Course Extension Road, Gurugram, Haryana- 122102. BeGig was established with a vision to create the biggest global ecosystem for tech freelancers and enterprises, bridging the tech skill gap across all industries. Also, to transform the way tech freelancers find work, earn more, and encourage growth with exclusive rewards and help enterprises save time and money with hand-picked, premium talent pool of skilled techies.

The financial statements ('financial statement') for the year ended March 31, 2023 were approved by the Board of Directors and authorized for issue on _______May, 2023.

**2. Significant Accounting Policies**

**2.1 Statement of Compliance**

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

**2.2 Basis for preparation of financial statements**

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, unless otherwise stated and all values/figures are rounded to the nearest thousands except when otherwise indicated.

These financial statements have been prepared on the historical cost basis and on accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**2.3 Use of Estimates:**

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

**Critical accounting estimates**

**i) Income taxes**

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.10.

**ii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iii) Provisions**

Provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.13.

**iv) Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.9.

**2.4 Property, Plant & Equipment and Intangible assets**

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortization and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes.

The estimated useful lives of assets are as follows

| **Particulars** | **Life (In years)** |
|---|---|
| Computers | 3 |
| Trademarks | 10 |
| Software | 3 |

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

An item of Property, Plant & Equipment and intangible asset is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

**2.5 Impairment of Assets:**

**i. Financial assets:**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**ii. Non-financial assets - Property, Plant & Equipment**

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e., higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than it carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the profit or loss.

**2.6 Revenue recognition:**

Revenue recognition is based on the terms and conditions as per the contracts entered into / understanding with the customers. All revenues from services, as rendered, are recognized when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes.

Contracts assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability arises when there is Company's obligation to transfer goods or services to a customer for which the entity has received consideration ("Advances from Customer") or the amount is due from the customer ("Unearned Revenue")

**2.7 Foreign currency transactions:**

The functional currency of the company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss.

**2.8 Financial Instruments:**

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized in Statement of profit and loss.

**i) Non-derivative financial instruments:**

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial asset not measured at amortized cost is carried at fair value through profit and loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL is measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

**Financial liabilities**

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**ii) Derecognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**2.9 Employee benefits**

**i) Gratuity:**

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

**ii) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis.

**iii) Compensated absences:**

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in the Statement of Profit and Loss in the period in which they occur. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

**iv) Other short term employee benefits:**

Other short-term employee benefits such as performance incentives expected to be paid in exchange for the services rendered by employees, are recognized during the period when the employee renders the service.

**2.10 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to

/ recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the income tax laws.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

**Deferred income taxes**

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

**2.11 Employee Stock Option:**

Stock-based compensation represents the cost related to stock-based awards granted to employees. The Company measures stock-based compensation cost at grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) on a straight-line basis over the requisite service period for each separately vesting portion of the award, as if award was in substance, multiple awards. The Company estimates the fair value of stock options. The cost is recorded under the head employee benefit expense in the statement of profit and loss with corresponding increase in “Employee stock option Reserve”

**2.12 Earnings per share**

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equities shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/(loss) per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The Company does not have any potentially dilutive shares.

**2.13 Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**2.14 Short term leases and leases of low value Assets**

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease

**2.15 Recent accounting pronouncements**

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of ‘accounting estimates’ and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

| **Total** | 5373 | 0 | 0 | 5373 |

*Note: Fair value of amortised assets is same as carrying value.

**(ii) Financial risk management :**

**Financial Risk Factors**

The Company's principal financial liabilities comprise trade payables and Employee related payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalent that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

**(a) Market risk :**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. Since presently, the Company is not having any borrowings there is no impact of fluctuations in interest on the Company

**(b) Credit Risk**

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises majorly from cash and cash equivalents, deposits with banks, Investments as well as credit exposures to customers including outstanding receivables.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, cash and cash equivalents and other financial assets. None of the financial instruments of the Company resultin material concentration of creditrisk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies

**Credit Risk Exposure**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs. 4746 as at March 31,2023 (Rs. 4550 as at March 31,2022), being the total of the carrying amountof trade receivables, unbilled revenue (excluding contract assets) and other various financial assets.

**(c) Liquidity Risk**

Liquidity Risk is the risk that the company will not be able to meet its financial obligation as they fall due. Liquidity risk arises because of the possibility that the company could be required to pay its liabilities earlier than expected or encounters difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The company approach to managing liquidity is to ensure, as far as possible, that it always have sufficient liquidity to meet its liabilities when due. The Company generates cash flows from operations to meet its financial obligations and manages liquidity risk by maintaining sufficient cash and bank balance and availability of funding through adequate amount of committed credit facilities.

**The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023**

| Reimbursements Payable | **0** | 59 |

*Note: Above transactions does not include Unbilled Revenue and accrued expenses.

**Note 27: MSME Payments**

Based on information available with the company, there are few suppliers/service providers who are registered as micro, small or medium enterprise under The Micro, Small and Medium Enterprises Development Act,2006 (MSMED Act, 2006). Information in respect of micro and small enterprises as required by Companies Act 2013 and MSMED Act, 2006 is given as under:

**(Amount in Rs. 000's)**

| Sr. No | Particulars | **Trade Payables** | | **Others** | |
|---|---|---:|---:|---:|---:|
| | | **As at 31.03.2023** | As at 31.03.2022 | **As at 31.03.2023** | As at 31.03.2022 |
| 1 | Principal amount and interest due thereon remaining unpaid to any supplier as at end of each accounting year: | | | | |
| | Principal | **7856** | 2823 | **NIL** | NIL |
| | Interest | **NIL** | NIL | **NIL** | NIL |
| 2 | The amount of Interest paid by the buyer in terms of section 16 of the MSMED Act, 2006 along with the amount of the payment made to the supplier beyond the appointed day during each accounting year | **NIL** | NIL | **NIL** | NIL |
| 3 | The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006 | **NIL** | NIL | **NIL** | NIL |
| 4 | The amount of interest accrued and remaining unpaid at the end of each accounting year | **NIL** | NIL | **NIL** | NIL |
| 5 | The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006 | **NIL** | NIL | **NIL** | NIL |

The management has identified enterprises which have provided goods and services to the Company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED). Accordingly, the disclosure in respect of the amounts payable to such enterprises as at March 31, 2023 has been made in the financial statements based on information received and available with the Company.

**28 Details of employee benefits as required by the IND AS-19 – Employee Benefits are as under**

**a) Defined Contribution Plan:**

An amount of Rs. 606 (Last year Rs. 270) has been recognized as an expense in respect of Company's contribution for Provident Fund deposited with the government authorities and has been shown under Employee Benefits Expenses in statement of the Profit and Loss Account.

**b) Defined Benefit Plan - Gratuity**

1. The Defined Benefit Plan comprises of Gratuity In accordance with the Payment of Gratuity Act, 1972, applicable for Indian companies

2. Gratuity is a benefit to an employee based on 15 days last drawn salary for each completed year of service

3. The defined benefit plan is not funded.

4. Actuarial gains and losses in respect of defined benefit plans are recognized in other comprehensive income

**c) Leave Encashment (Compensated absences)**

1. The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/ availed as a result of the unused entitlement that has accumulated at the Balance Sheet date.

2. At the end of every year, any paid leave balance in excess of 45 days is assumed to be automatically lapsed.

3. The defined benefit plan is not funded.

**(i) Reconciliation of opening and closing balances of the present value of the Defined Benefit Obligation:**

| Particulars | **Gratuity (unfunded)** | **Gratuity (unfunded)** | **Leave (unfunded)** | **Leave (unfunded)** |
|---|---|---|---|---|
| | **31st March 2023** | **31st March 2022** | **31st March 2023** | **31st March 2022** |
| **Defined benefit obligation at beginning** | **109** | 0 | **0** | 0 |
| Current service cost | **143** | 109 | **102** | 0 |
| Interest cost | **0** | 0 | **0** | 0 |
| Actuarial (gain) / loss | **0** | 0 | **0** | 0 |
| Benefits paid | **0** | 0 | **0** | 0 |
| **Defined benefit obligation at year end** | **252** | 109 | **102** | 0 |

**(ii) Reconciliation of opening and closing balances of fair value of plan assets:**

| Particulars | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |

| Fair value of plan assets at year end | **-** | - | | |
| Present value of obligations | **252** | 109 | **102** | - |
| **Amount recognized in Balance Sheet** | **252** | 109 | **102** | - |

**(iv) Expense recognized during the year in P&L and as Other Comprehensive Income (OCI)**

| Particulars | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |
|---|---|---|---|---|
| | **31st March 2023** | 31st March 2022 | **31st March 2023** | 31st March 2022 |
| Current service cost | **237** | 109 | **102** | 0 |
| Interest cost | **16** | 0 | **0** | 0 |
| Employer Expense/ (income) recognized in P&L | **253** | 109 | **102** | 0 |
| Amount recognized as Other Comprehensive Income (OCI) / Actuarial (gain) / loss | **-110** | 0 | **0** | 0 |
| **Net Cost (refer note 21)** | **143** | 109 | **102** | 0 |

**(v) Actuarial Assumption:**

| Particulars | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |
|---|---|---|---|---|
| | **31st March 2023** | 31st March 2022 | **31st March 2023** | 31st March 2022 |
| Discount Rate | **7.16%** | 7.15% | **7.13%** | 7.13% |
| Salary Escalation Rate | **20%** | 10% | **20%** | 10% |
| **Employee Attrition Rate** | **30%** | 16% | **30%** | 16% |

a. **Discount rate :** It is based upon the market yields available on Government Bonds at the accounting date with a term that matches that of the liabilities

b. **Salary Escalation Rate:** The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

c. **Employee Attrition Rate:** The attrition assumption should be Employer's best estimate of future attrition rates, reflecting both regular attrition and redundancies.

**(vi) Sensitivity analysis:**

| Particulars | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |
|---|---|---|---|---|
| | **31st March 2023** | 31st March 2022 | **31st March 2023** | 31st March 2022 |
| **A: Discount rate** | | | | |
| 1. Effect on DBO due to 1% increase in discount rate | 2,34,774 | **99** | 98 | 0 |
| 2. Effect on DBO due to 1% decrease in discount rate | 2,71,658 | **1,20,673** | 106 | 0 |
| **B: Salary Escalation Rate** | | | | |
| 1. Effect on DBO due to 1% increase in Salary escalation rate | 268 | **1,20,015** | 106 | 0 |
| 2. Effect on DBO due to 1% decrease in Salary escalation rate | 237 | **99** | 99 | 0 |
| **C: Withdrawal Rate** | | | | |
| 1. Effect on DBO due to 1% increase in Attrition rate | 235 | **1,02,562** | 100 | 0 |
| 2. Effect on DBO due to 1% decrease in Attrition rate | 271 | **1,15,901** | 104 | 0 |

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

**(vii) Average duration of DBO, weighted by present value of cashflows (DMT):**

| Description | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |
|---|---|---|---|---|
| | **31st March 2023** | 31st March 2022 | **31st March 2023** | 31st March 2022 |
| DMT (years) | **8** | 11 | **4** | - |

**(viii)Disclosure related to indication of effect of the defined benefit plan on the entity's future cash flows:**

| Payout in the next | **Gratuity (unfunded)** | Gratuity (unfunded) | **Leave (unfunded)** | Leave (unfunded) |
|---|---|---|---|---|
| | **31st March 2023** | 31st March 2022 | **31st March 2023** | 31st March 2022 |
| Year1 | **0** | 0 | **23** | 0 |
| Year2 | **0** | 0 | **19** | 0 |
| Year3 | **0** | 0 | **16** | 0 |
| Year4 | **21** | 0 | **14** | 0 |
| Year5 | **62** | 15 | **11** | 0 |
| Year6-10 | **222** | 85 | **35** | 0 |
| Year11-15 | **92** | 57 | **14** | 0 |
| Year15+ | **53** | 93 | **10** | 0 |

**Note 29: Ratio Analysis**

**As required by the Schedule III amendment notification dated March 24, 2021, the Company is requied to disclose the following ratios:**

**(Amount in Rs. 000's)**

| Sr. No. | Particulars | Formula | FY 2022-2023 | | | | FY 2021-2022 | | | | Varinace % | Reason |

**Tax expense in the statement of profit and loss comprises**

**(Amount in Rs. 000's)**

| **Nature of Services** | **As at 31.03.2023** | As at 31.03.2022 |
|---|---|---|
| Current tax | **-** | - |
| Tax expense related to current year | | |
| **Total** | **-** | - |

***Note 32: Deferred Tax:**

**The following is the analysis of deferred tax assets presented in the balance sheet**

**(Amount in Rs. 000's)**

| **Nature of Services** | **As at 31.03.2023** | As at 31.03.2022 |
|---|---|---|
| Deferred tax assets | **16032** | 5922 |
| Deferred tax liabilities | **-90** | 39 |
| **Deferred tax assets (net)** | **16122** | 5883 |

**The tax effect of significant timing differences that has resulted in deferred tax assets are given below:**

**(Amount in Rs. 000's)**

| **Particulars** | **For the year ended March 31, 2023** | | | |
|---|---|---|---|---|
| | **Opening balance** | **Recognized in Profit and loss** | **Recognized in OCI** | **Closing balance** |
| Deferred tax assets | **5922** | **10110** | **0** | **16032** |
| Deferred tax liabilities | **39** | **-129** | **0** | **-90** |
| **Deferred tax assets (net)** | **5883** | **10239** | **0** | **16122** |

| **Particulars** | **For the year ended March 31, 2022** | | | |
|---|---|---|---|---|
| | **Opening balance** | **Recognized in Profit and loss** | **Recognized in OCI** | **Closing balance** |
| Deferred tax assets | **0** | **5922** | **0** | **5922** |
| Deferred tax liabilities | **0** | **39** | **0** | **39** |
| **Deferred tax assets (net)** | **0** | **5883** | **0** | **5883** |

***Note on Recoverability of Deferred Tax Assets:** The Management has recognised Deferred Tax Assets on Unabsorbed business losses and other items as there is reasonable certainty that such deferred tax assets can be realised against future taxable profits as per the management forecasts for the future business projections.

**33** On September 20, 2019, vide The Taxation Laws (Amendment) Ordinance, 2019, Section 115BAA was inserted in the Income Tax Act, 1961, which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective Financial Year 2019-20 subject to certain conditions. The Company has presently decided to exercise the said option. Accordingly, the Company has provided for Income Tax for the year ended March 31, 2023 as per the provisions of Income Tax Act, 1961.

**34** Balance of Sundry Debtors, creditors, Loans & Advances and other liabilities are subject to confirmation and reconciliation. Consequential adjustment thereof, if any will be given effect into the books of account in the year of such adjustment. However, in view of the management, it will not have any material impact on the financial statements.

**35** In the opinion of the Board, any of the assets other than property, plant & equipment and non-current investments do have a value on realization in the ordinary course of business at least equal to the amount at which they are stated.

**36** As required by the Ind AS-36 "Impairment of Assets", the Company has carried out the assessment of impairment of assets. There has been no impairment loss during the year.

**37** Company operates as single segment in accordance with Indian Accounting Standard Ind AS 108, Operating Segments as notified under the Companies (Indian Accounting Standard) Rules, 2015.

**38** BeGig has developed an e-commerce platform to facilitate enterprises and tech-freelancers to connect together for provision of services. The freelancers (service providers) would provide the IT services to the customers directly via using the e-commerce platform facilitated by BeGig. The customers would be required to make payment of IT services to BeGig and BeGig will pay the remaining amount to freelancers. The role of BeGig is confined to provision of platform facilitation and the IT services would be directly supplied by the freelancer to the customer. BeGig has no role or responsibility to ensure or provide the IT services. However, initially the invoices were raised in the manner that, Freelancer raises an invoice to BeGig for the IT services provided by freelancer to customer and BeGig raises an invoice to end customer for the same amount and then BeGig raises an invoice for commission to service provider or service recipient, as the case may be. Such commission have been included under Note 18 to Financial statement under other operating revenue. Further, the GST charged by freelancer to BeGig is being availed as ITC by BeGig and is utilized towards payment of output GST liability of BeGig. The same is also being reported in GST returns. Accordingly for better disclosure, both sale & purchase of such Invoices are shown separately under the financial statement under Note 18 & Note 20 amounting to Rs. 41010 each (Last year Rs. 23438). Parallelly from January' 22 Freelancer raises the invoice Directly to customer for the IT services provided by freelancer to customer and then BeGig raises an invoice for commission to service recipient on upfront basis. Such upfront commission have been included under Note 18 to Financial statement under other operating revenue.

**39** As discussed in Note 38 above, from January' 22 Freelancer raises the invoice Directly to customer. The customers make payment of IT services to BeGig and BeGig pay the amount to freelancers. The amount collected by BeGig on behalf of the freelancer is recognized as amount payable to freelancer (liability) in the books of accounts. However the Invoices which are raised by Freelancers directly to the customers till 31.03.2023 but payment of which are not received by BeGig till 31.03.2023 accounting to Rs. 4043 (Last Year Rs. 1044) has not been accounted in the Financial statements neither as receivable and/or payable. Those Invoices shall be recognized in the books of accounts when the payment of same will be received by BeGig from the Customers.

**40** Corporate social responsibility: The Company does not meet the criteria specified in subsection (1) of section135 of the Companies Act,2013, read with Companies [Corporate Social Responsibility (CSR)] Rules, 2014. Therefore it is not required to incur any expenditure on account of CSR activities during the year.

**41** The company has accumulated losses as at 31.03.2023 Rs. 48066 and its net worth has been fully eroded. Further the Company has incurred a net loss of Rs. 30472 during the current year (Previous Year – Rs. 17594) and the company's current liabilities exceeded its current assets. This indicates existence of material uncertainty which may cast significant doubt on companies' ability to continue as a going concern. However, the management has adopted going concern basis of preparation on the basis that the holding company will provide necessary financial support to enable it to realize its asset and discharge its liabilities as and when due.

**42** During the year, Company has received excess advance against provision of Service from its Holding Company i.e. Tech Mahindra Limited. On Such advance given, TDS has been deducted by the Holding Company @10% under section 194JB and Company (Begig) has paid GST on such advance received. Closing balance as on 31.03.2023 of the same has been shown under NOTE-16- Other Current Liabilities under the head Advance from Related Parties .

**43** During the financial year, the Company has NIL Foreign Exchange earning and Foreign Exchange Outflows during the year was Rs. 466 (LY Rs. 920).

**44** The company does not have any immovable properties.

**45** During the year, the company has not revalued its property, plant and equipment and intangible assets.

**46** There are no Capital work in Progress (CWIP) and Intangible Assets under Development as on 31.03.2023 and 31.03.2022.

**47** No proceeding has been initiated or pending against the company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder as at the end of the financial year.

**48** The Company has not sanctioned any working capital limit secured against current assets by any Finance Institutions.

**49** The company was not declared as a willful defaulter by any bank or financial Institution or other lender during the financial year.

**50** The Company do not have any transactions or Outstanding balance with Struck off Companies.

**51** There are no charges or satisfaction yet to be registered with Registrar of Companies beyond the statutory period.

**52** Ratio Analysis- Annexed with the financial statements under Note No. 29

**53** The company has not received/advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) through Intermediaries during the financial year.

**54** The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

**55** The Company does not have any transaction that was not recorded in the books of accounts and has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

**56** Previous year's figures have been re-classified to confirm to this year's classification.

### BUSINESS OVERVIEW / STATE OF COMPANY'S AFFAIRS

The Company has made substantial progress in obtaining FAR / DFARS / NIST licenses with major documentation work already completed. The Company is expected to get off-set contracts in Defence field once the licence is received.

The Board expects the Commercial operations to begin soon.

### DIVIDEND

In view of no operations of the Company, the Board of Directors did not recommend any dividend for the FY 2022-23.

### RESERVES

The Board does not propose to carry any amount to General Reserves of the Company.

### ACCEPTANCE OF DEPOSITS

Your Company has not accepted any fixed deposits and, as such, no amount of principal or interest was outstanding as on the balance sheet date.

### STATUTORY AUDITORS

The members, in the 1st Annual General Meeting (AGM) held on July 20, 2022, appointed Ahuja Valecha & Associates LLP, as the Auditors of the Company, to hold office for a further term of five consecutive years from the conclusion of 1st Annual General Meeting till the conclusion of the Annual General Meeting of the Company for the Financial Year 2026-2027 on such remuneration as may be determined by the Board of Directors.

### AUDITORS REPORT

The Auditor's Report on the Financial Statements of the Company is annexed and forms part of the Annual Report. The Auditor's report does not contain any qualification or observations on the accounts of the Company.

### SHARE CAPITAL

The Company has not issued any equity shares carrying differential rights, sweat equity shares, employee stock options nor provided money for purchase of its own shares by employees or by trustees for the benefit of employees during the financial year. The Company's paid up equity capital is ₹ 10,000,000/- comprising of 1,000,000 equity shares of Face Value ₹ 10/- each.

### ANNUAL RETURN

The Company does not have website and hence the web-link of Annual Return required to be disclosed in this Report pursuant to the provisions of Section 92(3) of the Companies Act, 2013, is not mentioned.

**CORPORATE SOCIAL RESPONSIBILITY (CSR)**

Provisions related to Corporate Social Responsibility are not applicable to your Company.

**DIRECTORS**

Pursuant to the provisions of Section 152(6)(c) of the Companies Act 2013, Mr. Aniruddha Gadre, Director is liable to retire by rotation and being eligible offers himself for reappointment.

Mr. Gautam Shirali (DIN: 07452020) has resigned as a Director of the Company with effect from 10th April, 2023. Your Board places on record its sincere appreciation for the valuable contribution and timely guidance provided by Mr. Gautam Shirali to the Company during his tenure.

Your Directors co-opted Ms. Heena Shah (DIN: 10099961) as an Additional Director with effect from 5th April, 2023 whose term will end at the ensuing Annual General Meeting. Being eligible, Ms. Heena Shah offers herself for appointment. Your Directors recommend the appointment of Ms. Heena Shah as Director of the Company.

**BOARD AND COMMITTEES OF BOARD**

The Ministry of Corporate Affairs by its Notification dated 13th July, 2017 amended Rule 6 of the Companies (Meetings of Board and its Powers) Rules, 2014 and Rule 4 of Companies (Appointment and Qualification of Directors) Rules, 2014. The provisions in respect of appointment of independent directors on the board of unlisted wholly owned subsidiary Company are no more applicable.

Also such unlisted wholly owned subsidiary Company need not constitute/have Audit Committee and Nomination & Remuneration Committee of the Board.

During the period under review, the Board met four times during the Financial Year 2022-23. The maximum interval between any two meetings did not exceed 120 days as prescribed in the Companies Act, 2013.

**STATEMENT OF COMPLIANCE WITH APPLICABLE SECRETARIAL STANDARDS**

Your Directors state that the Company has complied with the applicable Secretarial Standards during the year under review.

**PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186**

The Company has not given any loans or guarantees under Section 186 of the Companies Act, 2013. Investments made are within the limits provided under Section 186.

# INDEPENDENT AUDITOR'S REPORT

**To the Members of Tech Mahindra Defence Technologies Limited**

**Report on the Audit of the Standalone Ind AS Financial**

**Statements Opinion**

We have audited the accompanying Ind AS financial statements of Tech Mahindra Defence Technologies Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including the comprehensive income), statement of changes in equity and cash flow statement for the year ended March 31, 2023 and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, loss, and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the accompanying Ind AS financial statements.

**Matter of Emphasis**

Without qualifying our opinion, we draw attention to Note no.17 of the notes to accounts on the Company's ability to continue as a going concern, which is dependent on establishing business operations and obtaining continuing financial support from its shareholders. The mitigating factors have been more fully discussed in note to the accompanying IND AS financial statements, in view of which the accompanying Ind AS financial statements have been prepared under the going concern assumption and consequently, no adjustments have been made to the carrying values or classification of balance sheet accounts.

**Responsibilities of Management and Those Charged with Governance for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the accompanying IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the accompanying Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the accompanying Ind AS financial statements system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern and
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditors Report) Order 2020 ("the Order") issued by the Central Government of India in terms of sub-Section 11 of Section 143 of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   e. On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. As per the notification issued by the Ministry of Corporate Affairs dated June 13, 2017 amending the notification number GSR 464 (E), the provisions with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls refer to our separate report in “Annexure B”.

g. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company does not have any pending litigations which would impact its financial position

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses

   iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.

   iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

   b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

   c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) above contain any material misstatement; and

   v. No dividend has been declared or paid during the year by the Company.

# ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON IND AS FINANCIAL STATEMENTS OF TECH MAHINDRA DEFENCE TECHNOLOGIES LIMITED – MARCH 31, 2023

**[Annexure referred to in paragraph under "Report on other legal and regulatory requirements" of the independent audit report]**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

Re: Tech Mahindra Defence Technologies Limited ('the Company')

(i) The Company does not own any property, plant and equipment or intangible assets which needs to be capitalized in the books of the Company and accordingly, the requirement to report on clause 3(i) (a), (b), (c), (d) and (e) of the Order is not applicable to the Company.

(ii) (a)The Company's business does not require maintenance of inventories and, accordingly, the requirement to report on clause 3(ii) (a) of the Order is not applicable to the Company.

(b)The Company has not been sanctioned working capital limits in excess of ₹ five crores in aggregate from banks or financial institutions during any point of time of the year on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) During the year the Company has not provided loans, advances in the nature of loans, made any investment nor any guarantee or security or granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013 ("The Act"). Accordingly, Clause 3 (iii)(a), (b), (c), (d), (e) and (f) of the Order are not applicable to the Company.

(iv) There are no loans, investments, guarantees, and security in respect of which provisions of Sections 185 and 186 of the Companies Act, 2013 are applicable and accordingly, the requirement to report on clause 3(iv) of the Order is not applicable to the Company.

(v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

(vi) The Company is not in the business of sale of any goods or provision of such services as prescribed. Accordingly, the requirement to report on clause 3(vi) of the Companies (Auditor's Report) Order is not applicable to the Company.

(vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including income-tax and Goods and Services tax other statutory dues applicable to it. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. In the current year, there are no dues towards goods and services tax, provident fund, employees' state insurance sales-tax, service tax, duty of customs, duty of excise, value added tax, cess.

(b) There are no dues of goods and service tax, income tax, custom duty and other statutory dues which have not been deposited by the Company with appropriate authorities on account of any dispute.

(viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Companies (Auditor's Report) Order is not applicable to the Company and hence not commented upon.

(ix) The Company did not have any outstanding loans or borrowings or interest thereon due to any lender during the year. Accordingly, the requirement to report on clause 3(ix) (a), (b), (c), (d), (e) and (f) of the Order is not applicable to the Company.

(x) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) or made any preferential allotment or private placement or fully or partly convertible debentures under Section 42 and 62 of the Companies Act, 2013 hence, the requirement to report on clause 3(x)(a), (b) of the Order is not applicable to the Company.

(xi) (a) No fraud/ material fraud by the Company or no fraud / material fraud on the Company has been noticed or reported during the year. Accordingly, the requirement to report on clause 3(xi) (a) of the Order is not applicable to the Company.

(b)During the year, no report under sub-Section (12) of Section 143 of the Companies Act, 2013 has been filed by [cost auditor/ secretarial auditor or by us] in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government. Accordingly, the requirement to report on clause 3(xi) (b) of the Order is not applicable to the Company.

(c)As represented to us by the management, there are no whistle blower complaints received by the Company during the year. Accordingly, the requirement to report on clause 3(xi) (c) of the Order is not applicable to the Company.

(xii) The Company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a), (b) and (c) of the Order is not applicable to the Company.

(xiii) Transactions with the related parties are in compliance with Sections 188 of Companies Act, 2013 where applicable and the details have been disclosed in the notes to the Ind AS financial statements, as required by the applicable accounting standards. The provisions of Section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xiii) of the Order insofar as it relates to Section 177 of the Act is not applicable to the Company.

(xiv) The Company does not have an internal audit system and is not required to have an internal audit system under the provisions of Section 138 of the Companies Act, 2013. Therefore, the requirement to report under clause 3(xiv)(a) and (b) of the Order is not applicable to the Company.

(xv) The Company has not entered into non- cash transactions with directors or persons connected to its directors hence requirement to report on clause 3(xv) of the Order is not applicable to the Company.

(xvi) (a)The provisions of Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause (xvi)(a) of the Order is not applicable to the Company.

(b)The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) (c) and (d) of the Order is not applicable to the Company.

(xvii)The Company has incurred cash losses in the current financial year.

(xviii)There has been no resignation of the statutory auditors during the year and accordingly requirement to report on Clause 3(xviii) of the Order is not applicable to the Company.

(xix) On the basis of the financial ratios disclosed in note 19, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Ind AS financial statements, the auditor's knowledge of the Board of Directors and management plans, the auditor is of the opinion that no material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

(xx) The provisions of Section 135 to the Act in relation to Corporate Social Responsibility is not applicable to the Company. Accordingly, the requirement to report on clauses 3(xx)(a) and 3(xx)(b) of the Order is not applicable to the Company.

(xxi)The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Company

# ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

**Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

Referred to paragraph 2(f) in report on other legal and regulatory requirements of the Independent Auditors report to the members of Tech Mahindra Defence Technologies Limited on the Ind AS financial statements for the year ended March 31, 2023.

**Opinion**

We have audited the internal financial controls with reference to Ind AS financial statements of Tech Mahindra Defence Technologies Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**1. Corporate Information**

Tech Mahindra Defence Technologies Limited ("the Company") is the Company limited by shared incoprorated in India, with its registered office situated at Oberoi Garden Estate Nr Chandivali Studio, Wing-I Andheri (E) Mumbai Mumbai City MH 400072 incorporated on July 28, 2021. The company provides information technology enabled services to Defence engineering, aerospace, and aviation sectors in India or elsewhere. The Company caters to both domestic and international markets.

**2. Basis of preparation and Significant Accounting Policies**

This note provides basis of preparation and significant accounting policies adopted in the preparation of these Financial Information and have been consistently applied to all the years presented, unless otherwise stated.

**2.1 Basis of preparation**

These financial statements have been prepared on historical cost basis, except for certain financial assets and liabilities that are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the considerations given in exchange for goods and services.

**2.2 Significant Accounting Policies**

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is current when it is:

· Expected to be realised or intended to be sold or consumed in the normal operating cycle;

· Held primarily for the purpose of trading;

· Expected to be realised within twelve months after the reporting period; or· Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as Non-current assets.

A liability is current when:

· It is expected to be settled in the normal operating cycle;

· It is held primarily for the purpose of trading;

· It is due to be settled within twelve months after the reporting period; or There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities as Non-current liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle of the Company is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Based on the nature of products and the time between the acquisitions of assets for processing and their realization in cash and cash equivalents, the company has ascertained operating cycle of 12 months for the purpose of current and non-current classification of assets and liabilities. Since the company has not started business operations, management has decided to not recognise deferred tax.

The functional currency of the Company is INR.

**Use of estimates and judgements**

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the period presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of, useful lives of property, plant and equipment, provision for warranty, variable consideration in revenue, and provisions and contingent liabilities. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

**2.3 Revenue from contracts with Customers**

Ind AS 115 Revenue from contracts with customers has been issued with effect from April 1, 2018. The new standard deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a promised good or service and thus has the ability to direct the use and obtain the benefits from the good or service in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services.

A new five-step process must be applied before revenue can be recognised:\

(i) identify contracts with customers

(ii) identify the separate performance obligation

(iii) determine the transaction price of the contract

(iv) allocate the transaction price to each of the separate performance obligations, and

(v) recognise the revenue as each performance obligation is satisfied.

**Rendering of services**

The business activities of the Company has not yet started during the year. Revenue from services will be recognized as and when the services are rendered and the related costs are incurred.

**2.4 Other income**

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest Income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset's net carrying amount on initial recognition.

**2.5 Foreign Currency**

**Functional and presentation currency**

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the company operates ('the functional currency'). The financial statements are presented in Indian rupees (INR), which is functional and presentation currency of the Company

**Transactions and balances**

Transactions in currencies other than the Company's functional currency are recognized at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the closing exchange rate prevailing as at the reporting date. Non-monetary assets and liabilities denominated in a foreign currency are translated using the exchange rate prevailing at the date of initial recognition (in case measured at historical cost) or at the rate prevailing at the date when the fair value is determined (in case measured at fair value).

Foreign exchange differences are recognized in profit or loss in the period in which they arise except for exchange difference on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest cost on those foreign currency borrowings and exchange differences on transactions entered into in order to hedge foreign currency risks.

## 2.6 Taxation

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively. Income tax expense represents the sum of the tax currently payable and deferred tax.

**Current income tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

**Deferred income taxes**

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset is recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

## 2.7 Provisions

**General**

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates

**Onerous Contracts:**

Present obligations arising under onerous contracts are recognized and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

**2.8 Contingent Liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably.

**2.9 Financial instruments**

**Financial assets:**

**Initial recognition and measurement:**

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets on initial recognition. Transaction cost directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in profit or loss.

**Subsequent Measurement:**

**Debt instruments**

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the company classifies its debt instruments

- **Financial assets at amortized cost**

  Financial assets that are held within a business model whose objective is to hold assets for collecting contractual cash flows and whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance income in the statement of profit and loss.

- **Financial assets at fair value through other comprehensive income (FVTOCI)**

  Financial assets that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling the financial assets and the assets' contractual cash flows represent solely payments of principal and interest on the principal amount outstanding are subsequently measured at fair value. Fair value movements are recognized in other comprehensive income.

- **Financial assets at fair value through profit or loss (FVTPL)**

  Any financial asset which does not meet the criteria for categorization as financial instruments at amortized cost or as FVTOCI, is classified as financial instrument at FVTPL. Financial instruments included within the FVTPL category are subsequently measured at fair value with all changes recognized in the statement of profit and loss."

**Equity instruments**

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established. Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

- **Derecognition**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity, if any, is recognised in profit or loss.

- **Reclassification of financial assets**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent."

**Financial liabilities:**

Initial recognition and measurement

Financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

**Subsequent measurement**

For the purpose of subsequent measurement, financial liabilities are classified as:

- **Financial liabilities at amortized cost**

Financial liabilities such as loans and borrowings are subsequently measured at amortized cost using the effective interest rate method. The change in measurements are recognized as finance costs in the statement of profit and loss.

- **Financial liabilities at fair value through profit or loss (FVTPL)**

Financial liabilities include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss if the recognition criteria as per Ind AS 109 – "Financial Instruments" are satisfied. Gains or losses on liabilities held for trading are recognized in statement of profit and loss. Fair value gains or losses on liabilities designated as FVTPL attributable to changes in own credit risk are recognized in other comprehensive income. All other changes in fair value of liabilities designated as FVTPL are recognized in the statement of profit and loss. The Company has not designated any financial liability as at FVTPL.

- **Derecognition**

The Company derecognizes financial liabilities when the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognised in profit or loss."

**Derivative financial instruments:**

Forward exchange contracts not intended for trading or speculation purposes, classified as derivative financial instruments. The Company uses derivative financial instruments such as forward exchange contracts to hedge its risks associated with foreign currency fluctuations. Such derivative contracts are not designated as hedges and are accounted for at Fair Value through Profit and Loss. There are no derivative financial instruments outstanding as on year end."

**Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously."

**2.10 Impairment**

**(i) Financial assets (other than at fair value)**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. Company performs credit assessment for customers on an annual basis. Company recognizes credit risk, on the basis of lifetime expected losses and where receivables are due for more than six months. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

**(ii) Non-Financial Assets**

Tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

**2.11 Earnings per share**

**(a) Basic earnings per share**

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year.

**(b) Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

**2.12 Cash flow statement**

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents cash flows by operating, investing and financing activities of the Company.

**2.13 Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents consist of cash and cash equivalent, as defined above, net of outstanding bank overdrafts if they are considered an integral part of the Company's cash management.

**2.14 Fair value measurement**

Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell an asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

- In the absence of principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

### BRIEF DESCRIPTION OF THE COMPANY'S WORKING DURING THE YEAR/STATE OF COMPANY'S AFFAIRS

Total Income for the year 2022-23 is ₹ 8999 Mn as against ₹ 7032 Mn in previous year.

In the concluded Financial Year 2022-23, companies faced challenges in the form of extremely high attrition and inflated salaries. Despite the two front impact the Company was able to achieve growth in revenue performance with growth in Digital Business Support Solution, Consumer Value Management, Microlending and Financial Solutions. There has been a good growth in Order Book with MENA region bouncing back and growth in our key accounts like Airtel and MTN. We have started focusing more on Europe and North America region to expand for our products and expect a good traction there in the coming year.

Order book of our traditional products like MobiLytix Marketing Studio, Mobiquity Pay® and Digital BSS continues to be strong. We have seen significant traction in the market for our MobiLytix Marketing Studio portfolio with several new customers. The Company's strategy of focusing on key accounts for cross-sell / up-sell of new products continues to produce good results. The Company continues to invest in new products such as YABX and 5G, which are expected to contribute to revenue growth in coming years.

For the next Financial Year, the Company is expected to grow significantly from current levels on account of higher demand for products, continued focus on the developing markets and in leveraging its existing customer relationships and continued innovation and diversification into non-telco markets such as BFSI & retail industry through extension of its existing product portfolio as well as new products and services which are yielding good results. Along with the continued investment in its existing product portfolio, the Company is also looking to grow inorganically in the coming years through some strategic acquisitions.

The Company has been regularly participating in international events to take its visibility outside India to greater heights and has been able to achieve significant recognition internationally and nationally.

The Company won 21 prestigious industry awards and recognitions over the last year. Won the Juniper Research Fintech & Payments Awards in the "Best Mobile Money Offering" category for Airtel Money Pay service; Leading Light Awards for the Outstanding Use Case: Service Provider AI for MobiLytix AIx; Won Silver at the Digital Impact Awards in the "Financial Services Digital Excellence" category for Airtel Uganda; IBS Intelligence Global FinTech Innovation Awards 2022 - Won in 2 categories "Best Retail Payments System Implementation" & "Most Innovative Digital Wallets Deployment"; Asia Communication Awards in the "OSS/BSS Project of the Year"; Golden Peacock Innovation Award for BlueMarble Solution; Global Artificial Intelligence Award 2022 in the "Best Use of Predictive/Prescriptive Analytics" category; ET Datacon Award 2022 for "Innovative Use Cases of Analytics/ AI/ ML" category; Global Fintech Awards 2022 in the Best 'Buy Now Pay Later' Solution for Yabx; Asia Fintech Awards 2022 in the 'LendTech of the Year' category for Yabx; Pacific Islands FinTech Innovation Challenge 2022 – Yabx won the award for 'Increasing usage of financial products and services in Solomon Islands'.

Comviva also won the awards for HR Excellence, CSR and Learning initiatives which includes, Golden Peacock Awards for HR Excellence 2022; Brandon Hall HCM Excellence Gold Award in the 'Best Advance in Corporate Culture Transformation' category; Times Ascent Dream Companies to Work For by World HRD Congress; Indian CSR Award 2022 in the "Best Primary Education Initiative" under Education Initiative of the Year category; Won five awards at L&D Confex & Awards 2023 in the following categories - Best Blended Learning Strategy of the Year, Best Innovation in L&D, Best Learning Management System, Best Onboarding Program of the Year, Best use of technology implementation in learning & Development

**CHANGE IN THE NATURE OF BUSINESS, IF ANY:**

There is no change in the nature of the business of the Company during the Financial Year 2022-23.

**DIVIDEND**

Your Directors believe that there are tremendous growth opportunities for the Company and therefore the Company must invest in further expanding and strengthening its business operations. With a view to conserve cash to fund the growth, the Directors do not recommend any dividend on Equity Shares for the year ended March 31, 2023. The Directors believe that this will increase shareholder value in the long term.

**TRANSFER TO RESERVE**

The entire number of profits has been transferred to reserves.

**MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAS OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENT RELATES AND THE DATE OF THE REPORT:**

There are no material changes and commitments affecting the financial position of the Company which have occurred between the end of the Financial Year of the Company to which the financial statement relates and the date of this Report.

**DEPOSITS**

Company has not accepted any deposits from the public and is therefore not required to furnish information in respect of outstanding deposits under Chapter V of the Companies Act, 2013.

**STATUTORY AUDITORS**

The members at the 23rd Annual General Meeting (AGM) held on July 21, 2022, re-appointed B S R & Co. LLP, Chartered Accountants with Registration no. 101248W/W- 100022 as the Statutory Auditors of the Company to hold office for second term of five years from the conclusion of the 23rd AGM until the conclusion of the 28th AGM of the Company for the financial year 2026-27, on such remuneration as may be determined by the Board of Directors.

Company continues to do R&D in the areas of mobile commerce, content and data. As such Company continues to enrich its strong product portfolio in these domains through mobile banking, analytics, and rich engagement, communication, content and delivery platforms.

Company, after having surpassed its vision of touching billion lives through its offerings, has embarked on a vision of building 'Mobility solutions that transforms lives'. The three main pillars of its R&D efforts are around 'Commerce, Content, and Data' and adjunct focus areas are Customer Value Solutions and Managed Services.

R&D primarily consists of below activities in all the products and new innovative MVP's:

(1) New product development

(2) Creating new features and upgrades / version of existing product as per either internal product roadmap, or customer requirement and

(3) Development work by the Core Engineering Team called as SET on the re-usable common components, engineering practices and innovative prototypes that are utilized as part / addition to products developed by the various domain specific product units.

R&D involves rapid prototyping of new products and features in existing products that address the needs of our customers in the market. Focus is around new features, designs, frameworks and methodologies that continue to be of importance to the Company. It not only allows enhancing quality of products and customer satisfaction but also enhances the revenues of customer satisfaction through robust and innovative products.

(ii) The benefits derived like Product Improvement, Cost Reduction, Product Development or Import Substitution;

Continuous R&D is instrumental in building expertise and increasing revenues through enhancement in functionalities and introduction of new products. The organization is receiving significant client traction for new market capabilities including Factoreal, Yabx, MobiLytix, Mobiquity, CMS (Content) and Data Platforms.

Continuous R&D is helping us and our customers in following ways:

- New features to attract additional customers.
- Introduction of new products.
- Better system / product stability
- System / resource optimization-more transaction using same hardware infrastructure.
- Reduction in cost of ownership
- Simplicity and user convenience for managing his mobile related services.

(iii) In Case of Imported Technology (Imported during last three years reckoned from the beginning of the Financial Year)

Company has not imported technology during the last three years.

# SECRETARIAL AUDIT REPORT
# FOR THE PERIOD ENDED ON MARCH 31, 2023

**[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

**To,**
**The Members**
**Comviva Technologies Limited**
**(CIN: U72200HR1999PLC041214)**
**5th, 7th & 8th Floor, Capital Cyberscape,**
**Sector-59, Golf Course Extension Road,**
**Gurugram, Haryana-122102**

We have conducted the Secretarial Audit of the compliance of the applicable statutory provisions and the adherence to good corporate practices by Comviva Technologies Limited (hereinafter referred to as "The Company"), having its Registered Office situated at 5th, 7th & 8th Floor, Capital Cyberscape, Sector-59, Golf Course Extension Road, Gurugram, Haryana-122102. Secretarial Audit was conducted in a manner that provided us a reasonable foundation for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification, of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information/explanation provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the Financial Year ended on March 31, 2023, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2023 according to the provisions of:

I. The Companies Act, 2013 ('the Act') and the rules made thereunder;

II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder [**Not Applicable as the Company has not listed any of its securities on any Stock Exchange]**;

III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment;

V. The Company being an unlisted Company was not required to comply with any of the regulations and/or guidelines as prescribed by the Securities and Exchange Board of India in this regard under the Securities and Exchange Board of India Act, 1992.

For the compliances of Labour Laws & other General Laws, our examination and reporting is based on the documents, reports, records and files as produced and shown to us and the information and explanations as provided to us, by the officers and management of the Company and to the best of our judgment and understanding of the applicability of the different enactments upon the Company, in our opinion there are adequate systems and processes exist in the Company to monitor and ensure compliance with applicable Labour Laws & other General Laws.

The compliances by the Company of applicable Financial Laws, like Direct and Indirect Tax Laws, have not been reviewed in our audit since the same have been subject to review by the Statutory Auditor and other designated professionals.

We have also examined compliance with the applicable clauses of Secretarial Standards with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of Company Secretaries of India.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, circulars, notifications etc. mentioned above.

**We further report that**

- The Board of Directors of the Company is constituted with proper balance of Executive and Non-Executive Directors, Independent Directors and Women Director during the period under review. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

- Adequate notice(s) were given to all the directors to schedule the Board/Committee Meetings, agenda and detailed notes on agenda and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

- As per the minutes of the meetings of the Board and Committees of the Board signed by the chairperson of the respective meetings, all the decisions of the Board were adequately passed and the dissenting members' views, if any, was captured and recorded as part of the minutes.

- As per the records, the Company generally filed all the forms, returns, documents and resolutions as were required to be filed with the Registrar of Companies and other authorities.

- During the period under review, the Company suo moto filed an application before the Registrar of Companies NCT of Delhi & Haryana ("ROC") u/s 454 of the Companies Act, 2013, w.r.t a technical default in transferring of unspent CSR amount for the FY 2020-21. Pursuant to the said application, ROC passed an Adjudication Order and imposed a penalty of ₹ 11,00,244/- on the company and ₹ 55,012.20/- each on its officers in default vide order dated September 27, 2022. The Company and officers have challenged the order pronounced by the ROC by filing of an Appeal before the Hon'ble Regional Director (Northern Region) who has referred back for de novo adjudication to the ROC on March 9, 2023. The matter is pending for the final order as on the date of this report.

We further report that there are systems and processes in the Company to commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines which are generally being followed by the Company.

We further report that during the audit period, the Company has following specific events/actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred to above: -

1) Members of the Company in 23rd Annual General Meeting held on July 21, 2022 has re-appointed M/s B S R & Co. LLP, Chartered Accountants [Reg. No.101248W/W-100022] as the Statutory Auditor of the Company until the conclusion of 28th Annual General Meeting.

2) Mr. Manoranjan Mohapatra (DIN: 00043930) has been appointed as the Whole-time Director of the Company for the period from July 22, 2022 till May 31, 2023 subject to the approval of members in the next general meeting.

3) Company has raised approximately ₹ 240 crores by way of allotment of 24,74,226 equity shares of ₹ 10/- each at a premium of ₹ 960/- each on the right issue basis on December 01, 2022.

4) Company had made equity investment in its wholly owned subsidiaries to the extent of ₹ 180 Cr. and ₹ 61.95 Cr. approximately in the Comviva Technologies Americas Inc and Comviva Technologies B.V respectively with the approval of the Board of Directors of the Company.

5) The Board of Directors in their meeting held on January 25, 2023 approved to issuance of corporate guarantee for credit facilities to be availed by its wholly owned subsidiary, Yabx Technologies (Netherlands) B.V. from HSBC Bank (Mauritius Limited).

# POLICY ON NOMINATION AND REMUNERATION COMMITTEE

**1. Objective**

As a measure of good Corporate Governance and in compliance with the provisions of Section 178 of Companies Act 2013, following policies are formulated:

0.1. Policy on appointment and removal of Key Managerial Personnel and Senior Management;

0.2. Policy on Remuneration to the Key Managerial Personnel, Senior Management and other Employees

0.3. Policy on Directors Training

0.4. Policy on Evaluation of performance of the Board of Directors, Committees and individual Directors,

0.5. Policy on Board Diversity;

**2. Definitions**

The definitions of some of the key terms used in this Policy are given below.

Board” means Board of Directors of the Company.

Company” means the Comviva Technologies Limited.

Committee(s)” means Committees of the Board for the time being in force as per the provisions of the Companies Act 2013.

Employee” means employee of the Company whether employed in India or outside India including any whole-time directors, KMPs & Senior Management who serve the company on a full-time basis and are not employed in any other entity except those which are the subsidiaries of the company or subsidiaries of its majority shareholder.

HR’ means the Human Resource department of the Company.

Key Managerial Personnel” and Senior Management (KMP) refers to:

(i) Chairman (CM);

(ii) Managing Director (MD), or Chief Executive Officer (CEO);

(iii) Chief Financial Officer (CFO); and

(iv) Company Secretary (CS)

Nomination and Remuneration Committee” or “NRC” means Nomination and Remuneration Committee of Board of Directors of the Company for the time being in force.

Senior Management” means an employee of the Company who is a member of its Core Management team, which includes CEO, CFO, Company Secretary, Product Unit Heads (for Business units higher than USD 20 million), Global Head of Sales, EVP- New Product Initiatives, Global Head of HR.

**3. Constitution of the Nomination and Remuneration Committee**

The board has constituted the Nomination and Remuneration Committee on <DDMMYYYY>, in accordance with Companies Act 2013.

The board will have rights to reconstitute this committee from time to time.

**4. Policy for appointment of the Board, KMPs & Senior Management**

The committee shall look into the following matters:

- Make recommendations to the board on its composition and size to help ensure its effective working. It will do the following under each category of personnel:

**4.1. Board Members**

a) Identify and recommend to appointment or removal of such candidates who can be considered for the position of a director.

b) The NRC would decide this based on its discussions around qualifications, positive attributes and independence of the candidate being considered for directorship. The decision may also be based on conditions as best suitable for the business in accordance with statutory conditions as may be applicable from time to time.

4.2. **KMPs**

a) The authority to identify right candidates for the appointment of CFO and CS is vested with the CEO along with HR, who will facilitate in identifying the candidates internally or externally. NRC will consider the candidates proposed by the CEO and recommend to the Board for its consideration and appointment in accordance with the applicable provisions of the Act and Rules.

b) In case of CM / MD / CEO's appointment, NRC will initiate the process of identifying the new candidate, which can be an internal or external candidate, for the respective position. After identification and screening of the candidate, NRC will propose the candidature to the Board for its consideration and for appointment subject to the approval of the Shareholders and Regulatory Authority, if any.

c) The selection and removal would be based on the evaluations done during the selection /search process and would cover such parameters like: qualifications, positive attributes, experiences, etc. The decision may also be based on conditions as best suitable for the business in accordance with statutory conditions as may be applicable from time to time.

d) If a KMP is attracted with any disqualification as mentioned in any of the applicable Act, rules and regulations there-under or due to non-adherence to the applicable policies of the Company, the NRC may recommend to the Board with reasons recorded in writing, removal of a KMP subject to the compliance of the applicable statutory provisions.

**4.3. Senior Management personnel**

a) The Senior Management personnel are appointed and removed/relieved with the authority of CEO and HR. The selection and removal would be based on the evaluations done during the selection /search process and would cover such parameters like: qualifications, positive attributes, experiences, etc as per the recruitment policy prevailing at the time of selection. The decision may also be based on conditions as best suitable for the business in accordance with statutory conditions as may be applicable from time to time.

b) The details of the appointment made and the personnel removed/relieved during a quarter shall be presented to the Board as part of update on Corporate Governance.

To maintain effective performance and continuity, all attempts will be made to retain and maintain the right balance of expertise and experience at the senior management level through various measures of identification, hiring, training, grooming, performance feedback, compensation & benefits, promotions, etc and . The NRC may seek and review such efforts for any specific position/s as they may deem fit.

Subject to that there is no conflict of interest, Comviva CEO and HR Head will be authorized to approve employee requests for accepting –

1. any honorary positions in the Board of a Company (for no remuneration or a nominal remuneration); and/or

2. any non-significant minority stake capped up to 30%

In case the request is from the Comviva CEO, Comviva CFO or the Company Secretary, the same will be cleared by the NRC

**5. Remuneration to KMPs, Senior Management personnel and Other Employees**

The Company follows an extensive performance management system to review the performance of the employees / Senior Management and provide rewards on the basis of meritocracy.

The overall remuneration (Total compensation) to the employees (including Whole Time Director (CEO) CFO, CS and senior management) includes a fixed component (Guaranteed Pay) and a variable component (Performance Linked pay). The percentage of the variable component increases at hierarchy levels, as the Company believes employees at higher positions have a far greater impact and influence on the overall business result. Variable Pay program is covered by respective variable pay programs (like performance linked incentive programs as applicable for respective roles). Compensation offered is decided based on what is competitive and suitable to attract top talent peer group for such a role, while looking at company's ability to pay vis-à-vis its budget.

The initial remuneration for CEO or any whole time director will be proposed by the CM/MD to the NRC consistent with the strategy of the Company and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of section 203 of the Companies Act 2013 the Board shall approve the remuneration at the time of their appointment.

The initial remuneration for KMPs – CFO and CS will be proposed by the CEO & HR to the NRC consistent with the strategy of the Company and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of section 203 of the Companies Act 2013 the Board shall approve the remuneration at the time of their appointment.

The initial remuneration for the Senior Management personnel shall be proposed by HR and approved by CEO. Remuneration for the new employees other than KMPs and Senior Management Personnel will be decided by the HR and business /line managers at the time of hiring, depending upon the relevant job experience, last compensation, position details and role maturity fitment; philosophy of which has been captured in the compensation handbook of the company.

The Total compensation is reviewed at least once every year based on company's performance and compensation philosophy and program. Compensation Revision is based on the performance, potential and market positioning of the role as determined through hiring& /attrition related data, surveys and benchmarks.

The annual review of remuneration for CEO or any whole time director will be proposed by the CM/MD to the NRC. Pursuant to the provisions of section 203 of the Companies Act 2013 the Board shall approve the remuneration at the time of their appointment.

The annual remuneration for KMPs – CFO and CS will be proposed by the CEO & HR Head to the NRC consistent with the strategy of the Company and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of section 203 of the Companies Act 2013 the Board shall approve the remuneration at the time of their appointment.

Annual Review of Remuneration (TCTC) for all employees (others than KMPs, but including senior management) will be decided by the HR, in consultation with CEO for all senior management position and along with concerned business unit head/managers as per performance management process & compensation philosophy and approved personnel cost budget. Performance Management Handbook applies to all employees including senior management, CFO and CS. CEO performance is evaluated by the CM/MD based on business goals as determined annually.

CEO and the HR Head may approve incentive programs as may be required for managing routine business requirements like joining or retention. Any plan covering shares or Stock Option grants to the employees shall be approved by the NRC based on the recommendation of CEO and Head of HR.

All remunerations to directors or CEO will be in accordance to Companies Act 2013 or changes to the same as applicable from time to time, including restatement of accounts due to fraud or non-compliance.

Sitting fee for Independent directors: Sitting fees will be paid to the independent directors for the committee and board meetings, as approved by the board from time to time. This will be subject to the maximum limits, if any, prescribed by the Companies Act 2013.

Refundability of excess remuneration: Any excess remuneration paid will have to be refunded back by the director in case of restatements and no such waivers will be permitted.

Commission or remuneration from holding or subsidiary company: The total commission paid for the services to this Company will include any remuneration paid from either the holding company or the subsidiary company.

**6. Policy on Awareness Training to the Independent Directors**

The Independent directors at the time of their co-option shall be provided with an orientation by at least one of the senior leaders. They will also be provided with the material/literature regarding the Company's business and its operations, governing documents, information on key personnel and financial information to familiarize them with the Company. The Board will brief them on their roles and responsibilities in the various Committees. The Quarterly Board Meetings will contain an agenda item on 'Business Updates' which provides development in the business strategy of the Company among others. The CM depending on the business need may also nominate Independent Directors for relevant external training programs. Independent Directors may request for any additional information as deemed fit for the successful discharge of their role.

**7. Process for Performance Evaluation of the Board as a whole**

The process will be initiated each year by the Chairman of the NRC or any other person as authorized by the NRC.

- The Board will carry out annual evaluation of its own performance through its adopted self-evaluation criteria. Board evaluation process will be initiated each year by the chairman of NRC and will be coordinated by the Chairman of NRC or any other person authorized by the NRC. Each Board member will get an evaluation form as given in **Annexure – I** in the first week of April of each year.

- Board members have the option to disclose his/her name on the evaluation form.

- Board members shall complete the form and return it to the authorized person within two weeks of receipt of the form.

- Only Chairman of the board and the authorized person appointed by the NRC to coordinate this activity will have access to individual evaluation form.

- Chairman of the Board, will arrange to tabulate the results and present summary report to the Board during the first Board Meeting of the financial year. The summary report will include score against each of the evaluation criteria & verbatim comments without any names. Sample template has been included in **Annexure II**. Report for each individual member will also be shared without names of those who gave the feedback.

- The Board will initiate discussion based on individual feedback, broad & common areas that are working well and those that need attention. The Board will then decide if changes in its governance practices and policies need to be made going forward.

**7.1. Process for Performance Evaluation of the Committees:**

The Board has adopted the evaluation criteria for Committees as mentioned in Annexure -III. Each Committee member will get an evaluation form as given in Annexure – III for the Committee(s) he/she is part of in the first week of April of each year.

- Committee Members have the option to disclose his/her name on the evaluation form.

- Committee Members shall complete the forms and return them to the authorized person within two weeks of receipt of the forms.

- Only Chairman of the board and the authorized person appointed by the NRC to coordinate this activity will have access to individual evaluation form

- The Chairman NRC, with the assistance of any person, will tabulate the results and share the summary report with the respective Committee in their first meeting of the financial year. The summary report will include score against each of the evaluation criteria & verbatim comments without any names. Sample summary report template has been included in **Annexure – IV**.

- Each Committee will initiate discussion basis individual feedback, broad & common areas that are working well and those that need attention.

- The Chairman of the respective Committee will also present the summary report to the Board during its first Board Meeting of each financial year.

**7.2. Process for Performance Evaluation of individual directors including Independent Directors**

- The NRC will carry out performance evaluation of individual directors through peer evaluation of each Board member.

- The Key areas of evaluation are Knowledge of business, Diligence and preparedness, Effective interaction with others, Constructive contribution to discussion and strategy, Concern for stakeholders, attentive to the internal controls mechanism, and ethical conduct issues as the evaluation criteria.

- In the first week of April of each year, each Board member will get evaluation form as given in **Annexure – V** for each of their colleagues on the Board. Each Board member will complete evaluation of each of their colleagues. Board member does not have to disclose his/her name on the evaluation form.

- During the first Board meeting of the financial year, separate envelopes indicating name of each Board Member will be circulated in which each Board member will place the completed evaluation sheet of the assessed member in their respective envelope. For example, there will be separate envelopes for Director A, Director B & so on and these envelopes will be circulated to all the Directors to place the evaluation form of the specific Director in the envelope indicating his/her name.

- Once all the evaluation forms are placed in designated envelopes, each Board member will be handed over their respective envelope and will have the opportunity to go through their own peer evaluation scores during the meeting itself.

- After going through their respective evaluation scores by their peers, the Board members will hand over their envelope to the Board chairperson during that meeting.

- Subsequently, the Board chairperson, will go through the contents of the envelope, and if necessary, will meet with each Director individually as part of the evaluation process to identify and discuss the outcome. The separate envelopes containing peer evaluation forms for each individual Director will remain with the Board chairperson and will be kept confidential.

- The NRC on the basis of evaluation scores of the concerned member shall recommend to the Board to extend or continue the term of appointment of the Board member. In case of the upcoming reappointment of any of the NRC member, the concerned member will not participate and others on the committee will be given access to all the available forms of the concerned member as detailed above to continue with the recommendation process.

**8. Board's Diversity**

A truly diverse Board will make good use of differences in the skills, regional and industry experience, background, race, gender and other distinctions. These differences will be considered in determining the optimum composition of the Board and when possible should be balanced appropriately. The Board appointments should be based on merit that complements and expands the skills, experience, expertise of the Board as a whole, taking into account knowledge, professional experience, qualifications, gender, age, cultural, educational background, statutory / regulatory requirement and any other factors that might be relevant and applicable from time to time for it to function effectively.

NRC considers the functional diversities in determining the optimum composition of the Board.

**9. Amendment**

The Policies may be changed at any time by the Board on the recommendation of NRC. However, the NRC shall have the authority to change the Evaluation Form at any time during the year with the objective of seeking more inputs from the Individual Directors

In the event of any statement in the policy contradicting with law, the law will supersede as applicable from time to time.

# ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR 2022-23

**1. Brief outline on CSR Policy of the Company:**

Our CSR vision is to make concerted efforts towards promotion of education amongst the underprivileged while also promoting initiatives for employability and entrepreneurship. Employability & Entrepreneurship readiness covers all or relevant aspects of education, skills and capabilities development which is to be imparted to children, youth and adults of any age groups to attain these objectives.

The policy aims to:

a. Demonstrate commitment towards the common good.

b. Engender a sense of empathy & responsibility amongst employees to motivate them to give back to the society.

c. Partner with group companies to promote quality education for the under privileged sections of the society.

The Company may also support causes related to sustainable development of green environment or topical events adversely impacting a large section of the society; provided they are covered as per the statutory requirements.

The Corporate Social Responsibility (CSR) policy can be viewed at: https://www.comviva.com/wp-content/uploads/2021/09/CSR-Policy_22nd-April-2021.pdf

**2. Composition of CSR Committee:**

| Sl. No. | Name of Director | Designation / Nature of Directorship | Number of meetings of CSR Committee held during the year | Number of meetings of CSR Committee attended during the year |
|---|---|---|---|---|
| 1. | Rajat Mukherjee | Independent Director, Chairperson of the Committee | 2 | 1 |
| 2 | Jagdish Mitra | Non-Executive Director, Committee Member | 2 | 2 |
| 3. | Sunita Umesh | Independent Director, Committee Member | 2 | 2 |

3. Provide the web-link where Composition of CSR committee, CSR Policy and CSR projects approved by the board are disclosed on the website of the company:

**Contents of Corporate Social Responsibility Policy**

**Our CSR vision is to make concerted efforts towards promotion of education amongst the underprivileged while also promoting initiatives for employability and entrepreneurship.**

Employability & Entrepreneurship readiness covers all or relevant aspects of education, skills and capabilities development which is to be imparted to children, youth and adults of any age groups to attain these objectives.

The policy aims to:

1. Demonstrate commitment towards the common good.

2. Engender a sense of empathy & responsibility amongst employees to motivate them to give back to the society.

3. Partner with group companies to promote quality education for the under privileged sections of the society.

   The Company may also support causes related to sustainable development of green environment or topical events adversely impacting a large section of the society; provided they are covered as per the statutory requirements.

   Topical CSR support may be one time or time bound investment made under other possible areas. These spends would be pre-approved by the CSR Committee; if the expected outlay is more than 20% of the approved annual CSR budget. If the fund is spent from the approved annual CSR budget and within 20% limit, the same may be shared in the quarterly CSR review meetings as a pre or post information report.

**Scope and Applicability**

This Policy is applicable to Comviva Technologies Limited India (hereby referred to as Company) and will apply to all the CSR projects/programmes undertaken by the Company.

**Guidelines**

1. The CSR program will be overseen under the aegis of the CSR Committee

2. The CSR Committee is formulated with reference to the Section 135 of the Companies Act 2013 (referred to as Act) on CSR and in accordance with the CSR rules (hereby referred to as Rules)

3. CSR Committee

   a. It will formulate & recommend to Board a CSR Policy which shall provide an indicative list of broad activities aligned to the CSR Policy which shall be undertaken. The CSR Policy will also include the recommendation for the budget/expenditure as may be needed for the full fiscal.

   b. The CSR Committee will monitor the CSR policy of the Company from time to time and recommend modifications to the CSR Policy, as and when required.

4. Board of Directors

   a. They will review recommendations made by the CSR Committee, approve the CSR Policy of the Company and ensure that every financial year, the funds committed by the Company for CSR activities are utilized effectively by regularly monitoring the implementation.

   b. They would disclose the content of the policy in Company's report & website as per the prescribed format. Should that be the case, they would disclose the reasons for underspending of the allocated CSR budget in the Board's report.

5. They would ensure annual reporting of CSR policy to the Ministry of Corporate Affairs, Government of India as per the prescribed format.

**Identification of CSR Activities and Projects**

1. CSR SPOCs (as appointed by the Head of HR) will work closely with internal management members or employees to implement specific CSR programs and activities

2. Management would evaluate various NGO's and projects from time to time which can be taken up as part of the

CSR activity by the larger organization, looking at the following broad parameters:

a. The project should be in line with the CSR Vision of the Company

b. The NGO (if involved) should have established processes on governance like Audits, Annual Reports etc

c. The NGO should have been a registered NGO and should have been undertaking similar programs or projects for at least 3 years.

d. Support or donations aligned with Company's CSR vision or as covered by the CSR guidelines under the statute would also be considered as an exception, though they may not be covered under the sections a to b above

3. The program will ensure that there is involvement and contribution in the CSR initiatives driven by Group Companies

**Reporting**

To ensure funds spent on CSR programmes are creating the desired impact on the ground, a monitoring and reporting framework will be used. Status of the programs and their perceived impact would be shared on a periodic basis as per the roles defined.

**Deviations**

Any deviation to this Policy requires an approval from the Head of Human Resources. Management reserves the right to modify this policy without prior notice.

^^^^^^ On January 02nd 2023, We have acquired Comviva International Netherlands B.V. (Previously Dynacommerce Holding Bv).

# INDEPENDENT AUDITOR'S REPORT

To the Members of Comviva Technologies Limited

## Report on the Audit of the Standalone Financial Statements

### Opinion

We have audited the standalone financial statements of Comviva Technologies Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2023, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.\

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope

and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements**

**1**. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

**2 A. As required by Section 143(3) of the Act, we report that:**

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.

d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 01 April 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.

**B**. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its standalone financial statements - Refer Note 28 to the standalone financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 42B to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 42B to the standalone financial statements, no funds have been received by the

Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

**C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:**

In our opinion and according to the information and explanations given to us, the remuneration [paid/payable] by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

# ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF COMVIVA TECHNOLOGIES LIMITED FOR THE YEAR ENDED 31 MARCH 2023

**(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified once in a period of two years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Certain discrepancies noticed on such verification were material and have been properly dealt with in the books of account.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering information technology and related services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments, provided guarantee or security, granted loans and advances in the nature of loans, secured or unsecured to companies, limited liability partnership and other parties in respect of which the requisite information is as below:

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans or provided advances in the nature of loans, or stood guarantee, or provided security to any other entity as below:

| Particulars | Guarantees (INR in Mio) | Security (INR in Mio) | Loans (INR in Mio | Advances in nature of loans<br><br>(INR in Mio) |
|---|---|---|---|---|
| Aggregate amount during the year<br><br>Subsidiaries* Joint ventures* Associates* Others | - | - | 163 | - |
| Balance outstanding as at balance sheet date Subsidiaries*<br>Joint ventures* Associates* Others* | - | - | 163 | - |

*As per the Companies Act, 2013

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made, guarantees provided, security given during the year and the terms and conditions of the grant of loans and advances in the nature of loans and guarantees provided during the year are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion following instances of loans/advance in the nature of loan falling due during the year were renewed or extended or settled by fresh loans:

| Name of the parties | Aggregate amount of loans or advances in the nature of loans granted during the year<br><br>(INR in Mio) | Aggregate overdue amount settled by renewal or extension or by fresh loans granted to same parties<br><br>(INR in Mio) | Percentage of the aggregate to the total loans or advances in the nature of loans granted during the year |
|---|---|---|---|
| Yabx India Private Limited | 163 | 15 | 9% |

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of investments made and loans, guarantees and security given by the Company, in our opinion the provisions of Section 185 and 186 of the Companies Act, 2013 ("the Act") have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the products manufactured by it (and/or services provided by it). Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

| Name of the statute | Name of the dues | Amount (INR in Mio) | Period to which the amount relates | Forum where dispute is pending | Amount paid under protest, if any (INR in Mio) |
|---|---|---|---|---|---|
| Income Tax Act, 1961 | Income Tax | 28 | FY 2012-13 | Commissionerof Income Tax (Appeals) | |

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

Annexure A to the Independent Auditor's Report on the Standalone Financial Statements of Comviva Technologies Limited for the year ended 31 March 2023 (Continued)

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by

Annexure A to the Independent Auditor’s Report on the Standalone Financial Statements of Comviva Technologies Limited for the year ended 31 March 2023 (Continued)

the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has 4 CICs as part of the Group

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

# ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF COMVIVA TECHNOLOGIES LIMITED FOR THE YEAR ENDED 31 MARCH 2023

**Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

**(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date**)

### Opinion

We have audited the internal financial controls with reference to financial statements of Comviva Technologies Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

### Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

| Balance as at March 31, 2023 | 2,942 | 53 | 8,101 | 1 | 11,097 |

**Securities Premium**

Securities premium reserve represents premium on issue of shares.

**Capital Reserve**

The Company recognises profit and loss on purchase, sale, issue or cancellation of the Company's own equity instruments to capital reserve.

**Retained Earnings:**

Retained earnings represents the undistributed profits of the Company accumulated as on Balance Sheet date.

**Cash Flow Hedging Reserve :**

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cashflow hedges. Such gains or losses will be reclassified to statement of profit and loss in the period in which the hedged transaction occurs.

## 1. Company Overview

Comviva Technologies Limited ("the Company") is provider of mobility solutions and a part of Mahindra Group. The company's offerings are broadly divided into three categories: Financial Solutions, Digital Systems and Growth Marketing. Its extensive portfolio of solutions spans digital financial services, customer value management, messaging and broadband solution and digital lifestyle services. The company strives to enable service providers to enhance customer experience, resolve real, on-ground challenges and leverage technology to transform the lives of customers. Comviva's solutions are deployed at various service providers and financial institutions and enrich the lives of people to deliver a better future.

The Company is a subsidiary of Tech Mahindra Limited.

The standalone financial statements ('financial statement') for the year ended March 31, 2023 were approved by the Board of Directors and authorised for issue on April 24, 2023.

## 2. Significant Accounting Policies

### 2.1 Statement of Compliance

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

### 2.2 Basis for preparation of financial statements

These standalone financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees Million, except for share and earnings per share data, unless otherwise stated. These standalone financial statements have been prepared on the historical cost basis and on accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Current/ Non-current classification

The Company classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after

the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement

by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash

or cash equivalents. The Company's normal operating cycle is twelve months.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these standalone financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The financials statements of Comviva ESOP trust has also been consolidated with Comviva Technologies Ltd. (India) financials.

**2.3 Use of Estimates:**

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Critical accounting estimates

**i) Revenue Recognition**

The Company applies the proportionate method for measurement of performance obligation in accounting for its fixed price development contracts. Use of the proportionate method requires the Company to estimate the efforts to date as a proportion of the total budgeted efforts. Efforts have been used to measure progress towards completion as there is a direct relationship between input and productivity. The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

**ii) Income taxes**

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.12.

**iii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iv) Impairment of Investments**

The Company reviews its carrying value of investments in subsidiaries and other entities at cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

**v) Provisions**

Provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.14.

**2.4 Property, Plant & Equipment and Other Intangible assets**

Property, Plant & Equipment and Other Intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, where the life of the assets has been assessed based on technical advice, considering the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

| Type of Asset | Estimated useful life |
|---|---|
| Plant and Equipment (Including Computers & Electronic equipments) | 3-5 years |
| Office Equipment | 5 years |
| Furniture and Fixtures | 5 years |

The estimated useful lives and residual values of the Property, Plant & Equipment and Other Intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of Property, Plant & Equipment and intangible assets is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

Improvements to leased premises are amortized over their estimated useful life or period of the lease, whichever is shorter.

Assets costing up to ₹ 5,000 are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

Computer Software and hardware acquired for specific projects are amortized over the initial contract life of the project.

The cost of Software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Intellectual Property Right (IPR) is amortized over a period of 4 years.

**2.5 Leases**

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the standalone statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in standalone statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

**Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor’s net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

**2.6 Impairment of Assets**

**i) Financial assets**

Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortized cost is measured at the difference between the asset’s carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. In a subsequent period, if the amount of impairment loss decreases and the decrease can be related objectively to an event, the previously recognized impairment is reversed through Statement of profit and loss.

**ii) Non-financial assets**

Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the Statement of profit and loss.

**2.7 Inventories**

Inventories are stated at lower of cost or net realizable value. In determining the cost of materials, the weighted average cost method is used.

**2.8 Revenue recognition**

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

In case of revenue sharing arrangements, revenue is recognized basis actual usage of value-added services as per contractually agreed rates.

Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered, revenue against these services recognised over the period of time using proportionate method for measuring performance obligation.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on actual hours incurred to date as a percentage of total budgeted hours required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable.

Revenue from the sale of distinct third party hardware is recognised at the point in time when risk and rewards is transferred to the customer.

The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue (“contract liability”) is recognised when there is billings in excess of revenues.

Use of judgments in revenue recognition.

The Company’s contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered

Dividend income is recognized when the Group’s right to receive dividend is established.

**2.9 Foreign currency transactions**

The functional currency of the company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the Statement of profit and loss.

**2.10 Financial Instruments:**

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized in Statement of profit and loss.

**i) Non-derivative financial instruments:**

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortized cost is carried at fair value through profit and loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 Consolidated and Separate Financial Statements.

Financial liabilities

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**ii) Derivative financial instruments and hedge accounting**

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Company designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Ind AS 109.

The use of foreign currency forward contracts is governed by the Company's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The counter party to the Company's foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognized in other comprehensive income and accumulated under hedging reserve and the ineffective portion is recognized immediately in the Statement of Profit and Loss.

Amounts previously recognized in other comprehensive income and accumulated in hedging reserve are reclassified to profit or loss in the same period in which gains/losses on the item hedged are recognized in the Statement of Profit or Loss. However when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognized in other comprehensive income and accumulated in hedging reserve are transferred from hedging reserve and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Any Profit or Loss arising on cancellation or renewal of such a forward exchange contract is recognized as income or as expense in the period in which such cancellation or renewal occurs. Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the Statement of Profit and Loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified in hedging reserve is retained there and is classified to Statement of Profit and Loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in hedging reserve is transferred to the Statement of Profit and Loss for the period.

**iii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The Company derecognises financial liabilities when, and only when, the Company’s obligations are discharged, cancelled or have expired.

**2.11 Employee benefits**

**i) Gratuity:**

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee’s salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for India location. Certain overseas branches of the company also provide for retirement benefit plans in accordance with local laws.

Actuarial gains and losses are recognized in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

**ii) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund in which both employees and the Company make monthly contributions at a specified percentage of the covered employees’ salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. Contribution is made to recognised provident fund with effect from September 1, 2020. Till August 31, 2020 a portion of the contribution was made to the approved provident fund trust managed by the Company while the remainder of the contribution is made to the government administered pension fund. The contributions to the trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the fund assets based on the government specified minimum rates of return.

**iii) Compensated absences:**

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for India location and some branches of Company, whereas provision for encashment of unavailed leave on retirement is made on actual basis for other branches of Company.

Actuarial gains and losses are recognized in full in the Statement of Profit and Loss in the period in which they occur. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

**iv) Other short term employee benefits:**

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognized during the period when the employee renders the service.

**2.12 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax in future.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

**2.13 Earnings per share**

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/(loss) per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**2.14 Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**2.15 Provision for Warranty**

The Company has an obligation by way of warranty to maintain the software during the period of warranty, which may vary from contract to contract. Costs associated with such sale are accrued at the time when related revenues are recorded and included in cost of service delivery. The Company estimates such cost based on historical experience and the estimates are reviewed periodically for material changes in the assumptions.

**2.16 Research and Development**

Expenditure on research is written off in the period in which it is incurred. Development expenditure incurred on specific projects is capitalised where the Board is satisfied that the following criteria have been met:

- it is technically feasible to complete the software product so that it will be available for use and management intends to complete the software product and use or sell it

- it can be demonstrated how the software product will generate probable future economic benefits

- adequate technical, financial, and other resources to complete the development and to use or sell the software product are available; and

- the expenditure attributable to the software product during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

External software license cost includes expenditure that is directly attributable to the acquisition of the items.

Computer software development expenditure and external software licenses recognised as assets are amortised on a straight-line basis over their estimated useful lives, which does not exceed 3 years

Development Costs

The Group capitalises costs for product development projects. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model. In determining the amounts to be capitalised, management makes assumptions regarding the expected future cash generation of the project, discount rates to be applied and the expected period of benefits.

**2.17 Borrowing Costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of that asset. All other borrowing costs are charged to the statement of profit and loss.

**2.18 Discontinued operations**

A discontinued operation is a component of Company's business, the operations and cash flows of which can be clearly distinguished from those of the rest of the Company and which represents a separate major line of business or geographical area of operations and

i. Is part of a single coordinated plan to dispose of a separate major line of business or geographic area of operations; or

ii. Is a subsidiary acquired exclusively with a view to re-sale.

When an operation is classified as a discontinued operation, the comparative statement of profit loss is re-presented as if the operation had been discontinued from the start of the comparative period.

**2.19 Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 1 – Presentation of Financial Statements The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**Note 3D - Intangible assets under development (Internally generated assets)**

The Company has incurred in Research and Development costs towards research, technology, engineering and new product development. The Company follows a policy of capitalising new product development, which meets the criteria of Ind AS 38 intangible assets and has accordingly recognised such cost as Internally generated intangible asset under 'intangible assets under development'.

The details of expenses which are recognised as intangible assets under development is as follows:

| **Particulars** | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|
| Salary, wages and bonus | **256** | - |
| Subcontracting cost | **70** | - |
| **Total** | **326** | - |

# Note : The Company has investments in subsidiaries . These investments are accounted for at cost less impairment. Management assesses the operations of these entities, including the future projections, to identify indications of diminution, other than temporary, in the value of the investments.In case where impairment triggers are identified, the recoverable amount of the investment is estimated in order to determine the extent of the impairment loss. An impairment loss is recognized if the investment's carrying amount exceeds the greater of its fair value less costs to sell and value in use.The performance in few of the subsidiaries and the relevant economic and market indicators have led the company to reassess recoverable amount in the subsidiaries listed below, as at March 31, 2023.Since the recoverable amount determined was lower than the carrying value ofthe respective investment, the Company has recognized an impairment loss of 538 million for the year ended March 31, 2022 (March 31, 2022 ₹ Nil ).

The discount rate used to determine the investment's value in use as at March 31, 2023 are as follows:

| Particulars | Mar-23 |
|---|---|
| Comviva Technologies Americas Inc. | 15.15% |
| Comviva Technologies Do Brasil Indústria, Comércio, Importação E Exportação LTDA (Formerly known as ATS Advanced Technology Solutions Do Brasil Industria, Comercio, Importacao E Exportacao LTDA) | 21.81% |
| Comviva Technologies (Argentina) S.A. | 53.68% |

**V] Actuarial (Gain)/Loss recognized in Other Comprehensive Income**

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Actuarial (gain)/loss due to defined benefit obligation experience | **(22)** | (35) |
| Actuarial (gain)/loss - demographic assumptions | **-** | - |
| Actuarial (gain)/loss due to defined benefit obligation assumption changes | **3** | (5) |
| Remeasurement- Return on plan assets excluding amount included in interest income | **0** | 0 |
| **Net (gain)/loss recognised in Other Comprehensive Income** | **(19)** | (40) |

**VI] Assumptions**

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Discount Rate | **7.10%** | 6.30% |
| Salary Escalation Rate | **7.50%** | 7.00% |
| Mortality Rate | **Indian Assured Lives Mortality (2006-08) Ult.** | Indian Assured Lives Mortality (2006-08) Ult. |
| Employee Separation Rate | **17.00%** | 17.00% |

a) Discount rate : It is based upon the market yields available on Government Bonds at the accounting date with a term that matches that of the liabilities.

b) Salary Escalation Rate: The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

c) Employee separation Rate: The assumption of Employee separation rate represents the Company's expected experience of employee turnover.

**VII] Sensitivity analysis**

A quantitative sensitivity analysis for significant assumption as at March 31, 2023 and March 31, 2022 is as shown below:

| | | ₹ in million |
|---|---|---|
| **Particulars** | **As at March 31, 2023** | As at March 31, 2022 |
| **A: Discount rate** | | |
| 1. Effect on DBO due to 0.5% increase in discount rate | **(6)** | (5) |
| 2. Effect on DBO due to 0.5% decrease in discount rate | **6** | 5 |
| **B: Salary Escalation Rate** | | |
| 1. Effect on DBO due to 0.5% increase in Salary escalation rate | **6** | 4 |
| 2. Effect on DBO due to 0.5% decrease in Salary escalation rate | **(6)** | (4) |
| **C: Withdrawal Rate** | | |
| 1. Effect on DBO due to 5% increase in withdrawal rate | **(5)** | (3) |
| 2. Effect on DBO due to 5% decrease in withdrawal rate | **6** | 3 |

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Method used for sensitivity analysis: The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

**VIII] Disclosure related to indication of effect of the defined benefit plan on the entity's future cash flows: (₹ in million)**

| | | ₹ in million |
|---|---|---|
| **Particulars** | **As at March 31, 2023** | As at March 31, 2022 |
| 1 year | **49** | 40 |
| 1-2 years | **44** | 32 |
| 2-3 years | **42** | 34 |
| 3-4 years | **45** | 33 |
| 4-5 years | **61** | 35 |
| 5 years and beyond | **256** | 165 |

**XIII] Plan asset information:**

| | | ₹ in million |
|---|---|---|
| **Particulars** | **As at March 31, 2023** | As at March 31, 2022 |
| Schemes of insurance - conventional products | **100%** | 100% |

**XIV] Description of Plan characteristics and associated risks:**

The Gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The Plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

1. Interest rate risk

2. Salary Inflation risk

3. Demographic risk

**XV] Description of Funding arrangements and policies:**

The gratuity scheme of the Company is funded by way of a separate irrevocable Trust and the Company is expected to make regular contributions to the Trust. The fund is managed by an insurance Company and the assets are invested in their conventional group gratuity product.

## Refer note 4 (i) for closing balance of investments

**28 Contingent Liabilities and Commitments:**

**(i) Contingent Liabilities:**

₹ in million

| Sr. No. | Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| 1 | Income tax matters (refer note I) | **1,988** | 1,592 |
| 2 | Indirect tax matters (refer note II) | **555** | 408 |
| 3 | Other claims against the Company not acknowledged as debts (refer note III) | **49** | 48 |

Note:

**I Income Tax Matter:**

The Company has ongoing disputes with income tax authorities relating to tax treatment of certain items. The disputes relate to tax treatment of certain expenses claimed as deductions, computation and eligibility of tax incentives or allowances. The Company has contingent liability in respect of demands from direct tax authorities in India and other jurisdictions, which are being contested by the Company on appeal amounting ₹ 1,988 million and ₹ 1,592 million as at March 31, 2023 and March 31, 2022 respectively. The Company periodically receives notices and inquiries from income tax authorities related to the Company's operations in the jurisdictions it operates in. The Company has evaluated these notices and inquiries and has concluded that any consequent income tax claims or demands by the income tax authorities will not succeed on ultimate resolution. The number of years that are subject to tax assessments varies depending on tax jurisdiction. The major tax jurisdictions of Comviva Technologies Limited include India and African countries. In India, tax filings from fiscal 2017 are generally subject to examination by the tax authorities. In African counties, the statute of limitation vary by state.

**II Indirect Tax Matter:**

The Company has ongoing disputes with tax authorities mainly relating to availment of input tax credit and indirect tax matters. The Company has demands amounting to ₹ 555 million and ₹ 408 million as at March 31, 2023 and March 31, 2022, respectively from various indirect tax authorities which are being contested by the Company based on the management evaluation and on the advice of tax consultants.

**III Other Claims:**

Other claims aggregating ₹ 49 million and ₹ 48 million as at March 31, 2023 and March 31, 2022, respectively, against the Company have not been acknowledged as debt. The amounts assessed as contingent liability do not include interest that could be claimed by counter parties.

**(ii) Commitments :**

₹ in million

| Sr. No. | Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| 1 | Estimated amount of contracts remaining to be executed on capital account and not provided for | **126** | 151 |

**29. Financial Instruments**

The Company's Board of Directors have an overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

**I] Financial instruments by category**

The carrying value and fair value of financial instruments by categories as at March 31, 2023 were as follows:

₹ in million

| Particulars | Amortised cost* | Financial assets/ liabilities at fair value through profit or loss | Derivative instruments in hedging relationship | Total carrying value | Total fair value* |
|---|---|---|---|---|---|
| Assets: | | | | | |
| Investment in bonds-quoted (Refer note 4 (i) (b)) | - | 5 | - | 5 | 5 |
| Investment in mutual fund (Refer note 4 (ii)) | - | - | - | - | - |
| Cash and cash equivalents (refer note 10) | 1,120 | - | - | 1,120 | 1,120 |
| Other balances with banks (refer note 11) | 8 | - | - | 8 | 8 |
| Trade receivables (refer note 9) | 5,109 | - | - | 5,109 | 5,109 |
| Loans (refer note 5) | 163 | - | - | 163 | 163 |
| Other financial assets (refer note 12(i) & 12(ii)) | 296 | - | - | 296 | 296 |
| Total | 6,696 | 5 | - | 6,701 | 6,701 |
| Liabilities: | | | | | |
| Trade payables (refer note 17) | 1,656 | - | - | 1,656 | 1,656 |
| Lease Liability | 153 | - | - | 153 | 153 |
| Other financial liabilities (refer note 18(i)) | 324 | - | 11 | 335 | 335 |
| Total | 2,133 | - | 11 | 2,144 | 2,144 |

*Fair value of amortised assets is same as carrying value

The carrying value and fair value of financial instruments by categories as at March 31, 2022 were as follows:

₹ in million

| Particulars | Amortised cost* | Financial assets/ liabilities at fair value through profit or loss | Derivative instruments in hedging relationship | Total carrying value | Total fair value* |
|---|---|---|---|---|---|
| Assets: | | | | | |
| Investment in bonds-quoted (Refer note 4 (i) (b)) | - | 12 | - | 12 | 12 |
| Investment in mutual fund (Refer note 4 (ii)) | - | 954 | - | 954 | 954 |
| Cash and cash equivalents (refer note 10) | 674 | - | - | 674 | 674 |
| Other balances with banks (refer note 11) | 7 | - | - | 7 | 7 |
| Trade receivables (refer note 9) | 4,398 | - | - | 4,398 | 4,398 |
| Loans (refer note 5) | 15 | - | - | 15 | 15 |
| Other financial assets (refer note 12(i) & 12(ii)) | 222 | 1 | 7 | 230 | 230 |
| Total | 5,317 | 966 | 7 | 6,290 | 6,290 |
| Liabilities: | | | | | |
| Trade payables (refer note 17) | 1,104 | - | - | 1,104 | 1,104 |
| Lease liability | 222 | - | - | 222 | 222 |
| Other financial liabilities (refer note 18(i) & 18(ii)) | 388 | - | - | 388 | 388 |
| Total | 1,714 | - | - | 1,714 | 1,714 |

*The fair value of cash and cash equivalents, other balances with bank, trade receivables, trade payables and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

**II] Fair Value Hierarchy**

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

The different levels have been defined as follows:

**Level 1** - Quoted prices (unadjusted) in active markets for identical assets or liabilities at net market value.

**Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3 -** Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2023:

₹ in million

| Particulars | As at March 31, 2023 | Fair value measurement as at end of the reporting period using | | |
|---|---|---|---|---|
| | | Level 1 | Level 2 | Level 3 |
| **Assets** | | | | |
| Investment in bonds-quoted | 5 | 5 | - | - |
| Investments in mutual fund | - | - | - | - |
| Derivative financial instruments - foreign currency forward contracts | - | - | - | - |
| **Liabilities** | | | | |
| Derivative financial instruments - foreign currency forward contracts | 11 | - | 11 | - |

₹ in million

| Particulars | As at March 31, 2022 | Fair value measurement as at end of the reporting period using | | |
|---|---|---|---|---|
| | | Level 1 | Level 2 | Level 3 |
| **Assets** | | | | |
| Investment in bonds-quoted | 12 | 12 | | |
| Investments in mutual fund | 954 | 954 | - | - |
| Derivative financial instruments - foreign currency forward contracts | 7 | - | 7 | - |
| **Liabilities** | | | | |
| Derivative financial instruments - foreign currency forward contracts | - | - | - | - |

**III] Financial Risk Management**

**Financial Risk Factors**

The Company’s activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company’s primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk. The Company uses derivative financial instruments to mitigate foreign exchange related risk exposures. The Company’s exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

**(i) Market risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company exposure to market risk is primarily on account of foreign currency exchange rate risk.

**(a) Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar, Euro against the respective functional currency of the Company. The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange currency risk.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the respective functional currency of the Company. Further the exposure as indicated below is mitigated by some of the derivative contracts entered into by the Company as disclosed in note below.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

₹ in million

| **Particulars** | **Currency** | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|---|
| | EUR | **1,412** | 946 |
| Financial assets | USD | **4,096** | 2,297 |
| | Others | **695** | 875 |
| | EUR | **-** | 49 |
| Financial liabilities | USD | **70** | 526 |
| | Others | **51** | 221 |

**Forex sensitivity analysis:**

A reasonably possible strengthening by 10% of EUR and USD against the Indian Rupee as at March 31, 2023 and March 31, 2022 will affect the statement of profit and loss by the amounts shown below:

₹ in million

| **Currency** | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|
| EUR | **141** | 90 |
| USD | **403** | 177 |

**(b) Foreign Exchange Contracts**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit risk and liquidity risk which may impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential effects on the financial performance of the Company.

The Company enters into foreign Exchange Forward Contracts to offset the foreign currency risk arising from the amounts denominated in currencies other than the Indian Rupee. The counter party to the Company's foreign currency Forward Contracts is generally a bank. These contracts are entered into to hedge the foreign currency risks of certain forecasted transactions. These contracts are for a period lies between 1 day to 1 year.

The following are the principal amounts of outstanding foreign currency exchange forward entered into by the Company which have been designated as Cash Flow Hedges:

| Currency | Amount outstanding as at March 31, 2023 in foreign currency | Fair value Gain/ (loss) in ₹ |
|---|---|---|
| In USD | 20.00 million<br>(March 31, 2022: 20.50 mn) | 20.50 million<br>(March 31, 2022: 6 mn) |
| In Euro | 10.00 million<br>(March 31, 2022: 1.45 mn) | 1.45 million<br>(March 31, 2022: 2 mn) |

The movement in hedging reserve for derivatives designated as Cash Flow Hedges is as follows:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| (a) Balance at the beginning of the year | **6** | 9 |
| (b) Changes in the fair value of effective portion of derivatives - (loss)/ gain | **-** | (32) |
| (c) Net loss/(gain) reclassified to statement of profit and loss on occurance of hedged forcasted transactions | **(5)** | 30 |
| (d) (Loss)/gain on cash flow hedging derivatives, net (b+c) | **(5)** | (3) |
| (e) Balance at the end of the year | **2** | 6 |
| (f) Tax impact on effective portion of outstanding derivatives | **(0)** | (1) |
| (g) Balance at the end of the year, net of deferred tax (e+f) | **1** | 5 |

**(ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, quoted bonds issued by government and quasi government organizations with high credit ratings.

**Credit Risk Exposure**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 6207 million and ₹ 4,629 million as at March 31, 2023 and March 31, 2022 respectively, being the total of the carrying amount of trade receivables, unbilled revenue (excluding contract assets) and other various financial assets.

**Trade receivable**

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses financial position at each reporting date whether a financial asset or a group of financial assets is impaired. The Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The Company's exposure to customers is diversified and no single customer contributes to more than 10% of outstanding accounts receivable and unbilled revenue as of March 31, 2023 and March 31, 2022. The concentration of credit risk is limited due to the fact that the customer base is large.

The expected credit loss allowance is based on the ageing of receivables and the rates in the provision matrix. Movement in the expected credit loss allowance is as follows:

₹ in million

| **Particulars** | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|
| Balance at the beginning of the year | **903** | 841 |
| Provided during the year | **647** | 488 |
| Reversed/utilised during the year | **(455)** | (432) |
| Reinstatement impact | **31** | 5 |
| Balance at the end of the year | **1,126** | 903 |

**(iii) Liquidity Risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023

| Particulars | Less Than 1 Year | More Than 1 Year | Total |
|---|---|---|---|
| Borrowings | - | - | - |
| Lease Liabilities | 105 | 48 | 153 |
| Trade Payables | 1,656 | | 1,656 |
| Other financial liabilities | 324 | | 324 |

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2022

| Particulars | Less Than 1 Year | More Than 1 Year | Total |
|---|---|---|---|
| Borrowings | - | - | - |
| Lease Liabilities | 79 | 143 | 222 |
| Trade Payables | 1,104 | - | 1,104 |
| Other financial liabilities | 388 | - | 388 |

**30 Auditor Remuneration(net of indirect taxes)**

**33 Provision for warranty:**

The movement in the said provision is summarized below:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Opening Balance | **8** | 8 |
| Add: Additional provision made during the year | **8** | - |
| Less: Provision reversed during the year | **(8)** | (0) |
| **Closing balance** | **8** | 8 |

Note: Provision for warranty is estimated and made based on technical estimates of the management and is expected to be settled over the period of next year.

**34** Segment Information has been presented in the Consolidated Financial Statements in accordance with Indian Accounting Standard Ind AS 108, Operating Segments as notified under the Companies (Indian Accounting Standard) Rules, 2015.

**35** The Company has accounted as an expense of ₹ 5.54 million (year ended March 31, 2022: ₹ 10 million) pertaining to amortised cost of stock options granted to certain employees of the Company granted by Tech Mahindra Limited, its holding Company. This cost is being accounted as an employee benefits expense.

**36** Based on the information available with the Company, following creditors have been identified as "Supplier" within the meaning of Micro, Small and Medium Enterprises Development (MSMED) Act, 2006.

**Disclosures under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED)**

| **Dues to micro and small suppliers** | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|
| The amounts remaining unpaid to micro and small suppliers as at the end of the year: | | |
| Principal | **55** | 20 |
| Interest | **-** | - |
| The amounts of the payments made to micro, small and medium suppliers beyond the appointed day during each accounting year. | **-** | - |
| The amount of interest paid under the act beyond the appointed day during the year | **-** | - |
| The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED | **-** | - |
| The amount of interest accrued and remaining unpaid at the end of each accounting year. | **-** | - |
| The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under the MSMED | **-** | - |

The management has identified enterprises which have provided goods and services to the Company and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED). Accordingly, the disclosure in respect of the amounts payable to such enterprises as at March 31, 2023 and March 31, 2022 has been made in the financial statements based on information received and available with the Company.

**37 Disclosures for revenue from contracts with customers**

**a) Disaggregation of revenue**

Revenue disaggregation by nature of services is as follows:

₹ in million

| **Nature of Services** | **For the year ended March 31, 2023** | | | **For the year ended March 31, 2022** | | |
|---|---|---|---|---|---|---|
| | **Continuing** | **Discontinued** | **Total** | **Continuing** | **Discontinued** | **Total** |
| Licence fee with implementation and other services | 6,236 | 2 | 6,238 | 4,500 | 233 | 4,733 |
| Revenue sharing arrangements | 537 | - | 537 | 233 | - | 233 |
| Annual maintenance contract services | 1,557 | - | 1,557 | 1,500 | - | 1,500 |
| Income from sale of equipments and software (third party) | 444 | - | 444 | 251 | - | 251 |
| Total * | 8,774 | 2 | 8,776 | 6,484 | 233 | 6,717 |

Revenue disaggregation by geography is as follows:

₹ in million

| Nature of Services | For the year ended March 31, 2023 | | | For the year ended March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Continuing | Discontinued | Total | Continuing | Discontinued | Total |
| India | 1,318 | - | 1,318 | 673 | | 673 |
| Rest of world | 7,456 | 2 | 7,458 | 5,811 | 233 | 6,044 |
| Total * | 8,774 | 2 | 8,776 | 6,484 | 233 | 6,717 |

**b) Significant changes in the contract assets balances is as follows:**

| Particulars | Total | Total |
|---|---|---|
| Opening balance | 548 | 346 |
| Add: Revenue recognised during the period | 954 | 435 |
| Less: Invoiced during the period | (328) | (215) |
| Add/less: Others | (2) | (18) |
| **Closing balance** | 1,172 | 548 |

**c) Remaining performance obligations**

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as of the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation for contracts where the performance obligation is a part of a contract that has an original expected duration of one year or less or the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in scope of contracts, periodic revalidations, adjustments for revenue that has not materialized and adjustments for currency.

**d) Significant changes in the contract liabilities balances is as follows:**

| Particulars | Total | Total |
|---|---|---|
| Opening balance | 20 | 21 |
| Less: Revenue recognised during the period that was included in the unearned revenue at the beginning of the year | (9) | (21) |
| Add: Invoiced during the period (excluding revenue recognized during the year) | 12 | 19 |
| Closing balance | 23 | 19 |
| **Closing balance** | 1,172 | 548 |

**e) The following table provides information in respect of amount of revenue recognised in the statement of profit and loss with the contracted price showing separately each of the adjustments made to the contract price:**

| Particulars | Total | Total |
|---|---|---|
| Contracted transaction for the year | 8,841 | 6,733 |
| Less: Adjustment for penalties / liquidated damages | (65) | (16) |
| **Revenue recognized in the statement of profit and loss for the year** | 8,776 | 6,717 |

4 customers represents 10% or more of the Company's total revenue during the years ended.

## 38 Income Tax Expense

Tax expense in the statement of profit and loss comprises:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Current tax: | | |
| -Tax expense related to current year | **698** | 1,098 |
| -Tax expense related to earlier year | **-** | - |
| Total Current tax | **698** | 1,098 |

The tax expense for the period can be reconciled to the accounting profit as follows:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Profit before Tax | **1,217** | 1,540 |
| Enacted/effective tax rate | **25.17%** | 25.17% |
| **Income tax expense calculated at enacted/effective tax rate** | **306** | 387 |
| Effect of expenses/income that are not admissible in determining taxable profit^ | **335** | 131 |
| Effect of income taxes related to prior years^ | **-** | 519 |
| Effect of tax on income at different rates | **22** | 33 |
| Others | **35** | 28 |
| **Income tax expense recognised in profit or loss** | **698** | 1,098 |

^ Includes ineligible foreign tax credits

Note:

The tax rate used for the above reconciliations are the rates as applicable for the respective periods payable by corporate entities in India on taxable profits under the India tax laws.

## 39 Deferred Tax:

The following is the analysis of deferred tax assets presented in the balance sheet:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Deferred tax assets | **446** | 446 |
| Deferred tax liabilities | **-** | (3) |
| Deferred tax assets (net) | **446** | 443 |

The tax effect of significant timing differences that has resulted in deferred tax assets are given below:

₹ in million

| Particulars | For the year ended March 31,2023 | | | |
|---|---|---|---|---|
| | Opening balance | Recognized in Profit and loss | Recognized in OCI | Closing balance |
| Provision for Employee benefits | 159 | 16 | 5 | 180 |
| Provision for doubtful Trade receivables | 227 | 57 | - | 284 |
| Property, Plant & Equipment and Intangibles assets | (1) | (61) | - | (62) |
| Investments | - | - | - | - |
| Changes in fair value of derivatives designated as hedges | (2) | (1) | 1 | (2) |
| Others | 60 | (14) | - | 46 |
| **Net Deferred Tax Assets** | 443 | (3) | 6 | 446 |

₹ in million

| Particulars | For the year ended March 31,2022 | | | |
|---|---|---|---|---|
| | Opening balance | Recognized in Profit and loss | Recognized in OCI | Closing balance |
| Provision for Employee benefits | 171 | (22) | 10 | 159 |
| Provision for doubtful Trade receivables | 212 | 15 | - | 227 |
| Property, Plant & Equipment and Intangibles assets | (31) | 30 | - | (1) |
| Changes in fair value of derivatives designated as hedges | (2) | (1) | 1 | (2) |
| Others | 84 | (24) | - | 60 |
| **Net Deferred Tax Assets** | 434 | (2) | 11 | 443 |

**40 Foreign Exchange Management Act, 1999 disclosure :**

The Company is required to collect outstanding dues from customers outside India within 9 months of supply of goods or service made. (March 31, 2022: 15 months) . If any Company is unable to collect the due amount within the stipulated timeline, it has to apply to RBI for extension. The Company has trade receivable amounting to ₹ 1,649 mn (March 31, 2022: 1,635 mn) outside India which has not been collected within the stipulated deadline. For these trade receivables, the Company has filed an extension request (ETX filing) with RBI through its authorised dealers.

Further, a Company is also required to pay the outstanding dues to vendors outside India within 9 months of receipt of goods or service. The trade payables outside India outstanding for more than 9 months are ₹ Nil (March 31, 2022: Nil).

**41 Code of Social Security, 2020**

The Code on Social Security, 2020 (‘Code’) relating to employee benefits received the Presidential assent in September 2020. The Ministry of Labour and Employment had released draft rules for the Code on November 13, 2020 and had invited suggestions from stakeholders which are under active consideration by the Ministry. However, the effective date from which the changes are applicable is yet to be notified. The Company will evaluate and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules are published.

**42A Analytical ratios**

| Sr. No. | Particulars | As at March 31, 2023 | As at March 31, 2022 | Variance | Variance reasons |
|---|---|---|---|---|---|
| 1 | Current Ratio (in times) | 3.17 | 3.42 | -7.30% | |
| 2 | Debt-Equity Ratio (in times) | 0.01 | 0.03 | 0.00% | |
| 3 | Debt Service Coverage Ratio (in times) | 17.09 | 9.89 | 72.73% | Variance due to higher tax expenses in previous financial year on account of excess Foreign tax credit write off. |
| 4 | Return on Equity Ratio (in %) | 5.22% | 5.19% | 0.46% | |
| 5 | Trade Receivables turnover ratio (in times) | 2.49 | 1.86 | 33.85% | Variance due to better collections during the current financial year |
| 6 | Trade payables turnover ratio (in times) | 2.30 | 1.96 | 17.20% | |
| 7 | Net capital turnover ratio (in times) | 1.56 | 1.33 | 17.04% | |
| 8 | Net profit ratio (in %) | 5.88% | 6.54% | -10.05% | |
| 9 | Return on Capital employed (in %) | 10.71% | 17.99% | -40.47% | Variance due to capital infusion of ₹ 2,400 million in current year. |
| 10 | Return on investment (in %) | 1.26% | 3.25% | -61.18% | Variance due to redemption of mutual funds. |

The basis of computation of above parameters is provided in the table below:

| 1 | **Current Ratio** | **Current assets / current liabilities** |
|---|---|---|
| 2 | Debt-Equity Ratio | "(Non-current borrowings (+) current borrowings) / Equity<br>* including lease liabilities" |
| 3 | Debt Service Coverage Ratio | Profit before depreciation, amortisation, finance costs, exceptional items and tax / (interest expenses (+) principal repayments of long-term debt (+) payment of lease liabilities) |
| 4 | Return on Equity Ratio | Net Profits after taxes / Average Shareholder’s Equity |
| 6 | Trade Receivables turnover ratio | (Gross credit sales (-) sales return) / (Opening Trade receivables (+) Closing Trade receivables) / 2 |
| 7 | Trade payables turnover ratio | (Gross credit purchases (-) purchase return) / (Opening Trade payables (+) Closing Trade payables) / 2 |
| 8 | Net capital turnover ratio | (Total sales (-) sales returns) / (current assets (-) current liabilities.) |
| 9 | Net profit ratio | Net Profits after taxes / (Total sales (-) sales returns) |
| 10 | Return on Capital employed | Earning before interest and taxes / (Tangible Net Worth (+) Total Debt (+) Deferred Tax Liability) |
| 11 | Return on investment | Income generated from invested funds / Average invested funds in treasury investments |

**42B Additonal regulatory information required required by the Schedule III of Companies Act 2013.**

a. The Company does not own any immovable property.

b. The Company does not have transactions with companies struck off under section 248 of the Companies Act 2013 or section 560 of Companies Act 1956.

c. The Company does not hold any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

d. The Company has not availed borrowings from banks or financial institutions on the basis of security of current assets and has not been declared a wilful defaulter by any bank or financial institutions or government or government authority.

e. The Company has not traded or invested in crypto currency or virtual currency during the current year.

f. a) The Company has not advanced or loaned or invested funds to any persons or entities, including foreign entities (Intermediaries) with the understanding that the intermediary shall:

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

b) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

g. The Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

h. The Company does not have any charges, satisfaction of which is yet to be registered with Registrar of Companies (ROC) beyond the statutory period.

**43 Discontinued Operations**

In the FY 2015-16, The group has acquired the business of TSLEE with the acquisition of ATS Advanced Technology Solutions S.A. (renamed as Comviva Technologies (Argentina) S.A. after acquisition) and ATS Advanced Technology solutions do Brasil Industria,Comercio, importacao E Exportacao Ltda (renamed as Comviva Technologies Do Brasil Industria, Comércio, Importação e Exportação Ltda). The acquisition was done with the purpose of expansion in LATAM Market and also the European Market.

However, due to low volume of business and continuing operational losses, the company, during the current year has decided to discontinue the operations of TSLEE product and to focus on other product lines for better profit margins.

The financial performance of the discontinued operations are as follows:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Revenue from operations | **2** | 233 |
| Other income (net) | **-** | - |
| **Total income** | **2** | 233 |
| **Expenses** | | |
| (a) Employee benefits expense | **70** | 46 |
| (b) Subcontracting cost | **28** | |
| (c) Finance costs | **-** | - |
| (d) Depreciation and amortization expense | **-** | - |
| (e) Other expenses | **21** | 227 |
| **Total expenses** | **119** | 273 |
| **Loss before tax from Discontinued Operations** | **(117)** | (40) |
| Tax (credit) from Discontinued Operations | **(67)** | (29) |
| **Loss after tax from Discontinued Operations** | **(50)** | (11) |

**Cash flow from (used in) discontinued operations:**

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Net cash used in operating activities | **(52)** | (194) |
| **Net cash flow for the year** | **(52)** | (194) |

**44 Previous year's figures have been re-classified to confirm to this year's classification.**

# REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS OPINION

**Opinion**

We have audited the consolidated financial statements of Comviva Technologies Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated balance sheet as at 31 March 2023, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2023, of its consolidated profit and other comprehensive loss, consolidated changes in equity and consolidated cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

**Other Information**

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the audit reports of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements**

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive loss, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of each company.

**Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast

  significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial statements of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Other Matter(s)**

a. We did not audit the financial statements of 3 subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of ₹7,276 million as at 31 March 2023, total revenues (before consolidation adjustments) of ₹4,107 million and net cash flows (before consolidation adjustments) amounting to ₹795 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

b. The financial statements/financial information of 12 subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of ₹2,030 million as at 31 March 2023, total revenues (before consolidation adjustments) of ₹1,698 million and net cash flows (before consolidation adjustments) amounting to ₹(390) million for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. These unaudited financial statements have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

   Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial statements certified by the Management.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries, as were audited by other auditors, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

   b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

   c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

   d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors of the Holding Company as on 01 April 2023 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

   f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

  B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the "Other Matters" paragraph:

a. The consolidated financial statements disclose the impact of pending litigations as at

31 March 2023 on the consolidated financial position of the Group. Refer Note 28 to the consolidated financial statements.

b. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2023.

c. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Holding Company or its subsidiary company incorporated in India during the year ended 31 March 2023.

d (i) The respective management of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary companies that, to the best of their knowledge and belief, as disclosed in the Note 45 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary companies to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The respective management of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary companies that, to the best of their knowledge and belief, as disclosed in the Note 45 to the consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiary companies from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary companies shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Holding Company and its subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.

f. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company or any of such subsidiary companies only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

C. With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the report(s) of the statutory auditors of such subsidiary companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

# ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL

**Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

**(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**Opinion**

In conjunction with our audit of the consolidated financial statements of Comviva Technologies Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Holding Company and such company incorporated in India under the Act which is its subsidiary company, as of that date.

In our opinion, the Holding Company and such company incorporated in India which is its subsidiary company, has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Holding Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**Management's and Board of Directors' Responsibilities for Internal Financial Controls**

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective company/Company/Holding Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's/Company's/Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with Reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Other Matter(s)**

The internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India and included in these consolidated financial statements, have not been audited either by us or by other auditor. In our opinion and according to the information and explanations given to us by the Management, such unaudited subsidiary company is not material to the Holding Company.

Our opinion is not modified in respect of this matter.

**Securities Premium:**

The aggregate difference between the par value of shares and the subscription amount is recognised as share premium.

**Capital Reserve :**

The company recognises profit and loss on purchase, sale, issue or cancellation of the company's own equity instruments to capital reserve.

**Retained Earnings:**

Retained earnings represents the undistributed profits of the Company accumulated as on Balance Sheet date.

**Foreign currency translation reserve :**

The exchange differences arising from the translation of financial statements of foreign operations with functional currency other than Indian rupees is recognised in other comprehensive income and is presented within equity in the foreign currency translation reserve.

**Cash Flow Hedging Reserve :**

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. Such gains or losses will be reclassified to statement of profit and loss in the period in which the hedged transaction occurs.

**Share Option Outstanding Account :**

It represents the fair value of services received against employees stock options.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**1. Company Overview**

Comviva Technologies Limited (“the Company”) is provider of mobility solutions and a part of Mahindra Group. The company’s offerings are broadly divided into three categories: Financial Solutions, Digital Systems and Growth Marketing. Its extensive portfolio of solutions spans digital financial services, customer value management, messaging and broadband solution and digital lifestyle services. The company strives to enable service providers to enhance customer experience, resolve real, on-ground challenges and leverage technology to transform the lives of customers. Comviva’s solutions are deployed at various service providers and financial institutions and enrich the lives of people to deliver a better future.

The Company is a subsidiary of Tech Mahindra Limited.

The consolidated financial statements for the period ended March 31, 2023 were approved by the Board of Directors and authorized for issue on April 24, 2023.

**2. Significant Accounting Policies**

**2.1 Statement of Compliance**

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

**2.2 Basis for preparation of consolidated financial statements**

The functional currency of the Company and its Indian subsidiaries is the Indian Rupee (“INR”). Further, amounts which are less than half a million are reported as ‘0’. The functional currency of foreign subsidiaries is the currency of the primary economic environment in which the entity operates. These consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Group’s normal operating cycle.

In estimating the fair value of an asset or liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Current/ Non-current classification

The Group classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Group's normal operating cycle is twelve months.

**2.3 Basis of Consolidation:**

The consolidated financial statements comprise the financial statements of Comviva Technologies Limited and its subsidiaries (the Company and its subsidiaries constitute "the Group").

The Company consolidates all entities which are controlled by it.

The Company establishes control when; it has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity.

Subsidiaries are consolidated from the date control commences until the date control ceases.

The results of subsidiaries acquired, or sold, during the year are consolidated from the effective date of acquisition and up to the effective date of disposal, as appropriate.

All inter-company transactions, balances and income and expenses and cash flows are eliminated in full on consolidation.

Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the company's interests and the non-controlling interests are adjusted to reflect changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

**Particulars of Consolidation:**

The consolidated financial statements present the consolidated accounts of the Group, which consists of accounts of the Company and its subsidiaries:

**Investment in Subsidiaries:**

| Sr. No. | Name of the Subsidiary | Country of Incorporation | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|---|
| 1 | Comviva Technologies Nigeria Limited | Nigeria | **100%** | 100% |
| 2 | Comviva Technologies FZ-LLC | UAE, Dubai | **100%** | 100% |
| 3 | Comviva Technologies B.V. and its subsidiaries: | Netherlands | **100%** | 100% |
| | i. Comviva Technologies (Argentina) S.A. (0.04% held by Comviva Technologies limited) | Argentina | **100%** | 100% |
| | ii. Comviva Technologies Do Brasil Indústria, Comércio, Importação E Exportação LTDA (0.04% held by Comviva Technologies limited) | Brazil | **100%** | 100% |
| | iii. Comviva Technologies Colombia S.A.S. | Colombia | **100%** | 100% |
| | iv. Comviva Technologies Mexico, S. de R.L. de C.V.* (0.04% held by Comviva Technologies FZ LLC) | Mexico | **100%** | 100% |
| | v. Comviva Technologies (Australia) Pty. Ltd. And its subsidiary | Australia | **100%** | 100% |
| | vi. Comviva International Netherlands B.V. (formerly known as DynaCommerce Holding BV)*** | Netherlands | **100%** | - |
| | a. Emagine International Pty. Ltd.^ | Australia | **100%** | 100% |
| 4 | Comviva Technologies Madagascar Sarlu | Madagascar | **100%** | 100% |
| 5 | YABX Technologies (Netherlands) BV*** | Netherlands | **100%** | 100% |
| 6 | Comviva Technologies USA Inc. | USA | **100%** | 100% |
| 7 | Comviva Technologies Myanmar Ltd. | Myanmar | **100%** | 100% |
| 8 | Comviva Technologies Cote D’ivorie** | Ivory Coast | **100%** | 100% |
| 9 | Yabx India Private Limited | India | **99.80%** | 99.80% |
| 10 | Comviva Technologies Americas Inc | USA | **100%** | 100% |

*, Comviva Technologies Mexico, S de R.L. de C.V. has been dissolved and liquidated with effect from March 3, 2021. However, the process of cancellation of registration before Mexican tax authorities is pending as on date of this Report.

The Company also maintains an ESOP named “Comviva ESOP Trust” which is also consolidated in company financial statements.

**, The Company incorporated another wholly owned subsidiary named Comviva Technologies Cote D’ivorie in February 2020, however capital is not infused till March 31, 2023 and no business in same is started.

***, During the year one of the subsidiary namely, Comviva Technologies Netherlands BV has acquired 100 % shares of Comviva International Netherlands BV (formerly known as DynaCommerce Holding BV), refer note 40 for more details.

^ With effect from 1st June 2022, company has been deregistered.

**2.4 Use of Estimates:**

The preparation of consolidated financial statements requires the management of the Group to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

**Critical accounting estimates**

**i) Revenue Recognition**

The Group applies the proportionate method for measurement of performance obligation in accounting for its fixed price contracts. Use of the proportionate method requires the Group to estimate the efforts to date as a proportion of the total budgeted efforts. Efforts have been used to measure progress towards completion as there is a direct relationship between input and productivity.

**ii) Income taxes**

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.17.

**iii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.5.

**iv) Provisions**

Provision is recognized when the Group has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.19.

**v) Business combinations and intangible assets**

Business combinations are accounted for using Ind AS 103. Ind AS 103 requires the identifiable net assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquire. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets and their estimated useful life. These valuations are generally conducted by independent valuation experts.

**vi) Impairment of Goodwill**

The Group estimates the value in use of the cash generating unit (CGU) based on the future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The discount rate used for the CGU's represent the weighted- average cost of capital based on the historical market returns of comparable companies.

**2.5 Property, Plant & Equipment and Other Intangible assets**

Property, Plant & Equipment and Other Intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciation / amortization of Property, Plant & Equipment and Other Intangible assets:

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation / amortization on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life except in respect of the following categories of assets, where the life of the assets has been assessed as under based on technical advice, considering the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

| Type of Asset | Estimated useful life |
|---|---|
| Plant and Equipment (including Computers and Electrical Equipment) | 3 -5 years |
| Office Equipment | 5 years |
| Furniture and Fixtures | 5 years |

The estimated useful lives and residual values of the Property, Plant & Equipment and Other Intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of Property, Plant & Equipment and intangible assets is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

Improvements to leased premises are amortized over their estimated useful life or period of the lease, whichever is shorter.

Assets costing upto ₹ 5,000 are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

Computer Software and Hardware acquired for specific projects are amortized over the initial contract life of the project.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Intellectual Property Right (IPR) is amortized over a period of upto 6 years.

Customer relationships & contracts are amortized over a period of 3 years and commercial contracts are amortised over a period of 7 years.

Licenses are amortized over a period of 2 years.

**2.6 Business Combination**

Business combinations are accounted for using the purchase (acquisition) method. The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expenses as incurred.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting dates in accordance with IND AS 109 Financial Instruments or IND AS 37 Provisions, Contingent Liabilities and Contingent Assets, with the corresponding gain or loss being recognised in standalone statement of profit or loss.

**2.7 Goodwill and intangible assets**

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount. Intangible assets acquired separately are measured at cost of acquisition. Intangible assets acquired in a business combination are measured at fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

## 2.8 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Group as a lessee**

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by- lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

**Group as a lessor**

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. The Group recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor’s net investment in the lease. When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Group applies Ind AS 115 Revenue to allocate the consideration in the contract.

**2.9 Impairment of Assets**

**i) Financial assets**

Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a Group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortized cost is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. In a subsequent period, if the amount of impairment loss decreases and the decrease can be related objectively to an event, the previously recognised impairment is reversed through profit or loss.

**ii) Non-financial assets**

Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e., higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the profit or loss.

**Goodwill**

CGUs to which goodwill has been allocated are tested for impairment annually, or more frequently when there is indication for impairment. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis of the carrying amount of each asset in the unit.

**2.10 Inventories**

Inventories are stated at lower of cost or net realizable value. In determining the cost of materials, the weighted average cost method is used.

**2.11 Non – current assets (or disposal groups) held for sale**

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale. Assets and liabilities classified as held for sale are presented separately in the balance sheet. If the criteria stated by IND AS 105 "Non-current Assets Held for Sale and Discontinued Operations" are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of:

i. It's carrying amount before the asset was classified as held for sale, and

ii. It's recoverable amount at the date when the disposal group ceases to be classified as held for sale.

**2.12 Revenue recognition**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

Revenue from time and material and job contracts is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognized based on time elapsed mode and revenue is straight lined over the period of performance.

In case of revenue sharing arrangements, revenue is recognized basis actual usage of value-added services as per contractually agreed rates.

Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognized upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customization services rendered, revenue against these services recognized over the period of time using proportionate method for measuring performance obligation.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on actual hours incurred to date as a percentage of total budgeted hours required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable.

Revenue from the sale of distinct third party hardware is recognized at the point in time when risk and rewards is transferred to the customer.

The solutions offered by the Group may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

Unearned and deferred revenue ("contract liability") is recognized when there are billings in excess of revenues.

Use of judgments in revenue recognition.

The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group uses judgement to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Group uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalization. The assessment of this criterion requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Dividend income is recognized when the Group's right to receive dividend is established.

**2.13 Foreign currency transactions**

**(a) Presentation and functional currencies**

The functional currency of Comviva Technologies Limited is Indian Rupees (INR) whereas the functional currency of foreign subsidiaries is the currency of their countries of domicile.

**(b) Translation**

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency (INR) using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the profit or loss.

**(c) Adjustment due to hyperinflation**

After July 1, 2018, the Argentine economy was considered, for purposes of IND AS 29 as hyperinflationary. The financial statements of the subsidiaries whose functional currency is the Argentine Peso have been restated.

The non-monetary items of the statement of financial position as well as the income statement, comprehensive incomes and cash flows of the group's entities, whose functional currency corresponds to a hyperinflationary economy, are adjusted for inflation and re-expressed in accordance with the variation of the consumer price index ("CPI"), at each presentation date of its financial statements. The re-expression of non-monetary items is made from the date of initial recognition in the statements of financial position and considering that the financial statements are prepared under the historical cost criterion.

Net losses or gains arising from the re-expression of non-monetary items and income and costs are recognized in the consolidated income statement under "Hyperinflation Adjustment on non monetary position".

Net gains and losses on the re-expression of opening balances due to the initial application of IND AS 29 are recognized in the consolidated retained earnings.

Re-expression due to hyperinflation will be recorded until the period in which the economy of the entity ceases to be considered as a hyperinflationary economy, at that time, the adjustments made by hyperinflation will be part of the cost of non-monetary assets and liabilities.

The comparative amounts in the consolidated financial statements of the Company are presented in a stable currency and are not adjusted for subsequent changes in the price level or exchange rates.

**2.14 Foreign Operations:**

For the purpose of these financial statements, the assets and liabilities of the Group's foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognized in other comprehensive income and accumulated in equity.

**2.15 Financial Instruments:**

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in profit or loss.

**i) Non-derivative financial instruments:**

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortized cost is carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Group, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

Financial liabilities

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**ii) Derivative financial instruments and hedge accounting**

The Group uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Group designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Ind AS 109.

The use of foreign currency forward contracts / options is governed by the Group policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Group's risk management strategy. The counter party to the Group's foreign currency forward contracts is generally a bank. The Group does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognized in other comprehensive income and accumulated under Hedging Reserve and the ineffective portion is recognized immediately in the Statement of Profit and Loss.

Amounts previously recognized in other comprehensive income and accumulated in Hedging Reserve are reclassified to profit or loss in the same period in which gains/losses on the item hedged are recognized in the

Statement of Profit or Loss. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognized in other comprehensive income and accumulated in Hedging Reserve are transferred from Hedging Reserve and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Any Profit or Loss arising on cancellation or renewal of such a forward exchange contract is recognized as income or as expense in the period in which such cancellation or renewal occurs. Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the Statement of Profit and Loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified in Hedging Reserve is retained there and is classified to Statement of Profit and Loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in Hedging Reserve is transferred to the Statement of Profit and Loss for the period.

**iii) De-recognition of financial instruments**

The group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The group derecognizes financial liabilities when, and only when, the group's obligation is discharged, cancelled or have expired.

**2.16 Employee benefits**

**i) Gratuity:**

The group accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for India location. Certain overseas subsidiaries/ branches of the group also provide for retirement benefit plans in accordance with the local laws.

Actuarial gains and losses are recognized in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

**ii) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company and its Indian subsidiaries make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. Full contribution is made to recognised provident fund. The contributions to the trust managed by the Company is accounted for as a defined benefit plan as the Company is liable for any shortfall in the fund assets based on the government specified minimum rates of return.

**iii) Compensated absences:**

The group provides for the compensated absences subject to group's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for India location and some branches of Company, whereas provision for encashment of unavailed leave on retirement is made on actual basis for foreign subsidiaries and other branches of Company.

Actuarial gains and losses are recognized in full in the Statement of Profit and Loss in the period in which they occur.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

**iv) Other short term employee benefits:**

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognized during the period when the employee renders the service.

**2.17 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

**Deferred income taxes**

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset is recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred income tax liabilities are recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Group will pay normal income tax in future.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

**2.18 Earnings per share**

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/(loss) per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**2.19 Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Group has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**2.20 Provision for Warranty**

The Group has an obligation by way of warranty to maintain the software during the period of warranty, which may vary from contract to contract. Costs associated with such sale are accrued at the time when related revenues are recorded and included in cost-of-service delivery. The Group estimates such cost based on historical experience and the estimates are reviewed periodically for material changes in the assumptions.

**2.21 Research and Development**

Expenditure on research is written off in the period in which it is incurred. Development expenditure incurred on specific projects is capitalised where the Board is satisfied that the following criteria have been met:

- it is technically feasible to complete the software product so that it will be available for use and management intends to complete the software product and use or sell it
- it can be demonstrated how the software product will generate probable future economic benefits
- adequate technical, financial, and other resources to complete the development and to use or sell the software product are available; and
- the expenditure attributable to the software product during its development can be reliably measured.

Directly attributable costs that are capitalised as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

External software license cost includes expenditure that is directly attributable to the acquisition of the items.

Computer software development expenditure and external software licenses recognised as assets are amortised on a straight-line basis over their estimated useful lives, which does not exceed 3 years

**Development Costs**

The Group capitalises costs for product development projects. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model. In determining the amounts to be capitalised, management makes assumptions regarding the expected future cash generation of the project, discount rates to be applied and the expected period of benefits.

**2.22 Borrowing Costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of that asset. All other borrowing costs are charged to the statement of profit and loss.

**2.23 Discontinued operations**

A discontinued operation is a component of Group's business, the operations and cash flows of which can be clearly distinguished from those of the rest of the Group and which represents a separate major line of business or geographical area of operations and

i. Is part of a single coordinated plan to dispose of a separate major line of business or geographic area of operations; or

ii. Is a subsidiary acquired exclusively with a view to re-sale.

When an operation is classified as a discontinued operation, the comparative statement of profit loss is re-presented as if the operation had been discontinued from the start of the comparative period.

**2.24 Recent pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

| Projects temporarily suspended | - | - | - | - | - |

| **As at 31-Mar-2023** | **CWIP to be completed in** | | | | |
|---|---|---|---|---|---|
| | | **1-2 years** | **2-3 years** | **> 3 years** | **Total** |
| Project 1 | 116 | - | - | - | 116 |
| Project 2 | - | - | - | - | - |

**Capital work-in-progress ageing schedule as on March 31, 2022**

| CWIP | Amount in CWIP for a period of | | | |
|---|---|---|---|---|
| | **Less than 1 year** | **1-2 years** | **2-3 years** | **> 3 years** | **Total** |
| Projects in progress | 71 | - | | - | 71 |
| Projects temporarily suspended | - | - | - | - | - |

| As at 31-Mar-2022 | CWIP to be completed in | | | | |
|---|---|---|---|---|---|
| | | **1-2 years** | **2-3 years** | **> 3 years** | **Total** |
| Project 1 | 71 | | | | |
| Project 2 | | | | | |

The group does not have any CWIP which is overdue or as exceeded its cost compared to its original plan and hence CWIP (including intangible assets under development ) completion schedule is not applicable.

**Note 3E - Intangible assets under development (Internally generated assets)**

The Group has incurred in Research and Development costs towards research, technology, engineering and new product development. The Group follows a policy of capitalising new product development, which meets the criteria of Ind AS 38 Intangible assets and has accordingly recognised such cost

as Internally generated Intangible asset under 'Intangible assets under development'.

The details of expenses which are recognised as Intangible assets under development is as follows:

| Particulars | **March 31, 2023** | March 31, 2022 |
|---|---|---|
| Salaries, wages and bonus | **260** | - |
| Subcontracting cost | **101** | - |
| Total | **361** | - |

**Intangible Asset under Development (IAUD) Ageing schedule as on March 31, 2023**

| Intangible assets under development | Amount in IAUD for a period of | | | | |
|---|---|---|---|---|---|
| | **Less than 1 year** | **1-2 years** | **2-3 years** | **> 3 years** | **Total** |
| Projects in progress | 361 | - | - | - | - |
| Projects temporarily suspended | - | - | - | - | - |

**Intangible Asset under Development whose completion is overdue compared to its original plan:**

| As at 31-Mar-2023 | Amount in IAUD for a period of | | | | |
|---|---|---|---|---|---|
| | Less than 1 year | 1-2 years | 2-3 years | > 3 years | Total |
| Mobiquity Pay v11 | 96 | - | - | - | - |
| PreTUPS V8 | 21 | - | - | - | - |
| MRTM 0.5 | 49 | - | - | - | - |
| DBXP | 61 | - | - | - | - |

**Intangible Asset under Development (IAUD) Ageing schedule as on March 31, 2022**

There were no intangible asset under development as on March 31, 2022

**Note 4A - Deferred tax assets (net) :**

**VI] Assumptions**

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Discount Rate | **7.10%** | 6.30% |
| Salary Escalation Rate | **7.50%** | 7.00% |
| Mortality Rate | **Indian Assured Lives Mortality (2006-08) Ult.** | Indian Assured Lives Mortality (2006-08) Ult. |
| Employee separation Rate | **17.00%** | 17.00% |

a) Discount rate : It is based upon the market yields available on Government Bonds at the accounting date with a term that matches that of the obligation.

b) Salary Escalation Rate: The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

c) Employee separation Rate: The assumption of Employee separation rate represents the company's expectation of employee turnover.

**VII] Sensitivity analysis**

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **A: Discount rate** | | |
| 1. Effect on DBO due to 0.5% increase in discount rate | **(6)** | (5) |
| 2. Effect on DBO due to 0.5% decrease in discount rate | **6** | 5 |
| **B: Salary Escalation Rate** | | |
| 1. Effect on DBO due to 0.5% increase in Salary escalation rate | **7** | 4 |
| 2. Effect on DBO due to 0.5% decrease in Salary escalation rate | **(6)** | (4) |
| **C: Withdrawal Rate** | | |
| 1. Effect on DBO due to 5% increase in withdrawal rate | **(5)** | (3) |
| 2. Effect on DBO due to 5% decrease in withdrawal rate | **6** | 3 |

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

**Method used for sensitivity analysis:** The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

**VIII] Expected benefit payments for the period ended**

₹ in million

| Payout in the next | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| 1 year | **50** | 41 |
| 1-2 years | **45** | 32 |
| 2-3 years | **43** | 35 |
| 3-4 years | **46** | 33 |
| 4-5 years | **63** | 36 |
| 5 years and beyond | **263** | 168 |

**IX] Plan asset information:**

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Schemes of insurance - conventional products | **100%** | 100% |

**X] Description of Plan characteristics and associated risks-**

The Gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The Plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

1. Interest rate risk

2. Salary Inflation risk

3. Demographic risk

**XI] Description of Funding arrangements and policies-**

The Gratuity scheme of the company is partially funded by way of a separate irrevocable Trust and the company is expected to make regular contributions to the Trust. The fund is managed internally by the company and assets are invested in insurance funded arrangements.

**25. Disclosure as per IND AS 116-Leases**

Amounts recognised in statements of cash flows:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Cash outflow for leases | **119** | 103 |
| Total | **119** | 103 |

**26. Segment Information**

**a) Business segments:**

The company is engaged in the business of mobility solutions and IT services. As defined in Ind AS 108, the 'Chief Operating Decision Maker' (CODM) considers entire business as single operating segment. The company's operating divisions are managed from India. There are four customers who account for more than 10% of the company's revenue individually.

**b) Geographical segments:**

The geographical information analyses the company's revenue by the company's country of domicile (i.e. India) and outside India (i.e. Rest of world) presenting geographical information, segment revenue has been on the geographic location of customers.

| Particulars | For the year ended March 31, 2023 | | |
|---|---|---|---|
| | **India** | **Rest of the world** | **Total** |
| Revenue from operations | 1,318 | 11,488 | 12,806 |

| Particulars | For the year ended March 31, 2022 | | |
|---|---|---|---|
| | **India** | **Rest of the world** | **Total** |
| Revenue from operations | 673 | 8,088 | 8,761 |

Management believes that it is currently not practicable to bifurcate the assets based on geographies. Hence, no disclosure is provided for the same.

**27. Related Party Disclosure**

** Employment benefits comprising gratuity, and compensated absences are not disclosed as these are determined for the company as a whole.

Figures in brackets ‘’[ ]’’ are for year ended March 31, 2022.

# Trade payables includes creditors for capital goods.

**28 Contingent Liabilities and Commitments:**

**(i) Contingent Liabilities:**

₹ in million

| Sr. No. | Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| 1 | Bank Guarantees | **103** | 61 |
| 2 | Income tax matters (refer note I) | **2,012** | 1,613 |
| 3 | Indirect tax matters (refer note II) | **555** | 408 |
| 4 | Other claims against the company not acknowledged as debts (refer note III) | **49** | 48 |

**Note**:

**I Income Tax Matter:**

The Company has ongoing disputes with income tax authorities relating to tax treatment of certain items. The disputes relate to tax treatment of certain expenses claimed as deductions, computation and eligibility of tax incentives or allowances. The Company has contingent liability in respect of demands from direct tax authorities in India and other jurisdictions, which are being contested by the Company on appeal amounting ₹ 2,013million and ₹ 1,613 million as at March 31, 2023 and March 31, 2022 respectively. The Company periodically receives notices and inquiries from income tax authorities related to the Company's operations in the jurisdictions it operates in. The Company has evaluated these notices and inquiries and has concluded that any consequent income tax claims or demands by the income tax authorities will not succeed on ultimate resolution. The number of years that are subject to tax assessments varies depending on tax jurisdiction. The major tax jurisdictions of Comviva Technologies Limited include India and African countries. In India, tax filings from fiscal 2017 are generally subject to examination by the tax authorities. In African counties, the statute of limitation vary by state.

**II Indirect Tax Matter:**

The Company has ongoing disputes with tax authorities mainly relating to availment of input tax credit and indirect tax matters. The Company has demands amounting to ₹ 555 million and ₹ 408 million as at March 31, 2023 and March 31, 2022, respectively from various indirect tax authorities which are being contested by the Company based on the management evaluation and on the advice of tax consultants.

**III Other Claims:**

claims aggregating ₹ 49 million and ₹ 48 million as at March 31, 2023 and March 31, 2022, respectively, against the Company have not been acknowledged as debt. The amounts assessed as contingent liability do not include interest that could be claimed by counter parties.

**(ii) Commitments :**

₹ in million

| Sr. No. | Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| 1 | Estimated amount of contracts remaining to be executed on capital account and not provided for | **179** | 187 |

**29. Financial instruments**

**I] Financial instruments by category**

The carrying value and fair value of financial instruments by categories as at March 31, 2023 were as follows:

₹ in million

| Particulars | Amortised cost | Financial assets/ liabilities at fair value through profit or loss | Derivative instruments in hedging relationship | Total carrying value and Fair value* |
|---|---|---|---|---|
| **Assets:** | | | | |
| Cash and cash equivalents (refer note 9) | 2,891 | - | - | 2,891 |
| Other balances with banks (refer note 10) | 100 | - | - | 100 |
| Investment in bonds-quoted (Refer Note 7B) | | 6 | | 6 |
| Trade receivables (refer note 8(i) and 8(ii)) | 6,378 | - | - | 6,378 |
| Other financial assets (refer note 11(i) and 11(ii)) | 71 | - | - | 71 |
| **Total** | 9,440 | 6 | - | 9,446 |
| **Liabilities**: | | | | |
| Trade payables (refer note 17) | 3,473 | - | - | 3,473 |
| Borrowings (refer note 14) | - | - | - | - |
| Lease liabilities | 266 | - | - | 266 |
| Other financial liabilities (refer note 18) | 412 | - | 11 | 423 |
| **Total** | 4,151 | - | 11 | 4,162 |

The carrying value and fair value of financial instruments by categories as at March 31, 2022 were as follows:

₹ in million

| Particulars | Amortised cost | Financial assets/ liabilities at fair value through profit or loss | Derivative instruments in hedging relationship | Total carrying value and Fair value* |
|---|---|---|---|---|
| **Assets:** | | | | |
| Cash and cash equivalents (refer note 9) | 1,300 | - | - | 1,300 |
| Other balances with banks (refer note 10) | 72 | - | - | 72 |
| Investment in bonds-quoted (Refer Note 7B) | - | 954 | - | 954 |
| Investment in mutual fund (refer note 7A) | - | 12 | - | 12 |
| Trade receivables (refer note 8(i) and 8(ii)) | 5,190 | - | - | 5,190 |
| Other financial assets (refer note 11(i) and 11(ii)) | 65 | 1 | 7 | 73 |
| **Total** | 6,627 | 967 | 7 | 7,601 |
| **Liabilities:** | | | | |
| Trade payables (refer note 17) | 1,782 | - | - | 1,782 |
| Borrowings (refer note 14) | 1,528 | - | - | 1,528 |
| Lease liabilities | 265 | - | - | 265 |
| Other financial liabilities (refer note 18) | 500 | - | - | 500 |
| **Total** | 4,075 | - | - | 4,075 |

*The fair value of cash and cash equivalents, other balances with bank, trade receivables, unbilled receivables, loans, trade payables, borrowings and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

**II] Fair Value Hierarchy**

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required): The different levels have been defined as follows:

**Level 1** - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2** – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

₹ in million

| Particulars | As at March 31, 2023 | Fair value measurement As at end of the reporting period using | | |
|---|---|---|---|---|
| | | Level 1 | Level 2 | Level 3 |
| Assets | | | | |
| Investments in mutual fund | - | - | - | - |
| Investment in bonds-quoted | 6 | 6 | - | - |
| Derivative financial liabilities | 11 | - | 11 | - |

₹ in million

| Particulars | As at March 31, 2022 | Fair value measurement As at end of the reporting period using | | |
|---|---|---|---|---|
| | | Level 1 | Level 2 | Level 3 |
| Assets | | | | |
| Investments in mutual fund | 954 | 954 | - | - |
| Investment in bonds-quoted | 12 | 12 | - | - |
| Derivative financial liabilities | 8 | - | 8 | - |

**III] Financial Risk Management**

**Financial Risk Factors**

The Group's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Group is foreign exchange risk. The Group uses derivative financial instruments to mitigate foreign exchange related risk exposures.

**(i) Market Risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Group's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**(a) Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Group operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar, Euro against the respective functional currency of the Group. The Group, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange currency risk.

The Group evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the respective functional currency of the Group. Further the exposure as indicated below is mitigated by some of the derivative contracts entered into by the Group as disclosed in note below.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

₹ in million

| Particulars | Currency | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| | EUR | **924** | 1,024 |
| Financial assets | USD | **3,885** | 2,391 |
| | Others | **910** | 1,576 |
| | EUR | **(21)** | 41 |
| Financial liabilities | USD | **(720)** | 1,283 |
| | Others | **(58)** | 200 |

**Forex sensitivity analysis:**

A reasonably possible strengthening by 10% of EUR, USD against the Indian Rupee as at March 31, 2023 and March 31, 2022 will affect the statement of profit and loss by the amounts shown below:

₹ in million

| Currency | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| EUR | **95** | 98 |
| USD | **460** | 111 |

**(b) Foreign Exchange Contracts**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit risk and liquidity risk which may impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential effects on the financial performance of the Company.

The Company enters into foreign Exchange Forward Contracts to offset the foreign currency risk arising from the amounts denominated in currencies other than the Indian Rupee. The counter party to the Company's foreign currency Forward Contracts is generally a bank. These contracts are entered into to hedge the foreign currency risks of certain forecasted transactions. These contracts are for a period lies between 1 day to 1 year.

The following are the principal amounts of outstanding foreign currency exchange forward entered into by the Company which have been designated as Cash Flow Hedges:

| Currency | Amount outstanding as at March 31, 2023 in foreign currency | Fair value Gain/ (loss) in ₹ |
|---|---|---|
| **In USD** | 20.00 million | 20.50 million |
| | (March 31, 2023: 20.50 mn) | (March 31, 2022: 6 mn) |
| **In Euro** | 10.00 million | 1.45 million |
| | (March 31, 2023: 1.45 mn) | (March 31, 2022: 2 mn) |

The movement in hedging reserve for derivatives designated for cash flow hedges is as follows:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| (a) Balance at the beginning of the period | **7** | 9 |
| (b) Changes in the fair value of effective portion of derivatives - Gain/ (loss) | **-** | (32) |
| (c) Net (gain)/loss reclassified to statement of profit and loss on occurrence of hedged forecasted transactions | **(5)** | 30 |
| (d) Gain/(loss) on cash flow hedging derivatives, net (b+c) | **(5)** | (3) |
| (e) Balance at the end of the period | **2** | 7 |
| (f) Tax impact on effective portion of outstanding derivatives | **(0)** | (2) |
| (g) Balance at the end of the period, net of deferred tax (e+f) | **1** | 5 |

**(ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Group result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, quoted bonds issued by government and quasi government organizations with high credit ratings.

**Credit Risk Exposure**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 6,449 million, ₹ 5,262 million as at March 31, 2023, March 31, 2022 respectively, being the total of the carrying amount of trade receivables, unbilled revenue and other financial assets. In addition, the Group is exposed to credit risk in relation to financial guarantees given to banks provided by the Group. The Group's maximum exposure in this respect is the maximum amount the Group would have to pay if the guarantee is called on. Refer Note 28(i).

**Trade receivable**

Ind AS requires expected credit losses to be measured through a loss allowance. The Group assesses at each date of statements of financial position whether a financial asset or a group of financial assets is impaired. The Group recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. Group's exposure to customers is diversified. The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. Movement in the Expected credit loss allowance:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Balance at the beginning of the year | **921** | 875 |
| Provided during the year | **578** | 490 |
| Reversed/utilised during the year | **(486)** | (449) |
| Reinstatement impact | **29** | 5 |
| Balance at the end of the year | **1042** | 921 |

**(iii) Liquidity Risk**

Liquidity risk refers to the risk that the Group cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2023:

₹ in million

| Particulars | Less Than 1 Year | More than 1 year | Total |
|---|---|---|---|
| Borrowings | - | - | - |
| Lease Liabilities | - | - | - |
| Trade Payables | 3,468 | 6 | 3,474 |
| Other financial liabilities | 423 | - | 423 |

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2022:

₹ in million

| Particulars | Less Than 1 Year | More than 1 year | Total |
|---|---|---|---|
| Borrowings | 1,528 | - | 1,528 |
| Lease Liabilities | 94 | 171 | 265 |
| Trade Payables | 1,782 | - | 1,782 |
| Other financial liabilities | 500 | - | 500 |

**Capital management**

The Company's objective while managing capital is to safeguard its ability to continue as a going concern (so that it is enabled to provide returns and create value for its shareholders, and benefits for other stakeholders), support business stability and growth, ensure adherence to the restrictions imposed by lenders and / or relevant laws and regulations, and maintain an optimal and efficient capital structure so as to reduce the cost of capital. However, the key objective of the Company's capital management is to, ensure that it maintains a stable capital structure with the focus on total equity, creditor and customer confidence, and ensure future development of its business activities and appropriate return to shareholders in terms of dividend payout. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements.

## 30 Basic and Diluted Earning per share

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Nominal value per equity share | **10** | 10 |
| Profit after tax from continuing operations | **755** | 547 |
| Profit after tax from discontinued operations | **(117)** | 25 |
| Profit for the period attributable to equity shareholders | **638** | 572 |
| | **No. of Shares** | No. of Shares |
| **Weighted average number of equity shares** | **22,693,742** | 21,869,000 |
| **Weighted average number of diluted equity shares** | **22,693,742** | 21,869,000 |
| **Earning per share from continuing operations** | | |
| Earning Per Share- Basic | **33.29** | 25.03 |
| Earning Per Share- Diluted | **33.29** | 25.03 |
| **Earning per share from discontinued operations** | | |
| Earning Per Share- Basic | **(5.15)** | 1.14 |
| Earning Per Share- Diluted | **(5.15)** | 1.14 |
| **Earning per share from continuing and discontinued operations** | | |
| Earning Per Share- Basic | **28.14** | 26.17 |
| Earning Per Share- Diluted | **28.14** | 26.17 |

## 31 Provision for warranty:

The movement in the said provision is summarized below:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Opening Balance | **8** | 9 |
| Add: Additional provision made during the year | **8** | - |
| Less: Provision reversed during the year | **(8)** | (1) |
| **Closing balance** | **8** | 8 |

Note: Provision for warranty is estimated and made based on technical estimates of the management and is expected to be settled over the period of next year.

**32 The Group has accounted as an expense of ₹ 6 million for the year ended March 31, 2023 (year ended March 31,** 2022: ₹ 10 million) pertaining to amortised cost of stock options granted to certain employees of the group granted by Tech Mahindra Limited, its holding company. This cost is being accounted as an employee benefits expense.

**33 There are no non-wholly owned subsidiaries that have material non-controlling interests.**

**34 Allocation of goodwill by segments as at March 31, 2023 and March 31, 2022 is as follows:**

Following is the summary of changes in carrying amount of goodwill:

₹ in million

| Particulars | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Balance at the beginning of year | **748** | 224 |
| Addition on acquisition (refer note 40) | **182** | 492 |
| Effect of foreign currency exchange differences* | **32** | 32 |
| Impairment recognised during the year | **(268)** | - |
| **Balance at the end of the year** | **694** | 748 |

* Includes impact of hyperinflation

Allocation of goodwill to cash-generating units:

In accordance with IND AS 36 “Impairment of Assets” the Group performed impairment testing of Goodwill assigned to each Cash Generating Unit (CGU) as at 31st March, 2023. The recoverable amount of CGU is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the management covering a year and over and an applicable discount rate. Goodwill has been allocated for impairment testing purposes to their underlying geographical / segmental classification.

Based on the results of the Goodwill impairment test, the estimated value in use in all CGUs except for table given below were higher than their respective carrying amount, hence impairment provision recorded during the current year is INR 268 million (31st March, 2022 - Nil). Management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount.

The discount rate used to determine recoverable amount as at March 31, 2023 are as follows:

| Particulars | Mar-23 | |
|---|---|---|
| | **Discount rate** | **₹ in million** |
| VSPP-Video processing platform | 15.15% | 123 mn |
| TSLEE | 52.74%* | 145 mn |

*Discount rate is based on weighted average inflation differential and country risk premium of Argentina, Brazil, India, Netherlands and USA

Key assumptions used are as follows:

Budgeted Projections: The values assigned to the assumption reflect past experience and are consistent with the management’s plans for focusing operations in these markets. The management believes that the planned market share growth is reasonably achievable.

Price inflation: The values assigned to the key assumption are consistent with external sources of information.

## 35 Disclosures for Revenue from Contracts with Customers

### a) Disaggregation of revenue

Revenue disaggregation by nature of services is as follows:

₹ in million

| Nature of Services | For the year ended March 31, 2023 | | | For the year ended March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Continued | Discontinued | Total | Continued | Discontinued | Total |

| **Total** | 12,450 | 356 | 12,806 | 8,194 | 567 | 8,761 |

Revenue disaggregation by geography is as follows:

₹ in million

| Geography | For the year ended March 31, 2023 | | | For the year ended March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Continued | Discontinued | Total | Continued | Discontinued | Total |
| India | 1,318 | - | 1,318 | 673 | - | 673 |
| Rest of world | 11,132 | 356 | 11,488 | 7,521 | 567 | 8,088 |
| **Total** | 12450 | 356 | 12,806 | 8194 | 567 | 8,761 |

**b)** The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as of the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation for contracts where the performance obligation is a part of a contract that has an original expected duration of one year or less or the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in scope of contracts, periodic revalidations, adjustments for revenue that has not materialized and adjustments for currency.

### c) Significant changes in the contract assets balances is as follows:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Opening balance | **611** | 357 |
| Add: Revenue recognised during year | **1,075** | 519 |
| Less: Invoiced during year | **(430)** | (248) |
| Add/Less: Translation loss/(gain) | **-** | (0) |
| Add/Less: Others | **(54)** | (17) |
| Closing balance | **1,202** | 611 |

**d) Significant changes in the contract liabilities balances is as follows:**

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Opening balance | **36** | 45 |
| Less: Revenue recognised during the period that was included in the unearned revenue at the beginning of the year | **(36)** | (45) |
| Add: Invoiced during the period (excluding revenue recognized during the year) | **70** | 36 |
| Add/Less: Translation loss/(gain) | **-** | - |
| Closing balance | **70** | 36 |

**e) The following table provides information in respect of amount of revenue recognised in the statement of profit and loss with the contracted price showing separately each of the adjustments made to the contract price:**

| Particulars | Continued | Total |
|---|---|---|
| Contracted transaction | 12,875 | 8,777 |
| Less: Adjustment for volume discount, cash discount, upfront discount | - | - |
| Less: Adjustment for penalties / liquidated damages | (69) | (16) |
| Revenue recognized in the statement of profit and loss | 12,806 | 8,761 |

**36 Income Tax Expense**

Tax expense in the statement of profit and loss comprises:

₹ in million

| Particulars | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| Current tax: | | |
| - Tax expense related to current period | **853** | 1,128 |
| - Tax expense related to earlier years | **-** | - |
| **Total Current tax** | **853** | 1,128 |

The tax expense for the period can be reconciled to the accounting profit as follows:

₹ in million

| Particulars | **For the year ended March 31, 2023** | For the year ended March 31, 2022 |
|---|---|---|
| Profit before tax | **1,128** | 1,707 |
| Enacted tax rate | **25.17%** | 25.17% |
| Income tax expense calculated at enacted tax rate | **284** | 430 |
| Effect of expenses/income that are not admissible in determining taxable profit^ | **234** | 131 |
| Effect of differential overseas tax rates | **22** | 33 |
| Effect of income taxes related to prior years | **10** | 519 |
| Effect of tax on income at different rates | **303** | 15 |
| **Tax expense recognised in profit or loss** | **853** | 1,128 |

^ includes ineligible foreign tax credit

## 37 Deferred Tax:

The following is the analysis of Deferred tax assets presented in the Balance Sheet:

₹ in million

| Particulars | **As at March 31, 2023** | As at March 31, 2022 |
|---|---|---|
| Deferred tax assets | **1,164** | 541 |
| Deferred tax liabilities | **-** | (3) |
| Deferred tax assets | **1,164** | 538 |

The tax effect of significant timing differences that has resulted in deferred tax assets are given below:

₹ in million

# INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDER OF COMVIVA TECHNOLOGIES FZ-LLC

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Comviva Technologies FZ-LLC, Dubai Internet City, Dubai – U.A.E. ('the Company'), which comprise the statement of financial position as at 31 March 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity (deficit) and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

We further report that the financial statements comply with the provisions of the Dubai Creative Clusters Private Companies Regulations of 2016.

# COMVIVA TECHNOLOGIES FZ-LLC NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 1. GENERAL INFORMATION

Comviva Technologies FZ-LLC ('the Company'), Dubai Internet City, Dubai, United Arab Emirates is a 100% subsidiary of Comviva Technologies Limited, India registered on 19 February 2012 with the Dubai Technology and Media Free Zone Authority, United Arab Emirates as a Free Zone Limited Liability Company. The registered address of the Company is premises - 1401 & 1408-1409, Floor No. 14, Al Shatha Tower, P.O. Box : 500583, Dubai, United Arab Emirates.

Management considers the parent and ultimate controlling party to be Comviva Technologies Limited, India. The principal activity of the Company is to provide solutions for telecommunication and network.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DISCLOSURES

### 2.1 Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are presented in Arab Emirates Dirhams (AED) and all values are rounded to the nearest Arab Emirates Dirham. The principal accounting policies adopted are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 2.2 Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards.

### 2.3 Adoption of new and revised International Financial Reporting Standards

The following new and revised Standards including amendments thereto and Interpretations which became effective for the current reporting period have been adopted, wherever applicable. Their adoption has not had any significant impact on the amounts reported in these financial statements but may affect the financial reporting for future transactions or arrangements.

Amendments to IFRS 3 - Reference to the Conceptual Framework

Amendment to IFRS 16 - COVID-19-Related Rent Concessions

Amendments to IAS 16 - Proceeds before Intended Use

Amendments to IAS 37- Onerous Contracts - Cost of Fulfilling a Contract

Annual Improvements to IFRS Standards 2018–2020 - Amendments to IFRS 1, IFRS 9 and IAS 41

The following Standards, amendments thereto and interpretations have been issued prior to 31 March 2023 but have not been applied in these financial statements as their effective dates of adoption are for future periods. It is anticipated that their adoption in the relevant accounting periods will have impact only on disclosures within the financial statements.

IFRS 17: Insurance Contracts - 1 January 2023

Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Date to be determined.

Amendment to IFRS 16 - Lease Liability in a Sale and Leaseback- 1 January 2024

Amendments to IAS 1- Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants - 1 January 2024

Amendments to IAS 1 - Disclosure of Accounting Policies - 1 January 2023

Amendments to IAS 8 - Definition of Accounting Estimates - 1 January 2023

Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a single Transaction - 1 January 2023

## 2.4 Foreign currencies

### (a) Functional and presentation currency

The financial statements are prepared and the items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in U.A.E. Dirhams, which is the Company's functional and presentation currency.

### (b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of outstanding amounts of such transactions and from the re-translation of monetary assets and liabilities denominated in foreign currencies at each reporting date are recognised in the profit or loss. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at that date.

Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

## 2.5 Property and equipment

Property and equipment is stated at cost less accumulated depreciation and identified impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items including installation costs. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the profit or loss during the reporting period in which they are incurred.

The depreciation is calculated on a straight-line basis over the estimated useful lives of the assets, as follows:

| | **Years** |
|---|---:|
| Computers | 3 |
| Furniture & fixtures | 5 |
| Network system | 3 |
| Office equipment | 5 |

The assets' residual values and useful lives are reviewed at each reporting date, with the effect of any changes in estimates adjusted on a prospective basis.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

The gains or losses arising on the disposal or retirement of an item of property and equipment is determined by comparing the disposal proceeds with the carrying amount of the asset and is recognised in profit or loss.

## 2.6 Leases

### The Company as lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

### Lease liability

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

**Lease payments included in the measurement of the lease liability comprise:**

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- the payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is presented as a separate line in the statement of financial position. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

**Right-of-use asset**

The right-of-use asset comprises the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement day and any initial direct costs. It is subsequently measured at cost less accumulated depreciation, impairment losses and adjusted for any remeasurement of lease liability.

Right-of-use asset is depreciated over the shorter period of lease term and useful life of the underlying asset. The useful life of the assets are 3 years.

The right-of-use asset is presented as a separate line in the statement of financial position. As a practical expedient, IFRS 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement.

### 2.7 Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

**Recoverable amount is the higher of fair value less costs to sell and value in use.**

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease. Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

### 2.8 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities (unless it is a trade receivable without a significant financing component that is initially measured at the transaction price) are initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

**Financial assets**

A financial asset is classified as measured at: amortised cost; fair value through other comprehensive income ("FVTOCI") – debt investment; fair value through other comprehensive income ("FVTOCI") – equity investment; or fair value through profit or loss ("FVTPL"). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and

- its contractual terms give rise on specified dates to cash flows that are; solely; payments of principal and interest on the outstanding principal amount.

The following accounting policies apply to the subsequent measurement of financial assets.

**Financial assets at amortised cost**

These assets are subsequently measured at amortised cost using the effective interest method and is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment losses are recognised in profit or loss.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

**Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the sum of consideration paid and payable is recognised in profit or loss.

**2.9 Impairment of financial assets**

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' (ECL) model which requires considerable judgement in selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. IFRS 9 requires the Company to record an allowance for ECLs for all financial assets at amortised cost, debt investments at FVTOCI, but not to investments in equity instruments. Under IFRS 9, credit losses are recognized earlier than under IAS 39.

The Company has five types of financial assets that are subject to IFRS 9's expected credit loss model:

- Trade and other receivables (excluding contract assets, prepayments and advance to suppliers),
- Loan to related parties,
- Due from related parties,
- Other current financial assets, and
- Cash and cash equivalents.

While the above financial assets are subject to the impairment requirements of IFRS 9, the identified impairment loss is immaterial, except for trade receivables.

Under IFRS 9, loss allowances are measured on either of the following bases:

12 month ECLs: these are ECLs that result from possible default within 12 months after the reporting date; and

Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instruments.

The Company has applied the standard's simplified approach for trade receivables and has calculated ECLs based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the financial assets and the economic environment.

For all other financial instruments, the Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

The Company considers a financial asset in default when contractual payments are past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

**2.10 Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and bank deposits free of encumbrance with a maturity date of three months or less from the date of deposit and other short-term highly liquid investments with a maturity date of three months or less from the date of investment, net of temporary bank overdrafts.

**2.11 Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is recognised in the profit or loss, net of any reimbursement.

**2.12 Provision for employees' end of service benefits**

Provision for employees' end of service benefits is made in accordance with the U.A.E. Labour Law, and is based on current remuneration and periods of service at the end of the reporting period.

**2.13 Value Added Tax (VAT) payable/receivable**

Value Added Tax (VAT) payable/receivable represents net VAT amount payable to or receivable from the U.A.E. Federal Tax Authority against the value added tax charged to the customers by the Company on its sales and services and the value added tax charged by the suppliers to the Company on its purchases and expenses as per the regulations of Federal Decree Law No. 8 and Cabinet Decision No. 52 of 2017 of United Arab Emirates.

**2.14 Borrowings**

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost using the effective interest rate method.

Difference between the proceeds (net of transaction costs) and the redemption value is recognised in the profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right prior to the reporting date to defer settlement of the liability for at least 12 months after the reporting date.

**2.15 Revenue recognition**

The details of accounting policy in relation to the Company's recognition of revenue from sale of goods and rendering of services are set out below:

Revenue is recognised when a customer obtains control of the goods or services. Determining the timing of the transfer of control, at a point in time or over time, requires judgement. The Company recognises revenue from sale of goods and rendering of services based on a five-step model as set out in IFRS 15:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer goods or services to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the Company satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or

2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or

3. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which performance obligation is satisfied.

When the Company satisfies a performance obligation by delivering the promised goods or services, it creates a contract asset based on the amount of consideration earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised, this gives rise to a contract liability.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty.

Revenue is recognised based on the following specific recognition criteria:

**Sale of goods**

Revenue (Net of discounts) from sale of goods (comprising of hardware and software) is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods or on final acceptance.

Payment of the transaction price is due immediately when the customer purchases the goods and takes delivery.

**Income from services**

Revenue from fixed-price contracts are recognized as per the proportionate-completion method or completed contract method, as applicable provided that no further vendor obligations remain and collection is probable.

Revenue in respect of time-and-material contracts is recognized as and when the related services are rendered. Annual technical services revenue and revenue from fixed-price maintenance contracts are recognized proportionately over the period in which the services are rendered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as contract receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms. Unearned revenue and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

**Interest income**

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

**Contracts with multiple performance obligations**

Some contracts include multiple deliverables, such as the sale of equipment and related services. However, the installation is simple, could be performed by another party. It is therefore accounted for as a separate performance obligation.

Where the contracts include multiple performance obligations, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Company uses input method for recognizing revenue for service revenue.

**Significant judgements about:**

Timing of satisfaction of performance obligation

In making their judgement, the management considered the detailed criteria for the recognition of revenue set out in IFRS 15. The revenue is recognized when the Company has transferred control of the goods or completed provision of service to the customer.

Transaction price and the amounts allocated to performance obligations

Management estimates the stand-alone selling price at contract inception based on observable prices of the type of equipment likely to be provided and the services rendered in similar circumstances to similar customers. If a discount is granted, it is allocated to both performance obligations based on their relative stand-alone selling prices.

## 3. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period.

However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

**a) Depreciation of property and equipment**

Management assigns useful lives and residual values to property and equipment based on the intended use and the economic lives of those assets. Subsequent changes in circumstances could result in the actual useful lives or residual values differing from initial estimates. Where management determines that the useful life or residual value of an asset requires amendment, the net book amount in excess of the residual value is depreciated over the revised remaining useful life.

**b) Impairment of non-financial assets**

Assessments of net recoverable amounts of property and equipment and other non- financial assets are based on assumptions regarding future cash flows expected to be received from the related assets.

**c) Business model assessment**

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated.

The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

**d) Significant increase in credit risk**

ECL are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward-looking information.

**e) Calculation of loss allowance**

When measuring ECL the Company uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements. Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

**f) Lease term and useful lives of right-of-use asset**

The Company's management determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

## 4. PROPERTY AND EQUIPMENT

| | Computers | Furniture & fixtures | Network system | Office equipment | Total |
|---|---|---|---|---|---|

## 6. RELATED PARTY TRANSACTIONS AND BALANCES

Related parties include the shareholder, key management personnel/directors, fellow subsidiaries, associates, joint ventures and entities which are controlled directly or indirectly by the shareholder or directors or over which they exercise significant management influence. Transactions and balances between the Company and its related parties are described below. Transactions with related parties were entered into on terms as agreed by the management.

Management considers the parent and ultimate controlling party to be Comviva Technologies Limited, India.

During the year, the Company entered into the following transactions with related parties:

| | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Comviva Technologies Limited (Parent company) | | |
| Purchases and direct expenses (Note 16) | **9,910,742** | 1,086,425 |
| Dividend paid | **-** | 2,460,000 |
| Fund transfer | **14,540** | 161,803 |
| Entities under common ownership and control | | |
| Interest on loan to related parties (Note 17) | **573,448** | 161,167 |
| Interest on loan from a related party (Note 19) | **257,714** | - |
| Loan given to related parties | **4,359,946** | 2,942,975 |
| Loan repaid by related parties | **-** | 2,752,937 |
| Loan availed from a related party | **10,985,968** | - |
| Lease payment to a related party (Note 13) | **132,000** | 240,000 |
| Fund transferred (net) | **438,873** | 106,655 |

Compensation of key managerial personnel

The key managerial remuneration represents the compensation paid or payable to key management for employee services. The key management includes directors and other members of senior management.

The compensation of key management for the year is shown below:

| | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Salaries and allowances | **1,551,227** | 1,596,371 |
| End of service benefits | **125,200** | 101,716 |
| | **1,676,427** | 1,698,087 |

The compensation to key managerial personnel is included in employee costs (Note 20).

The following balances were outstanding at the end of the reporting period :

| **Loan to related parties** | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Entities under common ownership and control | | |
| Comviva Technologies USA INC, U.S.A. | **6,779,585** | 2,580,770 |
| Comviva Technologies Nigeria Limited, Nigeria | **1,539,149** | 1,548,462 |
| YABX Technologies (Netherlands) B.V., Netherlands | **1,672,547** | 1,502,103 |
| | **9,991,281** | 5,631,335 |

The Company has given a loan of US$ 1,000,000 to Comviva Technologies USA INC, U.S.A. on 10 August 2021 which carries an interest rate of 3 months LIBOR + 200 bps. During 1 June 2022, the Company has provided a loan of US$ 1,500,000 to Comviva Technologies USA INC, U.S.A., which carries an interest rate of 3 months LIBOR + 200 bps.

The Company has given a loan of US$ 420,000 to Comviva Technologies Nigeria Limited on 12 April 2013 which carries an interest rate of LIBOR + 5.5%.

The Company has given a loan of EUR 266,000 to YABX Technologies (Netherlands) B.V. on 15 July 2019 which carries an interest rate of LIBOR + 2%. On 8 September 2022, the Company has amended the loan amount to EUR 500,000.

| **Loan from a related party** | **31.03.2023** | **31.03.2022** |

| Included in trade and other receivables (Note 7) | **4,368** | 1,703,083 |
| Included in trade and other payables (Note 14) | **12,580,929** | 8,692,108 |
| Lease liability (Note 13) | **235,330** | 358,224 |

## 7. TRADE AND OTHER RECEIVABLES

| | **31.03.2023** | **31.03.2022** |
|---|---|---|
| | **AED** | **AED** |
| Trade receivables | **14,255,622** | 16,746,032 |
| Less : Allowance for impairment of trade receivables | **(2,010,613)** | (1,106,240) |
| | **12,245,009** | 15,639,792 |
| Contract assets | **4,069,821** | 4,674,186 |
| Prepayments | **2,227,650** | 2,339,369 |
| Advance to employees | **287,116** | 72,246 |
| VAT receivable | **195,780** | - |
| Refundable deposits | **33,594** | 33,797 |
| Advance to suppliers | **-** | 33,962 |
| Other receivables | **6,664** | 6,664 |
| | **19,065,634** | 22,800,016 |

As at 31 March 2023, trade receivables with a nominal value of AED 2,010,613 (2022 : AED 1,106,240) were provided for as per the requirement under IFRS 9 expected credit loss model.

Movements in the allowance for impairment of trade receivables are as follows:

| | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Balance at the beginning of the year | **1,106,240** | 1,147,643 |
| Provision made during the year (Note 18) | **1,161,962** | 1,164,912 |
| Written off during the year | **(257,589)** | (1,206,315) |
| Balance at the end of the year | **2,010,613** | 1,106,240 |

Trade receivables are non-interest bearing and generally on 30 days credit terms

The following table details the risk profile of trade receivables based on the Company's provision matrix. As the Company's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished between the Company's different customer base.

As at 31 March, the ageing analysis of trade receivables is as follows :

| | Current | 31 to 90 days | 91 to 180 days | 181 to 365 days | Above 365 days | Total |
|---|---|---|---|---|---|---|
| **2023** | **AED** | **AED** | **AED** | **AED** | **AED** | **AED** |
| Gross receivables | 2,566,732 | 7,001,942 | 45,275 | 1,091,322 | 3,550,351 | 14,255,622 |
| Provision % | 0.00% | 0.47% | 20.00% | 1.40% | 55.02% | 14.10% |
| Provision | - | (32,747) | (9,055) | (15,278) | (1,953,533) | (2,010,613) |
| Net receivables | **2,566,732** | **6,969,195** | **36,220** | **1,076,044** | **1,596,818** | **12,245,009** |
| **2022** | | | | | | |
| Gross receivables | 8,211,678 | 1,090,898 | 3,435,001 | 2,640,719 | 1,367,736 | 16,746,032 |
| Provision % | 0.13% | 0.20% | 0.27% | 1.31% | 76.76% | 6.61% |
| Provision | (10,328) | (2,152) | (9,302) | (34,617) | (1,049,841) | (1,106,240) |
| Net receivables | **8,201,350** | **1,088,746** | **3,425,699** | **2,606,102** | **317,895** | **15,639,792** |

## 21. FINANCIAL INSTRUMENTS

The net carrying amounts of the financial assets and financial liabilities at the end of the reporting period are classified below:

| **Financial assets** | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Trade and other receivables (excluding prepayments, contract assets and advance to suppliers) (Note 7) | **12,768,163** | 15,752,499 |
| Loan to related parties (Note 6) | **9,991,281** | 5,631,335 |
| Due from related parties (Note 6) | **1,953,573** | 1,676,709 |
| Other current financial assets (Note 8) | **4,126,647** | 3,136,738 |
| Cash and cash equivalents (Note 9) | **5,184,667** | 2,772,802 |
| | **34,024,331** | 28,970,083 |

| | At amortised cost | |
|---|---|---|
| **Financial liabilities 2** | 31.03.2023 AED | 31.03.2022 AED |
| Trade and other payables (excluding advance from customers and contract liability) (Note 14) | **30,817,461** | 38,013,288 |
| Lease liability (Note 13) | **235,330** | 358,224 |
| Due to a related party (Note 6) | **748,571** | 32,834 |
| Loan from a related party (Note 6) | **10,985,968** | - |
| | **42,787,330** | 38,404,346 |

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 2.8 to the financial statements.

## 22. CAPITAL RISK MANAGEMENT

The Company manages its capital to ensure that the Company will be able to continue as a going concern while providing maximum return to stakeholders through the optimisation of the debt and equity balance and to maintain an optimal capital structure to reduce the cost of capital. The Company's overall strategy on capital risk management remains unchanged from the previous year.

The capital structure of the Company consists of equity funds as presented in the statement of financial position. Debt comprises total amounts owing to third parties and a related party, net of cash and cash equivalents.

## 23. FINANCIAL RISK MANAGEMENT

### Financial risk factors

The Company's activities expose to a variety of financial risks: market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out by the Company's management. The management identifies and evaluates financial risks on regular basis to minimise the adverse impact over the Company's operation.

### (a) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risk : interest rate risk, currency risk and other price risk, such as equity risk and commodity price risk. The Company's activities are exposed primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

#### (i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities, when revenue or expense are denominated in a different currency from the Company's functional currency which is United Arab Emirates Dirham (AED). The Company manages the risks through regular monitoring of the currency markets to determine appropriate action to minimise the exposure to the foreign currency risk.

#### (ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the loan to related parties.

### (b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade receivables and committed transactions) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

The Company deals only with highly reputed local and international banks. In respect of major customers, credit risk is managed by assessing the credit quality of these major customers, taking into account their financial position, past experience and other factors including regular follow up.

**(c) Liquidity risk**

Liquidity risk refers to the risk that an entity will encounter difficulty in meeting obligations associated with its financial liabilities at maturity date.

The Company manages the liquidity risk through risk management framework for the Company's short, medium and long-term funding and liquidity management requirements by maintaining adequate reserves, sufficient cash and cash equivalent to ensure funds are available to meet its commitments for liabilities as they fall due.

The table below analyses the Company's remaining contractual maturity for its financial liabilities based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. The contractual maturity is based on the earliest date on which the Company may be required to pay.

| | Less than 1 year AED | Between 1 to 5 years AED | Total AED |
|---|---|---|---|
| **As at 31 March 2023** | | | |
| Trade and other payables (excluding advance from customers and contract liability) (Note 14) | 30,817,461 | - | 30,817,461 |
| Lease liability (Note 13) | 163,671 | 71,659 | 235,330 |
| Due to a related party (Note 6) | 748,571 | - | 748,571 |
| Loan from a related party (Note 6) | - | 10,985,968 | 10,985,968 |
| | **31,729,703** | **11,057,627** | **42,787,330** |

| | Less than 1 year AED | Between 1 to 5 years AED | Total AED |
|---|---|---|---|
| **As at 31 March 2022** | | | |
| Trade and other payables (excluding advance from customers and contract liability) (Note 14) | 38,013,288 | - | 38,013,288 |
| Lease liability (Note 13) | 146,894 | 211,330 | 358,224 |
| Due to a related party (Note 6) | 32,834 | - | 32,834 |
| | **38,193,016** | **211,330** | **38,404,346** |

## 24. FAIR VALUE

The fair value of a particular asset or liability is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial assets and liabilities approximate their carrying amounts as reflected in these financial statements.

## 25. CONTINGENT LIABILITIES

As at the end of the reporting period the following contingent liabilities were outstanding :

| | 31.03.2023 AED | 31.03.2022 AED |
|---|---|---|
| Letters of guarantee | **4,655,756** | 2,963,296 |

## 26. COMPARATIVE FIGURES

The previous year figures have been reclassified and regrouped, wherever necessary, to conform with the current year presentation.

# INDEPENDENT AUDITOR'S REPORT

**To B S R & Co. LLP, Pune**

**Report on the Audit of the Special Purpose Financial Statements**

### Opinion

We have audited the special purpose financial statements of Comviva Technologies B.V. (the Company), which comprise the Balance Sheet as at March 31, 2023 and the Income Statement and the cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying special purpose financial statements of the Company for the year ended March 31, 2023 are prepared in all material respects, in accordance with the International Financial Reporting Standard (IFRS) as adopted by European Union (EU) and relevant articles of Part 9 of Book 2 of the Dutch Civil Code.

### Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) and instructions dated March 11, 2023 and subsequent clarifications received dated March 23, 2023. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Special purpose financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the special purpose financial statements as prescribed by International Federation of Accountants, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter – Basis of Accounting and Restriction on Distribution and Use

We draw attention to Para 1.1 of the engagement letter, which describes that the financial statements are prepared to assist the Company in complying with the financial reporting provisions of Part 9 of Book 2 of the Dutch Civil Code. As a result, the financial statements may not be suitable for another purpose. The same is provided for the purpose of consolidation only.

Our report is intended solely for the use of B S R & Co. LLP, Pune for inclusion in the consolidated financial statements of Comviva Technologies Limited ("the Group") and should not be distributed to or used by any other parties. BDO India LLP shall not be liable to the Company or to any other concerned for any claims, liabilities or expenses relating to this assignment. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our opinion is not modified in respect of this matter.

Other Matter

We have relied on the scanned copies of the supporting documents for the purpose of issuing our opinion.

Our opinion is not modified in respect of above matter.

### Responsibilities of Management and Those charged with Governance for the Special Purpose Financial Statements

Management is responsible for the preparation and fair presentation of these special purpose financial statements that give a true and fair view in accordance with the International Financial Reporting Standard (IFRS) as adopted by European Union (EU) and relevant articles of Part 9 of Book 2 of the Dutch Civil Code and for such internal control as management determines is necessary to enable the preparation of the special purpose financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Special purpose financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those Charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Special Purpose Financial Statements**

Our objectives are to obtain reasonable assurance about whether the special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Special purpose financial statements.

# ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE SPECIAL PURPOSE FINANCIAL STATEMENTS OF COMVIVA TECHNOLOGIES B.V.

**Auditor's Responsibilities for the Audit of the Special Purpose Financial Statements**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## 1. GENERAL INFORMATION

### Most important activities

The activities of Comviva Technologies B.V., having its legal seat at Amsterdam mainly consist of writing, producing, publishing of software and providing business support services.

### Location actual activities

Comviva Technologies B.V. is located in Amsterdam and is registered at the chamber of commerce under number 63223767. The actual address is Maanplein 7 at ‘s Gravenhage.

Directors report and books of accounts has been kept at the office of the company.

### Group structure

The Company forms part of the Mahindra Comviva Group of companies. The immediate parent company is Comviva Technologies Limited (CTL), India. The Company is ultimately owned by Tech Mahindra Ltd, India.

### Exemption from consolidation

As Comviva Technologies B.V. is classified as “Medium” after consolidation, consolidation has been dispensed pursuant to art. 407, sub 2, under a of book 2 of the Dutch Civil Code (‘Burgerlijk Wetboek’). The Company avails the facility of article 408, Book 2 of the Dutch Civil Code. The annual accounts of the company and its subsidiaries are consolidated into the annual accounts of Tech Mahindra Limited, India. Copies of the consolidated accounts are available at the Trade Register of the Chamber of commerce in Amsterdam. The consolidated accounts will be filed together with the final statements of the Company.

Estimates

In applying the principles and policies for drawing up the financial statements, the directors of Comviva Technologies B.V. make different estimates and judgments that may be essential to the amounts disclosed in the financial statements. If it is necessary in order to provide the transparency required under Book 2, article 362, paragraph 1, the Dutch Civil Code the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

## 2. ACCOUNTING POLICIES

### GENERAL

### General policies

The financial statements are drawn up in accordance with the provisions of Title 9, Book 2, of the Dutch Civil Code and the Dutch Accounting Standards applicable to small legal entities, as published by the Dutch Accounting Standards Board (‘Raad voor de Jaarverslaggeving’).

### Accounting policies for the valuation of assets and equity and liabilities

Assets and liabilities are generally valued at historical cost, production cost or at fair value at the time of acquisition. If no specific valuation principle has been stated, valuation is at historical cost. In the balance sheet, income statement and the cash flow statement, references are made to the notes.

### Accounting policies for the income statement

The result is the difference between the realisable value of the goods/services provided and the costs and other charges during the year. The results on transactions are recognised in the year in which they are realised.

### Foreign currency translation

Items included in the financial statements of Comviva Technologies B.V. are valued with due regard for the currency in the economic environment in which the company carries out most of its activities (the functional currency). The financial statements are denominated in Euros; this is both the functional currency and presentation currency of Comviva Technologies B.V.

### Financial instruments

Securities included in financial and current assets are stated at fair value, if these are related to securities held for trading or if they relate to equity instruments not held for trading, as well as derivatives of which the underlying object is listed on a stock exchange. All other on-balance financial instruments are carried at (amortised) cost. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm’s length transaction. If no fair value can be readily and reliably established, fair value is approximated by deriving it from the fair value of components or of a comparable financial instrument, or by approximating fair value using valuation models and valuation techniques. Valuation techniques include using recent arm's length market transactions between knowledgeable, willing parties, if available, reference to the current fair value of another instrument that is substantially the same, discounted cash flow analysis and/or option pricing models, making allowance for entity-specific inputs.

## ACCOUNTING POLICIES FOR ASSETS

### Intangible assets

Intangible fixed assets are stated at historical cost less amortisation. Impairments are taken into consideration; this is relevant in the event that the carrying amount of the asset (or of the cash generating unit to which the asset belongs) is higher than its realisable value.

### Tangible assets

Land and buildings are valued at historical cost plus additional costs or production cost less straight line depreciation based on the expected useful life. Land is not depreciated. Impairments expected on the balance sheet date are taken into account. With regard to the determination as to whether a tangible fixed asset is subject to an impairment, please refer to the relevant section. Other tangible fixed assets are valued at historical cost or production cost including directly attributable costs, less straight-line depreciation based on the expected future life and impairments.

### Financial assets

Due to the international structure of the group and the use of the consolidation exemption of Article 408, Book 2 of the Dutch Civil Code, participations are recognised at costs. If an asset qualifies as impaired, it is measured at its impaired value; any write offs are disclosed in the income statement. Receivables are valued at fair value and then valued at amortised cost, which equals the face value. The receivables of group companies are included in financial fixed assets, except for maturities less than 12 months after balance sheet date. They are then included in the current assets.

### Receivables

Receivables are initially valued at the fair value of the consideration to be received, including transaction costs if material. Receivables are subsequently valued at the amortised cost price. Provisions for bad debts are deducted from the carrying amount of the receivable.

### Cash and cash equivalents

Cash at banks and in hand represent cash in hand, bank balances and deposits with terms of less than twelve months. Overdrafts at banks are recognised as part of debts to lending institutions under current liabilities. Cash at banks and in hand is carried at nominal value.

## ACCOUNTING POLICIES FOR EQUITY AND LIABILITIES

### Current liabilities

On initial recognition current liabilities are recognised at fair value. After initial recognition current liabilities are recognised at the amortised cost price, being the amount received, taking into account premiums or discounts, less transaction costs. This usually is the nominal value.

## ACCOUNTING POLICIES FOR THE INCOME STATEMENT

### Net revenue

Revenue is recognised upon transfer of control of promised products or services (performance obligations) to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services (transaction price). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Company allocates the transaction price to each distinct performance obligation based on the relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In the absence of such evidence, the primary method used to estimate standalone selling price is the expected cost plus a margin, under which the Company estimates the cost of satisfying the performance obligation and then adds an appropriate margin based on similar services.

**Revenue from time and material and job contracts is recognised as the related services are performed.**

Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

Revenue from the sale of distinct internally developed software and manufactured systems and third-party software is recognised upfront at the point in time when the system / software is delivered to the customer (performance obligation is fulfilled). In cases where implementation and / or customisation services rendered, revenue against these services recognised over the period of time using proportionate method for measuring performance obligation.

The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue (“contract liability”) is recognised when there is billings in excess of revenues.

**Amortisation, depreciation and impairment**

Intangible assets, including goodwill, are amortised and tangible fixed assets are depreciated over their estimated useful lives as from the moment that they are ready for use. Land and investment property are not depreciated.

| Type of Asset | Useful life |
|---|---:|
| Computers (Hardware and Accessories) | Over the life of project |
| Office Equipment | 5 Years |
| Computer Software | 5 Years |

**Other operating expenses**

Costs are determined on a historical basis and are attributed to the reporting year to which they relate.

**Income tax expense**

Tax on the result is calculated based on the result before tax in the income statement, taking account of the losses available for set-off from previous financial years (to the extent that they have not already been included in the deferred tax assets) and exempt profit components and after the addition of non-deductible costs. Due account is also taken of changes which occur in the deferred tax assets and deferred tax liabilities in respect of changes in the applicable tax rate.

**Deferred tax**

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The company has recognised the deferred tax asset on unused tax losses based on the reasonable certainty of the generation of future taxable income.

| Average number of employees during the period | 2022/23 | 2021/22 |
|---|---|---|
| Active within the Netherlands | 2 | 1 |

**14. Financial Instruments**

The company's Board of Directors have an overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

**I] Financial Risk Management**

**Financial Risk Factors**

The company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the company is foreign exchange risk. The company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

**(i) Market Risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss , where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar,Others against the respective functional currency of the company.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the respective functional currency of the company.

The carrying amounts of the company's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

| **Particulars** | **Currency** | **2022-23** | 2021-22 |
|---|---|---|---|
| Financial assets | USD | **10,426,268** | 7,096,501 |
| | Others | **3,695,404** | 3,024,344 |
| Financial liabilities | USD | **7,541,704** | 3,110,681 |
| | Others | **651,432** | 1,347,034 |

**Forex sensitivity analysis:**

A reasonably possible strengthening by 10% of USD against the EURO as at March 31, 2023 and March 31, 2022 will affect the statement of profit and loss by the amounts shown below:

| Currency | 2022-23 | 2021-22 |
|---|---|---|
| USD | **288,456** | 398,582 |
| Others | **304,397** | 167,731 |

**(ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, cash and cash equivalents . None of the financial instruments of the company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the company generally keeps money with banks with high credit ratings assigned by international and domestic credit rating agencies.

**Credit Risk Exposure**

The carrying amount of financial assets represents the maximum credit exposure.

**(iii) Liquidity Risk**

Liquidity risk refers to the risk that the company cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**Capital management**

The Company's objective while managing capital is to safeguard its ability to continue as a going concern (so that it is enabled to provide returns and create value for its shareholders, and benefits for other stakeholders), support business stability and growth, ensure adherence to the restrictions imposed by lenders and / or relevant laws and regulations, and maintain an optimal and efficient capital structure so as to reduce the cost of capital. However, the key objective of the Company's capital management is to, ensure that it maintains a stable capital structure with the focus on total equity, creditor and customer confidence, and ensure future development of its business activities and appropriate return to shareholders in terms of dividend payout. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements.

**Note 15**

There are no Contingencies or commitments not reflected in the balance sheet.

**Note 16**

**PROFIT APPROPRIATION**

Proposed appropriation of the results

The board of directors proposes, with the approval of the supervisory board, that the result for the financial year 2022/2023 amounting to € -77,73,131(previous year € 46,32,874) should be transferred to reserves without payment of dividend.

**Note 17**

**SEGMENT REPORTING**

The Company's activities during the year revolve around business of mobility solutions and IT services. Considering the nature of the Company's business, as well as based on reviews by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment.

Management believes it is currently not practicable to bifurcate the assets based on geographies. Hence, no disclosure is provided for the same

**Note 18**

**TAXATION**

The current tax rate applicable to the company is 19% upto income of Euros 2,00,000 and thereafter 25.8% for greater than Euros 2,00,000.There are losses during the year hence no provision for tax made during the year.

**Note 19**

**Events after the reporting period**

There are no subsequent events after the reporting period affecting the financial statements.

**Note 20**

Previous year figures have beeen regrouped / reclassified wherever considered necessary to confirm to the presentation of current year financial statements.

# INDEPENDENT AUDITORS' REPORT

(Free translation from the original issued in Portuguese. In the event of discrepancy, the Portuguese language version prevails. See Note 20 to the financial statements)

To:

Management and Shareholders of

**Comviva Technologido Brasil Indústria, Comércio, Importação e Exportação Ltda.**

São Paulo - SP

**Opinion**

We have audited the financial statements of Comviva Technologies do Brasil Indústria, Comércio, Importação e Exportação Ltda ("Company"), which comprise the balance sheet as of December 31, 2022, and the related income statements, comprehensive income, changes in net equity and cash flows for the year then ended, as well as the related explanatory notes, including summary of major accounting policies.

In our opinion, the financial statements fairly present, in all material respects, the Company's financial position as of December 31, 2022, the performance of its operations and its cash flows for the year then ended, in accordance with accounting practices adopted in Brazil, applicable to Small and Medium Enterprises (CPC PME).

**Basis for our opinion**

Our audit was conducted in accordance with Brazilian and international auditing standards. Our responsibilities, in accordance with such standards, are described in the following section entitled "Responsibilities of the Auditor for the Audit of Financial Statements." We are independent in relation to the Company, in accordance with the relevant ethical principles set forth in the Code of Ethics for Professional Accountants and in the professional norms issued by the Federal Accounting Council, and we comply with the other ethical responsibilities according to these norms. We believe that the audit evidence we have obtained is sufficient and appropriate to substantiate our opinion.

**Management and governance responsibilities of the financial statements**

Management is responsible for the preparation of the financial statements in accordance with the accounting practices adopted in Brazil applicable to Small and Medium Enterprises – SMEs – and for the internal controls that it has determined to be necessary to enable the preparation of financial statements free from material misstatement, whether caused by fraud or error.

In the preparation of financial statements, management is responsible for evaluating the Company's ability to continue operating, disclosing, when applicable, matters related to its operational continuity and the use of this accounting basis in the preparation of the financial statements, unless Management intends to liquidate the Company or cease its operations, or has no realistic alternative to avoid closing the operations.

Those responsible for the governance of the Company are those responsible for supervising the process of preparing the financial statements.

**Responsibilities of the Auditor for the Audit of Financial Statements**

Our objectives are to obtain reasonable assurance that the financial statements, taken as a whole, are free from material misstatement, whether caused by fraud or error, and issue an audit report containing our opinion. Reasonable safety is a high level of safety, but not a guarantee that the audit conducted in accordance with Brazilian and international auditing standards always detect any relevant distortions. Distortions may be caused due to fraud or error and are considered relevant when, individually or together, they can influence, from a reasonable perspective, the economic decisions of users taken based on said financial statements.

As part of the audit performed, in accordance with Brazilian and international auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. Besides that:

- We identify and evaluate the risks of material misstatement in the financial statements, whether caused by fraud or error; we plan and perform audit procedures in response to such risks, and we obtain audit evidence appropriate and sufficient to substantiate our opinion. The risk of not detecting material misstatement resulting from fraud is greater than that of error, since fraud may involve the act of circumventing internal controls, collusion, forgery, omission, or false intentional representations.

- We obtain an understanding of the internal controls relevant to the audit to plan appropriate audit procedures in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls.

- We evaluate the adequacy of the accounting policies used and the reasonableness of the accounting estimates and respective disclosures made by management.

  We conclude on the adequacy of management's use of the accounting basis for operational continuity and, based on the audit evidence obtained, whether there is a material uncertainty regarding events or conditions that may raise significant doubt regarding the capacity for operational continuity from the company. If we conclude that there is material uncertainty, we should draw attention in our audit report to the respective disclosures in the financial statements or include any change in our opinion if the disclosures are inadequate. Our findings are based on audit evidence obtained up to the date of our report. However, future events or conditions may cause the Company to no longer remain in operational continuity.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those responsible for governance regarding, inter alia, the planned scope, timing of the audit and significant audit findings, including any significant weaknesses in internal controls that we have identified during our work.

São Paulo, April 24, 2023.

## 2. Accounting policies

These financial statements were approved by the Company's executive board on April 24, 2023, considering subsequent events to date.

### 2.1. Conformity declaration

The financial statements were prepared in accordance with accounting practices adopted in Brazil, which cover corporate law, Pronouncements, Guidelines and Interpretations issued by the Accounting Pronouncements Committee (CPCs) and the standards issued by the Federal Accounting Council, applicable to Small and Medium Enterprises (CPC PME).

### 2.2. Measurement basis

The financial statements have been prepared on a historical cost basis, unless otherwise stated.

### 2.3. Functional currency and presentation currency

The financial statements are presented in Brazilian reais, which is the Company's functional currency.

### 2.4. Use of estimates and judgments

The preparation of the financial statements in accordance with the accounting practices adopted in Brazil requires the use of certain accounting estimates and the exercise of judgment by the Company's Management, in the process of applying the accounting policies. Therefore, actual results may differ from these estimates.

Estimates and assumptions are reviewed on an ongoing basis and such reviews are recognized in the period in which they are reviewed and in any affected future years.

Information on uncertainties, assumptions and estimates that have a significant risk of resulting in a material adjustment within the next financial year is mainly included in the explanatory notes:

Explanatory note no. 04 – Provision for losses in the recoverable value of accounts receivable Explanatory note no. 05 – Provision for losses due to obsolescence or low inventory turnover Explanatory note no. 08 - Useful life of assets and depreciation

Explanatory note no. 11 – Provision for contingencies Explanatory note no. 14 – Revenue recognition

### 2.5. Main accounting practices

The accounting policies described below have been applied consistently to all the years presented in these financial statements.

Financial assets and liabilities Financial assets

Financial assets are classified in the following categories: (i) at fair value through other comprehensive income (VJORA); (ii) amortized cost; and (iii) at fair value through profit or loss (VJR). The classification is based both on the entity's business model for managing the financial asset and on the contractual cash flow characteristics of the financial asset.

Financial assets at fair value through comprehensive income

A financial asset is measured at fair value through comprehensive income if it satisfies the "P&J only" criterion, i.e. cash flows that consist exclusively of outstanding principal and interest payments, and that is maintained in a business model. whose objective is achieved both by obtaining contractual cash flows and by selling the financial asset.

Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net income is recognized in “Other comprehensive income”.

**Amortized cost**

These are assets held within the business model, the objective of which is to hold financial assets in order to receive contractual cash flows and, under contractual terms, give rise to cash flows that constitute, exclusively, payment of principal and interest on the amount of the outstanding principal. (Criteria of “P&J only). Amortized cost is reduced by impairment losses. Interest and foreign exchange income and impairment are recognized in income.

**Financial assets at fair value through profit or loss**

A financial asset is measured at fair value through profit or loss when it does not meet the classification criteria of the other previous categories or when, on initial recognition, it is designated to eliminate or reduce accounting mismatch. Derivative financial assets are included in this category. The result, including interest or dividend income, is recognized in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortized cost.

**Amortized cost**

They are initially measured at fair value, net of transaction costs, and subsequently measured at amortized cost using the effective interest rate method, with interest expenses recognized based on income.

**Financial liabilities at fair value through profit or loss**

Financial liabilities are, by default, measured at amortized cost, except: (i) financial guarantee contracts, (ii) commitments to provide loans with below-market interest rates, (iii) financial liabilities that arise when the asset is transferred financial institution does not qualify for derecognition or where the continuing involvement approach is applicable. A financial liability will be measured at fair value through profit or loss, when it eliminates and/or significantly reduces the accounting mismatch or if the liability group is managed at fair value. basically, represented by the individualized analysis of overdue accounts receivable. The outstanding customer receivables are frequently monitored by the executive board. For situations in which realization risks are identified, the full amounts of overdue debts are provisioned.

**Trade accounts receivables**

Accounts receivable from customers are recorded and maintained in the balance sheet at the nominal value of the securities representing these credits and segregated between current and non-current according to maturity. Estimated losses on credits are constituted based on the analysis of trade notes and amounts receivable from customers, in an amount deemed sufficient to cover probable losses upon realization, according to criteria defined by Management (expected loss).

**Inventories - Inputs and Finished Goods**

These are represented by hardware, software, spare parts, accessories and components valued at the lower value between average acquisition cost or net realizable value. The net realizable value is the estimated sales price over the normal course of operations, less cost of sales.

Property, plant and equipment Recognition and measurement

Property, plant and equipment items are measured at historical acquisition or construction cost, less accumulated depreciation.

Cost includes expenses that are directly attributable to the acquisition of an asset. The cost of assets built by the Company itself includes: (i) the cost of materials and direct labor; (ii) any other costs to bring the asset to the location and condition necessary for it to be able to operate in the manner intended by management; (iii) the costs of dismantling and restoring the site where these assets are located.

Purchased software that is an integral part of the functionality of a piece of equipment is capitalized as part of that piece of equipment.

Gains and losses on the disposal of an item of property, plant and equipment are determined by comparing the proceeds from the disposal with the book value of the property, plant and equipment, and are recognized net within other income in the income statement.

**Subsequent costs**

The replacement cost of a component of property, plant and equipment is recognized in the carrying amount of the item, if it is probable that the economic benefits embodied within the component will flow to the Company and its cost can be measured reliably. The carrying amount of the component that has been replaced by another is written off. The day-to-day maintenance costs of property, plant and equipment are recognized in income as incurred.

**Depreciation**

Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment, as this method most closely reflects the pattern of consumption of future economic benefits embodied in the asset. Land is not depreciated.

Property, plant and equipment items are depreciated from the month following the date they are installed and available for use, or, in the case of internally constructed assets, from the day the construction is completed, and the asset is available for use.

Depreciation methods, useful lives and residual values are reviewed at each end of the financial year as long as there are significant changes in relation to variables that may alter the useful lives of the assets and the subsequent measurement of the assets, and any adjustments will be recognized as change in accounting estimates.

Evaluation of the recoverable value of non-financial assets (impairment test)

Management annually reviews the net book value of its main assets in order to assess events or changes in economic, operating or technological circumstances that may indicate deterioration or loss of their recoverable value. When this evidence is identified and the net book value exceeds the recoverable amount, a provision for impairment is set up, adjusting the net book value to the recoverable amount.

**Other assets**

Other current and non-current assets are stated at net realizable value.

**Trade accounts payable**

They are initially recognized at fair value and subsequently added, when applicable, by the corresponding charges and monetary and exchange variations incurred up to the closing dates of the financial statements. Accounts payable to suppliers are obligations for goods or services acquired in the normal course of operations, being classified as current liabilities if payment is made within a period of less than one year (or in the normal business cycle, albeit longer). Otherwise, these balances are presented as non-current liabilities.

**Provisions (including provision for lawsuits)**

Provisions are recognized for present liabilities or risks resulting from past events, in which it is possible to estimate the amounts reliably and whose disbursement is probable. The amount recognized as a provision is the best estimate of the considerations required to settle the obligation at the end of each year or period, considering the risks and uncertainties related to the obligation.

Provisions are made for all claims relating to legal proceedings for which, as a result of past events, it is probable that an outflow of resources will be made to settle the claim and a reasonable estimate can be made. The assessment of the probability of loss includes the assessment of available deficiencies, the hierarchy of laws, available jurisprudence, the most recent decisions in the courts and their relevance in the legal system, as well as the assessment of external lawyers.

Provisions are reviewed and adjusted to take account of changes in circumstances, such as applicable statute of limitations, conclusions of tax inspections or additional exposures identified based on new matters or court decisions. Actual results may differ from Management’s estimates.

Contingent liabilities assessed as possible losses are only disclosed in an explanatory note and contingent liabilities assessed as remote losses are neither provisioned nor disclosed. Contingent assets are only recognized when there are real guarantees or favorable court decisions, which have become final and unappealable. Contingent assets with probable successes are only disclosed in an explanatory note.

**Employee benefits**

Salaries and benefits granted to the Company's employees and managers include fixed remuneration (salaries, INSS, FGTS, vacations, 13th salary, among others). These benefits are recorded in income for the year as they are incurred.

**Current and deferred income and social contribution taxes for the period**

The current and deferred income and social contribution taxes are recognized as expense or revenue in income (loss) for the year, except when it refers to items recorded under other comprehensive income (loss), or directly in shareholders' equity; hypothesis in which current and deferred taxes are also recognized under other comprehensive income (loss) or directly in shareholders' equity, respectively.

**Revenue recognition**

Revenue from product sales and services rendered is recognized in accordance with NBCTG 47 – Revenue from customer contracts, establishing a five-step model to determine the measurement of revenue and when and how it will be recognized. Accordingly, the Company recognizes revenue when: (1) there is a contract with the customer; (2) performance obligations to be met in connection with the contract (products to be delivered to customers) are identified; (3) measurement of contract value; (4) allocation of contract value to related performance obligations; (5) Determining the timing of revenue recognition (generally by transferring the risks and benefits of ownership of the products, upon shipment and issuance of sales invoices, taking into account incoterms). These criteria are considered met when the goods are transferred to the buyer, respecting the main freight modalities practiced by the Company.

Revenue is shown net of applicable taxes, returns, rebates and discounts.

**Financial income**

Financial income basically comprises interest from financial investments, interest and discounts received, which are recorded through profit or loss for the year.

**Financial expenses**

Financial expenses basically comprise interest on financial liabilities. Borrowing costs that are not directly attributable to the acquisition, construction or production of qualifying assets are recognized in income for the year based on the effective interest rate method.

**Statements of cash flows**

The statements of cash flows were prepared using the indirect method and are being presented in accordance with pronouncement CPC 03 (R2) – Statement of cash flows.

## 3. Cash and cash equivalents

| Description | 2022 | 2021 |
|---|---|---|
| Cash | **8** | 10 |
| Deposits in bank accounts | **448** | 1,145 |
| Short term investments | **2,826** | - |
| | **3,282** | 1,155 |

Financial investments are short term, highly liquid, readily convertible into a known cash amount and subject to an immaterial risk of changes in value. They mainly bear interest at rates intended to reach the variation of CDI (Interbank Deposit Rate), made with top tier banks, at usual rates and under normal market conditions.

## 4. Trade accounts receivable

| Description | 2022 | 2021 |
|---|---|---|
| Trade accounts receivable | **11,839** | 11,190 |
| (-) Allowance for doubtful accounts | **(95)** | (609) |
| **Total** | **11,744** | 10,581 |

The opening of the balance receivable from customers for their maturities is shown as follows:

| Description | 2022 | 2021 |
|---|---|---|
| **On date** | | |
| after 31 days | **3,448** | 9,273 |
| from 1 to 30 days | **1,657** | 246 |
| **Overdue** | | |
| from 1 to 30 days | **166** | 197 |
| from 31 to 60 days | **3,984** | - |
| from 181 to 360 days | **396** | - |
| more than 361 days | **2,188** | 1,474 |
| | **11,839** | 11,190 |

Sales policies for customers are subject to the credit policies established by Management and aim at minimizing any problems arising from the delinquency of customers.

## 5. Inventories

| **Total tax liabilities** | **146** | 981 |
| **Total labor and tax liabilities** | **1,025** | 2,372 |

## 11. Provision for contingencies

During the normal course of its business, the Company is exposed to certain contingencies and risks, which include tax, labor and civil proceedings under dispute. As of December 31, 2022, the Company had no lawsuits considered to be of probable loss.

The company has no possible causes of loss as of December 31, 2022.

Other contingencies may result from possible tax inspections, given that the Company's tax books are subject to review and approval by the competent authorities in federal, state or municipal levels, retroactively, for varying periods according to the legislation in effect.

| **Total financial expenses** | **(1,671)** | (1,144) |
| **Total financial income (loss)** | **231** | (717) |

## 18. Insurance coverage (unaudited)

The Company follows the policy of taking out insurance for civil liability, certain vehicles and other needs in amounts considered sufficient to cover possible losses, considering the nature of its activities and the risk level involved, Given the nature of the risk assumptions adopted, they are not part of the scope of an audit of financial statements and therefore were not reviewed by our independent auditors.

**19. Financial Instruments**

The financial instruments currently used by the Company are restricted to cash and cash equivalents, national accounts receivable and payable, bank loans under normal market conditions and are recognized in the financial statements by the criteria described in Note 2. These instruments are managed through operational strategies aimed at liquidity, profitability and risk minimization. The Company did not make speculative investments, derivatives or any other risky assets. Considering the term and the characteristics of these instruments, the book values approach the fair values.

The Company adopts risk control policies and procedures, as described below:

**(i) Financial risk management policy**

The Company follows the risk management policy, which guides in relation to transactions and requires the diversification of transactions and counterparts. Under this policy, the nature and general position of financial risks are regularly monitored and managed in order to assess the results and the financial impact on cash flow. Credit limits are also periodically reviewed.

The Company's risk management policy has been established by Management and under its terms, market risks are protected when it is considered necessary to support the corporate strategy or when it is necessary to maintain the level of financial flexibility.

**(ii) Capital structure risk (or financial risk)**

It results from the choice between capital (capital contributions and retention of profits) and third party capital that the Company makes to finance its operations. To mitigate liquidity risks and optimize the weighted average cost of capital, the Company continuously monitors and manages indebtedness levels in accordance with its internal policy in order to assess the results and the financial impact on cash flow. Credit limits are also periodically reviewed. The Company's risk management policy has been established by Management and under its terms, market risks are protected when it is considered necessary to support the corporate strategy or when it is necessary to maintain the level of financial flexibility.

**(iii) Credit risk**

The Company's sales policy considers the level of credit risk it is willing to incur in the course of its business. The diversification of its receivables portfolio, the selectivity of its clients, as well as the monitoring of the sales financing deadlines by business segment and individual position limits are procedures adopted to minimize any problems of default in its accounts receivable.

With regard to financial negotiations and other investments, the Company's policy is to work with leading institutions.

**(iv) Liquidity risk**

It is the risk that the Company does not have enough liquid resources to honor its financial commitments due to the mismatch of term or volume between the expected receipts and payments.

To manage the liquidity of the cash assumptions of future disbursements and receipts are established. They are monitored daily by the Management.

**(v) Exchange rate risk**

The Company is exposed to fluctuations in exchange rates, which may increase the balances of liabilities in foreign currency. Therefore, the Company maintains internal controls aimed at capturing these exchange rate variations in its liabilities, so that possible losses can be mitigated.

**(vi) Valuation of financial instruments**

The main active financial instruments and liabilities are described below, as well as the criteria for their valuation:

Cash and cash equivalents

The market value of these assets does not differ from the amounts presented in the financial statements. The agreed rates reflect the usual market conditions.

Accounts receivable and payable (including related parties)

Recorded based on the nominal value of the securities and evaluated by the concept of amortized cost.

Loans from financial institutions e related parties

Recorded based on the nominal value of the securities and evaluated by the concept of amortized cost.

**20. Explanation added to the translation for the English version**

The accompanying financial statements were translated into English from the original Portuguese version prepared for local purposes, Certain accounting practices applied by the Company that conform to those accounting practices adopted in Brazil may not conform to the generally accepted accounting principles in the countries where these financial statements may be used.

# INDEPENDENT AUDITORS' REPORT

**Reference: Financial Statements Report Opinion**

I have audited the accompanying individual financial statements COMVIVA TECHNOLOGIES COLOMBIA SAS., wihch include the comparative statements of financial position as of December 31st 2022 and December 31st 2021, the income statement, the statement of changes in Owner equity, the statement of cash flows, for the financial period ending on these dates, along with the explanatory notes for the period ending on yhe above date, as well as a summary of relevant accounting policies and other explanatory information

In my opinion, the attached consolidated financial statements faithfully present, in all material aspects, the financial situation of Comviva Technologies Colombia S.A.S., as of December 31st, 2022 and 2021, the individual result and the individual cash flows for the period ending on the above date, in accordance with addendum 2 for group 2 entities in alignment with Single Regulatory Decree 2420 of 2015 and its modifications

**FOUDATION FOR MY OPINION**

I have carried out our audit in line with the International Accounting Procedures – IAP - which are displayed in the technical addendum and updated 4-2019, regarding the Procedures for Information Assurance in the Single Regulatory Decree 2420 of 2015 (modified by Decree 2270 of 2019). Our responsibilities, according to the forementioned rules, are described later in the Responsibilities of the Fiscal reviewer in relation to the financial statements audit section of our report. We act as independent parties, in line with the ethical requirements applicable to our audit. We believe that the audit evidence we have collected provides a sufficient and adequate basis to generate our favorable opinon (clean and with no caveats).

**Management's responsibility regarding the financial statements**

Management is responsible for the preparation and proper presentation of the financial statements in accordance with addendum 2 for group 2 entities in alignment with Single Regulatory Decree 2420 of 2015 and its modifications; and the internal control that Management deems necessary to enable the preparation of the financial statements free of material incorrection, fraud or error.

In the process of preparing the financial statements, management is responsible of evaluating the preparedness of the business to continue in operation, revealing, if need be, the business related issues and using the accounting assumption of an ongoing operation, except if management has the intention to liquidate its assets or cease operations, or point out if no other alternative is feasible.

The responsible business governance management employees are responsible of supervising the trustworthiness of the entities financial information.

**External Auditor´s responsibility regarding financial statements**

My goal is to ensure reasonable assurance that the financial statements as a whole are free of material errors and issue an audit report, that contains our opinion. Regarding reasonable assurance, this conveys a high level of certainty, but doesn't guarantee that an audit process done following the International Standards on Auditing – ISA will always detect a material error if it exists.

On the other hand, these errors could be originated by fraud or plain error, and are considered significant if they can reasonably (either in individual or aggregate form) influence the economic decisions that the users of this information will take, based on the financial statements.

**Report on other legal and regulatory requirements**

I can attest that during the year 2022, the entity COMVIVA TECHNOLOGIES COLOMBIA S.A.S, took upon its accounting books, in accordance with the legal rules, technical accounting and the operations registered in its general ledger are in line with the statutes and decisions coming from the shareholders assembly and board of directors.

It is worth mentioning that law 1314 of 2009 introduced the accounting rules and principles that are to be applied in Colombia. This law was later developed by the Single Regulatory Decree 2420 of 2015 and its relevant legislation. To this end, as of 2015, as it was mandated by law, all COMVIVA TECHNOLOGIES COLOMBIA S.A.S have been expressed under this rules.

I would also like to inform, that during the year 2022, the actions of the entity management were in line with the statutes and decisions from the shareholders assembly, that correspondence, the accounting receipts, the minutes book and log of actions are documented and duly kept and preserved; and that it fully complied with the contributions to social security and workers compensation payments which were calculated from the monthly payroll in a timely manner.

Lastly, we declare that the management report of its role is in line with the entities financial statements and that we can include a reference stating that the entity management did not stand in the way of the free flow of invoices sent out by the suppliers and creditors.

**Opinion on the Internal Controls and the compliance with the rules and regulation**

Additionally, article 209 of the code of Commerce sets forth the obligation to express as part of my role the compliance to legal, internal rules and adequate internal control.

We can declare that we carried out test to evaluate the degree of compliance with the legal and regulatory provisions by the entity’s administration, as well as the effectiveness of such operation of the internal control process.

We can declare that we carried out tests to evaluate the degree of compliance with the legal and regulatory provisions by the entity’s administration, as well as the effectiveness of such operation of the internal control process.

For the evaluation of internal control, I used the COSO model as a criterion. The internal control is the set of policies and procedures adopted by the entities management to 1) provide reasonable assurance on the entities financial information, 2) compliance to the entities internal rules and procedures, 3) allow for an effective and efficient operation.

In my opinion, the entity COMVIVA TECHNOLOGIES COLOMBIA S.A.S., as of December 31st, 2022 has complied with all important applicable laws and regulation, the statutory and shareholder assembly rulings. Also the internal control system is effective, in all relevant elements, according to the COSO model and calculated and payed in a timely fashion al required contributions to social security.

Regards,

**JOSE ANTONIO GONZALEZ CASTAÑEDA**

The corporate purpose of COMVIVA TECHNOLOGIES COLOMBIA will be: (a) Carry out trade and business activities for the development, implementation, support, sale and purchase of hardware and software products; (b) Additionally, it may carry out any other lawful economic, commercial or civil activity both in Colombia and abroad, including the power to give or receive loans.

**Nature of its operation**

For the fulfillment of its objectives, COMVIVA TECHNOLOGIES COLOMBIA., Carries out service activities in Bogotá, D.C., and throughout the territory of the Republic of Colombia. Its corporate purpose includes the following activities: 1.- The sale of computer and communication equipment, its parts or components, its peripherals and accessories, programs and supplies, consulting 2.- The development and control of software in computer systems, feasibility studies, analysis, design and programming of commercial, scientific and engineering applications, also allowing training in related activities. Based on its corporate purpose, the company may carry out the following activities: A) Administration of its own or third-party computer centers, B) Buying, selling, exchanging, exporting, importing and distributing all kinds of goods, raw materials and products related to the computing area, C) Enter into leasing contracts, 4.- Buy, dispose of or organize computing centers.

**On going business hypothesis**

When preparing the complete set of financial statements, COMVIVA TECHNOLOGIES COLOMBIA management evaluated its ability to continue as on going business. The financial statements presented are prepared on the assumption that it is fully active and will continue to function for the foreseeable future. For the time being there is no intention to liquidate it or to cease its operations, nor are there any uncertainties related to the operation of the business.

**Note 2. BASIS FOR THE PRESENTATION OF THE FINANCIAL STATEMENTS**

COMVIVA TECHNOLOGIES COLOMBIA presents its individual financial statements in accordance with the Financial Information Standards accepted in Colombia (NIF), established by Law 1314 of 2009 and regulated by Sole Regulatory Decree 2420 of 2015, which establishes the Regulatory Regime for the Financial Reporting preparations that make up group 2 comprising the International Financial Reporting Standard for Small and Medium Entities (IFRS for SMEs) issued by the International Accounting Standards Board (IASB) in its 2009 version and later updated to version 2015.

International financial reporting standards have two applicable reference frameworks: one for publicly traded companies, known as full IFRS, and another applicable to companies considered small and medium or private interest companies, known as IFRS for SMEs.

COMVIVA TECHNOLOGIES COLOMBIA is classified in Group 2 and therefore must apply the IFRS for SMEs regulatory framework.

These financial statements correspond to the seventh annual financial statements presented in accordance with the IFRS SMEs; In preparing these financial statements, COMVIVA TECHNOLOGIES COLOMBIA has applied the accounting policies approved by the General Shareholders Meeting, and the significant accounting judgments, estimates and assumptions described in NOTE 3.

For the recognition of economic facts, the causation basis is applied. The economic facts are documented by means of internal and / or external sources, which comply with the requirements applicable to each case and adhere to the respective accounting vouchers, making their verification possible.

These financial statements have been prepared based on the historical cost model, with the exception of some financial assets that must be measured at fair value.

These financial statements are presented in Colombian pesos.

**Note 3. SUMMARY OF THE MORE REPRESENTATIVE ACCOUNTING POLICIES**

The quality policy for accounting and financial information is to issue "Individual General Purpose Financial Statements for external users that faithfully represent the economic reality in all its relevant aspects, also complying with the special standards issued by the authorities that exercise inspection, surveillance or control "

**1.- Financial Assets**

Financial assets within the scope of section 11 of the IFRS SMEs are classified as financial assets measured at fair value with a charge to results, financial assets measured at cost less impairment and financial assets measured at amortized cost.

All financial assets are initially recognized at fair value, and financial assets measured at cost and amortized cost are increased by transaction costs.

Financial assets classified as current assets are measured by the undiscounted amount of cash or other consideration expected to be received (net of impairment) unless the arrangement is, in effect, a financing transaction. If the arrangement constitutes a financing transaction, the entity will measure the financial asset at the present value of future payments discounted at a market interest rate for a similar debt instrument.

**2.- Financial liabilities**

Financial liabilities, in accordance with section 11, are classified as loans and accounts payable, or as derivatives designated as hedging instruments in an effective hedging relationship, as applicable. The Company determines the classification of financial liabilities at the time of its initial recognition.

All financial liabilities are initially recognized at their fair value, except in the case of loans and accounts payable accounted for at the transaction price where the directly attributable transaction costs are recognized. Likewise if the arrangement constitutes a financing transaction, the entity will measure the financial asset or financial liability at the present value of future payments discounted at a market interest rate for a similar debt instrument determined at initial recognition.

The Company's financial liabilities include accounts payable, financial derivatives and debts for loans received and other items that accrue interest.

Debt instruments such as financial obligations will be subsequently measured at amortized cost using the effective interest rate method.

**3.- Revenue recognition from core/operational activities**

Revenue from core activities originated from recoveries is recognized at the fair value of the received service/product, provided that the amount of the revenue can be measured reliably, it is probable that the benefits will be received, the degree of completion of the transaction and the costs incurred.

Income from interest on core business activities is recognized using the effective interest rate method in the item called financial income.

**4.- Financial expenses for loans and debt operations**

All borrowing costs are recognized in profit or loss in the period in which they are incurred using the effective interest rate method in an item called financial expenses.

**5.- Income tax**

The amounts originated from income tax represents the sum of the result from current tax and deferred taxes.

Current income tax assets and liabilities for the current period are measured as the amount that is expected to be recovered from the tax authorities or that would have to be paid. The tax rate and tax laws used to account for the amount are those in force, or nominally in force, as of the date of the report.

Current income tax related to items that are recognized directly in Owner Equity or in other comprehensive Results is recognized in the Statement of Changes in Owner Equity or in the Results Statement, respectively. The administration periodically evaluates the position adopted in the tax returns with respect to situations in which the applicable tax regulations are subject to interpretation and creates the required provisions in each case.

The estimate of the liability for income tax is calculated at the official rate of 35% for the year 2022 and 2023, by the accounting causation method. The asset or liability for income tax is presented net, after deducting the advances paid and the tax withholdings in favor.

Deferred income tax is recognized for temporary differences between the carrying amount of assets and liabilities and their corresponding tax bases. Deferred tax liabilities are recognized for all temporary differences that are expected to increase future taxable income. Deferred tax assets are recognized for all temporary differences that are expected to reduce future taxable profit, and any unused tax loss or unused excess presumptive income.

Deferred taxes are measured at the tax rate expected to be applied to temporary differences when they are reversed, based on the laws that have been approved or are about to be approved as of the date of the report. The book value of deferred tax assets is reviewed at each reporting date and is reduced to the extent that it is no longer probable that there will be sufficient taxable earnings to use all or part of the deferred tax asset. Unrecognized deferred tax assets are reviewed at each closing date and are recognized to the extent that it is probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax related to items recognized out of profit or loss is recognized in correlation with the underlying transaction, either in ORI or directly in Owner Equity. Deferred tax assets and liabilities are offset if there is an enforceable right to offset current tax assets and liabilities, and when deferred tax assets and liabilities are derived from income taxes corresponding to the same tax authority and fall on the same tax entity or taxpayer, or in different tax entities or taxpayers, but the Company intends to liquidate current tax assets and liabilities for their net amount, or simultaneously materialize its tax assets and liabilities.

**6.- Property, plant and equipment**

Property and equipment are recognized as assets when future economic benefits are derived from them and the cost can be reliably measured and presented at their acquisition costs, which do not exceed their recoverable amounts through future operations, less accumulated depreciation

Additions, renewals and improvements are recorded in the cost of the asset only if it is probable that the expected future economic benefits will be obtained and that these benefits can be reliably measured.

**1.) Initial valuation and recognition.**

The following goods recognized as Property, Plant and Equipment are subject to: Se reconoce como Propiedad, Planta y Equipo los bienes sujetos a:

- If their initial cost is less than ½ a Monthly Minimum Wage (SMLV) they are immediately recognized as an expense.

- If their initial cost is between ½ and 2 Monthly Minimum Wages (SMLV), it will be completely depreciated between the purchase date and December 31st of the same calendar year.

- If their initial cost is upwards of 2 Monthly Mínimum Wages (SMLV) it is recognized as an asset and depreciation will take place based on the accounting policy and general accounting principles.

- Construction, remodeling, habilitation, and similar investments on third party property are recognized as Property, Plant and Equipment or intangibles and are subject to depreciation during the term of the rent/lease contract, unless the cost of the later is less than the equivalent of five (5) Monthly Minimum Wages in which case this will be recognized as an expense. If the contract term on third party property is less than the lifespan of the asset, then reconciliatory entries will be reflected in the general ledger.

**2) Subsequent measurement.**

The entity will not appraise for Property, Plant and Equipment (NIC 16,29 y NIIF PYMES

17,15). However, in case an appraisal is needed for a specific need like a loan or collateral,

this will be revealed in the notes to the financial statements.

The entity will only appraise Property, when Management deems necessary or at least every five (5) years.

**7.- Depreciation Expenses**

7.1. Depreciation is charged to distribute the cost of the assets minus their residual values throughout their estimated useful life, if this estimation is not available then the general market practice analyzed by the DIAN (tax authority) and the straight-line method is applied.

The following useful lives are used in the depreciation of property, plant and equipment:

| **Description** | **Useful Life** | **Method** |
|---|---|---|
| Construction and buildings | 30 to 60 years | linear |
| Machines and Equipment | 10 years | linear |
| Office Equipment | 10 years | linear |
| Computing and Communication Eq | 5 years | linear |
| Transportation Equipment | 5 years | linear |
| Medical Equipment | 3 years | linear |

Land has an indefinite useful life and therefore is not subject to depreciation.

If there is any indication that there has been a significant change in the depreciation rate, useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations.

Repairs and preventive maintenance are recorded in the results for the year in an item called “maintenance expenses”.

7.2. In the case of completely depreciated assets that continue in use (NIC 16, 79b, NIIF 17.31); Totally depreciated assets, although in use, are written off. They can continue to be administered in some other information system off the books.

**8.- Impairment of the value of non-financial assets**

At each reporting date, property, plant and equipment, intangibles and investments measured at cost are reviewed to determine if there are indications that these assets have suffered an impairment loss. If there are indications of a possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If the estimated recoverable amount is less, the carrying amount is reduced to the estimated recoverable amount and an impairment loss is recognized in profit or loss.

**9.- Value Impairment on financial assets**

The Company will assess each year-end whether the financial assets or groups of financial assets are impaired. If there is objective evidence that an impairment loss has been incurred for the value of loans and receivables recorded at amortized cost, the amount of the loss is valued as the difference between the carrying amount of the asset and the present value of the assets. estimated future cash flows, discounted at the original effective interest rate of the financial asset (that is, the effective interest rate computed at the time of initial recognition). The book value of the asset is reduced through a provision account and the amount of the loss is recognized in the income statement for the year.

**10.- Accounts receivable derived from operating activities**

Sales are made under normal credit terms and the amounts of the accounts receivable do not accrue interest. When credit is extended beyond normal credit terms, accounts receivable are measured at amortized cost using the effective interest method. At the end of each reporting period, the carrying amounts of trade debtors and other accounts receivable are reviewed to determine if there is any objective evidence that they will not be recoverable. If so, an impairment loss is immediately recognized in profit or loss.

**11.- Accounts payable derived from the normal operation activities**

Accounts payable correspond to obligations based on normal credit conditions and do not accrue interest. The amounts of trade accounts payable denominated in foreign currency are converted into

the functional currency using the exchange rate in effect on the date reported. Gains or losses from foreign currency exchange are included in other gains or losses.

**12.- Employee benefits**

The liability for obligations for employee benefits is related to what is established by the government for payments related to the entity's workers, which are considered as short-term benefits.

The cost of all employee benefits to which they are entitled as a result of services rendered to the entity during the reporting period are recognized as a liability, after deducting the amounts that have been paid directly to the employees. or as a contribution to a pension fund; If the amount paid exceeds the contributions to be made according to the services provided up to the date reported, that excess will be recognized as an asset to the extent that the advance payment will lead to a reduction in payments. to be made in the future or to a cash reimbursement and are recognized as an expense, unless they are recognized as part of the cost of an asset.

The Company records short-term benefits, such as salary, vacations, bonuses and others, on an accrual basis.

**13.- Provisions**

A provision liability is recognized only when there is a present obligation as a result of a past event and it is probable that you will have to dispose of economic resources to cancel the obligation, and the amount of the obligation can be reliably estimated. The liability is measured as the best estimate of the amount required to cancel the obligation on the date reported. Any adjustment to the amounts previously recognized will be recognized in results. When a provision is measured by the present value of the amount expected to be required to pay the obligation, a financial expense will be recognized in the results of the period in which it arises.

If the effect of the value of money over time is significant, provisions are discounted using a pre-tax interest rate that reflects, where appropriate, the specific risks of the liability. When discounted, the increase in the provision due to the passage of time is recorded as a financial expense.

Provisions for labor, legal and tax contingencies, contracts with third parties or others, depending on the circumstances, are estimated, and recorded based on the opinion of the legal advisors, which are considered probable and reasonably quantifiable.

**14.- Contingent Liabilities**

A contingent liability is: (i) a possible obligation, arising as a result of past events and whose existence must be confirmed only by the occurrence, or in its case the non-occurrence, of one or more uncertain future events that are not entirely under control of the Company; or (ii) a present obligation, arising from past events, that has not been recognized in accounting because: (a) it is unlikely that an outflow of resources that incorporate economic benefits will be required to satisfy it; or (2) the amount of the obligation cannot be measured with sufficient reliability.

A contingent liability is not recognized in the financial statements, but is reported in notes, except in the event that the possibility of an eventual outflow of resources to settle it is remote. For each type of contingent liability at the respective closing dates of the periods reported, the Company discloses

(i) a brief description of the nature of the same and when possible, (ii) an estimate of its financial

effects; (iii) an indication of uncertainties related to the amount or timing of the corresponding outflows of resources; and (iv) the possibility of obtaining eventual refunds.

**15.- Contingent Assets**

A contingent asset is an asset of a possible nature, arising from past events, the existence of which must be confirmed only by the occurrence, or in its case by the non-occurrence, of one or more uncertain events in the future, which are not entirely under the control of the Company.

A contingent asset is not recognized in the financial statements, but is reported in notes, but only in the event that the entry of economic benefits is probable. For each type of contingent asset at the respective closing dates of the periods reported, the Company discloses (i) a brief description of its nature and, when possible, (ii) an estimate of its financial effects. In accordance with section 21 of IFRS SMEs, the Company's policy is not to disclose in detail the information related to disputes with third parties related to situations involving provisions, contingent liabilities and contingent assets, to the extent that such information seriously damages the position of the company. In these cases, the Company provides information of a generic nature and explains the reasons that have led to such a decision.

**16.- Cash and cash equivalents**

They are considered cash equivalents, short-term, highly liquid and freely available investments that, without prior notice or relevant cost, can easily be converted into a certain amount of cash, are subject to a negligible risk of changes in value whose maturity maximum is three months from the date of acquisition and whose main destination is not that of investment or similar, but that of cancellation of short-term commitments.

Cash and short-term deposits in the statement of financial position include cash in banks and in cash and short-term deposits with an original maturity of three months or less.

For the purposes of the statement of cash flows, cash and cash equivalents comprise cash and cash equivalents as defined above, net of outstanding bank overdrafts.

**17.- Functional currency**

The management of COMVIVA TECHNOLOGIES COLOMBIA considers that the Colombian peso is the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions, and for this reason, the financial statements are presented in Colombian pesos as their functional currency.

**18.- Classification of current and non-current assets or liabilities**

The Company presents its assets and liabilities in the statement of financial position according to its current or non-current classification.

An asset or liability is classified as current when:

- It is expected to be carried out, it is expected to pay it, or it is intended to consume it, in the normal course of business.

- It is expected to realize the asset or pay the liability, within the twelve months following the date of the year in which it is reported, or

- The asset is cash and cash equivalents.

The Company classifies the rest of its assets and liabilities as non-current

**19.- Owners Equity**

It is measured at the value of the cash or other resources received or to be received, net of the direct costs of issuance of the equity instruments, is made up of subscribed and paid-in capital, earnings for the year and accumulated earnings, and appreciation surplus.

**20.- Cash Flow. -**

a) The cash flow statement was done using the indirect method.

b) In addition to the to the sources and uses of investment and financing, related to assets and liabilities, the following items (which are not classified as operating cash flow) are included in this category;

c) The following items are not classified as operating flows:

   i. Interest expense on loans to acquire eligible assets, whether they have been recognized as expenses or capitalized,

   ii. Dividends payed out,

   iii. Cash used for improvements on third party property, construction and commissioning

   iv. Capital payments on loans,

   v. Those from one time gains on the sale of fixed assets.

**21.- Exchange rate differences. – REGULATION: Art. 269, 285, y 288 ET**

Art. 269. Asset value of assets in foreign currency. The value of assets in foreign currency are estimated in local currency at the time of their initial recognition at the representative market exchange rate, less credits or payments valued at the same representative market exchange rate of the initial recognition.

Art. 285. Liabilities in foreign currency. The value of liabilities in foreign currency are estimated in local currency at the time of their initial recognition at the representative market exchange rate, less credits or payments measured at the same representative market exchange rate of the initial recognition.

Art. 288. Adjustments due to exchange rate difference. Income, costs, deductions, assets and liabilities in foreign currency will be measured at the time of their initial recognition at the representative market exchange rate.

In accounting under IFRS, the exchange rate difference has two components:

1. Realized exchange rate difference: Which is the one determined between the date of origin of the asset or liability in foreign currency and the date on which the partial or total payment is received or made.

2. Mark to market or unrealized exchange rate difference: That corresponds to the one calculated with the balances of assets and liabilities in foreign currency that as of December 31 of each year remain with a balance.

COMVIVA TECHNOLOGIES COLOMBIA, By policy, it was defined that the mark to market will be made based on the last Thursday of each month, and the exchange rate difference with the TRM of that day is calculated, except for the annual closing of December 31 of each year, in which case the TRM of December 31st is used. December, and the annual closing of the INDIAN year that culminates on March 31st.

**22.- Events that occurred after the accounting closure of the previous period:**

22.1.Body that approves the financial statements (NIC 10.17; NIIF PYMES 32.9): The financial statements were authorized for publication by the General Assembly.

22.2.Approval date of the financial statements (NIC 10.17, 10.18; NIIF PYMES 32.9): The financial statements were approved on 20-04-2023 and do not reflect events that occurred after that date, as stated in the Management Letter to the External Auditors (statutory audit).

22.3.Inability of partners, shareholders or similar to change the figures in the financial statements (NIC 10.17, 10.18; NIIF PYMES 32.9): Once the financial statements are approved, the General Assembly does not have the power to make or order changes in the figures or other data that comprise them.

22.4.Post-closing events that do not involve adjustments (NIC 10.21, NIIF PYMES 32.10):

- There are no post-closing events that require significant adjustments or disclosures

**1. Cash and Cash Equivalents**

The current policy is to maintain enough resources to pay liabilities with Banks, Suppliers and other operational expenses like payroll. “

As of December 31st 2022 the available amounts are decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Cash in hand | **0.00** | 0.00 |
| Checking account deposits | **83,014,839.66** | 393,713,436.88 |
| | **0.00** | 0.00 |
| | **83,014,839.66** | 393,713,436.88 |

**2. Debtors**

As of December 31st 2022 the Debtors account is decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Domestic | **77,274,735.00** | 548,308,049.49 |
| Foreign | **5,097,846,394.29** | 4,243,763,601.99 |
| Advance payments to suppliers - contractors | **599,046.00** | 13,410.00 |
| Income tax with holding | **416,309,102.92** | 409,831,889.47 |
| Accounts Receivables from Employees | **0.00** | 0.00 |
| Less Client provision | **0.00** | -110,374.17 |
| | **5,592,029,278.21** | 5,201,806,576.78 |
| **Amount in US Dollars from Foreign clients** | **1,059,799.26** | 1,065,961.58 |

**3. Plant, Property and Equipment**

As of December 31st 2022 this account includes inflation adjustments and is decomposed as follows:

| **Property Plant and Equipment** | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Office Equipment | **33,710,499.00** | 33,710,499.00 |
| Cumulative Depreciation | **-16,626,821.00** | -13,937,933.00 |
| **Subtotal** | **17,083,678.00** | 19,772,566.00 |
| Communications and hardware equipment | **147,956,459.89** | 93,094,463.04 |
| Cumulative Depreciation | **-77,304,246.73** | -49,663,412.00 |
| Subtotal | **70,652,213.16** | 43,431,051.04 |
| **Total Plant Property and Equipment** | **87,735,891.16** | 63,203,617.04 |

**4. Accounts payable and others**

As of December 31st 2022 the accounts payable are decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Domestic Suppliers | **861,988,904.06** | 2,063,915,236.47 |
| Costs and Expenses Payable | **131,381,772.21** | 98,217,292.58 |
| Payable taxes | **52,621,375.99** | 25,883,205.54 |
| Payable Sales Tax withheld | **15,358.65** | 14,221.50 |
| Industry and Commerce tax withheld | **68,361.41** | 398,679.67 |
| Tax withholdings and contributions payable | **58,667,194.00** | 41,866,180.00 |
| Other creditors | **42,260,701.00** | 84,543,300.00 |
| | **1,147,003,667.32** | 2,314,838,115.76 |

**5. Liablities from taxes, surtax and contributions**

As of December 31st 2022 the income tax, sales tax and deferred taxes are decomposed as follows:

| | | DEC-31-2022 | DEC-31-2021 |
|---|---|---|---|
| Income tax | | **378,317,051.25** | 353,790,341.28 |
| Income tax | 378,317,051.25 | **0.00** | 0.00 |
| **Total Income Tax** | | **378,317,051.25** | 353,790,341.28 |
| **Plus: Sales tax payable** | | **43,281,396.66** | -33,852,759.88 |
| Bimester 2022-06 | 43,281,396.66 | | 0.00 |
| **Plus : Industry and Commerce tax** | | **1,674,000.00** | 0.00 |
| | | **423,272,447.91** | 319,937,581.40 |

**6. Employee Benefits**

As of December 31st 2022 the balance on this accounts is decomposed as follows:

| | DEC-31-2022 | DEC-31-2021 |
|---|---|---|
| Salaries to pay | **10,176,235.00** | 0.00 |
| Cesantías | **58,790,171.00** | 54,481,395.00 |
| Interest on Cesantias | **5,222,927.00** | 5,728,134.00 |
| Vacation time accrued | **182,232,182.00** | 202,933,241.00 |
| | **256,421,515.00** | 263,142,770.00 |

**7. Estimated liabilities and provisions**

As of December 31st 2022 the estimated liabilities and provisions account is decomposed as follows:

| | DEC-31-2022 | DEC-31-2021 |
|---|---|---|
| Commisions and bonuses | | |
| Liabilities from deferred Taxes | **260,087,455.00** | 527,531,338.00 |
| Other Liabilities - Client Advance Payment | **253,236,687.00** | 124,615,300.00 |
| | **0.00** | 117,196,983.00 |
| | **513,324,142.00** | 769,343,621.00 |

**8. Owner Equity**

The owners equity as of December 31st 2022 is as follows:

| | DEC-31-2022 | DEC-31-2021 |
|---|---|---|
| Entity Capital | **43,906,000.00** | 43,906,000.00 |
| Earnings (loses) current period | **1,431,296,694.26** | -147,355,438.46 |
| Earnings (loses) previous periods | **1,592,901,542.54** | 1,740,256,981.00 |
| Share placement premium | **354,654,000.00** | 354,654,000.00 |
| | **0.00** | 0.00 |
| | **3,422,758,236.80** | 1,991,461,542.54 |

## 9. Revenue from Operational activities

Operational Revenue is decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| **Local Income** | **1,353,616,738.00** | 1,755,651,964.00 |
| Services | **1,353,616,738.00** | 1,755,651,964.00 |
| **Foreign Income** | **6,948,223,811.00** | 6,004,344,722.74 |
| Services | **6,088,549,423.00** | 4,449,696,437.74 |
| Provision Comviva Technologies BV | **859,674,388.00** | 1,554,648,285.00 |
| Minus: Returns | **0.00** | -698,209,270.00 |
| **Net Operational Income** | **8,301,840,549.00** | 7,061,787,416.74 |
| **TRM as of Dec-31- Dolar** | **US$ 4810.2** | US$ 3.981.16 |
| **Amount in US Dollars from Foreign sources** | **1,444,477.11** | 1,832,179.30 |

## 10. Cost of Sales

Cost of Sales is decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Plus: Licensing Costs | **457,209,653.39** | 1,503,558,653.37 |
| Provisions | **513,709,943.38** | 683,044,392.16 |
| Total Available: | **970,919,596.77** | 2,186,603,045.53 |
| Others | **0.00** | 0.00 |
| | **970,919,596.77** | 2,186,603,045.53 |

The costs were mainly affected by imports (11,70% of cost of sales), travel expenses and services mainly

## 11. Administration Expenses

Administration expenses are decomposed in the following accounts:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Personnel expenses | **4,221,637,268.59** | 2,733,393,666.42 |
| Fees | **188,987,551.00** | 213,500,169.50 |
| Rent | **116,928,925.00** | 110,363,831.70 |
| Contributions and Memberships | **11,161,372.00** | 10,928,843.00 |
| Insurance | **3,033,543.75** | 2,807,223.00 |
| Utilities | **107,061,174.27** | 118,008,951.23 |
| Legal Expenses | **1,949,500.00** | 2,071,716.00 |
| Maintenance and Repair | **-9,790,900.00** | 10,349,774.00 |
| Adaptation and Installation | **-5,971,740.00** | 5,971,740.00 |
| Depreciations | **30,329,722.73** | 17,156,364.00 |
| Others | **49,203,649.82** | 26,656,942.20 |
| Employee benefits | **0.00** | 2,047,500.00 |
| Provisions | **0.00** | 0.00 |
| | **4,714,530,067.16** | 3,253,256,721.05 |

**12. Sales Expenses**

Sales expenses are decomposed as follows:

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Personnel Expenses | **520,380,227.37** | 1,457,114,619.41 |
| Taxes | **11,959,332.88** | 15,752,212.32 |
| Services | **0.00** | 11,000.00 |
| Maintenance | **420,084.03** | 5,362,808.16 |
| Others | **2,183,576.25** | 6,612,659.00 |
| Personnel Expenses provisions | **-110,374.17** | 110,374.17 |
| | **534,832,846.36** | 1,484,963,673.06 |

**13. Other Income and Expenses**

| | **DEC-31-2022** | DEC-31-2021 |
|---|---|---|
| Other Income | | |
| Interests | **438.76** | 550.81 |
| Exchange rate | **104,960,891.50** | 337,679,973.12 |
| Recoveries | **2,117,053.24** | 3,663,223.35 |
| Other | **1,224.44** | 4,448.31 |
| **Total Other Income** | **107,079,607.94** | 341,348,195.59 |
| **Other Expenses** | | |

# REPORT

**To the Shareholders of COMVIVA TECHNOLOGIES (ARGENTINA) S.A.**

A new fiscal year has ended for our Company.

As in previous years, the interest of keeping our highly skilled payroll has prevailed as the main asset of our Company. Likewise, we have favored the long-term relationship with our customers, reporting change as a business opportunity for those involved.

On the issuance date of the financial statements, the results of the fiscal year ending on June 30th, 2022 show a loss of $ $390,145.

During this fiscal year, the financial statements have been adjusted for inflation at the closing date, as Argentine professional accounting standards provide that financial statements must be prepared recognizing changes in the currency's purchasing power according to Technical Regulations (TR) No. 6 and No. 17, as amended by TR No. 39, standards issued by the Argentine Federation of Professional Councils of Economic Sciences (FACPCE) According to these standards, the application of the adjustment for inflation must be made when facing a high inflation context. Such an inflation context is characterized, among others, by the fact that there is a cumulative inflation rate in three years that reaches or surpasses 100%.

For this reason, according to the above mentioned professional accounting standards, Argentine economy was considered of high inflation since July 1st, 2018. Thus, the above-mentioned adjustment was applied in the Company during the fiscal year ended on June 30th, 2019 and thereafter.

Note 1 of these financial statements, BASIS FOR PREPARATION OF THE FINANCIAL STATEMENTS, describes the basis for preparation and application of the procedure of adjustment due to inflation.

In reference to the results of the fiscal year, the loss in relation to the previous fiscal year is due to the inflation impact and exchange rate control which does not follow inflation, creating a negative financial result.

The changes in the assets and liabilities are mainly due to the fluctuation of the exchange rate during this fiscal year.

The relationships with the affiliated companies and the changes operated in credits and debts kept with them are detailed in note 5 of these financial statements.

Since March 2020, global economic and financial conditions were severely affected by the outbreak of a new coronavirus (SARS-CoV2) causing the COVID-19 disease, declared pandemic by the World Health Organization on March 11th, 2020. The Argentinian government ordered a preventive and compulsory social isolation through Decree No. 297/2020 of the National Executive Power.

During the fiscal year ended on June 30th, 2021, Argentina's health situation followed a trend similar to the world's trend. After the first infection wave, reaching its peak in October 2020, there was a sharp slowdown from November reaching minimum infection levels in February 2021. From then on, infections increased in what was called the second wave, reaching maximum levels again in May with 822 thousand confirmed positive cases. As regards the vaccination process, Argentina started vaccinating its population in January 2021 very gradually during the first months of the year, and accelerating its pace between March and June. That way, by the end of June 2021, 37% of the population had been vaccinated with the first dose.

The Government´s handling of the pandemic started to relax since August 2020, sequentially abandoning the strict lockdown measures implemented in March 2020 (where some essential activities and economic sectors basically related to health, food and safety were authorized) to social distancing measures and specific restrictions to use the public transport, education and services related to the entertainment, tourism, hotels and restaurant sectors.

The Company has not suffered significant impacts on its results as a consequence of the pandemic. Although we´ve faced different kind of difficulties that decelerated our activities, operations were kept ongoing and we expect them to continue on case of any eventual difficulty.

The Company's Board of Directors is closely monitoring the situation and is taking the necessary measures within its reach to preserve human life and its operation checking the compliance and implementation of the plan for the surveillance, prevention, and control of COVID at work to guarantee the health and wellbeing of the employees, customers and community.

Regarding the future business perspectives, we point out that the telecommunications sector in Argentina is governed by Decree 690 dated August 2020, which provides that these services are an essential and competitive public utility. The fact that telephonic carriers have resorted to the court, added to a context marked by macroeconomic difficulties like high inflation, has delayed the progress of agreements that allow to revitalize investments in the sector. For the next years, it is expected that new investments will be generated in areas of connectivity and network by the telephone companies, besides the renewals of the services agreements currently in force.

We´d like to thank the Company’s staff, our customers, suppliers and everybody who has collaborated somehow in this new fiscal year.

**BOARD OF DIRECTORS**

# INDEPENDENT AUDITORS' REPORT

To the Board of Directors of

COMVIVA TECHNOLOGIES (ARGENTINA) S.A.

CUIT (Individual Taxpayer Identification) N°: 30-64627917-4

Legal domicile: Maipú 1, 2nd floor

City of Buenos Aires - Argentina

**Report on financial statements**

**Identification of the financial statements subject-matter of the audit**

We have audited the attached financial statements of COMVIVA TECHNOLOGIES (ARGENTINA) S.A. (hereinafter indistinctly referred to as "COMVIVA TECHNOLOGIES (ARGENTINA) S.A." or the "Company"), which consist on the statement of financial condition as of June 30th, 2022, the income statement, the statement of changes in shareholders' equity and the statement of cash flow for the fiscal year ended on such date, as well as a summary of the significant accounting policies and other explanatory information included in notes 1 to 10 and annexes I to IV.

Figures and other information for the fiscal year ended on June 30th, 2021, restated in June 2022 currency according to what is pointed out in note 1.2 to the attached financial statements, are part of the financial statements above mentioned and are presented to be exclusively interpreted related to the figures and the information of the current fiscal year.

Responsibilities of the Board of Directors in relation to the financial statements

The Board of Directors of the Company is responsible for the preparation and fair presentation of the attached financial statements according to Argentine professional accounting standards and of the internal control deemed necessary by the Board of Directors to allow the preparation of financial statements free from significant misstatements.

**Responsibility of auditors**

Our responsibility consists on expressing an opinion about the attached financial statements based on our audit. We have carried out our assessment in accordance with the audit standards set in Technical Resolution No. 37 of the Argentine Federation of Professional Councils of Economic Sciences. Such standards require that we comply with the ethical requirements, and that we plan and execute the audit to determine with reasonable certainty that the financial statements are free from significant misstatements.

An audit entails the application of procedures to obtain evidence about the figures and information submitted in the financial statements. The selected procedures depend on the professional judgement of the auditors, including risk assessment of significant misstatements in the financial statements. When assessing risk, auditors take into account the corresponding internal control for the preparation and fair presentation of the financial statements by the Company, so as to design the proper audit procedures for the circumstances and not to express an opinion about the efficiency of the Company's internal control. An audit also includes the assessment of the adequacy of the accounting policies applied and the reasonability of the accounting estimates made by the Board of Directors of the Company, as well as the assessment of the overall presentation of the financial statements.

We believe that the evidence that we have obtained is appropriate and sufficient to provide a basis for our audit opinion.

**Opinion**

In our opinion, the attached financial statements reasonably present, in all its significant aspects, the financial condition of COMVIVA TECHNOLOGIES (ARGENTINA) S.A. as of June 30th, 2022, as well as its results, the changes in shareholders' equity and the statement of cash flow corresponding to the fiscal year ended on such date, according to the Argentine professional accounting standards.

Report on other legal and regulatory requirements

a) As set forth in the Company's financial statements, the liabilities accrued as of June 30th, 2022 in favor of the Argentine Integrated Social Security System as payments of deposits and contributions amounted to $7,845,144.76, not being subject to call as on such date.

b)We have applied the procedures on prevention of laundering of assets of criminal origin and terrorism finance set forth in Resolution No. 420/11 of the Argentine Federation of Professional Councils of Economic Sciences.

| **Financing activities** | | |
| Decrease in financial debts | **(16,985,514)** | (11,831,399) |
| **Net cash flow used in financing activities** | **(16,985,514)** | (11,831,399) |
| **Net increase (decrease) in cash flow** | **57,832,482** | (65,020,910) |

Notes 1 to 10 and Exhibits I to IV form an integral part of this statement.

# NOTES TO FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30TH, 2022

(comparative with the fiscal year ended on June 30th, 2021)

(in constant currency)

(in pesos-note 1.2)

## 1. BASIS FOR PREPARATION OF FINANCIAL STATEMENTS

### 1.1 Accounting standards applied

These financial statements have been prepared and disclosed in accordance with the Technical Regulations and Interpretations of the Argentine Federation of Professional Councils of Economic Sciences (FACPCE), taken by the Argentine Federation of Professional Councils of Economic Sciences (C.P.C.E.C.A.B.A.), in force and applicable to entities not included in the public tender offer regime and which have not opted for the application of International Financial Reporting Standards (Argentine professional accounting standards ).

### 1.2 Unit of measurement

Financial statements have been prepared in constant currency recognizing the effects of inflation according to the corresponding generally accepted professional accounting standards.

In the restatement to reflect the variations in the currency purchasing power the adjustment method established by the Technical Resolution No. 6 (TR No. 6), its amending and supplementing provisions were followed in the way it was approved and regulated by the Argentine Federation of Professional Councils of Economic Sciences of the City of Buenos Aires.

The index used for the restatement is the Consumer Price Index (CPI) published by the National Institute of Statistics and Censuses of Argentina (INDEC), since January 1st, 2017 and, backwards, Internal Wholesale Prices Index (IPIM) set by said Institute or, in its absence, consumer price indexes published by the General Directorate of Statistics and Census of the City of Buenos Aires. Index variations used to restate this financial statements have been of 63.98% in the fiscal year ended on June 30th, 2022 and of 50.20% in the previous fiscal year.

By Resolution C.D. No. 107/2018 of the C.P.C.E.C.A.B.A., amended on April 3rd, 2019 by Resolution C.D. No. 18/2019 of the C.P.C.E.C.A.B.A., the second part of the resolution JG FACPCE No. 539/18 was approved, as indicated in the Annex of the mentioned Resolution of the C.P.C.E.C.A.B.A., mandatorily applicable for the financial statements of fiscal years or intermediate periods ended on and including December 31st, 2018, considering the possibilities of using certain simplifications as regards to the methodology established in the TR No. 6. In the C.P.C.E.C.A.B.A. standards different relevant aspects are also defined to apply the procedures of restatement of the financial statement figures.

The Company applied the inflation adjustment of TR No. 6, with the following options granted by the JG Resolution 539/18:

- Option of determining and presenting financial results and holding results (including RECPAM) in one line

  The Company exercised the option of TR 6 and the JG Resolution 539/18 of presenting the R.E.C.P.A.M. included in the financial results and holding results in only one line.

  Non-opening of financial results and holding results (including the RECPAM) makes it impossible to determine the real magnitude of the different components of the financial results and holding results, neither their nominal magnitude adjusted by inflation and the RECPAM effect on those results. This limitation also prevents the determination of certain financial ratios, as financial assets performance, the cost of indebtedness, leverage, etc.

- Option of not identifying the variation of financial results and holding results (including RECPAM) in Statement of Cash Flow

The Statement of Cash Flow has been prepared by the indirect method and the variation of the financial results and holding results (including RECPAM) generated by cash and its equivalents is kept within the results of the period. Such amount has not been identified, which prevents us from knowing the net cash flow determination used in the operating activities.

**1.3 Comparative information**

According to the requirements of the Argentine professional accounting rules, the accounting statements as of June 30th, 2022, with its notes and exhibits, are presented comparatively with the figures of the fiscal year ended on June 30th, 2021.

**1.4 Main assessment criteria applied in the preparation of the accounting statements.**

**a) Monetary items:**

Cash and banks, credits and liabilities are expressed at their nominal value at the end of each fiscal year

**b) Assets and liabilities in foreign currency:**

Assessed according to the suitable exchange rate or rate applied at the end of each fiscal year.

**c) Other assets:**

Supplies: Current replacement cost has been assessed at the end of each fiscal year, which does not exceed its recoverable value.

**d) Fixed assets:**

Acquisition cost: assessed at their acquisition costs restated according to what is mentioned in note 1.2.

Depreciation: fixed assets are depreciated following the straight-line method since the acquisition year, applying the aliquots estimated for each fixed asset, determined according to the estimated lives. The cumulative depreciations have been restated according to what is mentioned in note 1.2.

Fixed assets value does not exceed the estimated use value.

**e) Capital stock, earnings allocated to reserves and unallocated earnings:**

Net worth balances adjusted at the beginning of the fiscal year were updated at the end of the fiscal year according to what was mentioned in note 1.2.

Capital stock was restated in currency as at closing date, according to note 1.2. The difference with the nominal value is shown as “capital adjustment” in the net worth.

Unallocated earnings are restated in currency as at closing date, according to what was established in note 1.2.

**f) Income tax:**

The Company determines the accounting charge for income tax according to the method of the deferred tax which considers the effect of the temporary differences originated in the different measuring base of assets and liabilities according to the accounting and tax criteria, and of the existing tax loss carryforward and tax credits not used tax deductible of future taxable incomes, calculated considering the prevailing tax rate, and the rate in force at the time of the reversion.

On December 29th, 2017, Law No. 27.430 on Tax Reform was published in the Official Gazette, effective as from the day after its publication. The tax reform introduces amendments to the Income Tax Law, including the reduction of the aliquot which levies retained company earnings of 35% to 25% as of January 1st, 2020, with a transitional model for the two fiscal years starting on January 1st, 2018, where the aliquot turned to 30%. The main accounting impact of the new standard is the measuring of assets and liabilities by deferred tax, as they have to be recognized applying the tax rate applied on the dates when the differences between book and tax values are reversed or used.

Likewise, by virtue of the amendments introduced by Laws No. 27.430 and No. 27.468 to the Income Tax Law (“ITL”), the adjustment procedure for tax inflation set forth in article 95 of the ITL (static and dynamic adjustments), in the fiscal year when variation percentage in the general level CPI accumulated in the thirty six (36) months before the end of the fiscal year liquidated, above one hundred percent (100%) shall be applicable for the fiscal years starting on January 1st, 2018, Without limiting the foregoing, as regards to the first, second and third fiscal years since its entry into force, that procedure shall be applicable if the variation of this index, estimated from the beginning till the end of each of these fiscal years, is above fifty five percent (55%), thirty percent (30%) and fifteen percent (15%) for the first, second and third year of application, respectively. Nevertheless, the adjustment for tax inflation (positive or negative) that shall be applied regarding the first, second and third fiscal years starting on January 1st, 2018 shall only be computable on one third of the period of origin while the remaining two thirds, in equal parts, shall be computable on the two immediately following tax periods.

The “Social Solidarity and Productive Reactivation Law No. 27.541” (Ley de Solidaridad Social y Reactivación Reproductiva No. 27.541),whereby public emergency is declared in economic, financial, tax, administrative, social security, tariff, energy, health and social issues, was published in the Official Gazette on December 23rd, 2019. Within the amendments introduced, as regards to income tax, it suspended the reduction of 25% of the income tax aliquot until the fiscal year starting on January 1st, 2021, keeping the rate of 30%; and stablished that the adjustment for tax inflation, corresponding to the first and second fiscal years starting on January 1st, 2019, if applicable, shall be allocated 1/6 to this tax period and the remaining 5/6, in equal parts, to the immediately following 5 tax periods. The provisions do not preclude the calculation of the remaining thirds corresponding to the previous periods.

During the fiscal years ended on June 30th, 2022 and 2021, the CPI variation was of 63.98% and 50.20%, respectively. Consequently, as the inflation accrues in the thirty-six months prior to June 30th, 2022 has exceeded the 100% target, the procedure of tax adjustment due to inflation was applied.

Through Decree No. 387/2021 (O.G. 16/06/2021), Law 27.630 – on Income Tax – was passed, making amendments to the aliquot of this tax for legal persons incorporating progressive scales applied to fiscal years starting on January1st, 2021.

This new regulation has an impact on the measurement of deferred tax assets and liabilities as from the entry into force of the new law, as they have to be recognized applying tax rates passed on the closing date when temporary differences shall be reverted or used. In view of the above, and since the new amendments are applicable for the next fiscal year, the Board of Directors decided to value its deferred tax assets and liabilities at the close of this fiscal year applying an estimated rate for the reversion or use of the entries. The effect for the aforementioned rate change is exposed in note 3 of these financial statements.

Benefits under Law No. 25.922 “Knowledge Economy Promotion Regime”

Background:

Software Industry Promotion Law (Ley de Promoción de la Industria del Software)

The Company is entitled to the benefits of Law No. 25.922 “Software Industry Promotion Law”, published in the Official Gazette on September 9th, 2004. Subjects adhering to this regime shall enjoy tax stability for ten years reaching all national taxes, meaning direct taxes, tax rates and contributions having those registered beneficiaries as taxable people. Tax stability means that subjects developing software production activities shall not see their national total tax burden increased when incorporating the Company to this general legal framework.

The beneficiaries of the regime of this law engaged in software development and investigation activities and/or processes of quality certification of software developed in the national territory and/or software export, shall be able to turn into a non-transferable tax credit bond up to 70% of the employer contributions effectively paid on the total payroll of the company to the social security systems and subsystems set forth in Laws No. 19.032 (National Social Security Administration), 24.013 (National Employment Fund) and 24.241 (Integrated Retirement and Pension System). The beneficiaries may use those certificates to pay national taxes originated in the software industry, in particular the value added tax or other national taxes and their advanced payments, if applicable, excluding the income tax.

Subjects adhering to the promotion regime set forth in this law shall have a 60% relief on the total amount of the income tax determined in each fiscal year, while investigation and development and/or quality certification processes and/or software exports expenditures are charged in the amounts set by the implementing authorities. The benefit only applies to the activities corresponding to the promotion regime.

Law No. 26.692, published in the Official Gazette on August 18th, 2011, made amendments to the software industry promotion law, among others, extending its validity until December 31st, 2019.

Knowledge Economy Promotion Regime - Law No. 27,570 (“Ley de Economía del Conocimiento”)

Law No. 27,506 “Knowledge Economy Promotion Regime”, which would replace the Software Industry Promotion Law with effect from January 1st, 2020 was published in the Official Gazette on June 10th, 2019. However, the law was left without effects and then amended for its approval with certain modifications on October 8th, 2020, implementing its regulation on February 18th, 2021.

As part of the process for adhesion to the Knowledge Economy Promotion Law, the Company ought to registered with the National Registry of Beneficiaries of the Knowledge Economy Promotion Regime. On December 29th, 2021 the Secretariat of Knowledge Economy approved the registration of the Company within this registry, which allowed it to enjoy the tax benefits included in this law starting on January 2020, as mentioned above.

The subjects beneficiaries of this regime shall receive a fiscal credit bond equal to 70% of the employer contributions actually paid in relation to its staff subject to the activities promoted and in accordance with the conclusions of the technical assessment report.

On the other hand, a 20% reduction of the amount of the income tax is provided, corresponding to the activities promoted and in accordance with the classification of the type of company based on its size. The Company was classified as a large company.

**g) Statement of Cash Flow:**

Such statement is presented according to the indirect method, going from the net result of each fiscal year, adding or deducting, as appropriate, those entries involved in its determination, but which did not affect the funds and the changes in assets and liabilities. The items of Cash and banks and Sales credits are considered items of “Cash and its equivalents” according to the following detail:

| | **… 2022 …** | … 2021 … |
|---|---|---|
| Cash and banks | **55,030,261** | 19,280,478 |
| Instruments for deposit (*) | **48,390,850** | 26,308,151 |
| **Total cash and equivalents** | **103,421,111** | 45,588,629 |

(*) Corresponds to “Instruments for deposit” due in less than 90 days.

**h) Estimates:**

The preparation of the financial statements, according to accounting standards in force, requires the Board of Directors of the Company to make estimates affecting the determination of the amounts of assets and liabilities and the disclosure of contingencies at the date of presenting the financial statements. The real amounts and results may differ from the estimates made for the preparation of the financial statements.

or other non-recoverable credits: Set on the basis of an individual analysis of recoverability of receivables.

For deferred tax: Set on the basis of the individual analysis of the probability of reversion of the items of the deferred tax.

For lawsuits and contingencies: Set to cover possible claims and contingency situations that could create liabilities for the Company. The opinion of the legal advisers of the Company was considered in the estimates of amounts and likelihood of occurrence.

**i) Results:**

The income statements were restated in the currency as at closing date, according to what was established in note 1.2. The differences with their nominal values were included in the line “Financial and holding results (includes RECPAM)” of the income statement.

**2. COMPOSITION OF THE MAIN ITEMS OF THE FINANCIAL STATEMENTS.**

The composition of the main items of the financial statements are the following:

| | | …2022… | …2021… |
|---|---|---|---|
| **2.a)** | **Cash and banks** | | |

| | Donations | **(55,181)** | (84,825) |
| | **Total** | **(9,463,690)** | (17,882,748) |

**3. INCOME TAX**

As of June 30th, 2022 and 2021, the Company determined a charge for income tax for the fiscal years ended on those dates as follows:

| | …2022… | …2021… |
|---|---|---|
| Deferred income tax | **(15,829,217)** | 21,767,015 |
| Current income tax | **(5,103,451)** | (6,820,154) |
| **Income tax** | **(20,932,668)** | 14,946,861 |

The conciliation between the charge to income registered in the income tax and the one resulting from applying the rate established by the standards in force to the accounting result for the fiscal years ended on June 30th, 2022 and 2021 are the following:

| | **… 2022 …** | … 2021… |
|---|---|---|
| Result of the year before income tax | **20,542,523** | (17,097,983) |
| At tax rate (1) | **(4,724,780)** | 5,129,396 |
| Permanent differences (2) | **(16,207,888)** | 9,817,465 |
| **Income tax** | **(20,932,668)** | 14,946,861 |

(1) The rate applied is of 23%, for the fiscal year ended on June 30th, 2022, and 30% for the fiscal year ended on June 30th, 2021. As of June 30th, 2022 the tax rate applied included the reduction effect of 20% as a result of the tax benefit included in the Knowledge Economy Law, as mentioned in note 1.4.f. As of June 30th, 2021 the Company applied the current income tax rate without considering any effect of reduction, because the observations of Software Law audits for the years 2018, 2019 and 2020, performed by the government, were in process of being solved, as mentioned in note 10.

(2) Includes the effect for rate change and the effect of the accounting and tax adjustment due to inflation.

Likewise, the composition of the net deferred tax as of June 30th, 2022 and 2021 and the variations registered in the fiscal year ended on June 30th, 2022 are the following:

| | **… 2022 …** | | **Variations** | | … 2021 … | |
|---|---|---|---|---|---|---|
| **Asset / (Liability) for Deferred Tax** | | | | | | |
| Fixed assets | **61,304** | | 100,112 | | (38,808) | |
| Payroll and payroll taxes | **49,782,514** | | (4,743,856) | | 54,526,370 | |
| Non-deductible provisions | **500,000** | | 4,405 | | 495,595 | |
| Tax loss carryforward (1) | **-** | | (11,776,865) | | 11,776,865 | |
| Adjustment for inflation for tax purposes | **27,610,096** | | (30,455,183) | | 58,065,279 | |
| **Total** | **77,953,914** | | (46,871,387) | | 124,825,301 | |
| **To the tax rate** | **18,085,308** | (2) | (19,362,276) | (3) | 37,447,584 | (2) |
| Provision for deferred tax (Exhibit II) | **-** | | 3,533,059 | | (3,533,059) | |
| **Total** | **18,085,308** | | (15,829,217) | | 33,914,525 | |

(1) The balance corresponds to specific tax loss carryforward of foreign source, barred by the statute of limitations in the present fiscal year.

(2) Estimated considering the reversion periods (see note 1.4.f).

(3) Includes the result for rate change and the R.E.C.P.A.M.

## 4. CORPORATE CAPITAL

As of June 30th, 2022 and 2021, the corporate capital amounted to 2,255,800, represented by 2,255,800 common, registered, non-endorsable shares, entitled to one vote each, and a par value of $1 each. The capital was fully subscribed, paid-in and registered at the Superintendence of Corporations.

## 5. COMPANIES UNDER ART. 33 OF LAW No. 19,550 AND OTHER RELATED PARTIES

As of June 30th 2022 and 2021, the shareholding structure of the Company was the following:

| | Shares (1) | | |
|---|---|---|---|
| **Shareholders** | **Amount** | **Nominal value** | **Shareholding interest** |
| Comviva Technologies BV | 2,255,010 | 2,255,010 | 99,96% |
| Comviva Technologies Ltd. | 790 | 790 | 0,04% |
| **Total** | **2,255,800** | **2,255,800** | **100%** |

(1) Do not accrue interests or have an adjustment clause except for financial debts, accruing interests according to the conditions agreed with Comviva Technologies B.V.

## 8. RESTRICTIONS ON DISTRIBUTION OF RETAINED EARNINGS

According to the legal provisions in force, 5% of the net income for the fiscal year should be allocated to the legal reserve until it reaches 20% of the social stock. As of June 30th, 2022, the amount of the legal reserve amounts to 1,748,677.

## 9. EFFECTS OF THE COVID-19 PANDEMIC ON THE ACTIVITIES OF THE COMPANY

In December 2019, the onset of a new coronavirus SARS-CoV-2 (known as “COVID-19”) in China was reported. After December 31st, 2019 it expanded practically all around the world. On March 11th, 2020 the WHO declared the outbreak of COVID-19 as a pandemic. This emergency situation and the measures adopted in the different countries to face it have significantly affected the international economic activity with different impacts on each country affected and business sectors.

During fiscal year ended on June 30th, 2022 the progress of the vaccination plan and the reduction of effect of the dangerous diseases allowed the economy to gradually and carefully reopen its activities.

## 10. AUDIT ON THE COMPLIANCE WITH THE REQUIREMENTS OF LAW No. 25.922 “SOFTWARE INDUSTRY PROMOTION LAW”

As part of enjoying the benefits set forth in Law No. 25.922, the Company is subject to yearly audits related to the compliance of the requirements established set by such law, so as to continue receiving those benefits, for the periods of August to July every year.

One of the requirements the Company has to comply with, is keeping a minimum annual amount of staff determined and estimated in the law, in the regulatory decree and related regulations. If the Company fails to comply with some of these duties it shall be subject to possible sanctions as implemented by the competent authority, where appropriate. Among them is the loss of the fiscal benefits enjoyed.

During the month of February 2021, the Company was notified about the audit results of the following yearly periods: August 2017 to July 2018, August 2018 to July 2019 and August 2019 to July 2020.

As a result of this work, the audit challenged the calculation criteria used by the Company to determine minimum staff amount. In reply, the Company issued a disclaimer arguing that such determination was performed according to what is provided for in the applicable regulations. Nevertheless, before issuing the report, the audit answered to the disclaimer, ratifying the reasons previously exposed.

During such periods, the Company has registered income for benefits associated to this regime for a total amount of $ 22,431,563 (in historic currency) composed as follows per concept and per period:

| **Concept** | **August 17-July 18** | **August 18 - July 19** | **August 19-December 19** | **Total** |
|---|---|---|---|---|
| Social security Contributions | 6,554,163 | 6,763,281 | 3,985,984 | 17,303,428 |
| Income tax | - | 2,391,737 | 2,736,398 | 5,128,135 |
| **Total** | **6,554,163** | **9,155,018** | **6,722,382** | **22,431,563** |

It´s important to point out that the last period considered includes only five months of perceived benefits, given that since January 2020 such benefits were suspended at that moment by the decision of the new National Administration.

On October 5, 2021 the Ministry of Productive Development informed the Company about the final resolution of the audits. In accordance to the findings made by the Government, the Company registered benefits in excess under the application of this regime for the sum of $20,501,426. The Company accepted the resolution taken by the competent authority, and recorded such impact on these financial statements.

On December 29, 2021, the Company was registered at the National Registry of Knowledge Economy Promotion Regime Beneficiaries, with retroactive application to January 2020.

Finally, on March 22, 2022 the law enforcement authority issued a detail with the tax credit bonds issued under the abovementioned promotion regime since January 2020 to December 2021 for a total amount of $ 27,966,384. These tax credits were used by the Company to cancel the above-detailed benefits taken in excess.

# INDEPENDENT AUDITOR'S REPORT

To
The Board of Directors
Comviva Technologies Americas, Inc.

**Report on the Audit of the Special Purpose Financial Statements**

**Opinion**

We have audited the special purpose financial statements of Comviva Technologies Americas, Inc. (the Company), which comprise the Balance Sheet as at 31 March 2023, the Statement of Profit and Loss and notes to the financial statements, including a summary of significant accounting policies.

In our opinion and to the best of our information and according to the explanations given to us, the accompanying financial statements of the Company for the year ended 31 March 2023 are prepared in all material respects, in accordance with the Indian Accounting Standards (IndAS).

**Basis of opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

**Emphasis of matter**

We draw attention to Note 2 to the special purpose financial statements, which describes the basis of accounting. The financial statements are prepared to incorporate these financial statements into the consolidated financial statements of its Holding Company. As a result, the financial statements may not be suitable for another purpose.

Our report is solely for the use of Board of Directors and the current investors of the Company for the sole purpose of incorporating of these financial statements into the consolidated financial statements of its Holding Company. We shall not be liable to the Company or any other concerned for any claims, liabilities or expenses relating to this assignment. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our opinion is not modified of above matter.

**Other matter**

We have relied on the scanned copies of the supporting documents for the purpose of issuing our opinion.

Our opinion is not modified in respect of above matter.

**Management's and Board of Directors' Responsibilities for the Financial Statements**

The Company's Management and Board of Directors are responsible for the preparation of these financial statements that give a true and fair view of the state of affairs and the loss in accordance with the accounting principles referred to in Note 2 of the financial statements. This responsibility also includes maintenance of adequate accounting records for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date

of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Retained earnings represents the undistributed profits of the Company accumulated as on Balance Sheet date.

# NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1. **Company Overview**

   Comviva Technologies Americas Inc (the company) was incorporated on November 4, 2021. The company is engaged in the business of Video Storage and Processing Platform (VSPP). VSPP is a field-proven solution from Media Kind. It powers a unified solution for cloud DVR, on-demand, and time/place-shifted services.

   The Company is a subsidiary of Comviva Technologies Ltd.

2. **Significant Accounting Policies**

   **2.1 Statement of Compliance**

   The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

   These statements have been prepared for incorporating these financial statements into the Consolidated financial statements of the Holding company i.e. Comviva Technologies Ltd.

   **2.2 Basis for preparation of financial statements**

   These financial statements are presented in US Dollars ("USD") which is also the Company's functional currency. All amounts have been reported in USD. These financial statements have been prepared on the historical cost basis and on accrual basis, except for certain financial instruments, which are measured at fair values at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

   In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

   In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

   Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

   Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

   Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

   **2.3 Use of Estimates:**

   The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Critical accounting estimates

**i) Revenue Recognition**

The Company applies the proportionate method for measurement of performance obligation in accounting for its fixed price development contracts. Use of the proportionate method requires the Company to estimate the efforts to date as a proportion of the total budgeted efforts. Efforts have been used to measure progress towards completion, as there is a direct relationship between input and productivity.

**ii) Income taxes**

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. The policy for the same has been explained under Note 2.11.

**iii) Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

**iv) Provisions**

Provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.14.

**2.4 Property, Plant & Equipment and Other Intangible assets**

Property, Plant & Equipment and Other Intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. except in respect of the following categories of assets, where the life of the assets has been assessed based on technical advice, considering the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

| Type of Asset | Estimated useful life |
|---|---:|
| Plant and Equipment (including Computers) | 3 year |
| Plant and Equipment (Electrical Equipment) | 5 year |
| Office Equipment | 5 year |
| Furniture and Fixtures | 5 year |

The estimated useful lives and residual values of the Property, Plant & Equipment and Other Intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of Property, Plant & Equipment and intangible assets is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

Improvements to leased premises are amortized over their estimated useful life or period of the lease, whichever is shorter.

Computer Software and hardware acquired for specific projects are amortized over the initial contract life of the project.

The cost of Software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Intellectual Property Right (IPR) is amortized over a period of 4 years.

**2.5 Leases**

At inception of the contract, the Company determines whether the contract is a lease or contains a lease arrangement. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the standalone statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in standalone statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from Customer Contracts to allocate the consideration in the contract.

**2.6 Impairment of Assets**

**i) Financial assets**

Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortized cost is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. In a subsequent period, if the amount of impairment loss decreases and the decrease can be related objectively to an event, the previously recognized impairment is reversed through Statement of profit and loss.

**ii) Non-financial assets**

Property, Plant & Equipment and Other Intangible assets

indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the Statement of profit and loss.

**2.7 Inventories**

Inventories are stated at lower of cost or net realizable value. In determining the cost of materials, the weighted average cost method is used.

**2.8 Revenue recognition**

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The company recognises revenue for a sales-based or usage-based royalty promised in exchange for a licence of intellectual property only when (or as) the later of the following events occurs: the subsequent sale or usage occurs; and the performance obligation to which some or all of the sales-based or usage-based royalty has been allocated has been satisfied (or partially satisfied).

The company recognizes revenue when it is reasonably expect that an entity will undertake activities that significantly affect the intellectual property include the entity's customary business practices, published policies or specific statements. Although not determinative, the existence of a shared economic interest (for example, a sales-based royalty) between the company and the customer related to the intellectual property to which the customer has rights may also indicate that the customer could reasonably expect that the entity will undertake such activities.

Judgement is also required to determine the transaction price for the contract. The transaction price a substantial amount of the consideration promised by the customer is variable and the amount or timing of that consideration varies on the basis of the occurrence or non-occurrence of a future event that is not substantially within the control of the customer or the entity

**2.9 Foreign currency transactions**

The functional currency of the company is US Dollar (USD).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the Statement of profit and loss.

**2.10 Financial Instruments:**

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized in Statement of profit and loss.

**i) Non-derivative financial instruments:**

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial asset not measured at amortized cost is carried at fair value through profit and loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

Financial liabilities

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**ii) Derivative financial instruments and hedge accounting**

**iii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**2.11 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

**2.12 Earnings per share**

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the Balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings/(loss) per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares as appropriate. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

**2.13 Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**2.14 Borrowing Costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of that asset. All other borrowing costs are charged to the statement of profit and loss.

**2.15 Goodwill**

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

| Lease Liability | - | - | - | - | - |
| Other financial liabilities (refer note 7) | 693 | - | - | 693 | 693 |
| **Total** | **14,410,643** | **-** | **-** | **14,410,643** | **14,410,643** |

*Fair value of amortised assets is same as carrying value

The carrying value and fair value of financial instruments by categories as at March 31, 2022 were as follows:

Amount in USD

| Particulars | Amortised cost* | Financial assets/ liabilities at fair value through profit or loss | Derivative instruments in hedging relationship | Total carrying value | Total fair value* |
|---|---|---|---|---|---|
| **Assets:** | | | | | |
| Cash and cash equivalents (refer note 3) | 155,000 | - | - | 155,000 | 155,000 |
| Trade receivables (refer note 2) | 1,668,939 | - | - | 1,668,939 | 1,668,939 |
| Loans (refer note 5) | - | - | - | - | - |
| **Total** | **1,823,939** | **-** | **-** | **1,823,939** | **1,823,939** |
| Liabilities: | | | | | |
| Trade payables (refer note 6) | 1,567,328 | - | - | 1,567,328 | 1,567,328 |
| Lease liability | - | - | - | - | - |
| Other financial liabilities (refer note 7) | 30,655 | - | - | 30,655 | 30,655 |
| **Total** | **1,597,983** | **-** | **-** | **1,597,983** | **1,597,983** |

*The fair value of cash and cash equivalents, other balances with bank, trade receivables, trade payables and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

**II] Fair Value Hierarchy**

The company has no Financial assets and liabilities that are measured at fair value on a recurring basis.

**III] Financial Risk Management**

**Financial Risk Factors**

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk. The Company uses derivative financial instruments to mitigate foreign exchange related risk exposures. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

**(i) Market risk**

Market risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company exposure to market risk is primarily on account of foreign currency exchange rate risk.

**(a) Foreign currency exchange rate risk**

The entity has all transactions in functional currency where all assets and liabilities are denomenated in functional currency. Therefore, there is no impact of foreign currency exhange rate fluctuation risk.

**(b) Foreign Exchange Contracts**

The Company is not exposed primarily to fluctuations in foreign currency exchange rates, credit risk and liquidity risk which may impact the fair value of its financial instruments.

**(ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, quoted bonds issued by government and quasi government organizations with high credit ratings.

**Credit Risk Exposure**

The carrying amount of financial assets represents the minimum credit exposure.

**Trade receivable**

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses financial position at each reporting date whether a financial asset or a group of financial assets is impaired. The Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**(iii) Liquidity Risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligation. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**Dear board of directors,**

In accordance with your instructions we have compiled the annual accounts 2022 of Comviva International Netherlands B.V. (previously Dynacommerce Holding BV), Sittard.

# ACCOUNTANT'SCOMPILATION REPORT

The financial statements of Comviva International Netherlands B.V. (previously Dynacommerce Holding BV) have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at 31 December 2022 and the profit and loss account for the year 2022 with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, "Compilation engagements", which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Comviva International Netherlands B.V. (previously Dynacommerce Holding BV).

During this engagement we have complied with the relevant ethical requirements prescribed by the"Verordening Gedrags- en BeroepsregelsAccountants" (VGBA). You and other usersof these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

**FISCAL POSITION**

**Losses to be settled**

As at December 31, 2022 the losses to be settled amount to € 10.431.440.

In respect of these losses available for set-off, a deferred tax asset is recognised, which has been valuated against the nominal tax rate of 19,0% (2021: 15%).

**Taxable amount and taxation financial year 2022**

The fiscal result amounts € 272.626. There is no corporate income tax payment required regarding this result, because of the outstanding losses, which have to be settled.

We trust to have been of service. We are available to provide further explanation should you have questions or comments.

Yours sincerely,

KOENEN EN CO

Accountants

# GENERAL NOTES TO THE FINANCIAL STATEMENTS

**Activities**

The activities of Comviva International Netherlands B.V. (previously Dynacommerce Holding BV) are fully focused on end to end Omnius omnichannel solutions in name of Techmahindra ltd. So, the company continues to operate solely on the basis of the cost-plus arrangement for TechMahindra ltd.

On January 24 2023, the name Dynacommerce Holding B.V. has changed to Comviva International Netherlands B.V.

**Business address**

Comviva International Netherlands B.V. (previously Dynacommerce Holding BV) (registered under Chamber of Commerce number 66421470) is based at Stationsplein 5A 1 in Sittard.

**Group relationships**

Comviva International Netherlands B.V. (previously Dynacommerce Holding B.V.) settled in Sittard, The Netherlands is a 100% subsidiary of Tech Mahindra Limited, settled in Maharashtra, India. The financial statements of Comviva International Netherlands B.V. (previously Dynacommerce Holding B.V.) are included in the financial statements of Tech Mahindra Limited.

**Estimates and assumptions**

Comviva International Netherlands B.V. (previously Dynacommerce Holding BV) based its assumptions and estimates on circumstances and information available when the financial statements were prepared.

If it is necessary in order to provide the transparency required under art. 2:362 paragraph 1 of the Dutch Civil Code the nature of these estimates and judgments, including related assumptions, is disclosed in the notes to the relevant financial statement item.

**Mergers and acquisitions**

**Legal merger**

On April 6, 2022, the boards of Dynacommerce Holding B.V. (acquiring company) and Dynacommerce B.V. (disappearing company) decided on a legal merger. In this context, the capacity of Dynacommerce B.V. as can be seen from the balance sheet as of January 1, 2022 is transferred under general title to Dynacommerce Holding B.V. The assets and liabilities of Dynacommerce B.V. are included in the balance sheet of Dynacommerce Holding B.V. at the book values as of January 1, 2022. The accounting principles of appreciation used by Dynacommerce B.V. were the same as those used by Dynacommerce Holding B.V.

**GENERAL ACCOUNTING PRINCIPLES FOR THE PREPARATION OF THE FINANCIAL STATEMENTS**

The financial statements have been prepared in accordance with the general determination of Chapter 9 Book 2 of the Dutch Civil Code and the ‘’Richtlijnen voor de Jaarverslaggeving voor kleine rechtspersonen’’ issued by the ‘’Raad voor de Jaarverslaggeving’’.

Valuation of assets and liabilities and determination of the result takes place under the historical cost convention. Unless mentioned otherwise, the relevant principle for the specific balance sheet item, assets and liabilities are presented at face value.

Income and expenses are accounted on accrual basis. Profit is only included when realized on balance sheet date. Liabilities and any losses originating before the end of the financial year are taken into account if they have become known before preparation of the financial statements.

The Dutch Accounting Standards Board (“Raad voor de Jaarverslaggeving”) has decided to implement specific changes to the revenue recognition guidelines and to clarify these standards with further explanations. These changes relate to Dutch Accounting Standards applicable to small legal entities RjK B13 “Profit and loss account” and RjK B5.3 “Construction Contracts”.

The changes are effective for financial years beginning on or after January 1, 2022. If the new guidelines for the company have led to a changed revenue recognition and/or presentation, this is explained under the section “Changes in accounting policies”.

## PRINCIPLES FOR THE VALUATION OF ASSETS AND LIABILITIES

### Intangible fixed assets

Intangible fixed assets are presented at cost less accumulated amortization and, if applicable, less impairments. Amortization is charged as a fixed percentage of cost, as specified in more detail in the notes to the balance sheet. The useful life and the amortization method are reassessed at the end of each financial year. Depreciation in 3 years based on the portfolio of customers taken over.

Internal development costs for technology and software are recognized as an intangible asset if, and only if, all of the following have been demonstrated:

- The technical feasibility to complete the project;
- The intention to complete the intangible asset, and use or sell it;
- The ability to use or sell the intangible asset;
- How the intangible asset will generate probable future economic benefits;
- The availability of adequate technical, financial and other resources to complete the development; and
- The cost of developing the asset can be measured reliably.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. All expenditures on research activities and development activities for which the recognition criteria listed above are not met are expensed in the income statement as incurred.

### Tangible fixed assets

The tangible fixed assets are presented at the cost less the accumulated depreciations and, if applicable, the special impairments. The depreciations are based on the estimated economic lifespan and are calculated on the basis of a fixed percentage of the purchase price, taking into account a residual value, if any. Depreciation is provided from the date an asset comes into use.

### Financial fixed assets

Deferred tax assets are recognised for all deductible temporary differences between the value of the assets and liabilities under tax regulations on the one hand and the accounting policies used in these financial statements on the other, on the understanding that deferred tax assets are only recognised insofar as it is probable that future taxable profits will be available to offset the temporary differences and available tax losses.

The calculation of the deferred tax assets is based on the tax rates prevailing at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law.

### Receivables, prepayments and accrued income

The receivables are included at the face value, after deduction of the provisions deemed necessary for the risk of uncollectable claims. These provisions are determined on receivables which are send to the lawyer and the collection agency.

### Current liabilities, accruals and deferred income

Upon initial recognition, the liabilities recorded are stated at fair value and then valued at amortized cost.

## PRINCIPLES FOR THE DETERMINATION OF THE RESULT

### General

The result is determined as the difference between the net realisable value of the performances and services rendered, on the one hand, and the costs and other charges of the year, valued at historical cost, on the other.

Revenue arising from the services provided is recognised pro rata to the services provided, based on the costs incurred in relation to the services provided up to the balance sheet date, in proportion to the estimated cost of the total services to be provided. The cost of these services is allocated to the same period.

**Revenue recognition**

**Services**

Net turnover comprises the income from the supply of services less discounts and rebates and taxes levied on turnover.

**Costs**

Costs are determined on a historical basis and allocated to the reporting year to which they relate.

**Tax**

The corporate income tax is calculated at the applicable rate over the result of the financial year, taking into account any permanent differences between profit calculation in accordance with the financial statements and the fiscal result calculation.

The calculation of the deferred tax assets is based on the tax rates prevailing at the end of the reporting year or the rates applicable in future years, to the extent that they have already been enacted by law.

# NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**1. Company Overview**

YABX India Private Limited ("the Company" or "YABX") is a FinTech Venture of and subsidiary of Comviva Technologies Limited ("Comviva"), a global leader in Mobility Solutions. Comviva is a subsidiary of Tech Mahindra and a part of the Mahindra Group.

YABX was established with a vision to simplify financial access to more than 2 billion unbanked population in the emerging markets using the mobile phone device. The Company has an unparalleled edge to provide solutions that help achieve its core purpose of financial inclusion.

**2. Significant Accounting Policies**

**2.1 Statement of Compliance**

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

**2.2 Basis for preparation of financial statements**

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees, unless otherwise stated.

These financial statements have been prepared on the historical cost basis and on accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116 Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**2.3 Use of Estimates:**

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

**Critical accounting estimates**

**i) Provisions**

Provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.9.

**ii) Income Taxes**

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions. The policy for the same has been explained under Note 2.11.

**iii) Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.10.

**2.4 Property, Plant & Equipment and Other Intangible assets**

Property, Plant & Equipment and Other Intangible assets are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction / installation stage.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on Property, Plant & Equipment including assets taken on lease, other than freehold land is charged based on straight line method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, where the life of the assets has been assessed based on technical advice, considering the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

| **Type of Asset** | **Estimated useful life** |
|---|---|
| Plant and Equipment (Including Computers & Electronic equipments) | 3-5 years |
| Office Equipment | 5 years |
| Furniture and Fixtures | 5 years |

The estimated useful lives and residual values of the Property, Plant & Equipment and Other Intangible assets are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of Property, Plant & Equipment and intangible assets is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the profit or loss.

Improvements to leased premises are amortized over their estimated useful life or period of the lease, whichever is shorter.

Assets costing up to  5,000 are fully depreciated in the year of purchase except when they are part of a larger capital investment programme.

Computer Software and hardware acquired for specific projects are amortized over the initial contract life of the project.

The cost of Software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Intellectual Property Right (IPR) is amortized over a period of 4 years.

**2.5 Financial Instruments:**

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognized in Statement of profit and loss.

**i) Non-derivative financial instruments:**

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value**

Financial asset not measured at amortized cost is carried at fair value through profit and loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial Instruments, has made an irrevocable election to present in other comprehensive income subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL are measured at fair values at the end of each reporting period, with any gains or losses arising on re-measurement recognized in Statement of profit and loss.

**Financial liabilities**

Financial liabilities maturing after one year are subsequently carried at amortized cost using the effective interest method.

For trade payables and other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

**ii) Derecognition of financial instruments**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

The Company derecognises financial liabilities when, and only when, the Company’s obligations are discharged, cancelled or have expired.

**2.6 Revenue recognition:**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from cost plus contracts are recognized based on the terms of the contract over the service period.

Contracts assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability arises when there is Company's obligation to transfer goods or services to a customer for which the entity has received consideration ("Advances from Customer") or the amount is due from the customer ("Unearned Revenue")

**2.7 Short term leases and leases of low value Assets**

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease

**2.8 Foreign Currency transactions**

The functional currency of the Company is Indian Rupees (₹). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the dates of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the statement of profit or loss.

**2.9 Employee benefits**

**i) Gratuity:**

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in other comprehensive income and accumulated in equity in the period in which they occur. Past service cost is recognized in profit or loss in the period of a plan amendment.

**ii) Provident fund:**

The eligible employees of the Company are entitled to receive the benefits of Provident fund in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis.

**iii) Compensated absences:**

The Company provides for the compensated absences subject to Company's certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognized in full in the Statement of Profit and Loss in the period in which they occur. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

**iv) Other short term employee benefits:**

Other short-term employee benefits such as performance incentives expected to be paid in exchange for the services rendered by employees, are recognized during the period when the employee renders the service.

**2.10 Taxation:**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the income tax laws.

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes or deferred taxes are recognized in other comprehensive income or directly in equity, respectively.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

**2.11 Employee Stock Option:**

Stock-based compensation represents the cost related to stock-based awards granted to employees. The Company measures stock-based compensation cost at grant date, based on the estimated fair value of the award and recognizes the cost (net of estimated forfeitures) on a straight line basis over the requisite service period for each separately vesting portion of the award, as if award was in substance, multiple awards. The Company estimates the fair value of stock options. The cost is recorded under the head employee benefit expense in the statement of profit and loss with corresponding increase in “Share based payment expense”.

**2.12 Earnings per share**

Basic earnings/(loss) per share are calculated by dividing the net profit/(loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the year and also after the balance Sheet date but before the date the financial statements are approved by the Board of Directors.

For the purpose of calculating diluted earnings per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**2.13 Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities and Contingent assets are not recognized in the financial statements.

**2.14 Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 1 – Presentation of Financial Statements The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

| Foreign Exchange outgo- Travelling Expenses | NIL |

**DEPOSITS**

Your Directors, report that the company has neither accepted nor renewed any deposits covered under Chapter V of the Companies Act 2013 during the year under review.

**RISK MANAGEMENT**

The Company does not have any Risk Management Policy.

**CORPORATE SOCIAL RESPONSIBILITY:**

The Company has complied with the provisions of section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014 as amended for the Financial year 2022-23.

The Annual Report on Corporate Social Responsibility Activities of the Company for the Financial Year 2022-23 has been provided in the prescribed format as Annexure II to this report.

**DIRECTORS**

Pursuant to the provisions of Section 152(6)(c) of the Companies Act, 2013, Mr. Narasimham Venkata Rachakonda **(DIN: 00339167)** is liable to retire by rotation and offers himself for reappointment.

**None of the directors were disqualified during the year under review.**

**DIRECTORS' RESPONSIB ILITY STATEMENT**

Pursuant to Section 134(5) of the Companies Act, 2013 the Board of Directors of the Company confirms that-

| | |
|---|---|
| (a) | In the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures; |
| (b) | The directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit of the company for that period; |
| (c) | The directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities; |
| (d) | The directors had prepared the annual accounts on a going concern basis; and Company being unlisted sub clause of Sec – 134(3) is not applicable. |

The directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

**DETAILS IN RESPECT OF ADEQUACY OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS**

There is an adequate internal control system commensurate with the size of the Company and the nature of business.

**DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORK PLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:**

No cases were filed pursuant to the Sexual Harassment of Women at Work Place (Prevention, Prohibition and Redressal) Act, 2013 during the year under review.

**ORDER OF COURT**

There were no significant and material orders passed by the regulators or courts or Tribunals impacting the going concern status and company's operations in future.

**OTHER DISCLOSURES**

Directors of your company hereby state and confirm that the Company has complied with all the applicable Secretarial Standards.

**ACKNOWLEDGEMENT**

Your Directors take this opportunity to express their deep and sincere gratitude and appreciation for cooperation extended by the Governmental Agencies, Shareholders.

Your Directors also place on record their appreciation for the contributions made by the employees through their dedication, hard work and commitment. Your Directors also convey thanks and appreciation to the valued customers and dealers for their continued patronage.

# INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF "ZEN3 INFOSOLUTIONS PRIVATE LIMITED"**

**Report on the Audit of the Standalone Financial Statements**

**Opinion**

We have audited the standalone financial statements of "ZEN3 INFOSOLUTIONS PRIVATE LIMITED" ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year ended on that date, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

**Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report and Shareholder's information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

¬In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

(a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(b) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

(c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

(d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

   (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.

   (g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position in its standalone financial statements.

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

      iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

      iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (b) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

      (c) The Company has not declared or paid any dividend during the year in accordance with Section 123 of the Companies Act, 2013.

V. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the company only w.e.f. April 1, 2023, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 reporting under this clause is not applicable.

# ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in Paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our report to the members of "ZEN3 INFOSOLUTIONS PRIVATE LIMITED" of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:

(a)

A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

B. The Company has maintained proper records showing full particulars of Intangible assets.

(b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets by which Property, Plant and Equipment and right-of-use assets are verified in a phased manner over a period of 3 years. In accordance with this program, certain Property, Plant and Equipment were verified by the Management during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) The Company does not have any immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued its Property, Plant and Equipment (including right-of-use assets) or intangible assets or both during the year. Accordingly, clause 3(i)(d) of the Order is not applicable.

(e) There are no proceedings which have been initiated during the year or are pending against the Company as at 31st March, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii.

(a) The Company does not have any inventory. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate at any points of time during the year, from banks or financial institutions on the basis of the security of current assets. Accordingly, clause 3(ii)(b) of the Order is not applicable.

iii. The Company has neither made any investments in / provided guarantees or security / granted loans or advances in the nature of loans, secured or unsecured loans to companies, firms, Limited Liability Partnerships, other parties. Accordingly,

(a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to Companies, Firms, Limited Liability Partnerships, any other entity during the year. Accordingly, clause 3(iii)(a)(A) and 3(iii)(a)(B) of the Order is not applicable.

(b) The Company has neither made any investments nor has given or provided any securities or guarantees. Accordingly, clause 3(iii)(b) of the Order is not applicable.

(c) The Company has not granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties. Accordingly, clause 3(iii)(c) of the Order is not applicable.

(d) The Company has not granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties. Accordingly, clause 3(iii)(d) of the Order is not applicable.

(e) The Company has not granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties. Accordingly, clause 3(iii)(e) of the Order is not applicable.

(f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Accordingly, clause 3(iii)(f) of the Order is not applicable.

iv. The Company has not given any loans or guarantees/ made any investments within the meaning of section 185 and 186 of the Companies Act, 2013. Accordingly, clause 3(iv) of the Order is not applicable.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits as per the directives issued by the reserve bank of India and sections 73 to 76 of the Companies Act, 2013 and the rules thereunder. Accordingly, clause 3(v) of the Order is not applicable.

vi. The Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Accordingly, clause 3(vi) of the Order is not applicable.

vii. In respect of statutory dues:

(a) The Company is not regular in depositing undisputed statutory dues relating to provident fund. The following are the details of the dues that have been outstanding for a period of more than 6 months from the date they become payable, as on the last day of the financial year:

| **Name of the Statute** | **Nature of Dues** | **Financial Year to which the amount relates** | **Amount Due** |
|---|---|---|---|
| Employees' Provident Fund Act, 1952 | PF Dues | 2022-23 | 15,24,837 |

(b) There are no statutory dues relating to Goods and Service tax, Provident fund, Employees' State Insurance, Income-Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and any other statutory dues which have not been deposited on account of any dispute.

viii. The Company does not have any transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 OF 1961).

ix.

(a) The Company has not taken any loans or other borrowings from any lender. Accordingly, clause 3(ix)(a) of the Order is not applicable.

(b) The Company has not been declared a willful defaulter by any bank or financial institution or lender or government or government authority. Accordingly, clause 3(ix)(b) of the Order is not applicable.

(c) The Company has not taken any term loans during the year and there are no outstanding term loans at the beginning of the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) On an overall examination of the financial statements of the Company, the Company has no funds raised on short-term basis. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) On an overall examination of the standalone financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates and joint venture as defined in the Act. Accordingly, clause 3(ix)(e) of the Order is not applicable.

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates and joint ventures. Accordingly, clause 3(ix)(f) of the Order is not applicable

x.

(a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

xi.

(a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

(b) No report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and up to the date of this report.

(c) The Company has not received any whistleblower complaints during the year. Accordingly, clause 3(xi)(c) of the order is not applicable.

xii. The Company is not a Nidhi company. Accordingly, clause 3(xii) of the Order is not applicable.

xiii. The Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with related parties, and the details of the related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

xiv. Based on the size and business activity, the Company does not have any requirement for an internal audit system. Accordingly, clause 3(xiv)(a) and clause 3(xiv)(b) of the Order is not applicable.

xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

xvi.

(a) In our opinion, The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clauses 3(xvi)(a), 3(xvi)(b) and 3(xvi)(c) of the Order are not applicable.

(b) In our opinion, there is no Core Investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. There are no unspent amounts towards Corporate Social Responsibility (CSR) on any projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) and (6) of Section 135 of the said Act. Accordingly, clause 3(xx)(a) and 3(xx)(b) of the Order is not applicable for the year.

# ANNEXURE B TO THE AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of "ZEN3 INFOSOLUTIONS PRIVATE LIMITED" of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of "ZEN3 INFOSOLUTIONS PRIVATE LIMITED" ("the Company") as of 31st March, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

(a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES FORMING PART OF FINANCIAL STATEMENTS

(Amount expressed in ₹ (in Millions) unless otherwise stated)

**1 Corporate Information**

Zen3 Infosolution Private Limited is a private limited company domiciled in India and is wholly owned subsidiary company of Tech Mahindra Limited, incorporated under the provisions of the Companies Act, 2013 on 28th December, 2015 having registered address at Unit 1201&1202, 12th Floor, Manjeera Trinity Corporate, KPHB, Hyderabad Rangareddi TG 500072 IN. The Company is a leading software solutions group developing innovative solutions for media, travel and technology industries. It has a domain expertise in big data, machine learning and content solutions. The Company services customers in UK, US and India. It has technology professionals working in various worldwide locations delivering innovative digital media and technology solutions.

**2 Statement of Compliance**

These financial statements are prepared and presented in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time as notified under section 133 of Companies Act, 2013, the relevant provisions of the Companies Act, 2013 (“the Act”) as applicable.

**3 Basis of Preparation**

These Standalone financial statements are prepared under the going concern basis and at historical cost convention on accrual basis except for certain financial instruments which are measured at fair values and Defined Benefit Plans which are measured as per actuarial valuation.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Company’s Financial Statements are presented in Indian Rupees (INR), which is also its functional currency and all values are rounded to the nearest millions, except when otherwise indicated.

**4 Significant Accounting Policies**

**(a) Use of estimates and judgments**

“The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in future periods affected.”

**(b) Property, Plant and Equipment**

“Property, plant and equipment are stated at acquisition or construction cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management. Items such as spare parts, standby equipment and servicing equipment are recognised as PPE when these are held for use in the supply of services, or for administrative purpose, and are expected to be used for more than one year. Capital work-in-progress includes cost of property, plant and equipment under installation/under development as at the reporting date

. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset’s expected useful life as prescribed in Schedule II of Companies Act, 2013 and the residual value is considered to be nil at the end of its life. The Company depreciates property, plant and equipment over their estimated useful lives using the Straight Line method. The estimated useful lives of assets are as follows :

| Particulars | Useful Life as per Schedule II |
|---|---|
| Computer and other equipment | 3 |
| Software | 3 |
| Office Equipment | 5 |
| Furniture and Fixtures | 10 |

Also, useful life of the part of PPE which is significant to the total cost of PPE, has been separately assessed and depreciation has been provided accordingly.

Depreciation methods and useful lives are reviewed periodically, at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology and are in accordance with Schedule II of Companies Act, 2013.

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition. Depreciation on deductions/ disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

**(c) Intangible Assets**

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation/depletion and impairment losses, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the Intangible Assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Revenue expenditure on research is expensed under the respective heads of the account in the period in which it is incurred. PPE procured for research and development activities are capitalised.

Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Intangible Assets Under Development.

Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is as under:

- Computer software is amortised over a period of 3 years.

"The amortisation period and the amortisation method for Intangible Assets with a finite useful life are reviewed at each reporting date.

**(d) Classification of Assets and Liabilities as Current and Non-Current**

All assets and liabilities are classified as current or noncurrent as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time lag between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 month period has been considered by the Company as its normal operating cycle.

**(e) Financial Assets**

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are added to the fair value. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

**(f) Impairment**

**(f.1) Impairment of Financial Assets**

All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of financial assets, the Company follows the simplified approach permitted by Ind AS 109 –Financial Instruments – for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk of trade receivable. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

**(f.2) Impairment of Non-Financial Assets - Property, Plant and Equipment and Intangible Assets:**

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets not yet available for use, are tested for impairment annually at each balance sheet date, or earlier, if there is an indication that the asset may be impaired

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cash generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of Profit and Loss.

**(g) Non-current Assets Held for Sale**

Non-current assets are classified as held for sale,if any, if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable.

A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification. Non-current assets held for sale are neither depreciated nor amortised.

Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of disposal and are presented separately in the Balance Sheet.

**(h) Leases**

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if

i. the contract conveys the right to control the use of an identified asset.

ii. the Company has substantially all of the economic benefits from the use of the asset through the period of lease and;

iii. the Company has the right to direct the use of the asset.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received

The right-of-use assets is subsequently depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The lease liability is measured at amortised cost using the effective interest method. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company’s estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase,extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

**(i) Government Grants**

Government Grants, if any are recognised when there is a reasonable assurance that the same will be received and all attaching conditions will be complied with. Revenue grants are recognised in the Statement of Profit and Loss. Capital grants relating to specific Tangible or Intangible Assets are recognized as income on a systematic basis over the expected useful life of the related asset. Other capital grants in the nature of promoter's contribution are credited to capital reserve. In case a grant is received for a non-monetary asset, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life.

**(j) Research and Development Expenditure**

Revenue expenditure pertaining to research, if any is charged to the Statement of Profit and Loss as and when incurred.

Development costs are capitalised as an intangible asset if it can be demonstrated that the project is expected to generate future economic benefits, it is probable that those future economic benefits will flow to the entity and the costs of the asset can be measured reliably, else it is charged to the Statement of Profit and Loss.

**(k) Borrowing costs**

Borrowing Costs include interest and amortisation of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, directly attributable to the acquisition, construction or production of of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed, in the period they occur, in the Statement of Profit and Loss.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

**(l) Revenue Recognition**

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract

Revenue is recognized to depict the transfer of promised services to customers. Revenue is measured based on the consideration to which the Company expects to be entitled in a contract with a customer and excludes amount collected on behalf of third party.

**Revenue from services:**

**(1) Services provided to holding company:**

The company provides back-end services to its holding company in the form of business support and software development services using. Such services are charged to the company at an applicable mark-up on the operating cost which is the transaction price as defined in MSA.

**(2) Services provided to third parties:**

Revenue from operations comprises of Income earned from DTA Services and Software Development Services. Revenue from software services primarily consists of services performed on a contract basis. The related revenue is recognized upon completion of Milestones described in customer agreements.

**(m) Cash and Cash Equivalents**

Cash and Cash Equivalents comprise cash on hand and cash at banks, including fixed deposit with original maturity period of three months or less and short-term highly liquid investments with an original maturity of three months or less.

**(n) Foreign Currency Transactions**

Foreign currency transactions are recognized at the rates of exchange prevailing on the dates of the transaction. Liabilities and assets in foreign currency are recognized in the accounts as per the following governing principles:

Non-monetary items denominated in a foreign currency and measured at historical cost are not re-transalated. The related revenue and expense are recognized using the same exchange rate.

At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date

Exchange differences on monetary items are recognised in the Standalone Statement of Profit and Loss in the period in which these arise except for:

a) Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and

b) Exchange differences relating to qualifying effective cash flow hedges.

**(o) Taxes on Income**

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income

**(i) Current Taxation**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

**(ii) Deferred Taxation**

Deferred tax is recognised based on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

**(p) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

**(q) Contingent Assets and Liabilities**

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

Contingent assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

**(r) Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**(s) Short-Term Employee Benefits**

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

**(t) Post Employement Benefits**

**(i) Defined Contribution Plans**

The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

**(ii) Gratuity**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (if any)(excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to statement of profit and loss in subsequent periods.

Past service costs are recognised in statement of profit and loss on the earlier of:

• The date of the plan amendment or curtailment, and

• The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

• Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and

• Net interest expense or income

**(iii) Compensated Absence Policy:**

The employees of the Company are entitled to compensated absences. The employees can carry forward a portion of the unutilised accumulating compensated absences and utilise it in future periods or encash the leaves during the period of employment or retirement or at termination of employment. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognises accumulated compensated absences based on actuarial valuation using the projected unit credit method. Non-accumulating compensated absences are recognised in the period in which the absences occur.

**(u) Investments**

The Company has accounted for its investments in Subsidiaries, associates and joint venture at cost less impairment loss (if any). The investments in preference shares with the right of surplus assets which are in nature of equity in accordance with Ind AS 32 are treated as separate category of investment and measured at FVTOCI.

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However,dividend on such equity investments are recognised in Statement of Profit and loss when the Company's right to receive payment is established.

**(v) Segment Reporting**

Identification of Segments- Operating Segments are identified based on monitoring of operating results by the chief operating decision maker (CODM) separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss, and is measured consistently with profit or loss of the Group.

Operating Segment is identified based on the nature of products and services, the different risks and returns, and the internal business reporting system.

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole. Further, inter-segment revenue has been accounted for based on the transaction price agreed to between segments, which is primarily market based.Unallocated Corporate Items include general corporate income, finance cost & CSR expenses, which are not attributable to segments.

Detailed disclosure in separate sheet

**(w) Changes in Accounting Estimates**

Change in Depreciation Method the Company has changed its method of computing depreciation from Written Down Value (WDV) method to the straight-line method (SLM) for the Company’s Non-Current Assets. The Company determined that the change in depreciation method from WDV to SLM is a change in accounting estimate. A change in accounting estimate is to be applied prospectively. The change is considered preferable as it would bring in uniformity in accounting of depreciation with holding company and the expected benefits of such assets and provide greater consistency with the depreciation methods used by other companies in the Company’s industry.

# INDEPENDENT AUDITOR'S REPORT

**To the Members of Com Tec Co IT Ltd**

**Report on the Audit of the Consolidated Financial Statements**

### Opinion

We have audited the consolidated financial statements of Com Tec Co IT Ltd (the ''Company'') and its subsidiaries (the ''Group''), which are presented in pages 7 to 36 and comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union and the requirements of the Cyprus Companies Law, Cap. 113.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the ''Auditor's Responsibilities for the Audit of the Consolidated Financial Statements'' section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in Cyprus, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other information

The Board of Directors is responsible for the other information. The other information comprises the information included in the Management Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Board of Directors for the Consolidated Financial Statements

The Board of Directors is responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of the Cyprus Companies Law, Cap. 113, and for such internal control as the Board of Directors determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Board of Directors is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal Requirements**

Pursuant to the additional requirements of the Auditors Law of 2017, we report the following:

- In our opinion, the Management Report has been prepared in accordance with the requirements of the Cyprus Companies Law, Cap 113, and the information given is consistent with the consolidated financial statements.

- In our opinion, and in the light of the knowledge and understanding of the Group and its environment obtained in the course of the audit, we have not identified material misstatements in the Management Report.

**Other Matter**

This report, including the opinion, has been prepared for and only for the Group's members as a body in accordance with Section 69 of the Auditors Law of 2017 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whose knowledge this report may come to.

Exchange differences relating to the translation of the net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. Euro) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. Gains and losses on hedging instruments that are designated as hedges of net investments in foreign operations are included in the foreign currency translation reserve. Exchange differences previously accumulated in the foreign currency translation reserve are reclassified to profit or loss on the disposal or partial disposal of the foreign operation.

## 1. Incorporation and principal activities

### Country of incorporation

Com Tec Co IT Ltd (the ''Company'') was incorporated in Cyprus on 13 May 2011, as an international business company with limited liability under the provisions of the Cyprus Companies Law, Cap. 113. Its registered office is at 73, Metochiou Street, 2407, Nicosia, Cyprus.

### Principal activities

The Group is primarily engaged in the provision of Information Technology, Software, Digital platforms and applications, and Digital transformation based solutions, products, and services, including Consulting, Engineering, Architecture and Design, Research and Development, Deployment, Support and Maintenance, Big Data, Artificial Intelligence, and Machine learning, Cyber security and more, to customers located around the worldwide, primarily in Europe, with primary expertise in financial oriented industries, mainly: Insurance and Reinsurance, Digital Insurance Brokering, Banking & Financial institutions and Electronic Payments.

## 2. Basis of preparation

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and the requirements of the Cyprus Companies Law, Cap. 113. These consolidated financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets at fair value through profit or loss.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgment in the process of applying the Group's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

## 3. Adoption of new or revised standards and interpretations

During the current year the Group adopted all the new and revised International Financial Reporting Standards (IFRS) that are relevant to its operations and are effective for accounting periods beginning on 1 January 2022. This adoption did not have a material effect on the accounting policies of the Group.

## 4. Significant accounting policies

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all years presented in these consolidated financial statements unless otherwise stated.

### Basis of consolidation

The Company has subsidiary undertakings for which section 142(1)(b) of the Cyprus Companies Law Cap. 113 requires consolidated financial statements to be prepared and laid before the Company at the Annual General Meeting. The Group consolidated financial statements comprise the financial statements of the parent company Com Tec Co IT Ltd and the financial statements of the following subsidiaries, "C.T.CO" SIA, "CTDev" LLC and "CTC IT ES S.L." which are 100% owned by the Company.

All inter company transactions and balances between Group companies have been eliminated during consolidation.

### Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with IAS 12 Income Taxes and IAS 19 Employee Benefits respectively;

- liabilities or equity instruments related to share based payment arrangements of the acquiree or share based payment arrangements of the Group entered into to replace share based payment arrangements of the acquiree are measured in accordance with IFRS 2 Share based Payment at the acquisition date; and

- assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 Non current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction by transaction basis. Other types of non controlling interests are measured at fair value or, when applicable, on the basis specified in another IFRS.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates in accordance with IAS 39, or IAS 37 Provisions, Contingent Liabilities and Contingent Assets, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

**Revenue**

**Recognition and measurement**

Revenue represents the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised services to the customer, excluding amounts collected on behalf of third parties (for example, value added taxes); the transaction price. The Group includes in the transaction price an amount of variable consideration as a result of rebates/discounts only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. Estimations for rebates and discounts are based on the Group's experience with similar contracts and forecasted sales to the customer.

The Group recognises revenue when the parties have approved the contract (in writing, orally or in accordance with other customary business practices ) and are committed to perform their respective obligations, the Group can identify each party's rights and the payment terms for the services to be transferred, the contract has commercial substance (i.e. the risk, timing or amount of the Group's future cash flows is expected to change as a result of the contract), it is probable that the Group will collect the consideration to which it will be entitled in exchange for the services that will be transferred to the customer and when specific criteria have been met for each of the Group's contracts with customers.

The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement. In evaluating whether collectability of an amount of consideration is probable, the Group considers only the customer's ability and intention to pay that amount of consideration when it is due.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimates are reflected in the consolidated statement of profit or loss and other comprehensive income in the period in which the circumstances that give rise to the revision become known by Management.

**Identification of performance obligations**

The Group assesses whether contracts that involve the provision of a range of services contain one or more performance obligations (that is, distinct promises to provide a service) and allocates the transaction price to each performance obligation identified on the basis of its stand alone selling price. A service that is promised to a customer is distinct if the customer can benefit from the service, either on its own or together with other resources that are readily available to the customer (that is the service is capable of being distinct) and the Group's promise to transfer the service to the customer is separately identifiable from other promises in the contract (that is, the service is distinct within the context of the contract).

- Rendering of services

Revenue from IT related services is recognised over time while the Group satisfies its performance obligation by transferring control over the promised service to the customer in the accounting period in which the services are rendered. For fixed price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided because the customer receives and uses the benefits simultaneously. This is determined based on the actual labour hours spent relative to the total expected labour hours.

**Employee benefits**

The Group and its employees contribute to the Government Social Insurance Fund based on employees' salaries. In addition the Group operates a defined contribution scheme the assets of which are held in a separate trustee administered fund. The scheme is funded by payments from employees and by the Group. The Group's contributions are expensed as incurred and are included in staff costs. The Group has no legal or constructive obligations to pay further contributions if the scheme does not hold sufficient assets to pay all employees benefits relating to employee service in the current and prior periods.

**Finance income**

Finance income is recognised on an accrual basis.

**Finance costs**

Interest expense and other borrowing costs are charged to the statement of profit or loss and other comprehensive income as incurred.

**Foreign currency translation**

(1) Functional and presentation currency

Items included in the Group's financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Euro (EURO), which is the Group's functional and presentation currency.

(2) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss and other comprehensive income. Translation differences on non monetary items such as equities held at fair value through profit or loss are reported as part of the fair value gain or loss.

**Tax**

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the taxation authorities, using the tax rates and laws that have been enacted, or substantively enacted, by the reporting date.

**Dividends**

Interim dividends are recognised in equity in the year in which they are approved by the Company's Directors. Dividend distribution to the Company's shareholders is recognised in the Group's financial statements in the year in which they are approved by the Company's shareholders.

**Equipment**

Equipment are stated at historical cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated on the straight line method so as to write off the cost of each asset to its residual value over its estimated useful life. The annual depreciation rates used are as follows:

| | **%** |
|---|---|
| Furniture, fixtures and office equipment | 10 |
| Computer Hardware | 20 |
| Motor vehicles | 20 |

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Where the carrying amount of an asset is greater than its estimated recoverable amount, the asset is written down immediately to its recoverable amount.

Expenditure for repairs and maintenance of property, plant and equipment is charged to profit or loss of the year in which it is incurred. The cost of major renovations and other subsequent expenditure are included in the carrying amount of the asset when it is probable that future economic benefits in excess of the originally assessed standard of performance of the existing asset will flow to the Group. Major renovations are depreciated over the remaining useful life of the related asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**Computer software**

Costs that are directly associated with identifiable and unique computer software products controlled by the Group and that will probably generate economic benefits exceeding costs beyond one year are recognised as intangible assets. Subsequently computer software is carried at cost less any accumulated amortisation and any accumulated impairment losses. Expenditure which enhances or extends the performance of computer software programs beyond their original specifications is recognised as a capital improvement and added to the original cost of the computer software. Costs associated with maintenance of computer software programs are recognised as an expense when incurred. Computer software costs are amortised using the straight line method over their useful lives, not exceeding a period of three years. Amortisation commences when the computer software is available for use.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

**Leases**

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;

- the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and

- pthe Group has the right to direct the use of the asset. The Group has this right when it has the decision making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either:

- the Group has the right to operate the asset; or

- the Group designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand alone prices. However, for the leases of land and buildings in which it is a lessee, the Group has elected not to separate non lease components and account for the lease and non lease components as a single lease component.

**The Group as lessee**

The Group recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of the right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate.

**Lease payments included in the measurement of the lease liability comprise the following:**

- fixed payments, including in substance fixed payments;

- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

- amounts expected to be payable under a residual value guarantee; and

- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right of use asset, or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

The Group presents its right of use assets that do not meet the definition of investment property separately in the consolidated statement of financial position.

The lease liabilities are presented separately in the consolidated statement of financial position.

Short term leases and leases of low value assets

The Group has elected not to recognise the right of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets (i.e. IT equipment, office equipment etc.). The Group recognises the lease payments associated with these leases as an expense on a straight line basis over the lease term.

**Financial assets**

**Financial assets Classification**

The Group classifies its financial assets at amortised cost.

The classification and subsequent measurement of debt financial assets depends on: (i) the Group's business model for managing the related assets portfolio and (ii) the cash flow characteristics of the asset. On initial recognition, the Group may irrevocably designate a debt financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

For investments in equity instruments that are not held for trading, the classification will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI). This election is made on an investment by investment basis.

All other financial assets are classified as measured at FVTPL.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVOCI).

Financial assets Recognition and derecognition

All purchases and sales of financial assets that require delivery within the time frame established by regulation or market convention (''regular way'' purchases and sales) are recorded at trade date, which is the date when the Group commits to deliver a financial instrument. All other purchases and sales are recognised when the entity becomes a party to the contractual provisions of the instrument.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

**Financial assets Measurement**

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss. Fair value at initial recognition is best evidenced by the transaction price. A gain or loss on initial recognition is only recorded if there is a difference between fair value and transaction price which can be evidenced by other observable current market transactions in the same instrument or by a valuation technique whose inputs include only data from observable markets.

**Debt instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in 'other income'. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated statement of profit or loss and other comprehensive income. Financial assets measured at amortised cost (AC) comprise: cash and cash equivalents, bank deposits with original maturity over 3 months, trade receivables and financial assets at amortised cost.

FVOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in ''other income''. Foreign exchange gains and losses are presented in ''other gains/(losses)'' and impairment expenses are presented as separate line item in the consolidated statement of profit or loss and other comprehensive income.

FVTPL: Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented net within ''other gains/(losses)'' in the period in which it arises.

**Financial assets impairment credit loss allowance for ECL**

The Group assesses on a forward looking basis the ECL for debt instruments (including loans) measured at amortised cost and FVOCI and exposure arising from loan commitments and financial guarantee contracts. The Group measures ECL and recognises credit loss allowance at each reporting date. The measurement of ECL reflects: (i) an unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes, (ii) time value of money and (iii) all reasonable and supportable information that is available without undue cost and effort at the end of each reporting period about past events, current conditions and forecasts of future conditions.

The carrying amount of the financial assets is reduced through the use of an allowance account, and the amount of the loss is recognised in the consolidated statement of profit or loss and other comprehensive income within ''net impairment losses on financial and contract assets. Subsequent recoveries of amounts for which loss allowance was previously recognised are credited against the same line item.

Debt instruments carried at amortised cost are presented in the consolidated statement of financial position net of the allowance for ECL. For loan commitments and financial guarantee contracts, a separate provision for ECL is recognised as a liability in the consolidated statement of financial position.

The impairment methodology applied by the Group for calculating expected credit losses depends on the type of financial asset assessed for impairment. Specifically:

For trade receivables and contract assets, including trade receivables and contract assets with a significant financing component, and lease receivables the Group applies the simplified approach permitted by IFRS 9, which requires lifetime expected credit losses to be recognised from initial recognition of the financial assets.

For all other financial instruments that are subject to impairment under IFRS 9, the Group applies general approach three stage model for impairment. The Group applies a three stage model for impairment, based on changes in credit quality since initial recognition. A financial instrument that is not credit impaired on initial recognition is classified in Stage 1.

Financial assets in Stage 1 have their ECL measured at an amount equal to the portion of lifetime ECL that results from default events possible within the next 12 months or until contractual maturity, if shorter (''12 Months ECL''). If the Group identifies a significant increase in credit risk (''SICR'') since initial recognition, the asset is transferred to Stage 2 and its ECL is measured based on ECL on a lifetime basis, that is, up until contractual maturity but considering expected prepayments, if any (''Lifetime ECL''). Refer to note 5, Credit risk section, for a description of how the Group determines when a SICR has occurred. If the Group determines that a financial asset is credit impaired, the asset is transferred to Stage 3 and its ECL is measured as a Lifetime ECL. The Group's definition of credit impaired assets and definition of default is explained in note 5, Credit risk section.

**Cash and cash equivalents**

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand, deposits held at call with banks and bank overdrafts. In the consolidated statement of financial position, bank overdrafts are included in borrowings in current liabilities. Cash and cash equivalents are carried at amortised cost because: (i) they are held for collection of contractual cash flows and those cash flows represent SPPI, and (ii) they are not designated at FVTPL.

**Classification as financial assets at amortised cost**

These amounts generally arise from transactions outside the usual operating activities of the Group. They are held with the objective to collect their contractual cash flows and their cash flows represent solely payments of principal and interest. Accordingly, these are measured at amortised cost using the effective interest method, less provision for impairment. Financial assets at amortised cost are classified as current assets if they are due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non current assets.

**Classification as trade receivables**

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non current assets. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less loss allowance.

Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, in which case they are recognised at fair value. The Group holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method.

Trade receivables are also subject to the impairment requirements of IFRS 9. The Group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. See note 5, Credit risk section.

Trade receivables are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Group, and a failure to make contractual payments for a period of greater than 180 days past due.

**Short term credit**

Short term credits are recorded initially at the proceeds received, net of transaction costs incurred. Short term credits are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Trade and other payables

Trade and other payables are initially measured at fair value and are subsequently measured at amortised cost.

**Share capital**

Ordinary shares are classified as equity. The difference between the fair value of the consideration received by the Company and the nominal value of the share capital being issued is taken to the share premium account.

**Comparatives**

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

**5. Financial risk management**

Financial risk factors

The Group is exposed to credit risk, liquidity risk and currency risk arising from the financial instruments it holds. The risk management policies employed by the Group to manage these risks are discussed below:

**5.1 Financial instruments by category**

The accounting policies for financial instruments have been applied to the line items below:

| **31 December 2022** | **Financial assets at amortised cost** | **Total** |
|---|---|---|
| | EURO | EURO |
| **Assets as per consolidated statement of financial position:** | | |
| Trade and other receivables (excluding accrued income, deposits and prepayments) | 21.889.460 | 21.889.460 |
| Cash and cash equivalents | 25.049.475 | 25.049.475 |
| **Total** | **46.938.935** | **46.938.935** |

| | **Borrowings and other financial liabilities** | **Total** |
|---|---|---|
| | EURO | EURO |
| **Liabilities as per consolidated statement of financial position:** | | |
| Short term credit | 7.884 | 7.884 |
| Lease liabilities | 5.461.711 | 5.461.711 |
| Trade and other payables (excluding accruals, deferred income and VAT payable) | 17.420.954 | 17.420.954 |
| **Total** | **22.890.549** | **22.890.549** |

| 31 December 2021 | **Financial assets at amortised cost** | **Total** |
|---|---|---|
| | EURO | EURO |
| **Assets as per consolidated statement of financial position:** | | |
| Trade and other receivables (excluding accrued income, deposits and prepayments) | 19.606.309 | 19.606.309 |
| Cash and cash equivalents | 18.988.322 | 18.988.322 |
| **Total** | **38.594.631** | **38.594.631** |

| | **Borrowings and other financial liabilities** | **Total** |
|---|---|---|
| | EURO | EURO |
| **Liabilities as per consolidated statement of financial position:** | | |
| Short term credit | 1.869 | 1.869 |
| Lease liabilities | 921.630 | 921.630 |
| Trade and other payables (excluding accruals, deferred income, social insurances and other taxes) | 19.957.668 | 19.957.668 |
| **Total** | **20.881.167** | **20.881.167** |

**5.2 Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to meet an obligation. Credit risk arises from cash and cash equivalents, contractual cash flows of debt investments carried at amortised cost, favourable derivative financial instruments and deposits with banks and financial institutions, as well as credit exposures to customers, including outstanding receivables.

**(i) Risk management**

Credit risk is managed on a group basis. For banks and financial institutions, the Group has established policies whereby the majority of bank balances are held with independently rated parties with a minimum rating of 'C'.

If wholesale customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, Management assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual credit limits and credit terms are set based on the credit quality of the customer in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.(ii) Impairment of financial assets

**(ii) Impairment of financial assets**

The Group has the following types of financial assets that are subject to the expected credit loss model:

- trade receivables
- receivables from related parties
- other receivables
- cash and cash equivalents

The impairment methodology applied by the Group for calculating expected credit losses depends on the type of financial asset assessed for impairment. Specifically:

- For trade receivables the Group applies the simplified approach permitted by IFRS 9, which requires lifetime expected losses to be recognised from initial recognition of the financial assets.
- For all other financial assets that are subject to impairment under IFRS 9, the Group applies general approach three stage model for impairment. The Group applies a three stage model for impairment, based on changes in credit quality since initial recognition. A financial asset that is not credit impaired on initial recognition is classified in Stage 1. Financial assets in Stage 1 have their ECL measured at an amount equal to the portion of lifetime ECL that results from default events possible within the next 12 months or until contractual maturity, if shorter (''12 Months ECL''). If the Group identifies a significant increase in credit risk (''SICR'') since initial recognition, the asset is transferred to Stage 2 and its ECL is measured based on ECL on a lifetime basis, that is, up until contractual maturity but considering expected prepayments, if any (''Lifetime ECL''). If the Group determines that a financial asset is credit impaired, the asset is transferred to Stage 3 and its ECL is measured as a Lifetime ECL.

Impairment losses are presented as net impairment losses on financial and contract assets within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

**Significant increase in credit risk**

The Group considers the probability of default upon initial recognition of the asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the financial asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating (as far as available)
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's/counterparty's ability to meet its obligations
- actual or expected significant changes in the operating results of the borrower/counterparty
- significant increases in credit risk on other financial instruments of the same borrower/counterparty
- significant changes in the value of the collateral supporting the obligation or in the quality of third party guarantees or credit enhancements

- significant changes in the expected performance and behaviour of the borrower/counterparty, including changes in the payment status of counterparty in the Group and changes in the operating results of the borrower/counterparty.

Macroeconomic information (such as market interest rates or growth rates) is incorporated as part of the internal rating model. The historical loss rates are adjusted to reflect current and forward looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Group has identified the GDP and the unemployment rate of the countries in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors. No significant changes to estimation techniques or assumptions were made during the reporting period.

**Write off**

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group categorises a debt financial asset for write off when a debtor fails to make contractual payments. Where debt financial assets have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The Group's exposure to credit risk for each class of asset subject to the expected credit loss model is set out below:

**Trade receivables**

The trade receivables are repaid in the beginning of 2023, therefore no expected credit loss has been recognised by the Company's management.

**Receivables from related parties**

The Company does not have any material receivables from related parties that are subject to the impairment requirements of IFRS 9.

**Other receivables**

The Company does not have any material other receivables that are subject to the impairment requirements of IFRS9.

**Cash and cash equivalents**

The Group assesses, on a group basis, its exposure to credit risk arising from cash at bank. This assessment takes into account, ratings from external credit rating institutions and internal ratings, if external are not available.

The Company's cash and cash equivalents are held in financial institutions which are members of the Deposit Guarantee and Resolution of Credit and Other Institutions Scheme (DGS) where the depositors' savings up to EURO100.000 are secured.

The majority of the cash and cash equivalents that the Company cooperate are held in banks with high credit ratings. In this respect, no expected credit loss is recognised by the management as the effect is considered insignificant.

**5.2.3 Credit quality of financial assets**

The table below shows an analysis of the Group's bank deposit by the credit rating of the bank in which they are held:

| | | **2022** | 2021 |
|---|---|---|---|
| **Bank group based on credit ratings by Moody's** | **No of banks** | **EURO** | EURO |
| Baa3 | 1 | **6.170.117** | 2.193.693 |
| A3 | 1 | **8.741.280** | 11.064.751 |
| Baa1 | 1 | **8.010.849** | 4.541.594 |
| B1 | 1 | **95.176** | 82.392 |
| Without credit rating | 7 | **2.026.545** | 1.094.287 |
| | | **25.043.967** | 18.976.717 |

The rest of the consolidated statement of financial position item ''Cash and cash equivalents'' is cash in hand.

**5.3 Liquidity risk**

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Group has procedures with the object of minimising such losses.

**5.4 Currency risk**

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the Group's measurement currency. The Group is exposed to foreign exchange risk arising from various currency exposures primarily with respect to the US Dollar, Swiss Franc, Belarussian Ruble and the Great British Pound. The Group's Management monitors the exchange rate fluctuations on a continuous basis and acts accordingly.

**Fair value estimation**

The fair values of the Group's financial assets and liabilities approximate their carrying amounts at the reporting date.

**6. Critical accounting estimates, judgments and assumptions**

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

- Calculation of loss allowance

When measuring expected credit losses the Group uses reasonable and supportable forward looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other.

Loss given default is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

Probability of default constitutes a key input in measuring ECL. Probability of default is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.

- Income taxes

Significant judgment is required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Critical judgements in applying the Group's accounting policies

- Impairment of financial assets

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in note 5, Credit risk section.

- Impairment of non financial assets

The impairment test is performed using the discounted cash flows expected to be generated through the use of non financial assets, using a discount rate that reflects the current market estimations and the risks associated with the asset. When it is impractical to estimate the recoverable amount of an asset, the Group estimates the recoverable amount of the cash generating unit in which the asset belongs to.

- Impairment of intangible assets

Intangible assets are initially recorded at acquisition cost and are amortized on a straight line basis over their useful economic life. Intangible assets that are acquired through a business combination are initially recorded at fair value at the date of acquisition. Intangible assets with indefinite useful life are reviewed for impairment at least once per year. The impairment test is performed using the discounted cash flows expected to be generated through the use of the intangible assets, using a discount rate that reflects the current market estimations and the risks associated with the asset. When it is impractical to estimate the recoverable amount of an asset, the Group estimates the recoverable amount of the cash generating unit in which the asset belongs to.

- Determination of the lease term

In determining the lease term, Management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

The lease term is reassessed if an option is actually exercised (or not exercised) or the Group becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee.

- Useful live of depreciable assets

The Board of Directors assesses the useful life of depreciable assets at each reporting date, and revises them if necessary so that the useful life represent the expected utility of the assets to the Group. Actual results, however, may vary due to technological obsolescence, mis usage and other factors that are not easily predictable.7. Restated Comparatives

| Exchange differences | (228.656) |
| **At 31 December 2022** | **37.792.018** |
| **Net book amount** | |
| **At 31 December 2022** | **53.126.134** |
| **At 31 December 2021** | **61.777.922** |

## 19. Trade and other receivables age

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Trade receivables | **21.240.035** | 11.532.176 |
| Receivables from related parties (Note 29.5) | **165.833** | 440.309 |
| Beneficial owner's current account - debit balance (Note 29.8) | - | 26.099 |
| Receivables from parent (Note 29.5) | - | 7.332.859 |
| Deposits and prepayments | **835.849** | 676.702 |
| Accrued income | **6.055.117** | 1.502.731 |
| Other receivables | **483.592** | 274.866 |
| | **28.780.426** | 21.785.742 |

The fair values of trade and other receivables due within one year approximate to their carrying amounts as presented above.

The exposure of the Group to credit risk and impairment losses in relation to trade and other receivables is reported in note 5 of the consolidated financial statements.

## 20. Financial assets at fair value through profit or loss

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| At 1 January | - | 149.674 |
| Disposals | - | (141.256) |
| Profit from disposal | - | 22.889 |
| Change in fair value | - | (29.631) |
| Exchange differences | - | (1.676) |
| **At 31 December** | - | - |

The financial assets at fair value through profit or loss are marketable securities and are valued at market value at the close of business on 31 December by reference to Stock Exchange quoted bid prices. Financial assets at fair value through profit or loss are classified as current assets because they are expected to be realised within twelve months from the reporting date.

## 21. Cash and cash equivalents

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Cash in hand | **5.508** | 11.605 |
| Cash at bank | **25.043.967** | 18.976.717 |
| | **25.049.475** | 18.988.322 |

For the purposes of the consolidated statement of cash flows, the cash and cash equivalents include the following:

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Cash at bank and in hand | **25.049.475** | 18.988.322 |
| Short term credit (Note 23) | **(7.884)** | (1.869) |
| | **25.041.591** | 18.986.453 |

Cash and cash equivalents by currency:

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| United States Dollars | **8.745.061** | 182.992 |
| Euro | **14.382.807** | 16.821.602 |
| Great British Pounds | **26.014** | 41.005 |
| Swiss Franc | **1.895.127** | 1.941.752 |
| Belarusian Ruble | **466** | 971 |
| | **25.049.475** | 18.988.322 |

The exposure of the Group to credit risk and impairment losses in relation to cash and cash equivalents is reported in note 5 of the consolidated financial statements.

## 22. Share capital

| | 2022 | 2022 | 2021 | 2021 |
|---|---|---|---|---|
| | **Number of shares** | **EURO** | Number of shares | EURO |
| **Authorised** | | | | |
| Ordinary shares of EURO1 each | **101.000** | **101.000** | 101.000 | 101.000 |
| | | | | |
| **Issued and fully paid** | | | | |
| At 1 January | **101.000** | **101.000** | 101.000 | 101.000 |
| **At 31 December** | **101.000** | **101.000** | 101.000 | 101.000 |

## 23. Short term credit

| | 2022 | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Bank overdrafts (Note 21) | **7.884** | 1.869 |

## 24. Lease liabilities

| | Minimum lease payments | | The present value of minimum lease payments | |
|---|---|---|---|---|
| | **2022** | 2021 | **2022** | 2021 |
| | **EURO** | EURO (as restated) | **EURO** | EURO (as restated) |
| Not later than 1 year | **1.542.388** | 54.273 | **1.649.642** | 53.471 |
| Later than 1 year and not later than 5 years | **4.373.744** | 983.081 | **3.812.069** | 868.159 |
| | **5.916.132** | 1.037.354 | **5.461.711** | 921.630 |
| Future finance charges | **(454.421)** | (115.724) | - | - |
| **Present value of lease liabilities** | **5.461.711** | 921.630 | **5.461.711** | 921.630 |

The average lease term is 47 months. For year ended 31 December 2022, the average effective borrowing rate was 4,40% (2021: 2,2%). Interest rates are fixed at the contract date, and thus expose the Group to fair value interest rate risk. All leases are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments.

## 25. Trade and other payables

| | 2022 | 2021 |
|---|---|---|
| | **EURO** | EURO (as restated) |
| Trade payables - suppliers and contractors | - | 336.002 |

| VAT payable | **685.562** | 70.283 |
| Director's current account - credit balance (Note 29.9) | - | 129 |
| Payables to shareholder (Note 29.6) | **429.419** | - |
| Accruals | **835.566** | 218.862 |
| Other payables | **4.273.089** | 3.986.586 |
| Deferred income | **317** | 51.115 |
| Payables to related parties (Note 29.7) | - | 31.682 |
| | **20.873.648** | 21.942.801 |

**26. (Refundable) taxes/current tax liabilities**

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Refundable taxes | **(572.239)** | (46.099) |
| Corporation tax liability | **117.940** | 221.557 |
| | **(454.299)** | 175.458 |

**27. Receivable from shareholder**

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| At 1 January | - | 1.210.085 |
| Dividends for the year (Note 15) | - | 16.000.000 |
| Reduction of share premium | - | 9.000.000 |
| Payments | - | (23.951.207) |
| Amount set off | - | (9.571.638) |
| **At 31 December** | - | (7.312.760) |

**28. Operating Environment of the Group**

With the recent and rapid development of the Coronavirus disease (COVID 19) pandemic the world economy entered a period of unprecedented health care crisis that has caused considerable global disruption in business activities and everyday life.

The financial effect of the current crisis on the global economy and overall business activities cannot be estimated with reasonable certainty though, due to the pace at which the out break expands and the high level of uncertainties arising from the inability to reliably predict the outcome. Management's current expectations and estimates could differ from actual results.

On 24 February 2022, Russia launched a military operation in Ukraine. Many governments are taking increasingly stringent measures against Russia and Belarus. These measures have already slowed down the economies both in Cyprus but globally as well with the potential of having wider impacts on the respective economies as the measures persist for a greater period of time. The conflict may have serious consequences on the Cyprus economy and also worldwide, which are difficult to precisely estimate. The main concern at the moment is the rise of inflation, the uncertainty mainly about tourism and financial services and the increase in the price of fuel, which will affect household incomes and business operating costs.

Management has considered the unique circumstances and the risk exposures of the Company and has concluded that there is no significant impact in the Company's profitability position. COVID 19 did not have an immediate material impact on the business operations.

The Group's management believes that it is taking all the necessary measures to maintain the viability of the Group and the development of its business in the current business and economic environment.

Management will continue to monitor the situation closely and will assess the need for further actions in case the period of disruption becomes prolonged.

**29.1 Directors' remuneration**

The remuneration of Directors and other members of key management was as follows:

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Directors' remuneration | **216.000** | 430.000 |

| | **2022** | 2021 |
|---|---|---|
| | **EURO** | EURO |
| Tals Tuvovs | - | 129 |

The director's current account is interest free and has no specified repayment date.

**30. Contingent liabilities**

The Group had no contingent liabilities as at 31 December 2022.

**31. Commitments**

The Group had no capital or other commitments as at 31 December 2022.

**32. Events after the reporting period**

As explained in Note 23 the geopolitical situation in Eastern Europe intensified on 24 February 2022, with the commencement of the conflict between Russia and Ukraine. As at the date of authorising these financial statements for issue, the conflict continues to evolve as military activity proceeds and additional sanctions are imposed.

Depending on the duration of the conflict between Russia and Ukraine, and continued negative impact on economic activity, the Company might experience negative results, and liquidity restraints and incur impairmentson its assets in 2023, which relate to new developments that occurred after thereporting period. The exact impact on the Company's activities in 2023 and thereafter cannot be predicted.

There were no other material events after the reporting period, which have a bearing on the understanding of the financial statements.

## PININFARINA GROUP

### OUR MISSION

Pininfarina is a design house of international repute, a symbol of Italian style in the world. With almost 90 years of experience, it is a flexible partner able to offer competitive products and services based on the values of the brand: purity, elegance and innovation. Its activities focus on design, engineering services, conception and production of unique cars or in very small series.

### OUR VALUES

Purity, elegance and innovation underpin out product offering. They are joined by the ethical and sustainability principles and values inspiring the group: legality, integrity, respect for the environment, transparency, social equality and respect for the individual. Over the years and thanks in part to these values, Pininfarina has gained a solid reputation that it intends to protect and promote in line with the projects that have been in place for years, for instance the adoption of a Code of Ethics issued back in 1993.

### PININFARINA ECOSYSTEM

A leading player in the luxury industry, the Pininfarina Group has been moving dreams since 1930. Icon of Italian design in the world, it has contributed to write the history of the global automotive industry.

Through a long process of growth and transformation, ideas and creativity, Pininfarina has evolved from an artisan concern to an international service group. Listed on the Stock Exchange and part of the Mahindra galaxy since 2016, the Pininfarina Group continues to be the benchmark of the auto and industrial design, deeply involved in designing customer journeys and unique user experiences merging physical and digital worlds through aesthetics and technology.

The core business is design and engineering services where Pininfarina can leverage on its strong brand name and its outstanding and indisputable reputation as a car designer, to be extended to other sectors, together with its excellent technical know-how and superior expertise in specific segments of the industrial engineering services value chain, such as production of bespoke cars and aerodynamics. The Pininfarina Group also represents today one of the most prestigious brands in Architecture and Interiors with hundreds of projects and dozens of awards achieved.

# DIRECTORS' REPORT

## KEY FINANCIAL FIGURES

### Pininfarina Group

| (€'million) | 2022 | 2021 | Variation |
|---|---|---|---|
| TOTAL REVENUE1 | 72.8 | 66.8 | 5.9 |
| GROSS OPERATING PROFIT | 0.8 | 2.3 | (1.5) |
| OPERATING PROFIT (LOSS) | (3.2) | 4.1 | (7.3) |
| Net financial expense | (1.5) | (1.5) | (0.1) |
| PROFIT (LOSS) FOR THE YEAR | (5.0) | 2.4 | (7.4) |
| NET FINANCIAL POSITION | 1.3 | 6.9 | (5.6) |
| EQUITY | 35.7 | 40.2 | (4.5) |

The gross operating profit or loss is the operating profit or loss gross of amortisation, depreciation, provisions, impairment losses, reversals of impairment losses and utilisation of provisions.

### Parent, Pininfarina S.p.A.

| (€'million) | 2022 | 2021 | Variation |
|---|---|---|---|
| TOTAL REVENUE | 48.8 | 42.8 | 6.0 |
| GROSS OPERATING PROFIT | 2.6 | 0.8 | 1.8 |
| OPERATING PROFIT (LOSS) | (0.3) | 4.0 | (4.3) |
| Net financial expense | (1.4) | (1.5) | 0.1 |
| PROFIT (LOSS) FOR THE YEAR | (6.0) | 3.0 | (9.1) |
| | | | |
| NET FINANCIAL POSITION | 2.5 | 6.9 | (4.5) |
| EQUITY | 45.8 | 51.4 | (5.6) |

The gross operating profit or loss is the operating profit or loss gross of amortisation, depreciation, provisions, impairment losses, reversals of impairment losses and utilisation of provisions.

## OVERVIEW

In 2022, the Group's market sector performed better than in the previous year.

Total revenue rose by 8.9% compared to 2021 and it was mostly earned in Italy and the United States, while, conversely, revenue earned in Germany and China decreased by roughly 7.9% and 22%, respectively.

Turning to the performance of the various group companies, Pininfarina S.p.A.'s total revenue increased by roughly 14% over 2021. It recorded a small operating loss which, however, is significantly smaller than that for 2021.

In the United States, Pininfarina of America's total revenue jumped by approximately 65% on the previous year and its operating profit improved as well.

The Chinese operations, run by Pininfarina Shanghai, were very negatively affected by the restrictions imposed by the zero-tolerance policy against the Covid-19 pandemic that have generally slackened the pace of the country's economic growth. Total revenue decreased by 22% on the previous year, accompanied by an operating loss of €1.8 million (operating profit of €0.5 million in 2021).

---

[1]In 2022, the Pininfarina Group launched a project to analyse and revisit its financial reporting in order to bring it closer into line with its stakeholders' expectations. The project involved both the primary financial statements and the notes. It considered the concept of materiality to define a new way of presenting financial figures without making substantial changes, with a view to providing a more immediate understanding of the group's performance and events of the year.

"Total revenue" corresponds to the previous caption "Revenue", but excludes the "Change in finished goods" and now includes the "Gains on sale of non-current assets and equity investments".

The German market, where Pininfarina Deutschland operates, saw a slowdown in OEM's demand for services and its total revenue and operating loss worsened compared to the previous year.

Pininfarina Engineering S.r.l. in liquidation, which has been inactive since the last quarter of 2020 and without employees, recognised an impairment loss on its investment in Pininfarina Deutschland GmbH after the impairment test carried out in the engineering segment and is awaiting completion of the winding up procedure, which is expected to happen before the end of 2023.

Except for that mentioned for the Chinese market, the Group did not have to interrupt or restrict any of its activities during the year as a result of the Covid-19 pandemic.

At the onset of the public health emergency, Pininfarina S.p.A. established a Covid-19 committee, which continued to address issues related to its workers' health and management of its business. The committee defines the measures required to comply with the regulations issued from time to time by the government. Where organisationally possible, the parent encouraged remote working, which is available for two days a week.

The costs incurred by the Group to purchase materials and to comply with the public health emergency safety regulations amounted to approximately €25.6 thousand during the year.

With regard to the current geopolitical context characterised by the Russia-Ukraine conflict, the Pininfarina Group's sales to countries affected by the current war were immaterial and the effect of their suspension is, therefore, minimal. With respect to the macroeconomic scenario, since the Group does not make major use of energy and commodities and can still benefit from contracts at favourable rates, it was only marginally impacted by the significant rise in prices of these resources.

The Group's cash and cash equivalents of €22.8 million decreased by €6.6 million during the year, as a result of working capital trends.

The non-current bank loans and borrowings decreased by €2.4 million, as a result of the annual repayment of €3.6 million and the parent's unrealised interest expense arising from amortised-cost accounting. The Group's current financial liabilities include bank overdrafts of €2.2 million relating to the German subsidiary's factoring agreements.

The parent has continued to meet its obligations, without undue distress, including those under the debt rescheduling agreement (2016-2025) with certain banks. Such agreement, which came into force on 30 May 2016, provides for just one financial covenant (consolidated equity at a minimum of €30 million), compliance with which is assessed at 31 March each year up until repayment of the loan. At 31 March 2022, the covenant had been complied with and, although irrelevant for contractual purposes, it is still complied with at the reporting date. Should the minimum equity threshold not be complied with, the agreement would not be automatically terminated, as it provides for specific remedies and the lending banks can also waive their right to take action. The Mahindra Group has provided a surety that is enforceable if the parent fails to meet its obligations under the rescheduling agreement. Reference should be made to the financial risk management section of the notes for more information on the parent's financial debt and debt rescheduling agreement.

Neither the parent, Pininfarina S.p.A., nor its subsidiary Pininfarina Engineering S.r.l. in liquidation availed themselves of the loans provided for by the measures approved by the Italian government to support companies or granted by banks. No measures in favour of other group companies were reported.

**Support and relief measures**

In accordance with ESMA recommendations (Public Statement 32-63-972 of 20 May 2020 and reiterated in Public Statement 32-63-1186 of 29 October 2021), the support and relief measures already enjoyed or that will be enjoyed by the Group are summarised below:

- in Italy, the group companies did not avail of the Covid-19-government-sponsored lay-off scheme;

- in Germany, the government-sponsored lay-off scheme (Kurzarbeit) for 31 workers for a total of approximately 6,192 hours;

In 2023, the Group does not plan to make resort to social shock absorbers.

**MAIN EVENTS OF 2022**

In January 2022, Togg unveiled its concept smart device designed in partnership with Pininfarina S.p.A. at the Consumer Electronics Show (CES) 2022 in Las Vegas. At the same event, VinFast presented the VF 8 and VF 9 electric SUVs, whose interiors and exteriors were designed by Pininfarina S.p.A., as well as two simulators developed by the parent's UX design team.

Again in January, the Smart New Energy Truck DeepWay Xingtu designed by Pininfarina Shanghai for the Baidu Group was launched, while the hydrogen-powered H2 Racing Truck® designed by Pininfarina for the French Gaussin Group competed in the 2022 Dakar Rally in Saudi Arabia.

In March, Pininfarina Architecture presented Is-Siċċa, an urban regeneration project for Malta.

In May, NAMX revealed the HUV, a hydrogen-powered SUV partially powered by removable capsules, designed in partnership with Pininfarina S.p.A., to the international media from Pininfarina's Cambiano headquarters.

In the same month, Pininfarina of America announced its first partnership with Branson Developments, Light Towers Design by Pininfarina, a residential condo complex in Mérida, Mexico.

In June, Pininfarina celebrated 50 years of the Grugliasco wind tunnel with an event aimed at customers, institutions and the media, while the customer Viritech presented the Apricale hydrogen hypercar designed by Pininfarina S.p.A. at Goodwood's Festival of Speed.

At the end of August, Pininfarina debuted at the IFA in Berlin to showcase its expertise in product and experience design.

In September, the Pininfarina-designed POLARIS train was unveiled to the press for its first trip from Zermatt to Gornergrat. Elan Yachts, for which Pininfarina S.p.A. had already designed the award-winning yacht E6, presented a new design by Pininfarina, the Elan Impression 43. At the end of the same month, the parent and Fulvio De Simoni Yacht Design presented an innovative research project - X2, EXplore X Experience - at the Monaco Yacht Show.

In October, in Taiwan, Hon Hai Technology Group ("Foxconn") unveiled a new prototype of an electric vehicle, the MODEL B crossover, designed with Pininfarina S.p.A. while, in the field of architecture, the Masterplan for Aldea Uh May, a community in Tulum, Mexico, was presented.

Again in October, at the Paris Motor Show, Pininfarina design was in the spotlight with VinFast's VF 8 and VF 9 models and NAMX's hydrogen-powered SUV, HUV.

In November, at the Milan Motorcycle Show (EICMA), Vmoto Soco Group presented the first fruit of its collaboration with Pininfarina S.p.A, a next-generation electric two-wheeled vehicle.

Again in November, at an event at Pininfarina's headquarters, Carpisa unveiled the "Go Carpisa design by Pininfarina" travel "capsule collection".

In December, Eysing presented the PF40 electric moped designed by Pininfarina S.p.A. at Masters Expo 2022.

In just a few days, Pininfarina's design won three awards: New Holland Agriculture's Straddle Tractor Concept won both the Good Design Award and the German Design Award 2023 in the Excellent Product Design category, while the Levee Espresso Machine won the German Design Award in the Excellent Product Design - Kitchen category.

Lastly, in December, Pininfarina was bestowed the Italian excellence award at the 2022 China Awards.

# PININFARINA GROUP'S FINANCIAL PERFORMANCE AND FINANCIAL POSITION

The Group's reclassified statements of profit or loss and financial position, as well as its net financial position (as analysed by management) and the key financial indicators used by management to monitor the group's performance are set out below.

**Financial performance (reclassified statement of profit or loss)**

| **(€'000)** | **2022** | **%** | **2021** | **%** | **Variation** |
|---|---|---|---|---|---|
| Revenue from sales and services | 72,222 | 99.2% | 66,260 | 99.1% | 5,962 |
| Other revenue and income | 547 | 0.8% | 581 | 0.9% | (34) |
| TOTAL REVENUE | 72,769 | 100.0% | 66,841 | 100.0% | 5,928 |
| Purchases, services, other variable production costs and other operating expense (*) | (34,381) | (47.2%) | (28,249) | (42.3%) | (6,132) |
| VALUE ADDED | 38,388 | 52.8% | 38,592 | 57.7% | (204) |
| Personnel expense (**) | (37,617) | (51.7%) | (36,340) | (54.4%) | (1,277) |
| GROSS OPERATING PROFIT | 771 | 1.1% | 2,252 | 3.4% | (1,481) |
| Amortisation and depreciation | (3,829) | (5.3%) | (3,100) | (4.6%) | (729) |
| (Additions to)/decreases in provisions and impairment (losses) and gains | (130) | (0.2%) | 4,918 | 7.4% | (5,048) |
| OPERATING PROFIT (LOSS) | (3,188) | (4.4%) | 4,070 | 6.1% | (7,258) |
| Net financial expense | (1,512) | (2.1%) | (1,459) | (2.2%) | (53) |
| Share of profit of equity-accounted investees | 39 | 0.1% | 29 | 0.0% | 10 |
| PROFIT (LOSS) BEFORE TAXES | (4,661) | (6.4%) | 2,640 | 3.9% | (7,301) |
| Income taxes | (340) | (0.5%) | (193) | (0.3%) | (147) |
| PROFIT (LOSS) FOR THE YEAR | (5,001) | (6.9%) | 2,447 | 3.7% | (7,448) |

(*) Purchases, services, other variable production costs and other operating expense are net of utilisations of the restructuring provision (€73 thousand and €207 thousand for 2022 and 2021, respectively) for legal expenses incurred in connection with labour disputes.

(**) Personnel expense is net of utilisations of the restructuring provision (€648 thousand and €2,653 thousand for 2022 and 2021, respectively).

As required by Consob resolution no. DEM/6064293 of 28 July 2006, a reconciliation of the data in the consolidated financial statements with those in the reclassified schedules is provided below:

- Purchases, services, other variable production costs and other operating expense comprise the captions Purchases, services and other variable production costs and Other operating expense;

- (Additions to)/decreases in provisions and impairment (losses) and gains comprise the captions Decreases in (additions to) provisions for risks and charges, Net impairment gains (losses) on trade receivables and other assets and Net reversals of impairment losses (impairment losses) on property plant and equipment, intangible assets and right-of-use assets.

**Revenue from sales and services,** including contract assets and royalties, amounted to €72.2 million, up by €6 million on the previous year (€66.3 million). **Other revenue and income** of €0.6 million are substantially unchanged from 2021.

**Total revenue** increased by 8.9% to €72.8 million from €66.8 million. The design segment contributed about 14.5% to the increase, while the engineering segment's contribution decreased by approximately 8.3%.

**Operating expense**, including changes in inventories, came to €34.4 million (€28.2 million in 2021).

**Value added** of €38.4 million is substantially in line with the previous year (€38.6 million).

**Personnel expense** amounted to €37.6 million (€36.3 million in 2021). The workforce numbered 462 at the reporting date (31 December 2021: 486; -4.9%). The decrease is mainly due to the restructuring that affected Pininfarina Engineering S.r.l. in liquidation and Pininfarina Deutschland GmbH.

The **gross operating profit** of €0.8 million amounted to €2.3 million in 2021) is the result of the parent's and Pininfarina of America's excellent performance, offset by the operating losses reported by the Chinese and German group companies.

**Amortisation and depreciation** amounted to €3.8 million with an increase of €0.7 million (€3.1 million for 2021).

**Additions to/decreases in provisions and impairment losses and gains** came to a negative €0.1 million (positive €4.9 million for 2021, as a result of the reversal of impairment losses of €2.7 million previously recognised on certain assets and the €2.8 million release of some provisions, net of impairment losses on foreign withholding tax assets).

As a result, the Group recognised an **operating loss** of €3.2 million (operating profit of €4.1 million in 2021).

**Net financial expense** came to €1.5 million for 2022, substantially in line with the previous year (€1.5 million), when Pininfarina of America recognised prior year income of approximately €0.2 million.

**Income taxes** of €0.3 million, up by €0.1 million on the previous year, relate to Pininfarina of America.

The **loss for 2022** came to €5 million compared to a profit of €2.5 million for the previous year.

**Financial position (reclassified statement of financial position)**

| (€'000) | 31.12.2022 | 31.12.2021 | Variation |
|---|---|---|---|
| Net non-current assets (A) | | | |
| Intangible assets | 665 | 6,287 | (5,622) |
| Property, plant and equipment | 32,489 | 33,940 | (1,451) |
| Right-of-use assets | 2,345 | 2,972 | (627) |
| Equity investments | 1,084 | 896 | 188 |
| Net non-current assets (A) | 36,583 | 44,095 | (7,512) |
| Working capital (B) | | | |
| Inventories | 342 | 330 | 12 |
| Contract assets | 7,093 | 5,434 | 1,659 |
| Trade receivables and other assets | 18,275 | 16,630 | 1,645 |
| Deferred tax assets | - | 19 | (19) |
| Trade payables | (13,633) | (16,881) | 3,248 |
| Contract liabilities | (5,533) | (6,452) | 919 |
| Provisions for risks and charges | (407) | (1,189) | 782 |
| Other liabilities (*) | (6,229) | (5,995) | (234) |
| Total working capital (B) | (92) | (8,104) | 8,012 |
| Net invested capital (C=A+B) | 36,491 | 35,991 | 500 |
| Employee benefits (D) | (2,069) | (2,734) | 665 |
| Net capital requirements (E=C-D) | 34,422 | 33,257 | 1,165 |
| Equity (F) | 35,719 | 40,187 | (4,468) |
| Net financial position (G) | | | - |
| Non-current loans and borrowings | 14,763 | 17,818 | (3,055) |
| Net current financial position | (16,060) | (24,748) | 8,688 |
| Net financial position (G) | (1,297) | (6,930) | 5,633 |
| Total own and third party funds (H = F+G) | 34,422 | 33,257 | 1,165 |

(*) "Other liabilities" comprise the captions Other current liabilities and Current tax liabilities.

**Net capital requirements** at 31 December 2022 increased by €1.2 million on the previous year end, due to working capital trends.

Specifically:

- **net non-current assets** went from €44.1 million in 2021 to €36.6 million, with a decrease of €5.6 million in intangible assets, €1.5 million in property, plant and equipment and €0.6 million in right-of-use assets, while equity investments rose by €0.2 million;

- **working capital** fell by €8 million to a negative €0.1 million from a negative €8.1 million at 31 December 2021;

- **employee benefits** amounted to €2.1 million, down €0.7 million on the prior year end, due to payments made by the parent during the year.

The capital requirements were funded by **equity**, which fell by €4.5 million from €40.2 million at the end of 2021 to €35.7 million at the reporting date, as a result of the loss for the year, and by the **net financial position** of €1.3 million (as detailed in the following table). The €6.9 decrease in the net financial position on the previous year end is mainly due to working capital requirements.

| **(€'000)** | **31 December 2022** | **31 December 2021** | **Variation** |
|---|---|---|---|
| Cash and cash equivalents | 22,799 | 29,358 | (6,559) |
| Bank overdrafts | (2,200) | - | (2,200) |
| Other current financial liabilities | (3,578) | (3,592) | 14 |
| Lease liabilities | (961) | (1,018) | 57 |
| **Net current financial position** | **16,060** | **24,748** | **(8,688)** |
| Non-current financial assets - related parties | 550 | 550 | - |
| Lease liabilities | (1,630) | (2,322) | 692 |
| Other non-current financial liabilities | (13,683) | (16,046) | 2,363 |
| **Net non-current financial debt** | **(14,763)** | **(17,818)** | **3,055** |
| **NET FINANCIAL POSITION** | **1,297** | **6,930** | **(5,633)** |

The "**Net financial position**" set out below is presented in accordance with the format recommended by ESMA Guidelines 32-82-1138 enacting Regulation (EU) 2017/1129 applicable since 5 May 2021. In this table, assets are shown with a minus sign and liabilities with a plus sign. On the contrary, in the "Net financial position" table above, assets are shown with a plus sign and liabilities with a minus sign.

| **(€'000)** | | **31 December 2022** | 31 December 2021 | Variation |
|---|---|---|---|---|
| (A) | Cash and cash equivalents | **(22,799)** | (29,358) | 6,559 |
| (B) | Cash equivalents | **-** | - | - |
| (C) | Other current financial assets | **-** | - | - |
| **(D)** | **Total cash and cash equivalents (A+B+C)** | **(22,799)** | (29,358) | 6,559 |
| (E) | Current loans and borrowings | **2,200** | - | 2,200 |
| (F) | Current portion of non-current debt | **4,539** | 4,610 | (71) |
| **(G)** | **Current financial debt (E+F)** | **6,739** | 4,610 | 2,129 |
| **(H)** | **Net current financial position (G-D)** | **(16,060)** | (24,748) | 8,688 |
| (I) | Non-current loans and borrowings | **15,313** | 18,368 | (3,055) |
| (J) | Debt instruments | **-** | - | - |
| (K) | Trade payables and other current liabilities | **-** | - | - |
| **(L)** | **Net non-current financial debt (I+J+K)** | **15,313** | 18,368 | (3,055) |
| **(M)** | **Net financial position (H+L)** | **(747)** | (6,380) | 5,633 |

The reason for the difference between the amount of the “Net financial position” of the first table and that of the ESMA table is that the latter does not include non-current loan assets. These differences amounted to €550 thousand at 31 December 2022 (unchanged from 31 December 2021).

The net financial position at the reporting date comprises the effect of IFRS 16 (approximately €2.6 million compared to €3.3 million at 31 December 2021).

**PERFORMANCE BY BUSINESS SEGMENT**

**Design segment**

In addition to the revenue from the automotive and non-automotive design activities of all kinds, this segment includes revenue from architecture services, royalties for the use of the Pininfarina trademark, revenue from aerodynamic and aeroacoustics services and the costs arising from the parent's property management. It recognised **total revenue** of €57.7 million, up by roughly 14.5% on the €50.4 million recognised in 2021.

**Its operating loss** came to €0.7 million, down by €3.3 million from the operating profit of €2.6 million for 2021, which benefitted from the reversal of impairment losses previously recognised on certain assets (€2.7 million) and the release of the restructuring provision (€0.4 million). The segment recorded smaller volumes and profits from the Chinese operations and a small operating loss from the parent, partly offset by the better operating performance of Pininfarina of America.

**Engineering segment**

This segment, comprising the German engineering business, recognised **total revenue** of €15.1 million (€16.5 million in 2021, down by 8%).

**Its operating loss** came to €2.5 million compared to an operating profit of €1.5 million for 2021, which benefitted from the release of the restructuring provision relating to Pininfarina Engineering S.r.l. in liquidation (€2.4 million). Pininfarina Deutschland GmbH's operating profitability deteriorated since the previous year.

(*) On 29 April 2022, the merger between the operating company Pininfarina Deutschland GmbH and Pininfarina Deutschland Holding GmbH was filed with the company registrar of Munich (Germany). The merger took retroactive accounting and tax effect as from 1 January 2022 and did not affect these consolidated financial statements.

# PARENT'S FINANCIAL PERFORMANCE AND FINANCIAL POSITION

**Financial performance (reclassified statement of profit or loss)**

| (€'000) | 2022 | % | 2021 | % | Variation |

| **PROFIT (LOSS) BEFORE TAXES** | **(6,020)** | **(12.3%)** | **3,034** | **7.1%** | **(9,054)** |
| Income taxes | - | - | - | - | - |
| **PROFIT (LOSS) FOR THE YEAR** | **(6,020)** | **(12.3%)** | **3,034** | **7.1%** | **(9,054)** |

(*) Purchases, services, other variable production costs and other operating expense are net of utilisations of the provisions for product warranties and risks (€25 thousand and €32.9 thousand for 2022 and 2021, respectively)

(**) Personnel expense is net of utilisations of the restructuring provision (€276 thousand and €65 thousand for 2022 and 2021, respectively).

As required by Consob resolution no. DEM/6064293 of 28 July 2006, a reconciliation of the data in the separate financial statements with those in the reclassified schedules is provided below:

- Purchases, services, other variable production costs and other operating expense comprise the captions Purchases, services and other variable production costs and Other operating expense;

- (Additions to)/decreases in provisions and impairment (losses) and gains comprise the captions Decreases in (additions to) provisions for risks and charges, Net impairment gains (losses) on trade receivables and other assets and Net reversals of impairment losses (impairment losses) on property plant and equipment, intangible assets and right-of-use assets.

Including the change in contract assets, **revenue from sales and services** amounted to €48.5 million compared to €42.6 million for 2021. It included revenue from services of €41.4 million (85.3% of the total; €35.2 million and 82.5% of the total in 2021), sales of spare parts, equipment and models of €3.7 million (7.5% of the total; €5.1 million and 11.8% of the total in 2021) and royalties of €2.7 million (5.5% of the total; €2.2 million and 5.1% in 2021). Direct exports, including royalties, made up 81.7% of total revenue (78.2% in 2021), of which 20.8% made to the European Union and 60.9% outside the EU. Transactions with subsidiaries contributed 7% to total revenue (9.1% in 2021).

**Other revenue and income** came to €0.3 million (€0.1 million for 2021). Accordingly, **total revenue** increased 14.1% from €42.8 million in 2021 to €48.8 million in 2022.

**Purchases, services, other variable production costs and other operating expense** rose by €4.3 million, from €21.2 million to €25.5 million. As a percentage of total revenue, they increased from 49.6% to 52.2%.

**Value added** increased to €23.3 million compared to €21.6 million for the previous year and accounted for 47.8% of total revenue (2021: 50.4%).

**Personnel expense,** substantially unchanged from the prior year, accounted for 42.5% of total revenue, compared to 48.5% in the previous year.

The **gross operating profit** came to €2.6 million (5.3% of total revenue) compared to €0.8 million for the previous year (1.9% of total revenue). The rise in total revenue and profitability, for the reasons mentioned above, was the cause of the difference between the two years.

**Amortisation and depreciation** increased to €2.7 million from €1.9 million in 2021, mainly due to the reversal of impairment losses on certain assets at the end of the previous year. They accounted for 5.5% of total revenue (2021: 4.3%).

Total **additions to/decreases in provisions and impairment losses and gains** came €0,2 million negative (positive €5 million for 2021, when they included the reversal of impairment losses of €2.7 million on property, plant and equipment and intangible assets, the release of the provision for the winding up procedure of the subsidiary Pininfarina Engineering S.r.l. in liquidation (€2.6 million) and of the restructuring provision (€0.3 million) and the impairment loss of €0.6 million on foreign tax assets). Additions to and utilisations of the provision for losses to complete contracts substantially offset each other, as in the previous year.

The **operating loss** came to €0.3 million (-0.6% of total revenue) compared to an operating profit of €4 million for the previous year (9.3% of total revenue).

**Net financial expense** amounted to €1.4 million compared to €1.5 million for 2021, accounting for 2.8% of total revenue (2021: 3.5%).

The **net losses on equity investments** are negative for €4.3 million (-9% of total revenue) include the impairment loss on the investment in Pininfarina Engineering in liquidation (€5 million), net of the dividends distributed by Pininfarina of America (€0.6 million) and the profit arising from equity-accounting. In 2021, the Group recognised net gains on equity investments of €0.6 million, which included dividends from the US company and fair value gains, accounting for 1.3% of total revenue)

The **loss for the year** totalled €6 million (-12.3% of total revenue), compared to a profit of €3 million for 2021 (7.1% of total revenue).

# FINANCIAL POSITION (RECLASSIFIED STATEMENT OF FINANCIAL POSITION)

| Property, plant and equipment | 31,911 | 33,286 | (1,375) |
| Right-of-use assets | 567 | 465 | 102 |
| Equity investments | 15,102 | 19,914 | (4,812) |
| **Net non-current assets (A)** | **48,180** | **59,834** | **(11,654)** |
| **Working capital (B)** | | | |
| Inventories | 342 | 330 | 12 |
| Contract assets | 1,679 | 925 | 754 |
| Trade receivables and other assets | 15,985 | 12,234 | 3,751 |
| Deferred tax assets | - | - | - |
| Trade payables | (10,050) | (13,765) | 3,715 |
| Contract liabilities | (5,547) | (6,458) | 911 |
| Provisions for risks and charges | (500) | (1,348) | 848 |
| Other liabilities | (4,708) | (4,536) | (172) |
| **Total working capital (B)** | **(2,799)** | **(12,618)** | **9,819** |
| **Net invested capital (C=A+B)** | **45,381** | **47,216** | **(1,835)** |
| Employee benefits (D) | (2,069) | (2,734) | 665 |
| **Net capital requirements (E=C-D)** | **43,312** | **44,482** | **(1,170)** |
| Equity (F) | 45,783 | 51,413 | (5,630) |
| Net financial position (G) | | | - |
| Non-current loans and borrowings | 11,913 | 14,521 | (2,608) |
| Net current financial position | (14,384) | (21,452) | 7,068 |
| **Net financial position (G)** | **(2,471)** | **(6,931)** | **4,460** |
| **Total own and third party funds (H = F+G)** | **43,312** | **44,482** | **(1,170)** |

**Net non-current assets** fell by €11.7 million to €48.2 million compared to €59.8 million at the previous year end.

Specifically, **intangible assets** decreased by €5.6 million, due to impairment losses of €5.5 million on the advisory services agreement for the acquisition of an engineering contract recognised as an intangible asset in 2018 and amortisation of €0.3 million, net of additions of €0.2 million. **Property, plant and equipment** decreased by €1.4 million, as a result of additions of €0.9 million, mainly related to the purchase of systems and IT equipment, net of depreciation of €1.3 million. **Equity investments** decreased by €4.8 million, due to the €5 million impairment loss on the investment in Pininfarina Extra S.r.l. in liquidation, net of the gain arising from equity-accounting and fair value gains on other equity investments of €0.2 million.

**Working capital** was a negative €2.8 million compared to a negative €12.6 million at 31 December 2021. **Employee benefits** amounted to €2.1 million, down €0.7 million on the prior year end, mainly due to payments made during the year.

**Net capital requirements** decreased from €44.5 million at 31 December 2021 to €43.3 million. They were funded by **equity**, which fell by €5.6 million from €51.4 million at the end of 2021 to €45.8 million at the reporting date, as a result of the comprehensive expense for the year, and by the **net financial position** of €2.5 million (as detailed in the following table). The €4.5 decrease in the net financial position on the previous year end (€6.9 million) is mainly due to working requirements.

| (€'000) | 31 December 2022 | 31 December 2021 | Variation |
|---|---|---|---|
| Cash and cash equivalents | 18,212 | 25,255 | (7,043) |
| Bank overdrafts | - | - | - |
| Other current financial liabilities | (3,651) | (3,651) | - |
| Lease liabilities | (177) | (152) | (25) |
| **Net current financial position** | **14,384** | **21,452** | **(7,068)** |
| Non-current financial assets - related parties | 2,280 | 2,051 | 229 |
| Lease liabilities | (510) | (526) | 16 |
| Other non-current financial liabilities | (13,683) | (16,046) | 2,363 |
| **Net non-current financial debt** | **(11,913)** | **(14,521)** | **2,608** |
| **NET FINANCIAL POSITION** | **2,471** | **6,931** | **(4,460)** |

The "**Net financial position**" set out below is presented in accordance with the format recommended by ESMA Guidelines 32-82-1138 enacting Regulation (EU) 2017/1129 applicable since 5 May 2021. In this table, assets are shown with a minus sign and liabilities with a plus sign. On the contrary, in the "Net financial position" table above, assets are shown with a plus sign and liabilities with a minus sign.

| (€'000) | | 31 December 2022 | 31 December 2021 | Variation |
|---|---|---|---|---|
| (A) | Cash and cash equivalents | (18,212) | (25,255) | 7,043 |
| (B) | Cash equivalents | - | - | - |
| (C) | Other current financial assets | - | - | - |
| **(D)** | **Total cash and cash equivalents (A+B+C)** | **(18,212)** | **(25,255)** | **7,043** |
| (E) | Current loans and borrowings | - | - | - |
| (F) | Current portion of non-current debt | 3,828 | 3,803 | 25 |
| **(G)** | **Current financial debt (E+F)** | **3,828** | **3,803** | **25** |
| **(H)** | **Net current financial position (G+D)** | **(14,384)** | **(21,452)** | **7,068** |
| (I) | Non-current loans and borrowings | 14,193 | 16,572 | (2,379) |
| (J) | Debt instruments | - | - | - |
| (K) | Trade payables and other current liabilities | - | - | - |
| **(L)** | **Net non-current financial debt (I+J+K)** | **14,193** | **16,572** | **(2,379)** |
| **(M)** | **Net financial position (H+L)** | **(191)** | **(4,880)** | **4,689** |

The reason for the difference between the amount of the "Net financial position" of the first table and that of the ESMA table is that the latter does not include non-current loan assets. These differences totalled €2,280 thousand at 31 December 2022 (€2,051 thousand at 31 December 2021).

The net financial position at the reporting date comprises the effect of IFRS 16 (approximately €687 thousand compared to €678 thousand at 31 December 2021).

# RECONCILIATION BETWEEN THE PARENT'S LOSS AND EQUITY AND CONSOLIDATED LOSS AND EQUITY

The parent's loss and equity as at and for the year ended 31 December 2022 are reconciled with the Group's relevant figures below:

| | Profit (loss) for the year | | Equity | |
|---|---|---|---|---|
| (€'000) | **2022** | **2021** | **31 December 2022** | **31 December 2021** |
| **Pininfarina S.p.A.'s separate financial statements** | **(6,020)** | **3,034** | **45,783** | **51,413** |
| - Subsidiaries' contribution | (3,406) | 2,537 | (8,446) | (5,118) |
| - Elimination of trademark licence in Germany | | | (6,749) | (6,749) |
| - Intragroup dividends | (575) | (524) | | |
| - Impairment losses on equity investments | 5,000 | | 5,000 | |
| - Provision for the winding up procedure | | | 131 | 641 |
| - Release of the provision for the winding up procedure | | (2,600) | | |
| **Pininfarina Group's consolidated financial statements** | **(5,001)** | **2,447** | **35,719** | **40,187** |

**Disclosure required by Consob resolution no. 15519 of 27 July 2006 on related party transactions**

Pursuant to Consob resolution no. 15519 of 27 July 2006, the parent presented its related party transactions directly in its statement of profit or loss, to which reference is made.

Assets and liabilities and cash flows related to transactions with related parties are not presented in a separate schedule as they are disclosed separately in the statements of financial position and of cash flows, respectively. Comments on the captions are provided in the notes to the separate and consolidated financial statements.

**Human resources and the environment**

During 2022:

- the Group did not implement any procedures of the government-sponsored lay-off or Covid-19 furlough schemes;
- with reference to the Bairo facility, with Ministerial decree no. 0110479 of 27 September 2021, the Group was authorised to extend the extraordinary government-sponsored lay-off scheme for 20 employees for the period from 3 September 2021 to 2 March 2022. After the expiry of the above scheme, the Group signed an agreement with the trade unions on 8 March 2022. It then implemented the collective redundancy procedure and laid off 13 workers on 9 March 2022;
- with reference to the Cambiano facility, in 2022, the parent signed individual agreements to lay off five workers and no cases were brought against the parent for financial and/or physiological damage (e.g., personal injuries, moral damage, hedonic damage, etc.);
- there were no deaths in the workplace and there were two accidents leading to employees' absence for less than three days. The parent was not found liable for occupational diseases contracted by employees or former employees or mobbing.

With reference to investments in safety in the workplace and the environment, the parent pays utmost attention to the continuous upgrading and/or improvement of operating layouts and machinery/equipment in line with relevant legislation. Expected investments for 2023 amount to roughly €740 thousand.

In general, the parent considers protecting the environment and health and safety in the workplace to be essential to achieve its objectives. Pininfarina S.p.A. has a 2015 UNI EN ISO 14001-certified environmental management system. A notified body carried out a surveillance audit to renew the certification of the system's compliance in all Italian facilities in 2022, finding it compliant. The certification is effective up to October 2024.

With reference to the environmental audit carried out in 2011 at the Grugliasco facility that was sold to Sviluppo Investimenti Territorio S.r.l. (SIT) in 2009, which was commented on in the 2021 directors' report, at the specific request of the owners/operators, in order to improve the subsequent usability of the area subject to reclamation, on 9 February 2022, the parent presented an updated reclamation operational plan to the local bodies. The Grugliasco local authorities approved the updated operational plan with executive decision no. 151 issued on 24 February 2022. The excavation work began on 3 May 2022 and the parent is currently waiting for the results of the analyses carried out in the excavation area by ARPA (the regional environmental protection agency). In light of the above, the agreements for the reclamation work signed by the parent and the owners/operators in June 2021 were supplemented in April 2022, requiring a performance bond and a surety bond of €75 thousand in favour of the parent.

The dispute between SIT and the parent, commenced when SIT sued the parent before the Turin Court for alleged damage caused by the sale of the site in 2019 at an unfair price, was definitively settled on 28 March 2022. Specifically, the parent accepted the judge's recommendation to the parties to consider an out-of-court agreement and paid an overall amount of €58 thousand (including expenses) to the counterparty. By signing the agreement, the parties expressly declared that that they have no further claims of any kind for any reason whatsoever.

**Research**

The Group did not carry out any research during the year.

**Other information**

During the period from the reporting date to the date of preparation of this report, none of the group companies has approved the distribution of dividends to Pininfarina S.p.A.

Reference should be made to the "General information" section of the notes for details on branches.

The parent does not hold shares of its ultimate parent; reference should be made to the notes to the separate financial statements (note 12) for details on treasury shares.

Reference should be made to the notes to the separate financial statements (note 32) for the disclosure required by article 6-bis.a)/b) of the Italian Civil Code.

**GOING CONCERN**

The performance of the markets in which the Group operates, already adversely affected by the continuation of the negative economic cycle of the global automotive industry, was hit by the uncertain growth outlook caused by the war in Ukraine and a delay in the recovery of some markets due to the lingering effects of the Covid-19 pandemic.

With reference to the latter issue, the Group was affected by a strong contraction in its operations in China during 2022, as a result of the stringent regulations against the spread of the infection adopted in that country until the end of the year.

In addition, the Group met the challenges posed by the technological change that is affecting the mobility and other sectors, envisaging the possibility of offering traditional services combined with digital experiences.

However, the Group's focus on the pursuit of its growth objectives remains unchanged:

- maintaining an appropriate level of liquidity for the Group's requirements;
- protecting the capitalisation level required by the law and bank agreements;
- creating the conditions for restoring steady profitability.

The Group's net financial position amounted to €1.3 million at the reporting date, comprising cash and cash equivalents of €22.8 million, loans and borrowings of €17.3 million, whose current portion amounts to €3.6 million, and bank overdrafts of €2.2 million relating to the German subsidiary's factoring agreements. According to the cash flow forecasts for the 12 months after the reporting date prepared by the directors, including the future cash inflows of about €4 million arising from the sale of the San Giorgio Canavese facility, the parent's and Group's financial resources at the reporting date should be adequate to cover their expected operating requirements, as well as the outlays necessary to complete the winding up procedure of Pininfarina Engineering S.r.l. in liquidation and to repay the current portion of loans and borrowings when they become due.

In order to comply with the requirements of the Italian Civil Code governing share capital protection, the parent must monitor its equity at consolidation level closely. Indeed, the only financial covenant provided for by the existing debt restructuring agreement is a minimum level of €30 million (this is checked on 31 March every year and had been complied with at 31 March 2022). Considering the Group's performance in the first few months of 2023, there are no reasons to believe that compliance with the financial covenant at the next assessment date of 31 March 2023 is at risk. The Mahindra Group has provided a surety that is enforceable if the parent fails to meet its obligations under the rescheduling agreement and ensured its financial support as part of the capital increase transaction executed in 2021.

In order to tackle their performance issues and return to a profit-making position, considering the currently foreseeable outlook and in line with the actions taken in previous years, the parent and the Group will continue implementing measures to contain overheads and enhance the management of direct and indirect personnel, in order to improve their operating profitability, especially in Germany and China. The winding up of the subsidiary Pininfarina Engineering S.r.l. in liquidation is nearing completion, which is expected to happen before the end of 2023.

Moreover, the Group is constantly committed to identifying and developing new commercial projects to better tailor its services to the continuous changes in market demand, also in terms of technology and sustainability.

Despite the persisting uncertainties, business opportunities and prices offered were stable, in line with the trend envisaged by the directors for this year.

During 2022, the Group's operating profit margin did not meet expectations since Pininfarina Deutschland and Pininfarina Shanghai did not perform as expected. In this respect, the Group has taken steps to identify further actions aimed at recovering profitability in their target markets.

After having checked the 2023 financial projections (which do not include any adverse effect on total revenue directly related to the Covid-19 pandemic) and the refocusing actions identified by the Group, the directors believe that the Group's restructuring and refocusing process will still require significant efforts in terms of sales volumes, costs to win future contracts and cost containment.

According to the directors, given the performance reported for 2022, there continues to be significant uncertainty about the achievement of the production volumes and improved profitability goals. This is because they depend on a long-lasting recovery of the markets in which the Group and the parent operate over the next few years, especially the German and Chinese markets, as well as on the evolution of the costs to win future contracts and procurement costs to maintain the conditions for them to continue to be profitable and to meet the equity requirements provided for by the rescheduling agreement. Should their performance and, hence, their financial results fail to be in line with forecasts, the parent and the Group would have to seek alternative sources of financing and obtain new capital resources. This significant uncertainty may cast material doubts as to their ability to continue as going concerns.

Notwithstanding the above, the directors deem that suitable measures to limit operating cash outflows and all possible actions to contain costs and recoup volumes in all business segments have been successfully implemented. After having carried out all relevant checks and evaluated the above uncertainties, the directors reasonably expect that the parent and the Group have sufficient resources available to continue their operations for the foreseeable future. Due to the above reasons, the directors deem it correct to prepare this annual financial report on a going concern basis.

**EVENTS AFTER THE REPORTING DATE**

In July 2022, the Group received an expression of interest for the San Giorgio Canavese facility from a potential acquirer and signed a preliminary sale agreement in the first quarter of 2023. The sale is expected to be executed before the end of 2023 for a total consideration of €4,15 million, including €1 million already received as a guarantee deposit in March 2023 and €0.2 million collected in July 2022.

No other events occurred after the reporting date.

**INFORMATION REQUIRED BY CONSOB (THE ITALIAN COMMISSION FOR LISTED COMPANIES AND THE STOCK EXCHANGE) PURSUANT TO ARTICLE 114.5 OF LEGISLATIVE DECREE NO. 58/98**

- The net financial position of the Pininfarina Group and Pininfarina S.p.A., with separate classification of current and non-current items, is respectively shown in the "Pininfarina Group's financial performance and financial position" and "Parent's financial performance and financial position" sections, respectively.

- The parent has no past-due liabilities, while the subsidiaries Pininfarina Deutschland GmbH and Pininfarina Shanghai have past-due trade receivables of €0.8 million (including €0.4 million due to the Tech Mahindra Group) and €1 million, respectively, which did not give rise to payment orders, disputes, legal proceedings or suspension of supplies.

- The Group's and parent's related party transactions are respectively detailed in the primary consolidated and separate financial statements schedules and related notes (notes 35 and 33 to the consolidated and separate financial statements, respectively). Except for a major trading transaction (supply of design and engineering services) between the parent and its indirect associate Automobili Pininfarina GmbH (wound up during the year), the related party transactions are substantially unchanged from those reported in the interim separate and condensed interim consolidated financial statements at 30 June 2022. Revenue from related party transactions accounted for 4.8% of the Group's total revenue for 2022, compared to 4.9% for the first half of 2022.

- As discussed in the "Overview" section, under the existing rescheduling agreement between the parent and the banks, there is just one financial covenant, to be checked annually beginning from 31 March 2018: consolidated equity at a minimum level of €30 million. At 31 March 2022, it had been complied with. The Group has no further loans and borrowings carrying clauses that limit its use of financial resources.

- On 23 March 2022, when the shareholders approved the draft 2021 annual report, Pininfarina S.p.A. announced that its outlook for 2022 was an increase1 in revenue compared to 2021. Other than the above, the parent had not disclosed any other financial forecasts for 2022.

**OTHER REPORTS OR STATEMENTS REQUIRED BY APPLICABLE LEGISLATION**

**Report on corporate governance and ownership structure**

With reference to article 123-bis.3 of the Consolidated Finance Act, the information on the adoption of the codes of conduct (Report on corporate governance and ownership structure) is available in the "Investor Relations" section of the parent's website (www.pininfarina.it) as well as through the other methods provided for by current legislation.

**Remuneration report**

With reference to article 84-quater of the Issuers' Regulation, the remuneration report will be available in the "Investor Relations" section of the parent's website (www.pininfarina.it) as well as through the other methods and within the timeline provided for by current legislation.

**Consolidated non-financial statement**

Pursuant to the obligation introduced by Legislative decree no. 254/2016 about the presentation of a consolidated non-financial statement, this statement is available in the "Investor Relations" section of the parent's website (www.pininfarina.it) as well as through the other methods provided for by current legislation.

**OUTLOOK FOR 2023**

Based on the current situation of the business sectors in which the Pininfarina Group operates, its outlook for 2023 is an increase in total revenue compared to 2022.

Chief Executive Officer
(Silvio Pietro Angori)
(signed on the original)

---

<?> As mentioned earlier, in 2022, the Pininfarina Group launched a project to analyse and revisit its financial reporting in order to bring it closer into line with its stakeholders' expectations. The project involved both the primary financial statements and the notes. It considered the concept of materiality to define a new way of presenting the financial figures without making substantial changes, with a view to providing a more immediate understanding of the group's performance and events of the year.

"Total revenue" corresponds to the previous caption "Revenue", but excludes the "Change in finished goods" and now includes the "Gains on sale of non-current assets and equity investments".

Pursuant to Consob resolution no. 15519 of 27 July 2006, the impact of transactions with related parties, which are those with the ultimate parent, PF Holding B.V., the Mahindra group companies and the associates Goodmind S.r.l. and Signature S.r.l., are disclosed in note 35 to the consolidated financial statements.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 1 - GENERAL INFORMATION

The core business of the Pininfarina Group (the "Group") is based on the establishment of comprehensive partnerships with carmakers. Operating as a global partner enables it to work with customers through the entire process of developing new products, including design, planning, development, industrialisation and manufacturing, or to provide support separately during any one of these phases with the utmost flexibility.

Pininfarina S.p.A., the Group's parent, is listed on the Italian Stock Exchange. Its registered office is in Via Raimondo Montecuccoli 9, Turin.

Market investors own 21.16% of its share capital, with the remaining 78.84% held by the following shareholders:

- PF Holdings B.V. 78.82%,
- treasury shares held by Pininfarina S.p.A. 0.02%.

At the reporting date, PF Holdings B.V. is controlled by Tech Mahindra Limited, which holds 60% of its share capital. Mahindra & Mahindra Limited holds the other 40%.

Tech Mahindra Limited, an Indian company listed on the National Stock Exchange of Mumbai (India), is a public company, specialised in IT services and solutions. It is not controlled by any major shareholder. Mahindra & Mahindra Limited holds an investment of 26% therein at the reporting date.

Mahindra & Mahindra Limited is a company incorporated under Indian law, with registered office in India, whose shares are listed on the Indian National Stock Exchange. It is specialised in the production of cars, commercial vehicles, buses and tractors.

Despite being directly controlled by PF Holdings B.V., which is part of the Mahindra Group, Pininfarina S.p.A. is neither managed nor coordinated by PF Holdings B.V. pursuant to article 2497 and following articles of the Italian Civil Code. PF Holdings B.V. is simply a vehicle incorporated under Dutch law without an operating structure. There is no authorisation or reporting procedure in place that Pininfarina S.p.A. should follow in the relationships with its parent and, therefore, it has full autonomy to define its strategic and operating objectives, since it has (i) a structured organisation able to perform all business and corporate activities, (ii) its own distinct strategic and financial planning process and (iii) the ability to make proposals about how to conduct and develop its business.

A list of the group companies, with their complete names and addresses, is provided later on.

The consolidated financial statements are presented in Euros, the functional and presentation currency of the parent, where most of the activities and consolidated revenue are concentrated, and its main subsidiaries.

All amounts are presented in thousands of Euros, unless stated otherwise.

The Board of Directors approved these consolidated financial statements on 23 March 2023. They were authorised for publication according to the legal terms.

## 2 - BASIS OF PREPARATION

### 1.1 Basis of presentation

The consolidated financial statements at 31 December 2022 comply with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and endorsed by the European Union. They are also consistent with the regulations enacted to implement article 9 of Legislative decree no. 38/2005.

The term IFRS includes the International Financial Reporting Standards, the International Accounting Standards ("IAS") and all interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"), previously called the Standing Interpretations Committee ("SIC"), endorsed by the European Commission as of the date of the Board of Directors' meeting convened to approve the consolidated financial statements and listed in the applicable regulations published by the European Union as of the above-mentioned date.

These consolidated financial statements are prepared in accordance with the general principle of historical cost, except for those items that, pursuant to the IFRS, shall be measured at fair value, as explained in the "Significant accounting policies" section.

The accounting policies adopted to prepare these consolidated financial statements at 31 December 2022 are the same as those used in 2021, considering that reported in note 2.4 “New standards, amendments and interpretations”.

In 2022, the Pininfarina Group launched a project to analyse and revisit its financial reporting in order to bring it closer into line with its stakeholders’ expectations. The project involved both the primary financial statements and the notes. It considered the concept of materiality to define a new way of presenting financial figures without making substantial changes, with a view to providing a more immediate understanding of the group’s performance and events of the year.

In accordance with IAS 1 - Presentation of financial statements, the consolidated financial statements have the same basis of presentation as that of the parent. They include the following:

- statement of financial position, in which current and non-current assets and liabilities are classified separately;

- statement of profit or loss and statement of comprehensive income, shown as two separate schedules in which costs are classified by nature;

- statement of cash flows, presented in accordance with the indirect method, as allowed by IAS 7 - Statement of cash flows;

- statement of changes in equity;

- notes to the consolidated financial statements.

These schedules present the corresponding prior year annual or interim figures for comparative purposes. Should changes be made to better present the Group’s financial position, financial performance and cash flows, the comparative figures are reclassified accordingly to ensure comparability.

Moreover, as required by Consob resolution no. 15519 of 28 July 2006, the Group presents the following information in separate schedules:

- net financial position, with a breakdown of the main components and balances with related parties (note 38);

- the effects of non-recurring events or transactions, i.e., those transactions or events that are not repeated frequently in the normal course of business (note 38).

Related party transactions are presented separately in the statements of financial position and of profit or loss and specific disclosure is provided in note 35.

**Going concern**

The performance of the markets in which the Group operates, already adversely affected by the continuation of the negative economic cycle of the global automotive industry, was hit by the uncertain growth outlook caused by the war in Ukraine and a delay in the recovery of some markets due to the lingering effects of the Covid-19 pandemic.

With reference to the latter issue, the Group was affected by a strong contraction in its operations in China during 2022, as a result of the stringent regulations against the spread of the infection adopted in that country until the end of the year.

In addition, the Group met the challenges posed by the technological change that is affecting the mobility and other sectors, envisaging the possibility of offering traditional services combined with digital experiences.

However, the Group’s focus on the pursuit of its growth objectives remains unchanged:

- maintaining an appropriate level of liquidity for the Group’s requirements;

- protecting the capitalisation level required by the law and bank agreements;

- creating the conditions for restoring steady profitability.

The Group’s net financial position amounted to €1.3 million at the reporting date, comprising cash and cash equivalents of €22.8 million, loans and borrowings of €17.3 million, whose current portion amounts to €3.6 million, and bank overdrafts of €2.2 million relating to the German subsidiary’s factoring agreements. According to the cash flow forecasts for the 12 months after the reporting date prepared by the directors, including the future cash inflows of about €4 million arising from the sale of the San Giorgio Canavese facility, the parent's and Group's financial resources at the reporting date should be adequate to cover their expected operating requirements, as well as the outlays necessary to complete the winding up procedure of Pininfarina Engineering S.r.l. in liquidation and to repay the current portion of loans and borrowings when they become due.

In order to comply with the requirements of the Italian Civil Code governing share capital protection, the parent must monitor its equity at consolidation level closely. Indeed, the only financial covenant provided for by the existing debt restructuring agreement is a minimum level of €30 million (this is checked on 31 March every year and had been complied with at 31 March 2022). Considering the Group's performance in the first few months of 2023, there are no reasons to believe that compliance with the financial covenant at the next assessment date of 31 March 2023 is at risk. The Mahindra Group has provided a surety that is enforceable if the parent fails to meet its obligations under the rescheduling agreement and ensured its financial support as part of the capital increase transaction executed in 2021.

In order to tackle their performance issues and return to a profit-making position, considering the currently foreseeable outlook and in line with the actions taken in previous years, the parent and the Group will continue implementing measures to contain overheads and enhance the management of direct and indirect personnel, in order to improve their operating profitability, especially in Germany and China. The winding up of the subsidiary Pininfarina Engineering S.r.l. in liquidation is nearing completion, which is expected to happen before the end of 2023.

Moreover, the Group is constantly committed to identifying and developing new commercial projects to better tailor its services to the continuous changes in market demand, also in terms of technology and sustainability.

Despite the persisting uncertainties, business opportunities and prices offered were stable, in line with the trend envisaged by the directors for this year.

During 2022, the Group's operating profit margin did not meet expectations since Pininfarina Deutschland and Pininfarina Shanghai did not perform as expected. In this respect, the Group has taken steps to identify further actions aimed at recovering profitability in their target markets.

After having checked the 2023 financial projections (which do not include any adverse effect on total revenue directly related to the Covid-19 pandemic) and the refocusing actions identified by the Group, the directors believe that the Group's restructuring and refocusing process will still require significant efforts in terms of sales volumes, costs to win future contracts and cost containment.

According to the directors, given the performance reported for 2022, there continues to be significant uncertainty about the achievement of the production volumes and improved profitability goals. This is because they depend on a long-lasting recovery of the markets in which the Group and the parent operate over the next few years, especially the German and Chinese markets, as well as on the evolution of the costs to win future contracts and procurement costs to maintain the conditions for them to continue to be profitable and to meet the equity requirements provided for by the rescheduling agreement. Should their performance and, hence, their financial results fail to be in line with forecasts, the parent and the Group would have to seek alternative sources of financing and obtain new capital resources. This significant uncertainty may cast material doubts as to their ability to continue as going concerns.

Notwithstanding the above, the directors deem that suitable measures to limit operating cash outflows and all possible actions to contain costs and recoup volumes in all business segments have been successfully implemented. After having carried out all relevant checks and evaluated the above uncertainties, the directors reasonably expect that the parent and the Group have sufficient resources available to continue their operations for the foreseeable future. Due to the above reasons, the directors deem it correct to prepare this annual financial report on a going concern basis.

### 2.2 Basis of consolidation

**Consolidation scope**

**(a) Subsidiaries**

The consolidated financial statements include the parent's separate financial statements and the financial statements of its direct or indirect subsidiaries.

The Group controls an investee when it is exposed or has rights to variable returns from its involvement with the investee. The subsidiaries' financial statements are consolidated from the date the Group acquires control until such control ceases to exist.

They are consolidated on a line-by-line basis, whereby assets, liabilities, costs and revenues are recognised at their carrying amount, regardless of Group's investment percentage, and the non-controlling interests in the investees' equity and profit or loss for the year is presented separately.

Under this method, assets and liabilities and costs and revenue arising from intragroup transactions are eliminated, as are gains and losses on intragroup transfers of non-current assets, gains and losses on intragroup sales of goods that are recognised under inventories by the purchaser, impairment losses and gains on consolidated equity investments and intragroup dividends.

Changes in the Group's ownership interest in a subsidiary that do not result in it losing control of the subsidiary are equity transactions. The difference between the consideration paid and the acquired share of the subsidiary's equity is recognised as gains or losses arising from the sale of the interests to non-controlling investors as a balancing entry to equity attributable to the owners of the parent.

The subsidiaries' financial statements are suitably adjusted to comply with the Group's accounting policies.

**At 31 December 2022, the Group consolidated the following subsidiaries:**

| **Name** | **Registered office** | **Investment %** | **Held by** | **Currency** | **Share/quota capital** |
|---|---|---|---|---|---|
| Pininfarina of America Corp. | 501 Brickell Key Drive, Suite 200, Miami FL 33131 US | 100% | Pininfarina S.p.A. | USD | 10,000 |
| Pininfarina Engineering S.r.l. in liquidation | Via Raimondo Montecuccoli 9, Turin, Italy | 100% | Pininfarina S.p.A. | EUR | 100,000 |
| Pininfarina Deutschland GmbH | Frankfurter Ring 81, Munich, Germany | 100% | Pininfarina Engineering S.r.l. in liquidation | EUR | 3,100,000 |
| Pininfarina Shanghai Co. Ltd | Unit 1, Building 3, Lane 56, Antuo Road, Anting, 201805, Jiading district, Shanghai, China | 100% | Pininfarina S.p.A. | CNY | 3,702,824 |

The reporting date of the subsidiaries is the same as that of the parent, Pininfarina S.p.A.

At their meeting of 26 October 2020, Pininfarina Engineering S.r.l.'s quotaholders resolved to wind it up. This procedure is expected to be completed during 2023.

**(b) Associates**

An associate is an entity over which the Group has significant influence, which is presumed to exist when it holds between 20% and 50% of its voting power. Investments in associates are initially recognised at cost and are subsequently measured using the equity method described below.

Where necessary, the carrying amount of these equity investments is brought into line with their adjusted equity to reflect the application of the IFRS. It comprises the higher values allocated to assets and liabilities and any goodwill identified upon acquisition.

The Group's share of the associates' profit or loss is recognised from the date on which the Group commences to exercise significant influence up to when such significant influence ceases to exist.

The Group's share of unrealised profits or losses arising from transactions between the parent or one of its subsidiaries and an equity-accounted investee is eliminated. Unrealised losses are eliminated except when they reflect an impairment loss.

**The Group had the following associates at 31 December 2022 and 2021:**

| Name | Registered office | Investment % | Held by | Currency | Quota capital |
|---|---|---|---|---|---|
| Goodmind S.r.l. | Corso Vittorio Emanuele II 12, Turin, Italy | 20% | Pininfarina S.p.A. | EUR | 20,000 |
| Signature S.r.l. | Via Paolo Frisi 6, Ravenna, Italy | 24% | Pininfarina S.p.A. | EUR | 10,000 |

The reporting date of the associates is the same as that of the parent, Pininfarina S.p.A.

**(c) Other companies**

Investments in other companies are recognised as financial assets at fair value. Any resulting fair value gains or losses are recognised in equity and are not reclassified to profit or loss when the equity investments are sold or an impairment loss is recognised thereon. Any dividends received from these investees are immediately recognised in profit or loss.

**(d) Changes in the consolidation scope**

There were no changes in the consolidation scope during the year.

On 29 April 2022, the merger between the operating company Pininfarina Deutschland GmbH and Pininfarina Deutschland Holding GmbH was filed with the company registrar of Munich (Germany). The merger took retroactive accounting and tax effect as from 1 January 2022 and did not affect these consolidated financial statements.

**Translation of foreign currency captions**

**(a) Presentation currency and translation of financial statements denominated in currencies other than the Euro**

The Group's presentation currency is the Euro.

The table below lists the exchange rates used to translate financial statements denominated in functional currencies different from the presentation currency:

| Currency | Average exchange rate | | | Closing rate | | |
|---|---|---|---|---|---|---|
| | 2022 | 2021 | Variation | 31/12/2022 | 31/12/2021 | Variation |
| US dollar - USD | 1.05 | 1.18 | (11%) | 1.07 | 1.13 | (6%) |
| Chinese renminbi (yuan) - CNY | 7.08 | 7.63 | (7%) | 7.36 | 7.19 | 2% |

**(b) Foreign currency assets, liabilities and transactions**

Transactions carried out in currencies other than the Euro are initially translated at the exchange rate in force on the date of the transaction.

At the reporting date, monetary assets and liabilities denominated in foreign currencies are retranslated into Euros at the closing rate. All resulting exchange gains and losses are recognised in profit or loss, except for those stemming from foreign currency loans that hedge investments in foreign operations, which are recognised directly in equity, net of the related tax effects. When the equity investment is sold, the accumulated translation differences are reclassified to profit or loss.

Non-monetary items that are carried at historical cost are translated into Euros at the exchange rate in force when the underlying transaction was initially recognised. Non-monetary items that are carried at fair value are translated into Euros at the exchange rate in force on the measurement date.

None of the group companies operate in a hyperinflationary economy.

## 2.3 Significant accounting policies

### Property, plant and equipment

Property, plant and equipment and other items used in production are recognised at purchase or production cost, net of accumulated depreciation and impairment losses (if any), except for land, which is not depreciated.

The cost includes all purchase-related outlays, i.e., those incurred to bring the asset to the place and conditions necessary for its operation.

Depreciation of buildings and other generic assets is calculated on a straight-line basis, in order to allocate their residual carrying amount over their estimated useful life.

The depreciation rates applied to each asset category are set out below:

| **Category** | **Useful life (years)** | |
|---|---|---|
| | **Bairo and San Giorgio facilities** | **Other facilities** |
| Land | Indefinite | Indefinite |
| Buildings | 50 | 33 |
| Machinery | 20 | 5/10 |
| Plant | 20 | 10 |
| Furniture and fixtures | 10 | 8 |
| IT equipment | - | 5 |
| Other, including vehicles | - | 5 |

Land is recognised separately and is not depreciated but tested for impairment whenever the Group identifies indicators that the carrying amount exceeds the recoverable amount. Subsequent costs are capitalised only if it is probable that they will generate future economic benefits and their amount can be determined reliably. Gains and losses on the sale, calculated as the difference between the asset's carrying amount and sales price, are recognised in profit or loss. In these notes, impairment losses mean the amounts recognised to adjust the assets' carrying amounts to their recoverable amount.

Government grants

Government grants are recognised at fair value only if the Group is reasonably certain that they will be disbursed and has met all conditions for their collection. They are recognised as revenue in proportion to the costs incurred. As required by paragraph 17 of IAS 20 - Accounting for government grants and disclosure of government assistance, grants related to assets are recognised as deferred income and reclassified to profit or loss in line with the depreciation pattern of the related asset.

### Leases

At inception of a contract, the Group assesses whether a contract is or contains a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Model for lessees

In accordance with IFRS 16, as a lessee, the Group recognises a right-of-use asset at the commencement date (the date on which the underlying asset is available for use). The right-of-use asset is measured at cost, less any accumulated amortisation/depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. The cost of a right-of-use asset includes the lease liability, the initial direct costs incurred and any lease payments made at or before the commencement date, less any lease incentives received.

The right-of-use assets are amortised/depreciated on a straight-line basis from the commencement date over their useful life or until the end of the lease term, if earlier. If their ownership is transferred to the Group at the end of the lease term or, considering the cost of the right-of-use assets, it is expected that the Group will exercise a purchase option, the right-of-use assets are amortised/depreciated from the commencement date to the end of their useful life.

In line with IFRS 16, as a lessee, the Group recognises its lease liabilities separately under financial liabilities at the present value of the lease payments that are not paid at the commencement date. The lease payments include fixed payments (including in-substance fixed payments), less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be payable under residual value guarantees. They also include the exercise price of a purchase option if the Group is reasonably certain to exercise that option.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. It recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Model for lessors

As a lessor, at inception of the lease, the Group determines whether each lease is a finance lease or an operating lease. If the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset, the lease is classified as a finance lease; if not, it is an operating lease. As part of this assessment, the Group considers certain indicators provided by IFRS 16. If a contract contains lease and non-lease components, the Group applies IFRS 15 to allocate the contract consideration. The Group recognises the lease payments from operating leases as income on a straight-line basis over the lease term under “Other revenue and income”.

**Intangible assets**

The Group recognises an intangible asset only if it is an identifiable and controllable asset which is expected to generate future economic benefits and its cost can be measured reliably.

Intangible assets with a finite useful life are measured at acquisition, production or appraised cost, less any accumulated amortisation and impairment losses. They are amortised over their estimated useful life and amortisation commences when an asset is available for use. Their useful life is reassessed annually and any changes thereto are made prospectively.

Intangible assets with an indefinite useful life are not amortised, but are tested for impairment annually, or more frequently where necessary, even when there are no indicators of impairment. The test is performed at the level of the cash-generating unit (CGU) to which the intangible asset is allocated.

Intangible assets with a finite useful life

**(a) Software and other licences**

Software and other similar licences are recognised as assets at cost, including the costs incurred to ready them for use. They are amortised over their estimated useful life, which ranges between three and five years. Costs incurred to maintain software programs are immediately recognised in profit or loss. Those incurred to develop identifiable software that is controlled by the Group, which is very likely to produce future economic benefits exceeding the costs incurred, if any, are recognised as intangible assets and amortised over their useful life, which does not exceed three years.

**(b) Research and development expenditure**

Research expenditure, as defined by IAS 38 - Intangible assets, is expensed when incurred.

Development expenditure is recognised as an intangible asset only if it can be measured reliably and if it is probable that the related project is likely to be successful, with reference to its technical feasibility, the availability of financial resources to complete it and its commercial penetration. Development expenditure that does not meet these requirements is expensed when incurred. This expense is never reclassified as an asset in subsequent years, if the requirements for its recognition as an asset are met after it is recognised in profit or loss. Development expenditure is amortised from when the related output is marketed over the estimated period during which it will generate economic benefits, which can never exceed five years. It is tested for impairment when the Group identifies indicators that its carrying amount exceeds its recoverable amount. The Group carries out development projects on behalf of third parties as part of both design, engineering and car manufacturing contracts and solely design and engineering contracts. Development expenditure incurred as part of design and engineering contracts sold to third parties is classified as a contractual cost under IFRS 15 and, accordingly, no intangible asset is recognised.

**(c) Other intangible assets**

Other intangible assets acquired separately are recognised at cost. Those acquired as a result of a business combination are recognised at their acquisition-date fair value. Their useful life is checked at least annually. Where possible, any changes are made prospectively pursuant to paragraphs from 32 to 38 of IAS 8 - Accounting policies, changes in accounting estimates and errors.

**Impairment of non-financial assets**

Intangible assets with an indefinite useful life, including goodwill, are tested for impairment at least annually and whenever there are indicators of impairment. Property, plant and equipment and intangible assets with a finite useful life are tested for impairment only if the Group identifies indicators that their carrying amount may exceed their recoverable amount. The recoverable amount is the higher of an asset's (or cash-generating unit's) fair value less costs to sell and its value in use, which is calculated as the present value of the future cash flows expected to be derived from an asset, to be based on reasonable and supportable assumptions that represent management's best estimate of the future economic conditions. The discount rate used reflects current market assessments of the time value of money and the risks specific to the asset for which the future cash flow estimates have not been adjusted. This rate for the Group is the weighted average cost of capital ("WACC").

When the carrying amount of an asset exceeds its recoverable amount, the Group recognises the difference as an impairment loss in profit or loss. If the reasons for the impairment loss no longer exist in future years, the impairment loss is reversed to the extent of the pre-impairment carrying amount, less amortisation/depreciation. Impairment losses on goodwill can never be reversed. Cash-generating units are identified in line with the Group's organisational structure and business, by grouping those assets that are able to generate cash inflows independently, as required by IAS 36 - Impairment of assets; they are not larger than the two operating segments identified under IFRS 8 - Operating segments: 1) design; 2) engineering (see note 4). In assessing the recoverable amount for impairment testing purposes, the Group makes reference to the fair value of owned real estate complexes, measured using the market valuations available at the Public Real Estate Registry Office and possibly appraisals prepared by independent experts.

**Inventories**

Inventories are recognised at the lower of cost and net realisable value, which is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale. Under IAS 2 - Inventories, the cost is calculated using the FIFO ("first-in first-out") method. The cost of finished goods and semi-finished products includes design, raw materials and direct labour costs, other direct costs and other indirect costs that can be directly allocated to the production activity based on normal production capacity. This cost does not include borrowing costs. Based on the assets' expected future use and net realisable value, materials, finished goods, spare parts and other obsolete or slow-moving items are written down through an allowance account. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Financial assets and liabilities**

The Group initially measures financial assets at fair value plus, except in the case of financial assets at fair value through profit or loss, transaction costs.

IFRS 9 classifies financial assets into three main categories: at amortised cost, at fair value through other comprehensive income (FVOCI) and at fair value through profit or loss (FVTPL).

The classification is based on either the business model adopted by the Group to manage the asset or the SPPI (solely payments of principal and interest) test, if the financial instruments' contractual cash flows solely comprise payments of principal and interest.

On initial recognition, a financial asset is classified as measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Trade receivables and payables

Trade receivables and other assets are measured at amortised cost, using the effective interest method, adjusted by impairment losses, except for assets held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets (hold to collect and sell model).

Such assets are measured at fair value through other comprehensive income. Impairment losses are recognised using the simplified approach provided for by IFRS 9, by calculating the assets' lifetime expected credit losses.

Trade payables and other financial liabilities are initially recognised at fair value, less directly attributable transaction costs. They are subsequently measured at amortised cost, using the effective interest method. Foreign currency items are translated into Euros at the closing date and any resulting exchange gains or losses are expensed.

Financial liabilities: classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

**Cash and cash equivalents**

Cash and cash equivalents include cash-in-hand, on-demand bank deposits and other investments that may be sold within three months.

**Non-current assets held for sale**

Non-current assets, together with current and non-current assets included in disposal groups, whose carrying amount will be recovered through their sale rather than continuing use, are classified as held for sale. Assets held for sale and directly-associable liabilities are classified in the statement of financial position separately from the Group's other assets and liabilities, in accordance with IFRS 5 - Non-current assets held for sale and discontinued operations. Assets held for sale are not amortised or depreciated and are measured at the lower of their carrying amount and fair value less costs to sell. Any difference between the carrying amount and fair value less costs to sell is recognised in profit or loss as an impairment loss. Any subsequent improvement in fair value less costs to sell is recognised as a reversal to the extent of the impairment losses previously recognised, including those recognised prior to the classification of the asset as held for sale.

**Employee benefits**

**(a) Pension plans**

The Pininfarina Group's employees participate in defined contribution plans and defined benefit plans. The latter are a portion of the Italian post-employment benefits provided for by article 2120 of the Italian Civil Code and, therefore, do not have any plan assets. Defined contribution plans are formalised plans for post-employment benefits that require the Group to pay contributions to an insurance company or a pension fund. By doing this, the Group does not have any other legal or constructive obligation to pay additional contributions should the fund not have sufficient resources to pay all benefits accrued by employees over their current and past service periods when the benefits become due. These contributions paid in exchange for the service rendered by employees are recognised as an expense on an accruals basis. This category includes the payments made to the Cometa and Previp funds.

The Group calculates the present value of the plan liability and the service cost of defined benefit plans using the projected unit credit method, based on the actuarial calculation that uses demographic (mortality rate and turnover) and financial (discount rate and future salary and benefit increases) variables. The post-employment benefits of the Group's Italian employees are classified as follows pursuant to IAS 19 - Employee benefits:

- defined benefit plan for the portion vested prior to enactment of the Finance Act (Law no. 296 of 27 December 2006) and related implementing decrees;

- defined contribution plan for the portion accrued thereafter.

At the annual and half year reporting dates, the Group calculates the benefits using an actuarial valuation. The accumulated actuarial losses and gains arising from changes in estimates are recognised in a specific caption of comprehensive income. Any curtailment or extinguishment of a plan liability is immediately recognised in profit or loss.

**(b) Incentives, bonuses and profit-participation plans**

The Group recognises a cost and a liability for its obligations for incentives, bonuses and profit-participation plans. The liability is recognised when the Group has a legal or constructive obligation and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

**(c) Termination benefits**

The Group recognises a liability and personnel expense when it is demonstrably committed to terminating the employment of an employee or group of employees before the normal retirement date or provide termination benefits as a result of an offer made in order to encourage voluntary redundancy. The Group is demonstrably committed to a termination when, and only when, it has a detailed formal plan for the termination and is without realistic possibility of withdrawal.

**Share-based payments**

The Group has granted additional benefits to its key management personnel in the form of equity-settled share based plans (e.g., stock options). Under IFRS 2 - Share-based payment, the fair value of the stock options calculated at the grant date using the Black & Scholes method is recognised as personnel expense in profit or loss on a straight-line basis over the vesting period, with a balancing entry recognised in equity.

When the options are exercised, the amounts received from employees, net of directly attributable transaction costs, increase the share capital to the extent of the nominal amount of the issued shares. The remainder increases the share premium reserve.

**Provisions for risks and charges, contingent liabilities**

The provisions for risks and charges include specific costs and losses whose existence is certain or probable but whose amount or due date is unknown at the reporting date. Provisions are recognised when all the following conditions are met: (i) the Group has a present obligation (legal or constructive) as a result of a past event; (ii) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; (iii) a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the expenditure required to settle the present obligation or transfer it to third parties at the reporting date. The Group recognises expected restructuring costs when a restructuring plan is formalised only if it has raised a valid expectation in those affected that it will carry out the restructuring. The liability accrued in the provisions for risks and charges is regularly adjusted for changes in estimated costs, expected timing and discount rates. Changes in estimates of provisions are recognised in the same caption of the statement of profit or loss as the related addition.

Disclosures about contingent liabilities, i.e.: (i) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; (ii) a present obligation that arises from past events, whose amount cannot be measured reliably or whose settlement will probably not require an outflow of resources embodying economic benefits are provided in the notes.

**Revenue from sales and services**

Revenue is measured based on the consideration specified in a contract with a customer.

The Group recognises revenue when it transfers control over a good or service to a customer.

In its contracts with customers, the Group has identified the following performance obligations:

**(a) Design, engineering and operations services and (b) Architecture and design services**

Design services are tailored to a customer's specifications and if a contract is terminated by the customer, then the Group is entitled to reimbursement of the costs incurred up to the termination date, including a reasonable margin.

Invoices are issued according to contractual terms and are usually payable within 30 days. Uninvoiced amounts are presented as contract assets.

Revenue and associated costs are recognised over time - i.e., before the services are made available to the customers. Progress is determined based on the cost-to-cost method.

**(c) Royalties**

Royalties are substantially related to the licence to use the Pininfarina trademark on design products the Group manufactures. Even though customers do not control the trademark, they benefit therefrom. This shared benefit led the Group to believe that this is a “right to access” rather than a “right to use” the trademark and, therefore, the related revenue is recognised over time.

**(d) Lease income**

Lease income arises from services whereby the customer simultaneously receives and uses the related benefits as the Group provides them. Accordingly, the related revenue is recognised over time.

**(e) Other minor**

The Group determines whether it is more appropriate to recognise revenue from other minor performance obligations over time or at a point in time on a case-by-case basis.

Incremental costs of obtaining a contract

The Group recognises the incremental costs of obtaining a contract with a customer as an asset if it expects to recover those costs.

The incremental costs of obtaining a contract are those costs that an entity incurs to obtain a contract with a customer that it would not have incurred if the contract had not been obtained (for example, a sales commission).

As a practical expedient, the Group recognises the incremental costs of obtaining a contract as an expense when incurred if the amortisation period of the asset that the entity otherwise would have recognised is one year or less.

An asset recognised for incremental costs of obtaining a contract is amortised on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract assets and liabilities

The Group presents the contract in the statement of financial position as a contract asset or a contract liability, depending on the relationship between the performance carried out and the customer’s payment. It presents any unconditional rights to consideration separately as a trade receivable.

If the Group performs an obligation by transferring goods or services to a customer before the customer pays consideration or before payment is due, it presents the contract as a contract asset, excluding any amounts presented as a trade receivable. A contract asset is the Group’s right to consideration in exchange for goods or services that it has transferred to a customer. The Group assesses a contract asset for impairment in accordance with IFRS 9.

If a customer pays consideration, or the Group has a right to an amount of consideration that is unconditional (i.e., a receivable), before the Group transfers a good or service to the customer, it presents the contract as a contract liability when the payment is made or the payment is due (whichever is earlier). A contract liability is the Group’s obligation to transfer goods or services to a customer for which it has received consideration (or an amount of consideration is due) from the customer.

**Current taxes**

Current taxes are recognised by each group company on the basis of their estimated taxable profit using the tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date, taking into account any domestic tax consolidation arrangements, applicable exemptions and tax assets.

**Dividend distribution**

The Group recognises a liability for dividends to be distributed when the distribution has been approved by the shareholders.

**Earnings or losses per share**

Basic earnings or losses per share are calculated by dividing the profit or loss for the year attributable to the owners of the parent’s ordinary shares by the weighted average number of ordinary shares outstanding during the year. Diluted earnings or losses per share are derived by adjusting the weighted average number of outstanding shares for all potential ordinary shares with a dilutive effect.

## 2.4 New standards, amendments and interpretations

**Standards, amendments and interpretations applicable from 1 January 2022**

On 14 May 2020, the IASB issued the following amendments:

- Reference to the Conceptual framework (Amendments to IFRS 3): the purpose of the amendments is to update the reference to the revised Conceptual framework in IFRS 3, without altering the requirements of the standard.

- Proceeds before intended use (Amendments to IAS 16): the purpose of the amendments is to prohibit the deduction of any proceeds from selling items produced in the testing phase from the cost of an item of property, plant and equipment. These sales proceeds and related costs are, therefore, to be recognised in profit or loss.

- Onerous contracts - Cost of fulfilling a contract (Amendments to IAS 37): the amendments specify that the cost of fulfilling a contract comprises all costs that relate directly to the contract. Therefore, for the purpose of assessing whether a contract is onerous, these costs can either be incremental costs of fulfilling that contract (e.g., materials used in production) or the unavoidable costs of meeting the contractual obligations (e.g., an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract).

- Annual Improvements to IFRS Standards (2018-2020 cycle): the amendments relate to IFRS 1 - First-time adoption of International Financial Reporting Standards, IFRS 9 - Financial instruments, IAS 41 - Agriculture and the illustrative examples of IFRS 16 - Leases.

  The adoption of these amendments did not affect the Group's consolidated financial statements.

**New standards, amendments and interpretations endorsed by the European Union but not yet mandatorily applicable and not applied early by the Group at the reporting date**

On 18 May 2017, the IASB published IFRS 17 - Insurance contracts which will replace IFRS 4 – Insurance contracts. The objective of the new standard is to ensure that an entity provides relevant information that faithfully represents the rights and obligations arising from insurance contracts issued. The standard's effective date is 1 January 2023 and its early application is permitted for entities that apply IFRS 9 - Financial instruments and IFRS 15 - Revenue from contracts with customers. The directors do not expect that the new standard will affect the Group's consolidated financial statements.

The IASB issued "Amendment to IFRS 17 - Insurance contracts: Initial Application of IFRS 17 and IFRS 9 – Comparative Information" on 9 December 2021. The amendment adds a new transition option for the presentation of comparative information on financial assets on the initial application of IFRS 17. It aims at avoiding temporary accounting mismatches between financial assets and insurance contract liabilities, thus improving the usefulness of comparative information for users of financial statements. Its effective date is 1 January 2023 and its early application is permitted. The directors do not expect that it will significantly affect the Group's consolidated financial statements.

On 12 February 2021, the IASB published two amendments, namely "Disclosure of accounting policies - Amendments to IAS 1 and IFRS Practice Statement 2" and "Definition of accounting estimates - Amendments to IAS 8". The changes are intended to improve the disclosure of accounting policies so as to provide more useful information to investors and other primary users of financial statements as well as to help companies distinguish changes in accounting estimates from changes in accounting policies. The amendments' effective date is 1 January 2023 and their early application is permitted. The directors do not expect that they will significantly affect the Group's consolidated financial statements.

On 7 May 2021, the IASB issued "Deferred tax related to assets and liabilities arising from a single transaction (Amendments to IAS 12)" to specify how companies should account for deferred tax on transactions that may generate assets and liabilities of the same amount, such as leases and decommissioning obligations. Their effective date is 1 January 2023 and their early application is permitted. The directors do not expect that they will significantly affect the Group's consolidated financial statements.

**New standards, amendments and interpretations not yet endorsed by the European Union**

At the reporting date, the European Union's competent bodies had not yet completed the endorsement process for the adoption of the following amendments and new standards.

On 23 January 2020 and 31 October 2022, the IASB published "Classification of liabilities as current or non-current (Amendments to IAS 1)" and "Non-current liabilities with covenants (Amendments to IAS 1)", respectively. They clarify how an entity classifies financial and other liabilities as current or non-current. Their effective date is 1 January 2024 and their early application is permitted. The directors do not expect that they will significantly affect the Group's consolidated financial statements.

On 22 September 2022, the IASB published "Lease liability in a sale and leaseback (Amendments to IFRS 16)", which require a seller-lessee to subsequently measure lease liabilities arising from a leaseback in a way that it does not recognise any amount of the gain or loss that relates to the right of use it retains. Their effective date is 1 January 2024 and their early application is permitted. The directors do not expect that they will significantly affect the Group's consolidated financial statements.

## 3 - USE OF SIGNIFICANT JUDGEMENTS AND ESTIMATES

### Recoverable amount of property, plant and equipment and intangible assets

The Group regularly checks the carrying amount of its property, plant and equipment and intangible assets that it owns and uses and any assets held for sale whenever there is a trigger event.

Testing non-current assets for impairment is usually performed by estimating the cash flows expected from the use or the sale of the assets, which are suitably discounted to their present value.

The estimates and assumptions underlying these tests are based on the Group's current understanding of the development of the various business sectors in which it operates and on reasonable expectations of future market developments, which are subject to an inherent degree of uncertainty, including as a result of the persisting financial crisis and its effects on the international macroeconomic scenario. Even though the Group does not currently estimate that its non-current assets have incurred impairment losses other than those recognised in the consolidated financial statements, possible different developments of the economic conditions or different performances achieved by the group companies may result in amounts different to those originally estimated and in the recognition of impairment losses on certain non-current assets.

Reference should be made to note 4 for disclosures on the identified CGUs and to note 5 for information on estimated recoverable amounts and related impairment tests.

### Deferred taxes

Deferred tax assets and liabilities are measured on the basis of the Group's expectations on how the carrying amount of its assets will be recovered, considering, in particular, the probability that it will earn future taxable profits. Deferred tax assets and liabilities are measured on the basis of tax rates that are expected to be applicable when the assets will be realised or the liabilities will be extinguished, therefore based on tax rates or changes to tax laws that have been enacted by the reporting date.

### Contract assets and liabilities

Given the business sectors in which it operates, the Group recognises contract costs and revenue using the percentage of completion method. Contract profits and losses are recognised in profit or loss on the basis of both the stage of completion of the contract and the profits or losses expected over the entire life of the contract until its completion. Accordingly, in order to accurately recognise contract work in progress and profits or losses on works or services not yet completed, management is required to estimate the costs to complete contracts, contract variations, delays, extra costs and fines that may affect expected profitability. In order to support these management estimates, the Group uses contract risk management and analysis methods to identify, monitor and quantify risks related to the performance of such contracts. The amounts recognised in the consolidated financial statements are management's current best estimates made using the above-mentioned methods.

### Recoverability of trade receivables

The loss allowance covers the estimated credit losses on the Group's trade receivables. The group estimates the necessary impairment losses on the basis of historical trends for trade receivables with a similar credit risk, current and historical past due amounts, write-offs and collections, as well as the careful monitoring of credit quality and current and expected conditions of the economy and reference markets. The loss allowance is proportionate to the size of both the specific risks of individual positions and a generic default risk of the overall trade receivables, prudently estimated by considering past losses and the perceived credit standing of customers in general.

The carrying amounts of trade receivables from customers that are or have recently been affected by geopolitical or financial tensions are the current best estimate made by management with the support of its legal experts, taking into account the solvency of said customers.

### Additions to the provisions for risks and charges and contingent liabilities and contingent assets

Provisions for risks and charges are liabilities whose due date and amount are uncertain. The directors measure them based on the estimated costs to be incurred to extinguish the obligation at the reporting date.

Contingent liabilities and assets are not recognised in the consolidated financial statements in accordance with paragraphs 27 and 31, respectively, of IAS 37 - Provisions, contingent liabilities and contingent assets.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group, or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is an unrecognised possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Where necessary, the directors make their estimates with the assistance of their legal advisors and experts.

**Italian post-employment benefits**

Following the supplementary pension reform, the portion of Italian post-employment benefits vested before 1 January 2007 is considered to be a defined benefit under IAS 19 - Employee benefits. Under defined benefit plans, the amount of the benefit due to the employee upon termination of employment depends on different factors, such as age, seniority and remuneration. Despite being prudently estimated and based on internal historical figures, these estimated parameters may be subject to change.

The directors estimated the post-employment benefit obligation assisted by an independent expert included in the Italian Actuary Register.

## 4 - SEGMENT REPORTING

**Identification of reportable segments**

Operating segments are identified on the basis of the elements that the Group's chief operating decision maker uses to make decisions about resources to be allocated to the segments and assess their performance.

Based on the above, the Group has identified two operating segments, the design and the engineering segments.

**Design segment**

In addition to the revenue from the automotive and non-automotive design activities of all kinds, this segment includes revenue from architecture services, royalties for the use of the Pininfarina trademark, revenue from aerodynamic and aeroacoustics services and the costs arising from the parent's property management.

The CGUs and assets comprised in the design segment are as follows:

- other design activities: all other activities related to the design segment, currently carried out by Pininfarina S.p.A.. Goodwill was allocated to this CGU;
- Pininfarina Shanghai Co. Ltd;
- Pininfarina of America Corp.;
- the wind tunnel;
- the building and other assets related to the Bairo Canavese production facility, which still has to be repurposed for production after the termination of a business lease on 31 December 2019;
- the building and other assets related to the San Giorgio production facility, currently idle; in July 2022, the Group received an expression of interest for a consideration which is substantially in line with its carrying amount and its sale should be completed during 2023;
- other minor buildings.

**Engineering segment**

This segment groups the automotive engineering services and comprises the engineering Germany CGU, which is made up of the German subsidiary Pininfarina Deutschland GmbH.

The Group's business segments are not affected by seasonal factors.

The Group assesses the performance of its operating segments and allocates financial resources thereto on the basis of their revenue and operating profit or loss.

**Segment reporting for 2022 and 2021 is set out below:**

| **(€'000)** | **2022** | | |
|---|---|---|---|
| | **Design** | **Engineering** | **Total** |
| Revenue from sales and services | **61,096** | **14,951** | **76,047** |
| (Intra-segment revenue from sales and services) | **(3,789)** | **(36)** | **(3,825)** |
| **Revenue from sales and services - third parties** | **57,307** | **14,915** | **72,222** |
| Other revenue and income | **366** | **181** | **547** |
| **Total revenue** | **57,673** | **15,096** | **72,769** |
| Amortisation and depreciation | **(3,040)** | **(789)** | **(3,829)** |
| Net decreases in provisions for risks and charges | **61** | **-** | **61** |
| Net impairment losses on trade receivables and other assets | **(151)** | **(40)** | **(191)** |
| Net reversals of impairment losses on property, plant and equipment, intangible assets and right-of-use assets | **-** | **-** | **-** |
| **Operating loss** | **(704)** | **(2,484)** | **(3,188)** |
| Net financial expense | | | **(1,512)** |
| Share of profit of equity-accounted investees | | | **39** |
| Income taxes | | | **(340)** |
| **Loss for the year** | | | **(5,001)** |

| **(€'000)** | 2021 | | |
|---|---|---|---|
| | Design | Engineering | Total |
| Revenue from sales and services | 54,254 | 16,658 | 70,912 |
| (Intra-segment revenue from sales and services) | (4,111) | (541) | (4,652) |
| **Revenue from sales and services - third parties** | 50,143 | 16,117 | 66,260 |
| Other revenue and income | 233 | 348 | 581 |
| **Total revenue** | 50,376 | 16,465 | 66,841 |
| Amortisation and depreciation | (2,243) | (857) | (3,100) |
| Net decreases in provisions for risks and charges | 319 | 2,417 | 2,736 |
| Net impairment losses on trade receivables and other assets | (449) | (43) | (492) |
| Net reversals of impairment losses on property, plant and equipment, intangible assets and right-of-use assets | 2,674 | - | 2,674 |
| **Operating profit** | 2,576 | 1,494 | 4,070 |
| Net financial expense | | | (1,459) |
| Share of profit of equity-accounted investees | | | 29 |
| Income taxes | | | (193) |
| **Profit for the year** | | | 2,447 |

Intra-segment transactions are carried out at market conditions.

A breakdown of revenue and non-current assets (excluding financial assets and deferred tax assets) by geographical segment is as follows:

| | **2022** | **31 December 2022** | 2021 | 31 December 2021 |
|---|---|---|---|---|
| (€'000) | **Revenue from sales and services** | **Non-current assets** | Revenue from sales and services | Non-current assets |
| Italy | **7,270** | **33,762** | 7,820 | 40,564 |
| EU | **25,009** | **1,953** | 24,106 | 2,715 |
| Non-EU countries | **39,943** | **468** | 34,334 | 564 |
| **Total** | **72,222** | **36,183** | 66,260 | 43,843 |

## 5 - PROPERTY, PLANT AND EQUIPMENT

The reporting-date carrying amount of property, plant and equipment is €32.5 million (€33.9 million at 31 December 2021) and it showed the following changes in the past two years:

| (€'000) | Land | Buildings | Machinery | Plant | Furniture and fixtures | IT equipment | Other assets | Assets under construction | Total |
|---|---|---|---|---|---|---|---|---|---|
| Historical cost | 12,002 | 65,003 | 7,081 | 86,418 | 4,029 | 7,168 | 1,280 | 85 | 183,066 |
| Accumulated depreciation and impairment losses | (6,636) | (42,476) | (7,004) | (82,310) | (3,480) | (7,022) | (1,185) | - | (150,113) |
| **Carrying amount at 31 December 2020** | **5,366** | **22,527** | **77** | **4,108** | **549** | **146** | **95** | **85** | **32,953** |
| | | | | | | | | | |
| **2021 changes** | | | | | | | | | |
| Additions | - | - | - | 254 | 47 | 409 | 18 | 24 | 752 |
| Net sales | - | - | - | (2) | (41) | - | - | - | (43) |
| Reclassifications | - | - | - | - | 10 | 54 | 13 | (77) | - |
| Depreciation | - | (1,054) | (10) | (675) | (106) | (92) | (63) | - | (2,000) |
| Net reversals of impairment losses | - | - | 1,284 | - | 188 | 498 | 368 | - | 2,338 |
| Other changes | - | - | - | - | (7) | (44) | (9) | - | (60) |

| **Carrying amount at 31 December 2022** | **5,366** | **20,433** | **1,125** | **3,467** | **506** | **871** | **371** | **350** | **32,489** |

Land and buildings include the carrying amounts of real estate complexes, comprising the production facilities located in Via Castellamonte 6, Bairo Canavese (TO) and Strada provinciale per Caluso, San Giorgio Canavese (TO), the design and engineering site in Via Nazionale 30, Cambiano (TO) and a property in Beinasco (TO).

The Bairo Canavese production facility has not been used since 31 December 2019, when its lease ended, and has a carrying amount of €11.2 million, including land and building of €10.5 million and plant and other items of €0.7 million. The Group compared its carrying amount to its fair value calculated considering the facility's December 2022 appraised value, which was found to be consistent with its carrying amount.

The San Giorgio Canavese production facility has not been used since the end of 2015. The Group compared its carrying amount of €3.9 million to its fair value calculated considering the facility's December 2022 appraised value, which was found to be consistent with its carrying amount. Therefore, the Group did not recognise an impairment loss, also given that, in July 2022, it received an expression of interest for a consideration which is substantially in line with its carrying amount and its sale should be completed during 2022, also considering the events after the reporting date described in note 32.

All land and buildings located in Italy are owned by Pininfarina S.p.A.

Plant and machinery at 31 December 2022 include plant and machinery based at the Cambiano facility, plant at the wind tunnel facility and plant located at the Bairo Canavese facility, which comprises electricity and heating systems. Additions to plant made during the year mainly relate to the upgrading of plant at the wind tunnel facility.

Additions to IT equipment for the year relate to the purchase of IT equipment for technological upgrading mainly carried out by the parent.

The other design activities CGU, which comprises the parent's net invested capital excluding the assets relating to Bairo Canavese and San Giorgio Canavese, the wind tunnel, the other minor buildings and equity investments, was tested for impairment and impaired in 2019 and 2020. The impairment losses were reversed in 2021.

The CGU's 2022 financial performance was better than that estimated when the impairment test that led to the reversal of impairment losses in 2021 was performed. The 2023 budget approved by the Board of Directors on 16 January 2023 confirms the projections used for impairment testing. The key drivers of this improvement were the new post-restructuring cost positioning, the streamlining of internal resources aimed at eliminating inefficiencies and better than expected market conditions.

The CGU's main assets are the Cambiano land and buildings and no goodwill is allocated to this CGU. A recent appraisal dated December 2022 confirmed that the total fair value of these assets is higher than the related carrying amounts. Accordingly, since they did not identify any indicators of impairment, the directors did not test the CGU for impairment.

Given their 2022 negative financial performance, the engineering Germany and the Pininfarina Shanghai Co. Ltd CGUs were tested for impairment, without identifying any impairment losses on their consolidated net assets, also considering their modest contribution to the consolidated figures (roughly €2 million and €0.2 million, respectively).The value in use of the CGUs in question was determined using the unlevered discounted cash flow method by determining the post-tax cash flow based on the 2023 budget and the 2024-2025 business plan approved by the Board of Directors on 16 January 2023, discounted using a WACC rate of 6.88% (engineering Germany) and 15.53% (Pininfarina Shanghai Co. Ltd). The growth rate used to calculate the terminal value of the engineering Germany CGU was equal to 0.7%, while that of the Pininfarina Shanghai Co. Ltd CGU was maintained at zero.

Cash flows were forecast by directors, based on reasonable and supportable assumptions that represent their best estimate of the future economic conditions. The discount rate used reflects current market assessments, the time value of money and the risks specific to the asset for which the future cash flow estimates have not been adjusted.

## 6 - RIGHT-OF-USE ASSETS AND LEASE LIABILITIES

### Right-of-use assets

The reporting-date carrying amount of right-of-use assets is €2.3 million (€3 million at 31 December 2021) and it showed the following changes in the past two years:

| (€'000) | Cars and other assets | Land and buildings | Total |
|---|---|---|---|
| **Carrying amount at 31 December 2020** | **109** | **3,448** | **3,557** |
| **2021 changes** | | | |
| Additions | 209 | 110 | 319 |
| Net sales | - | - | - |
| Reclassifications | - | 26 | 26 |
| Depreciation | (98) | (833) | (931) |
| Net reversals of impairment losses/(impairment losses) | - | - | - |
| Exchange differences and other changes | - | 1 | 1 |
| **Carrying amount at 31 December 2021** | **220** | **2,752** | **2,972** |
| **2022 changes** | | | |
| Additions | 285 | 68 | 353 |
| Net sales | - | - | - |
| Reclassifications | (20) | - | (20) |
| Depreciation | (157) | (819) | (976) |
| Net reversals of impairment losses/(impairment losses) | - | - | - |
| Exchange differences and other changes | 1 | 15 | 16 |
| **Carrying amount at 31 December 2022** | **329** | **2,016** | **2,345** |

This caption is required by IFRS 16 and shows the right to use the underlying assets as per the leases signed by the group companies, mainly buildings housing their offices.

### Lease liabilities

This caption of €2,591 thousand at 31 December 2022 (€3,340 thousand at 31 December 2021) is broken down by maturity bracket below:

| (€'000) | Carrying amount 31.12.2022 | Contractual cash flows | of which: due within one year | of which: due from one to five years | of which: due after five years |
|---|---|---|---|---|---|
| Lease liabilities | 2,591 | 2,819 | 1.403 | 1,416 | - |

The group's lease payments totalled €1,241 thousand in 2022.

### Amounts recognised in profit or loss

| (€'000) | 2022 | 2021 |
|---|---|---|
| Depreciation of right-of-use assets | **(976)** | (931) |
| Interest expense on lease liabilities | **(143)** | (173) |
| Impairment losses | **-** | - |
| Lease expenses for short-term leases or leases of low-value assets | **(72)** | (87) |
| **Total** | **(1,191)** | **(1,191)** |

**7 - INTANGIBLE ASSETS**

The reporting-date carrying amount of intangible assets is €0.7 million (€6.3 million at 31 December 2021) and it showed the following changes during the year:

| (€'000) | Licences | Other | Total |
|---|---|---|---|
| Historical cost | 7,393 | 8,191 | 15,584 |
| Accumulated amortisation and impairment losses | (7,393) | (2,601) | (9,994) |
| **Carrying amount at 31 December 2020** | **-** | **5,590** | **5,590** |
| **2021 changes** | | | |
| Additions | 441 | 31 | 472 |
| Net sales | - | - | - |
| Reclassifications | - | - | - |
| Amortisation | (57) | (55) | (112) |
| Net reversals of impairment losses | 326 | 10 | 336 |
| Exchange differences and other changes | - | - | - |
| **Closing carrying amount** | **710** | **5,576** | **6,286** |
| Historical cost | 7,833 | 8,223 | 16,056 |
| Accumulated amortisation and impairment losses | (7,123) | (2,646) | (9,769) |
| **Carrying amount at 31 December 2021** | **710** | **5,577** | **6,287** |
| **2022 changes** | | | |
| Additions | 160 | - | 160 |
| Net sales | - | - | - |
| Reclassifications | - | - | - |
| Amortisation | (278) | (54) | (332) |
| Net impairment losses | - | (5,450) | (5,450) |
| Exchange differences and other changes | - | - | - |
| **Closing carrying amount** | **592** | **73** | **665** |
| Historical cost | 7,993 | 2,773 | 10,766 |
| Accumulated amortisation and impairment losses | (7,401) | (2,700) | (10,101) |
| **Carrying amount at 31 December 2022** | **592** | **73** | **665** |

"Other" includes an asset recognised in 2018 in relation to an advisory services agreement that the parent signed in connection with a long-term engineering contract.The asset was recognised at an amount equal to the liability with the supplier (see note 17) discounted on the basis of the payment plan agreed with it. Since the engineering contract was suspended, the related asset's amortisation and contractual payments were also suspended. Given the tensions arising from the geopolitical scenario, which has deteriorated further due to the conflict in Ukraine, at the reporting date, the parent updated its recoverability analysis to take into account the changed environment. Since it believed that resumption of the above contract's activities was unlikely, it impaired the related intangible asset and equally remeasured its liability to the supplier, which is contractually subject to the collection of the engineering contract consideration. The related effects offset each other in the caption "Net reversals of impairment losses (impairment losses) on property, plant and equipment, intangible assets and right-of-use assets" (note 28).

## 8 - EQUITY-METHOD INVESTMENTS

Equity-method investments, which comprise investments in associates, are broken down below:

| (€'000) | Goodmind S.r.l. | Signature S.r.l. | Total |
|---|---|---|---|
| Opening investment % | 20% | 24% | |
| **Opening balance** | **135** | **509** | **644** |
| Net investments/(sales) | - | - | - |
| Net impairment gains | 18 | 21 | 39 |
| Other changes | - | 1 | 1 |
| **Closing balance** | **153** | **531** | **684** |
| Closing investment % | 20% | 24% | |

Goodmind S.r.l. provides communication services to companies and organisations.

Signature S.r.l. mainly operates in the stationery sector.

## 9 - INVESTMENTS IN OTHER COMPANIES

Investments in other companies of €400 thousand comprise the investment in the Maltese company Midi Plc (€399 thousand) and other minor equity investments.

## 10 - INVENTORIES

Inventories mainly consist of materials used for the production of cars and prototypes at the Cambiano facility, as well as Pininfarina-branded products and car spare parts manufactured by the Group, which are sold to carmakers.

The tables below show a breakdown of inventories and the allowance for inventory write-down:

| (€'000) | 31 December 2022 | 31 December 2021 |
|---|---|---|
| Raw materials | **491** | 490 |
| Finished goods | **120** | 134 |
| (Allowance for raw material write-down) | **(269)** | (294) |
| **Total** | **342** | 330 |

The allowance for raw material write-down reflects the risk of obsolete and slow-moving items. It changed as follows over the past two years:

| (€'000) | 2022 | 2021 |
|---|---|---|
| **Opening balance** | **294** | 302 |
| Write-downs | **-** | 25 |
| Utilisations | **(25)** | (33) |
| **Closing balance** | **269** | 294 |

**11 - TRADE RECEIVABLES AND OTHER ASSETS**

Trade receivables are broken down below:

| (€'000) | 31 December 2022 | 31 December 2021 |
|---|---|---|
| Italy | **1,981** | 1,734 |
| EU | **3,551** | 2,836 |
| Non-EU countries | **7,651** | 8,870 |
| (Loss allowance) | **(618)** | (714) |
| **Third parties** | **12,565** | 12,726 |
| **Related parties** | **604** | 591 |
| **Total** | **13,169** | 13,317 |

The Group's main counterparties are top carmakers with a high credit rating. Since the receivables are not covered by insurance policies, the Group's maximum exposure to credit risk is equal to the carrying amount of the receivables less the loss allowance.

Trade receivables are mostly denominated in Euros.

The decrease in the loss allowance is due to the reassessment of the impairment losses prudently recognised by Pininfarina Shanghai on the receivable due from an Asian customer.

Changes in the loss allowance are set out below:

| (€'000) | 2022 | 2021 |
|---|---|---|
| **Opening balance** | **714** | 798 |
| Impairment losses | **-** | 260 |
| Utilisations/change in accounting estimates | **(88)** | (398) |
| Other changes | **(8)** | 54 |
| **Closing balance** | **618** | 714 |

With respect to exposures not individually impaired, the Group defined a provisioning matrix based on its historical credit loss figures, adjusted by the counterparties' credit ratings and business environments.

The following table shows other assets at 31 December 2022 and 2021:

| (€'000) | 31 December 2022 | 31 December 2021 |
|---|---|---|
| VAT | **2,451** | 1,920 |
| IRES (corporate income tax) and withholding taxes | **483** | 343 |
| IRAP (regional tax on production activities) paid on account | **25** | 25 |
| Prepayments and accrued income | **684** | 466 |
| Advances to suppliers | **814** | 99 |
| Amounts due from INAIL (the Italian Workers' Compensation Authority) and INPS (the Italian social security institution) | **14** | 2 |
| Amounts due from employees | **-** | 91 |
| Other | **635** | 367 |
| **Third parties** | **5,106** | 3,313 |
| **Total** | **5,106** | 3,313 |

The increase in the VAT asset, mainly attributable to the parent, is due to the asset that arose during the year, net of the amount offset in accordance with applicable legislation.

The parent fully impaired (€243 thousand) foreign withholdings, which are recoverable only through future taxable profits from operations carried out in their country of origin, given the uncertain actual possibility of using them before they become time-barred. This does not alter the parent's right to use them should the conditions for their use arise in the future, since their time limit is 2030. The foreign withholding taxes that are unrecognised but which can still be used amount to €4.9 million.

## 12 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents at 31 December 2022 and 2021 are made up as follows:

| **(€'000)** | **31 December 2022** | 31 December 2021 |
|---|---|---|
| Cash in hand and cash equivalents | **6** | 7 |
| Short-term bank deposits | **22,793** | 29,351 |
| **Cash and cash equivalents** | **22,799** | 29,358 |

Reference should be made to the statement of cash flows for details of the cash flows for the year.

## 13. EQUITY

### Share capital

The parent's share capital is comprised of 78,657,878 ordinary shares, without a nominal amount. There are no other classes of shares.

The share capital is presented net of treasury shares, which are held in accordance with the limits imposed by article 2357 of the Italian Civil Code.

Detailed information about the parent's shareholders is provided in note 1.

| | **31 December 2022** | | 31 December 2021 | |
|---|---|---|---|---|
| | **€'000** | **No.** | €'000 | No. |
| Ordinary shares | **56,482** | **78,673,836** | 56,482 | 78,673,836 |
| (Treasury shares) | **(16)** | **(15,958)** | (16) | (15,958) |
| **Share capital** | **56,466** | **78,657,878** | 56,466 | 78,657,878 |

### Other reserves

Other reserves are broken down below:

| **(€'000)** | **31 December 2022** | 31 December 2021 | **Variation** |
|---|---|---|---|
| Share premium reserve | **22,905** | 22,905 | - |
| Legal reserve | **11,296** | 10,854 | 442 |
| Stock option reserve | **2,217** | 2,217 | - |
| Translation reserve | **329** | 185 | 144 |
| Other reserves | **8,403** | 8,255 | 148 |
| **Total** | **45,150** | 44,416 | 734 |

The share premium reserve of €22,905,478 is unchanged from the previous year end.

The legal reserve of €11,296,386 increased by €442,152 from the previous year end, following the resolution for the allocation of the parent's profit for the previous year taken by the shareholders on 13 May 2022. Pursuant to the provisions of article 2430 of the Italian Civil Code, this reserve can be used to cover losses.

The stock option reserve of €2,216,799 is unchanged from the previous year end and relates to the stock option plan approved by the shareholders pursuant to article 114-bis of the Consolidated Finance Act on 21 November 2016. The plan provides for the free assignment of options for the subscription of ordinary shares to the parent's employees. The ratio is one share for each option. The plan aims at incentivising attainment of the parent's objectives and retaining employees. It provides that the maximum number of shares to be assigned to the beneficiaries is 2,225,925 and that the options' exercise price is €1.10 for each share. The plan term is seven years (2016-2023). The related cost is recognised over the vesting period (2016-2019).

The translation reserve reflects the cumulative differences from the translation of financial statements of companies with functional currencies other than the Euro, which is the Group's presentation currency. These companies are Pininfarina Shanghai Co Ltd. and Pininfarina of America Corp..

The increase in the other reserves is due to fair value gains on Investments in other companies (note 9) recognised in OCI.

**Losses carried forward**

Losses carried forward totalled €60,895,566 at the reporting date, down by €2,246,136 from the 31 December 2021 figure. The decrease is due to:

- the allocation of the profit for 2021 of €2,004,859, net of the portion allocated to the parent's legal reserve, as resolved by the shareholders on 13 May 2022;
- the positive effect for the year of the adoption of IAS 19 (revised), quantified at €241,277.

## 14 - OTHER FINANCIAL LIABILITIES

The other financial liabilities mostly comprise the outstanding amount relating to the rescheduling agreement described below (€17,261 thousand at 31 December 2022), in addition to bank overdrafts.

The rescheduling agreement between Pininfarina S.p.A. and its lending institutions became effective on 30 May 2016. Its effects are summarised below:

- settlement and extinguishment of 56.74% of the nominal amount of the parent's debt with the lending institutions that accepted this option, in addition to the interest accrued up to the effective date;
- the rescheduling of the nominal amount of the debt with the lending institutions that accepted this option, totalling €41.5 million, to 2025;
- the application of a fixed interest rate of 0.25% per annum, based on a year of 360 days, increased by the difference between this rate and the six-month Euribor, should the latter exceed 4%.

Changes in other financial liabilities over the past two years are summarised below:

| | **2022** | | | 2021 | | |
|---|---|---|---|---|---|---|
| **(€'000)** | **Other loans and borrowings** | **Bank overdrafts** | **Total** | Other loans and borrowings | Bank overdrafts | Total |
| **Opening balance** | **19,638** | **-** | **19,638** | 22,106 | 41 | 22,147 |
| Increase/other changes | **-** | **2,200** | **2,200** | - | - | - |
| Unrealised interest | **1,215** | **-** | **1,215** | 1,350 | - | 1,350 |
| Repayment/derecognition of liabilities | **(3,592)** | **-** | **(3,592)** | (3,818) | (41) | (3,859) |
| **Closing balance** | **17,261** | **2,200** | **19,461** | 19,638 | - | 19,638 |
| **of which: due within one year** | **3,578** | **2,200** | **5,778** | 3,592 | - | 3,592 |
| **of which: due after one year** | **13,683** | **-** | **13,683** | 16,046 | - | 16,046 |

On 30 May 2015, the fair value of the restructured debt was determined by discounting the cash flows as per the rescheduling agreement to their present value using a 6.5% rate, determined with the assistance of a third-party financial advisor as the sum of 1) the return on risk-free investments and 2) a credit spread attributed to Pininfarina S.p.A..

The increase in bank overdrafts is due to a recourse factoring agreement signed by the German subsidiary.

A breakdown of the contractual cash flows by maturity is provided in note 34.

A breakdown of changes by lender is set out below:

| **(€'000)** | **31 December 2021** | **Unrealised interest** | **Repayment/ derecognition of liabilities** | **31 December 2022** |
|---|---|---|---|---|
| Intesa Sanpaolo S.p.A. | 12,703 | 786 | (2,316) | 11,173 |
| Banca Nazionale del Lavoro S.p.A. | 748 | 46 | (136) | 658 |
| Banca Regionale Europea S.p.A. (formerly Ubi Banca S.p.A.) | 2,986 | 185 | (544) | 2,627 |
| Selmabipiemme Leasing S.p.A. | 3,187 | 198 | (582) | 2,803 |
| Volksbank Region Leonberg (Germany) | 14 | - | (14) | - |
| **Other loans and borrowings** | **19,638** | **1,215** | **(3,592)** | **17,261** |

The Group's loans and borrowings are not subject to currency risk.

Reference should be made to the table presented in note 38 for more details on the net financial position (ESMA).

## 15 - EMPLOYEE BENEFITS

The employee benefits include the portion of post-employment benefits vested by the parent's employees before 1 January 2007.

Changes for the year are provided below:

| **(€'000)** | **2022** | **2021** |
|---|---|---|
| **Opening balance** | **2,734** | **3,239** |
| Interest cost recognised in profit or loss | **8** | (1) |
| Actuarial (gains) losses recognised in other comprehensive income | **(241)** | 8 |
| Payments | **(432)** | (513) |
| Other changes | **-** | 1 |
| **Closing balance** | **2,069** | **2,734** |

The main changes for the year include the actuarial gains recognised in OCI (€241 thousand, gross of tax) and benefits paid (€432 thousand).

The Group recognised interest cost of €8 thousand on employee benefits during the year.

The main assumptions underlying the actuarial calculation of the liability in the current and previous years are set out below:

| | **2022** | **2021** |
|---|---|---|
| Annual inflation rate | **2.75%** | 1.50% |
| Benefit discount rate | **3.65%** | -0.31% |

The adopted discount rate refers to the market yield of AA-rated Euro securities.

Moreover, the sensitivity analysis carried out increasing/decreasing the base rate by 50% did not show significant changes with respect to the reporting-date post-employment benefit liability.

## 16 - OTHER CURRENT LIABILITIES

Other current liabilities were as follows at 31 December 2022 and 2021:

| (€'000) | **31 December 2022** | 31 December 2021 |
|---|---|---|
| Wages and salaries payable | 3,349 | 3,129 |
| Social security charges payable | 835 | 980 |
| Other | 1,164 | 1,262 |
| Other liabilities | 546 | 424 |
| **Total** | **5,894** | 5,795 |

## 17 - TRADE PAYABLES

| (€'000) | **31 December 2022** | 31 December 2021 |
|---|---|---|
| Trade payables - third parties | 12,855 | 16,364 |
| Other - third parties | 255 | 255 |
| **Total third parties** | **13,110** | 16,619 |
| **Trade payables - related parties** | **523** | 262 |
| **Total** | **13,633** | 16,881 |

Trade payables to third parties at 31 December 2021 included the incremental costs of roughly €5.8 million incurred by the parent to obtain a long-term contract.

The liability was recognised at the present value of the payment plan originally agreed with the service provider under the related agreement.

As disclosed in notes 7 and 28, at the reporting date, the parent updated its assessment of the likelihood of the resumption of the above contract's activities and impaired the costs of obtaining the contract initially recognised as an asset, while equally remeasuring its liability, whose payment was contractually subject to the collection of the engineering contract consideration.

## 18 - PROVISIONS FOR RISKS AND CHARGES AND CONTINGENT LIABILITIES

### Provisions for risks and charges

Changes in provisions for risks and charges are set out below:

| (€'000) | Provision for product warranties | Restructuring provision | Provision for losses to complete contracts | Total |
|---|---|---|---|---|
| **Opening balance** | **53** | **869** | **267** | **1,189** |
| Additions to provisions for risks | - | - | 444 | 444 |
| Utilisations | - | (721) | (506) | (1,227) |
| Releases | - | - | - | - |
| Exchange differences and other changes | - | - | 1 | 1 |
| **Closing balance** | **53** | **148** | **206** | **407** |

The provision for product warranties, unchanged from the previous reporting date, represents the best estimate of the parent's contractual and legal obligations with regard to costs related to warranties provided on certain components of the vehicles it manufactured for a specific period, starting from the sale of the vehicles to end customers. The above-mentioned estimate was determined based on the Group's experience, specific contractual terms and product specifications and defect data generated by the statistical survey systems of the Group's customers.

The restructuring provision, which was set up in 2020, reflects the best estimate of the liabilities for restructuring relating to the parent (€110 thousand at 31 December 2022) and the winding up of Pininfarina Engineering S.r.l. in liquidation (€38 thousand at 31 December 2022). Utilisations for the year relate to Pininfarina S.p.A. (€276 thousand) and Pininfarina Engineering S.r.l. in liquidation (€445 thousand).

The provision for losses to complete contracts shows the effects of the measurement of losses to complete the parent's long-term contracts.

**Contingent liabilities and litigation**

The parent has a pending dispute with the French company GreenGT (GGT) before the commercial court of Paris, whereby GGT claimed damages alleging the parent's failure to perform a contract, leading to the consequent loss of business opportunities and reputation damage. On 9 November 2021, the court handed down its first-level decision dismissing the claim for failure to perform the contract and the alleged reputation damage, but held Pininfarina S.p.A. liable for the loss of investment and profit incurred by GGT for an amount of €2.5 million. Confident that it will prove its reasons in the subsequent proceedings, the parent promptly filed an appeal and, including based on the opinion of its legal advisors, did not consider it necessary to make a specific provision.

On 1 August 2022, the Italian Labour Inspectorate Office notified Pininfarina Engineering S.r.l. in liquidation of an assessment report alleging violations concerning contribution obligations totalling €807,200 (including sanctions). Based on the preliminary opinion of its legal advisors, the subsidiary assessed this risk as not probable and filed its response with the competent bodies within the legal terms. As of the date hereof, there have been no further developments. Accordingly, in accordance with the applicable IFRS, the directors did not believe it necessary to provide for this liability.

As part of a legal dispute for the use of the Pininfarina trademark involving Pininfarina Extra S.r.l., which was merged into Pininfarina S.p.A. on 1 January 2019, on 14 August 2022, the Fermo Court ordered Pininfarina S.p.A. to pay €104,257.68, which it paid in full in due time before the deadline of the start of October 2022. On 30 September 2022, the parent filed its appeal against the decision. As it is certain of its correct conduct, the parent did not provide for any liability.

There are no further contingent liabilities or litigation to report.

## 19 - CURRENT AND DEFERRED TAXES

The table below provides a breakdown of deferred tax assets and liabilities:

| (€'000) | **31 December 2022** | 31 December 2021 |
|---|---|---|
| Deferred tax assets | - | 19 |
| (Deferred tax liabilities) | - | - |
| **Net deferred tax assets** | **-** | 19 |

The net deferred tax assets relate to Pininfarina of America.

Income taxes recognised in profit or loss over the past two years are detailed below:

| **(€'000)** | **2022** | 2021 |
|---|---|---|
| Income taxes | **(321)** | (193) |
| Reduction/(addition) to prior year provision | **-** | - |
| **Current taxes** | **(321)** | (193) |
| Change in deferred tax assets | **(19)** | - |
| **Deferred taxes** | **(19)** | - |
| **Total** | **(340)** | (193) |

## 20 - REVENUE FROM SALES AND SERVICES

The Group's revenue mainly relates to the provision of design and engineering services and sales of spare parts and prototypes.

| (€'000) | 2022 | 2021 |
|---|---|---|
| Sales | **3,661** | 5,167 |
| Services | **65,874** | 58,925 |
| Royalties | **2,687** | 2,168 |
| **Revenue from sales and services** | **72,222** | 66,260 |

Disaggregation of revenue from contracts with customers

In the following table, revenue from contracts with customers is disaggregated by major product and service lines and timing of revenue recognition.

| | **Major product/service lines** | |
|---|---|---|
| **(€'000)** | **2022** | **2021** |
| Design services | **54,620** | 47,976 |
| Engineering services | **14,915** | 16,116 |
| Royalties | **2,687** | 2,168 |
| **Total** | **72,222** | **66,260** |

| | **Timing of revenue recognition** | |
|---|---|---|
| **(€'000)** | **2022** | **2021** |
| Products transferred at a point in time | **6,628** | 3,860 |
| Products and services transferred over time | **65,594** | 62,400 |
| **Total** | **72,222** | **66,260** |

Contract assets and liabilities

The following table provides information about contract assets and liabilities.

| (€'000) | 31 December 2022 | 31 December 2021 |
|---|---|---|
| Contract assets | **7,093** | 5,434 |
| Contract liabilities | **(5,533)** | (6,452) |
| **Net contract assets (liabilities)** | **1,560** | (1,018) |

The contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date on made-to-order products/services.

Contract assets were impaired by €506 thousand during the year. They are reclassified to trade receivables when the rights become unconditional. This usually occurs when the group companies issue an invoice to the customer.

Contract liabilities represent the Group's obligation to transfer goods or services to a customer for which it has received consideration (or an amount of consideration is due) from that customer.

## 21 - OTHER REVENUE AND INCOME

Other sources of revenue include the following:

| **(€'000)** | **2022** | **2021** |
|---|---|---|
| Lease income | - | 108 |
| Grants for research and training | 4 | 9 |
| Prior year income | - | 47 |
| Insurance compensation | 12 | 100 |
| Sundry | 155 | 182 |
| Rebilling | 107 | 135 |
| Internal work capitalised | 249 | - |
| Gains on sale of non-current assets and equity investments | 20 | - |
| **Total** | **547** | **581** |

Prior year income refers to prior year income and estimation differences, other than errors, resulting from the normal updating of estimates made in previous years.

Lease income referred to the building previously owned by the German subsidiary and sold in February 2021.

The increase in internal work capitalised relates to the expense incurred (mainly personnel expense) to manufacture a virtual reality simulator, slated for completion in the first half of 2023.

## 22 - PURCHASES, SERVICES AND OTHER VARIABLE PRODUCTION COSTS

| **(€'000)** | **2022** | **2021** |
|---|---|---|
| Raw materials and consumables | **(10,147)** | (6,841) |
| Other variable production costs | **(1,549)** | (1,729) |
| External variable engineering services | **(12,266)** | (10,843) |
| Change in finished goods | **(14)** | (26) |
| **Total** | **(23,976)** | **(19,439)** |

External variable engineering services mainly refer to design and technical services.

## 23 - OTHER OPERATING EXPENSE

| **(€'000)** | **2022** | 2021 |
|---|---|---|
| Losses on sales of non-current assets and equity investments | **(7)** | - |
| Other expenses | **(10,382)** | (8,872) |
| Net exchange gains (losses) | **(16)** | 62 |
| **Total** | **(10,405)** | (8,810) |

## 24 - PERSONNEL EXPENSE

| (€'000) | **2022** | **2021** |
|---|---|---|
| Wages and salaries | (30,339) | (30,416) |
| Social security contributions | (6,875) | (7,371) |
| Post-employment benefits | (1,051) | (1,206) |
| Utilisation of restructuring provision | 648 | 2,653 |
| **Personnel expense** | **(37,617)** | **(36,340)** |

Post-employment benefits reflect the costs related to defined contribution plans and accrued interest on defined benefit plans (see note 15), given the presentation method chosen by the Group.

A breakdown of the actual number of employees at 31 December 2022 and the average number for the year is set out below, as per article 2427 of the Italian Civil Code, calculated by adding the number of employees at the beginning and end of the year and dividing the result by two:

| | **2022** | | 2021 | |
|---|---|---|---|---|
| | **Reporting date** | **Average** | Reporting date | Average |
| Managers | **20** | **21** | 22 | 22 |
| White collars | **421** | **418** | 435 | 481 |
| Blue collars | **21** | **21** | 29 | 31 |
| **Total** | **462** | **460** | 486 | 534 |

## 25 - AMORTISATION AND DEPRECIATION

Amortisation and depreciation are made up as follows:

| **(€'000)** | **2022** | 2021 |
|---|---|---|
| Depreciation of property, plant and equipment | **(2,521)** | (2,057) |
| Amortisation of intangible assets | **(332)** | (112) |
| Depreciation of right-of-use assets | **(976)** | (931) |
| **Total** | **(3,829)** | (3,100) |

## 26 - NET DECREASES IN PROVISIONS FOR RISKS AND CHARGES

| **(€'000)** | **2022** | 2021 |
|---|---|---|
| Additions to the provision for losses to complete contracts | **(444)** | (251) |
| Release of the restructuring provision | **-** | 2,767 |
| Utilisations and changes in estimated costs | **505** | 220 |
| Net decreases in provisions for risks and charges | **61** | 2,736 |

## 27 - NET IMPAIRMENT LOSSES ON TRADE RECEIVABLES AND OTHER ASSETS

| **(€'000)** | **2022** | 2021 |
|---|---|---|
| Impairment losses on trade receivables | **(40)** | (277) |
| Impairment gains on trade receivables | **92** | 375 |
| Impairment losses on foreign withholding taxes | **(243)** | (590) |
| **Net impairment losses on trade receivables and other assets** | **(191)** | (492) |

The impairment gains reverse the impairment losses recognised in the previous year on the receivables from two customers of the Chinese subsidiary.

The parent fully impaired (€243 thousand) foreign withholdings, which are recoverable only through future taxable profits from operations carried out in their country of origin, given the uncertain actual possibility of using them before they become time-barred.

## 28 - NET REVERSALS OF IMPAIRMENT LOSSES (IMPAIRMENT LOSSES) ON PROPERTY, PLANT AND EQUIPMENT, INTANGIBLE ASSETS AND RIGHT-OF-USE ASSETS

As described in notes 5 and 6, there were no impairment losses or reversals of impairment losses on property, plant and equipment or right-of-use assets during the year.

As described in note 7, at the reporting date, the parent updated its analysis of the recoverability of the cost of obtaining a long-term engineering contract recognised as an intangible asset to take into account the changed environment. Since it believed that resumption of the above contract's activities was unlikely, it impaired the intangible asset and equally remeasured its liability to the supplier, which is contractually subject to the collection of the engineering contract consideration. The related effects offset each other in this caption.

In 2021, based on the impairment test carried out at the end of the year, the Group reversed impairment losses of €2,674 thousand recognised on the other design activities CGU's assets, which comprised €2,338 thousand relating to items of property, plant and equipment other than the Cambiago building and €336 thousand to intangible assets other than goodwill.

## 29 - FINANCIAL INCOME

In 2022, financial income relates to bank interest income.

In 2021, it included a gain of €208 thousand on the extinguishment of financial liabilities, mainly relating to a loan granted by Centennial Bank to Pininfarina of America covered by the measures implemented in that country to tackle the effect of the Covid-19 pandemic, which was fully waived by the lending bank.

## 30 - FINANCIAL EXPENSE

| (€'000) | **2022** | **2021** |
|---|---|---|
| Interest expense on loans and financing | (1,302) | (1,419) |
| Bank interest and fees | (71) | (89) |
| Interest expense on lease liabilities | (143) | (173) |
| Other | - | - |
| **Financial expense** | **(1,516)** | **(1,681)** |

Interest expense on loans and financing comprises the effect of amortised-cost accounting (€1,215 thousand) and interest accrued under the existing agreement (€59 thousand). The remainder relates to the German subsidiary.

Bank interest and fees refer to interest paid on credit lines and bank fees.

Lease interest expense relates to the amortised-cost measurement of lease liabilities under IFRS 16.

## 31 - LOSS PER SHARE

The basic loss per share of €0.06 for 2022 (basic earnings of €0.03 € for 2021) is equal to the diluted loss per share because there is no dilutive effect, since the stock options (note 13) are assigned with a unit exercise price of €1.10, which exceeds the 2022 and 2021 average price of the parent's ordinary shares.

The basic loss per share (and, based on the above, the diluted loss per share) is calculated by dividing the loss for the year attributable to the owners of the parent by the weighted average number of ordinary shares outstanding during the year (78,657,878 in both 2022 and 2021).

## 32 - EVENTS AFTER THE REPORTING DATE

In July 2022, the Group received an expression of interest for the San Giorgio Canavese facility from a potential acquirer (see note 5) and signed a preliminary sale agreement in the first quarter of 2023. The sale is expected to be executed before the end of 2023 for a total consideration of €4.15 million, including €1 million already received as a guarantee deposit in March 2023 and €0.2 million collected in July 2022.

There are no other significant events that occurred after the reporting date.

**33 - FINANCIAL INSTRUMENTS AND FAIR VALUE HIERARCHY**

As required by IFRS 7, the table below lists the types of financial instruments included in the consolidated financial statements and shows the measurement criteria adopted:

| **(€'000)** | 31 December 2022 | | | | |
|---|---|---|---|---|---|
| | **Note** | **Assets at amortised cost** | **Assets at fair value** | **Assets at fair value through OCI** | **Total** |
| Investments in other companies | (9) | - | - | 400 | 400 |
| Non-current financial assets | | 550 | - | - | 550 |
| Trade receivables and other assets | (11) | 18,275 | - | - | 18,275 |
| Cash and cash equivalents | (12) | 22,799 | - | - | 22,799 |
| **Total financial assets** | | **41,624** | **-** | **400** | **42,024** |
| | | | | | |
| Non-current lease liabilities | (6) | 1,630 | - | - | 1,630 |
| Other non-current financial liabilities | (14) | 13,683 | - | - | 13,683 |
| Current lease liabilities | (6) | 961 | - | - | 961 |
| Other current financial liabilities | (14) | 5,778 | - | - | 5,778 |
| Other current liabilities | (16) | 5,894 | - | - | 5,894 |
| Trade payables | (17) | 13,633 | - | - | 13,633 |
| **Total financial liabilities** | | **41,579** | **-** | **-** | **41,579** |

| | | | | | **31 December 2021** |
|---|---|---|---|---|---|
| (€'000) | **Note** | **Assets at amortised cost** | **Assets at fair value** | **Assets at fair value through OCI** | **Total** |
| Equity investments in other companies | (9) | - | - | 252 | 252 |
| Non-current financial assets | | 550 | - | - | 550 |
| Trade receivables and other assets | (11) | 16,630 | - | - | 16,630 |
| Cash and cash equivalents | (12) | 29,358 | - | - | 29,358 |
| **Total financial assets** | | **46,538** | **-** | **252** | **46,790** |
| | | | | | |
| Non-current lease liabilities | (6) | 2,322 | - | - | 2,322 |
| Other non-current financial liabilities | (14) | 16,046 | - | - | 16,046 |
| Current lease liabilities | (6) | 1,018 | - | - | 1,018 |
| Other current financial liabilities | (14) | 3,592 | - | - | 3,592 |
| Other current liabilities | (16) | 5,795 | - | - | 5,795 |
| Trade payables | (17) | 16,881 | - | - | 16,881 |
| **Total financial liabilities** | | **45,654** | **-** | **-** | **45,654** |

Pursuant to IFRS 7 – Financial instruments: disclosures, the classification of financial instruments within the fair value hierarchy provided for by IFRS 13 is based on the quality of the inputs used for measurement purposes:

- Level 1: fair value is determined based on prices quoted on an active market for identical assets or liabilities.
- Level 2: fair value is determined based on inputs that, while different from the quoted prices used in Level 1, can be observed either directly or indirectly. These consolidated financial statements do not present any financial instruments of this type.
- Level 3: fair value is determined based on valuation models, the inputs of which are not based on observable

market data. These consolidated financial statements do not present any financial instruments of this type.

Based on the above, the Group has classified its Investments in other companies, mostly comprising the investment in the Maltese company Midi Plc (€399 thousand), which is listed on the Malta stock exchange, at level 1 of the fair value hierarchy. Considering the trades that took place close to the year end, its stock exchange price at the reporting date is deemed to reflect its fair value.

The fair value gains or losses on the above equity investment are recognised in OCI.

The carrying amount of non-current financial assets, cash and cash equivalents, trade receivables and other assets, lease liabilities, trade payables and other current liabilities is deemed to reasonably approximate their fair value.

The fair value of the other financial liabilities of €17,387 thousand (€21,504 thousand at 31 December 2021) has been measured with the support of an independent expert, using a level 3 measurement model that entailed:

- the identification of the interest and principal cash flows generated by the financial liabilities, based on the effective interest rate and the relevant repayment plan;

- the discounting of the cash flows by applying a rate of 6.18% which is held to reflect the market rate that the group companies would have obtained had they assumed liabilities with similar characteristics (amount and maturity) at the reporting date, including a spread that objectively reflects the Group's credit rating.

## 34 - FINANCIAL RISK MANAGEMENT

Financial risk factors, as identified in IFRS 7 – Financial instruments: disclosures, are described below.

- Market risk: the risk that the fair value or the future cash flows of a financial instrument could fluctuate as a result of changes in market prices. Market risk includes:

- currency risk: the risk that the fair value or the future cash flows of a financial instrument could fluctuate as a result of changes in exchange rates;

- interest rate risk: the risk that the fair value or the future cash flows of a financial instrument could fluctuate as a result of changes in interest rates;

- price risk: the risk that the fair value or the future cash flows of a financial instrument could fluctuate as a result of changes in market prices (other than changes covered by the interest rate and currency risks), irrespective as to whether such fluctuations are determined by factors specific to the financial instrument or its issuer or by factors that affect all similar market-traded financial instruments.

- Credit risk: the risk that one of the parties causes the other party to incur a financial loss by failing to fulfil an obligation.

- Liquidity risk: the risk that an entity may be unable to fulfil obligations associated with financial liabilities.

**Currency risk**

The Group entered into most of its financial instruments in Euros, which is its functional and presentation currency. Although it operates in an international environment, its exposure to fluctuations in exchange rates is limited to the following currencies against the Euro: US dollar (USD) and Chinese renminbi (CNY).

**Interest rate risk**

This risk is due to the Group's exposure to fluctuations in market interest rates, since the interest expense on its debt is indexed thereto.

The restructuring agreement signed by Pininfarina S.p.A. with the lending institutions, effective from 30 May 2016 to 31 December 2025, defined a fixed contractual interest rate of 0.25% per annum, based on a year of 360 days.

If the six-month Euribor exceeds 4% during an interest accruing period, the contractual interest rate will be increased by the difference between the actual six-month Euribor and 4%.

The Group does not currently deem it necessary to hedge the portion of its debt subject to interest rate risk given the current Euribor trend.

A breakdown of the Group's financial debt by fixed and variable interest rates is as follows:

| (€'000) | 31 December 2022 | % | 31 December 2021 | % |
|---|---|---|---|---|
| - Fixed rate | **19,461** | **100%** | 19,637 | 100% |
| - Variable rate | **-** | **-** | - | - |
| **Gross financial debt with third parties** | **19,461** | **100%** | 19,637 | 100% |

**Price risk**

The Group mainly carries out design and engineering activities, therefore it is not significantly exposed to price risk on the commodities it purchases.

**Credit risk**

The Group is exposed to credit risk, defined as the probability of an impairment loss on exposures with a commercial or financial counterparty. With reference to commercial transactions, the Group's most significant projects have a limited number of counterparties, most of which may be qualified as of a primary credit standing. At group level, credit risk is especially concentrated in Asia (Iran, India and China).

Counterparty risk in the case of countries in which the Group does not usually undertake commercial transactions is analysed and assessed at the offering phase in order to identify and mitigate any solvency risks.

Despite the global Covid-19 pandemic, since it mainly operates with counterparties of high credit standing, the Group's credit risk on existing trade receivables has not significantly increased. Only the Chinese subsidiary has recognised a specific loss allowance of €193 thousand for one of its exposures.

The Group operates in markets that are or have been recently affected by geopolitical or financial tensions. Specifically, the following exposures are considered to bear geopolitical risk:

| (€'000) | 31 December 2022 |
|---|---|
| Assets | **3,040** |
| Contract liabilities | **(1,827)** |
| **Total** | **1,213** |

Reference should be made to note 11 for a breakdown of trade receivables by geographical segment.

**Liquidity risk**

This is the risk that the Group may be unable to fulfil the obligations associated with its financial liabilities.

The Group's liquidity management approach is to ensure that it always has sufficient funds to fulfil its obligations when they fall due, under both normal conditions and financial stress, without incurring borrowing costs at above-market interest rates. Generally, the Group ensures that there is sufficient cash to cover expected short-term operating expense, including those related to loans and borrowings. Potential effects resulting from unusual circumstances that cannot be reasonably foreseen, such as natural disasters, are excluded.

The objective of the Group's financial strategy is to adequately balance the maturity of its liabilities in order to reduce the risk of having to refinance its debt. The Group has historically been able to meet its obligations regularly and was able to refinance its debt before maturity.

In brief, the Rescheduling agreement signed by the parent on 14 December 2015 and effective as of 30 May 2016 entailed:

- settlement and extinguishment of 56.74% of the nominal amount of the parent's debt with the lending institutions that accepted this option, in addition to the interest accrued up to the effective date;

- the rescheduling of the nominal amount of the debt with the lending institutions that accepted this option, totalling €41.5 million, from 2016 to 2025;

- the application of a fixed interest rate of 0.25% per annum, based on a year of 360 days, increased by the difference between this rate and the six-month Euribor, should the latter exceed 4%.

Consequently, over the medium to long term, the liquidity risk is directly correlated to the achievement of the business plan targets.

The carrying amount and the gross amount without discounting the contractual cash flows of the financial liabilities arising from the parent's Rescheduling agreement and the German subsidiary's factoring agreement at the reporting date are set out in the following table:

| (€'000) | Carrying amount 31.12.2022 | Contractual cash flows | due within one year | due from one to five years | due after five years |
|---|---|---|---|---|---|
| Rescheduling agreement | 17,261 | 20,003 | 3,578 | 16,425 | - |
| Bank overdrafts | 2,200 | 2,200 | 2,200 | | |
| **Total** | **19,461** | **22,203** | **5,778** | **16,425** | **-** |

At the reporting date, the Group's cash and cash equivalents amount to €22,799 thousand.

**Risk of default and debt covenants**

This risk relates to the possibility that the rescheduling agreement between Pininfarina S.p.A. and the lending institutions that came into force on 30 May 2016 may include acceleration clauses that would give rise to liquidity risk.

The Rescheduling agreement requires that, as of the assessment date of 31 March of each year, the financial covenant shall be at least equal to the minimum consolidated equity, i.e., €30 million. The covenant will be checked until the expiry of the loan in 2025.

The Mahindra Group provided a first demand surety to the lending institutions that is enforceable if Pininfarina S.p.A. fails to meet its obligations.

At 31 March 2022, the above-mentioned financial covenant was met and, although irrelevant for contractual purposes, it is still complied with at the reporting date. Should the minimum equity threshold be exceeded at 31 March 2023, the agreement would not automatically be terminated, as it provides for specific remedies and the lending banks can also waive their right to take action.

**Business/market risk**

The performance of the sectors/markets in which the parent and the Group operate has been recently adversely affected by the simultaneous existence of two overlapping problems:

- the continuation of the negative economic cycle of the global automotive industry, further exacerbated by the conflict in Ukraine;

- the Covid-19 pandemic.

In addition, the Group has to meet the challenges posed by the technological change that is affecting the mobility and other sectors, offering traditional services combined with digital experiences.

In order to deal with this situation, the parent and the Group are rapidly redirecting their available resources towards those activities with a new strategic profile focused on those service lines which are considered to have greater potential in terms of strengthening customer relations and profitability in the medium term.

**Climate change risk**

The parent is currently assessing the risks related to climate change, the impacts of which are not expected to be significant in view of its business model.

**35 - RELATED PARTY TRANSACTIONS**

The table below, which is presented pursuant to Consob communication no. DEM/6064293 of 28 July 2006, summarises related party transactions, including intragroup transactions. These transactions were carried out at market conditions, considering the nature of the goods exchanged or services provided. They were neither atypical nor unusual for the purposes of the above-mentioned communication.

| (€'000) | Commercial | | Financial | | Operating | | Financial | |
|---|---|---|---|---|---|---|---|---|
| | **Assets** | **Liabilities** | **Assets** | **Liabilities** | **Revenue** | **Expense** | **Income** | **Expense** |
| Signature S.r.l. | 80 | 2 | 550 | - | 184 | 35 | - | - |
| Tech Mahindra Ltd | 71 | 521 | - | - | 120 | 259 | - | - |
| Tech Mahindra GmbH | - | - | - | - | 95 | - | - | - |
| Born Group | - | - | - | - | - | 8 | - | - |
| Mahindra&Mahindra Ltd | 115 | - | - | - | 527 | - | - | - |
| Mahindra Holidays&Resorts India Ltd | 60 | 58 | - | - | 82 | - | - | - |
| Automobili Pininfarina GmbH | 278 | 53 | - | - | 2,501 | - | - | - |
| **Total** | **604** | **634** | **550** | **-** | **3,509** | **302** | **-** | **-** |

Intragroup transactions include:

- Signature S.r.l.: loan agreement and royalties with Pininfarina S.p.A., sales of goods by and royalties with Pininfarina S.p.A. and services provided to Pininfarina of America Corp.;
- Tech Mahindra Ltd: services agreements with Pininfarina Deutschland GmbH and a services agreement with Pininfarina of America Corp.;
- Tech Mahindra GmbH: services agreement with Pininfarina Deutschland GmbH;
- Born Group: office lease with Pininfarina of America Corp;
- Mahindra&Mahindra Ltd: brand licence agreement and design and engineering services agreements with Pininfarina S.p.A.;
- Mahindra Holidays&Resorts India Ltd: architecture services agreement with Pininfarina S.p.A.;
- Automobili Pininfarina GmbH: design and engineering services agreement, secondment agreement and leases with Pininfarina S.p.A..

The parent, Pininfarina S.p.A., signed twelve design and engineering services agreements with Automobili Pininfarina GmbH ("AP") on 29 June 2018, 26 March 2019, 31 May 2019, 22 July 2019, 9 December 2019, 23 March 2021, 5 August 2021, 8 November 2021, 31 January 2022, 21 March 2022, 8 April 2022 and 2 May 2022, respectively, for the development of a project for the design of the interior and exterior of a new car, the design of the upper body systems of the body shell, integration of the body shell with the main operating systems and achievement of the performance requested of a new AP vehicle based on its new platform.

The parent received a total fee of €22,078,793 for its services to be provided under the above contracts from June 2018 to May 2022. This fee qualifies the transaction as a "major transaction" pursuant to the relevant legislation. The services provided were part of the "company's normal business activities" and were rendered on an arm's length basis.

## 36 - DIRECTORS' AND STATUTORY AUDITORS' FEES

| (€'000) | **2022** | 2021 |
|---|---|---|
| Directors | **613** | 549 |
| Statutory auditors | **89** | 103 |
| **Total** | **702** | 652 |

The 2022 total fees to Pininfarina S.p.A.'s key management personnel approximate €1.3 million.

Trade payables include accrued fees pertaining to the year (€37.9 thousand).

## 37 - DISCLOSURE ON THE INDEPENDENT AUDITORS' FEES REQUIRED BY ARTICLE 149-DUODECIES OF THE ISSUERS' REGULATION

The 2022 fees for audit and non-audit services provided by Deloitte & Touche S.p.A. and other entities of its network are detailed below, pursuant to article 149-duodecies of the Consob Issuers' Regulation.

| **(€'000)** | **Service provider** | **Service recipient** | **2022 fee** |
|---|---|---|---|
| **Audit** | Deloitte & Touche S.p.A. | Pininfarina S.p.A. (1) | **90** |
| | Deloitte network | Subsidiaries | **54** |
| | Predecessor auditors | Pininfarina S.p.A. and subsidiaries (2) | **56** |
| **Other services** | Deloitte & Touche S.p.A. | Pininfarina S.p.A. (3) | **68** |
| **Total** | | | **268** |

(1) including fees of €18 thousand for the limited assurance engagement on the non-financial statement.

(2) including the audit of the consolidated reporting package at 31 March 2022 for the consolidation purposes of the Tech Mahindra Group and audit services on the financial statements of Pininfarina Engineering S.r.l. in liquidation.

(3) including non-financial statement benchmarking services relating to the non-financial statements and methodological and benchmarking support for the Group's financial reporting analysis and revisitation project.

## 38 - OTHER INFORMATION

### Net financial position

| **(€'000)** | **31 December 2022** | 31 December 2021 | **Variation** |
|---|---|---|---|

| Bank overdrafts | **(2,200)** | - | (2,200) |
| Other current financial liabilities | **(3,578)** | (3,592) | 14 |
| Current lease liabilities | **(961)** | (1,018) | 57 |
| **Net current financial position** | **16,060** | 24,748 | (8,688) |
| Non-current financial assets - related parties | **550** | 550 | - |
| Non-current lease liabilities | **(1,630)** | (2,322) | 692 |
| Other non-current financial liabilities | **(13,683)** | (16,046) | 2,363 |
| **Net non-current financial debt** | **(14,763)** | (17,818) | 3,055 |
| **NET FINANCIAL POSITION** | **1,297** | 6,930 | (5,633) |

**Net financial position (ESMA)**

(ESMA Guidelines 32-382-1138 of 4 March 2021)

| (€'000) | | **31 December 2022** | 31 December 2021 | **Variation** |
|---|---|---|---|---|
| (A) | Cash | **(22,799)** | (29,358) | 6,559 |
| (B) | Cash equivalents | **-** | - | - |
| (C) | Other current financial assets | **-** | - | - |
| **(D)** | **Total liquidity (A+B+C)** | **(22,799)** | (29,358) | 6,559 |
| (E) | Current loans and borrowings | **2,200** | - | 2,200 |
| (F) | Current portion of non-current debt | **4,539** | 4,610 | (71) |
| **(G)** | **Current financial debt (E+F)** | **6,739** | 4,610 | 2,129 |
| **(H)** | **Net current financial position (G-D)** | **(16,060)** | (24,748) | 8,688 |
| (I) | Non-current loans and borrowings | **15,313** | 18,368 | (3,055) |
| (J) | Debt instruments | **-** | - | - |
| (K) | Trade payables and other current liabilities | **-** | - | - |
| **(L)** | **Net non-current financial debt (I+J+K)** | **15,313** | 18,368 | (3,055) |
| **(M)** | **Net financial position (H+L)** | **(747)** | (6,380) | 5,633 |

The "Net financial position" set out above is presented in accordance with the format recommended by ESMA Guidelines 32-82-1138 enacting Regulation (EU) 2017/1129 applicable since 5 May 2021. Because the purpose of this table is to show "Net financial debt", assets are shown with a minus sign and liabilities with a plus sign. On the contrary, in the "Net financial position" table provided at the top of the page, assets are shown with a plus sign and liabilities with a minus sign.

The reason for the difference between the amount of the "Net financial position" of the first table and that of the ESMA table is that the latter does not include non-current loan assets. These differences totalled €550 thousand at 31 December 2022 (unchanged from 31 December 2021).

The net financial position at the reporting date comprises the effect of IFRS 16 (approximately €2.6 million compared to €3.3 million at 31 December 2021).

**Significant non-recurring transactions**

As required by Consob communication no. DEM/6064293 of 28 July 2006, the Group specifies that it did not carry out significant and non-recurring transactions during the year.

**Atypical and unusual transactions**

As required by Consob communication no. DEM/6064293 of 28 July 2006, the Pininfarina Group specifies that it did not carry out atypical or unusual transactions during the year, as defined in the above-mentioned communication, according to which atypical and/or unusual transactions are transactions that, because of their significance/material amount, nature of the counterparty, subject, method used to determine the transfer price and timing of the event, could create doubts as to: the accuracy/completeness of the disclosure provided in the financial statements, the existence of a conflict of interest, the safeguarding of corporate assets and the protection of non-controlling investors.

Chief Executive Officer

Silvio Pietro Angori

(signed on the original)

**Statement on the consolidated financial statements pursuant to article 154-bis of Legislative decree no. 58/98**

◊ The undersigned Silvio Pietro Angori, as CEO, and Roberta Miniotti, as manager in charge of financial reporting of Pininfarina S.p.A., also considering the provisions of article 154-bis.3/4 of Legislative decree no. 58 of 24 February 1998, state that the administrative and accounting policies adopted for the preparation of the consolidated financial statements:

- are adequate in relation to the company's characteristics and

- have been effectively applied during the year.

◊ Moreover, they state that

- The consolidated financial statements:

- have been prepared in accordance with the International Financial Reporting Standards endorsed by the European Community pursuant to Regulation (EC) no. 1606/2002 of the European Parliament and of the Council of 19 July 2002;

- are consistent with the accounting ledgers and records;

- are suitable to give a true and fair view of the financial position, financial performance and cash flows of the issuer and the group of companies included in the consolidation scope;

The annual financial report includes a reliable analysis of the issuer's and consolidated companies' financial position and financial performance, as well as a description of the main risks and uncertainties to which they are exposed.

# INDEPENDENT AUDITOR'S REPORT PURSUANT TO ARTICLE 14 OF LEGISLATIVE DECREE No. 39 OF JANUARY 27, 2010 AND ARTICLE 10 OF THE EU REGULATION 537/2014

To the Shareholders of
Pininfarina S.p.A.

## REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

### Opinion

We have audited the consolidated financial statements of Pininfarina S.p.A. and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at December 31, 2022, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of national regulations issued pursuant to art. 9 of Italian Legislative Decree no. 38/05.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA Italia). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of Pininfarina S.p.A. (the "Company" or the "Parent Company") in accordance with the ethical requirements applicable under Italian law to the audit of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Material Uncertainty Related to Going Concern

We draw attention to the information provided in paragraph "Going concern" of Note 2.1 "Basis of preparation" of the consolidated financial statements and in paragraph "Going concern" of the Directors' report about events and circumstances that indicate the existence of a material uncertainty that may cast significant doubts on the Company and the Group's ability to continue as a going concern. In the same paragraphs, the Directors explain the reasons why they considered it appropriate to use the going concern assumption in preparing the consolidated financial statements as at December 31, 2022. Our opinion is not modified in respect of this matter.

Deloitte.

Our audit procedures included the following:

- meetings and discussions with Company management and analysis of the assessments made by the Directors and management regarding the ability of the Company and the Group to continue as a going concern;
- analysis of the 2023 budget approved by the Board of Directors on January 16, 2023 and of the reasonableness of the underlying assumptions;
- examination of variances between the initial forecasted data and the actual results as of December 31, 2022 in order to assess the accuracy of the estimation process adopted by the Directors;
- review of the minutes of the meetings of the Company's governance bodies;
- analysis of the calculations performed by the Directors when measuring covenants under existing loan agreements;
- review of events after the reporting date;
- review of the disclosures provided by the Directors in relation to the going concern assumption.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

| *Impairment test of non-current assets* | |
|---|---|
| **Description of the key audit matter** | The consolidated financial statements of the Pininfarina Group for the year ended December 31, 2022 include non-current assets of Euro 37,133 thousand, mainly relating to "Property, plant and equipment" of Euro 32,489 thousand (including Euro 15.1 million of land, buildings, plant and equipment and other tangible assets related to non-operating industrial sites), "Right-of-use assets" of Euro 2,345 thousand and "Intangible assets" of Euro 665 thousand.<br>The Directors' assessment of the presence of indicators of impairment of the Group's non-current assets led them to test for impairment the assets allocated to the "Engineering Germany" and "Pininfarina Shanghai Co Ltd" CGUs whose recoverable amount was estimated by determining their value in use using the discounted cash flow method.<br>The result of the impairment test showed that no impairment adjustment was necessary.<br><br>The processes and methods used to assess and determine recoverable amount are based on complex assumptions that require the use of the Directors' judgment, particularly with regard to forecasting future cash flows and determining the long-term growth rates and discount rates applied to forecasted future cash flows. |

Deloitte.

| | |
|---|---|
| | In view of the complexity of Management's assessment process and the subjectivity of the estimates relating to the determination of cash flows and key variables of the impairment test model, we considered the impairment testing of non-current assets to be a key audit matter in relation to the Group's consolidated financial statements as at December 31, 2022.<br><br>Note 4 provides information on the CGUs identified by the Group's chief operating decision-maker. Note 5 discloses information on significant judgments regarding the presence of impairment indicators and the determination of recoverable amount, including details of the key assumptions used in the impairment test. |
| **Audit procedures performed** | Our audit work included the following procedures, also with the support of our specialists with specific expertise in valuation matters:<br><br>• gain an understanding of the process adopted in preparing the impairment test approved by the Company's Board of Directors;<br>• analysis of the operating and financial forecasts of the "Engineering Germany" and "Pininfarina Shanghai Co Ltd" CGUs and of the reasonableness of the assumptions made when preparing them;<br>• review of the variances between initial forecasted results and actual results at December 31, 2022 in order to understand the accuracy of the estimation process adopted by the Directors;<br>• review of the reasonableness of the impairment test model and related parameters, also through comparison with external data and information;<br>• analysis of events occurring after the reporting date;<br>• review of the information provided in the notes to the financial statements in relation to non-current assets and the impairment test. |

***Recoverability of the value of the Bairo Canavese industrial site***

| | |
|---|---|
| **Description of the key audit matter** | The caption "Property, plant and equipment" in the consolidated financial statements for the year ended December 31, 2022 includes, *inter alia*, the net carrying amount of land, buildings, plant and other tangible assets related to the Bairo Canavese industrial site, as recognized for a total amount of Euro 11.2 million.<br>Since the expiry of a business lease agreement on December 31, 2019, said industrial site, is no longer operational, pending the finalization of its redeployment for production purposes.<br><br>Management tested the recoverability of the amount recognized in the financial statements for the site by comparing it with the fair value determined on the basis of an appraisal carried out by an expert appointed by the Company. Given the materiality of this item and the specialist expertise required to audit the estimate of the fair value of the industrial site, we considered the recoverability of the carrying amount of this site to be a key audit matter in relation to the consolidated financial statements of the Pininfarina Group at December 31, 2022.<br><br>Note 5 contains disclosures on this item |

Deloitte.

**Audit procedures performed**

Our audit work included the following procedures, also with the support of our specialists with specific expertise in valuation matters:

- meetings and discussions with Management in order to obtain information on the aforementioned industrial site);
- analysis of the methods used to estimate the fair value of the Bairo Canavese industrial site;
- analysis of the appraisal prepared by the expert hired by the Company and of the reasonableness of the underlying assumptions made when estimating the fair value of the industrial site, also through comparison with external data and information;
- review of the information provided in the notes to the financial statements.

## Other Matter

The consolidated financial statements of the Pininfarina Group for the year ended December 31, 2021 were audited by another auditor who on April 20, 2022 expressed an unmodified opinion on those statements including an emphasis of matter paragraph for material uncertainty related to going concern.

## Responsibilities of the Directors and the Board of Statutory Auditors for the Consolidated Financial Statements

The Directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of national regulations issued pursuant to art. 9 of Italian Legislative Decree no. 38/05, and, within the terms established by law, for such internal control as the Directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they have identified the existence of the conditions for the liquidation of the Company or the termination of the business or have no realistic alternatives to such choices.

The Board of Statutory Auditors is responsible for overseeing, within the terms established by law, the Group's financial reporting process.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISA Italia) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Deloitte.

As part of an audit in accordance with International Standards on Auditing (ISA Italia), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance, identified at an appropriate level as required by ISA Italia, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence applicable in Italy, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report.

Deloitte.

**Other information communicated pursuant to art. 10 of the EU Regulation 537/2014**

The Shareholders' Meeting of Pininfarina S.p.A. has appointed us on May 13, 2022 as auditors of the Company for the years from December 31, 2022 to December 31, 2030.

We declare that we have not provided prohibited non-audit services referred to in art. 5 (1) of EU Regulation 537/2014 and that we have remained independent of the Company in conducting the audit.

We confirm that the opinion on the financial statements expressed in this report is consistent with the additional report to the Board of Statutory Auditors, in its role of Audit Committee, referred to in art. 11 of the said Regulation.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

**Opinion on the compliance with the provisions of the Delegated Regulation (EU) 2019/815**

The Directors of Pininfarina S.p.A. are responsible for the application of the provisions of the European Commission Delegated Regulation (EU) 2019/815 with regard to the regulatory technical standards on the specification of the single electronic reporting format (ESEF – European Single Electronic Format) (hereinafter referred to as the "Delegated Regulation") to the consolidated financial statements as at December 31, 2022, to be included in the annual financial report.

We have carried out the procedures set forth in the Auditing Standard (SA Italia) n. 700B in order to express an opinion on the compliance of the consolidated financial statements with the provisions of the Delegated Regulation.

In our opinion, the consolidated financial statements as at December 31, 2022 have been prepared in XHTML format and have been marked up, in all material respects, in accordance with the provisions of the Delegated Regulation.

Due to certain technical limitations, some information contained in the notes to the consolidated financial statements, when extracted from XHTML format in an XBRL instance, may not be reproduced in the same way as the corresponding information displayed in the consolidated financial statements in XHTML format.

**Opinion pursuant to art. 14 paragraph 2 (e) of Legislative Decree 39/10 and art. 123-bis, paragraph 4, of Legislative Decree 58/98**

The Directors of Pininfarina S.p.A. are responsible for the preparation of the report on operations and the report on corporate governance and the ownership structure of the Pininfarina Group as at December 31, 2022, including their consistency with the related consolidated financial statements and their compliance with the law.

Deloitte.

We have carried out the procedures set forth in the Auditing Standard (SA Italia) n. 720B in order to express an opinion on the consistency of the report on operations and some specific information contained in the report on corporate governance and the ownership structure set forth in art. 123-bis, n. 4 of Legislative Decree 58/98, with the consolidated financial statements of the Pininfarina Group as at December 31, 2022 and on their compliance with the law, as well as to make a statement about any material misstatement.

In our opinion, the above-mentioned report on operations and some specific information contained in the report on corporate governance and the ownership structure are consistent with the consolidated financial statements of the Pininfarina Group as at December 31, 2022 and are prepared in accordance with the law.

With reference to the statement referred to in art. 14, paragraph 2 (e), of Legislative Decree 39/10, made on the basis of the knowledge and understanding of the entity and of the related context acquired during the audit, we have nothing to report.

**Statement pursuant to art. 4 of the Consob Regulation for the implementation of Legislative Decree 30 December 2016, no. 254**

The Directors of Pininfarina S.p.A. are responsible for the preparation of the non-financial statement pursuant to Legislative Decree 30 December 2016, no. 254.

We verified the approval by the Directors of the non-financial statement.

Pursuant to art. 3, paragraph 10 of Legislative Decree 30 December 2016, no. 254, this statement is subject of a separate attestation issued by us.

INDEPENDENT AUDITOR'S REPORT
PURSUANT TO ARTICLE 14 OF LEGISLATIVE DECREE No. 39 OF JANUARY 27, 2010
AND ARTICLE 10 OF THE EU REGULATION 537/2014

To the Shareholders of
Pininfarina S.p.A.

## REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

### Opinion

We have audited the financial statements of Pininfarina S.p.A. (the "Company"), which comprise the statement of financial position as at December 31, 2022, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at December 31, 2022, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of national regulations issued pursuant to art. 9 of Italian Legislative Decree no. 38/05.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISA Italia). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements applicable under Italian law to the audit of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Material Uncertainty Related to Going Concern

We draw attention to the information provided in paragraph "Going concern" of Note 2.1 "Basis of preparation" of the separate financial statements and in paragraph "Going concern" of the Directors' report about events and circumstances that indicate the existence of a material uncertainty that may cast significant doubts on the Company's ability to continue as a going concern. In the same paragraphs, the Directors explain the reasons why they considered it appropriate to use the going concern assumption in preparing the financial statements as at December 31, 2022. Our opinion is not modified in respect of this matter.

Deloitte.

Our audit procedures included the following:

- meetings and discussions with Company management and analysis of the assessments made by the Directors and management regarding the ability of the Company and the Group to continue as a going concern;
- analysis of the 2023 budget approved by the Board of Directors on January 16, 2023 and of the reasonableness of the underlying assumptions;
- examination of variances between the initial forecasted data and the actual results as of December 31, 2022 in order to assess the accuracy of the estimation process adopted by the Directors;
- review of the minutes of the meetings of the Company's governance bodies;
- analysis of the calculations performed by the Directors when measuring covenants under existing loan agreements;
- review of events after the reporting date;
- review of the disclosures provided by the Directors in relation to the going concern assumption.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

| *Recoverability of the carrying amount of investments in the subsidiaries Pininfarina Engineering S.r.l. in liquidation and Pininfarina Shanghai Co. Ltd.* | |
|---|---|
| **Description of the key audit matter** | The financial statements of Pininfarina S.p.A. for the year ended December 31, 2022 include investments in subsidiaries of Euro 14,018 thousand. These include Pininfarina Engineering S.r.l. in liquidation (which, in turn, holds a controlling interest in Pininfarina Deutschland GmbH) as recognized at Euro 12,289 thousand and Pininfarina Shanghai Co. Ltd as recognized at Euro 1,721 thousand.<br><br>The negative performances for the reporting period by indirect subsidiary Pininfarina Deutschland GmbH and subsidiary Pininfarina Shanghai Co. Ltd led the Directors to test these investments for impairment; their recoverable amount was estimated considering their value in use, as determined using the discounted cash flow method.<br><br>Since the net assets of Pininfarina Engineering S.r.l. in liquidation substantially consist of the controlling interest in Pininfarina Deutschland GmbH, the impairment test was performed by estimating the value in use of the indirect subsidiary.<br><br>As a result of the impairment tests, the Directors recognized an impairment loss of Euro 5 million for Pininfarina Engineering S.r.l. in liquidation. |

Deloitte.

| | |
|---|---|
| | The processes and methods used to assess and determine recoverable amount are based on complex assumptions that require the use of the Directors' judgment, particularly with regard to forecasting future cash flows and determining the long-term growth rates and discount rates applied to forecasted future cash flows.<br><br>In view of the materiality of the related carrying amount, the subjectivity of the estimates involved in the determination of cash flows and the key variables of the impairment model, the recoverability of the value of the investments in subsidiaries Pininfarina Engineering S.r.l. in liquidation and Pininfarina Shanghai Co. Ltd was deemed to be a key audit matter in relation to the financial statements of Pininfarina S.p.A. as of December 31, 2022.<br><br>Note 7 provides information on significant assessments of the presence of impairment indicators and the determination of recoverable amount, including details of the key variables used for impairment testing purposes. |
| **Audit procedures performed** | Our audit work included the following procedures, also with the support of our specialists with specific expertise in valuation matters:<br><br>• gain an understanding of the process adopted in preparing the impairment test approved by the Company's Board of Directors;<br>• analysis of the operating and financial forecasts of subsidiary Pininfarina Shanghai Co. Ltd and indirect subsidiary Pininfarina Deutschland GmbH and of the reasonableness of the assumptions made when preparing them;<br>• review of the variances between initial forecasted results and actual results at December 31, 2022 in order to understand the accuracy of the estimation process adopted by the Directors;<br>• review of the reasonableness of the impairment test model and related parameters, also through comparison with external data and information;<br>• analysis of events occurring after the reporting date;<br>• review of the information provided in the notes to the financial statements in relation to investments in subsidiaries and to the impairment test. |
| ***Recoverability of the value of the Bairo Canavese industrial site*** | |
| **Description of the key audit matter** | The caption "Property, plant and equipment" in the financial statements for the year ended December 31, 2022 includes, *inter alia*, the net carrying amount of land, buildings, plant and other tangible assets related to the Bairo Canavese industrial site, as recognized for a total amount of Euro 11.2 million.<br><br>Since the expiry of a business lease agreement on December 31, 2019, said industrial site is no longer operational, pending the finalization of its redeployment for production purposes. |

Deloitte.

| | |
|---|---|
| | Management tested the recoverability of the amount recognized in the financial statements for the site by comparing it with the fair value determined on the basis of an appraisal carried out by an expert appointed by the Company.<br><br>Given the materiality of this item and the specialist expertise required to audit the estimate of the fair value of the industrial site, we considered the recoverability of the carrying amount of this site to be a key audit matter in relation to the financial statements of Pininfarina S.p.A. at December 31, 2022.<br><br>Note 4 contains disclosures on this item. |
| **Audit procedures performed** | Our audit work included the following procedures, also with the support of our specialists with specific expertise in valuation matters:<br><br>• meetings and discussions with Management in order to obtain information on the aforementioned industrial site;<br>• analysis of the methods used to estimate the fair value of the Bairo Canavese industrial site;<br>• analysis of the appraisal prepared by the expert hired by the Company and of the reasonableness of the underlying assumptions made when estimating the fair value of the industrial site, also through comparison with external data and information;<br>• review of the information provided in the notes to the financial statements. |

### Other Matter

The financial statements of Pininfarina S.p.A. for the year ended December 31, 2021 were audited by another auditor who on April 20, 2022 expressed an unmodified opinion on those statements including an emphasis of matter paragraph for material uncertainty related to going concern.

### Responsibilities of the Directors and the Board of Statutory Auditors for the Financial Statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of national regulations issued pursuant to art. 9 of Italian Legislative Decree no. 38/05 and, within the terms established by law, for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they have identified the existence of the conditions for the liquidation of the Company or for the termination of the operations or have no realistic alternative to such choices.

Deloitte.

The Board of Statutory Auditors is responsible for overseeing, within the terms established by law, the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISA Italia) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing (ISA Italia), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance, identified at an appropriate level as required by ISA Italia, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Deloitte.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence applicable in Italy, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report.

**Other information communicated pursuant to art. 10 of the EU Regulation 537/2014**

The Shareholders' Meeting of Pininfarina S.p.A. has appointed us on May 13, 2022 as auditors of the Company for the years from December 31, 2022 to December 31, 2030.

We declare that we have not provided prohibited non-audit services referred to in art. 5 (1) of EU Regulation 537/2014 and that we have remained independent of the Company in conducting the audit.

We confirm that the opinion on the financial statements expressed in this report is consistent with the additional report to the Board of Statutory Auditors, in its role of Audit Committee, referred to in art. 11 of the said Regulation.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

**Opinion on the compliance with the provisions of the Delegated Regulation (EU) 2019/815**

The Directors of Pininfarina S.p.A. are responsible for the application of the provisions of the European Commission Delegated Regulation (EU) 2019/815 with regard to the regulatory technical standards on the specification of the single electronic reporting format (ESEF – European Single Electronic Format) (hereinafter referred to as the "Delegated Regulation") to the financial statements as at December 31, 2022, to be included in the annual financial report.

We have carried out the procedures set forth in the Auditing Standard (SA Italia) n. 700B in order to express an opinion on the compliance of the financial statements with the provisions of the Delegated Regulation.

In our opinion, the financial statements as at December 31, 2022 have been prepared in XHTML format in accordance with the provisions of the Delegated Regulation.

**Opinion pursuant to art. 14, paragraph 2 (e), of Legislative Decree 39/10 and art. 123-bis, paragraph 4, of Legislative Decree 58/98**

The Directors of Pininfarina S.p.A. are responsible for the preparation of the report on operations and the report on corporate governance and ownership structure of Pininfarina S.p.A. as at December 31, 2022, including their consistency with the related financial statements and their compliance with the law.

Deloitte.

We have carried out the procedures set forth in the Auditing Standard (SA Italia) n. 720B in order to express an opinion on the consistency of the report on operations and some specific information contained in the report on corporate governance and ownership structure set forth in art. 123-bis, n. 4 of Legislative Decree 58/98 with the financial statements of Pininfarina S.p.A. as at December 31, 2022 and on their compliance with the law, as well as to make a statement about any material misstatement.

In our opinion, the above-mentioned report on operations and information contained in the report on corporate governance and ownership structure are consistent with the financial statements of Pininfarina S.p.A. as at December 31, 2022 and are prepared in accordance with the law.

With reference to the statement referred to in art. 14, paragraph 2 (e), of Legislative Decree 39/10, made on the basis of the knowledge and understanding of the entity and of the related context acquired during the audit, we have nothing to report.

**Note:** Consequent to a resolution of Board of Directors dated December 23, 2023 , the company has re-classified its office building as ‘Held for sale’. The company has appointed a consultant in pursuit of the proposed sale of the office building which is expected to be completed within 12 months. The company expects to realise sale consideration more than the carrying value.

## 4. Intangible assets

**For the year ended March 31, 2023**

| Particulars | Cost | | | | Accumulated depreciation and impairment | | | | Carrying Amount |
|---|---|---|---|---|---|---|---|---|---|
| | Balance as at June 03, 2022 | Additions | Disposals | Balance as at March 31, 2023 | Balance as at June 03, 2022 | Amortisation expense | Disposals | Balance as at March 31, 2023 | Balance as at March 31, 2023 |
| Software / Licences acquired | 47.11 | 0.14 | (3.14) | 44.11 | 47.00 | 0.05 | (3.13) | 43.91 | 0.20 |
| **Total** | **47.11** | **0.14** | **(3.14)** | **44.11** | **47.00** | **0.05** | **(3.13)** | **43.91** | **0.20** |

# NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**1. Corporate Information**

Thirdware Solution Limited (referred to as “the Company”) and its subsidiary (collectively referred to as “the Group”) are engaged in the business of Consulting, Design, Implementing and Support of Enterprise Applications, Cloud Applications and Robotic Process Automation and other related services and from the sale of license and subscription for Software Products.

The Company is a public limited company incorporated and domiciled in India. The Company caters to Domestic and International market. The address of its Registered Office is Unit no.7 & Unit no.8, Multistoried Building, Ac Wing, SEEPZ, Andheri (East), Mumbai - 400096, Maharashtra, India, having CIN No: U72900MH1995PLC089765 and website: www. thirdware.com.

In order to be competitive with the large Companies in the IT industry and to have an aggressive growth plan, The Group have collaborated with Tech Mahindra Limited, one of the large IT Companies in India which will help them to enhance their business by providing a wide breadth and scale of services to its customers. With effect from June 03, 2022 the Company has become a wholly owned subsidiary of Tech Mahindra Limited.

**2. Significant accounting policies**

The following are the list of all significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**2.1 Statement of compliance**

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (“Ind AS” and the provisions of the Companies Act, 2013 (“the Act”). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the relevant amendment rules issued thereafter.

**2.2 Basis for preparation of Consolidated Financial statements:**

**2.2.1 Historical cost convention**

Items included in the Consolidated Financial Statements of each of the Group’s entities are measured using the currency of the primary economic environment in which these entities operate (i.e. the “functional currency”). These consolidated financial statements are presented in Indian Rupee (₹), the national currency of India, which is the functional currency of the Group.

These consolidated financial statements have been prepared on the historical cost convention on the accrual basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Group’s normal operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months.

**Current/ Non-current classification**

The Group classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –

- it expects to settle the liability, or intends to sell it, in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest Million as per the requirement of Schedule III (Division II) of the Companies Act, 2013, unless otherwise stated.

**2.3 Basis of consolidation**

The consolidated financial statements comprise the financial statements of Thirdware Solution Limited and its 100% subsidiary Thirdware Solution Inc*. (the Company and its subsidiary constitute “the Group”). The Company consolidates all entities which are controlled by it.

The Company determines the basis of control in line with the requirements of Ind AS 110, Consolidated Financial Statements.

The Company controls an entity when it is exposed to, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary are entities controlled by the Company. The financial statements of subsidiary are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

The Consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances, transactions including unrealized gain / loss from such transactions and cash flows are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group.

Changes in the Company’s interests in subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Company’s interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to shareholders of the Company.

Note: The company in its Board meeting dated March 29, 2023 have approved the winding up of the Thirdware Solution Inc. which is expected to be completed in subsequent year.

**2.4 Use of estimates and judgements**

The preparation of Consolidated Financial statements requires the management of the Group to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of the Consolidated Financial statements, disclosure of contingent liabilities as at the date of the Consolidated Financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Critical accounting estimates

**1. Revenue Recognition**

The Group applies the percentage of completion method in accounting for its fixed price development contracts. Use of the percentage of completion method requires the Group to estimate the efforts or costs expended to date (input method) as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. The Group exercises judgments while determining the transaction price allocated to performance obligations using the expected cost plus margin approach.

**2. Income taxes and deferred taxes**

The major tax jurisdictions for the Group are India and the United States of America. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Group considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

**3. Property, plant and equipment**

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group’s assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

**4. Provisions**

A provision is recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

**5. Defined benefit plans and compensated absences**

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

**6. Expected credit losses on financial assets**

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group’s past history, customer’s creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

**2.5 Business combinations**

Business Combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Estimates are required to be made in determining the value of contingent considerations and intangible assets. These valuations are conducted by independent valuations experts. Business combinations between entities under common control are accounted for at carrying value. These measurements are based on expectations and assumptions that have been deemed reasonable by the Management.

Transactions costs that the group incurs in connection with a business combination such as finder’s fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

The Group does not obtain joint control of a business that is a joint operation, and hence the Group does not re-measure previously held interests in that business. The Group will apply the pronouncement if and when it obtains control / joint control of a business that is a joint operation.

**2.6 Revenue Recognition**

Revenue of the group is primarily derived from Consulting, Design, Implementation and Support of Enterprise Applications, Cloud Applications and Robotic Process Automation and other related services and from the sale of license and subscription for Software Products. Revenue is measured at the transaction price. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Arrangement with customers for above related services, are either on a time and materials or fixed price basis. The Group presents revenues net of indirect taxes in its consolidated statement of Profit and loss.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

In arrangements for Application Development and Application Management related services and maintenance services, the group has applied the guidance in Ind AS 115, Revenue from contract with customers, by applying the revenue recognition criteria for each distinct performance obligations. The arrangements with customers generally meet the criteria for considering Application Development and Application Management and related services as distinct performance obligations. For allocating the transaction price, the group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost plus margin approach in estimating the standalone selling price. For Application Development and Application Management and related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

In accordance with Ind AS-37, The Group recognizes an onerous contract provision when the unavoidable cost of meeting up obligation exceed the economic benefit to be received.

The Group disaggregates revenue from contracts with customers by nature of services, geography and industry verticals

- **Time and material contracts**

  Revenue and costs relating to time and materials contracts are recognized as the related services are rendered and related costs are incurred.

- **Fixed-price contracts**

  Revenue from fixed price maintenance contracts is recognised based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. If invoicing is not consistent with value delivered, revenue is recognized as the services are performed. When services are performed through an indefinite number of repetitive acts over a specified period, revenue is recognised on a straight-line basis over the specified period unless some other method better represents the manner in which services are performed.

  Revenue on fixed price development contracts is recognised using the ‘percentage of completion’ method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the consolidated statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

- **Annual Maintenance Contracts**

  Revenue is recognized ratably over the term of the underlying maintenance arrangement.

- **Outcome Based Contracts**

  Revenue from Outcome Based contracts are recognised based on the actual outcome delivered to customer during the month as specified in the contract.

- **Subscription and Sale of Licenses of Software Products**

  Revenue from licenses where the customer obtains a “right to use” the license is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a “right to access” is recognized over the access period. Arrangements to deliver software products generally have three elements: license, implementation and Annual Technical Services (ATS). The group has applied the principles under Ind AS 115 to account for revenues from these performance obligations. When implementation services are provided in conjunction with the licensing arrangement and the license and implementation have been identified as two separate performance obligations, the transaction price for such contracts are allocated to each performance obligation of the contract based on the irrelative standalone selling prices. In the absence of a standalone selling price for implementation, the performance obligation is estimated using the expected cost plus margin approach. Where the license is required to be substantially customized as part of the implementation service the entire arrangement fee for license and implementation is considered to be a single performance obligation and the revenue is recognized using the percentage – of – completion method as the implementation is performed. Revenue from client training, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. ATS revenue is recognized ratably over the period in which the services are rendered.

  The solutions offered by the Group may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognizes gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

- **Contract Assets, Unbilled revenue, Contract Liabilities (Unearned revenues) and Advance payment received**

  Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract

  assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms ‘Unbilled revenues’ represent revenue from the end of the last invoicing to the reporting date. Contract liabilities(Unearned revenues) represent billing in excess of revenue recognized. Advance payments received from customers for whom no services have been rendered are presented as ‘Advance from customers’.

- **Other income**

  Other income consists primarily of interest income, dividend income, gain/loss on investments sold. Interest Income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest Income on fixed deposit is recognised using the effective interest method. Interest Income is recognized in the consolidated statement of profit and loss for debt instruments measured at amortised cost. Dividend income is recognized when the right to receive payment is established.

**2.7 Leases**

The Groups lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset. At the date of commencement of the lease, the Group recognizes a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

### 2.8 Cost recognition

Cost and expense are recognised when incurred and have been classified according to their nature.

The costs of the Group are broadly categorised into employee benefit expense, cost of technical subcontractors, depreciation and amortization, and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds, and staff welfare expenses, training, recruitment and insurance expenses. Cost of Technical Sub-Contractors include technical and support services provided onsite and offshore by technical contractors, vendor program fees and Marketing support services. Other operating expenses mainly include fees paid to professionals, cost of running facilities, membership and conference expenses, communication expenses and other expenses.

### 2.9 Foreign currency transactions and translation

In preparing the Consolidated Financial statements of the Group, transactions in currencies other than the entity’s functional currency (foreign currency) are translated into the functional currency using the exchange rates prevailing at the date of transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from translation at the exchange rates prevailing at the reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains/ (losses), net within results of operating activities.

Non-monetary assets and liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

The translation of financial statements of the foreign subsidiary to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash flow items using the average exchange rate for the respective periods. The gain or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the consolidated Statement of Profit and Loss.

However, when a change in the parent’s ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

### 2.10 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and Deferred taxes are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively. Deferred Tax on Mark to Market (MTM) Gain /

(Loss) on mutual funds are taxed under nature of Long Term Capital Gains at the effective tax rate prevailing on the date of the reporting period.

**Current Income-tax**

The tax currently payable is based on taxable profit for the year of the Company and its subsidiary. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax payable by the Group in India is Indian income tax payable on worldwide income after taking credit for tax relief available for export operations in Special Economic Zones (SEZ).

The 'Taxation laws (Amendment) Ordinance, 2019' has reduced tax rate to 25.63% (22% plus surcharge of 12% and cess of 4%) as against existing rate of 29.12% (25% plus surcharge of 12% and cess of 4%). The reduced rate will be applicable, if MAT credit, exemptions or incentives, additional depreciation, etc., are not claimed.

The Company has represented that it is beneficial to continue to adopt the existing income tax rate, as the Company will have the benefit of MAT credit entitlement and exemption or deduction available for export operations in Special Economic Zones which lead to reduction in tax payments in future years. Accordingly, the Company opted for and paid the existing applicable income tax rate.

The current income tax expense for overseas subsidiary has been computed based on the tax laws applicable to the subsidiary in the respective jurisdiction in which it operates.

Advance taxes and provisions for current income taxes are presented in the balance sheet after offsetting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

**Deferred Tax**

Deferred income tax is recognized using the balance sheet approach. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in these consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities are recognized for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiary where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For operations carried out in SEZs, deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future tax liability. Accordingly, MAT is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

**2.11 Financial Instruments**

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value.

**2.11.1 Financial Assets**

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at fair value, except trade receivables which are measured at transaction price.

**2.11.2 Cash and cash equivalents**

The Group's cash and cash equivalents consist of cash on hand and in bank and demand deposits with banks, and are considered part of the Group's cash management system.

**2.11.3 Non-derivative Assets/ liabilities**

**2.11.3.1 Initial recognition**

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit and loss, are added to the fair value on initial recognition. Regular purchase and sale of financial assets are accounted for at trade date.

**2.11.3.2** Financial assets such as rent deposits which are held within the business model to hold the asset in order to collect contractual cash flows and the contractual terms of the instrument give rise on specified dates to cash flows as measured at amortised cost. Other Financial Assets such as investment in mutual funds are measured at fair value through profit or loss (FVTPL). Investment in Commercial Papers and Government Bonds are measured at amortised Cost. Financial liabilities are measured at fair value through profit or loss (FVTPL).

The gain or loss on disposal of financial instruments is recognized in the statement of profit and loss.

**2.11.3.3 Other financial assets**

Other financial assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are prepared as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These comprise trade receivables, unbilled revenues, cash and cash equivalents and other assets.

**2.11.3.4 Trade and other payables**

Trade and other payables are initially recognized at fair value. For these financial instruments, the carrying amounts approximate fair value due to the short term maturity of these instruments.

**2.11.4 Derivative financial instruments**

The Group is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows nominated in foreign currency. The Group uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Group designates some of these forward contracts as hedge instruments and accounts for them as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109.

The Group limits the effect of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Group enters into derivative financial instruments where the counterparty is primarily a bank.

**Cash flow hedge**

As per Ind AS 109, an entity may choose to designate a hedging relationship between a hedging instrument and a hedged item, i.e., hedge accounting is an option provided qualifying criteria are met.

The hedge instruments are designated and documented as hedges at the inception of the contract. The Group determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows.

The Group designates foreign exchange forward contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on recognised assets, liabilities and highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedge instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedge reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedge reserve till the period the hedge was effective remains in cash flow hedge reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedge reserve is transferred to the net profit in the Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedge reserve is reclassified to net profit in the Statement of Profit and Loss.

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. Such gains or losses will be reclassified to the statement of profit and loss in the period in which the underlying hedged transaction occurs.

During the period the Group has recognized Fair value changes on derivatives designated as cash flow hedge of Rs (9.90) Millions net and Income tax on the same of Rs. (1.24) Millions under Items that will be reclassified subsequently to profit or loss (Other comprehensive income).

**2.11.4.1. Impairment**

**(A) Impairment of financial assets**

The Group applies the expected credit loss model for recognising impairment loss on financial assets, lease receivables, trade receivables and other contractual rights to receive cash or other financial assets.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are a portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Group measures loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Group again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that results from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience.

**(B) Impairment of tangible and intangible assets**

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognized for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which they are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**2.11.4.2. Derecognition of financial instruments**

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

**2.12 Financial liabilities and equity**

Debt and equity instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies or it is designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the ‘Other income’ line item.

The Group derecognises financial liabilities when, and only when, the Group’s obligations are discharged, cancelled or have expired.

**2.13 Provisions and contingent liabilities**

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the consolidated financial statements.

**2.14 Property, plant and equipment**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the Management.

Due to the 100% acquisition of the Group by Tech Mahindra Limited effective June 03, 2022, the Group has decided to align its method of depreciation with that of its parent Company. Hence with effect from April 01, 2022 the Group has decided to change the method of depreciation from written down value method to straight line method.

Depreciation is recognised so as to write off the cost of property, plant and equipment less their residual values over their useful lives, using the straight line method in accordance with the provisions of Schedule II of the Companies Act, 2013. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

| **Particulars** | **Life** |
|---|---|
| Buildings and structures | 28 to 50 years |
| Data processing equipments | 2 to 5 years |
| Office equipments | 3 to 5 years |
| Furniture and fixtures | 3 to 10 years |
| Electrical Installations | 3 to 10 years |

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these flows to the Group and the cost of the item can be measured reliably.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under ‘Capital work-in-progress’. Subsequent expenditures relating to property, plant and equipment are capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item has been measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost to sell.

Depreciation is not recorded on capital WIP until construction & installation is Complete and assets are ready for its intended use.

**2.15 Intangibles**

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized using the written down value method. The estimated useful lives, residual values and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Internally generated intangible assets in the development phase are recognised as Intangible assets under Development., which comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by the management.

Intangible assets consist of rights under licencing agreement and software licence which are amortised over licence period which equates the useful life ranging between 2-5 years.

**2.16 Employee benefits**

**2.16.1 Defined Contribution Plan**

Contributions to defined contribution plans are recognised as an expense when employees have rendered services entitling them to such benefits.

**2.16.2 Defined Benefit Plan**

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Past service cost both vested and unvested is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

**2.16.3 Short-term benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are recorded as expenses as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**2.16.4 Compensated absences**

The employees of the Group are entitled to compensated absences. The employees can carry forward a portion of the unutilized accumulating compensated absences and utilize it in future periods or receive cash at retirement or termination of employment. The Group records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Group measures the expected cost of compensated absences as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Group recognizes accumulated compensated absences based on actuarial valuation using the projected unit credit method.

**2.17 Earnings per share**

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of equity shares outstanding during the period, except where the results would be anti-dilutive.

**2.18 Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**2.19 Dividend**

Final dividend on shares is recorded as a liability on the date of approval by the shareholder, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

The company paid an interim dividend during the financial year 2022-23 amounting to Rs.4,912.34 million out of the accumulated profits / reserves of the Company.

**2.20 Recent Pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

Contract assets**

Changes in the contract assets balances during the year ended March 31, 2023 is as follows:

| Particulars | As at March 31, 2023 |
|---|---|
| **Contract assets:** | |
| **Opening Balance** | **-** |
| Add: Revenue recognised during the year | **173.13** |
| Less: Invoiced during the year | **165.98** |
| **Closing Balance** | **7.15** |

Remaining performance obligations.

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as of the end of the reporting period and an explanation as to when the Group expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation for contracts where the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in scope of contracts, periodic revalidations, adjustments for revenue that has not materialized and adjustments for currency.

The aggregate value of performance obligations that are completely or partially unsatisfied as of March 31, 2023 other than those meeting the exclusion criteria mentioned above, is Rs.96.89 Million. Out of this, the Company expects to recognise 100% of the revenue within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience without a substantive penalty since, based on current assessments the occurrence of the same is expected to be remote.

Unearned Revenue.

Changes in the unearned revenue balances during the year ended March 31,2023 are as follows:

All amounts are in ₹'million

| Particulars | As at March 31, 2023 |
|---|---|
| **Unearned Revenue** | |
| **Opening Balance** | **-** |
| Less: Revenue recognised that was included in the unearned revenue at the beginning of the year | **-** |
| Add: Invoiced during year (excluding revenue recognized during the year) | **13.53** |
| **Closing Balance** | **13.53** |

**10. Equity**

| Fair value changes on derivatives designated as cash flow hedge, net of tax | **(11.14)** |
| **Balance at end of the year (D)** | **(47.45)** |
| **Total (A+B+C+D)** | **1,055.84** |

**Note 1:**

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

**Note 2:**

Exchange differences relating to the translation of the results and net assets of the Company's foreign operations from their functional currencies to the Group's presentation currency i.e. Rs. 5.74 million are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. Gains and losses on derivatives that are designated as hedging instruments for hedges of net investments in foreign operations are included in the foreign currency translation reserve. Exchange differences previously accumulated in the foreign currency translation reserve (in respect of translating both the net assets of foreign operations and hedges of foreign operations) are reclassified to profit or loss on the disposal of the foreign operation.

**Note 3:**

Retained Earnings represent the amount of accumulated earnings of the Company.

All amounts are in ₹'million

**Note 4:**

Other components of Equity consist of remeasurement of net defined benefit liability / (asset), net of taxes and cash flow hedge Reserve.

**25.1 Composition of the Group**

Information about the composition of the Group at the end of the reporting period is as follows:

| Principal activity | Place of incorporation and operation | Number of wholly-owned subsidiaries |
|---|---|---|
| | | As at March 31, 2023 |
| Thirdware Solution Inc, USA | USA | 100% |

**26. Employee benefit plans**

**26.1 Defined benefit plans**

**Gratuity**

The Company sponsors funded defined benefit plan for qualifying employees in respect of gratuity. The defined benefit plan are administered by a separate Fund that is legally separated from the entity. Such Fund is maintained by public body separately.

Under the plan, the employees are entitled to retirement / exit amounts based on Company policy and applicable laws.

| | |
|---|---|
| Inherent Risk | The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks. |

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2023 by Actuarial Valuer. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The principal assumptions used for the purposes of the actuarial valuations were as follows.

| **Particulars** | | **As at March 31, 2023** |
|---|---|---|
| Discount rate(s)* | | **7.35%** |
| Expected rate(s) of salary increase** | | **5.00%** |
| Mortality rates*** | | |
| | **Age(Years)** | **Rates (p.a.)** |
| | 18 | **0.000874** |
| | 23 | **0.000936** |
| | 28 | **0.000942** |
| | 33 | **0.001086** |
| | 38 | **0.001453** |
| | 43 | **0.002144** |
| | 48 | **0.003536** |
| | 53 | **0.006174** |
| | 58 | **0.009651** |

* The discount rate is based on the prevailing market yields of Indian Government Securities as at the Balance sheet date for the estimated term of the obligations.

** The estimates of future Salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

*** Based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

All amounts are in ₹'million

**Sensitivity Analysis**

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact in percentage terms on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

| **Particulars** | **As at March 31, 2023** | |
|---|---|---|
| | **Discount Rate** | **Salary Escalation Rate** |
| Impact of increase in 100bps on DBO | -4.46% | 4.92% |
| Impact of decrease in 100bps on DBO | 4.85% | -4.60% |

Amounts recognised in statement of profit and loss in respect of these defined benefit plans are as follows.

| **Particulars** | **As at March 31, 2023** |
|---|---|
| Service cost: | |
| Current service cost | **9.90** |
| Past service cost and (gain)/loss from settlements | **-** |
| Interest on net defined benefit liability / (asset) | **0.09** |
| Components of defined benefit costs recognised in profit or loss | **9.98** |
| Remeasurement on the net defined benefit liability: | |
| Return on plan assets (excluding amounts included in net interest expense) | **1.16** |
| Actuarial (gains) / losses arising from changes in demographic assumptions | **-** |
| Actuarial (gains) / losses arising from changes in financial assumptions | **(7.26)** |
| Actuarial (gains) / losses arising from experience adjustments | **(0.05)** |
| Others [describe] | **-** |
| Adjustments for restrictions on the defined benefit asset | |
| Components of defined benefit costs recognised in other comprehensive income | **(6.14)** |
| **Total** | **3.84** |

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the statement of profit and loss.

The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans is as follows.

| **Particulars** | **As at March 31, 2023** |
|---|---|
| Present value of funded defined benefit obligation | **51.48** |
| Fair value of plan assets | **50.79** |
| **Funded status** | **(0.69)** |
| Restrictions on asset recognised | **-** |
| Others [describe] | **-** |
| Net liability arising from defined benefit obligation | **(0.69)** |

Movements in the present value of the defined benefit obligation are as follows.

| Particulars | As at March 31, 2023 |
|---|---|
| Opening defined benefit obligation | **75.04** |
| Current service cost | **9.90** |
| Interest cost | **3.80** |
| Remeasurement (gains)/losses: | |
| Actuarial gains and losses arising from changes in demographic assumptions | **-** |
| Actuarial gains and losses arising from changes in financial assumptions | **(7.26)** |
| Actuarial gains and losses arising from experience adjustments | **(0.05)** |
| Others [describe] | |
| Exchange differences on foreign plans | |
| Benefits paid | **(29.95)** |
| **Closing defined benefit obligation** | **51.48** |

Movements in the fair value of the plan assets are as follows.

| Particulars | As at March 31, 2023 |
|---|---|
| Opening fair value of plan assets | **68.48** |
| Interest income | **3.71** |
| Remeasurement gain (loss): | |
| Return on plan assets (excluding amounts included in net interest expense) | **(1.16)** |
| Contributions from the employer | **9.71** |
| Benefits paid | **(29.95)** |
| **Closing fair value of plan assets** | **50.79** |

**26.2 Compensated Absences**

The actuarial valuation has been carried out using the Projected Accrued Benefit Method which is same as the Projected Unit Credit Method in respect of past service. Under this method, the Defined Benefit Obligation is calculated taking into account pattern of availment of leave whilst in service and qualifying salary on the date of availment of leave. In addition, if encashment of leave on cessation of service is allowed as per the leave policy, the Defined Benefit Obligation is calculated taking into account all types of decrement and qualifying salary projected up to the assumed date of encashment.

The principal assumptions used for the purposes of the actuarial valuations were as follows.

| Particulars | | As at March 31, 2023 |
|---|---|---|
| Discount rate(s) | | **7.35%** |
| Expected rate(s) of salary increase | | **5.00%** |
| Mortality rates* | | |
| | Age(Years) | **Rates (p.a.)** |
| | 18 | **0.000874** |
| | 23 | **0.000936** |
| | 28 | **0.000942** |
| | 33 | **0.001086** |
| | 38 | **0.001453** |
| | 43 | **0.002144** |
| | 48 | **0.003536** |
| | 53 | **0.006174** |
| | 58 | **0.009651** |

* The discount rate is based on the prevailing market yields of Indian Government Securities as at the Balance sheet date for the estimated term of the obligations.

All amounts are in ₹'million

** The estimates of future Salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

*** Based on India's standard mortality table with modification to reflect expected changes in mortality/ others.

**Leaving Service**

**Rates of leaving Services**

| Particulars | | As at March 31, 2023 |
|---|---|---|
| | 21-30 | **25.00%** |
| | 31-40 | **20.00%** |
| | 41-50 | **15.00%** |
| | 51-54 | **10.00%** |

**27. Financial instruments**

**27.1 Capital management**

The group manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders.

The capital structure of the group consists of equity of the group (comprising issued capital, reserves and retained earnings) and the group does not have any debt.

The group is not subject to any externally imposed capital requirements

The group's risk management committee reviews the capital structure on a periodic basis. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital.

Categories of financial assets and financial liabilities

The carrying value and fair value of financial instruments by categories as of 31 March 2023 are as follows

| Particulars | Amortised cost | Financial assets / liabilities at fair value through Profit or loss | Financial assets / liabilities at fair value through Other comprehensive Income | Total carrying value | Total fair value |
|---|---|---|---|---|---|
| **ASSETS** | | | | | |
| Cash and cash equivalents (Refer note 7) | 223.93 | - | - | 223.93 | 223.93 |
| Investments (Refer note 5)* | - | 261.10 | - | 261.10 | 261.10 |

| **Total** | **362.71** | **21.76** | **-** | **384.48** | **384.48** |

* On account of fair value changes including Interest accrued.

** Excludes interest accrued on tax free bonds, commercial papers and bonds.

All amounts are in ₹'million

## 27.2 Financial risk management objectives

The group is exposed primarily due to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

The group has a risk management policy which covers risk associated with the financial assets and liabilities

The risk managment policy is approved by the Management team of the group.

The focus of the risk managment is to assess the unpredictability of the financial enviornment and to mitigate potential adverse effects on the financial performance of the group.

### 1 Credit risk

**RISK**

Credit risk is the risk of financial loss arising from the counterparty failure to repay or service debt according to contractual terms or obligations.

Credit risk emcompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks.

**GROUP STRATEGY**

The group has adopted a policy of only dealing with creditworthy counterparties, as a means of mitigating the risk of financial loss from defaults.

The group's exposure are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

This information is supplied by independent rating agencies where available and, if not available, the group uses other publicly available financial information and its own trading records to rate its major customers.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalent, bank deposits and other financial assets.

**EXPOSURE**

**Credit exposure**

Credit risk on cash and cash equivalents, bank deposits is limited as the group generally invest in deposits with banks. Investments primarily include investments in bonds issued by the government and mutual funds units with high credit rating given by domestic credit rating agencies. There is no significant concentration of credit risk.

Trade receivables consist of a large number of customer, spread across geographical areas except for large customers who is a related party. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs.1258.13 million as at March 31, 2023.

Financial assets designated as at FVTPL

| **Particulars** | **As at March 31, 2023** |
|---|---|
| Carrying amount of financial assets designated as at FVTPL | **261.10** |
| Cumulative changes in fair value attributable to changes in credit risk | - |
| Changes in fair value attributable to changes in credit risk recognised during the year | - |

**Trade receivables**

The average credit period on sales is 60 - 90 days.The Company has not recognised any allowance for doubtful debts since all are considered good and realizable.

All amounts are in ₹'million

**Age of receivables that are past due but not impaired**

**Current Period (2022-23)**

| Particulars | Not Due | Outstanding for following periods from due date of payment | | | | | |
|---|---|---|---|---|---|---|---|
| | | Less than 6 months | 6 months -1 year | 1-2 years | 2-3 years | More than 3 year | Total |
| (i) Undisputed Trade receivables – considered good | 497.80 | 14.96 | - | - | - | - | 512.77 |
| Trade Receivable-Billed | 497.80 | 14.96 | - | - | - | - | 512.77 |
| Trade Receivable-Unbilled | 240.25 | | | | | | 240.25 |
| **Total** | | | | | | | **753.02** |

Note: For Unbilled Trade Receivables, refer Note 8

Movement in the allowance for doubtful debts

| Particulars | As at March 31, 2023 |
|---|---|
| Balance at beginning of the year | - |
| During the year | - |
| **Balance at end of the year** | - |

In determining the recoverability of a trade receivable, the Company considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period.

**2. MARKET RISK**

**RISK**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, liquidity and other market changes. The group's exposure to market risk is primarily on account of foreign currency exchange rate risk. The group enters into derivative financial instruments to manage its exposure to foreign currency risk.

**2(a) Foreign currency risk**

**RISK**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss, where any transaction references more than one currency or where assets / liabilities are dominated in a currency other than the functional currency of the group. The group as per its risk managment policy, uses derivative instruments primarilty to hedge foreign exchange. Any movement in the functional currency of the various operations of the group against major foreign currencies may impact the group's revenue in international business.

**GROUP STRATEGY**

The group evaluates the impact of the foreign exchange rate fluctuation by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

It is the policy of the group to enter into forward foreign exchange contracts to cover specific foreign currency payments and receipts within 90% to 100% of the exposure generated. The group also enters into forward foreign exchange contracts to manage the risk associated with anticipated sales and purchase transactions out to 30 months within 50% to 60% of the exposure generated. Basis adjustments are made to the carrying amounts of non-financial hedged items when the anticipated sale or purchase transaction takes place.

All amounts are in ₹'million

The following table details the forward contracts outstanding at the end of the reporting period:

| Outstanding Contracts | Average exchange rate | Foreign currency contracts | Fair value assets (liabilities) |
|---|---|---|---|
| | As at March 31, 2023 | As at March 31, 2023 | As at March 31, 2023 |
| **Fair value hedges** | | | |
| **Sell Currency USD** | | | |
| Less than 6 months | 82.69 | 11.81 | 11.81 |
| 6 to 12 months | 82.79 | 9.90 | 9.90 |
| 12 to 24 months | 84.47 | 6.56 | 6.56 |
| More than 24 months | - | - | 0.00 |

The group has entered into contracts to supply Information Technology Software Services in the markets of USA and Europe. The group has entered into forward foreign exchange contracts (for terms not exceeding 30 months) to hedge the exchange rate risk arising from these anticipated future transactions, which are designated at Fair Value through statement of profit and loss.

The group has entered into contracts for purchases from suppliers in markets of USA and Europe. The group has entered into forward foreign exchange contracts (for terms not exceeding 12 months) to hedge the exchange rate risk arising from these anticipated future purchases, which are designated into fair value statement of profit and loss.

At March 31, 2023, the aggregate amount of net gains/(loss) under forward foreign exchange contracts recognised in statement of profit and loss relating to the exposure on these anticipated future transactions is Rs. (5.79 million).

**EXPOSURE**

| Particulars | Liabilities | Assets |
|---|---|---|
| | As at March 31, 2023 | As at March 31, 2023 |
| Currency USD | **1.62** | **-** |
| Currency EUR | **-** | **-** |

**SENSITIVITY ANALYSIS**

The following table details the group's sensitivity to a 5% increase and decrease in the Rupees in millions against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. For a 5% weakening of the Rs., there would be a comparable impact on the profit or equity, and the balances below would be negative.

| Particulars | Currency USD Impact | Currency Euro Impact |
|---|---|---|
| | As at March 31, 2023 | As at March 31, 2023 |
| Profit or loss before tax | **(0.08)** | **-** |
| Equity net of tax | **(0.06)** | **-** |

All amounts are in ₹'million

## 2(b) Liquidity risk

### RISK

Liquidity risk is the risk that the group cannot meet its financial obligations.

### GROUP STRATEGY

The group consistently generated sufficient cash flow from operations to meet its financial obiligations as and when they fall due.

### EXPOSURE

The table provides the details of the contractual maturities of significant financial obligations.

**As at March 31, 2023**

| Particulars | Due in 1st year | Due in 2nd year | Due in 3rd year | Due after 3rd year |
|---|---|---|---|---|
| **Non derivative financial liabilities** | | | | |
| Trade and other payables | 239.06 | - | - | - |
| Other financial liabilities | 0.69 | - | - | - |
| Provisions | 4.90 | 5.02 | 5.02 | - |
| Other Current Liabilities | 24.28 | - | - | - |
| Lease Liability | 37.54 | 22.66 | - | - |
| **Total** | **306.48** | **27.68** | **5.02** | **-** |
| Derivative financial liabilities | | | | |
| Forward Contract Payables | 16.94 | 4.80 | - | - |
| **Total** | **16.94** | **4.80** | **-** | **-** |

### SENSITIVITY ANALYSIS

### NON DERIVATIVE FINANCIAL INSTRUMENTS

The following tables detail the group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the group can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the group may be required to pay.

| Particulars | As at March 31, 2023 | | | |
|---|---|---|---|---|
| | Non-interest bearing | Variable interest rate instruments | Fixed interest rate instruments | Financial guarantee contracts |
| Less than 1 year | 268.94 | - | 37.54 | - |
| Greater than 1 year | 10.04 | - | 22.66 | - |
| **Total** | **278.98** | **-** | **60.20** | **-** |

**SENSITIVITY ANALYSIS**

**NON DERIVATIVE FINANCIAL INSTRUMENTS**

The following table details the group’s liquidity analysis for its non derivative financial instruments. The table has been drawn up based on the undiscounted contractual net cash inflows and outflows on non derivative instruments that settle on a net basis, and the undiscounted gross inflows and outflows on those non derivatives that require gross settlement.

| Particulars | As at March 31, 2023 | |
|---|---|---|
| | Net settled foreign exchange forward contracts | Gross settled foreign exchange forward contracts |
| Less than 1 month | 5.69 | 5.69 |
| 1-3 months | 2.46 | 2.46 |
| 3 months to 1 year | 19.23 | 19.23 |
| 1-5 years | 9.71 | 9.71 |
| 5+ years | - | - |

**2 (c) Interest rate risk**

**RISK**

Interest rate risk arises on interest bearing financial instruments recognised in the balance sheet.

**GROUP STRATEGY**

The risk is managed by the group by maintaining an appropriate mix between fixed and floating rate.

**SENSITIVITY ANALYSIS**

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the group’s:

i) profit for the year ended March 31, 2023 would increase/decrease by Rs.0.07 million. This is mainly attributable to the company’s exposure to interest rates on its investments .

**2(d) Counter party risk**

**RISK**

Counterparty risk encompasses issuer risk on marketable securities, settlement risk on derivative and credit risk on cash and time deposits

**GROUP STRATEGY**

The group minimised the counter party risk by only buying securities which are alteast Class I and II rated in India based on Indian rating agencies.

Settlement risk is reduced by the policy of entering into transactions with counterparties that are usually banks or financial institutions with acceptable credit rating.

Exposure to these risks are closely monitored and maintained within predetermined parameters.

There are limits on credit exposure to any financial institution. The limits are regularly assessed and determined based upon credit analysis including financial statements and capital adequacy ratio reviews.

All amounts are in ₹'million

**Fair value hierarchy**

The fair value of cash and cash equivalents, trade receivables, unbilled revenue, trade payables, other current financial assets and liabilities approximate their carrying amount largely due to the nature of these instruments. Investments in liquid and short term mutual fund which are classified as FVTPL are measured using net asset, values at the reporting date multiplied by the quantity held. Fair value of derivative financial instrument is based on observable market inputs.

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

Fair value heirarchy of assets and liabilities measured at fair value as of 31 March 2023 is as follows:

| Particulars | As at March 31, 2023 | Fair value measurement at end of the reporting period | | |
|---|---|---|---|---|
| | | Level 1 | Level 2 | Level 3 |
| **ASSETS** | | | | |
| Investments in mutual fund | 261.10 | 261.10 | - | - |
| **LIABILITIES** | | | | |
| Foreign currency forward contract | 21.76 | - | 21.76 | - |
| Others | 123.65 | - | 123.65 | - |

**28. Operating lease arrangements**

**28.1 The Group as lessee**

**28.1.1 Leasing arrangements**

Operating leases relate to leases of Office premises with lease terms of less than 1 year for FY 2022-23 (Previous year between 1 and 5 years). The Group does not have an option to purchase the leased assets at the expiry of the lease periods.

**28.1.2 Payments recognised as an expense**

| Particulars | As at March 31, 2023 |
|---|---|
| Minimum lease payments | **3.33** |
| **Total** | **3.33** |

**29. Commitments and Contingencies**

**29.1 Contingent liabilities**

Estimated amount of contracts remaining to be executed on account of forward contract amounted to US $ 28.27 Million - Rs.2340.59 million.

**29.2 - Capital Commitments**

Nil

**32.3 Segment Reporting - Notes**

Ind AS 108 establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. Based on the 'management approach' as defined in Ind AS 108, the chief Operating Decision Maker (CODM) evaluates the group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. The accounting principles used in the prepartion of the financial statements are consistently applied to record revenue and expenditure in individual segments.

Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment.Certain expenses such as depreciation,which form a significant component of total expenses, are not specially allocable to specific segments as the underlying assets are used interchangeably.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Property, plant and Equipment that are used interchangably among segments are not allocated to reportable segments.

**33. ADDITIONAL DISCLOSURES:**

» The Code on Social Security, 2020 ('Code') relating to employee benefits received the Presidential assent in September 2020. The effective date from which the changes are applicable is yet to be notified. The Company will evaluate and will give appropriate impact in the financial statements in the period in which the Code becomes effective and the related rules are published.

» The Company has not advanced or loaned or invested funds to any other person(s) or entity(is), including foreign entities (Intermediaries) with the understanding that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

» The Company does not have any transaction which is not recorded in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.

» The Company has complied with the number of layers for its holding in downstream companies prescribed under clause (87) of section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.

» The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

» The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

# SEE NOTES TO THE FINANCIAL STATEMENTS, WHICH FORM AN INTEGRAL PART OF THESE FINANCIAL STATEMENTS.

## 1. GENERAL INFORMATION

PT Tech Mahindra Indonesia (the "Company") was established in the Republic of Indonesia in 2006. The Company commenced its commercial operations on May 1, 2006. The Company's head office is located in Ariobimo Sentral Building at Jalan H.R. Rasuna Said Setiabudi, Jakarta Selatan.

The Company is currently engaged in providing Billing and Customer Care System Managed Services.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

### a. Statement of compliance

The financial statements have been prepared in accordance with Indonesian Financial Accounting Standards.

### b. Basis of preparation

The financial statements have been prepared on the accrual basis using the historical cost concept, except where the accounting standards require fair value measurement.

### c. Functional and presentation currency

The Company's functional currency is Indonesian Rupiah. The financial statements are presented in United States Dollar ("US Dollar/USD").

In preparing the financial statements of the Company, transactions in currencies other than its functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. The resulting gains or losses are credited or charged to profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognized in profit or loss in the period in which they arise.

### d. Cash equivalents

Short-term time deposits with original maturities of three months or less are considered as cash equivalents.

### e. Financial instruments

#### (i) Financial assets

On initial recognition, a financial asset is classified as measured at amortized cost; fair value through other comprehensive income ("FVOCI") – debt investment; FVOCI – equity investment; or, fair value through profit or loss ("FVTPL").

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

The financial assets that are measured at amortized cost consist of cash and account receivables. These financial assets are initially recognized at fair value plus directly attributable transaction costs, and subsequently are measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Gains or losses on derecognition of these financial assets are recognized in profit or loss.

**(ii) Financial Liabilities**

Financial liabilities are classified as either measured-at-amortized cost, or at FVTPL. FVTPL financial liability is measured as such if it is classified as held-for-trading, if it is a derivative, or if it is designated as measured-at-FVTPL on initial recognition.

Bank overdraft and account payables are initially recognized at fair value plus transaction costs and subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Gains or losses on derecognition are also recognized in profit or loss.

**(iii) Derecognition**

**Financial assets**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred: i.e. when control over the financial asset is relinquished.

In transactions where a financial assets is transferred but the risks and rewards associated with ownership are somehow retained the transferred asset is not derecognized.

**Financial liabilities**

The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled, or otherwise extinguished. The Company also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability, based on the modified terms, is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

**(iv) Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

**(v) Impairment**

The Company recognizes loss allowances for expected credit loss (“ECL”) on financial assets measured at amortized cost.

**Measurement of ECLs**

ECLs are a probability-weighted estimates of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

**Presentation of allowance for ECL in the statement of financial position**

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The Company measures loss allowances at an amount that reflects the lifetime ECL, except for cash in bank for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, wherein the loss allowances are determined based on the 12-month ECL.

Loss allowances for trade and other receivables, and for contract assets that are measured at amortized cost, are measured at an amount that represents the lifetime ECL.

**f. Leases**

At inception of a contract, the Company determines if a contract is, or contains, a lease by considering whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration.

**Company as a lessee**

A contract conveys the right to control the use of an identified asset if all of the following conditions are meet:

- the contract involves the use of substantially all of the capacity of an identified asset that is physically distinct (as specified explicitly or implicitly in the contract). If the supplier has a substantive substitution right, then the asset cannot be considered as identifiable;

- the Company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use; and

- the Company has the right to direct the use of the asset: i.e. it has decision-making rights that are most relevant to changing how and for what purpose the asset is used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of fixed assets. In addition, the right-of-use asset is periodically reduced by impairment losses if any and adjusted for certain remeasurements (as described below) of the lease liability.

**Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognizes lease payments received under operating leases as income on a straight- line basis over the lease term. In case of a finance lease, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease. If an arrangement contains lease and non-lease components, the Company applies PSAK 72, Revenue from Customer Contracts, to allocate the consideration in the contract.

**g. Revenue recognition**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items.

Revenue from time and material contracts is recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as contract assets.

Revenue from fixed price maintenance contracts is recognized based on the right to invoice for services performed for contracts in which the invoicing is representative of the value being delivered. If invoicing is not consistent with value delivered, revenue is recognized as the services are performed. When services are performed through an indefinite number of repetitive acts over a specified period, revenue is recognized on a straight-line basis over the specified period unless some other method better represents the manner in which services are performed.

Revenue on fixed price development contracts is recognized using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the standalone statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Company may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognized gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognized when there is excess of revenue earned over billings on contracts.

**Contract liability ("unearned revenue") arises when there are billing in excess of revenue.**

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Company has applied the guidance in PSAK 72 by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Company is unable to determine the standalone selling price, the Company uses the expected cost-plus margin approach in estimating the standalone selling price. Fixed price development contracts and related services, the performance obligation is satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a 'right to use' the licenses is recognised at the time the license is made available to the customer. Revenue from licenses where the customer obtains a 'right to access' is recognized over the access period. The Company has applied the principles of PSAK 72 to account for revenues for these performance obligations.

**h. Income tax**

Income tax expense comprises current and deferred corporate income tax. Current tax and deferred tax are recognized in profit or loss except to the extent that they relate to items recognized directly in equity or in other comprehensive income.

Current tax expense is the amount of tax paid, or payable on taxable income or loss for the year, using tax rates substantively enacted as of the reporting date. Current tax also includes true-up adjustments made to the previous years' tax provisions either to reconcile them with the income tax reported in annual tax returns, or to account for differences arising from tax assessments. Current tax expense is measured using the best estimate of the amount expected to be paid or received, taking into consideration the uncertainty associated with the complexity of tax regulations.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted as of the reporting date. This accounting policy also requires the recognition of tax benefits, such as tax loss carry forwards, which are originated in the current period that are expected to be realized in the future periods, to the extent that realization of such benefits is probable.

Deferred tax assets represent the net remaining balance of deferred tax benefits that have been originated and utilized through the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of their realization through future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profit will be available against which they can be used.

## 3. USE OF JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Critical Judgments in Applying Accounting Policies

In the process of applying the accounting policies described in Note 3, management has not made any critical judgment that has significant impact on the amounts recognized in the financial statements, apart from those involving estimates.

## 4. CASH AND CASH EQUIVALENTS

| | 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Cash in bank | **1,294,926** | 847,021 |
| Short-term time deposits | **14,526,533** | 10,520,174 |
| | **15,821,459** | 11,367,195 |

## 5. ACCOUNT RECEIVABLES

| | 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Account receivables arising from revenue generating activities are from: | **13,381,060** | 9,988,280 |
| Non-related parties | **-** | 19,476 |
| Related parties | **13,381,060** | 10,007,756 |
| | **(7,552,847)** | (7,573,963) |
| Allowance for impairment losses | **5,828,213** | 2,433,793 |

## 6. CLAIMS FOR TAX REFUND

| | 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| March 2017 corporate income tax (“CIT”) | **-** | 739,524 |
| March 2018 CIT | **251,316** | - |
| March 2019 CIT | **383,361** | 383,361 |
| Other tax articles | **934,852** | 934,852 |
| | **1,569,529** | 2,057,737 |

On March 2017 CIT, in August 2018 the Company was deemed by the tax office an underpayment of IDR 7,707 million (equivalent to USD 389,270) instead of overpayment of USD 350,254. The Company disagreed with the assessment and in February 2020, has filed an appeal letter. In August 2022, the Company received refund amounted to IDR 11,669 million ((equivalent to USD 793,507).

On March 2018 CIT, in January 2023 the company was deemed by the tax officer an underpayment of USD 251,316.07. The Company disagreed with the assessment and in March 2023, has filed an objection letter. The hearing in ongoing.

On March 2019 CIT, in August 2020 the Company was deemed by the tax office an overpayment of USD 179,223 instead of overpayment of USD 718,790. The Company compensated USD 158,812 to tax payable and write off the remaining USD 20,511 as expense. In December 2020, the Company filed an objection for the remaining unclaimed overpayment amounted to USD 539,467. In December 2021, the Company received refund amounted to USD 156,106 and filed an appeal letter for the remaining unclaimed overpayment amounted to USD 383,361. The hearing is ongoing.

## 7. ACCOUNT PAYABLES

| In US Dollar | 31 March 2023 | 2022 |
|---|---|---|
| Payables arising from purchase of hardware, software and project related services are to: | | |
| Non-related parties | **1,809,989** | 2,986,641 |
| Related parties | **1,450,120** | 1,492,116 |
| Sub-contracting and other expenses | **198,743** | 3,860,458 |
| | **3,458,852** | 8,339,215 |

## 8. SHARE CAPITAL

The Company's authorized, issued and paid-up share capital amounted to USD 500,000 (500,000 shares at nominal value of USD 1 per share). Based on Notarial Deed of Jessy Darmawan, S.H., M.Kn., No. 02 dated 7 September 2021, the Company's shareholding as of 31 March 2023 was as follows:

| Shareholders | Number of shares | % | Nominal value |
|---|---|---|---|
| Tech Mahindra Limited, India | 499,000 | 99.80 | 499,000 |
| Mr. Raji Reddy Suluguri | 1,000 | 0.20 | 1,000 |
| | **500,000** | **100.00** | **500,000** |

The Company's shareholding as of 31 March 2022 was as follows:

| Shareholders | Number of shares | % | Nominal value |
|---|---|---|---|
| Tech Mahindra Limited, India | 499,000 | 99.80 | 499,000 |
| Mr. Raji Reddy Suluguri | 1,000 | 0.20 | 1,000 |
| | **500,000** | **100.00** | **500,000** |

## 9. REVENUE

| In US Dollar | Year ended 31 March 2023 | 2022 |
|---|---|---|
| Fixed-price development | **5,249,877** | 174,169 |
| Time and material | **5,104,452** | 10,513,680 |
| Fixed-price maintenance | **27,601,794** | 24,475,409 |
| | **37,956,123** | 35,163,258 |

| In US Dollar | Year ended 31 March 2023 | 2022 |
|---|---|---|
| Major products/service | | |
| Rendering of services transferred over time | **34,268,297** | 27,571,594 |
| Sale of hardware/software transferred at a point in time | **3,687,826** | 7,591,664 |
| | **37,956,123** | 35,163,258 |

`The contract assets primarily relate to the Company's right for consideration for work completed but not billed at the reporting date for its service. The following table provide information about contract assets from contracts with customers:

| | Year ended 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Beginning balance | **7,930,303** | 6,802,758 |
| Recognized as revenue | **5,083,881** | 7,930,303 |
| Transferred to receivables | **(7,930,303)** | (6,802,758) |
| Ending balance | **5,083,881** | 7,930,303) |

The contract liabilities primarily relate to the advance consideration received from customers for periodic maintenance service package, for which revenue is recognized over time. This will be recognized as revenue upon performance of the services. The movement in contract liabilities are as follows:

| | Year ended 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Beginning balance | **145,466** | 529,863 |
| Addition during the year | **473,517** | 145,466 |
| Recognized as revenue during the year | **(145,466)** | (529,863) |
| Ending balance | **473,517** | 145,466 |

## 10. COST OF REVENUE

This account represents the costs incurred in developing the billing and customer care system, which consist of hardware, software and services.

## 11. OPERATING EXPENSES

| | Year ended 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Employees' salaries and compensations | **9,214,917** | 7,285,178 |
| Professional fees | **535,348** | 673,688 |
| Telecommunication | **939,767** | 641,657 |
| Recruitment | **112,057** | 172,417 |
| Travel | **209,931** | 116,213 |
| Depreciation | **63,914** | 96,937 |
| General office expenses | **101,216** | 54,748 |
| Bank charges | **22,947** | 37,507 |
| Entertainment expense | **96,404** | 35,542 |
| Insurance | **5,792** | 1,807 |
| Conveyance | **1,772** | 1,460 |
| Printing and stationery | **1,438** | (158) |
| Tax penalties | **1,328,178** | (36,648) |
| Rent | **16,604** | - |
| Repairs & Maintenance | **5,342** | - |
| Other | **15,396** | 457,533 |
| | **12,671,023** | 9,537,881 |

## 12. INCOME TAX

| In US Dollar | Year ended 31 March 2023 | 2022 |
|---|---|---|
| Current tax expense: | | |
| Current year | **2,427,910** | 2,281,225 |
| Adjustments to prior years' tax expense | **-** | 139,104 |
| Deferred tax ( benefit) / Exp | **-** | (201,198) |
| | **2,427,910** | 2,219,131 |

| In US Dollar | Year ended 31 March 2023 | 2022 |
|---|---|---|
| Profit before tax | **8,675,377** | 9,372,979 |
| Statutory tax rate | **22%** | 22% |
| | **1,908,583** | 2,062,055 |
| Non-deductible expenses | **519,327** | 177,325 |
| Effect changes tax rate | **-** | (159,353) |
| Adjustments to prior years' tax expense | **-** | 139,104 |
| Income tax expense | **2,427,910** | 2,219,131 |

Recognized deferred tax balances, and the movement thereof during the year comprised of the following:

| In US Dollar | 31 March 2021 | Recognized in profit or loss | Recognized in other comprehensive income | 31 March 2022 | Recognized in profit or loss | Recognized in other comprehensive income | 31 March 2023 |
|---|---|---|---|---|---|---|---|
| Employment benefits obligation | 131,391 | (28,012) | (18,640) | 84,739 | 3,981 | - | 88,720 |
| Fixed assets | (1,383) | 18,239 | - | 16,856 | (8,086) | - | (8,770) |
| Provision for impairment loss on financial assets | 1,463,517 | 210,971 | - | 1,674,488 | (4,645) | - | 1,669,843 |
| | **1,593,525** | **201,198** | **(18,640)** | **1,776,083** | **(8,750)** | **-** | **1,767,333** |

Under the taxation laws of Indonesia, the Company submits tax returns on the basis of self-assessment. The tax authorities may assess or amend taxes within the statute of limitations, under prevailing regulations.

The Company's tax positions may be challenged by the tax authorities. The Company's tax positions are formed on sound technical basis, in compliance with the tax regulations. Accordingly, management has assessed that the outstanding refundable taxes can be recovered, and the accruals for potential income tax liabilities is not necessary. This assessment relies on estimates and assumptions and may involve judgment about future events. New information may become available that causes management to change its judgment. Such changes will impact tax expense in the period in which such determination is made.

Pursuant to Law No. 2/2020 the corporate income tax rate is reduced from the previous statutory rate of 25% to 22% for fiscal year 2020 and 2021, and to 20% for 2022 onwards. In October 2021, Law No. 7/2021 amended the provision of Law No. 2/2020, in that the statutory tax rate of 22% applies for fiscal year 2022 and onwards.

## 13. LEASE RECEIVABLES

The Company has given hardware and software on finance lease. The transaction pertains to purchase of assets from its customer, Prudential, and lease back with lease amount fair valued at IDR 100,123 million (equivalent to USD 6,895,564). The lease period is 7 years from February 2020 to January 2027 and is discounted using an interest rate of 6%. As per the arrangement, on termination event or on closure of contract, Prudential will buy the acquired assets at the unamortized value at the time of such event. There is no collateral pledged in this transaction. The lease receivables as at reporting dates are as follows:

| | 31 March | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Minimum lease receivables | | |
| - Less than one year | **780,377** | 996,517 |
| - One to five years | **2,398,056** | 3,150,596 |
| Present value of minimum lease receivables | | |
| - Less than one year | **3,178,433** | 4,147,113 |
| - One to five years | **624,182** | 845,954 |
| | **1,768,546** | 2,811,868 |
| | **2,392,728** | 3,657,822 |

## 14. RELATED PARTY INFORMATION

Nature of Relationship

a. Tech Mahindra Limited, India, is the majority stockholder and the ultimate controlling party of the Company.

b. Comviva Technologies Limited, India, is an entity under common control of the ultimate controlling party.

c. Tech Mahindra ICT Services (Malaysia) SDN. BHD., is an entity under common control of the ultimate controlling party.

d. Key management personnel

- Mr. Pranab Choudhary is Director and the Country Head of the Company
- Mr. Manish Goenka is Director and Regional Head of the Company
- Mr. Puneet Kumar Chadha is Director and the Head of Operations of the Company

**Transactions with Related Parties**

The Company has related party transactions with its controlling entity and other entities which are controlled directly or indirectly by the Tech Mahindra Group or over which they exercise significant influence.

**a. Account receivables and advances:**

c. Total remuneration incurred by the Company for its key management personnel during the years ended 31 March 2023 and 2022 are USD 466,290 and USD 356,082, respectively.

## 15. SIGNIFICANT AGREEMENT

In 2014, the Company entered into an agreement with PT Hutchison CP Telecommunication (HCPT). The Company, as the Contractor, agreed to provide Billing and Customer Care System (System) Management Services to HCPT. Under the agreement, the Contractor shall supply a complete turnkey delivery of the System, which includes, but not limited to, HCPT Customer Care, order management, provisioning, mediation, product management/catalogue, resource management, billing and invoicing, payment and collection, interconnect accounting, dealer and partner management, fraud management, reporting, revenue sharing and settlement, rating engine, tariff management, account and balance management and voucher management system. The System shall include hardware, software and services. This agreement shall take effect from the effective date on 1 July 2014 and shall expire on the third (3rd) anniversary of the Effective Date (the Initial Term), if not automatically renewed. HCPT may terminate this agreement (in whole or part) at the end of the Initial Term without any cause by giving the Contractor written notice (the Initial Termination Notice) of at least six (6) months prior to the end of the Initial Term. This agreement has been extended until 30 June 2023.

## 16. FINANCE INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

### Financial instruments

Except for lease receivables, the Company's financial assets and liabilities are expected to be realized or settled in the near term. Therefore, their carrying amounts approximate their fair values. For the fair values of lease receivables, please refer to note 13, present value of minimum receivables.

### Financial risk management

The main risk arising from the Company's financial instruments are market risk, credit risk and liquidity risk.

**i. Market risk management**

The Company's market risk is limited to the financial risk of changes in foreign currency rates. Mainly transaction in foreign currency rate was settled in short-term, except for non-trade transaction with related parties. Based on these, management considers that the Company's exposure to market risk is minimal.

**ii. Credit risk**

Credit risk is the risk of financial loss in the event that a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company's credit risk principally arises from trade receivables from customers.

The carrying amounts of financial assets represent the maximum credit exposure.

Trade receivables and contract assets

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

The Company minimizes its exposure to credit risk of trade receivables and contract assets by assessing and monitoring the credit worthiness of customers. The exposure is also further limited by mandating payment terms of no longer than 60 days.

The Company's most significant customer an Indonesian telecommunications service provider, accounts for USD 2.01 million of the trade receivables and contract assets carrying amount at 31 March 2023 (31 March 2022: USD 2.50 million).

An analysis of the credit quality of trade receivables and contract assets is summarized below:

| | **31 March** | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Not past due | **10,063,850** | 9,474,933 |
| Less than 90 days past due | **819,110** | 829,990 |
| 91 days to 1 year past due | **29,134** | 58,798 |
| 1 year and above past due | **-** | 375 |
| | **10,912,094** | 10,364,096 |

The following table provides information about the exposure to credit risk and ECLs for trade receivables and contract assets as reporting dates:

| In US Dollar | | **31 March 2023** | |
|---|---|---|---|
| | **Weighted average loss rate** | **Gross carrying amount** | **Loss allowance** |
| Not past due | 1% | 10,063,850 | (100,638) |
| Less than 90 days past due | 15% | 819,110 | (121,884) |
| 91 days to 1 year past due | 41% | 180,803 | (74,129) |
| 1 year and above past due | 98% | 7,401,179 | (7,256,196) |
| | | **18,464,941** | **(7,552,847)** |

| In US Dollar | 31 March 2022 | | |
|---|---|---|---|
| | **Weighted average loss rate** | **Gross carrying amount** | **Loss allowance** |
| Not past due | 1% | 9,474,933 | (94,749) |
| Less than 90 days past due | 4% | 829,990 | (33,200) |
| 91 days to 1 year past due | 39% | 58,798 | (23,166) |
| 1 year and above past due | 98% | 7,574,338 | (7,422,848) |
| | | **17,938,059** | **(7,573,963)** |

The movement in the allowance for impairment in respect of trade receivables and contract assets during the year was as follows:

| | **31 March** | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| Balance at 1 April | **7,573,963** | 7,493,368 |
| Amounts written off | **-** | (231,273) |
| Net remeasurement of loss allowance | **21,116** | 311,868 |
| Balance at 31 March | **7,552,847** | 7,573,963 |

**Cash in banks**

The Company's cash in banks are deposited at reputable banks that are subject to tight regulations, therefore, the exposure to loss is minimized.

**iii. Liquidity risk management**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company manages liquidity risk by maintaining adequate reserves, monitoring forecast and actual cash flows, and matching the maturity profiles of financial assets and liabilities.

The following are the contractual maturities of financial liabilities:

| | **31 March** | |
|---|---|---|
| In US Dollar | **2023** | 2022 |
| 31 March 2023 | | |
| Account payables | **3,458,852** | 3,458,852 |
| 31 March 2022 | | |
| Account payables | **8,339,215** | 8,339,215 |

**Capital risk management**

The Company manages capital risk to ensure that it will be able to continue as going concern, in addition to maximizing the profits of the shareholders through the optimization of the balance of debt and equity.

Management periodically reviews the Company's capital structure. As part of this review, management considers the cost of capital and related risk.

The Companies and Allied Matters Act 2020 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of financial affairs of the company at the end of each financial year and its profit or loss. The responsibilities include ensuring that the company:

- Keeps proper accounting records that disclose with accuracy, the financial position of the company and comply with the requirement of the Companies and Allied Matters Act;

- Establishes adequate internal controls to safeguard its assets and to prevent and detect fraud and other irregularities; and

- Prepares its financial statements using suitable accounting policies supported by reasonable and prudent judgements and estimates that are consistently applied.

The Directors accept responsibility for the interim financial statements which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates in conformity with the International Financial Reporting Standards (IFRS) and the Companies and Allied Matters Act 2020.

The Directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the company and of its profit or loss. The Directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements as well as adequate systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the company will not remain a going concern for at least twelve months from the date of this statement.

**Chief (Mrs.) Faidat Oreagba**
Director

**Mr. Ayan Chatterjee**
Director

In line with the provision of Section 405 of the Companies and Allied Matters Act 2020, we have reviewed the audited financial statements of the company for the year ended 31 March 2023 and based on our knowledge confirm as follows:

- The audited financial statements do not contain any untrue statement of material fact or omit to state a material fact, which would make the statements misleading;

- The audited financial statements and all other financial information included in the statements fairly present, in all material respects, the financial condition and results of operation of the company as of and for the year ended 31 March 2023;

- The company's internal controls have been designed to ensure that all material information relating to the company is received and provided to the auditors in the course of the audit;

- The company's internal controls are effective and have remained so within the period of 90 days prior to the date of the audited financial statements;

- That we have disclosed to the company's auditors the following information:

a) there are no significant deficiencies in the design or operation of the company's internal controls which could adversely affect the company's ability to record, process, summarise and report financial data, and have discussed with company's auditors any weaknesses in internal controls observed in the course of the audit,

b) there is no fraud involving management or other employees who have a significant role in the company's internal control.

- There are no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of this audit, including any corrective actions with regard to any observed deficiencies and material weaknesses.

Date this 29 day of June 2023

# INDEPENDENT AUDITOR'S REPORT

**To the Shareholders of Tech Mahindra Nigeria Limited**

**Report on the Audit of the Financial Statements Opinion**

We have audited the financial statements of Tech Mahindra Nigeria Limited (the Company), which comprise the statement of financial position as at 31 March 2023, and the statement of profit or loss, statement of changes in equity and statement of cash flows for the year then ended and notes to the financial policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2023, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Financial Reporting Council of Nigeria Act No. 6, 2011 and the provision of the Companies and Allied Matters Act, 2020.

**Basis for Opinion** We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to 8 influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
